Hip Hop Declaration Of Peace

The HipHop Declaration of Peace was presented to the United Nations Organization on May 16th 2001. It was signatured by various organizations such as: Temple Of Hip Hop, Ribbons International, UNESCO and also by 300 Hip-Hop activists, pioneers and UN delegates.

In the first place this document recognises Hip-Hop as an international culture of peace and prosperity. It is also a set of principles which advise all Hip-Hoppers on how to sustain the peaceful character of Hip Hop Kulture and to form worldwide peace.

Additionally this declaration is meant to show Hip-Hop as a positive phenomenon which has nothing in common with the negative image of Hip Hop as something that corrupts young people and encourages them to break the law. KRS One, Pop Master Fabel, Afrika Bambaataa, Ralph Mc Daniels and HarryAllen were some of the people who had their share in creating the declaration.

The Hip Hop Declaration Of Peace

This Hiphop Declaration of Peace guides Hiphop Kulture toward freedom from violence, and establishes advice and protection for the existence and development of the international Hiphop community. Through the principles of this Hiphop Declaration of Peace we, Hiphop Kulture, establish a foundation of Health, Love, Awareness, Wealth, peace and prosperity for ourselves, our children and their children's children, forever.
For the clarification of Hiphop's meaning and purpose, or when the intention of Hiphop is questioned, or when disputes between parties arise concerning Hiphop; Hiphoppas shall have access to the advice of this document, The Hiphop Declaration of Peace, as guidance, advice and protection.

First Principle

Hiphop (Hip'Hop) is a term that describes our independent collective consciousness. Ever growing, it is commonly expressed through such elements as Breakin, Emceein, Graffiti Art, Deejayin, Beatboxin, Street Fashion, Street Language, Street Knowledge and Street Entrepreneurialism. Wherever and whenever these and future elements and expressions of Hiphop Kulture manifest; this Hiphop Declaration of Peace shall advise the use and interpretation of such elements, expressions and lifestyle.

Second Principle

Hiphop Kulture respects the dignity and sanctity of life without discrimination or prejudice. Hiphoppas shall thoroughly consider the protection and the development of life, over and before the individual decision to destroy or seek to alter its natural development.

Third Principle

Hiphop Kulture respects the Laws and agreements of its culture, its country, its institutions and whomever it does business with. Hiphop does not irresponsibly break Laws and commitments.

Fourth Principle

Hiphop is a term that describes our independent collective consciousness. As a conscious way of life, we acknowledge our influence on society, especially on children; and we shall forever keep the rights and welfare of both in mind. Hiphop Kulture encourages womanhood, manhood, sisterhood, brotherhood, childhood and family. We are conscious not to bring any intentional disrespect that jeopardizes the dignity and reputation of our children, elders and ancestors.

Fifth Principle

The ability to define, defend and educate ourselves is encouraged, developed, preserved, protected and promoted as a means toward peace and prosperity, and toward the protection and the development of our self-worth. Through knowledge of purpose and the development of our natural and learned skills, Hiphoppas are encouraged to always present their best work and ideas.

Sixth Principle

Hiphop Kulture honors no relationship, person, event, act or otherwise wherein the preservation and further development of Hiphop's culture, principles and elements are not considered or respected. Hiphop Kulture does not participate in activities that clearly destroy or alter its ability to productively and peacefully exist. Hiphoppas are encouraged to initiate and participate in fair trade and honesty in all negotiations and transactions.

Seventh Principle

The essence of Hiphop is beyond entertainment: The elements of Hiphop Kulture may be traded for money, honor, power, respect, food, shelter, information and other resources; however, Hiphop and its culture cannot be bought, nor is it for sale. It cannot be transferred or exchanged by or to anyone for any compensation at any time or at any place. Hiphop is the priceless principle of our self-empowerment. Hiphop is not a product.

Eighth Principle

Companies, corporations, non and not-for-profit organizations, as well as individuals and groups that are clearly benefiting from the use, interpretation and/or exploitation of the term Hiphop, (i.e. Hip Hop, hip-hop,) and the expressions and terminologies of Hiphop, (i.e. Hip Hop, hip-hop,) are encouraged to commission and/or employ a full-time or part-time certified Hiphop cultural specialist to interpret and answer sensitive cultural questions regarding the principles and proper presentations of Hiphop's elements and culture; relative to businesses, individuals, organizations, communities, cities, as well as other countries.

Ninth Principle

May 3rd is Rap Music Day. Hiphoppas are encouraged to dedicate their time and talent to self-development and for service to their communities. Every third week in May is Hiphop Appreciation Week. During this time, Hiphoppas are encouraged to honor their ancestors, reflect upon their cultural contributions and appreciate the elements and principles of Hiphop Kulture. November is Hiphop History Month. During this time Hiphoppas are encouraged to participate in the creating, learning and honoring of Hiphop's history and historical cultural contributors.

Tenth Principle

Hiphoppas are encouraged to build meaningful and lasting relationships that rest upon Love, trust, equality and respect. Hiphoppas are encouraged not to cheat, abuse, or deceive their friends.

Eleventh Principle

The Hiphop community exists as an international culture of consciousness that provides all races, tribes, religions and styles of people a foundation for the communication of their best ideas and works. Hiphop Kulture is united as one multi-skilled, multi-cultural, multi-faith, multi-racial people committed to the establishment and the development of peace.

Twelfth Principle

Hiphop Kulture does not intentionally or voluntarily participate in any form of hate, deceit, prejudice or theft at any time. At no time shall Hiphop Kulture engage in any violent war within itself. Those who intentionally violate the principles of this Declaration of Peace or intentionally reject its advice, forfeit by their own actions the protections set forth herein.

Thirteenth Principle

Hiphop Kulture rejects the immature impulse for unwarranted acts of violence and always seeks diplomatic, non-violent strategies in the settlement of all disputes. Hiphoppas are encouraged to consider forgiveness and understanding before any act of retaliation. War is reserved as a final solution when there is evidence that all other means of diplomatic negotiation have failed repeatedly.

Fourteenth Principle

Hiphoppas are encouraged to eliminate poverty, speak out against injustice and shape a more caring society and a more peaceful world. Hiphop Kulture supports a dialogue and action that heals divisions in society, addresses the legitimate concerns of humankind and advances the cause of peace.

Fifteenth Principle

Hiphoppas respect and learn from the ways of Nature, regardless of where we are on this planet. Hiphop Kulture holds sacred our duty to contribute to our own survival as independent, free-thinking beings in and throughout the Universe. This planet, commonly known as Earth is our nurturing parent and Hiphoppas are encouraged to respect Nature and all creations and inhabitants of Nature.

Sixteenth Principle

Hiphop's pioneers, legends, teachas, elders, and ancestors shall not be inaccurately quoted, misrepresented, or disrespected at anytime. No one should profess to be a Hiphop pioneer or legend unless they can prove with facts and/or witnesses their credibility and contributions to Hiphop Kulture.

Seventeenth Principle

Hiphoppas are encouraged to share resources. Hiphoppas should give as freely and as often as possible. It is the duty of every Hiphoppa to assist, whenever possible, in the relief of human suffering and in the correction of injustice. Hiphop is shown the highest respect when Hiphoppas respect each other. Hiphop Kulture is preserved, nurtured and developed when Hiphoppas preserve, nurture and develop one another.

Eighteenth Principle

Hiphop Kulture maintains a healthy, caring and wealthy, central Hiphop guild fully aware and invested with the power to promote, teach, interpret, modify and defend the principles of this Hiphop Declaration of Peace.

The 9 Elements

These Nine Elements are the beginning of Independence and Self-Governance for Hiphoppas. We are financed by our cultural Elements, these are our intellectual properties. If we are to become and remain politically and socially strong we cannot continue to give our intellectual property (our Elements) away to those who care little for our continued development and well-being as a people.

A Hip Hop Element is one of Hip Hop's cultural expressions. It is a material good. It is our intellectual property. It is our capital. It is an act, art, or idea that further expresses Hip Hop's culture and consciousness. It is a skill that reflects the character of the Hiphop consciousness and enhances the Health, Love, Awareness, and Wealth of the truly committed Hiphoppa.

Presently Hiphop's elements are symbolized as B.E.G.D.B.F.L.K.E.

1. Breakin
2. Emceein
3. Graffiti Art
4. Deejayin
5. Beat Boxin
6. Street Fashion
7. Street Language
8. Street Knowledge
9. Street Entrepreneurialism

Hiphop's or Hip Hop's Elements are the sources of Hiphop Kulture's political power. They are also the sources of a Hiphoppa's liveliehood. They are how the Hiphoppa provides for and protects her Self and her family. True Hiphoppas are specialized in at least one or more of Hiphop's Nine Elements.

Breakin

The study and application of street dance forms. Originally called the Go-Off, Burnin' and/or Boy Yong Yong, Breakin is commonly called Break Dancing or b-boying today and it now includes the once independent dance forms of Up-Rockin, Krumpin, Poppin and Lockin, Jailhouse or Slap-Boxing, Double Dutch, Electric Boogie and Capoeira martial arts. It is also commonly referred to as freestyle street dancing. The practitioners of traditional Breakin are called b-boys, b-girls and Breakers.

I. Breakin moves are also used in aerobics and other exercises that refine the body and relieve stress. Dance and other rhythmic body movements appear at the genesis of human awareness and remain the center of good health.

II. Breakin gets our hearts pumping at about 120 beats per minute, and if we can break or dance at least three times a week for only 20 minutes we will have enhanced our physical health and prolonged our very lives by years.
Like letters, dance is also a form of communication. In fact, Poppin, Lockin, and Electric Boogie are all body symbols; even body letters.

III. Dance is often used as a form of self-expression; it is like a language (body language). It is also a form of healing and rejuvenation. Break-dancing: acrobatic style of street dancing.

IV. While breakdancing (a term disowned by all b-boys) began with crews like the Nigga Twins, the Zulu Kings, the Salsoul Crew, the City Boys, Freeze Force, Starchild La Rock, the Disco Kids, and the KC Crew, the most influential was undoubtedly the Rock Steady Crew. Formed in 1977 by Jojo Torres, Jimmy Lee, Mongo Rock, Spy and Jimmy Dee, the Rock Steady Crew gathered together the best of the second wave of Latino b-boys who had come to dominate the field since it migrated out of the Bronx in the early 70s.

V. The RSC main innovation was to make b-boying more athletic, more gymnastic. Many of these moves were pioneered by the two b-boys who are generally considered the greatest: Richie 'Crazy Legs' Colon and Ken 'Swift' Gabbert. Moves like the windmill, the whip, the 1990, the chair and the spider are credited to Crazy Legs and Ken Swift, who helped the RSC become the dominant crew in legendary battles against the Dynamic Breakers, the Floor Masters and the New York City Breakers.

Emceein

The study and application of rhythmic talk, poetry and divine speech. Commonly referred to as rappin or Rap, its practitioners are known as emcees or rappers. The emcee is a Hip Hop poet who directs and moves the crowd by rhythmically rhyming in spoken word. The emcee is a cultural spokesperson. Technically, the emcee is a creation of one's community whereas the rapper is a creation of corporate interests.

The word emcee comes from the abbreviated form of Master of Ceremonies (M.C.). In its traditional sense M.C. referred to the hosting of an event—the master of a ceremony or an event.

The emcee expresses through rhyme what is already on your mind, whereas the rapper tells you all about his or her self. True Hiphoppas are encouraged to study both styles for maximum success.

Popularized by: Cab Calloway, Coke La Rock, Pebblie Poo, Sha Rock, Chief Rocker Busy Bee, Keith Cowboy, Melle Mel, Grandmaster Caz, Rakim, Queen Lisa Lee, Slick Rick, Big Daddy Kane, MC Lyte, Roxanne Shanté, Muhammad Ali, and others.
When Rap music became popular in 1979 many Breakers, Poppers and Lockers (as well as Graffiti writers) became Emcees and Deejays, bringing their bboy / bgirl terminologies with them. When these ex-Breakers and Graffiti writers performed their unwritten, unrehearsed, off-the-top-of-the-head rhymes, they called it freestyling because the same rules that were applied to the bboys and bgirls of the past were now applied to the Emcees and Deejays of the present.

Today freestyling is mostly an Emcee affair. Those Emcees who spontaneously create and perform unrehearsed and unwritten rhymes can be said to be freestyling.

Graffiti Art

The study and application of street calligraphy, art and handwriting. Commonly called Aerosol Art, Writing, Piecing, Burning, Graff and Urban Murals. Other forms of this art include Bombin' and Taggin'. Its practitioners are known as Writers, Bombers, Graffiti writers, Aerosol artists, Graffitists and Graffiti artists.

Deejayin

The study and application of Rap music production, cuttin', mixin' and scratchin' as well as onair radio broadcasting. Commonly refers to the work of a disc jockey. However, Hip Hop's disc jockey doesn't just play vinyl records, tapes and compact discs. Hip Hop's Deejay interacts artistically with the performance of a recorded song by cuttin, mixin, and scratchin the song in all of its recorded formats.

Originally presented by two turntables, first designed by Edward P. Casey of the Bronx in 1955, and connected to a mixer with a "cross-fader" first designed by Grandmaster Flash in 1976, Hip Hop's Deejay used the turntable and mixer as instruments that manipulated the playing of vinyl records.

Deejayin, different from "DJ-ing," includes speaking, even rapping while presenting recorded music. Caribbean people still use the term deejayin to describe the vocal performances of rhythmic speech over music.

Beat Boxin

The study and application of body music and body language. It commonly refers to the act of creating rhythmic sounds and language with various parts of the body; particularly the throat, mouth and hands. Its practitioners are known as Human Beat Boxes or Human Orchestras.

Beat Boxin is about seeing and using the body as an instrument. Earlier versions of this expression included Hand bone or Hambone. However, modern Beat Boxin originates from the act of imitating early electronic drum machines.

The early electronic drum machines were some of the original beat boxes; and to skillfully imitate them was called Beat Boxin. However, ancient Beat Boxin was the ability to imitate the sounds of Nature with one's own body parts.

Street Fashion

The study and application of urban trends and styles. Commonly refers to the clothing trends of urban centers. However, Street Fashion deals with all trends and styles of Hip Hop's culture—what's in and what's out, regardless of the expression. Its practitioners are known as Hiphoppas.

Self-expression through Street Fashion is an important way to present Hip Hop's unique identity to the World. Street Fashion represents the prominence of all Hip Hop cultural codes, forms and customs.

Not only is fashion a very ancient form of communication, but our expressed consciousness was (and still is) also represented in the way in which we adorned, colored and dressed ourselves.

© 2020 By TEMPLE OF HIP HOP

Street Language

The study and application of street communication. Commonly referred to as Black English, Urban Slang and Ebonics. It is Hip Hop's urban language and linguistic codes—the verbal communication of the streets.

Advanced Street Language includes the correct pronunciation of one's native and national language as it pertains to urban life. In addition, advanced Street Language deals with one's communication skills even beyond what one says.

Street Language is not always spoken words. Hip Hop's Street Language includes Beat Boxin and certain street codes that may not be communicated in words at all.

We can see here within these definitions how even hip and hop come together to mean hip—informed, and hop—springing or dancing. Together the term hip hop (even when spelled in lower case h) can mean an informed springing, or an up to date modern dance, or an informed movement upward. A hip (updated) hop (movement) is an intelligent movement—a movement aware of itself.

To be hip means to be up to date, relevant, in the know. Therefore to hip something or to make something hip is to modernize it. To hip a hop is to modernize an upward movement.

The term culture (1439) from the Latin cultura (cul-too-ra), meaning tending, care and cultivation, seems to come from cult-, the past participle stem of the Latin colere, meaning to till, cultivate, tend to and inhabit. Cult (1616) originally meant worship or homage; not to worship or to pay homage. Cult comes from the Latin cultus (cul-toos), meaning cultivation, care, attention, worship. We can see here that the term worship was originally associated with the cultivating, caring for, and attending to, of something or someone.

Looking at the etymology of hip and hop and culture together we can interpret such a phrase as meaning; the cultivation, care, attention and worship of the seed (plan/vision) of the new vine (people/way).

Another interpretation of Hip Hop culture could read; the cultivation, care, attention and worship of the intelligent movement. The term hip hop culture seems to imply the cultivation of, and care for, the upward springing of intelligence.

The very fact that these terms hip and hop and culture and even Hiphoppa which we spontaneously gave to ourselves in childhood play within a so-called slang dialect intuitively corresponding to the etymology of these words and terms only proves once again the depth into which the Hip Hop mind can go if left to its own development.

Street Knowledge

The study and application of ancestral wisdom. Commonly refers to the basic common sense and accumulated wisdom of urban families. It consists of techniques, phrases, codes and terms used to survive within the inner cities.

It involves the ability to reason soundly with or without the ideas or validation of the traditional academic mainstream. Street Knowledge is the accumulation of Hip Hop's cultural self-awareness. Its practitioners are known as Hiphoppas as well as Sisters, Brothers, Goddesses, Gods, Mothers, Fathers, Teachas, Queens, Kings, Princesses, Princes, Lords and Divine.

Contrary to the myth that knowledge is only accumulated in quiet, ordered, academic environments, much of Hip Hop's communal knowledge can be found with its comedians, poets and authors. Hiphoppas learn and transfer knowledge through laughter and having fun. Streetwise—knowing how to survive modern urban life.

Black's Law Dictionary describes "civilization" as A law, an act of justice, or judgement which renders a criminal process civil. Black's Law continues, A term which covers several states of society; it is relative, and has no fixed sense, but implies an improved and progressive condition of the people ,living under an organized government. It consists not merely in material achievements, in accomplishments in culture, science, and knowledge, but also in doing of equal and exact justice.

The teacha battles with the intent to correct the opposing force. The teacha battles with knowledge and awareness.

Street Entrepreneurialism

The study and application of fair trade and Hip Hop business management. Commonly referred to as street trade, having game, the natural salesman, or the smooth diplomat. It is the readiness to engage in the creation of a business venture that brings about grassroots business practices. Many of Hip Hop's apprenticeships begin here.

Different from an entrepreneur which may include the techniques and practices of the entrepreneur, while entrepreneurial-ism focuses upon the motivating Spirit to be self-employed, inventive, creative and self-educated.

It is this Spirit; the Spirit of self-creation, the urge to create and sell one's own talents, discoveries and inventions that is encouraged by these teachings. Its practitioners are known as hustlers and self-starters. Entrepreneur—a selfmotivated creative person who undertakes a commercial venture.

In the past one had to attend college, or military service, or borrow money to start up a business, or work up the corporate ladder until retirement if one was going to make it out of one's lot in life. It was through America's major social institutions that opportunity was found and when those institutions began to deteriorate, the needs of the People fell upon Hip Hop's artistic upsurge in the 1980s and 1990s.

GANG
STARR
NO MORE MR. NICE GUY

Gang Starr Lyrics

"Premier & The Guru"

[Premier scratches "The Guru"]

It's '89, mine, I'm Keithy E. the Guru
Premier is here with the flair, we're running to you
Bust your grill with skill, as we build and fulfill
I drop the wisom to quiz them, with precision we drill
We're kicking wannabes down cause we're gonna be down
We're moving on with the sound, see we're gonna be around
For a long time, I kick the strong rhymes
You're empty-handed and stranded cause you were standing in the wrong line
This is not the fate is for sure a pure pen
The gift is hitting home on your dome because we meant it
You'll need a graffiti, don't heed and you'll be bleeding
We'll rip you, and ship you back and you'll be repeating
The progress, and I guess that you should be told now
Lo and behold how the stroll I unfold now
Knowledge, wisdom, and peace are what I'm true to
In the rear is Premier, and I'm the Guru

[Premier scratches]

I sound greater because I'm head of the comittee
I chill in New York City, I'm witty, so get me
To Brooklyn, so I can ill and peace no joke
You slow poke, you'll go broke, you're rhymes ain't all that dope
So take a backseat, with all your wack beats
This is the one phase of my rage and onstage I slap eats
For you to try to steal this, I will reveal this
Like a prophet, I'll drop it, Premier will start to seal
This coffin to be chewing, you soft and you'll be doing
A dance with some ants in the ground, you clowns be chewing
But you could never get this, the talents we've been blest with
So many different ways to phrase, you shouldn't mess with the Guru

[Premier scratches]

So here's the verdict, cause all you suckers know you're booty
You're played out, you'll fade out, I doubt that you can do me
We ain't having no gabbing, when I be grabbing and jabbing
In your ear like a spear prepare your body for battling
Cause you've been preparing to move, you'll be certain to lose
Open your eyes up, wise up while I work with the groove
To teach your next school, who'll be the next fool?
That I can stomp down with compound nouns but like a pestule
Come back with dumb raps, then like a tech inside
I'll take you out your misery you ought to step aside
Your weak rap, you speak that yang so Imma clue you

The DJ's name is Premier, and I'm the Guru

I'm telling you, '89 is mine. Peace

Gang Starr Lyrics

"Jazz Music"

[Guru]
The music started in the hearts and drums, from another land
Played for everyone, by sons, of the motherland
Sendin out a message of peace, to everybody and
came across the oceans in chains and shame
Easing the pain, and it was without name
Until some men in New Orleans on Rampart Street
Put out the sounds, and then they gave it a beat
I'm talkin bout Jelly Roll, King, and Satch
I'm talkin bout the music that had no match
Yes the music, and it was born down there
We're gonna use it, so make the horn sound clear
It's jazz music... jazz music

Yo, the music that Pops, and other cats made
it stayed, cause people love when they played
To the North, it took a riverboat shuffle
To the big cities, with lots of hustle and bustle
To Chicago, and to the Apple too
This was a scene, that our forefathers knew
Go get your crew, I know they'll get into
the jazz music... jazz music

The music called jazz had the razzamatazz
It had the flavor, and a lot of pizazz
The big band beat was very neat and unique
The swing was king, it made you tap your feet
There was Benny and Duke and of course the Count Basie
The melody was smooth and yes, very taste
There was Hap, The Prez, and Lady Day and
Dizzy Bird and Miles, they were all playin
They brought it to the people of the foreign lands
Back across the oceans and the desert sands
Where it echoes in the distant sounds of drums
And it rises with the sun on days begun
This is the music, that we give tribute to
They gave it to us, that's why we give it to you
The jazz music... the jazz music

The jazz music... UH.. uh.. uh..

Gang Starr Lyrics

"Gotch U"

[Guru]
Here's the jam I slam to make it known that
I diagram, write out my own rap
Cast the line, watch me shine, I'll assign
you to do this, you can review this
convention that comes from, combining sums from
equations or phrases, cause I begun some
exploratory digging, I'm thinking big and
I'm taking all your words, cause your site is blurred
and you're selfish, and rather immature
I've always felt this, that's why I'm giving more
I am sure, that you find that I'm the Guru
With this particular style I'm running to you
I gotch u

Keen is my site, and keen is my brain
I campaign to gain my domain
and vocalizing techniques, emcees are deadbeats
and drop to the ground then, I stomp em down with sound
I'm a pacifist, but they won't last with this
dope beat combined with lyrical energy
You can rewind this, play this again and see
just how I kick the, rhymes that hit ya
snug in your mug, while I depict a
scene that is hype and, I'm title swipin
If you're loungin, I'll take the mic and
show you how it goes in, I'll leave you frozen
I gotch u

I live my life with adventure, because I went for
the road seldom run, cause it was meant for
me to hold the spot here, your rhymes are not clear
Focus, on the way that I wrote this
I'm crafty, so how you gonna outlast me?
With your bogus crap, you're gonna have to note this
while I rap, and then I quiz you like a teacher
Give a speech to you while I impeach the
ones with the crowns and, my voice resounds and
take it from me, then you will see, I got the G
The Keith double-E, I got the know how
And I will show how the hip-hop will grow now
I gotch u

I got nothin to fear, nothin to hide
Bein conquered with the micraphone, I take you for a ride
and slide glide to the hoop and scoop you like
Clyde, Drexler, your girl I wanna get next to

Hold up I gotta flex to the stage, then engage
to do the knowledge, then backstage is where I'm headed
Don't sweat it, sit down clown and just let it be
Set it free, get it see
I got G, cetainly, and I gotch u
I gotch u

Once again, we got the GangStarr out in total effilzneck
I got my man DJ Premier... peace...

Gang Starr Lyrics

"Manifest"

I profess and I don't jest cause the words I manifest
they will take you, sedate you, and I will stress upon
you the need for, you all to feed your
mind and soul, so you can lead your-self
to keep, I got a real objective here
I am effective here, cause I select a clear
Message to all, suckers I maul they fall from
Into the pit of purgatory
I go for glory, I take an inventory
Countin all the tough luck ducks while I narrate
Relate and equate, dictate and debate
My fate is to be, cold makin history
I use sincerity, but I'm so very deep
Doubts are questions, of all the skeptics
I'm kickin clout and, I'll leave you vexed
it's just true, there's nothing so-so cause I know
Right about to spin it I'm in it admit it I did it
to you, cause this is what I'm into
So chill while I instill that we all must fulfill
the proper mission for us and yo this is a must
It's usually lines of my rhymes I ingest
These are the words that I manifest, I manifest

I suggest you take a breath for the words I manifest
they will scold you and mold you, while I impress upon
you the fact that, I use my tact at
rhymin for climbin, and chill while I attract that
girl you're with, I got a sincere quality
I give her all of me, cause you're too small to be
tryin to riff, so let me uplift and shift my gift
Let's go to the fullest capacity
I got tenacity, because I have to be
The brother who must live and give with much insight
Foresight to ignite, excite and delight
And you might gain from it, or feel pain from it
Because I'm ultimate, and I'm about to let off
Knowledge is wisdom, understanding
Truth's the proof, so won't you throw a hand
in the air, put up a peace sign and be fine
If so we're feeling good we should we could we would
Stop, think for a moment OK?
And then sway while I convey that we must do away
with all the stress and the strife, so god bless your life
Use kindness, and never blindness
And you will find that this perspective is best, check it out
These are the words that I manifest, I manifest

I convey that what I say will awaken you today
After jockin while I'm talkin, but anyway
that you put it I give you, lyrics to live to
Righteousness rules, so I forgive you this time
For you are being very ignorant
That's insignificant, I guess you figured and
hoped to be, dope as me, ID you flee
Because the rest is too much for you
I'm your professor, I got the touch to
do more than the rest who fess and can't compete
I'm elite I'll defeat delete and mistreat
Make mincemeat of other fools, cause I'm the brother who'll
snatch up the funds and, make lonely ones
I meant it really, cause I'm clearly obsessed and I
These are the words that I manifest, I manifest

Gang Starr Lyrics

"Gusto"

Keith E.E. emcee on a spree I'm goin for this
cause draws applause, yes I adore this
I'll reteach with speech, I can accomplish
I've got to flaunt this, I'm not a pessimist
Yo I'm an optimist, that's why I'm droppin this
I'm good I got style, cause I've stood for a while
In the shadows of the others gettin mellow with the brothers
called the Gang, and yes I can hang
Progressin with my lesson while I do my thang

I've got gusto
"My man gots that gusto" "Word"
[x2]

You say your rhymes flow, I say I'm spontaneous
Rockin the place, I'm not mainly just
sayin some words that are weak or incoherent
And it's apparent, that you fear us, the Gang
but I'm still a peace seeker
I'm in your face, don't have to sneak ya
Dope rhymes speaking with wisdom of a preacher
and I'm here, cause you've been victimized
I'm sincere, I see through gifted eyes
So yo, we're gonna see what the race is
That's where you groups, will have to face us
And you can bet we'll be in tip-top shape
Nice so precise with a hip-hop update
Wait, I got a shoutout for the ladies
Come check me baby, don't underrate me
Cause I'm a man with the plan for all
The Guru, to groove you, get out the wall

I've got gusto
"My man gots that gusto" "Word"
[x2]

I've got gusto, so I'm kickin it well
I got gusto, with much clientele
So I pump it, to a higher decibel
Have a seat, listen cause the rest it goes smooth
and improve and bust a move
I am the man with the true blue potential
I am essential, I drive you mental and back
Attack mack and rap
And as you calm I will romp
Like a giant I stomp

I've got gusto
"My man gots that gusto" "Word"
[x2]

Really? Right, you wanna be a emcee?
Then go against me -- boy don't even tempt me
Cause I go house on the freestyle tip
Math you and blast you and then just shift
into hype gear, no fear, I persevere
Year after year, rehearsin verse so clear
Cause I've been into rhymin man for like eons
And every stage, word I wanna be on
So I can show you how it's gotta be done
I never run or shun, I've just begun

I've got gusto
"My man gots that gusto" "Word"
[x2]
..

"My man gots that gusto" "Word"
[x2]

Ahhh yeah... gusto...

Gang Starr Lyrics

"Positivity (Remix)"

[Chubb Rock] "Now let's get off this negative tip, and go positive"
[DJ Premier cuts n scratches]

[Guru]
Now is the chance to advance and get an outlook
Create the circumstance, because I doubt books
can relay, words this way, so I'll portray
a new image, and let's begin as
members who pledge to, look up ahead to
a beautiful world, though we've been led to
believe it will not be and, we still are seein
Agreein there'll be peace, the wealth will increase
and we'll prosper, you know like flourishin
The rhyme I toss ya, it will be nourisihin
Cause I must bring, ideals for better living see
Because I do believe in positivity

"Positive but never negative"
[DJ Premier cuts n scratches]

[Guru]
Weak is the clown, much weaker is the fool
I'll overrule to duel and to school
For reasons that are so deep, I don't need no cheap
people to identify, I'll just say hi and bye
Since I'm an optimist, I'll turn and walk with this
tape playing loudly, inside my headphones
MC's that crowd me, turn into headstones
Because I don't have time for, powerless minds or
suckers who suck, because I find more
interesting topics, you can not stop it
I drop it and rock it I shock it, that's how I'm livin B
I have to live my life with positivity

"Positive but never negative"
[DJ Premier cuts n scratches]

[Guru]
Havin nothin to lose, so much to win
Bein grateful for my darker skin, I take you for a spin
and then begin to groove and sooth and move your whole
crew, the Guru, and truth I wanna give to you
So watch as I break through to your dome
Cause I'm prone to give a message, then back home
is where I'm goin, still knowin, my life's right
and that days to come, will be fun
I'll achieve, I'll receive, and I'll be livin free

Me and my DJ Premier with positivity... positivity!

"Positive but never negative"
[DJ Premier cuts n scratches]

[Guru]
So if you're generatin positivity out there
You know that's the move
Yo me and Premier, and dancer H.L. Rock
We always got positivity
Brooklyn, the Boogie Down
All the boroughs got positivity
Jersey, Philly, Boston, Houston, Cleveland
L.A., and the rest of the country's got positivity
The U.K., Germany, the rest of Europe's got positivity
And of course AFRICA and the rest of the world
They all have positivity
Cause everybody should have positivity
Peace and Bless

Gang Starr Lyrics

"Conscience Be Free"

[Guru]
All, all.. let's get together now
This is the time for gettin fresh for the weather now
Seek the sheik speakin, and those keepin the faith
We won't have to hesitate
We just skate, straight, into the heart of it
This is the scene and I'm the Dean and here's the start of it
So see how things should be, and come along with me
Agree with this decree, and let your conscience be free

[Erick Sermon] "Let your conscience be free"
[cut n scratched by Premier]

[Guru]
Release me, ? me, so I can set it off
And if your body's feelin hottie won't you sweat it off
Flow and go, farther, because we are the
crusaders -- so you know we can create our own fate
Great, let's get into it now
Ain't nothin to it but to do it now, fluent now
Word, you heard, this is the verdict now
You can shake it don't you break it don't you hurt it now
Flex, bend, and twist, into a motion of
just bein down with the sound -- I'll give a potion of
vocab, so go grab, the one of your choice so
Then you'll feel good like you should, and you'll rejoice so
see how things could be, and come along with me
Agree with this decree, and let your conscience be free

[Erick Sermon] "Let your conscience be free"
[cut n scratched by Premier]

[Guru]
Girls, girls.. these are the details
I like sophisticated, liberated females
Dutch, treat, I have no qualms with it
Your shape is neat, and I'd like to grace my palms with it
Clocked the suave talkin, you won't be walkin away
Because I know that you'll stay
for my play, and sway, to rhythm pumpin baby
You must admit this is legit and you'll jumpin maybe
hold up, wait up, and don't get too excited
For genuine is the line while others you invited
Time for rhyme makin, and never fakin the move
So get involved with the groove
while I prove, smooth, that's how I kick it to you
Because with all the respect, I wanna stick it to you

see how things could be, and come along with me
Agree with this decree, and let your conscience be free

[Erick Sermon] "Let your conscience be free"
[cut n scratched by Premier]

[Guru]
What's up, what? I am continuin
All the chumps and the punks, I'll do em in and then
pose for those lookin, that put the crooks in the cell
Cause they're the wrong personnel
I propel, swell, and I start blowin up
All the babiest ones they should be growin up
Bright, lights, I'm shinin on you now
This is the time and the place, peace be upon you now
see how things could be, and come along with me
Agree with this decree, and let your conscience be free
Let your conscience be free

[Erick Sermon] "Let your conscience be free" "Relax your mind"
[cut n scratched by Premier]

Gang Starr Lyrics

"Cause And Effect"

[Guru]
You ain't livin right punk, I'll have to school you
Not rule you, but I'll say yo you fool yourself
When you try to deny and defy written laws
This means your cause has lost
Think about it, take the time, and even ponder longer
Then let your mind start to wander
Go black and track the facts, about all of your mistakes
It only takes to one to make fate
Pick up your life, clean up your act, and get a legal plan
You can, or be an evil man
Caught, and then you claim you're not responsible
The choice was yours, when the fun's gone you will realize
that you don't get somethin for nothin, why you bluffin?
Others even brothers are stuffin their pockets
with honest cash, they'll laugh, so don't knock it
Jock it, cause the Guru must stop it
I'll jab you, smack you, crack -- you're demolished
You must acknowledge -- life is like a college in itself
Get a degree in reality
Or you will be upon it like a lawn you'll be walked on
Gone, never to see or be the same again
Friend, cause the time you spend
Bringin down yourself, bringin down the pace
Bringin down your friends, bringin down the race
will have your life in a wreck
And homeboy life is cause and effect

[Primo scratches]

[Guru]
Exactly what you put in boy, you will get out of it
The energy released comes back, there is no doubt of it
So when you thrive to connive and contrive foolish deeds
This means you'll bleed from greed
Dig the rhyme dig the thought, of what'll happen
You're nappin, you're gonna fall off the map 'n'
lie out, and cry out, why? You got the short end of the stick
Cause you're too quick to run tricks
Open your mind, widen your sight, get out of your rut
MOVE, and get the lead out of your butt
Cause you can't live without a plan to get freshed chump
and you shouldn't stand to let
anything sway you from the path you know is truthful
Chill, cause you know the chosen youth will
take over, and control the whole so don't blow it
Know it, cause the Guru must show it

I'll teach you, reachin each so you're enlightened
Emcees are frightened, by what I write in my songs
Cause I express what I manifest
While some of you fall down to the ground with breakdowns
never to see or be the same again
Friend, cause the time you spend
Bringin down yourself, bringin down the pace
Bringin down your friends, bringin down the race
will have your life in a wreck
And homeboy life is cause and effect

[Primo scratches]

[Guru]
You're still playin games lame, I'll have to end you
Straight to the gate of fate, so you can claim your doom
Will you decay as you pay in repentance
I light my sentence like incense
Breathe in, expel your fears as you marvel
Heed what I feed, you won't starve you'll make it
But if you don't, you will be finished
You'll dissapear, you will diminish
never to see or be the same again
Friend, cause the time you spend
Bringin down yourself, bringin down the pace
Bringin down your friends, bringin down the race
will leave you bugged and upset
Cause homeboy life is cause and effect
Cause and effect!!

[Primo scratches]

[Guru]
Once again, Premier and the Guru
It's like that

Gang Starr Lyrics

"2 Steps Ahead"

[Guru]
Chumps tryin me, but when they eyein me
I build in skills, and to enhance my chances
I'm thrilled, to be involved with solvin
all the problems, with the way that the sound
has gone down, so I frown at the scene
where you be takin it, and like the winds of change
I'll be breakin it up, shakin it up
Clearing it out, airing it out, and bearing the clout
on my chest, like a crest that rests
on a tidal wave, only the good I'll save
when I plunge, and engulf the ones
who aren't sons, who converse with ? and make friends
Yo, I recommend that you get back there
and sit back there, contemplate, calculate
and concentrate on these rhymes, that I picked to stick
to your mind, and then I'll raise you straight
to the next phase, cause I will amaze
with much force, and like the power that comes
from the source, which is greater and stronger, of course
If you didn't know, I will tell you
That all the blind no-minds I give Hell to
And if you comprehend what is said
Then you'll be stayin two steps ahead

"one, two" steps ahead
"one, two" steps ahead

"one, two" *[cut and scratched by Premier]*

[Guru]
I can't work with, those jerks who front
with the mic, cause I never liked fabrications
Wack creations that lack authenticity
For some time in my mind I've been wishin the
fiends who do would just yield
And at the foot of my bed, I have kneeled
Thus revealed as a gift I have nurtured
and I hurt ya if you're not knowin
That the musical need is now growin
And like a man obsessed, I must
go all out, show all out, blow all out
throw all out, get on out of my path
Cause I laugh at the ones with no gas
I surpass the class to get geesed
like the way the ballistic's released
And I won't cease til I cap them

or slap the saps with my rappin
Continue on with my journey
All the negative ones don't concern me
My eyes are wise, I got cause to live
positive, have to give, every way
every day of my life, so I fight for the right
and get hype, so heed what I feed
and get fed, then you'll be livin two steps ahead

"one, two" steps ahead
"one, two" steps ahead

"one, two" *[cut and scratched by Premier]*

[Guru]
I'm way ahead of you, yes I'm on top
It's me instead of you, with the lyrics you fear it
so get near it, and then you'll hear it clear
and concise, cause I paid the price to be
talking here, rocking there, shocking here
stop and stare, then compare if you wish
Because the others fess, I insist
So I will assist you to blend with this
bend with this, tend with this, fend with this
As I ascend with my orals
You define and defy with high morals
And at the spot I will stop to throw darts
at the ones who proclaim with no aim
cause they don't hold the fame, they're on mine
And since I'm well inclined and divine
I will have to ask you to come in
Move along with the tongue and the drummin
Progress and let the blessings be read
and you'll be staying two steps ahead

"one, two" steps ahead
"one, two" steps ahead

"one, two" *[cut and scratched by Premier]*

Gang Starr Lyrics

"No More Mr. Nice Guy"

Punks will always scheme to, create a means
to take my kindness, for weakness, cause they don't seem to
respect my generosity, and what it's costin me
is headaches, I don't like fakes, or people bossin me around
You clown, it's time I beat you down
You tried to play me betray me and slay me, and now you'll drown
in the river, I'll give ya, reasons you should shiver
Cause when I get to wreckin and deckin, I won't forgive ya
You had the opportunity, for bein cool with me
You stabbed me in the back you duck, and now you're soon to be
disarmed, embalmed, I'll break off all your arms
and then your legs, you'll beg, I'll crack you like a egg
and spill your yolk, you joke, I'll duff you in the eye
and you'll say, "Why?" And bleeding and pleading, you'll start to cry
and I'll reply with a confident sigh, "There'll be no more Mr. Nice Guy"

No More Mr. Nice Guy
No More Mr. Nice Guy

Yo ?, this is somethin that I wanna tell to you, sell to you
and as I speak you girlies yell to your friends, "Yo it's him!
He's shockin again!" This is the season for breezin with reason
because I'm in, charge of the attack on suckers who just rap on
wack track that lack that snap, while I just mack on
Honies who look good and, they all want the wood in
They push up, to get up close, to serve me puddin
And I just tell em, "Look here, I am not a crook there"
but I like to snatch em all, cause like a hook they're stuck
struck, they tried to press their luck
They wanna tease me and skeeze me and please me, to squeeze the bucks
from my pocket that is bulging, I'm not indulging
in lame games with phony dames, too busy buildin my fortress
Score this, drink while I pour this
I'm livin and givin my rhymes, so I'll ignore this
Garbage you are runnin, I am not the one and
you'll never get to vamp me tramp cause I'll be stunning your mind
I'll sign, my name on your behind and cool you off
like frost, I'm leary of the way you double cross
Get lost, I'll tell you you are fly and say goodbye
And burning and yearing you'll ask my why
And I'll reply with a wink of an eye, "There'll be no more Mr. Nice Guy"

No More Mr. Nice Guy
No More Mr. Nice Guy

Oh sure, you're, running back for me
I'ma great you defeat you and beat you, show you the door

Cause you ain't really welcome, you know you're seldom
thinkin of your fellow man, but you still til them
You wanna be a friend then, you keep pretendin
You're two-faced, so you'll taste, just what I'm sendin
POW, now, you're shaken sayin WOW
You stare, you fear, my wrath is too severe
I never let up so get up I'm fed up, and I don't care
I'll duff you in the eye and you'll say, "Why?"
While you're bleeding and pleading, you'll start to cry
and I'll reply, "Either do or you die,
cause there'll be no more Mr. Nice Guy"

No More Mr. Nice Guy
No More Mr. Nice Guy

"Knowledge"

(feat. Damo D-Ski)

[Guru]
Take your time, recline and make your mind up
I feel fine, so I'm gonna wind up
Here's the pitch, check the switch, now watch me
hit you right to this, while I pursue this
desire, to get you, on up to step to
rhythms and rhymes, cause I respect you
Unless you're a biting one, a non-writing one
Reciting some of my lines, although you are blind
you'll see my shadow, rather my silhouette
But I'll be glad though, knowin your pillow's wet
And that you're upset, cause you thought you brought
the answer -- to this dilemma in rap but I'll vamp you with

KNOWLEDGE KNOWLEDGE KNOWLEDGE *[echoes]*

[Damo D-Ski]
Pure is my thought, my spirit is my heart
I shall embark to spark my fine art
of oratory wisdom, emcees I quiz them
on terms and techniques, then I'll wreck each with speech
I win the science fair, so you don't you try and scare
me with your threats and, idle atrocities
I am the best and yo I am your boss at these
methods and forms of, causin swarms of fans
just to dance, like thunder storms of
what it must take to, crush you or break you
If I dislike you, I may not hate you
It's just that you sound weak when, you think you're speakin

KNOWLEDGE KNOWLEDGE KNOWLEDGE *[echoes]*

[Guru]
The rhymes are peaceful like yoga, and yo I know the
time must be mine, so I'm gonna throw the
whole kit n kaboodle in, while you sit doodlin
Scribblin, now wipe your mouth cause it's dribblin
That's nasty, so how you gonna get past me?
Whatcha babblin punk? I have to put a rattle in
your hand, and then I'll serve you like an infant
Put a bib on you, and feed you in-stan-taneously
Rhymes that'll be, famous from me
The Keith double-E, cause you're a faker
And I will take the mic from you and make the
brothers and sisters unite, while we relate the

KNOWLEDGE KNOWLEDGE KNOWLEDGE *[echoes]*

[Damo D-Ski]
I'm glowin with intensity, cause I've been sent to G
off as your boss, because you lack identity
You're quite immature and, you sound very boring
Like a raft I'll bring you back, up onto the shore and
give you time to dry out, while I just try out
my hunch that with one punch, yo I could put that eye out
But violence, is never my first choice
I use my voice to make you rejoice
In agreement with our program, cause there is no man
Who can give you more of this, and you can be sure of this
fact that I'm exact, cause I got it down pat
We are scholars risin, we're exercisin our

GANG STARR
SAINTS
STEP IN THE ARENA

Gang Starr Lyrics

"Name Tag (Premier & The Guru)"

[Guru]
The DJ's name is Premier, and I'm the Guru *[echoes]*
[x2]

[music fades]

[sound of a large crowd cheerin]

Will you please!
Will you please, take your seats and clear the aisles?!

[rapping sound, three times]

Gang Starr Lyrics

"Step In The Arena"

[DJ Premier cuts the phrase] "Step up..." over and over

[Guru]
Once you step in the arena, cheater; you're gonna be a-
mazed when you gaze at the armor on this leader
Fully clad and glad to find a cause, I won't pause
Fear is a joke, slowpoke, I'm like claws
that'll rip 'cause your gift, is merely flesh
Superficial and I wish you, would give it a rest
But if you don't, I'll unsheath my Excalibur
Like a noble knight, so meet ya challenger
A true hero, while you're a through zero
Gettin beat to a pulp so that you can't run for help
I heard a gulp in your throat, cause you hope that I'll be merciful
but coo-cluck, I made you strut as I rehearse a few
battle drills, and watch your bladder spill
yellow fluid, check out how I mellowed into it
Face to feet to defeat, you can tell I'm into it
As I'm pullin out my lance, to kill you and advance to
the winner's throne; cause I own you once you step in the arena

[DJ Premier cuts the phrase] "Step up..." over and over

[Guru]
In the arena... or rather colliseum
There's people gatherin by multitudes to see one
perpretrator fall to the dust after the other
Quickly disposed of at the hand of a known brother
Born wit the art in his heart that is Spartacus
And one-to-one combat Jack, just a thought of this
match-up, makes GangStarr wanna snatch up
one or two phrases from the new book with new pages
of rhymes that are built like a chariot
Dope vocals carry it, to the battle set
If a beat was a princess, I would marry it
But now I must bow to the crowd as I stand proud
Victorius, glorious, understand now
cause battles and wars and much fights I have been through
One MC got beheaded, and you can too
Forget it, cause you'd rather be just a spectator
An onlooker, afraid you may get slayed or
struck by a blow, from a mic gladiator
I betcha that later you might be sad that you played yourself
cause you stepped up, chest puffed out
And in just one lyric, you got snuffed out
Cause rhymin is serious, I'm strong, I'm like Hercules
You'll get hurt with these lines, close the curtains please

and suckers can jet cause I wreck once you step in the arena

[DJ Premier cuts the phrase] "Step inside my... arena" over and over

[Guru]
In the arena or forum, weak MC's I will floor 'em
Causin mayhem, I'll slay them, and the blood'll be pourin
Furthermore I implore, that as a soldier of war
I go in only to win and be the holder of more
trophies, titles, and triumphs cause I dump all the sly chumps
Never choosin to lose my spot, not once
For the mere idea of an opponent that I fear
is foolish utterly, I mean but none'll be
tryin to toy wit a destroyer of many
You shitted your pants cause you can't figure any
foe that can step to this concept so
tou better sit again citizen, weak MC's I get rid of them
Watch the way they get distraught when they get caught
in the worst positions, cause they didn't listen
and tried goin up against a hungry killer who's itchin
to mame and murder, those who claimed that they were the
toughest ones, they get done once they step in the arena

[DJ Premier cuts the phrase] "Step inside my... arena"

Gang Starr Lyrics

"Form Of Intellect"

[DJ Premier cuts:]
[KRS-One:] "Intelligent but not yet equivalent"

[Guru]
Tell me, do you have a clue of what to do
Can you groove to this smooth tune, you must presume
it's important, for you to follow this creation
And hey Son, life is more than having fun
So run and get some help with the problems that you face
Take a taste of the bass put your perspective in place
Get real, deep, so you can keep involved
Revolve and solve, so you can make the calls
like a supervisor he who is wiser than the others
Cause they need someone to advise them to discover
things that they don't know so the papers I will check
Then they'll start to grow to this form of intellect

[DJ Premier cuts:]
[unknown:] "individual with intellect"

[Guru]
When the road is too steep, do you have the stamina
First album took us two weeks, since then we have been plannin
an exclusive attraction, produce it to your satisfaction
Those of you lackin, we will put you back in your slime
so you can think and get a grip of
yourself by yourself, and then you'll get a sip of
a gift that's equipped with the script that shocks
You can take a walk ?on God?
With your mouth wide open, hoping you can find a
way to display similar actions in a kind of mockery
Cause you don't realize the cost to be
creative genius please, I'm too clean to play
Glance per chance, watch GangStarr perfect
And dance your pants like champs, to this form of intellect

[DJ Premier cuts:]
[Lord Finesse:] "Man with intellect"

Valuable solutions, we invent here
Break and remake the cupcakes to show we've been sent here
to serve you, so swallow this and bite it
And why bring, ignorance when we're inviting
you to get advancement, while you're on the dance tip
And don't you know the transcript will make you shake hips
Or chill at will, and with skill, you'll learn some etiquette
Better get the subject or be last at the predicate

And get a set, of headphones and speakers
As lyrical lessons manifest, I will keep you
abrest of the best, in this rap mess
Oversaturated market, full of wackness
I'm Gifted Unlimited, Rhymes Universal
The GURU, nursing you with a verse spilled
Don't choke, and don't turn blue in a frenzy
Premier's severe, on the steel wheels he lends me
spontaneous cuts, but not mainly just that
It's the scratching format, exact with maddening accuracy
Craftily, on the side or in back of me
Nastily, as if his name was Dick Dastardly
Original so get it yo the Gang gets respect
The chain and the star is a symbol, of this form of intellect

[DJ Premier cuts:] "intelligent but not yet equivalent" *[to the end]*

Gang Starr Lyrics

"Execution Of A Chump (No More Mr. Nice Guy Pt. 2)"

I knew this chump see... he tried to play me
He was my right hand man, but he betrayed me
I let him chill at my crib, cause we were down and
I went to work everyday while he was loungin
He tried to backstab, he kept on jokin
He didn't know he could've got his back broken
I had to cut homeboy off for even tryin that
His game was mad weak, know what I'm sayin black?
Stepped to him quietly, he copped a plea
Told him to fix it or I'd have to catch a body
In this society, there's many snakes
Don't be too eager when you're seeking a break
Cause chumps will exploit, use you to benefit
So just be keen and, learn all the ins of it
I've had my share, of dealing with fake men
I left them squealing, "It was I who did the taking"
Proceeding exactly, according to plan
I foiled the scheme cause it seemed I was that man
And if you step up like the kid who did front
You will bear witness... the execution of a chump

Now, now... let's get the purpose of it
I'm snatchin hearts out of chumps, cause I deserve to love it
Observin acts of a snake, while I evaluate
Eliminate the nucleus, I'm doin this
Pissed usin fists usin force of any sort
My conscience says it's nonsense, if I put up with it
It meaning sleazy, sorry-type slick types
I'll drive em all to danger, and make em hitchike
Cause if you step up like the kid who did front
You will bear witness... the execution of a chump

Call me the Guru... known as a spiritual teacher
I'll reach you deftly, directly, correctly so select me
Elect me as your prophet and we'll praise him as I drop it
Pursue this, review this, I knowledge more than buddhist monks, punk
I'll wreck the set and grab a big chunk
Known to be a wise one, known to be a seeker
Following my calling in life, so I can keep the
minds in line to find devine designs of rhyme
Rewind this on your box one time
But if you step up like the kid who did front
You will bear witness... the execution of a chump

Gang Starr Lyrics

"Who's Gonna Take The Weight?"

[Intro]
"Knowledge is power, and knowledge can be the difference between life
or death...you should know the truth and the truth shall set you free."

[Verse 1]
I was raised like a Muslim
Prayin' to the East
Nature of my life relates rhymes I release
like a cannon
Cuz I been plannin' to be rammin' what I wrote
straight on a plate down your throat
So digest as I suggest we take a good look
At who's who while I'm readin' from my good book
And let's dig into every nook and every cranny
Set your mind free as I slam these thoughts
And just like a jammy goes pow *[FX: Gunshots]*
You're gonna see what I'm sayin' now
You can't be sleepin'
cuz things are gettin' crazy
You better stop being lazy
There's many people frontin'
And many brothers droppin'
All because of dumb things, let me tell you somethin'
I've been through so much that I'm such
a maniac, but I still act out of faith
that we can get the shit together so I break
on fools with no rhymes skills messin' up the flow
And people with no sense who be movin' much too slow
And so, you will know the meaning of the Gang Starr
Guru with the mic and Premier raise the anchor
swiftly, as we embark on a journey
I had to get an attorney
I needed someone to defend my position
Decisions I made, cuz now it's time to get paid
And ladies, these rhymes are like the keys to a dope car
Maybe a Lexus or a Jaguar
Still, all of that is just material
So won't you dig the scenario
And just imagine if each one is teachin' one
We'll come together so that we become
A strong force, then we can stay on course
Find your direction through introspection
And for my people out there I got a question
Can we be the sole controllers of our fate?
Now who's gonna take the weight?

[Verse 2]

The weight of the world is heavy on my mind
So as my feelings unwind I find
That some try to be down just cuz it's trendy
Others fall victim to envy
But I'll take the road less travelled
So I can see all my hopes and my dreams unravel
Relievin' your stress, expressin' my interest
In the situation that you're facin'
That's why I'm down with the Nation
Spirituality supports reality
We gotta fight with the right mentality
So we can gain what is rightfully ours
This is the meaning of the chain and the star
Land is power, so gimme forty acres
Let's see how far I can take ya
Original invincible
That's how I'm lookin' at it
I use my rhymes like a Glock automatic
Any means necessary, I'm goin' all out
Before the rains bring the nuclear fallout
So let me ask you, is it too late?
Ayo, who's gonna take the weight

Gang Starr Lyrics

"Beyond Comprehension"

Expanding the depth of your brainpower
Ours is a better gift, not to be bragging nor lolligagging
I can see dimensions of sound and light around my mic
Transmitting lyrics like teletype
Reacting to a beat in a whisper
And like a transistor, I'm sounding dope when I'm crisper
The shortest length between two points is a straight line
I've gotta take mine, I heard it through the grapevine
that some can't find hype lines (hype lines...)
And so I'm smothering, over my prey I am hovering
Suckers I'm shoving at the same time covering
you with the blanket of some language that's distinguished
How swift can I get? You ask and I'll tell
For I can excel real well like a gazelle
Past your head, I'm grabbin abstract thought
Like some gain glory, while others get no part
I feel for the hurt ones, the victims of wrong deeds
Awareness is key, our people have strong needs
Science, math, history theology
Philosophy psychology english and biology
Et cetera, and all of these have a purpose
But genocide makes me nervous
So many questions, many opinions to mention
And damn (damn...) this jam's beyond comprehension

Like planets in orbit, we ride the life cycle
Some take a rifle on the street cause it seems neat
Whatever turns you on I guess, that's why vests are in season
I'll do my show then I'm leavin
I'd rather be blastin dope sounds on the other side of town
than be there when they close the place down
But anyway, everyday, there's another way
for a person to just flip, so a brother may
simply go buckwild, get crazy and mad
I know the struggle my father had
Poetry it comes from within, and will always win
Hold captive bodies from end to end
And at a party, I'll survey then slay with the quickness
Displaying the fitness
Easing the mind and relieving the tension
And singing my own song... that's beyond comprehension

Gang Starr Lyrics

"Check The Technique"

[Guru]
You puny protozoa, you're so minute you didn't know the
Gang has been watchin but instead of just squashin you
I'm scoopin you up out of the muck you wallow in
like a cheif chemist, other scientists are followin
Plannin to examine you, on a petrie dish
Sticking you and frickin you, just a teenie bit
I'm clever, with science, but never relyin
on false words from cowards who forever be tryin
Insistin they come off, I let 'em get some off
Then come back wit drum tracks, their ears could get numb off
Blockbustin, like makin love, I'll never stop thrustin
into your system, so just listen
I'm like a neurosurgeon, operatin wit a purer version
I write prescriptions, of words that fit in
The thought gets prescribed, as I kick it live
Cause it's more that a style, it's conceptual genius
My effect on the scene is, to project that I mean this
You deadbeat, wait until you see my next feat
I get respect for the rep when I speak
Check the technique

[DJ Premier cuts]
"Check the technique.." *[x3]*
"Check the technique and see if you can follow it"

[Guru]
I'm rushin you like a defensive end as I recommend
that you comprehend, I could stomp you in
a battle, contest, or war, what will occur
will be the forfeiture, of your immature
insecure for sure, meek, weak visions of grandeur
To rudely awaken you, and then'll be breakin you
Taxin without askin and trackin and snakin you
Makin you succumb to the drums of GangStarr
By far we are, truly gifted ones son
But if you were to speculate or estimate us losin
you'll be dyin, tryin to face the fate of your delusions
Cause miscalculation, is all you're statin
So I'm chumpin, puntin punks just like footballs
Cause I wanna put y'all, back in the messhall
to clean up the slop, and stop all the bullcrap
Your rap's crazy wack, so don't try to pull that
You're lackin the vernacular, I'm slappin ya and cappin ya
and closin your jaw, cause you can't mess with GangStarr
The Guru and Premier always dope with the blessed beats
Dance your ass off Hobbes, check the technique

[DJ Premier cuts]
"Check the technique.." *[x4]*

[Guru]
"Bon voyage", "Sayanora", "Arriva derci"
Your ass gets busted doodoo mustard, you tried to work me
You irked me - because you copy and falsify
And I don't care how many step up, cause you all can try
to wish and fish for a style, here's a fishin rod
These rhymes are hittin hard, constantly I'm gettin large
Inevitably, I readily kick a slew
of lyrics so deep, so don't sleep, but just peep me
Puttin methods on records and spinning for each millisecond
33 RPM's displays the art of men
And as my rhymin builds you see my time it's chill
..and then I look upon weak ones
I'm teachin each one so they become redone
Essays are relayed to twist you up like French braids
or tied up like corn braids, cause I got a strong way
Force like police raids to never be delayed
I once was the least paid but I made the grade
Cause this ain't a slave sale and I ain't the same stale
rapper, no, I'm not a phony microphonist wit no blaster
No type of real appeal or real - talent
And it makes me violent man
To see all of these peewee bee MC wannabees
makin G's for some dumb companies
and lots of money but no idea what is rap and what is dope
So check out what the Guru wrote
Cause I will prevail, give you tales as I unveil
Have enough braincells so I can stay paid well
Now I'm in the driver's seat, and rockin the liver beats
Bouncin and boomin and blastin you to the next seat
Shiek and unique with lots of kick like a cleat
Check the technique

(.. chief unique technique..)
(.. chief unique technique..)

"Check the technique.." *[x3]*
"Check the technique and see if you can follow it"

Gang Starr Lyrics

"Love Sick"

[Verse 1]
Strangely enough I've been struck
Affected by her smile
And yo, her style is worthwhile
And knowing that I'm deep like a river
I feel I should give her
Things that those others can't deliver
Contrary to what I had wished
it seems that I've been dissed
But hey, I don't want to miss this
wonderful opportunity
My boys they try schoolin' me
But see I know what I want
Someone who'll be there for the whole nine
This honey is so fine
But now she's hung up the line
Upset because I told her I'm busy
She made like a grizzly
And started chewin' my head off
Screamin' that I spend more time with friends
And also, she said I ruined her weekend
I said "I know the stuff we had planned
but please understand
Right now I'm loungin' with my man"
I guess I didn't realize I'd hurt her
She said I had the nerve to
just neglect her like that
Then she started bringing up past things
and she kept asking
how come our love isn't lasting
I said, "Hey baby, please calm down
cuz I'm still around
and it's for you that my heart pounds
Can I call you later on?
You say I treat you wrong?
But why you flippin' on me?"
She said something else and then click
Left me alone on the phone with the tone
And now I'm lovesick

[Verse 2]
Relationships can grip with the pain
Arguments in the crib, in the streets, on the train
I'm crazy fed but then still
When she ain't there I feel sad, I feel ill
Frowning cuz I'm down in the dumps
The other night I took her out

so she could shake her rump
But after we were there for a few
Some girls that I knew
Stepped up and asked me to come to
a party they were havin' at their house
I looked at my girl, and yo, she started walkin' out
I said "Hey love, just wait for a second
And won't you just check it?
It's all a part of makin' records
Those were just some friends in the business
No need to get angry
So listen up while I kick this
And what about the things we discussed
about havin' trust?
What's all this attitude stuff?
Now hon, you know that I wouldn't play you
But time after time, you let your jealousy sway you
Hey don't you turn your back like that
Come on, this is wack
You're heated up like a thermostat"
Then she stepped off in a whirlwind
and I don't know when
or if I'm gonna see her again
I coulda sworn she was the right one to pick
But now...man I'm just lovesick

Gang Starr Lyrics

"Here Today, Gone Tomorrow"

Many MC's are mislead
Mislead by the lies that they pump in their heads
The money and the fame that they're hoping to find
Will never come close to the scope of my rhyme
Now some have been succesful but really
And yo, these MC's are clearly not nearly
Up to this level or should I say caliber
Because I'm hype that the company's selling me
Because they'll take a dud, talk some crud and then push him
But in the next year, someone new will just squoosh him
Because when you sell out to appeal to the masses
You have to go back and enroll in some classes
So cash in your check 'cause it's the last one you get
The tables have turn and now you ain't in effect
So jet to the rear and you better just follow
'Cause what's here today maybe gone tomorrow

Here and gone in a flash, some made cash
While other suckers go broke real fast
Some never make any money but still they act funny
Like they're thinking they're running
Things, wearing rings and medallions
Then listen to their rhymes when we rather take valiums
'Cause swiftness and skills they are lacking
So I send them packing, they should have know not to tax in
And smashing all of the vocals to smithereens
Watching them collecting themselves 'cause they ?(bitter seen)?
But some find happiness while others find sorrow
And what's here today, maybe gone tomorrow

Gang Starr Lyrics

"Take A Rest"

[Sugarhill Gang] "Now what you hear is not a test"
[cut up x4 by DJ Premier]

[Guru]
Well goodness gracious, let me just take this
time out to pull a rhyme out, and update this
For you and yours, simply because
Some MC's have luck but suck
So I pluck em like feathers on the back of a chicken
Cause I'm mad like a pit when my man says, "sick 'em"
Positive is the mindstate, but it could still mean that
I will kick a ill, malicious like mean rap
Suckers they forced me, to knock em all out and
They think they know things, like what I'm about and
They try to analyze criticize scandalize
The outcome is death, don't ask me to sympathize
Realize, that I'm not to be played with
I'll flip so fast, you won't know I'm the same kid
I'm tired and fed, with all the weak stuff said
All the phony-baloney, that went out like Pro-Keds
You've got no leads, so you shoot blanks
It's me the crowd thanks as I step to the top ranks
Bankin my money, and investin it wisely
Snatchin up chumps when they try to sneak by me
I'm the dominant one, call me the prominant one
And as I'm speakin I'll be bombin the dumb
deaf and blind cause I was born with a sharp mind
Eatin MC's with ease like it's lunchtime
or crunchtime, when they get done without warning
I'll bust that butt from nighttime til morning
Your song's boring, and so I'm scoring
much points cause when it's time to throw joints
I cause havoc, the mic I grab is like savage
I invade the stage, and make you get off
The force is like a three-eight, blowin your head off
And that's just in case you might be wearin a vest
Cause you're simply a pest in this mess I suggest you
"Take a rest"

[KRS-One] "If this meaning doesn't manifest, put it to rest"
[DJ Premier cuts x2]

[Guru]
Don't ever sleep son, peep one or two of these lines here
Arranged by a great brain, delivering rhymes clear
and concise with a nice dope voice and
killin the fakes like a taste of some poison

Punks are thinkin they're alla that, their voices are all flat
They're findin their names, in a Wack Rapper's Almanac
Me follow that hollow crap, no way Jose
I'll seek out a better sound, to somethin Premier plays
Days will go by, and soon you'll know why
MC's like me will rise like the Enterprise
Starship, headin straight for the target
Destination, a place where no perpetration
is permitted, the Guru is with it to explain
How some MC's are scared to ride on a Four train
Or any other train in the city, for that matter
Playin a role that they stole like a batter
But I know they ain't so I'll paint the real picture
My vocals go solo and like a bolo I'll hitcha
square in your face I'll crack your ribs and your chest
Cause you thought your off-brand jam was the best
You fessed cause you guessed people would be impressed
I'm gonna bust that bubble on the double "take a rest"

[DJ Premier cuts "take a rest" for the chorus]

[Guru]
Sit back and reflect, ponder and chill out
Rhymes like daggers make blood spill out
But you can't blame me, for bringin disaster
With all these ducks, claimin that they're the masters
Only thing they mastered, is how to get wacker
As I roll uphill, they roll downhill faster
Now they're wondering how they lost their touch
Wanna buy my rhymes but mine cost too much
I'm the innovative one, call me the creative one
and I won't stop til the job is done
All the slobs just run when I come to get some
Cause they know better, than to challenge this go-getter
They get bust you can trust cause I won't let a
booty-ass rapper get wins against me?
I guarantee that I won't act friendly
Cause crabs have a nerve and deserve to get whipped on
Their girls get kissed on, while they get flipped on
I slaughter and slay, or slap em up quick
Cause the lyrics they kick make me seriously sick
No substance, no value, but nevertheless
They're gettin daytime play but I still say they should "take a rest"

[DJ Premier cuts "take a rest" for four bars, then song fades]

Gang Starr Lyrics

"What You Want This Time?"

[Verse 1]
[Scratch: Telephone ringing]
"Who's this? Juanita? Fatima? Solika? Oh, it's Freda?
Look, I have a question, just what is it that you need
A man, a lover, maybe someone to talk to?
Or could it be you're schemin'? Oh, not you!
Well listen, I got this phone installed for business
And who gave you our number? Seriously, what is this?
The new fad? Now you wanna kick it to a rapper,
DJ or dancer? Well I don't have the
Time for no stunts, no hookers and no games
Our name and our fame is for the long way we came
The struggle, the hassle, the hustle, the fight
And you're asking me if you can see me tonight?
Don't you know the Guru's not the type to be out skeezin'
The reason is because I do believe in
Havin' the right to choose the one I want
And, if I had a girl, why would I front?
You're only gonna get your feelings hurt, miss
And truthfully I really don't wanna have to diss
My music means everything to me, it's my life
So make like a camper, and go take a hike
You can't mess with my mind, and don't tie up my line
You called yesterday, so what you want this time?"

[Verse 2]
"A-yo Premier (Yeah?) Who's that knockin' at the door?
(Yo man, it's Vicky) Vicky? Are you sure?
The one from down the block who was actin' all hot
She stops me all the time and says she likes me a lot?
How does she know where we live, I didn't tell her
And word is bond, duke, I'm not the fella
No matter what I say this young lady's persistent
For instance, she watches me from a distance
And if I walk by and I forget to say hi
She pushes up on me and rubs me with her thigh
I told her I was taken, but she doesn't care
A-yo, do me a favour, tell her I'm not here
Forget it, I think she heard my voice already
You can let her in, but I'm tryna cook spaghetti
Oh, hello, how you doin'? Who me? I'm fine
I don't mean to be rude, but...what you want this time?"

Gang Starr Lyrics

"Street Ministry"

Presenting you with alternative music
'Cause, yo, the struggle is tough, and we must learn to live through it
Pleasure and pain, pain and pleasure
We gotta maintain a balance to obtain the treasure
Not really preaching or teaching but just reaching
Out to a brother or sister who is keeping
The faith and trying hard to get straight
The time is crucial so I think we must congregate
Let's have a meeting of the minds
Before we all fall and get left far behind
Finding a way is important
Map out a plan, take a stand, you can work it
The future's all in your hands and
So of yourself, yea, you should be demanding
We're all responsible for whatever outcome
That's why I speak over beats for my income
Knowledge is key and if you ask what it is, G
It's just a form of my style of street ministry
Street ministry...

Gang Starr Lyrics

"Just To Get A Rep (LP version)"

Stick up kids is out to tax *[x2]*
And this is how the story goes

Brothers are amused by others brother's reps
But the thing they know best is where the gun is kept
'Cause in the night, you'll feel fright
And at the sight of a 4-5th, I guess you just might
Wanna do a dance or two
'Cause they could maybe bust you for self or wit a crew
No matter is you or your brother's a star
He could pop you in check without a getaway car
And some might say that he's a dummy
But sticking you and taking all of your money
It's a daily operation
He might be loose in the park or lurking at the train station
Mad brothers know his name
So he thinks he got a little fame
From the stick-up game
And while we're blaming society
He's at a party with his man
They got their eye on the gold chain
That the next man's wearing
It looks big but they ain't staring
Just thinking of a way and when to get the brother
They'll be long gone before the kid recovers
And back around the way, he'll have the chain on his neck
Claimin' respect, Just to get a rep

Ten brothers in a circle
Had the kid trapped, the one wit the hood, he said, "We'll hurt you"
If you don't run out your dues and pay
Give up the Rolex watch or you won't see another day
See, they were on the attack
And one said, "Yo, you wanna make this to a homicide rap?
Make it fast so we can be on our way
Kick in the rings and everything, ok?"
The kid was nervous and flinching
And little shorty with the 3-8, yo, he was inchin
Closer and closer, put the gun to his head
Shorty was down to catch a body instead
Money was scared so he panicked
Took off his link and his rings and ran frantic
But shorty said, "Now" pulled the trigger and stepped
It was nothing, he did it just to get a rep

Gang Starr Lyrics

"Say Your Prayers"

So many things will happen that one can't explain
You find yourself saying "who me", time and again
They say what goes around, comes around
ahun, so think about it while you're messing up clown
A mother's love and a father's concern
Here is the reason you should listen and learn
'Cause quick schemes and fast living can kill ya
I know how the excitement and danger can thrill ya
But take it from somebody who knows
'Cause after all the highs, you're gonna feel all the lows
This is why knowledge of self is essential
'Cause if you don't have it, you may simply go mental
See, life is not a thing to be toyed wit
'Cause every second, another dream is destroyed wit
The systematic plan devised to erase us
And straight to hell is where they're trying to take us
But never fold and hold back your fears
Have a strong mind and try to say your prayers

Gang Starr Lyrics

"As I Read My S-A"

[DJ Premier scratches] "at this time I have the honor to present to you"

[Guru]
Parahraphs, portraying my viewpoint
So stay attentive, cause this is a new joint
From the G-A-N-G with the info
Lyrical elements emerge from the intro
Forming a poetic mass over pathetic trash
Other writers are outclassed
Surpassed by the words and the wit
Rhymes fit and hit cause that's how we designed it
Page for page, we are the new age
Dope in the videos and dope when we're on stage
Commanding respect with my ink pen while suckers are sinking
as I'm keeping them thinking
Narrating phrases of value, and I can see now you
relate to what I create
From back in the days of my youth, I've looked for the truth
And yo my rhymes are the real proof
New heights and new realms have been reached
by use of my speech along with one of Premier's beats
So listen and we'll show you the best way
and then sway, as I read my S-A

[DJ Premier cuts and scratches again]

[Guru]
Worshipful words giving insight, so just be observant
so you can get this right
My oratory gift is abundant, so dazzling to minds
that you should come get
a glimpse of the one who puts wimps out of work
The script is a mess and they dress like they're jerks
Beyond them, is where I'll be dwellin
The Guru will tell em, why their records ain't sellin
Placin my fingers on the tool, I runaway all fools
when I'm dispersin a verse
Think of an enjoyable moment, then boogie your body
Cause this party I own it
The origin of this is on paper
Vibes will ascend from my mind to each line
I go with the flow as I show expertise
The powers increase as my voice hits the streets
Then gripping your soul with authority
I pour these rhymes in a cup so drink up
And then I might bring another round
Watch the sound pound from the floor to the ground

And keep aware, cause we'll show you the best way
And then sway, as I read my S-A

Gang Starr Lyrics

"Precisely The Right Rhymes"

[Guru]
My subject matter and context are blessed
Vocal inflection connects, it's a slugfest
Ladies approach to hear quotes from the spokesman
Thoughts are like oceans for my lyrics to float in
I'm absolutely astute so salute
You try to be cute, and you get tossed like a crap shoot
Don't misinterpret or slander
Just get with the words and the way I command ya
Cause you're in the right place, and luckily it's the right time
And since I'm inclined, I'll kick precisely the right rhymes

[Premier cuts and scratches] "to kick the right rhyme"

[Guru]
Listen listen listen I'll tell ya
My rhymes are like shelter, or rather like an umbrella
Protecting you from the weak stuff you heard from those creampuffs
about the schemes that they dreamed of
About the way they slayed this one or that one
but won't step to me, cause they know the last one
who tried to match the panache of the Guru
received a curse that was much worse than voodoo
Cause the effect of my voice is immense
It would make more sense if suckers hide in the basement
But yo I don't look for hassles, my rhymes are like castles
I got much flavor and class too
I know you've notice I'm a writer of hype lines
Because I'm inclined, to kick precisely the right rhymes

[Premier cuts and scratches] "to kick the right rhyme"

[Guru]
Precisely the right rhymes, simplistic but packed
with power and punch, and yo you might want to step back
But stay close as your host serves hors d'oeveurs
Satisfying your cravings, and calming your nerves
See I have an interest, in giving you more than the next man
Cause my style is pure and
if you are sane and remain in your right mind
You'll see I'm inclined, to kick precisely the right rhymes

[Premier cuts and scratches] "to kick the right rhyme"

Gang Starr Lyrics

"The Meaning Of The Name"

The meaning of the name GangStarr, well I'll tell ya
It means I find my mind can excel to
a greater type of thought, brought by the things that I've been taught
in relation to things that I rebel to divine and combine
with a sense of confidence
Accomplishments, are achieved off lots of gifts
But slopiness, I could never tolerate it
Not the Guru nor Premier you don't know how long we've waited
While other groups have faded, just like haircuts
We use sheer guts to open the earducts of your brain
to expose every vain
Cause you sound plain, insane, and mundane, it's a shame
You've got no beats, so you get no seats
at this table, you ain't stable with the mic cable
Kane and Able, jealous brothers
And I knew some girls who were overzealous lovers
But back to the act of developing the GangStarr track
It means that nothing can be wack
The music is picked right, the mic is gripped tight
The lyrics I kick right to a beat like Kryptonite power
Not withstood by any mortal or immortal
To make you get on the floor til
another dope jam we slam with precision
Bringing beams of light, like the colors in a prism
or reflections, through a spectrum
And all the soft silly suckers I'ma wet them
in other words destroy boy, and then claim my fame...
This is the meaning of the name

[DJ Premier cuts] "what does it all mean?"

[Guru]
GangStarr, it means a lot to me
It means I'm free to bust rhymes sporadically
Gang represents my boys or a posse
So just back up off me
And the Starr symbolizes the power
Making the suckers and weak brothers cower
We got strong, intelligent minds with a street sense
Crazy offense, and stupid defense
Now, have I made myself clear?
Or do I have to call on DJ Premier?
For he and I make up the songs that you long for
Meanwhile ducks just knock on the wrong door
Waiting for a call or for the doors to open
Cause they're hoping, that they'll get chosen
But to be chosen is a divine gift

You better get a job quick
See you can't rhyme and all your beats are weak
You oughta take a peak and check out the technique
Seek, and you shall find
GangStarr stands for mastermind
Simple and plain and yo this ain't no game lame...
This is the meaning of the name

[DJ Premier cuts] "what does it all mean?"

Gang Starr Lyrics

"The Place Where We Dwell"

[Verse 1:]
New York, New york is where we live and we're thorough
Never taking shorts cuz Brooklyn's the borough
Peace to Uptown, to queens and the Bronx
Long Island and Jersey get as fly as they want
Where we rest is no joke
So let me break it down to sections for you slowpokes
Fort Green, bedstuy, Flatbush, Brownsville
Crown Heights and East New York will be down till
Medina takes respect for the style's we bring
Cuz in Brooklyn, we be into our own thing
Alantic terminals, redhook bushwick
Come to Brooklyn frontin, and you'll get mushed quick
We ain't just know for flipping and turning out parties
But also for the take no bullshit hotties
On the subject of blackness, well let me share this
Brooklyn is the home for cultural awareness
So in all fairness, you can never compare this
Some good, some bad. little hope for the weak
Dangerous streets and Coney Island Beach
All this included when you go for a tour
Some can get scandolous and outright raw
When you step, step correct and watch where you move
We pay dues so we ain't trying to lose
Here in Brooklyn
The home of the black and the beautiful
For a ruffrap sound, ain't a place more suitable
Other cities claim this, and others claim that
But let me give some props to the place where we be at
B-R-double O- K-l-Y-N
I came in for a visit and ever since then
I've been incorporated with select personel
Right here in Brooklyn, the place where we dwell

Way down in Brooklyn *[x3]*
Those who live in Brooklyn know just what I'm talking about

[Verse 2:]
Peace to Boston, Philly, Conneticut, DC
All the east coast cities are fly to me
Peace to everybody down south and out west
But for me, Brooklyn, New York is the best
Don't be afraid to venture over the bridge
Although you may run in to some wild ass kids
Take the j train, the d or the a if you dare
And the 2,3,4,5 also comes here
There's so much to see cuz Brooklyn's historic

Fools act jealous but you have to ignore it
So I just lounge wit the fat clientel
Out here in Brooklyn, the place where we dwell

Way down in brooklyn
You know the place...

Gang Starr Lyrics

"Flip The Script"

Brave is the knave who steps up to be slayed
by the one who forgave him for his first mistakes
He'd best behave, or I'ma send him a wave
of some shocking volts, he doesn't know what he's talkin about
He's kickin a bunch of crap so I'll be the judge of that
The boy lacks artistry but still he tries hard to be
an entertainer, but instead he's a waste of
my time and your time so I'll kick the pure rhymes
Whenever you're looking for rap that's exceptional
and credible, straight to the G's you better go
Cause GangStarr's known to be prone to be
masters of streetwise poetry and turntable wizardry
but still be a cold day in Hell when you hear that
Guru or Premier ever tell suckers get sales
but they fail in the long run that kid who went gold yo
That was the wrong one but tonight the spotlight is all on me
I'm the Guru, of the G-A-N-G
Taking out scrubs cause they rub me the wrong way
and I'll say, that they've still got a long way to go
to show they can flow like a real pro
So gimme that loot catch the boot from my steel toe
I'm changing the scenery as I make em uncomfortable
cause most MC's ain't really got no pull
Watch me stifle em quick with the gift and the wit
Make em quit all that riff as I flip the script

[Chorus]

Fool listen, I know that you've been missing
all this and so my rhymes are gonna gleem and glisten
like a gem, and if you are the fake MC type
I'll shine so bright I'll be blinding your eyesight
Your capabilities fall short so I'ma treat you like a dwarf
on a basketball court still you try to rap
And even claim you got new styles but
rolling your tongue's been playe dout for a while
And you don't sound fly so why are you doing that?
You had a dope track but you're wack so you ruined that
I couldn't make out what you were saying your diction
is jumbled where as me I'm conveying clear thoughts
to a crowd that's most critical
Booty duck rappers like you are just pitiful
I bet you couldn't name more than one pioneer
Cause you didn't pay dues and you got on on outta nowhere
But that's OK cause I'm peeping your card
If rap was my house you'd be sweeping the yard
As I recline I'll find more chores to give ya

like moppin the floors or maybe fetchin my slippers
So don't even trip or run off with the lip
Cause as soon as you slip you know I'll flip the script

[Chorus]

So as I kick a bit flip with script without a skip
butter roll MC's get dissed like this
You'll never got none son because I'll become troublesome
You rap like a simpleton
And I hate scum yo I can easily deflect your threats
cause they're idle my recital will break you down
Just a fight til the end cause I can take ten at a time
Give em all a fair shot to see if any can rhyme
And even if one is decent, I'll still get props
I'll kick the slick lines til the last one drops
As my powerful skills are unveiled I'm tippin the scales
and weighing much more than your tall tales
Stop the exaggeration perpetration observe
and make simple notation
Nobody no where no way no how
is taking me out cause I can throw so you know now
Can you feel it, I bust raps so lay off
before I steal that so called title that you gave yourself
But you really ain't jack so yo you played yourself
And now you look from a distance as you sweat my tip
You know I'll whip you swift when I flip the script

Gang Starr Lyrics

"Ex Girl To Next Girl"

[Verse 1]
You know I used to be a player, fly girl layer and a heartbreaker,
lovemaker, backbreaker but then I made a
mistake yes I fell in love with this ill chick
sweatin' me for money, my name and the dilsnick
my homeboys told me to drop her for it would be to my benefit
she used to say I'd better quit hanging with those derelects
romancing is my thing but I can't swing with no scheming hoes
wherever my beema goes you know that I'm driving
surviving in the 90's is a must so I trust
that everyone listen up as my vocals give thrust
I bust my rhymes first never chasing a skirt
do much work while other suckas need more time to rehearse
now back to the ex-girls, ex-lovers, ex-friends
it made me mad to find that she was only after my ends
she phones me and goes on about her new life now
I wish she knew right now
I think she's busted let's discuss it
when I was with her no trust, just fights
just the he-say-she-say and the neighborhood highlights
bow I got my new girl or as I say my baby doll
but I'm still gettin' crazy calls, my ex-girl's got balls
don't wanna play the field cuz I get lovin' at home base
don't gimme no long face just exit with a grace
you and I are the past, c'est la vie, much respect girl
but now you're my ex-girl cuz I'm on with the next girl

[Chorus]

[Next]

[Verse 2]
she had much loot liked to buy me fresh-dipped gear
liked to have me near cuz of my svoir faire
the time we shared was brief cuz I needed relief
from her high-classed antics and all her conceit
now she's crying wolf and I like don't wanna hear that
I told her the bear facts when things started out
she wines and she pouts about how I did her bad
yo but she'd tried to buy me
even tempt me with the hiney
I fell for a sec cuz the clothes were real fly
I could almost feel I
would give into her whims
her thoughts were erratic, sporadic, crazy in nature
I told her hey look I can no longer date ya
Tried to pimp with bank and fell short, your ship sank

many thanks for the time and the watch and the link
you and I are the past, c'est la vie, nuff respect girl
but now you're my ex-girl cuz I'm straight with the next girl

[Chorus]

[Verse 3]
you saw my mom in the supermarket and gave her your number
you asked how's my sister then asked how's my brother
didn't ask about my father cuz you know he ain't like ya
every time I left for your crib yo he'd really get hyper
the advice he used to give me makes much sense now
I can't believe I used to let you break my confidence down
you used to ask me why the hell did I wanna live in Brooklyn?
you messed up my flow although you were good-lookin'
yes darlin' was fly and this was the problem
cuz back in the day she had me scheming and robbin'
to get her things to wear so when she went to the club
all eyes were on her and me I just bugged
caught in between felling proud and feeling more like a sucker
had to go undercover, get away, find another
been in Brooklyn 9 years and been around the world too
I've seen so many fly girls and I knew just what to do
I went from ex-girl to next took my time with each one
and you know they still love me so stop jellin' me hon
went home to see mom and I saw you at the bus stop
must I stop? nah I think not
you and I are the past c'est la vie, much respect girl
but now you're my ex-girl & I'm out with the next girl
out...

[Chorus]

Gang Starr Lyrics

"Soliloquy Of Chaos"

5 carloads deep, time to go do a show
Got a massive crew and we're ready to roll
So I grab my gear hop in the whip and ride
Premier he's got the fly dope system inside
But my shit cranks too and we've got mad tapes
of all the underground groups with the lyrics and bass
Off into the New York night we go
Dre large got the camera biggest, Gord's got three rolls of film
So we can take the macked out photos
Tommy Hill, The Damaja and my man Gunsmoke
Corey and Smurf and Lil Dap's got a forty
My man Gary and Shiz and the nutcracker Shorty
Mike Rhone, chillin' like Capone
Robinhood, Known as Mel with the clientelle
Mo, JT, Mega, can't forget black
they're rockin' sincere, yes the posse's fat
Out loud pulls up plus there's Sid and OC
Big Mel from strong island H.L. the one and only
O. Delicious, Ely, Bazz and Eon
and the aroma of the blunts has me thinking beyond
And to the rest of the crew you know the bond is strong
and you know who's who, so let me not prolong
For this was a night to remember
I had on the beige Tims with the two tone leather
So we get to the jam, the gig, the venue
then we circled around and then drove in through
the front the place was packed the line was long
I was bobbing my head cuz the music was on
I turned it down then I peeped to my right
I saw this kid and his girl having a fight
Another kid walked up and mushed the kid in his face
and then the kid pulled out and bust and laid him to waist
A riot broke out girls screaming and scheming crews
started buck wiling tryna' snatch kids jewels
After that 50 came and turned the party out
and then the ambulance came to take the body out
And we didn't even get all the equipment out
and we didn't even get to turn the place out
This can happen often and it's really fucked up
So I'll ask you to your face homeboy what's up
Did you come to see my show or the stupid nigger playoffs
Killing you and killing me it's the soliloquy of chaos

And if you live in the cities where streets reek warfare
people getting nowhere bot you go for yours there
You'll find it doesn't pay to front or play the role
You could get stole or maybe beat with a pole

Then you'll wanna retaliate, regroup and come back
so you set the brothers up for a sneak attack
Whether you die or kill them, it's another brother dead
but I know you'll never get that through your head
Cuz we're mislead and misfed facts, we're way off
killing you and killing me, it's the soliloquy of chaos

Gang Starr Lyrics

"I'm The Man"

(feat. Jeru The Damaja , Lil' Dap)

[Verse 1: Guru]
I say people people come on and check it out now
You see the mic in my hand now watch me wreck it now
what is a party if the crew ain't there?
[what's your name?] call me Guru that's my man Premier
now many attempts have been made to hold us back?
slander the name and with-hold facts
but I'm the type of brother with much more game
I got a sure aim and if i find you're to blame
you can bet you'll be exterminated, taken out, done
it doesn't matter how many they'll go as easy as just one
bust one round in the air for this here
cuz this year suckers are going no where
cuz my strret style and intelligence level
makes me much more than just an angry rebel
I'm Gifted Unlimited Rhymes Universal
mc's that ain't equipped get flipped in my circle
I'm aiming on raining on the bitch ass chumps
cuz their rhymes don't flow and their beats don't pump
and niggaz better know i paid my dues and shit
I'm bout to blow the fuck up because I refuse to quit
I'm out to get the props that are rightfullly mine
yeah me and the crew think its about that time
but on the DL you know that Gangstarr will conquer
that's why you stare and point and others cling on to
my nautica, asking for a hookup
well sorry but my schedule is all booked up
nobody put me on I made it up the hard way
look out for my people but the suckers should parlay
cuz it's business kid, this ain't no free for all
you have to wait your turn, you must await your call
so now, now it is my duty to
eliminate and subtract all of the booty crews
and suckers should vacate
before I get irate
and I'll kick your can
from here to Japan
with force you can't withstand
cuz I'm the muthafuckin' man

[Break: Guru]
yo right now I got my man Lil' Dap from the Group home
yo step up to the mic and tell them why you're the man

[Verse 2: Lil' Dap]
so much anger built inside

so don't stop to say hi, muthafucka just die
my shit holds a mouthful so i guess you know what's up
why punks get killed at the end of the month
styles and styles I flip
Lil' Dap remains sick
yes the Group Home is thick
so all you punks hear this
everytime you riff
the more fame that we get
muthafuckas act hard
thinking that they are God
niggaz just don't understand
let me be my own man
did everything on my own
and everyplace wasn't home
everywhere that I'd rest
I had to dress with a vest
I guess you get the routine but with a lot of stress
frustration on my mind
brothers doin' mad time
rhymes are organized like crime
as we're rippin' the lines
brothers just don't know
how shit got to go
cuz I was told
to never give my back to the street
as I walk through the ghetto
dead souls I greet
see my man give him pound
then I walk with a frown
another minute
another brother's gunned down
shit is getting too close that's why the Group Home is thick
so everytime you riff the more fame that we get
my father always said don't watch the one across the street
watch the one right next
b'cuz he's easy to flex
took heed to what he said
yeah that deep ass nigga
while brothers hang around
tryin' to get down
niggaz just don't understand
I'm the mutha fuckin' man

[Break: Guru]
and also on the set from Dirty Rotten Scoundrels
we got my man Jeru the Damaja
yo tell them why you're the man

[Verse 3: Jeru the Damaja]
I'll tap your jaw
you probably heard it before
step to the bedlamite I'll prove my word is law

drugstore with more
dope rhyme vendor
not partial to beef
the chief ambassador
niggaz get mad cuz they can't score
like a wild west flick they wish to shoot up my door
but I incite a riot
don't even try it
bust up chumps so crab kids keep quiet
like I said before
I tap jaws
snatch whores
kill suckers in wars
vic a style you said was yours
money grip wanna flip but you're fish
house the mic like your hooker and did tricks on the bitch
Dirty Rotten Scoundrel and my name is Jeru
utilizing my tools in '92
MC's step up in mobs to defeat us
when we rock knots and got props like Norm Peterson
lot's of friends, lot's of fun, lots of beers
got the skills, kreeno so I always get cheers
troop on like a trooper no tears for fears
I'm a get mines cuz the crew'll get theirs
cut you up like Edward Scissorhands
you know the program I'm the mutha fuckin' man...

Gang Starr Lyrics

"Take It Personal"

I never thought that you would crab me
Undermine me, and backstab me
But I can see clearly now the rain is gone
The pain is gone but what you did was still wrong
There was a few times I needed your support
But you tried to play me like an indoor sport
like racquetball, tennis, fool, whatever
All I know is you attempted to be clever
Nevertheless, cleverness can't impress
Cause now you've been expose like a person undressed
cause I see through you, I'm the Guru
Now what you gonna do when I step to you
and when I pay you back I'll be hurting you
This ain't no threat so take it personal

Rap is an art you can't own no loops
It's how you hook em up and the rhyme style troop
So don't even think you could say someone bit
off your weak beat come on you need to quit
I flip lines and kick rhymes that never sound like yours
There oughtta be laws against you yapping your jaws
Originality overflows from in me
and the truth is, that you wish you could live the
life I live and kick the lyrics I kick
But bear in mind that you can't think as quick
So Premier drops a beat, for me to say verses to
And if I sound doper then take it personal

Don't be mad cause I don't come around the way
like I used to, I don't have time these days
I'm keeping busy making power moves
Don't try to say I don't remember you
You shouldn't let your jealousy show like that
I stopped coming by, cause of the way you act
Telling my business to kids I don't even know
You're like a daytime talk show, and that's low
So you can tell everyone, that I'm jerking you
And if you don't like it, take it personal

Gang Starr Lyrics

"2 Deep"

[Verse 1]
I'm 2 deep and yes much too complicated
my lines when stated are quite often underrated
so consider it a privilege to hear this
those weak-minded opinions could never come near this
for my outlook on life is a profound view
whil the suckers act down thinking that they sound new
only a few sound true
me and the crew know who
cuz you see me and the fellas have been waiting for a while now
giving you the time to get your wack-ass style down
you punks pop junk as if life is a fantasy
knowing that hard is something you can't be
so you front but you could never call my bluff
cuz you'll catch hell you'll get dealt with

[Chorus]
I never sleep
I always peep
rhymes creep
I'm 2 Deep
I'm 2 Deep....

[Verse 2]
I forgive you sike I'm takin' your life
cuz you continue to disrespect so I'ma get trife
but then again I think I'll spare ya
cuz I know tht all it takes one rhyme just to scare ya
see I'm the holder of the key
don't ask me if I'm Muslim don't say nothin' to me
I said I was raised like one son I had two cousins
they pushed me to find myself or else they knew I wasn't
gonna make it and then end up a statistic
my life was twisted I almost missed it
the chance yes the chance to make you feel good
I used to steal goods and fake my parents out real good
but now I got K-N-O-W-L-E-D-G-E of self cuz I'm me
and the nation of Islam has my support
cuz they try to reeducate the ones who are lost
and the 5 percent nation takes other steps
to get through to brothers on the corners with the reps
and in the prison they give the brothers new visions
of how we can gain wealth gain self esteem and dream
of a total different scene I dress clean, stand lean
say what I mean and I'm out
like a scout on a new route exhibitting clout

[Chorus]

[Verse 3]
for right now yo my religion is rhyming
perfect timing test the flow and climb in
Ansaar, Sunnite, Sheite, Jihad
all must regard the times are hard
unite or perish
is the message I cherish
that goes for my people of all religions
if we're all black why have so many divisions
superficial factors are drawing us apart
don't let it happen
let's put some respect back in
so before I act I think cuz it's the brink of destruction
word corruption what's up son your gun is just one
and I just might have one
or two or maybe even three or four
and plus an army of 100 or more
but violence is never my first choice
I come in peace to release the effect of my voice

[Chorus]

Gang Starr Lyrics

"No Shame In My Game"

As I deliver rhymes with ease and walk around with my head up
I'm dead up serious so don't be getting too curious
Motherfuckers always wanna know what makes me tick
I'll pull a phrase out quick cuz I'm dipped and I'm slick
You thought that I would slip cuz you seen me drinking forty's
it shocked you then you told your friends you saw me
Well say what you want cuz all of mine is in tact
in fact I'll have you open like a hookers gap
I like to catch a buzz cuz I get into the beats more
MC's are washed up like dead fish on the seashore
Save the talk cuz you know I walk that walk
hitting city to city but I make my home in New York
I know the time with this rap shit cuz they got it all backwards
they need to take a hint or catch my microphone imprint
Straight to the dome through the skull to the tissue
Call me Guru I'll diss you if you're pressing the issue
Not my style to be sweatin' all the stupid ass rumors
I take it as a compliment and fuck you too
If you're scheming on the chance to put a stain on my name
Don't even think about it cuz ain't no shame in my game

No shame in my game

Stick to the subject I ain't afraid to be real
a lot of MC's fake hard just to gain appeal
I like some gangster rap, don't like the prankster crap
so I get passed all that by kicking straight up facts
There ain't no reason to shoot unless you got beef
if you pull out and you don't use it than you may catch grief
Toolies and techs ain't toys but kids got 'em today
and if they're ready to spray best get the fuck out the way
I try keeping my sanity by thinking of better times
if I write clever rhymes then maybe I'll climb
But what the hell's success if the mess ain't changing
50's still corrupt stupid gangs still bangin'
Stick up kids still stickin' nasty hookers still trickin'
all the pimps still pimpin' and all the crackheads trippin'
While the dealers still sellin' so I'll refrain from the yellin'
And the preachin' cuz who the fuck would I reach man
Niggaz don't wanna stop that, they wanna live fat
who'd wanna clean up their act when the papes come in stacks
They live for the minute and they're all wrapped up in it
it's an unfortunate state for many it's too late
Now death stalks the streets and it's right at your gate
so bug, lose your mind but I ain't goin' insane
I'll kick the fly lyrics cuz ain't no shame in my game

No shame in my game

Life's a bitch so who are we to judge each other
I know I got faults I ain't the only motherfucker
Stuff I heard about you wasn't too cool you know
like how you smoke wools and that your girl's a ho
But I don't listen to shit unless the story's legit
Knuckleheads need to quit cuz they be riding the dilsnick
But I'll be taking care of business regardless
and when it comes to rhyming you know I'm hitting hardest
So you can kick dirt but in the end you'll feel pain
you little sucker, there ain't no shame in my game

Gang Starr Lyrics

"Conspiracy"

You can't tell me life was meant to be like this
a black man in a world dominated by whiteness
Ever since the declaration of independence
we've been easily brainwashed by just one sentence
It goes: all men are created equal
that's why corrupt governments kill innocent people
With chemical warfare they created crack and AIDS
got the public thinking these were things that black folks made
And every time there's violence shown in the media
usually it's a black thing so where are they leading ya
To a world full of ignorance, hatred, and prejudice
TV and the news for years they have fed you this
foolish notion that blacks are all criminals
violent, low lifes, and then even animals
I'm telling the truth so some suckers are fearing me
but I must do my part to combat the conspiracy

The S.A.T. is not geared for the lower class
so why waste time even trying to pass
The educational system presumes you to fail
the next place is the corner then after that jail
You've got to understand that this has all been conspired
to put a strain on our brains so that the strong grow tired
It even exists when you go to your church
cuz up on the wall a white Jesus lurks
They use your subconscious to control your will
they've done it for a while and developed the skill
to make you want to kill your own brother man
black against black you see it's part of their plan
They want to send us to war and they want to ban rap
what they really want to do is get rid of us blacks
Genocide is for real and I hope that you're hearing me
you must be aware to combat the conspiracy

Even in this rap game all that glitters ain't gold
now that rap is big business the snakes got bold
They give you wack contracts and try to make you go pop
cuz they have no regard for real hip-hop
They'll compare you to others and say: "but yo, he sells"
and you know in your heart that he's weak as hell
So you say: "I ain't doing that corny stuff"
but they tell ya that your chart positions will go up
Sometimes they front big time and make you many promises
and when they break 'em then your mama says
"Son you're making records but that guy seems shady"
it could be too late and your career could be played gee
I hope you listen to the things that I'm sharing see

we all have a job to combat the conspiracy

Gang Starr Lyrics

"The Illest Brother"

[Chorus:]
Gotta be the illest brother to claim respect
It takes the illest brother just to get respect
Got to be the illest brother when it's time to get wreck
Got to be the illest brother when I get my mic check

I'm one of the illest brothers known to man
but if you don't understand, see I'm a grown man
And I stand 5'8" and 3 quarters
giving orders to my sqaudron cuz I'm like the sergeant
or general but let me keep this minimal
I used to hang with kids who like to live trife with a knife
Cutting kids for fun and pulling out much guns
and like riflery champs fellas start to get real amped
Dead bodies lay stamped to the pavement so I gave it some thought
remembering the brothers who are gone now
I will make a strong vow to make things right
ignite the mic, get hype and all that
Suckers try to menace but they always fall
flat to the ground as I astound come around
I'll put you down about the brothers who think they're the boss
think they're getting large but in the end they pay the cost
Of their lives and that ain't the way to go out
even take their boys with 'em cause they know their boys will go out
But when it comes to facing some time
they're like crying like weeping, wanna call mom Dukes
But mom Dukes is fed, fed up with the shit you did
she knows that you shot and she knows that you cripples kids
But who's to judge when you're trying to survive
the one who moves first might be the one to stay alive
So when you think you're hard and dominating the set
just remember the illest brother claims respect!

Like I said I'm an ill kid, so never dare test me
they wanna arrest me cuz I'm causing a frenzy
Fake gangsters come and fake gangsters go
real gangsters chill cuz real gangsters know
That quietly you stalk your prey on the down low
cuz too much talk will get you beef on the street
And brothers in the city have to live this way
it may cause dismay but Imma' tell it anyway
Yo guns are easy to get and like a puppet
some young kid is gonna be the subject of internal oppression
An example of hard times
cuz to make it out the trap in your mind it's a hard climb
But even if you change and come right and exact
there's another brother scheming so just watch your back

I know a brother who thought he had it all
but little did he know he was bound for a down fall
He'd pick up the heater and go stick somebody
he wouldn't give a damn if he killed somebody
Cuz if somebody would get in the way of him getting loot
there'd be no hesitation he'd just shoot
It's like The Good, The Bad and The Ugly
except it's reality and you don't see it on TV
Brothers keep dying in the streets cuz the streets are designed
to keep you from having peace of mind
I know an old man, he's got a rifle to stifle
any young punk, he hides it under his bunk
And I know a kid who's been to jail
and he told me that the system had failed him
So now he's out the joint and he's like flippin' on kids
and the people in his neighborhood are flippin' their wigs
But you gotta check the move cuz there's a reason
a method to the madness and you know what I'm meaning
Cuz rather than being the herb, vic, or chump
you can be just like my man cold holding the pump
But living like that you take a chance with your life
but some things in life, sometimes will make you uptight
I'm like an avalanche of knowledge pounding down all fools
all fakes, all snakes
and ones who try to break the rules and regulations
Stipulations made by the GangStarr
you try to flex muscle but you know you can't hang ha
You're making me vexed but yeah you can go next
just remember the illest brother claims respect

[Chorus repeat]

Yo money don't front you know you blew your chance
and now it's my turn so Imma' take command
Cuz I'm like the one who's got all the juice
I always get loose I got the balls to reduce your crew
Very easily I got more ammo
I'm like the ill kid the psycho man yo
Cuz now I'm past the point and I ain't gonna return
and when it comes to your destruction I ain't really concerned
About the consequences cuz I'm living day to day
So who are you to comment about me and my ways.
I get my attitude from living and I never forget
You got to be the illest brother just to claim respect.

Gang Starr Lyrics

"Hardcore Composer"

Now I got you looking stiff you numbskull, you're at a stand still
Still faking that you're hard with your rhymes and got no hand skills
so I'll easily drop you and stop you from rhyming
Send you home to moms all bruised up and crying
Then if you want you can go call your people
You're gonna need a mob against me cause I'm lethal
Not that I'm a violent brother to the contrary
My vocals carry, and then I bury
MC's in holes that they dug for themselves
Couldn't be themselves so they sold themselves
to a company exec who doesn't have respect
for real rap music so he wants to get an MC
that starts out street to crossover
but not me, cause I'm the hardcore composer

You ain't a writer nor a fighter you're just a biter
I think you need to save all that because in spite
of the reputation that you think you have
the crew already knows that you're really a crab
So I'll grab the mic with haste and send you out of this place
and back to trace my flow but don't waste your time bro
It only takes a minute a second for me to switch
and rearrange real quick cause I can kick plenty styles
Rhymes stretch many miles
I'm the authentic yes the lyric unloader
The truth exposer, the hardcore composer

All you delirious curious suckers
you better act like you've been known I mack
and hold my own with a mike just to stagger
a bragger, retire a lair and very easily
I'm pass by ya cause you didn't want to give the credit
where it was due, yeah it was you, uh huh it was you
and your crummy corny ass crew
So we shall enforce that you lost and plus you oughta
find another type of life and yes another source of income
And here's some advice you can't rap this nice
I broke ya over and over I told ya
I would mold ya why? Because I'm bound
to give original sound and as your ears pound
bringing pleasure and pain
as brains start to gain from musical measures
Forming mystical questions never typical inventions
Developed by my Gifted Unlimited mind
Suckers wanna rhyme cause they're eager to find
the secret behind the way that I stomp all comp
Just like a Timberland it's the Guru and Premier

It's them again droppin the fly tracks
and taking things over and never selling out
cause I'm the hardcore composer

Gang Starr Lyrics

"B.Y.S."

I'm like a sniper rhymes'll strike ya when I'm rockin
mad chicks be jockin' when the G Starr's talking
And that's because my word is bond
I get much fan mail and I always respond
So tell your hon to write me too
make sure she puts attention Mr. Guru
Brothers know the flow is unique
I got 100 wild styles in my black valise
MC's wanna be me so they keep askin
for me to teach 'em methods both slow and fast
And others wanna act as if they're better
but they only got one style which ain't all that clever
I'm cooler than wind, harder than cold steel
I get the ladies with more than just sex appeal
A mystic psychic scanning all your thoughts
I'll touch your soul and make your brain feel caught
When my rapture traps ya and makes you mine
You'll submit to the gift and to the lyrical lines
So suckers realize that the size is too large
when I come through I'm pullin' whole crews cards
I be wreckin' correct and on the gangster tip
MC's who front: Imma' gonna burst your shit

I wonder do you love it enough
I'm steppin' rugged and tough, never to front or to bluff
I got the fresh cut baldy, the brothers call me
Guru the man yes with all the
J-A-Z-Z-Y type essence, street type lessons manifesting
the one who make the fly ladies feel pleasant
Never forgettin' that to myself I'm true
do what you want to but watch yourself though "duke"
I don't wanna hear all of that loud mouthing
try to pull yours out when nothing comes out
Then you'll see why you can't compete with me
the notorious Guru of the Gang you see
Starr stands for power like I said before
I'm like the doctors cure slicker than Roger Moore
I slide up to a crab MC like this
tap 'em in the head with my mic like this
I'll be revealing that you're weak to the world if you wish
And I insist that if you persist
then you get creamed, cuz Imma' get real steamed
so don't you try to flex and try to look all mean
Heyo check it that's dead that's it
cuz all you phony ass rappers Imma' bust your shit

Now when you see me on the set you know I may unleash

a lyric like a mad dog barking through the speaker
Step off unless you wanna get torn up
your raps worn out burned out fucked up
You locked up or maybe you locked out
cuz at the battle last time you snuck out
But now I'm rolling over you full blast
I'm here to let you know no longer will the bull last
MC's telling lies and poppin' all those myths
Keep on fakin' moves and Imma'...

Gang Starr Lyrics

"Much Too Much (Mack A Mil)"

[Verse 1:]
Other MCs in the place know I'm much too much
and I'll bust 'em all up without even cussing
all wannabe's are never ever gonna be nothin'
Gang Starr's in the house and we're crushing
so suckers better be up on their p's and q's and
competition come against me and you're losing
I'll use a simple style just to catch you snoozing
wake up wake up kid read the news and
take heed cuz you need to see how battles are won
when a real man displays how it must be done
and I snuff bum MCs and keep the cashflow comin'
and never had no problems getting women
I'm like a catalyst causin' a chain reaction
dopest vocalist ad now the main attractionn
things turn gold at my slightest touch
that's why the people say that I'm much too much

[Chorus:]
I'm much too much
I'm much too much
I'm much too much
I'm much too much

[Verse 2:]
check the G-U-R-U yes the brother who's progressing
If beats are cake I'm frosting, if salad I'm dressing
never stressing or guessing or messing around man
just turn up the system so the beat can be pounding
blasting out your radio my vocals surrounding
take a trip uptown and come back down and
and kick it with the fellas I call my crew so
I'm gettin' kinda fat like a big huge sumo
I figure that I'm due and it's true cuz you know
a rapper this nice oughtta clock mad dough
not the stuff from the baker but the loot yo the paper
I set up shop and drop gems and catch 'em later
cuz I'm like keeping it moving, improving steadily
pumping kinda loud in your Blazer or Cherokee
doesn't matter what you drive, automatic or clutch
just pop in my tape cuz I'm much too much

[Chorus]

[Verse 3:]
I walk in the room unload a boom that's like sonic
my slick voice to the beat is symphonic

to a biting MC my lines are toxic and chronic
my mystical style is like harmonic
I've rarely had a difficulty slaying MCs
cuz the ones who were toughest still begged on their knees
and I wreck the set with the greatest of ease
and you know I'm swift like the breeze
I'll never understand why a wack rapper tries and
convinces himself that his image is so fly and
that's the type of crap you know I'm not buying
chumps lack the beats and their rhymes don't apply and
that's why I've come into your life today
just to make you sweat in my unique way
I'm controlling all action dissing MC ducks
that's why everybody knows that I'm much too much

[Chorus]

[Outro:]
(Mack A Mil) (Mack A Mil) (Mack A Mil)
(Mack A Mil) (Mack A Mil) (Mack A Mil)
(Mack A Mil) (Mack A Mil) (Mack A Mil)

Gang Starr Lyrics

"Take Two And Pass"

[Intro/Chorus:]
Take two and pass *[x3]*
so the blunt will last

Take two and pass so we can all get blunted
Don't smoke ciggarettes so my growth ain't stunted
We got at least five head so I rolled a white owl
It's the break of dawn and we're awake like night owls
Phillies are cool but they burn much quicker...
... hey yo come on pass that shit nigga
We lounge to the sounds as we leave from Uptown
It's time to go downtown and make some more rounds
This city never sleeps that what Sinatra sang
For that fat fat blunt you know I got this thing
so hand it over cause I wanna get charred
I'm in love with mary jane she keeps me large
So don't hog it let's get it moving real fast
Everybody just chill and take like two pulls and pass

[Chorus]

The club is crowded everyone's up in here
Heyo Premier what's that you got there?
It looks like a nice plump blunt in your hand
I just know you're gonna share it with me cause I'm your man
So bust it, I got one too and if you spark up yours
I'll light up mine when it's through
Oh shit, there goes my man the fat mack
We used to get blazed I know he's got a fat sack
Let's go upstairs grab a chair and unwind
so the la la can enhance our minds
The system booming let the bass increase
I find me a seat so I can peep the chic
ladies and maybe get my homeboys some ass
All you gotta do is take two pulls and pass

[Chorus]

Even in the morning like the flavor of juice
A blunt adds spice and a blunt can spruce
up your day but I'm not advertising just telling
of aspect a part of our lives
And around the way there ain't no shame in our game
cause the fame is no thing we get together and hang
And since you know I got dash and class
then I'm after you so take two pulls and pass

Gang Starr Lyrics

"Stay Tuned"

[Verse 1:]
Get with this get with this
get with this cuz you got no choice
Rappers sometimes you'll find make dough
but yo you know they've got no voice
get him off the podium he ain't no speaker
yes he's just a phony and look at his sneakers
played out of style out of rhymes
he's out his mind
lost his way lost his pay
I'm takin' his props so call the cops
you can call 'em but I know 'em
Sweet MCs I think I'll ho 'em
cuz they front so very hard and big or small
I'll break 'em all
Ain't gotta say that I'm the best
my skills will show I passed the test
when it comes to beats and rhymes
we come correctly everytime
and stay tuned

[Chorus:]
stay tuned...

[Verse 2:]
with information like the CNN
I can take you there and then
the rest is up to you to choose
the bottom line is win or lose
suckers suckers suckers don't be listening
so I can't be waitin' on 'em
I ain't got no time to play, do you?
look at the state of things and tell me true
in the city any city life's a paradox of good and evil
Many fall into the vicious cycle
living by the gun or by the rifle
think they got a reason that ain't really sure
the death toll rises more
it's trife the way some live life
I love rap, I like the city
but for a fool I have no pity
there'stoo much suffering too much struggle
too much injustice and don't it bug you
enough for you to press on harder
against the odds the wayn our forefathers
made away but foolishly we go astray
think about it and stay tuned

[Chorus]

[Verse 3:]
What you really oughta do is lay back smooth
as my vocals compliment the slow fat groove
just for you to blast around the way
play it nice and loud and hear me say
Gang Starr is hitting '92 and on
showing how to make a dope rap song
doing this while some disperse
then dissolve like specs of dirt
our music pertains to those who remain
down with the real not wealth or the fame
peace out, we'll be back, stay tuned...

[Outro:]
Please stay tuned

Gang Starr Lyrics

"Alongwaytogo"

[Phife from "Check the Rhime"] Now here's a funky introduction
[scratching]

[Chorus 1 x2: Guru]
It's ALONGWAYTOGO, when you don't know where you're going
You don't know where you're going when you're lost (lost)

[Guru:]
What you need is more direction and get yourself some protection
I thought by now that you have learned your lesson
I'm stressin points and slammin all joints you call the real shit
Correct shit, you know the busta way you feel shit
Baby, I still don't think you understand
You lose the game, we get more props than Dan...Rather
And it don't matter cuz when you flinch, you're weak
So I'mma step just to speak about the counterfeit, unlegit type of people
Those cellophane ones, the ones that you can see through
It's poetic justice cuz I'm mad with a pact
So precise, my insight will take flight in the night
And in the daytime, cuz I don't come up with corny rhymes
I'm too devoted to the concept of gettin mine
So here's the deal like Shaquille O'Neal
If you don't know what you're doing, how the hell can you be real?

[Chorus 2 x2:]
[scratching]
[Q-Tip from "Check the Rhime"] How far must you go to gain respect? Um...

[Guru:]
Now in '93, realistically you should be...well aware of all the evils out there
It's like a jungle sometimes. You get the message?
You got to rumble sometimes, it's gettin hectic
Emotions run deep, as times run out
Solutions...it's time to find some out
So according to me, suckers are barred
From obstructing my discussion cuz I rhyme too hard
You take a wiff like a spliff here, like some fresh air
I came to claim shit this year (this year)
So take a stroll down the walkway, or hallway, or runway
Fuck with us, kid, you'll pay
I slay...and yo, I'm still on the expressway
I kick my essay, then you know we don't play
So pray down on your knees, G
Cuz it's the best way, yes, the best way, cuz...

[Chorus 1 x2:]

[Chorus 2 x2:]

[Guru:]
There's a large amount of wack crews. For them, I got bad news
Time to pay your dues, you fools
I'm like express mail, with the script that hits
Like the third rail, when I shock the spot, it's hot
From the rays of the sun
Original one the prophet sent to become
A law giver, cuz you shiver when I quiz ya
All about the real neccessities of life
All about the game and all about the name
G to the A to the N to the G Starr
We know who we are, but do you know who you are?
(*[Richard Pryor:]* You go down there looking for justice, that's what you find, just us)

[chorus 1: x4]

[chorus 2: x4]

[scratching] Um... *[until end]*

Gang Starr Lyrics

"Code Of The Streets"

Take this for example young brothers want rep
Cause in the life they're living, you can't half step
It starts with the young ones doing crime for fun
And if you ain't down, you'll get played out son
So let's get a car, you know, a fly whip
Get a dent, pull a screwdriver, and be off quick
With a dope ride, yeah, and a rowdy crew
We can bag us a Benz and an Audi, too
Even a jeep or a van, goddamn, we're getting ours, yo
Take a trip up the strip, and be like stars so
It doesn't matter if the cops be scoping
They can't do jack, that's why a young brother's open
To do anything, anywhere, anyplace
Buckwild in another court case
It's the code of the streets

They might say we're a menace to society
But at the same time I say "Why is it me?"
Am I the target, for destruction?
What about the system, and total corruption?
I can't work at no fast-food joint
I got some talent, so don't you get my point?
I'll organize some brothers and get some crazy loot
Selling D-R-U-G-S and clocking dollars, troop
Cause the phat dough, yo, that suits me fine
I gotta have it so I can leave behind
The mad poverty, never having always needing
If a sucker steps up, then I leave him bleeding
I gotta get mine, I can't take no shorts
And while I'm selling, here's a flash report
Organized crime, they get theirs on the down low
Here's the ticket, wanna bet on a horse show?
You gotta be a pro, do what you know
When you're dealing with the code of the streets

Nine times out of ten I win, with the skills I be weilding
Got the tec one dealing, let me express my feelings
Guru has never been one to play a big shot
It's just the styles I got that keep my mic hot
Anf fuck turning my back to the street scene
It gives me energy, so Imma keep fiends
Coming, just to get what I'm selling
Maybe criminal or felon dropping gems on your melon
So keep abreast to the GangStarr conquest
Underground ruffnecks, pounds of respect
I've never been afraid to let loose my speech
My brothers know I kick the code of the streets

Gang Starr Lyrics

"Brainstorm"

[DJ Premier cuts 'n' scratchs lovely] "Get on it"

[Guru]
One two checka, get, down and dirty
and my sounds are worthy of respect
So I'ma flex my text just like a, major takeover
Chumps pass the mic over
Growin more and more nervous when I serve this ass whoopin
Comin straight out of Brooklyn, baldhead from the old school
Born to rule with more class than Billy Dee
To a pussy emcee, you know a wuss emcee
I'm like his worst nightmare when I'm on my killin spree
Pick the vic, who will it be?
[Guru sings]
Your vote may hold the key
It's up to you, tell us true
Who'll be, herb of the day?
[Guru]
And your fake, you break, when suckers choose, they lose
I'm like lethal, to you and your people
It's like an outrage, when punks step on stage
with the weak show, weak flow, and still make dough
So I'ma take dough from em, and then stum em
Teach em how to really get biz like this
Me and my Gang's gonna swarm... Brainstorm

[DJ Premier flips it again] "Get on it"

[Guru]
It takes at least, two to tango, so you can get strangled
from any angle, as I get buck on ducks
All the, sexy girlies wanna push up close to
The man with the most who don't flaunt his ego
Some motherfuckers ain't as gifted
Not everyone can move the crowd and uplift it
I'm swift with the shit like a bullet's trajectory
So don't stand next to me
It's like a, warm sensation when my shells hit
You were wrong, you know what you did so you fell quick
to the pavement, no signs of body movement
See I knew it, yo I had to do it
And it's, cool to duel but don't slip up fool
cause I'ma leave you dead and stinkin like a sesspool
And all the chicks know what's goin on
Cause baby, there ain't no sunshine when I'm gone
And you can beg for me to stay and parlay
But sorry, I gots to go, got bills to pay

See by nature I'm godly
When I touch the mic, it's never too hard for me
to let out, a mastermind of mad clout
Huh, me and my Gang's gonna swarm... Brainstorm

[DJ Premier displays turntablism skills] "Get on it"

[Guru]
I'm gonna get ya
You might be bigger than me, so I'ma wet ya
Come into your house to douse it with the
malatov cocktail, I won't fail
Burn out your eyeballs, and leave a note in braille
So what the fuck you gonna do?
Yea I know I used to act relaxed but now I'm cuckoo
Come into my darkest deepest thoughts
We fought I won, and now you're caught and bein tortured
Water pellets dripped upon your forehead
but you can't move, because you're tied up
Your time's up...

Gang Starr Lyrics

"Tonz 'O' Gunz"

Tons o' guns everybody's getting strapped
tons o' guns got to watch the way you act
tons o' guns real easy to get
tons o' guns bringing nothing but death
tons o' guns are in the streets nowadays
it's big money and you know crime pays
check your nearest overpopulated ghetto
they greet you with a pistol not trying to say hello
mad kids packed 'cos the neighbourhood's like that
want some shit that's fat catch a victim do a stick
kids pulling triggers, niggas killing niggaz
five-o they sit and wait and tally death-toll figures
it's crazy there ain't no time to really chill
jealous motherfuckers always want to act ill
22's 25's 44's 45's
mack elevens ak's taking mad lives
what the fuck you gonna do in a situation
it's like you need to have steel just to feel relaxation
tons o' guns

tons o' guns you got we got they got
the state of affairs yo it's like mad chaos
i know a kid who just passed the other day
they shot him sixteen times so there he lay
you can pray for this shit to like cease
but until then a nigga's going to pack a piece
and yo the devil's got assasination squads
want to kill niggaz 'cos they're scared of god
they got camps where they train they learn to take aim
at a nigga like a piece of game
and i'm not seeing that, them days are gone
'cos now we got (chromes) to put them where they belong
so me a rude boy from and in a brooklyn
fuck the bullshit pain and suffering
i'm coming off with a foolproof plan
as if each every lyric was worth a hundred grand
i stand in the face of hatred
letting off mad shots making devils run naked
tons o' guns

tons o' guns everybody's getting strapped
tons o' guns got to watch the way you act
tons o' guns real easy to get
tons o' guns bringing nothing but death
tons o' guns but i don't glorify
'cos more guns will come and much more will die
why, yo i don't know black

some motherfuckers just be living like that
they like to feel the chrome in their hands
the shit makes them feel like little big man
twelve years old catching wreck
'cos there ain't no supervision putting kids in check
people get wounded, others they perish
and what about the mother and the child she cherish
the city is wild up steps the wild child
tension anger living in danger
what the fuck you gonna do in a situation
it's like you need to have steel just to feel relaxation
tons o' guns

Gang Starr Lyrics

"The Planet"

[Guru]
Boom bash dash, I had to break, I had to getaway
Packed my bags, to leave for good, it was a Monday
Kissed my mother, gave my pops a pound
Then he hugged me, and then he turned around
I threw the duffelbag over my shoulder
It was time to get props kid, cause now I'm older
Time to fend for myself jack
So I'ma go for mine, and maybe never come back
Stopped at the lye spot before I hit the train station
Needed some boom for the mental relaxation
It took the last of my loot to make this move Troop
But I ain't even tryin to work in a suit
Plus my aunt's got a room that's for rent
As long as there's no hoes and I don't come home bent
So fuck the bullshit I'm audi
I'm on a mission, cause if I stay I'll go crazy
I'm gonna make it god damnit
Out in B-R-double-O-K-Lyn, The Planet
They never fake it just slam it
Out in B-R-O-O-K-Lyn, The Planet

Crash boom bang I used to hang at Four Corners
And all the spots in Beantown where niggaz carry burners
But I was more turned on by the micraphone
So one cold morning, I left home
Next I'm smokin blunts on ?
Or workin in a mail room Uptown, feelin sick and
tired, of payin all these fucked up dues
I wasn't tryin to lose -- I refused
Had a chick Uptown, one in Queens and one in Jersey
Sometimes all you need to get by, is a girlie
But yo I still wasn't happy
I seen a lot of ill shit on my block, happen nightly
East New York is no joke kid
And peace to my man Hass doin his bad
I went to Flatbush to buy incense and weed
Stopped at the bookstands for somethin to read
That shit was rough cause my pockets was bare
and like the sayin goes, sometimes life ain't fair
But in my heart there ain't no quittin
So I stayed up late, to write some rhymes to some rhythms
Seconds away from just flippin
But fuckit I'll maintain, one day I'll be hittin
See I'ma make it god damnit
Out in B-R-double-O-K-Lyn, The Planet
I'll never fake it just slam it

There in B-R-O-O-K-Lyn, The Planet

And you can, walk the walk talk the talk but don't flaunt
Cause little shorty's scheamin on your rings and fronts
but don't sweat it, cause that's the life out here
A lot of niggaz, be livin real trife out here
I got my own place in Bed-Stuy
Known to many others, as Do or Die
Malcolm X Boulevard and Gates Avenue
Smokin up the fat trey bags with the crew
Me and the niggaz Troy and Squeaky
Used to twist Dutch Masters, we got nice weekly
I used to build with the brothers by the spot
They had to hustle but they still knew a lot
To get my haircut had to go to Fort Greene
on Myrtle Ave, to get a fade with the sides clean
Then to Fulton just to look around
Just to roam around, and find a chick to go Uptown
and check a movie or some shit like that
I couldn't spend much but yo my game was fat
I remember this one chick, she brought me a beeper
Then one week later, she got me some sneakers
But then I stepped, cause I found out about her rep
And I ain't goin out bein no bitch's pet
But anyway I used to lay up in the crib
Listening to Red and Marley, wishin I was on kid
Saved my dough, stayed on the down low
Lounged and drank 40's with Tommy, Hill and Gunsmoke
And Lil' Dap used to come by strapped
Nice off a L cause we stayed like that
Sometimes I used to miss my moms
Gunshots in the twilight, people fightin every night
But I'ma be aight still
Cause I'ma keep writin shit and perfectin my skills
I'm gonna make it god damnit
Here in B-R-double-O-K-Lyn, The Planet
I never fake it just slam it
Here in B-R-O-O-K-Lyn, The Planet *[echoes]*

Gang Starr Lyrics

"Speak Ya Clout"

(feat. Jeru the Damaja, Lil Dap)

[Verse 1: Jeru the Damaja]
Last year record companies were chumpin me
But now like chicks they all be up on me
and me so horny, I hit em like a groupie
Snatch off my hat wash my dick and keep it movin
Showing and proving on a day to day basis
I rip New York and a million different places
State to state country to country
My skills are legend in the style of poetry
I've paid my dues to this game word to mother
Peace New York hops it gets no rougher
Baby brother been puffing buddha and blunts since eighty-five
Before the fake motherfuckers started perpetrating live, I've
achieved mad props though niggaz roll around in jeeps
I ride the A-Train and get mad beeps
So when we bang bang boogie out jumps my boot knocks
Chicks comes in flocks when D.R.S. rocks glocks
And I mean it it's all done with the mind
I neutralize suckers because I'm alkaline
I could go on for days speaking bout my clout
So Lil Dap snatch the mic and show the motherfucker out

[Verse 2: Lil Dap]
Yo you can't hide from jail and you can't hide from the street
Flavors do get deep when you're walking the east
A unit down from the underground made the brothers unite
I'm slappin pounds and pounds with real niggaz aight
Ain't nothing changed but the weather, rain storms or whatever
You poured a forty on the ground for the brothers who ain't around
Break it down with the flow as I walk through the ghetto
A nigga said he couldn't do it til the shit hits the fan
Last year I was The Man ripping up every jam
So what's your hobby nothing serious when things get rough
I'm stepping rugged and tough, and bitches won't get enough
A Lil Dap what's that? Fuck around you get slapped
Schizophrenic with rhyme plus we're well organized
Make the chicks say 'aow' and the brothers say 'ho'
You can't tell a motherfucker what to do with his life
Niggaz tend to live trife, so I react with the mic
It's the end of the time so I got to gets mine
Aiyyo 'ru, what's your function meet me at Broadway junction
Before I start to get in it, better yet i just kick it
Aiyyo son, if you're ready Guru starts to flip it

[Verse 3: Guru]
Earl, with my three-eight-five shot I bust a bumba claat

He talks dumb a lot so him shall drop
I got the clout, all you pussy rappers be out
From the ghetto I let go, shit to make you petrol
Watching fly niggaz show you how to rhyme asshole
You know the motherfucking situation
So get down get down with the Gangstarr Foundation
Now I'ma touch on reality, chumps can't fuck with me
and all the honies be loving me
My style be kicking crazy butt
Wannabes on their knees licking crazy butt
Your girl pays me but ain't no need to try and stop her
I'm Big Poppa fuck your girl and I'll drop her
cause she be working on my nerves
and yo I got more gang than the bitch got curves
I'm like gambino, the slick head honcho
Ill kid ready to wreck mics pronto
and I know, I break your back with my rap like smack
because I'm all that
And so the next time when you're wishing for my downfall
I'm a come back to drown y'all
With stupid lyrics relative to a bloodbath
And stay the fuck out my path...

Gang Starr Lyrics

"DWYCK"

(feat. Nice & Smooth)

[Intro: Greg Nice]
Ah yeah, here's another Gangstarr sure shot, featuring the one and only, uh heh heh heh handly handly boy, Nice & Smooth, hey, hey, HEY, HEY!!!!

Ganstarr has got to be da sure shot
Nice & Smooth has got to be da sure shot
[x2]

[Greg Nice]
Greg Nice!!! Greg N-I-C-E
Droppin dem basso, ah oui oui
Rock for a fee, not for free
Maybe I'll do it for charity
Now my employer or my employee
Is makin Greg N-I-C-E very M-A-D
Don't ever ever think of jerkin me
I work to hard for my royalty
Put lead in ya ass and drink a cup of tea
Peace to Red Alert and Kid Capri
Ooohh la la ah oui oui, I say Muhammad Ali, ya say Cassius Clay
I say butter you say Parkay
It's alright if ya wanna make a sway
I'm a way up town, took duece to the tre
I originate, they duplicate
I praise the lord and keep the faith
It's alright keep bitin at da bait
'92, uh!!, one year later
Peace out Premier take me out wit da fader

[Premier scratches and hooks]

[Guru]
I chant eenie meenie, minie moe
I wreck da mic like a pimp pimps hoes
Here's how it goes I am a genius I mean this
I shake this you'll take this
I'm kinda fiendish
You wish that you could come into my neighborhood
Meaning my mental state
Still I'm 5 foot 8
Crazy as I wanna be
Cause I make it orderly
You could say I'm sorta da boss so get lost
The brotha dat will make you change opinions
Dominions I'm in them when it's time to kick shit from

The heart, plus I get a piece of the action
I'm feelin satisfaction from the street crowd reaction
Chumps pull guns when they feel afraid, too late
When they dip in the kick they get sprayed
Lemonade was a popular drink and in still is
I get more props den stunts den Bruce Willis
A poet like Langston Hughes and can't lose when I cruise
Out on the expressway
Leavin the Bodega I say "suave"
Premier's got more beats den barns got hay
Clips are inserted into my gun
So I can take the money, neva have ta run

[Premier scratches and hooks]

[Smooth B]
I left my Phillie at home
Do you have another?
I wanna get blunted my brother
Now may I make a mark
Then make a spark over this phat track
Or should I say dope beat
Subtract, delete
All of the wick wack that wanna be abstract
But they lack the new knack that's comin from way way back
Hey yo Premier, please pass that buddha sack
You hear we quit?
No way, bullshit
I told ya before we come back wit more hits
I provide bright flava, so you could sketch me
Do me a favor, dont try and catch me
Slightly ahead of the game, I'm not a lame
Ask him, he'll tell you the same he knows my name
Smooth, I drop jewels like, paraphenalia
I'm infallable, not into failure
Like a rhinocerus, my speed is prosperous
And pure knowledge expands from my esophagus
I write here tonite to bring truth to the light
My dialogue is my own cause Smooth B will neva bite

[Premier scratches and hooks]

Gang Starr Lyrics

"Words From The Nutcracker"

(feat. Melachi the Nutcracker (Group Home))

Sick thoughts on my mind with no self-control
Uplift your soul and make the brothers wanna roll
Sixteen years old with heart that's gold
Yo check it check it out like this, here we go
Run around the streets cold strapped like an alley rat
But now I'm gettin much props like a fat cat
A young mack but I don't think I'm all that
I just can't sweat another brother's bozack
So what the fuck, y'all movin on up
Gonna swim in big bucks, like Scrooge McDuck
And if ya don't like and you wanna step up
Then open your mouth, and suck my nuts
Melachi the Nutcracker, I'm always gettin blacker
Fatter, I bust a fat rhyme to make your head shatter
I'm from the Bronx, New York City
The big fuckin Apple where the niggaz get busy
God bless the dead, and God rest my pops
Peace to the niggaz goin out bustin shots..

Gang Starr Lyrics

"Mass Appeal"

[Verse 1: Guru]
No way you'll never make it
Come with the weak shit, I break kids
Step into my zone, mad rhymes will stifle ya
Lines like rifles go blast when I kick some ass
A lot of rappers be like one time wonders
Couldn't say a fly rhyme if there was one right under
Their noses, I hate those motherfuckin posers
But I'm so real to them it's scary
And with my unique skills nag you can't compare me
And no we don't make wack tracks
and all the suckers get pushed back when I'm kickin real facts
I represent set up shit like a tent boy
You're paranoid cause you're my son like Elroy
And you'd be happy as hell to get a record deal
Maybe your soul you'd sell to have mass appeal

[Verse 2:]
Oh yes I'm greater than all MC's when I breeeze give me room please
I be like fascinatin when I be updatin
Cuttin off wack kids, pullin their trump cards
I thump hard, and mak eem say that I'm God
Niggaz be pretendin they hardcore
Never know the meaning of (real hardcore)
But I get props like a slogan and no man
Could ever try to diss when I kicks my jam
Lyrically def and connecting complete mic wrecking
No double checking vocals kill like weapons
But if I have to I go all out with no mic
Yeah that's right cause I survived mad fights
And for my peeps I truly care
Cause without some of them I wouldn't be here
And they all know how I feel
Cause suckers be like playin themselves to have mass appeal

[Verse 3:]
I know I'm dope but don't wet that
I've suffered setbacks but now I'm makin greenbacks
Just like baggy slacks I'm crazy hip-hop
Check one two and you don't stop
Your head'll bop when I drop my crop
of pure bomb, just like the seashore I'm calm
But wild, with my monotone style
Because I don't need gimmicks
Gimme a fly beat and I'm all in it
Word is bond I go on and on
For you it's tragic I got magic like wands

So I'ma end this lecture and I betcha
Those who kick dirt and do time I'm gonna get cha
Cause I be kickin the real
While they be losin the race tryin to chase mass appeal

Gang Starr Lyrics

"Blowin' Up The Spot"

[Guru]
Ah so now ya got me pissed off, blast off lift off
Time for me to twist off a vocal fist off
into your domepiece, Homepeace, I heard your chick wants to bone me
I get, wild like rugby, respected like Bugsy
Don't even ask me, cause I'm livin lovely
Born to succeed, foes bleed, true indeed
The oral combat will romp that, your one of my seeds
when I first, busted on the scene
Nigga, you knew I had more than a gangsta lean
I mean my lean is gangsta though so check it
I'll stick an MC for his spot and sign in blood on his wack record
Boo-ya-ka, to your face as I ruin ya
Clown ya, dumbfound ya, while I'm screwin the
fuck out cha girl as she steps into my world
I'm not the tallest, but that ass I'll polish
And if the hooker runs her mouth she gets cut off
But then you'll sweat her, cause like my leather you're butter soft
Your style stinks kid, ya garbage
And if you keep talkin shit, I'ma make ya pay homage
Cause the G to the U to the R-U, came too far to
let you slide through, rhymes will scar you
And who the fuck are you anyway?
I catch more wreck in a minute than if you rhyme for ten days
Throw the cash in the pot
You betta dash nigga, cause I'm blowin up the spot

"I'm bout to blow the fuck up"
[Premier scratches]

[Guru]
No ex-capin the explosion, those who are dozin, I close in
Set the thermostat at sub-zero, they're frozen
Extreme temperatures from my mic, stuns amateurs
Unable to conquer the Gang, I ain't mad at cha
Peace to Jeru, the Big Shug and the Group Home
Keepin it real, no playin niggaz or chrome
I'm way past the kid shit, brothers already did shit
You want some props? Yo dog, here's a biscuit
I'm a smooth nigga and my groove's bigga, move nigga
And we don't care who's wit cha, got the picture?
And you don't wanna hear the burners go pop
Gang Starr motherfucker, what, blowin up the spot

"I'm bout to blow the fuck up"
[Premier scratches]

[Guru]
I go from one format then switch to the next
Reflex sets the pitch vocals rip through projects
Crazy shouts are heard all around
Cause the GangStarr sound carries more weight per pound
I got some brand new Timbs, so emcees sing new hymns
You betta repent, come correct, represent
or get stomped, smacked and slapped, cap peeled back
I got you open, and now you cling to my sac
Get off, hands off, stay off, you're way off
You rookie motherfuckers it's the finals not the playoffs
I'll break you up into particles, to small pieces
Because your brain is miniscule
You little fool, come learn the tools of the trade
I made the rules so go to school and get played
Just when you're thinkin that your jam is hot
Up steps the niggaz who be blowin up the spot

Gang Starr Lyrics

"Suckas Need Bodyguards"

MC's be fakin' so now they get taken

[Chorus:]
Fake MC's, they always act hard
But won't walk the street without they bodyguard
I hate fake MC's, they always act hard
But won't walk the street without they bodyguard

[Verse 1:]
MC's I lay out like stiffs in the morgue
Praise the lord you're in awe when I'm grippin the mic cord
Rhymes I rip with swift execution
One verse to coerce your girl to prostitution
The Guru is now the brother you fear and
beware when I'm making hits with premier and
Rolling to a spot near you, lyrics tear through
Chrome to your dome you better watch your rear view
Niggaz been held back too long we're coming up
In the streets we roll alone so watch me running up
I'm summing up a mad posse of warriors
Night crusaders able to break down barriers
and bringing faces of death putting mc's to rest
until there's no fake chumps left
Run, step, yeah bounce nigga bounce
My rhyme's a (cargo) when yours is just a quarter ounce

[Chorus x4]

[Verse 2:]
Gangstarr boy and that's beyond your comprehension
Mad brothers in every city you can feel the tension
To stop the killing wack mc's must die
Who am ? I'm the substance that'll make your third eye cry
Too potent, too high in intelligence quotient
when I unleash my speech I'll have you punk rappers open
I won't expose your names and your identities
You know you're phoney get the fuck from in front of me
Hardcore fans are fed up from your folklore
Lines strip you raw and infect you like cold sores
and I hope you're not the one that I'm after
Since the days of adidas I've been a true master

[Chorus x4]

[Verse 3:]
I've been around punk but yo i still feel young
A few of my crew members like to pack guns

I'm high strung but don't mistake me when I smile
I murder an entire rap chart with my freestyle
After the killing just like casper I'm ghost
Fakes thought I was friendly, at their wakes I was host
Toast without a gun you'd be done
Throw up your hands bitch and now you know you stand to lose one
Choose one metaphor and then choose another
Wax that ass like a bully have you calling your big brother
Although I'm five foot eight they call me sargeant
Got more hoes in my dick than you can fit in the garden
At Madison Square I shot a fair one
So many niggaz knew me that the kid wouldn't dare run
MC's pay cash to ensure their safety
They know they can't take me; the G-A-N-G, you crazy?
I be on them like a message from god
Knowledge of self while fake mc's play hard

[Chorus x4]

[Outro x2:]
Fake mc's they always act hard
I'm not a sucker so I don't need a bodyguard

Gang Starr Lyrics

"Now You're Mine"

[Guru]
Yo Duke, you're dead wrong; tou'll never have the skills like mine
I write the ill type rhymes now I'm reaching my prime
360 dunk in your face
You can't compete, you're just a basket case
Let's separate the men from the boys
And put your money where your mouth is, no time for toys
Your game is weak you geek so don't sleep
Cause I'll be checkin ya, wreckin ya, when I start to creep
through the backdoor - I know I caught you out there
You got no clout here, and I doubt there
is anyway that you can stop the beat down
You better play the background, and sit back down
Chumps like you, I gotta keep 'em in line
So prepare to suffer boy, cause now you're mine

[DJ Premier scratching]

[Guru]
I'll fake you left and go right, straight down the lane
Here's one in your eye; you'll feel pain
You strain - to put together some strategy
But you're raggedy, and i'll be glad to see
The frown on your grill when I drill and thrill
Set up my offense, commence to kill
I'll be leadin from beginnin to end
And after I pound ya, you're gonna wanna make friends
And make amends for the silly, trash you were talking
Take a walk and your shots I'm swattin
with ease, and the ladies are swoonin
Clockin my swiftness, while you're droolin
You oughtta practice up and get your game refined
I've been waitin to dog you, and now you're mine

[DJ Premier scratching]

[Guru]
Hurry up sucker, go ahead and pick your squad
Try to play hard.. but I'ma rob
you of your crazy notions to defeat me
You're weak see, I'm rough hardcore
And even be down to give you a rematch
After I wax and tax that butt
When I slam the alley-oop, you can rally troops
But I'll play the awesome defense
I'll pick your pocket, and send you to the bench
With tears in your eyes as you realize the prize is for me

Yes all the money
Son, my form is too nice, my handle's precise
I'll take you right or go left
Because my game's so def, and now you're mine

[DJ Premier scratching]

Gang Starr Lyrics

"Mostly Tha Voice"

[Refrain:]
It's mostly tha voice, that gets you up
It's mostly tha voice, that makes you buck
A lot of rappers got flavor, and some got skills
But if your voice ain't dope then you need to (chill... chill...)

Up steps one, and he gets done
Then up steps another, he gets smothered
That's word to mother, or should I say moms
I drop bombs, scorchin niggaz like napalm
Sucka, boy, get off my shit
Get off my dick so what I make butter hits
You better change your behavior, battling Gangstarr
No religion could save ya
My religion is rap, R-A-P
R-E-A-L-I-T-Y, G
Cause when I rock street kids rejoice
I got mad rhymes, still

[Refrain]

So when you think you know the whole you don't even know the half
You're not a threat to myself, and neither to my staff
Not the type to really dance too much, although I used to
Rather bust a fresh line, and get loose to
The blunted ill types of beats Premier makes
Makes your girl's rear shake, let me set it straight

[Refrain]

Some rappers use hooks to this shit
But if you took that shit out
and you took all the music out
What would remain? The voice no doubt
Bless my soul I control
when in pimp mode
My bank roll expands
I invest in my man
I plan, to keep rap real
so if your shit ain't fat then kneel
You squeal, feeling pain from my oral flex
what about oral sex, which chick's next
To open wide and get a chunk from a real brother
Yeah, some real funk from a real brother
They get sprung and most of them don't recover
But I don't diss em I just talk to em
Cause the sound, of my voice, it does a lot to em

So you and, the niggaz right there
Be aware, like SWV, I'm right here
Waitin to correct your ass
And if you don't follow now I'll disrespect your ass
More Vicious than Sid, do a crime with no bid
I tell a bitch that I didn't when you know that I did
Take a trip to a land a-far
Then come back, and people still know Gangstarr
See I'm the ladies choice
Cause I got crazy styles, still

[Refrain]

[Outro: Guru, Shug]
Oh shit Shug, whattup
(Whassup money?)
Just loungin, about to go do this shit in the studio
(Oh yeah, you just let me get on that shit
You always said I could get on, you need to let me get on that)
Word?
(For real man)
Yo man
(Don't front on that shit)
I'm sayin yo, if I let you get busy, youknowhatI'msayin
you can't be dissapointin me
(I flip shit, I'ma flip shit on this)
Aight man, let's go

Gang Starr Lyrics

"F.A.L.A."

(feat. Big Shug)

Fuck Around, Lay Around, do or die *[x3]*
[Das EFX] "You figgedy fuck around, you lay around"

[Big Shug]
Word to Joe Frazier, got ta do what pays ya
Give a nigga pain, like displasure
But close your hips in, nigga you can't win
I walk around, with a scowl and a grin
Parties try to rock me, chicks try to clock me
Niggaz try to block me, but they can't stop me
I'm a bad man, understand where I come from
Treatin niggaz dumb, as I drink my rum
I'm a mad man, I get respect with the Tec
Put punks in check, Shug's on the set
I'm the one with the game, the twelve round
CRACK to the concrete, from the underground
I'm a bad nigga, how do you figure to take me
You cannot break me, so don't mistake me
for your brother, I'm not a punk motherfucker see
I did my time, and now I'm FREE
I'm a dope one, ready to rip and wreck shop
I will not stop, I won't be dropped by the cops
I'm bad, understand me with the game I kick
I got crazy bitches like a Trojan on my dick

[Guru]
Yo Hobb we got more rep than Lucky Luciano
Suckers we wet to the sound of the dope piano
This is something you can't handle, here's one example
I got your head as a trophy up on the mantle
Each and every sect we wreck, the crowd's electrified
Mystified, you get dissed, when you try, you die
Fish niggaz, they get fried upon my skillet
I kill it, fuck it, my shit is on hit
and hittin you blaow (BLAOW) so what you wanna do now?
You stepped up, I whacked ya, you crept up, I smacked ya
Got infinite length, with the strength of a real master
If you don't bow down now you'll get plowed down now
You know, like POW

Fuck Around, Lay Around, do or die *[x3]*
So Fuck Around, Lay Around, do or die
Fuck Around, Lay Around, do or die *[x2]*
[Das EFX] "You figgedy fuck around, you lay around"

[Guru]

Word to Mike Tyson, hit you quick like lightnin
Swing my left jab first, and then come in with the right
Cold deck ya, nah I could never respect a
punk like you, you get dropped like one two
and you're out son, just like a one round bout son
The outcome, is that you'll get that ass hung
Easily, swiftly, you'ew stupid you can't get with me

Fuck Around, Lay Around, do or die *[x2]*
I said Fuck Around, Lay Around, do or die

[Big Shug]
Fumin! HEAHHH, I'm boomin down on niggaz
I figure, how could they take out a big nigga
They don't know, so I don't never give em a clue
That's you and you and you, and oh yeah you
You can't get with this or take me down
I'm always laughin HA HA cause you punks are clowns
Since I'm passin emcees, with my skill
I'm up on the hill, and I force them dudes to chill
Rippin up shit as I do, because I'm violent
That's why when I walk in the room, punks are silent
My name is Shug, as if you didn't know
I'm pimpin hard, and punks are just a hoe

Fuck Around, Lay Around, do or die *[x2]*
I said you Fuck Around, Lay Around, do or die
Fuck Around, Lay Around, do or die
I said you Fuck Around, Lay Around, do or die
Fuck Around, Lay Around, do or die *[x2]*
[Das EFX] "You figgedy fuck around, you lay around"

[Big Shug]
Yea yea that's Shug for ninety-three
I wanna say whattup to all my people, yaknowhatI'msayin?
We got the Guru in the house, and my man Lil' Dap
Showin motherfuckers where we're truly at
I wanna say whattup to my homegirl, my main girl and my kids
Whassup Kerry, Marie and Lisa how y'all chillin?
I know y'all in the motherfuckin house too, yea!
I like to say whattup also, to all the peoples back home
that know what time it is, and the niggaz tryin to get real
And on that note, right
I'ma get the fuck up out of here

[Das EFX] "You figgedy fuck around, you lay around"
[DJ Premier cuts and scratchs this line to the end]

Gang Starr Lyrics

"Comin' For Datazz"

[Run-D.M.C.] "Here we come, here we come, here we kiddy-come-come"

[Guru]
I hit the chicks with the nice round heinies
Play a hoe like a hoe, play a sucka like stymied
Try me, and you'll descend into your end
Never thought it could be you well think again my friend
My pen illuminates, and dooms the fakes
You're soon to break, you're strawberry like shortcake
I'm in that ass with my Timbs all day
You couldn't tarnish my rep, so you crept away
Just behave and be a good son -- or else
I'm bringin the noise cause most emcees are puns
I used to chill in Roxbury now I'm comin outta Brooklyn
Herb niggaz are assed out, y'all get tooken
or taken, and that's word to all rude bwoy Jamaican
I swing bitch, yes I'm crankin
Just like an Alpine, a deadly rhyme, brand spankin new
Pumped to put some lead in your crew
A hollow point shot, cause your weak shallow point's
not hittin -- should've gave up from the beginning
But since you're bluffin with your tape that's trash
Tell your peeps that we comin for datazz

[Run-D.M.C.] "Here we come, here we come, here we kiddy-come-come"

Whose that lurkin in the dark with the hoodie strapped;
puffin on a blizz, mellow meditatin black?
I ain't impressed cause the rest they fess
Sometimes I wanna flip, clap a hole in they chest
but I lay back, as I prepare for the payback
And drop the master rhymes with the mad crew from wayback
I stay back, I watch, the whole job, you botched
Couldn't maintain, it's like your brain just stopped
But the Gang is on the prowl kid like Lector
Paint a logo with your blood so you niggaz remember
the Chain and the Star, mysticle and never typical
The average rap group, ain't even equipped to go
head up, I'm dead up, you ducks could never last
You fakin jacks, we comin for datazz

[Run-D.M.C.] "Here we come, here we come, here we kiddy-come-come"

I heard some hardheaded punks wanna see me
Jealous of a nigga just because he's on TV
You know the video shows that you be watchin
Call up and request so you can see it more often

My persona sheds more light than a nova
Cause niggaz are soldier, yo this war, it ain't over
And ain't no stopping like McFadden and Whitehead
You might get dead, fuckin around like you do
Pursue the knowledge that's available
Before your chump-style game and your punk friends fail you
Gonna dissect your brain for a minute
Look at your puny ass world and what's in it
Nothin, that's how long you've been frontin
I figured by now that you've come up with somethin
But you're still the same snake with my name on your mouth
Wanna know what I'm doin, wanna know why I shine?
Cause I'm the rebirth, so now you gotta see me first
I kick more facts than paperbacks for research
and knees hurt, next you feel em bucklin
The huge pussy look on your face reveals the sucker
inside of ya, because I checked the way you're ridin the
jimsome, better sing more than a hymn son
Never sustain the true pain of my wisdom
Never be able to touch GangStarr
True indeed, I believe in takin my words far
Across the seas and deserts, through the trees and grass
And if you ain't on point, then we comin for datazz

[Run-D.M.C.] "Here we come, here we come, here we kiddy-come-come"
[DJ Premier cuts n scratches]

Gang Starr Lyrics

"You Know My Steez"

[Guru]
That makes me know that, we we we we're doin
We had the right idea in the beginning
And and we just need to maintain our focus, and elevate
We what we do we update our formulas
We have certain formulas but we update em (oh right)
with the times, and everything y'know
And and so.. y'know
The rhyme style is elevated
The style of beats is elevated
but it's still Guru and Premier
And it's always a message involved

"The real... hip-hop"
"MCing, and DJing.. from your own mind, ya know?"
"I, I guess right now we should start the show"

[Guru]
Who's the suspicious character strapped with the sounds profound
Similar to rounds spit by Derringers
You're in the Terrordome like my man Chuck D said
It's time to dethrone you clones, and all you knuckleheads
Cause MC's have used up extended warranties
While real MC's and DJ's are a minority
But right about now, I use my authority
Cause I'm like the Wizard and you look lost like Dorothy
The horror be when I return for my real people
Words that split wigs hittin like some double Desert Eagles
Sportin caps pulled low, and baggy slacks
Subtractin all the rappers who lack, over Premier's tracks
Severe facts have brought this rap game to near collapse
So as I have in the past, I whup ass
Droppin lyrics that be hotter than sex and candlewax
And one-dimensional MC's can't handle that
While the world's revolvin, on it's axis
I come with mad love and plus the illest warlike tactics
The wilderness is filled with this; so many people
searching for false lift, I'm here with the skills you've missed
The rejected stone is now the cornerstone
Sort of like the master builder when I make my way home
You know my steez...

[Method Man] "You know my steez"
"Let em know, do your thing y'all" "Keep it live"
[Flavor Flav] "To the beat y'all"

The beat is sinister, Primo makes you relax

I'm like the minister, when I be lacin the wax
I be bringin salvation through the way that I rap
And you know, and I know, I'm nice like that
Work through worldly problems, I got the healing power
When the mic's within my reach, I'm feelin more power
Stealing at least three minutes of every rap radio hour
It's often easier for one, to give advice
Than it is for a person to run one's own life
That's why I can't be caught up in all the hype
I keep my soul tight and let these lines takes flight
The apparatus gets blessed, and suckers get put to rest
No more of the unpure I got the cure for this mess
The wackness is spreadin like the plague
MC's lucked up and got paid but still can't make the fuckin grade
How many times are wannabe's gonna lie?
Yo they must wanna fry, they can't touch the knowledge I personify
I travel through the darkness carrying my torch
The illest soldier, when I'm holding down the fort
(*[Method Man]* "You know my steez")
You know my steez...

"Let em know, do your thing y'all" "Keep it live"
[Method Man] "You know my steez"
[repeat x4 with very last line modified as follows]
"The mic..."

On the microphone you know that I'm one of the best yet
Some punks, ain't paid all of their debts yet
Tryin to be fly, ridin high on the jet-set
With juvenile rhymes makin fake-ass death threats
Big deal, like En Vogue, here's something you can feel
Styles more tangible, and image more real
For some time now, I've held the scrolls and manuscripts
When it's time to go all out you be like, "Damn he flipped"
Now I'm sick, fed up with the bullshit
Got the lyrical full clip, giving you a verbal asswhip
Don't trip it's the gifted prolific one
Known as Bald Head Slick -- why is the press all on my di-dick?
My style be wilder, than a kamikaze pilot
Don't try it, I'm about to start more than a friggin riot
Styles unsurpassable, and nuccas that's suckas, yo
Them motherfuckers are harrassable
For I be speaking from my parables and carry you beyond
The mic's either a magic wand
Or it gets tragic like the havoc of a nuclear bomb
Then I grab your palm, no pulse you're gone
And if you thought we'd lose our niche in this rap shit you way wrong
I stay up, I stay on, shine bright, like neon
Your song's, pathetic, synthetic, like Rayon
Fat beats, they play on, want dope rhymes, put me on
Word is bond... you know my stee

Gang Starr Lyrics

"Robbin Hood Theory"

[Intro features Elijah Shabazz from Muhammad Mosque No. 7]
Peace Brother Elijah
Hey peace Guru, how you doin?
I'm maintainin
Just been thinkin though man
about the situation for today's youth man, the seeds man
What's your opinion on that?
Mmm that's strange I was thinkin the same thing
Somethin I read in the holy Qu'ran how it says
"Has thou seen him who belies religion?
That is one who is rough, to the orphan."
And no matter what we say our religion is
whether it's Islam, Christianity
Juddaism, Buddha-ism, Old School-ism or New School-ism
If we're not schooling the youth WITH wisdom
then the sins of the father will visit the children
And that's not keepin it real...
that's keepin it - WRONG

[Chorus: Guru]
Now that we're gettin somewhere, you know we got to give back
For the youth is the future no doubt that's right and exact
Squeeze the juice out, of all the suckers power
And pour some back out, so as to water the flowers
This world is ours, that's why the demons are leary
It's our inheritance; this is my Robbin Hood Theory... Robbin Hood Theory

[Verse 1: Guru]
I seek Sun, deceive none, for each one must teach one
At least one must flow and show the structure, of freedom
It's me Dunn, cause petty things we don't need 'em
Let's focus to create somethin great, for all that sees them
They innocent, they know not what they face
while politicians save face genius minds lay to waste
If I wasn't kickin rhymes I'd be kickin down doors
Creatin social change and defendin the poor
The God's always been militant, and ready for war
We're gonna snatch up the ringleaders send em home in they drawers
But first where's the safe at? Let's make em show us
and tell em hurry up, give up the loot that they owe us
We bringin it back, around the way to our peeps
Cause times are way too deep, we know the Code of the Streets
Meet your defeat; this is my Robbin Hood Theory... my Robbin Hood Theory

[Verse 2: Guru]
I floss my rhymes like dentals, my mental's presidential
from the wild ghetto districts to the plush resedential

Essential, would be the message that I send you
I meant to, elevate at every venue
Pops told me to pursue what is true, and nothing other
And nowadays I pave the way for troops of my young brothers
Necessary by all means, sort of like Malcolm
Before it's too late; I create, the best outcome
So I take this opportunity, yes to ruin the
Devilish forces fuckin up my black community
And we ain't doin no more interviews
til we get paid out the frame, like motherfuckin Donahue
We're taking over radio, and wack media
Cause systematically they gettin greedier and greedier
Conquering turfs with my ill organization
Takin out the man while we scan the information
You wanna rhyme you best to wait son
You can't even come near, if you ain't got our share
You front on us this year, consider yourself blown out of here
Yeah... by my Robbin Hood Theory

[Chorus]

[Verse 3: Guru]
God is Universal, he is the Ruler Universal
For those who can't follow that spells GURU when in my circle
I see all sides of my culture...
Design my thoughts like a sculpture
And chumps they wanna get with me cause I'm another entity
I'm sent to be, leadin the army of the century
Mention me, and snakes will retreat, eventually...
... due to my Robbin Hood Theory

[Chorus]

Gang Starr Lyrics

"Work"

(from "Caught Up" soundtrack)

Are you working?
What kind of work do you do?

Uhh...
("Boy, what is it you want to do when you grow up?)

Aiyyo I'm gonna be on ti-dop, that's all my eyes can see
Victory is mine, yeah surprisingly
I've been laying, waiting for your next mistake
I put in work, and watch my status escalate

Now I'ma start collectin props, connectin plots
networkin like a conference, cause the nonsense is yet to stop
Jakes shake me down, haters wanna take me down
Break me down, CLAP all they heard was the sound
Yo I scoped it out, I took your weak dream and choked it out
Your bitch don't really got no ass, she just poked it out
on the deelow, I'm sayin, you versus me though?
We can do this shit right here, in front of your people
See time is money kid, and BS walks
And to me, it's funny kid when you meet heads talk
I see Feds stalk, they wanna dig up the dirt
Son is it me they hawk, cause I be puttin in work Son?

Aiyyo I'm gonna be on ti-dop, that's all my eyes can see
Victory is mine, yeah surprisingly
I've been laying, waiting for your next mistake
I put in work, and watch my status escalate

You cornballs get stonewalled, blackballed I own y'all
The veteran, runnin my plan I'm the better man
Crazy raw, doin my job like the mob
Blazin y'all, and disappearin in the fog
or a mist, and chicks can't resist what I kick
They be beggin for attention or some more of the dillznick
Word up baby, someone may have to get hurt up baby
Shit is mad shady, but I got to get the gravy
Platinum respect like the force of a tech
keep you hittin the deck, feelin heat in your chest
Bangin your thoughts with the hot onslaught
A kid got shot on the spot for goin where he should not
Viciously, I make history, instantly
Those other lame ass loser ass niggaz, they can't fuck with me
I'm doin my thing now, to lamp later on
Paid in the shade, with some fly gators on
But now I'm grimy as they get, mud on my pants and shirt

I bet you niggaz out here know, I be puttin in work

Aiyyo I'm gonna be on ti-dop, that's all my eyes can see
Victory is mine, yeah surprisingly
I've been laying, waiting for your next mistake
I put in work, and watch my status escalate

[DJ Premier cuts and scratches] "For the qualified pros"

Gang Starr Lyrics

"Royalty"

(feat. K-Ci and JoJo)

[Greg Nice] "Gangstarr has gots to be the sure shot"
"and it's like dat" *[Primo scratching]*

"GangStarr" "Represent"

[K-Ci and JoJo] Ohhh yeah

[Guru]
One of the meanest and the cleanest
And still I'm kind of feindish when I'm at this
Been doin this for eons, peons best to catch this
vision of excellence, precise rappin ability
Bout to make some dead presidents, macking a million G
The money though, it's got people actin funny yo
As soon as some niggaz get some light, they be like dummies yo
Products and puppets and pawns, gettin played out
When authentic niggaz step up, respect be layed out
Major effect to your sector, I'm the corrector
Live and direct, waving my mic like a sceptor
Supreme exalted, universal leader
Descendent of the kings and queens, the overseer
The overlord, cream of the crop, creme de la creme
Spent years buildin with cats in the streets, so they my men
Again, GangStarr has done it
Remember too much jewels back in the days? You'd have to run it
Check it, the ground be hot under our feet
So we be listening to beats to keep the cypher complete
Wether you kids be holdin, on the block all day
Or you be puffing lye, out in the back hallway
Or whether you being schooled, or in the library
Wherever you are Baby Pah, realize that your essence
is divine son, and let it shine son
As we refine son, aiyyo, this shit'll blow your mind son
We're royalty

[Chorus: K-Ci and JoJo]

Wherever I go
I want to take nothin less than the best
Whatever I choose, I choose to do
I have to stand out from all the rest
Whatever I do, wherever I go
I want to take nothin less than the best
Whatever I choose, I choose to do
I just wanna stand out from all the rest

[Guru]
And all the girls they want to spoil me
My honey annoits me with oils G
After work she greets me, and treats me like royalty
Works with me, giving herself, by my side
She don't sweat me for loot, my fame, or my ride
A lot of ladies out there, be lookin lovely
But they don't got no control of the their life, inside they're ugly
Word to Bugsy, and to Red Alert
Sway and Tech, and Funkmaster Flex to make your head jerk
Chicks go beserk when they see us in the spot
K-Ci, JoJo and Primo, creepin to the top
And to the sweethearts out there breaking hearts
While we're takin part of this hip-hop art
Listen yo, the best way, it ain't always the fast way
And yes the best way, it ain't always to act nasty
I'll open up the door always before you pass me
Baby Doll, because you're royalty

[Chorus: K-Ci and JoJo]

Whatever I do, Wherever I go
I want to take nothin less than the best
Whatever I choose, I choose to do
I have to stand out from all the rest
Whatever I do, wherever I go
I want to take nothin less than the best
Whatever I choose, I choose to do
I just wanna stand out from all the rest

[Greg Nice] "GangStarr has to gots to be the sure shot"
"and it's like dat" *[Primo scratching]*

Gang Starr Lyrics

"Above The Clouds"

(feat. Inspectah Deck)

"It has come to our attention that a mysterious force is LOOSE..somewhere in outer space."

"The mysteries of creation are there."

"Up in the sky?" "Up in the sky."

[John F. Kennedy] "The moon and the planets are there.
And new hopes for knowledge and peace are there.
And therefore as we set sail; we ask God's blessing -
on the most hazardous, and dangerous, and greatest adventure
of which man has ever embarked."

"Prepared for liftoff."

[Guru]
I Self Lord And Master, shall bring disaster to evil factors
Demonic chapters, shall be captured by Kings
Through the storms of days after
Unto the Earth from the Sun through triple darkness to blast ya
with a force that can't be compared
to any firepower, for it's mindpower shared
The brainwake, causes vessels to circulate
like constellations reflect at night off the lake
Word to the father, and Mother Earth
Seeking everlasting life through this Hell for what it's worth
Look listen and observe
and watch another C-Cypher pullin my peeps to the curb
Heed the words; it's like ghetto style proverbs
The righteous pay a sacrifice to get what they deserve
Cannot afford to be confined to a cell
Brainwaves swell, turnin a desert to a well
Experience the best teacher; thoughts will spray
like street sweepers Little Daddy street preacher
Illustrious feature, narrator you select
Accompanied by Deck plus the DJ you respect
The seven and a half combine, over the frontline
The ten percenters, promotin slander in the airtime
Bear in mind jewels be the tools of the trade
Sharp veins heavenly praise and dues are paid

[Chorus: Guru]
Above the crowds, above the clouds where the sounds are original
Infinite skills create miracles
Warrior spiritual -- above the clouds
reigning/raining down, holdin it down

[Inspectah Deck]
Yeah; I leave scientists mentally scarred, triple extra large
Wild like rock stars who smash guitars
Poison bars from the Gods bust holes in your mirage
and catch a charge shake em down like the riot squad
Invade your zone, ruin like ancient Rome
I span the universe and return to Earth to claim my throne
The maker, owner, plus soul controller
Ayatollah rest in the sky, the cloud's my sofa
Stand like Collossus, regardless to whom or what
Numerous attempts at my life, so who to trust
Who but us, to supply you with the fire?
The burning truth, 150 Absolut proof
On the mic like Moses spoke in golden scribe
Survivor of the oldest tribe whose soldiers died
I notified families, we shed tears and more
but our hands are the ammo cause the battle's still on
Sound the horn; we come rumblin through the function
Precise laser beam technique to touch somethin
When we die hard, to build the monument to honor us with
Humungous effect in the world - we could have conquered it

[Chorus x2]

Gang Starr Lyrics

"JFK 2 LAX"

Yo
Yo Premier?
Yeah whassup G?
That trip to L.A., may be delayed
Why whassup I'm on my way to the airport now
Yeah well your boy Guru got knocked
WHAT?!
I don't know what this is about, sounds crazy man
Somethin about a gun

"The court calls Keith Elam to the stand.
Please approach the bench."

[Guru]
Yo they got me handcuffed, I'm down in central booking
Things are fucked up, the way my future's looking
But I'm too fly, I'ma change this scenario
Make some power moves and tighten up my bankroll
Chumps are leary though, they see me as a threat
I'm like the black Dutch Schultz when you get me upset
Five-oh makes me wanna flip, Larry Davis style
Got a nigga depressed, while he's awaitin trial
It's OK though, cause from grey skies comes blue
Through darkness comes light and I be known as the Guru
And this I certify we all should be alerted by
the traps within the system, our youth is gettin murdered by
the D.A. says they got me on a felony
I'm tryin to live my life, so what the fuck is you tellin me?
The streets are war, that's what brothers carry weapons for
And I take the weight as I did before
The next thing you know, they got me on the radio
A rapper arrested, suckers showin me on video
Of course I know, that I'm a role model
But yo this rap life is real life sometimes it's full throttle
Right now I gotta think about me fuck the industry
You gets no love, except those who support me
What's the story, what happened when I went to L.A.?
Mixin shit up, no not there I got family
Nothin happened, mind your business yo step
You know we connect, JFK 2 LAX

[Chorus: Guru]

They wanna lock us all up, and throw away the key
Don't wanna see us come up, don't wanna see us makin G's
Long as we know this is the key to our destruction
Let's make moves no discussion

[Guru]

Peace to my man Hass, and Orange Man payin the cost
All the twenty-five to lifers all my brothers gettin tossed
into the system, supposed to rehabilitate
It's why you gotta regulate your own mindstate
Read, study lessons and build your inner power
The next level, doesn't tolerate cowards
For example, I know this rich Nigerian
Powerful American that's proud to be an African
He asked me why do all us brothers be gettin trapped
I told him I'd explain it broke it down in a rap
Whether you got naps, braids waves or no hair
Without esteem for yourself nigga, you goin nowhere
And you can swagger like you rule this; Josey Wales
unorganized revolt almost always mostly fails
Give up the savage ways, be effective soldiers
To elevate the mental is to be poor no more
There's war in the streets, prepared men know best
Our rhyme as live as it gets, JFK 2 LAX
They're always makin trouble yo, against the righteous
Killin us in cold blood, those beats those vipers
And as I sit feelin the pain in my wrist
I vow to myself that I'ma change this shit
Or at least I gotta try, or part of me will die
And only by action will any ideas solidify
So I inhale, exhale as I ponder
This grown man will make mistakes no longer
I've been there, I've seen how they make us fall victim
to their tricknowledgy, with no apology I diss em
And so I rip facts to dope tracks I caress
You're gonna hear about it, from JFK 2 LAX

[plane lands]

Gang Starr Lyrics

"Itz A Set Up"

(feat. Hannibal)

[scratched by DJ Premier] "We got news for ya"

[Chorus: Guru and Hannibal]

[Guru] While they devise our demise, we grow wise
[Hann] Upset the set up, the element of surprise
[both] IT'Z A SET UP
[Guru] It's time to upset the set up

[Verse 1: Guru]
Though they conspire, fake us to make us retire
With the burning desire we make it out of the crossfire
Thoughts are higher, elevating and focused
while the path is narrow, for those like us
Primo beats provoke us to meditate like Zen
With the will and the strength, of a million men
While they introspect, where nothing is met
It's been that way for a while so much has come and then went
But I'm confident, a few, are due to redeem
their respective kingdoms, with an abundance of cream
So if I were to scheme, it would be on a realer dream
Like formin effective teams to filter the smokescreens
You totin in jeans, don't even know the true envy
The man I'm pickin apart, and plus they both were friends to me
Past trivial pursuits like East and West coast feuds
Come against me on the mic, many and most will lose
Like most dudes, I love this hip-hop, and this rap stuff
But I don't like the shows, where the ignorant act up
While some'll be rippin it, they be in the crowd wildin
Flippin on kids, for the chains and medallions
Or the kid they don't like, from a beef from way back
And decide that's the night, perfect time for payback
It's wack for the group, plus the others who came
to see a fat ass show, instead there's bullets aflame

[Chorus]

[Verse 2: Hannibal]
Still waters run deep this is leagues in depth
Quiet as kept they slept we crept
Society puts the squeeze on MC's like iron grips of death
From here on in peace and blessings long cherish your breath
Gifted and Rhyme U now how we do, stay true
Follow through lay down the law, cause it's probable and overdue
All systems overdue, my guns know me
I only hold a few my nigga for only a few hold me

Never forget the ones before me, my momma told me
sacrifice for the ones behind me leadin the seeds
Blind leads, black on black, crime to me
Inclined to refine my creed I eat thinkin lead
Conceive to make the beast bleed, enhance thoughts
like tossed trees 'cross the Earth three-fourths
Let my offspring feed all three, corpus delectis cost me
Lost and found on enemy ground, quoted although
they don't know how we get down at sound speed we breed
Mo more confined to blind greed and self destructive deeds
Heed my freedom war cry, of course I'm N.Y.
Hug my peeps that died, the loved ones alive
Reinforce and fly high as I lie so shall I
from New I to Cali next plateau U.N.I.versal
Unleash the black rain
Show em who in control, electro-magnetic
pull on the hole, ill as toters bang out
Til we sittin on swole the strongest way to grow
The only way I know, Underground Railroad on track
No physical or mental chain can shackle that

[answering machine messages]

Gang Starr Lyrics

"Moment Of Truth"

No matter what we face
We must face the moment of truth, baby

[Guru:]
They say it's lonely at the top, in whatever you do
You always gotta watch motherfuckers around you
Nobody's invincible, no plan is foolproof
We all must meet our moment of truth

[Guru:]
The same sheisty cats that you hang with, and do your thang with
Could set you up and wet you up, nigga peep the language
It's universal, you play with fire it may hurt you
Or burn you, lessons are blessings you should learn through
Let's face facts, although MCs lace tracks
It doesn't mean behind the scenes there ain't no dirt to trace back
That goes for all of us, there ain't nobody to trust
It's like sabotage, it's got me ready to bust
But I can't jeopardize, what I have done up to this point
So I'ma get more guys, to help me run the whole joint
Cultivate, multiply, motivate, or else we'll die
You know I be the master of the who what where and why
See when you're shining, some chumps'll wanna dull ya
Always selfish jealous punks, will wanna pull ya
Down, just like some shellfish in a bucket
Cause they love it, to see your ass squirm like a worm
But just as you'll receive what is coming to you
Everybody else is gonna get theirs too
I ain't no saint, therefore I cannot dispute
That everyone must meet their moment of truth

[Guru:]
Actions have reactions, don't be quick to judge
You may not know the hardships people don't speak of
It's best to step back, and observe with couth
For we all must meet our moment of truth

[Guru:]
Sometimes you gotta dig deep, when problems come near
Don't fear things get severe for everybody everywhere
Why do bad things happen, to good people?
Seems that life is just a constant war between good and evil
The situation that I'm facing, is mad amazing
To think such problems can arise from minor confrontations
Now I'm contemplating in my bedroom pacing
Dark clouds over my head, my heart's racing
Suicide? Nah, I'm not a foolish guy

Don't even feel like drinking, or even getting high
Cause all that's gonna do really, is accelerate
The anxieties that I wish I could alleviate
But wait, I've been through a whole lot of other shit, before
So I oughta be able, to withstand some more
But I'm sweating though, my eyes are turning red and yo
I'm ready to lose my mind but instead I use my mind
I put down the knife, and take the bullets out my nine
My only crime, was that I'm too damn kind
And now some skanless motherfuckers wanna take what's mine
But they can't take the respect, that I've earned in my lifetime
And you know they'll never stop the furious force of my rhymes
So like they say, every dog has its day
And like they say, God works in a mysterious way
So I pray, remembering the days of my youth
As I prepare to meet my moment of truth

[From Who's Gonna Take the Weight?:]
"You should know the truth and the truth shall set you free"

[Guru:]
Yo I got one lyric pointed at your head for start
Another one, is pointed at your weak ass heart
Now if I pull the trigger, on these fully loaded lines
You're gonna wish I woulda pulled a black nine, I mack dimes
Crack the spines of the fake gangsters
Yeah the biting trifling niggas, and the studio pranksters
Yo looking at the situation plainly: will you remain G?
Or will you be looked upon strangely?
I reign as the articulator, with the greater data
Revolving on the TASCAM much doper than my last jam
While others struggle to juggle, tricky metaphors
I explore more, to expose the core
A lot of MCs, act stupid to me
And we have yet to see, if they can match our longevity
But anyway it's just another day
Another fake jack I slay with my spectac' rap display
Styles, smooth but rugged -- you can't push or shove it
You dig it and you dug it cause like money you love it
The king of monotone, with my own throne
Righteously violent prone my words bring winds like cyclones
Storming your hideout, blocking out your sunlight
Your image and your business, were truly not done right
Throw up your he-Allah-I now, divine saviors
You got no hand skills there's no security to save ya
No pager, no celly, no drop top Benz-y
I came to bring your phony hip-hop to an ending
My art of war will leave you sore from the abuse
Cause you must meet your moment of truth

[Guru:]
They say it's lonely at the top, in whatever you do
You always gotta watch motherfuckers around you

No one is untouchable, no man is bulletproof.
We all must meet our moment of truth

Gang Starr Lyrics

"B.I. Vs Friendship"

(feat. M.O.P.)

[GangStarr's "Who's Gonna Take the Weight?" plays in the background]

[Guru]
It's like, a friendship, and a business partnership
And, we have to always be concious of the difference
between em; because y'know, some things can happen
that'll ruin one or the other, so
we alwa-we always stay concious of those things
Those obstacles that can, y'know trip us up
because we ain't trying to go out like that

[Primo scratching fades in gradually]
"friends" "business" *[x3]*

ahhhhhhhhhhhhhhhhhhhhhhHHHHHHHHHHHHHHHHHHHHRAHHAHHH!!!
C'mon! Motherfucker! Yeah! ...
GangStarr! GangStarr! M.O.P.
Ghetto people!

[Guru]
Son you're supposed to be my man, but you ain't wise enough to realize
this is B.I., see I wanna taste the whole cake
Some things in this industry, shit be so fake
Make no mistake, if you're my man you'd understand
about the plan, to stack hundreds of grands (That's right!)
And how to stand, on much more acres of land
And to expand from the days of goin hand to hand
So like I was CEO I do my thing son
and turn this underground rap thing to my kingdom
Release a fistful, of rhymes for the fiscal year
MC's are wishful fuckin with this here
They stuck with the tear, for fear they foresake a brother's love
it's clear -- I'd have to be the better man I'm thinkin
The 7th Letter Man ain't got no time for petty speakin (uhh)
So we go our seperate ways I see the fork in the road
I know I blessed you with a portion of gold
and some good fortune to hold, so KEEP THAT
while I keep it movin, just like truckloads
of interstate cargo, taxin niggaz like U.S. embargoes
You my man like I said so all the best
You shoulda known we do shit differently than all of the rest
Can't afford to let a link be, loose in the chain
It's time for us to get mad more, juice in the game
You're buggin son (that's right) that's word to Billy and Fame
So I'ma stay the game, that we play to win (Yeah!)
So I don't care what you say to her or say to him

The object son, is to excel and lead
And niggaz be bluffin fallin for nothin but greed

[Chorus: M.O.P. and Guru]

[M.O.P.] If it's animosity
[Guru] Let me know
[M.O.P.] If you plottin to stop my dough
[Lil' Fame] Time to go!
[M.O.P.] GangStarr, M.O.P. nigga
[Billy Danze] Tryin to blow!
[M.O.P.] If you my man you could understand!
[x2]

[Lil' Fame]
I'm true to myself y'all, and I'm a down ass nigga!
So don't fool yourself, clown ass nigga!
I always been the type of cat that'll put it on ya
since back in the days when Laze snatched me off the corner
And every since then, the whole game changed
Everybody's against, Lil' ass Fame
They wanna see me stretched out with my back smokin
Left for dead in the street with my back opened
So I don't keep friends I just roll with
niggaz I was RAISED WITH, went out in a BLAZE WITH
In the penile, to B.ville, down to Grayson
And we thick together, in these last days kid
So I don't have what you call friends
cause when it's on then they gone in the end!
But I'ma handle my business indeed
Cause niggaz be bluffin fallin for nothin but greed!

[Chorus]

[Billy Danze]
Hey yo what happened to the love soldier? It never crossed my mind
that you would doubt my love inside and test my pride
I divide, anything that I got
with my M.O.P. staff -- WE ALL AND WE OUT!
To the First Family loyalty, is no game
We them type of niggaz that, money won't change
We all aim, for the big picture
but to me it don't mean shit if your dogs ain't witcha
I sacrifice my main arteries -- WHY NIGGA?!
Ain't nobody never loved me, like my niggaz
See my business is my friendship and my friendship is my business
Can I get a witness?! (Preach on nigga!)
Hey yo we went through all out wars, half-assed tours
Travelled 'cross this land with heavy contraband
(See you my man!) And you ain't never got to
second guess or question the love of William Danze (Sho' nuff!)
I am invaluable, to my niggaz
cause they all rest there in thirty-two -- BETTER THAN NOTHIN!

Think of William when they start bustin, I hold you down
(When them body parts pop up cousin) I'll be around!

"friends" "business" *[repeat x6 to fade]*

Gang Starr Lyrics

"The Militia"

(feat. Big Shug, Freddie Foxxx)

"There's a bulletin - state police, Princeton Junction"

"The militia...
Certain individuals of unidentified nature
is now under complete control"

"Hip-hop is not, what it is today.."

"It's the real *[echoes]*... it's the (militia)"

[Verse 1: Big Shug]
If heads only knew how I felt about the rap game
They'd relocate, and change their fuckin name
I eradicate movefakers, roll with coat shakers
Give dap to mad money makers
Shared cells with lifetakers, have sex with rumpshakers
I make moves so I'ma earthquaker
I've been known to instill fear
Although the world may be round, we still trapped in the square
City light, got me buggin and trife
Some die by the gun, some die by the knife
It's alright, like a game of spades I'm trump tight
Premier hit me with music to ensure that it thump right
And my flight, will be taken solely at night
Cause that's when the freaks come out, no doubt
And in the dark hours is when I will shower
with the knowledge of my trade to get paid
Still I make moves like a snake in the grass, roundabout
I be dickin it down while you be assed out
Puff mad L's but never passed out
And if I'm caught up in a jam I blast my way out
There'll be no lettin up, just straight shuttin up
or we'll start the wettin up
Lyrical infrared sceptor never miss you
Big Shug, Guru, Freddie Foxxx, The Militia, militia

[Chorus: Freddie Foxxx]
Everybody's spittin it, the rhyme is hot
Cause it's Big Shug, Guru, and Freddie the Foxxx
When Premier bring the beats, no it just don't stop
It's The Militia *echoes*

[Chorus]

[Verse 2: Guru]
Yo; I ain't one to succumb to no man, but to command

And scoop up the troops when it's time to take a stand
Emphatically, deep strategies leave casualties
I creep gradually, til everybody knows
that I got more flows than Rosebud got hoes
The anger inside had me trapped
til I got geared up with raps to tear you up like big gats
for big stacks, watch your back when I send em in
Caught you tremblin, my name and face you're rememberin
Several attempts, but nah bitch, you'll never win
Rhymes pierce your skin or maybe limbs we'll be severin
Take you to the mat, peep that, you should keep back
My ill-kid format will lay you flat like a doormat
that I walk on, I meditate while you talk on
And gossip, so I drop my hot shit; fully loaded glock clips
So get the fuck out my block, kid
As nights turn to days, days go back to nights, we be speaking it right
And keeping it tight up in the street life
I meet life, head on, no holds barred
Born with a heart of gold, now mostly cold and scarred
En guard, choose your weapon, or get to steppin
Lyrical bullets make you dance from the trance you be kept in
Assessments are made before, and during combat
I master my hunger, blow the spot when I bomb cats
One of us, equals many of us
Disrespect one of us, you'll see plenty of us
Conflict, is what I predict
You and your fellas is mad jealous, attempting to flare
We cleverly stalked ya, your fam'll miss ya
The war's on, that's why we formed The Militia

[Chorus]

[Verse 3: Freddie Foxxx]
You niggaz owe me for my rhymes, I come to collect
For you dope fiend niggaz in rap, I here to inject, check
My style is water baby, spread it around
But when you niggaz don't flow it right and fuck up my sound
I get down; in '89 I spit the buck in the face
of every MC that came in the place, a scar you'll never erase
MC's are only recognized for their flows
I'm worldwide for the bitches, that I turned into hoes
You heard me spit it on Jew-elz, that's how it goes
For all them faking ass niggaz and how I bust up they nose
And while your, nose is drippin, and drainin blood
I be standing over you screamin, "Nigga, WHAT, WHAT?! Nigga WHAT?!"
Niggas feel my presence, like I'm right in they palm
Cause a stormy day is coming, when you see me so calm, it's on
No more twin glocks, they jam up my plays
Now its twin .40 calibre Walther PPK's
I'm in the control of my game, you must respect me like The Ref
Uh-huh, you disrespect *gun clicks* you get the tech
I turn you fake niggaz on and off, like I'm the clapper
I rob so many niggaz, they should call me Jack the Rapper

I'll the illest nigga doing this, dead or alive
Gloria Gaynor on you motherfuckers, I Will Survive
You can try to come at me, but do you want the kick back?
You snap inside the cage of a pit, and you get bit back, huh
My war is so tight, my drama so ill
Beef with me hangs around like a unpaid bill
I push these lyrics through any MC, and make it burn
So the niggaz who be rhyming next, will miss a turn
When you speak of who's the dopest MC, I don't come up
But when you speak of who's the livest MC, I stay what up, what's up?
I got stripes while you got strikes and bogus mikes
Do what bitch niggaz do best *UTFO sample* bite
You niggaz can't make up a law that I don't overrule, overthrow
Prim' brought Bumpy these tracks so I can let you know
Before I slide I'ma leave you this jewel
Even mechanics walk around with they tools
It's the Militia

Gang Starr Lyrics

"The Rep Grows Bigga"

You do your first bid and dirt to get your name known
You never talk too much to get your spot blown
Now you're no longer just a face in the crowd
You're gettin so much respect that niggaz might as well bow
And movin up with your hustle like you planned it
Rakin dough like the world's greatest bandit
Always got one eye open, for the stick-up kids postin
So much cream chumps they can't understand it
Ladies flock to your jock like it's golden
Curious, to test the weight you be holdin
but you ain't got no time, to be chasin felines
If she's the chick that you pick then she gets chosen
People treat you like you're ghetto royalty
And all your staff shows you utmost loyalty
You paid your dues, refuse to lose in this scenario
The rep grows bigga, you're a legend and a hero

Your fame has gotten larger than your life
You've got a harem of bitches and killer niggaz that's hype
They got your back, but you so fly you don't need em
You shit what you're eatin so you don't peep the proceedings
They start schemeing, feeling that you're too swollen
and that's the reason why your cash and stash gets stolen
You start perspiring, because you're paranoid
Still another confrontation that you couldn't avoid
Prepare for drama, as if you were a stunt man
Back in the days you was a forty and a blunt man
Today you're a Willie, now the weather's too chilly
New York City ain't the place to be frontin
Over your shoulders day and night's where you look
Your so-called fam ran a scam, and you got shook
Go back to square one, better go talk to your son
See reps grow bigga in the life of a crook

Years ago, we were new jacks to this scene
Showed some effort, made fat records, but still saw no green
Know what I mean? They tried to stifle us
Nigga you could not believe how really ill and trife it was
Fed up so we headed on a serious mission
Wishin, that we could better our position
Two businessmen, Guru and Prim', we enterprised
Too strong to be stepped on, creatively wise
The dedicated ministers of underground sound
When we're doin our thing, you know we don't fuck around
No matter how bizarre and different you think you are
your team wouldn't dream of competeing with GangStarr
Premier in the rear with the beats and cuts

And Guru with the mic ready to tear shit up
Take us out the game nigga? How you figure?
The name is well kept, and the rep just gets bigga

Gang Starr Lyrics

"What I'm Here 4"

"Tell the people what you're here for"

[Intro/Chorus: Guru]
It's the message in the song that makes you rock on
Some people go to places where they don't belong
Whether wrong or right, a lot of people fight
But I'm here to bless this mic, aight?

[Verse 1: Guru]
I take action the minute that the crowd gets hype
I'm type crashin, down like a meteorite
I'm Bogart-ing, mics and whole stages
Destroying MC's dreams, from words to whole pages
Their rapbooks, look more like scrapbooks
with their fictional fairytales and frail ass hooks
A lot of shit has happened, since I started rappin
There's been enough beef, and enough gat clappin
There's been mad signs, for this brother to heed
and while some choose greed, I choose to plant seeds
for your mental, spirit and physical temple
Bob your head to it, there's the water you've been lead to it
Bathe in it, a long time you've been cravin it
Prance to it, use your third eye and glance through it
Your state of being, becoming advanced through it
While others rhyme with no reason I be breezin
Their mics I seize them, then I try em for treason
I used to always like to hang out
Now I lounge in the rest writin bombs while tracks bang out
I know you peeped me in the club then
but now I'm in your speaker, with the voice that you're lovin

[Chorus]

[Verse 2: Guru]
Peace to the young ladies, who wanna bone me much
And peace to my nigga Premier, with the golden touch
I never fall off point, like DeNiro in Casino
Peace to Black Gambinos and all my peoples
dig the steelo -- I'm fightin wars you know
as in the Jihad, most humble, most merciful
That's because I be God, I trog through fogs, puffing logs
MC's muttering menial madness, they get mobbed
Scarred and barred, and then, banished from my fuckin kingdom
You got a fly one bring one, or else I come to fling some
exquisite exotic exciting type shit
Enough to make the real heads wake up and get hype quick
I'm type slick, known as the God Universal

Kick rhymes without rehearsal, I cross the burnin sands
Now I stand here with virtue, of course I could hurt you
simply with my point of view, and I knew
that many would come, that's why I've chosen
to cut off pathways, and there's no runways or doorways open
for the jokers who ain't focused
And all the fake mercenaries get buried by the tongue of terrifying fury
Nothing's blurry, fuck it I got no worries
Hearts and minds, shine bright light with insight
Yeah sense my birthright to set up cyphers with power
cause mad shit ain't right, like punks in the spotlight
who can't freestyle, sometimes I make my peeps smile
by sayin somethin crazy wild
like some shit off my dome, that be soundin
better than the next man's whole album..

Gang Starr Lyrics

"She Knowz What She Wantz"

This jam is dedicated
to that woman that knows what she wants
and just how to get it, word up

She knows what she wants *[x2]*
Yo, she knows what she wants
She knows what she wants and just how to get it

She knows what she wants
Yeah, she knows what she wants
She knows what she wants
She knows what she wants and just how to get it

She knows what she wants, she's bold so she flaunts
her hourglass jewels to mad clientele
Rejected oh well, she ain't goin to no hotel
Not the frantic freak type, but if you speak right
you get to take her out and dig her out on a weeknight
Weekends, she wants to spend your ends
Her shopping spree is colossal, attitude semi-hostile
Mack diva senorita, no reefer, no pizza, just
shrimp and lobsters, champagne and mobsters
Suckin up the cream like a vac to a carpet
Strictly black market now you're her next target
Watch out... cause yo she knows what she wants

She knows what she wants *[x2]*
Yo, she knows what she wants
She knows what she wants and just how to get it

Spotted her in the club, with her crew nearby
Her looks are a lullaby, to pass us by, she's too fly
Never gunshy, hair is blown dry
She craves a wiseguy to help her gain amplify
So when you say, "Yo baby," she ain't gotta say hi to ya
cause prior to this, he put rocks on her neck and wrist
plus a fat joint on her finger
You best to have a batch of scratch and treats to bring her
And if you happen to luck up and get in
You'll find yourself another jealous trick-ass boyfriend
And furthermore the mink she's donning is stunning
Blinding your senses Dunn, never put the two
before the one son...

"It's the lesson well learned"

"It's going down!"

[scratched] "It's the lesson well learned"

"It's going down!"

She knows what she wants *[x2]*
Yo, she knows what she wants
Yeah, she knows what she wants and just how to get it

Never fall victim to a chicken you was stickin
Even if you think the punanny might be finger-lickin
Never fall victim to a wicked woman's ways
"Why son?" She's trying to get paid, check it
One: She said she wanted to give me a son
Two: She said she didn't like my crew
Three: She never ever cooked for me
Four: She was my cheri amore -- YEAH RIGHT
It was all hype, I needed more insight
In retrospect, I know I slept from the first night
She did a split and that was it
Gave up my pimp license, and flipped my whole friggin script
But now I'm back like the Isley's moving wisely
Sizing up the situation, keeping honies waiting
Cause I got more to do, than to be sucked dry
This tough guy, will get by, while the chickens wonder why
I don't be callin cause it's like Ex to Next kid
I know what I want, and just how to get it
like her, no disrespect Miss

Gang Starr Lyrics

"New York Strait Talk"

"From New York straight talk, America's best" *[x3]*
[Apocalipse] "Yo I'm not new to this I'm true to this"
"Word up!"
"From New York straight talk... America's best"

[Guru]
Yo, it doesn't make sense, for you to compete against
this New York vibe that gets your whole body tense
Calm down, listen to a brother who knows
Cause the rappers out here come up with mad different types of flows
Switch-up, change-up, yo pull the range up
so we can build on this shit, for real that's how we came up
Used to ride the subway trains back and forth
Now I push an E-Class, four-two-zero of course
Still material gains, make one more aware
of all the madness and the civil unrest that's out here
I doubt there, is anyplace more complex
You can get lost in the sauce, New York'll have you vexed
Who's next to get served, herbs'll get knocked off
Burning flammable rappers, is how I get my rocks off
I pop your top off as if you were the bottle
then I'll drain all your fluid, you're better off playing lotto
Bright lights, big city and the dark alleyways
New York we get the money all day everyday

"From New York straight talk, America's best"
[Apocalipse] "Yo I'm not new to this I'm true to this"
"Word up!"
"From New York straight talk... America's best"

[Guru]
True if you can make it out here, you can make it anywhere
That means a lot of rappers, they should stay away from here
cause we still care, about the total artform
Niggaz could sell more records but they still can't flip a live forum
Plus everybody out here ain't talkin true shit either
Mad niggaz is fakin jacks, I don't like them neither
But the competition keeps me on point
that's why I lamp in the studio composin fresh new joints
from the streets, Medina, Manhattan, Staten, P-Lawn
The struggle continues, everybody wants to be on
The rat race, makes this lifestyle fast paced
I've loved it since the days of fat shoelace
Screwface me all you want, but I'm used to it
I'll never give up rep in New York, I'm true to it
From forty-deuce to Queens, back to East New Yi
We takin no shorts, and plus we showin no pity

Bright lights, big city and the dark alleyways
New York, we get the money all day everyday

"From New York... straight talk..."
"Yo.. I'm.. not.. new.. to.. this"
"America's best" "Word up!"
"From New York straight talk, America's best"
[Apocalipse] "Yo I'm not new to this I'm true to this"
"Word up!"
"From New York straight talk... America's best"

[Guru]
You get bent up, sent up creek, without a paddle
You wanna battle? Well I live in New York
so think twice blink twice now your Roley and Lincoln's gone
Don't come into this rap game if you don't belong
You won't be on but for a minute anyway
You're just a scavenger, you don't live this life everyday
Rap is regional, so you can check the demographics
Everybody represent where they live, cause shit is drastic
confusion, while I'm givin rappers contusions
And people don't realize that real hip-hop is losing
They wanna shut us down, and I say, "Shut up clown!"
Cause New York is too corrupt and too tough to lay down
and just quit, cause MC's out here kick serious lyrics
And I come to you, with my infinite spirit
Not takin nothin from your hood or your set
But GangStarr could be a threat, in New York we rep
That's where it comes from, that's why you're feelin it
So why supress it, I'd rather be revealin it
Bright lights, big city and dark alleyways
New York we get the money all day everyday

"From New York straight talk... America's best"

Gang Starr Lyrics

"My Advice 2 You"

Yo yo Gu-rizzi, yo
Yo whassup son?
Yo man, youknowhatImean? I need this money man
Get up out in these, in these streets man
Yo, so what's the deal God?
I'm sayin, what you need though?
Yo let me have like, two or three, three G's man
I'm sayin, I'm sayin son man
You know what happened last time though
I gotta do what I gotta do man, I gotta eat man
Whassup man? Oh your baby momma stressin you? ...

Way past the days of the deuce me and you stays a crew
Only a few percent knew what me and you went through
We've been sent to dominate, these corny come-lates
and set this crooked rap shit straight from Crenshaw to Castlegate
Like Pete and CL, I reminisce over days
from the streets of Boston to New York and all the ways
for certain niggaz to blow up, and crime paid
But my praise goes to the most high
Cause some nights I got so wild yo, I almost died
Some stuff I got into, really scarred my mental
Pops wasn't tryin to hear it, cause of what he been through
Still, like my nigga Havoc said, sometimes you gotta
hit your crew off, so they can make some bread
Cause no matter the weather, niggaz be needin cheddar
And things in this world are more fucked up than ever
So let's make this bond to keep this hip-hop strong
You a man Baby Pop you know right from wrong
So stay out of trouble, and that goes for me too
That's what we need to do, that's my advice to you...

You remember what happened last time, when you got knocked
Doin your thing, sewin shit up on the block
You need to stop, fore you get caught again
or you get shot and I lose another friend

"Any man with the plan is precise with his life"

"Think twice"

My advice to you, cut down on champagne and booze
For a nigga like me, most time that shit's bad news
It's like lightin a fuse whether it's sneakers or shoes
cause somebody always wanna step up to start a feud
It's like Set-tin It Off but not the movie
Plus let's get some real women forget floozies and the groupies

Cause they spell mad problems from Watts to Harlem
And the bullshit won't stop long as the world's revolvin
And I recall when niggaz knew my pops had clout
But they didn't know my sorry ass was gettin kicked out
And they was seein if I wanted to come bubble with them
And make my ends triple and double with them
And get in trouble with them, now memories of them
I wear em in my heart like a emblem
I doubt we'd ever be bigtime sellin dope coke or dust
It's killin us, let's take our people and make a exodus
Annhilation, inhilation through the lungs
or extermination, by the use of dirty guns
Triple beam dreams and drug schemes of mad cream
could be a sad scene when you go to that extreme

"Any man with the plan is precise with his life"

"Think twice"

"My advice is to you..."

Gang Starr Lyrics

"Make 'Em Pay"

(feat. Krumb Snatcha)

[Guru]
First and foremost, some rappers are sweet like fructose
When I cock back these lyrics, y'all punks best be ghost
I be the seven twenty-one, eighteen twenty-one
The illest one, I'm almost doper than anyone
Straight out the late nights of Bed-Stuy
Steppin up, y'all put your weapons up, I make heads fly
You're artificial like saccarhin
You're crazy fake, it's more than skills you be lackin in
Concepts you bite, cause your identity ain't tight
Tryin to be somethin you're not, like pullin a knife at a gunfight
I'm troopin on night air like flight number 106
and gettin all up in your fuckin mix
You get me upset, and I got you uptight
cause my committee's in your city tonight, AIGHT?
We got seventeen million of us plus, two million Indians
That makes 19 mil, lightin shit up like Wild Bill
I be the, supreme father plus the ill kid with drama
My karma, creates the teflon to pierce your body armor
And make sure you check the shit before you walk to me, or talk to me
Steppin to me improperly, you just may catch the weaponry
My specialty is tearin tracks out the frame
You know my fuckin name, I rule all game
I'm universal on all planes, what's your claim?

[Guru]
Yo, I be your highness, in slickness, you chumps bear witness
Tremendous tropper, verbal nigga witht he fitness
Drop you for your spot with the blazer then I blast ya
Slice precise like ?fenny hanas? when I come to bring the dramas
Styles so swift, that you can't peep the God
as your lyrics get buried, six feet deep in my backyard
I laugh hard, while your mental I run through mazes
Dark stages of terror to shatter your dressing room mirror
Your whole error gets crushed, your whole show gets bumrushed
Too many dumb punks, want to enter this rap scene
Kickin Willie Bobo, but need to be slapped clean
into oblivion, the true champion always rises
I bring surprises to the chief plus their advisers
Size me up, and you will find nothing's larger
Catch more wreck on your dome, than a deranged fuckin barber
So what you made some dough, you best keep on scramblin
All your vanity, is instantly crushed, when I start handlin
Demandin that you pay, for your weak rhyme display
Coast to coast, I break the fakes everyday

[Krumb Snatcha]
I see myself as the black Rap Messiah
Colossal spreadin my gospel through electrical wires
Spit fire through speech, so I can reach each and every
Tom Dick and Jerry slippin like petroleum jelly
Too busy in the limelight, can't rhyme tight
I got divine right to bring y'all to light
Somethin ain't right, to be an MC, you gotta thug
Or to thug you gotta be an MC, this shit is bugged
Show love but few; deal with crew and crew only
And think universal like Sony
Phony pounds and fake hugs is usually avoided
Give a fuck like Pizza Hut I got to stay Noyd-ed
Cause that same nigga you trust, could be that same cat
behind that gat that bust, quiet ya, with the silencer
Keep it hush, ashes to dust, then dust to ashes
Nowadays it's who pull out the fastest, imagine this
rap shit without this gat shit, or the phony cat
in black talkin bout how much his Mac spit
But this year, GangStarr got changes bein made
No wack shit bein played no fake macks gettin paid
No Versace MC's, with a mouth full of Mo'
Soundin like a hoe spittin that old-fashioned show flow
I bombshell that pastel Chanel rap through a Maxwell
Ever since young Krumb, was taught to rap well
Goin deep, process of thought, when my eyes closes
Awaken with interpretive robe and sandals like Moses
Travellin high sands and Eastern lands for the answers
Ignorance is spreadin through the streets like it was cancer
Too many drinkin not thinkin, when behind that trigger
A 38 escalate the murder rate, for us niggaz
it's like, microphone roulette cause nowadays MC's is gettin wet
over someone else's fake gangsta rep

Gang Starr Lyrics

"The Mall"

(feat. G-Dep, Shiggy Sha)

[Intro/Chorus: x2]
Make money money - GO SHOPPIN!
Take money money - GO SHOPPIN!
No matter what the weather, winter spring or fall
We'll be doin it... "at the mall"

[G-Dep]
Yo what the deal cousin, gave him a pound now we huggin
in the mall thuggin, buggin, spent a few hundred
Shorties must be lovin, shit, jigg to my Wallow's
They watch like Movado so I floss like I'm lotto
You ain't loungin, til you've been countin by the thousands
Profilin, pushin more weight than your medallion
We be wildin, lockin blocks down just like the Island
Dough pilin, we keeps it in the family like Italians
Ballin, cop some Charles Jordan and some icebergs
Ice herbs, nice curves, girlfriend with the white fur
Pushed up, feel her like some shots of Tequila
Said her man's a dealer, with all these bags from Antilla
He got to be, but you hot to me, you under lock and key?
Laid it down properly, this cat at Stern's watchin me
Moved on me sloppily, prepare for the fallout
with gats to blow the wall out, clear the mall out

[Chorus]

[Shiggy Sha]
Yo, don't be mad at me, I used to be
King Raggedy, fiends naggin me, shit I had to breathe
Gradually, rocked casually, Sha passed the leave
Vaseline slick shit, green stick shit
Honey got some mean lipstick, my knot's this thick
And I cop the meanest shit, still ride DISCUS
but cops frisk us, the block whispers
Theft need to stop, how we cop
but you can Guess like them jeans you rock
For now I'm rollin right, cause I had four faces
fightin four cases in North Face of Dolemite
So if he's here I ace the toners out my holdin tight
Shorty lookin innocent there, in Benetton gear
Nuttin innocent here, this ?henneson gear?
Give us a year, to really see clear, through these Cartiers
And do it party yea is what I'll probably hear
Sharkskin is what I'll probably wear, designed by Pierre, trust me
And look lovely with it
Cop a 4.2 and get ugly with it, snugly fitted, ruggedly hittin

Fitted in my Coogi knitted, compliments on the doobie did it
Got the movie rented if the crew be with it yo

[Chorus 1/2]

[Guru]
Most times I'm casual, but easily I switch
to some fly shit, like some silk suits by Paul Smith
And purchase some kicks by Kenneth Cole
Cop a Hilfiger, or Polo goose, for when it's cold
Armani, and Gaultier specs cover my eyes
The definition of jiggy so you best to recognize
At the mall, I'm baggin up, much more than gear
Victoria, be whisperin mad Secrets in my ear
She wanted me to knock her in the back of Foot Locker
I chuckled as she kicked more game than soccer
Others try to copy, I see em when they mock me
Baseball cap bent, the fresh scent is Issey Miyake
All the way from Green Acre's to the Beverly Center
heads turn, and I'm the main concern when I enter
At Albee Square, niggaz wouldn't even dare
with that fake thuggish ruggish when them Brooklyn kids be in there
Saw ?newriqi L? and then a sweet for my girl
Stylin, on the cell phone smilin, it's my world
Can't forget the Avorex, pocket for the royalty checks
My crew be showin loyalty, plus utmost respect
Yo son, go pioneer them bimbos, while I get some Timbo's
Later on that night you'll find them nymphos
That's how it goes cause mad heads be in the mall
Let's breeze, we got a show, plus I got another phone call

Gang Starr Lyrics

"Betrayal"

(feat. Scarface)

[Intro: phone conversation]
Yo what up son?
-Yo what up kid?
Yo, you holdin your head up?
-I'm tryin to man, but the system is shady
Word man they always man, they always tryin
to keep a good brother down, but I'm sayin
We still, you know we got love for you son
and we prayin for you and we, you know
we tryin to hold it down wh
you know while you in there man
-No question
Hopefully they won't keep you in there for too long
-Yeah, for real, I sure love be out in a minute, you know?
-But you know what I want you to kid? You know what would
-be the bomb man?
What's that?
-You need to do some shit with Face man
-Bomb on niggaz, be shady man
Scarface?
-Yeah man
Yo that's my nigga, yaknowwhaImean
-Scarface is tight son
Yo that's a good idea word is bond
I'm gonna talk the play in tomorrow (yeah) and
see about if we could hook up wit him
-That's proper

[Hook: Guru]
Scandalous, money greed and lust
In this trife life, there ain't nobody you can trust
Plus there's no justice, it's just us
In fact, watchin' yo back it be must
And each and everyday around the way gats bust
And jealous so-called friends'll try to set you up
It's called betrayal

[Verse 1: Guru]
Check the horror scene
The kid was like twelve or thirteen
Never had the chance like other kids to follow dreams
Watched his father catch two in the dome and to the spleen
Nothin" but blood everywhere, these streets are mean
They spared his life, but killed his moms and his sister Jean
Of course over some drug shit
Hi spops was on some ill-out, spill your guts, on some thug shit

Didn't know his boys was on some shady ass no love shit
His pops got played out though, with silencers they laid him out yo
Took his stash and all the cash and left 'em, tied up on the couch yo
With tape over his mouth, so he couldn't cry out
cause his dad was the nigga with clout
Survival of the fittest so they split his wig no doubt
Despite the stocking caps he noticed the same cat, who used to give him doe
and taught him, to use the same gat
Supposed to be an Uncle,fam and all that
He could tell it was him 'cause he wore the same slacks, he wore when
he took him to Meadowlands racetrack
Why did he flip and go out like that?
It's called betrayal

[Hook]

[Verse 2: Scarface]
A Betrayal
Punk ass niggas
It's called betrayal

He on a mission to become a ball player
Flip big Benz's, flossin all gators
Had it all mapped out,6-8,12th grader
Fresh outta school, he fin' to go lay paper
He had abrother who was hustlin collectin his change
Never let his baby brother stick his neck in the game
Told him all he had to do is just enjoy the ride
And he ain't have to worry about money cause that's in time
So now he's pacin as the time moves slowly
Can't wait to face Shaquille in the paint and school Kobe
Kept his grades and stayed up under naighborhood functions
And then a group of knuckleheads came through dumpin
So now he's sittin on the sidewalk bleedin
Fell into a puddle of his own blood and stopped breathin
And everybody in the neighborhood still grievin
But destiny caught up with his ass and he got even
And all the cryin in the world ain't goin to bring him back
his brother, sittin at the wake wipin tears from his mother's eyes
Why'd the game have to go and take the young boys life
Only the wicked live shife, payin the price
while he's starin at the shell
his brothers soul wants hell the trigger man made bail
and you, wouldn't pay the boys mail, and sacrificed the fuckin family
That's betrayal
Betrayal *[echoes]*

[Hook]

Gang Starr Lyrics

"Next Time"

[Intro: Guru]
Word is bond, these cats been on the mic fantasizing a LOT
So called MC's, wannabe rappers and all that, whatever
You get your knot rocked kid, yo

[Chorus: Guru]
You thought you brought your best lines, but they couldn't touch mine
I rocked you in your knot hope you have better luck next time
[x2]

[Verse 1: Guru]
So just perhaps, you wanna challenge my style of rap
Talkin bout you bust caps, we know that's just a pile of crap
The underground is where I dwell at
It's where I find my heaven, and where you find your hell at
You're in my clutches now, you get slit up and lit up
just like some Dutches now, see I'm hard to define
My mind travels far, from ghettoes to galaxies
representin GangStarr -- The street life
The reason why my mic ignites, I bring more ruckus
than a nightclub fight, or bar brawl
I'm swingin lyrics like broken glass palm to skull y'all
Hold your head, cause all that weak shit is dead
See the times are changin, and me and my peeps is gettin crazy fed
So remember when you writing your rhymes
Stop fantasizing, and bring some real shit next time
Yeah, bring some real shit, yo

[Chorus]

[Verse 2: Guru]
Yo, I do what I have to do to master you and capture you
Until you recognize, what my rapture can do
You thought I wouldn't step up, to keep my rep up
I ain't them other kids, I don't need to play no catchup
I got too much pride for this, I know some niggaz
that'll ride for this, with me it's do or die for this
Street knowledge, intellect and spirituality
My survival package, as I deal with reality
I'm like Fishburne in Hoodlum when I come to do em
Chew em up, spit em out, the most respected no doubt
You seen me in action so act you been knowin
The G-U-R-U, of the Gang, I've been flowing
just like the river Niger all the way to the Hudson
Had so many lyrics stashed, and I couldn't wait to bust some
Lately, I've watched this game evolve and elevate
So now I push my music like drug dealers push weight

Straight like that, straight out the gate
Cause it's never too late, to set this fuckin record straight
But it is too late, for you and your crew son
You had the audacity to come against me, the gifted one?
And Primo with the tracks, to inspire my next line
You've got no wins here, so better luck next time

[Chorus: cut short in 2nd repeat at "I rocked you in your knot..."]

Yeah yeah
Better luck next time
[LL Cool J] ("Not this time but next time")

[Guru]
To my man G.O.V., I remember how you used to be
You were the illest man alive now I'm reading your eulogy
Eyes so serious, you told me hold my head
Pursue this rap shit and go forward never backwards
While you gripped Tec's tight, and ran niggaz out of town
I ripped up mics, showin wack niggaz how to sound
Still your essence, was callin
By two gunshots, at close range, your frame had fallen
Now like a angel you've risen
And you will stay in my heart, and yo I wish you were still livin
Word... this is in memory of

I'm not sure about any of these names

You were the flyest in the club with three bitches doin rub-a-dub
You was the pimp of all panderers
GQ, Johnny Presley, fuckin up the elegances
So many hookers on your schedule
Slammin Cadillac doors and mackin whores on the regular
You used to boost, the slickest of suits
Climbin through the back windows on the bus, you was ill Dukes
Until that chick you vicked, for the Cutlass
started snillz-niffin ki-daine, and went to cut cha
That freak shanked you six times in your sleep
I wish you was here, cause your philosophy was mad deep

Yeah... this is in memory of

Keith 'Cowboy', Scott LaRock
Prince Messiah "Rest in peace"

[Guru]
To all my brothers doin time, whether or not you did the crime
You know the system is devised to keep you deaf dumb and blind
Like Scarface said, them cats are smart
In order for things to change we must all play a part
It's easy for us to blame society
But now it's way too late, and we must take responsibility
To all my brothers in the streets
I know you feel you gotta hustle cause your peeps gotta eat
Makin moves right and exact; don't wanna see you layin flat
Don't wanna see ya catch a bullet black
If we don't build we'll be destroyed
That's the challenge we face in this race of poor and unemployed
Freud, a philosopher, but I'm a realist
So philosophize this, without love we won't exist
To those who passed out there, in the deserts and the jungles
with pain on their shoulders, and heavy bundles
I pray each one will, ascend to new heights and new enlightenment
And this is why I'm writin it
Yeah... this is in memory of

I'm not sure about all of these names
Linnet Grinnich, Cookie Murray
Yeah "Rest in peace"
Ross, Laverne La-La Eyelif
John Hood "Rest in peace"
Kevin Fredricks, Donny Charles
Leslie Clark, and Will Clark "Rest in peace"

Gang Starr Lyrics

"Put Up Or Shut Up"

(feat. Krumbsnatcha)

[Premier scratch:] "This mic in my hand, I'm rulin!"

[Verse 1: Guru]
Stupid, you know it's time to sit and think, before we hit the brink
Lockerroom, at a prize fight, before he hit the ring
Like when I tell these corporate leeches they can't get a thing
Or when I tell relentless rappers they had better sing
The position that anyone holds could be up to grabs
I'm waitin up the ave to see if anyone folds
Since I was twenty-one years old and legal
I knew the difference between gimmicky gangsters and powerful people
I'm the reason, why the game is flipped
I'm the reason, why your aim is missed
I'm the reason why you're mad I only sprained my wrist
The reason my mindframe is trained in this
You like gunfire? Better acquire the taste
Cuz youf walk aroun' with full pounds by dem waist
Deface property, they be laced properly
Rules are rules, fools are fools, I react logically
Ain't no way, so come, make my day
Like Tom Hanks I earn long bank and +Cast+ you +Away+

[Premier scratching]
"This mic in my hand, I'm rulin!"
"I repeat, this is not a question"

[Chorus: Guru (Krumbsnatcha)]
Oh you brag about the ki's you flipped and who you done up
Nigga whattup? (Put up or shut up!)
Poppin shit about the chicks and the whips you got
You think you hot? (Uh-uh, man - you put up or shut up!)
Always talkin bout your dough and your wealth and fame
Youse a lame (Get out of here - put up or shut up!)
You got hot beats and kids that can spit mad fire?
Youse a liar! (That's whack - put up or shut up!)

[Premier sample:] "This mic in my hand, I'm rulin!"

[Verse 2: Guru]
Aiyyo I've seen the toughest of tough guys, the roughest of guys
Get reduced of their juice against the wall like small fries
All rise, it's time to do the damn thing
I'm all wise, my mind exercise like handsprings
Crazy degrees of difficulties
Remain mackin chicks, O.G. shit, the ten prixs(?)
Please, you know my peoples want a lot, the corner's hot

We gettin love on y'all block
And that's gangsta, but a lot of shit ain't
Believe me it ain't easy like you sleazy niggaz think
Uneasy niggaz blink, when I step to the stage
And don't flinch, don't move a inch, I'm bout to empty the gauge
I've witnessed the bad shit, sickness and sadness
Always dreamed about what I would do, if I had shit
Drop jewels infinite for the blind deaf and dumb
Down with M.O.P. and Bumpy plus I just left Krumb

[Verse 3: Krumbsnatcha]
But I'm back.. ha, fresh out of the max
And I'm gettin at you cats
Aiyyo popped out the beast, met The Ownerz with the lease
Soldifyin contracts over dope beats
Learned a whole lot up in these streets
Like when to talk, when to spark, and when not to speak
I do the one before a gun come out
Plus y'all don't really wanna see Krumb dumb out
A ghetto doctrine to watch every pistol pop
And then while you watchin examine all options
Young bodies in the coffin more often
It stay the same from Brooklyn to Boston
Every interstate, more youth with the inner hate
Deep in the struggle, puttin food on they dinner plate
Hungry W.O.L.V.E.S. that roll thick in packs
And pray on you cats with the gangstafied raps
Extortion, only gettin left with abortion
Pullin out tools on them fools who be flossin

[Chorus]

Gang Starr Lyrics

"Werdz From The Ghetto Child"

(feat. Smiley)

[Smiley] Aiyyo I got the dimes that I get, I got the dimes that I bring
[Preem'] Yo, yo yo
[Smiley] Yo Preem', what's good?
[Preem'] What's good man - you still fuckin with that shit son?
[Smiley] Yo, don't even come at me with that bullshit man, whassup?
[Preem'] I'm sayin man, you said you was gonna leave this shit alone
[Preem'] You still on that bullshit nigga
[Smiley] Son.. SON I'll leave it alone
[Smiley] when you come and get ready with this music B, what the fuck?
[Preem'] I'm sayin man, who the fuck you think you are man?

[Smiley]
Yo, yo
Yo gangsta gangsta, O.G. is what you call me
It's like my life is like a never-endin drug story
Make coke, expand, yo you know who I am
Death percentages rises in the hood like grams
Who done it and ran, who blammed on my fam'
Out the window every night, deadly intentions man
Cocked back and ready to fire, hit man for hire
And fuck politicians, nothin but liars
As I build my cream, with self esteem
But drink the water from the streams, of gangsta lean
To keep food on my plate, stick a mac to your face
So I never have to fall off, so you can never underrate
Force pressure, is the techniques of real men
So when you slam the doors, we still get in
It's like demons when, what you fight that you can't see'll
come out your buildin, and get shot drastically
The way of the world, niggaz fiendin to pull it
You either bite the dust, or just dodge that bullet

Gang Starr Lyrics

"Sabotage"

[DJ Premier scratching]
"I want the public to know.. what goes on"
"I mean, look at the situation - be real"

[Verse 1: Guru]
The names have been changed to protect the innocent
Each step is intricate, I rep magnificent
Knew this kid named Ronnie, used to make cash with Caesar
They made a lot of money back in the 80's crack fever
Caesar was an overachiever, a kingpin and 18-and-a-half
He got knocked and left Ronnie to watch the team and the stash
Plus his crib, his jewels, his whip and his girl
And Ronnie's self-interests had him livin in a different world
He rocked Caesar's chains, he put Caesar's rings
Smokin mad wools all day, with Caesar's change
Not to mention he pushed up on Caesar's wifey
A move like that my man, extremely sheisty
It all got back to Caesar in the bing
They found Ronnie's body in the playground by the swings
Anyone can get it, for sure it don't matter dawg
Especially when a nigga tries commitin sabotage

[Premier scratching Guru samples]
"There ain't nobody to trust"
"It's got me ready.. ready.. ready.. ready.. ready to bust"
"It's like sabotage, there ain't nobody to trust"
""It's like sabotage"
"It's got me ready.. ready.. ready.. ready.. ready to bust"

[Verse 2: Guru]
Treachery, deception, it's best to keep a weapon
When you think that they be breddern, they underhand your plan
It's over for the cowardly, we grow more potent hourly
I'm knowin where the power be, I'm schemin to get even
Dissension can occur from within one's ranks
The chain can be weakened, by just one link
Pricks be galavantin from one crew to the next
Musical click-ass niggaz catch two to the chest
My usual guess is that they chose to digress
Disillusioned by greed, causin you to distress
Just do what's best, clean house, leave out
Them punks can't touch what they can't peep out
See I'm a raw nigga, and like my pops I'm a lawgiver
Can't throw a wrench in my game, I'm a boss figure
Take you under my wing, it don't matter God
Dead you if you try to commit, sabotage
Rise for me now, kneel for me now

Time to pass judgment, can't feel for you now
Lay in your bed, accept your fate
Try to clean it up, except you're late
From the streets to the industry, peep the chemistry
It's GangStarr shit, makin a livin see
We put it on and when it's war it's war
Sabotage'll have me dumpin the four *[gunshots richochet]*

[Premier scratching Guru samples]
"There ain't nobody to trust"
""It's like sabotage"

Gang Starr Lyrics

"Rite Where U Stand"

(feat. Jadakiss)

"Wh-wh-wh-what can I say? Let me explain this to you..."

[GangStarr]
Yo, I don't even wanna fight with you man
I'll lay you right where you stand
You can catch a few shells
One go right through your polo, man
Usually I'm dolo and I gotta crazy team
Car kissed the ride on you, watch for the laserbeam
Shit, it's that Ol' G Flavor
Remind you of a quarter bodega and that oldie behavior
All point but I ain't tryna scuffle with chumps
My long joints got the culture power plus the double pump
Troublesome, to anyone who stands in the way
I'll stand and I'll spray, FUCK if ya man is in the way
Your girl want me cuz I do it better than you
The whole world wants me nigga, I'ma legend to you
Like LL, Rakim, Ice-T and them niggaz
Like Cube, Snoop and Dre, I'ma be seenin them figures
It don't matter, you don't have to be likin me man
Keep playin, you'll be layin there, right where you stand

[Chorus: Jadakiss]
Gun on my waist, knife in my hand
I keep tellin you cowards, I'ma leave you there right where you stand
I don't wanna talk and I ain't tryna wanna fight with ya man
Tryna get it over quick, leave you right where you stand
Some say I'm trifflin, sometimes I'm rightfully am
But I don't give a fuck, I'ma leave you right where you stand
You just mad, you will never be as nice as I am
D-Block, GangStarr leave you right where you stand, what

[Jadakiss]
You wanna know why I invest all my money into haze and into dope
Cuz right now, I'm currently a slave for Interscope
Respect first, then money - basic shit
If you got niggaz under pressure, you could take they shit
Listen, I'ma leave you right where you stand
Have the ambulance pass ya Timberlands off right to ya man
Cuz he pussy, he ain't gonna do nothin but look
When it come to beef, he don't wanna do nothing but cook
As soon as the chrome scope him, right there, two in the dome
Smokin, Kiss keep funeral homes open
I fall back, smoke an ounce in the dark
Bounce on a Preme track like I bounce on a NARC
Keep playin, y'all niggaz will burn

and you know they say it takes somethin to happen for niggaz to learn
Let the .40 Cal give em a perm
This industry is like bacteria and my flow is a germ
Just mad cuz you'll never be as nice as I am
J to the mwah and I'll leave you right where you stand, huh...

"You gangstas is cosmetic..."
"Keep playin, you'll be layin there, right where you stand..."
"My people from the hood stay on the grind..."
"D-Block, GangStarr leave you right where you stand, what..."
"You gangstas is cosmetic..."
"W-w-w-w-w-word..."

[GangStarr]
I see you got the fear of God in you
We'll tear your heart in two
Too bad you didn't know what you got into
Yeah, the most righteous, till Malcolm got a close likeness
My name carry weight to capitate most vipers
Hot rhymes, spit a dime, hit a case beater
Flow is angry like I'm in your face with heaters
Chasin divas - nah, I don't ever have to do that
P.I. till I die and I laugh at you cats
You happy perhaps cuz you got dough and bitches
But no love from streets only for moles and snitches
Only from the meatlapin, suckers won't see it happen
Cross that line, then it's time for the heat clappin
I do my thing like the whole planet depends on me
I got game to make Janet wanna spend on me
Some say I'm trifflin and sometimes I'm rightfully am
Getcha man, I'll lay him right where he stand

[Chorus]

Gang Starr Lyrics

"Deadly Habitz"

[Guru]
Yeah, bout to talk about some serious shit
Deadly habits, you know everybody's got 'em
Just that some niggaz try to front, try to cover shit up
But fuck that, I be wylin sometimes - you know why?
Cause suckers be thinkin that shit is sweet
Niggaz be thinkin that rap niggaz ain't real, haha
Yeah well that's aight, that's aight
Let 'em think what they want

[Verse 1: Guru]
Yo I'm steady at it, them deadly habits
I pray for the best outcome son, but my dome's already shattered
By the shit that's occurred
Drivin home tipsy from the club, puffin herb, vision blurred
Thinkin bout them niggaz who caught the drop
Who I gotta stop, who he caught, and who still gotta get popped
Stash box, feelin like Fish in "King of New York"
Wifey do her thing for the God, she don't be bringin me pork
Cause there's enough deadly shit a brother be facin
Up in V.I.P., niggaz drinks they be lacin
Got a nigga sweatin pacin, not ready to fall the fuck up
But ready to pull out, and back 'em all the fuck out
And my guardian angel, is always there to protect
And my supreme nature, keeps all them savages in check
How the hell did everything get so twisted
They say be careful what you pray for, so I guess now it's this shit

[Chorus: Guru]
They will never know - what I do to get by
And them many times I almost died
They will never know - all the reasons why I flip
And now I gotta keep an extra clip
They will never know - what this stress is like
And why I'm on point, ready to fight
They will never know - all the pressure and pain
Don't give a fuck if they think less of me mayne

[Verse 2: Guru]
Deadly habits, they could be a number of things
Everybody got 'em, some people do ugly things
Excessive behaviour, it can get the best of you
Trust me, I'm a lot like the rest of you
I got issues, that haven't been resolved
You know like, money people owe me while they out havin a ball
(Mmm) Guess they too got deadly habits
Got me on a mission, to go and merk, each and every faggot

Manager's coked up, A&R's all doped up
Old school style, have 'em gagged up and roped up
Those deadly habits have me losin my cool
But yo the Son can't chill, so I'ma be abusin them fools
Pull the plug on 'em, pull the rug on 'em
Have 'em callin up, all their closest thug friends
Them niggaz can get it too
This GangStarr shit is too deep, to even get into
So fuck you!

[Chorus]

[Verse 3: Guru]
Fuck you wanna do, we way past 7:30
Be easy, too many brothers seem to go to heaven early
It's hell in these streets, but soon I'm on a hot streak
Who's in the hot seat, who had a felony beef
Yo I beat cases, with different attorneys
And I laughed at the racist DA's, who were wishin to burn me
My mom caught a heart attack, around the same time
News articles were published, around the same time
This depressed me more, but I stayed in tact
And that last corny chick I was with, she got played in fact
I know niggaz that did dumb time, and dumb crimes
I fuck with real niggaz, and never cowards with dumb minds
This country's got us in a fix
America, your deadly habits, got us all up in the mix
War without, war within, holy war, mortal sin
Tell me - huh, what's the origin?

[Chorus]

Gang Starr Lyrics

"Nice Girl, Wrong Place"

(feat. Boy Big)

[Boy Big]
You're just a nice girl, in the wrong place
Just a nice nice girl girl, in the wrong place

[Guru]
What's a nice girl like you doing in a place like this?
You wanna take my chips, I wanna take you on trips
So you can help me, get my money
Go ahead, try it for me here's the story of my honey
I'm the Owner and I'll do more than bone you
Maybe help you advance, like Prince did Apollonia
You looking right I see you hooking tonight
But something about you, got me pushing up tight
Do that dance like Aphrodite cause you mighty
You might be the chick that make me trip just slightly
Ya eyes glisten, your breasts, ass and thighs is hittin
If it ain't love, then this thug is just smitten
I feel ya aura like I'm reading ya horo-
-scope, and I hope that I can see you tomorrow
Remembering your face like this, my Henney chase like this
What you doing in a place like this?

[Chorus: Boy Big]
You're just a nice girl, in the wrong place
And I think I'm diggin you in a major way
You're just a nice girl, in the wrong place
Yeah yeah, yeah yeah, yeah yeah
Whatcha doin in a place like this?

[Guru]
What's a nice girl like you doing here like this?
Busting your heels like this, I know you feel like shit
And you feel like calling the quits, but you need that dough
Paying for school, I can see that yo
You're intelligent, similar to Angelo
I'm understanding you, I got big plans for you
Your whole awaistance got you going places
You chasing money, ain't no funny faces
You're/Your shit serious, niggaz is delirious
I like your little outfit, I like the way you're wearin it
You say your last man was too jealous
You're too young to settle down, girl I'll let you tell it
You're not a video chick, not a groupie bitch
Just an ambitious young woman with juicy lips
Remembering your face like this, my Henney chase like this
What you doing in a place like this

[Chorus]

[Guru]
What's a nice lady doing in place so shady?
Your innocent stare and derriere so crazy
Conversation stimulating, you witty
You got me debating on, taking you with me
I'm in the back drinking Yak, with you on my lap
Give me a dance cause, this is my track
You holdin it down for your whole fam
You wasn't happy with your last old man
Ma, you're doing things your way
You're making your own pay
Gotta have a business of your own one day
Hon it ain't nothing to it, I wanna see you do it
I'll tell you one thing, your last man blew it
A perfect blend of, beauty and brains
It's my duty to explain what you do to me and
Remembering your face like this, my Henney chase like this
What you doing in a place like this?

[Boy Big sings til end]
Now that I see that you be gettin ya money
You look prime time, I know you be gettin ya money
You look so fine, you've changed my mind
And all I wanna know is why, why?

Just a nice girl...

Gang Starr Lyrics

"Peace Of Mine"

[DJ Premier]
Aiyyo, what the FUCK is this shit that y'all are listenin to
nowadays on the radio man? You call that shit hip-hop?
THAT'S SOME FAGGOT BITCH SHIT Y'ALL ARE LISTENIN TO!
All you DJ's are lettin the program directors handcuff you
and sit there and tell you how to mix?! YOU FUCKIN ROBOTS!
FUCK Y'ALL!!!

[Guru]
Real talk, serious thoughts
True and livin with a youthful vengeance, yo

[Primo:] "Trust me, I'm as live as it gets"

[Guru]
At times I feel like my back's against the wall
And if y'all ain't with me, then it's me against y'all
I stand my ground, that's what I was taught
While others stand around, I hold it down like a fort
In the midst of war, I find peace within
Run, lock your doors, don't let the beast get in
The mind is a terrible thing to waste
I show love cause it's a terrible thing to hate
Of course I want money, but I won't compromise
Y'all don't realize, think I won't bomb you guys?
With the truth nigga, stop misleadin the youth nigga
Too many wakes and funerals, that's the proof nigga
Our hood's in danger, kids need guidance
You keep lyin, still the young keep dyin
As I walk through the valley I fear none, yes I'm the chairman
Here with my nigga Premier son
And we came to change the game
We represent the pain that's real talk, what's y'all claim to fame?
Rappers simply tracin flows and chasin hoes
Frontin mad hard, that shit's amazin yo
Producers makin Tinkerbell beats for them to rhyme on
Their ass if they get on the same stage that I'm on
Our shit be rugged, like the New York streets
Make the wrong move stupid then you lose your seat
Cats be buyin up SoundScans to beef up sales
Niggaz wanna crossover, wanna be upscale
Fuck that, that ain't hip-hop, that's somethin else
You're better off back on the ave doin somethin else
All you suckers claimin that you are, thug or gangsta
You disrespect the game by dry-snitchin you prankster
I thank y'all for makin more room for us, uhh
Ashes to dust you wonder who's to trust

My sense of self, and my mental health
is much more powerful, than any hint of wealth
A lot of niggaz get cash, and collect Mercedes
But neglect their ladies, and forget their babies
Then the chicks turn and act like dudes
Cause they reflect our light, so yo act right fool
And this is just a piece of my mind, a thesis of mine
I'ma make moves and I'ma leave you behind
At times I feel like my back's against the wall
And if y'all ain't with me, then it's me against y'all
I stand my ground, that's what I was taught
While others stand around, I hold it down like a fort
In the midst of war, I find peace within
Run, lock your doors, don't let the beast get in
The mind is a terrible thing to waste
I show love cause it's a terrible thing to hate

[Primo:] "Trust me, I'm as live as it gets"
"My flow is like.." ".. as live as it gets"

[Primo:] "Trust me, I'm as live as it gets"
[Primo:] "Trust me, I'm as live.."
"My flow is like.." ".. as live as it gets"

Gang Starr Lyrics

"Who Got Gunz"

(feat. Fat Joe, M.O.P.)

[Fat Joe]

Niggaz yellin out the window "Joe's at it again"
But this bastard's got lawyers, keep him outta the pen
I mean feds wanna knock me just cuz I'm cocky
An arrogant fuck, wave "Hi" when they watch me
Can't stop me everytime official
Better find my residuals or this nine gon' lift you
"He was a fine individual" what the papers scriptured
Had him on the front page in his graduation pictures
And they probably never hit you if you brought your glock
Me and my gat like Wilson, we all we got
We walk the scorchin blocks with the hawk on top
Even if the old ladies love to call the cops
I got guns

[Lil' Fame]
You got, he got, they got
M dot, O dot, P my nigga we got guns
Big ones, extra large heat
Humongous shit that won't fit up under your car seat
Pop in a heart beat
Keep the cannon in my reach
Lay you flat on your back like you was tannin on the beach
We keep them damn thangs full of hollows
And I'm from Christopher bitch, bang with the Wallace
Fit raw this nigga you ain't loco
You're buttocks big boy, your heart pumps Sunoco
Brownsville deep in my genes
I show you +bad boy+ for real, keep thinkin shit is +Peaches and Cream+
We'll run you down, MO-Ps hunt ya down
Gun ya down, guns sing like blaow
Raise up cock pot my biscuit for my nigga O.G. had quick shit
We got guns

[Hook]
We got, we got, they got (GUNS!)

Crazy ill, man rowdy
I gots it locked
Bringin the noise, bringin the funk, pop the lock
But only if you feel this shit
We got, we got, they got (GUNS!)
Crazy ill, man rowdy
I gots it locked
Bringin the noise, bringin the funk

[Guru]
Nowadays my priorities ain't based on fun
I'm tryna cop some more property and in case of them guns
Sick society's got Guru protectin his fam
Fuck Prudential, I got my own protection plan
Respect me man, I'm on a mission so to speak
You're too dumb to play your position so unique
I'll trade 'way your meat faggot vacate the streets
GangStarr, First Fam, and TS, we way deep
And even if you had a thought to move on us
Our fire power will devour, bitch you'll chew on dust
Slow death, no rep, hollows have you gaspin
You rich just for you, he got a lavish casket
Call us savage bastards usin all means necessary
It's only customary
It's you we got to bury
We'll dead your homo thug network
Head shots make your head jerk
My marks-men/man on the roof, he's an expert

[Billy Danze]
Who got a problem? It's already been established
I'll come through your town with a pound like a savage
Still throwin down on the grounds that I'm average
Can I hear for a gangster? YEAH NIGGA
It's always some shit but it's always a clip
to re-route your doubts and see what you about
Your homeboy's a snitch and your bossman's a bitch
We takin over these bricks (IS THAT SO?)
Doin underhanded shit, I'll shoot you in your abdomen
You fraud, you're movin like a broad with this faggot shit
And you deserve a hole
in the back of your motherfuckin head the doctor can't fix
on the concrete, we palm heat like soldiers
Spit one in your whip and flip your shit over
Keep in mind whatever the nine spit
It's only as good as the nigga behind it bitch
We got guns

Gang Starr Lyrics

"Capture (Malitia Pt. 3)"

(feat. Big Shug, Freddie Foxxx)

[DJ Premier]
[Big Shug] "Give a nigga pain"
[Guru] "Listen to a brother who knows"
[Big Shug] "Give a nigga pain"
"It's the real...it's the Militia"

[Big Shug]
First name vete-, last name -ran
I drop bombs hit you with the curse of ?Jevron?
Broken arms, shattered glasses, whipped asses
I advise you to tell us where the cash is
Itchy fingers cause nothing but gun fire
We disallow all these cats in the camp
We the champs, not really to boast and brag
Bustin' heads, body bags and toe tags
Black mags to blow your whole chest in half
If you don't know the equation then you can't do the math
I know you cram to understand the plan, but you too
Caught up in the rapture, front and we will capture
See men and strap ya, cock back and blast ya
Blow up your fuckin' house while we still lookin' at ya
Militia man...man part three

[DJ Premier]
"Put your money in the bank, and hold rank"
[Big Shug] "Give a nigga pain"
[Guru] "Listen to a brother who knows"
"I push these lyrics through any emcee
[Freddie Foxxx] and make it burn (burn)"
"Put your money in the bank, and hold rank"
[Big Shug] "Give a nigga pain"
[Guru] "Listen to a brother who knows"
[Freddie Foxxx] "It's the militia"

[Guru]
Just to feed the babies I'll infect you like rabies
With a lust for the gravy, you know the god must be crazy
I'm sick with it, I'm built with stilts for you midgets
While you fidget, you could get kill't for your digits
I'll creep on the low, keep it a secret yo
I swore an oath to dump on you, out the Jeep window
I don't care if you a geek or a thug, you sleepin' on us
And you could catch it, some royal heat from the snub
Since the streets is watchin' niggaz might see us often
We told you rap cats we would keep it poppin'
See all I got is a lot of bad news for y'all

You're gonna need more than a lot of tattoos on y'all
You got an army, you still ain't got no wins against us
You're gonna need more than doo rags and Timb's against us
And fuck your goons 'cause we always get what we're after
We bought you this book of torture, this one is Capture

[DJ Premier]
"Put your money in the bank, and hold rank"
[Big Shug] "Give a nigga pain"
[Guru] "Listen to a brother who knows"
[Freddie Foxxx] "It's the militia"

[Freddie Foxxx]
There's one ripped out the frame, felony act
Everybody get the fuck up, welcome me back
I'm the unseen hand that controls 200 niggaz
Parked while on the street out of unseen vans
I'm the law of the land, the rawness of man
That'll show up on stage, puffin' on contraband
Capture, duct tape rapture, slapped ya
Served up my Venus and Serenas, cocked back
Clapped ya - to Internet emcees I'm virus
I'm a warrior, niggaz screamin' "Bumpy shot Cyrus"
I'm checked in to every hotel that you lay in
Niggaz come to my suite to pick up heat
Y'all know who wrote the bible in rap, for keepin it real
Y'all know who buck fifty your face, I'm keepin concealed
It's capture, get out the truck, I'm keepin' your wheels
You've ??, 'cause you've got a gun you never conceal
I leave my hardcore demeanor in every rap arena
And underground club that I play in
I spit raw verses that y'all ain't sayin'
'Cause your soul was bought for what they payin'
You wanna have Bumpy's heart you got to have Bumpy's chest
I'll bust right 'till I find just Bumpy left
I'll bust mics 'till I have just enough breath
To take your heart, it's thug grand death
CAPTURE!

Gang Starr Lyrics

"PLAYTAWIN"

[scratching by Premier]
"Y'all cats know we always play to win" -> Guru
"Players get your pay up"

[Verse 1: Guru]
For my respect, I just might have to shut you down
Hang your punk ass from a limb, they'll have to cut you down
See I'm tired of you faggots kickin dirt on my name
While you rap clone phonies only hurtin the game
I'm too persistant, plus I flow too vicious
Bout to expose you hoes, this shit is too twisted
Rappers be actin, like they rich or somethin
When they get robbed like a herb, that's what they get for frontin
I'm in the top ten, one of the best of all time
Been known to drop men - who CARES if the rest of y'all rhyme?
You're mediocre son, you're barely average kid
Your style's Chi-Chi, wanna see me crack yo' cabbage kid?
From the hood to the corporate, give up your goods and forfeit
This is George Foreman style, watch me cook this raw shit
More chips, watch us rake 'em in
And y'all cats know we always play to win

[scratching by Premier]
[Guru] "Y'all cats know we always play to win"
"Real.. rough rhymes"
[Guru] "Y'all cats know we always play to win"
"Players get your pay up"

[Verse 2: Guru]
I'm hot so they're feelin me, you're not so you're killin me
You're hatin on the low, tried to block my soliloquy
While you spread rumors, I'ma dead you junior
Have your mind blown, poundin your dome like head tumors
Family tradition when I'm randomly spittin
And girls love my voice, they say it's handsomely different
I never won awards, no Grammys and things
Back in the days did sticks, made niggaz hand me they rings
What goes around comes around, they tried me later
But I survived all the thugged out, grimey capers
My concepts caused more panic than bomb threats
Don't take me for granted because I'm calm and shit
Cause when I FLIP, I'ma take over the ship
Controllin this grip with one hand holdin my dick
And you try to counter but you're way too late again
See y'all cats know we always play to win

[scratching by Premier]

[Guru] "Y'all cats know we always play to win"
"Real.. rough rhymes"
[Guru] "Y'all cats know we always play to win"
"Players.. players.. players get your pay up"

[Verse 3: Guru]
It's the God Universal, Ruler Universal
I'm still goin strong in this game, and you should learn to
R-E-S, P-E-C-T
Or you get fucked up, be-lieve you me
And I ain't the one to be, startin the violence
I'm just the one to be, sparkin in silence
For years I ran with some of the greatest men
And y'all cats know we always play to win

[scratching by Premier]
[Guru] "Y'all cats know we always play to win"
"Real.. rough rhymes"
[Guru] "Y'all cats know we always play to win"
"Y'all cats know we always play to win"

Gang Starr Lyrics

"Riot Akt"

[DJ Premier scratches children laughing and yelling]

[Chorus: Guru]
Riot act, this is where we really prepare
Riot act, out here we show no fear
RIOT ACT, time to protect our communities
Riot act, real criminals get immunity
RIOT ACT, eye for an eye - so yo who want it?
RIOT ACT, rushin all you cowards who fronted
Riot act, let's bring the power to the people
RIOT ACT, no justice then we gotta come see you

[Verse 1: Guru]
Just like a thunderous gun clap, you wonder who done that
Put you under with one rap, me and the brothers have come back
We'll lash you for tryin that, we know you been lyin cat
So now you be lyin flat, we'll read you the riot act
Whassup you little fuck, get your life right
Cause there's too much goin in the world, and shit ain't quite right
See you're just addin to the problem
Young gun, high-strung, ready to trey-eight revolve 'em
Knot nearly in your waist, you step up in the place
Catch one off guard, he lookin silly in the face
But hear they come with the M-16's
They got teargas, helmets and clubs - knahmean?
It's martial law in these streets
It's like Afghanistan man, it's gettin raw in the streets
Still you demand your rights, I understand your plight
But do the knowledge if you plan to fight

[Chorus]

[Verse 2: Guru]
So realize what it is to be oppressed and afflicted
Subjected to sick shit, knowin others live different
FUCK THAT, the streets about to blow again
They forgot, so we gotta let 'em know again
Huh, we'll blast you for tryin that, we know you been lyin cat
So now you be lyin flat, we'll read you the riot act
Soldiers, let's show these cowards what's up
The hood ain't goin for it, let's get ours, that's what's up
Be sure to keep a balance to your fight
And do the math, figure how to use your talents in a fight
Ain't nuttin worse than a rebel without a cause
Ain't nuttin worse than a people without laws
200 million square miles under attack
Reperations for us blacks, hell yeah, they need to come with that

Who's gonna take the weight, and erase the hate
All I know is when we come through, better make some space

[Chorus]

[Verse 3: Guru]
A lot of people ain't happy you can tell by their ways
It's growin tense okay, I can smell it today
Tenement buildings house the next killers
While rich diplomats, are purchasin their next villas
But for the scrilla and power, uhh
They'll send some killers to their hood, that are iller than ours
Still niggaz settle beef, with the metal piece
And every block stays hot, like the devil's feet
Incarceration of the mind, police brutality and poverty
These are realities of mankind
And we can't win nigga, if we keep shuckin and jivin
In a minute, they gon' have us duckin and divin
They got bullets for us *[automatic fire]* yeah, uh-huh
They got jail cells and graveyards, they the bullies, not us
We'll blast you for tryin that, we know you been lyin cat
So now you be lyin flat, cause this is the riot act

[Chorus]

Gang Starr Lyrics

"(Hiney)"

(feat. Panch)

Nah you know what we gotta do? We gotta do - HINEY!
The bitch said, "Panch stand behind me
And put that monster in my hiney," HI-NEY!
My dick about killin, never been about game
When there wasn't pussy, there was always my haind
Nine and a half-'ll get you in a dame
Anything less is just a GOD DAMN SHAME!
Check my balls, my shit got blue wrinkles on the face
.. for them bitches who had the nerve to put me out they place
In they HINEY
The bitch said, "Panch stand behind me
And put that monster in my hiney," HI-NEY!
I come through your block, with that one-eye whistle
One hand on the whistle
One.. one-eyed monster hit you
Make it slick, BITCH, my dick game's OFFICIAL!
Lose your weight and, I don't leave you waitin
The world is earthquakin
My balls got yo' ass shakin - it's hiney jack!
UH-OH! HINEY!
The bitch said, "Panch stand behind me
And put that monster in my hiney," HI-NEY!

[imitating the beat] When I bust a nut, it say
[imitating the beat] On her HINEY!

[laughter and applause]

(That's some brilliant shiznit, yo! Aiyyo!)

Gang Starr Lyrics

"Same Team, No Games"

(feat. H. Staxx, NYG'z)

[NYG'z]
Yo, do the knowledge to the master build the blow and the spliff
The new millennium, hide them a beef
Gotta watch what I say to you niggaz so I calm my patience
'Cause the shit ain't really pass the statue of limitations
The streets still holler about how strong I am
Niggaz I hurt still holler about how wrong I am
As a little nigger broke, thinking soda and coke
Had me amazed how my steady hand kept in the flow
Let it sit, cool and heart lit, hit the set cool and heartless
In front of the store projects, as long as I made a profit
I see you eyeing me, you fire escape diary
Filled with pages of episodes and shying me
Nonbeliever I hammer for hire
Hit yo ass so hard that your coke will catch fire
Dog the stakes are dyer, I'm no liar
Hold the court and the street beef cause I got pride

[H. Staxx]
Same team no games, these chicks I blow brains
Rap-a-lot soul train the corners rocking cocaine
Got no shame
Trying to blow these figures
Headquarters gone he ain't left he still with us
Not in the physical through us he live
I can seen him with Big L, Pun, Pac and BIG
Watching over the kid like dear shed the waist over
And yelling “Ether”, “Blowout” and “Takeover”
I'm the truth; give you proof and your video shoot
Pull them candors on you while them cameras on you
How you love that
Don't want to blow with Staxx
So go ahead dumb up, make me car crumb up
“It's the Militia”
Yall niggaz don't know about I
Got me heated, frustrated about to blow my high
Me and Benz blazing, Rave got the gauge raising
Sick of talking about it, niggaz ain't on my weight lift

[NYG'z]
Whenever we stand together, down for whatever
Divided we get at you from more angles
Gangstarr forbid, NYG's same team no games
Love is love fame one in the same
Corny style, niggers act strange going against the grain
Don't want to see us on top of our thing, we adapt to change

Fame, fortune and material game, flow natural unrestrained
Let me explain, niggers don't get it until you set it to flame
Subject them to pain, make them respect
The name, the set you rep, connects you get
Stay ready to bang
Steps ahead of competitors that'll test your aim
H. Staxx shoot back splat dang your brain
My foundation bust gats spread there's your brain
Fuck with mine, spat not take the blame
Play it for keeps, we came to win

[Guru]
YO, I'm the Jerry Rice to this, much too nice to quit
And just so you know, we never liked you kid
Since you ain't wanna let niggers eat
I'm gonna convene with my team before
We gotta let the trigger speak
'Cause nowadays yall rappers are carbon
Copies paws are sloppy, still its hard to stop me
Especially when I connect with my man, rep for my fam
We taking back the rest of our land
And we don't really care if they say you are the shit
They playing your hits
We about to make our way in this biz
And let's see if the gimmick last until the next season
In a flash, take your stupid ass out, give me the next reason
Flip for my peoples here, spit for my peoples here
Yeah... time to get rich with my peoples here
Cut of a snake's head, then we break bread
Same team, no games
You underground trying to fake dead

[scratching by DJ Premier repeats]
Let, let, let the games begin

Gang Starr Lyrics

"In This Life..."

(feat. Snoop Dogg, Uncle Reo)

[all (sung parts) in Chorus performed by Uncle Reo]

[DJ Premier]
Word up
Aiyyo Rome' (yo)
Yo life ain't what it's cracked up to be these days, y'knahmean?

[Rome]
Word! Knahmsayin?
Life hard out this muh'fucker, y'knahmsayin?

[DJ Premier]
So you gotta make the best of a bad situation, and hold your head

[Rome]
Knahmsayin? You gotta progress through the struggle man

[Chorus]
[Guru] In this life.. (ohhh, this life)
[DJ P] "You better wake up"
[Guru] In this life.. (talkin bout this life)
[DJ P] "R-R-Remember this"
[Guru] In this life.. (whoah-ohhh)
[DJ P] [Nas] "S-S-Survival of the fittest"
[Guru] In this life..
[DJ P] "I go all out" - "Y'knahmsayin?"

[Verse 1: Guru]
From New York to Cali it remains the same
Bitch niggaz always wanna go against the grain
The strong will survive, the weak shall perish
Y'all need more courage, I keep y'all nourished
Get in line, I let you know right now
You need to slow right down or you get blown right now
From what I see it's systematic how we push to addicts
Demographics make the street life hell or drastic
In the hood we see oppressive genocide
Cause if it's on it's on, you know at least 10 men'll ride
But on the other side, corruption runs deep
I'm aware of the conspiricies, discussion is brief
They're building more prisons, spendin less on schools
On the block Smith & Wess-ons and Teflons rule
It's hard to escape it, certain laws are sacred
In this life my nigga, it's mad hard to make it

[Chorus]

[Guru] In this life..
[Dogg] Money is key
[Dogg] And everybody you see ain't what they claim to be
[Guru] In this life..
[Dogg] I try to do right
[Dogg] I live a treacherous life, I know I ain't right, mm
[Guru] In this life..
[Dogg] You got to keep on
[Dogg] You got to be strong, you got to hold on
[Guru] In this life, heh, I come in peace
[Guru] But still yo, I come from the streets

[Verse 2: Snoop Dogg]
This one's for my sons and my lil' daughter
Peace to JMJ and my nigga Headquarters
A (GangStarr) with a gangster, on a mission
World (Premier), limited edition
My mind keeps driftin cause I haven't had a spliff in
a long time, I'm doin fine, I feel teriffic
I bop up the street, C-walk to the beat
It's cold outdoors, so I got to keep some heat
I never know when a cutthroat gon' try to test me
Disrespect me, things could get messy
Yes he, shoot a good game, like James
I mean Jesse, watch out nigga, heavens to Betsies
The big drum beater
With a car full of heaters and some fly senoritas
In some Stacy's or some Chucks, cause I gotsta keep it G'd up
Run up on the Dogg man you bound to get beat up

[Chorus]
[Guru] In this life.. (ohhh, this life, I'm tryin to make it better)
[DJ P] "You better wake up"
[Guru] In this life.. (I won't have to struggle no mo', no I won't)
[DJ P] "R-R-Remember this"
[Guru] In this life.. (ohhh, this life, this life)
[DJ P] *[Nas]* "S-S-Survival of the fittest"
[Guru] In this life.. (tryin to make it better, yes I am)

[Outro: Uncle Reo]
Oooooohhh, talkin bout this life
WhoahhhOHHHHHHHHHH, this life, this life.. *[fades out]*

Gang Starr Lyrics

"The Ownerz"

[DJ Premier]
"One-two.."
"One-two, shots to the chin.. knock you out"
"One-two.." "Devestating!" "On da mic"
"One-two.." "The maker, owner!"
"Come on, now come on"

[Verse 1: Guru]
Got you quiddear and ski-dared, fearin what we might do
And you can give me all mine in cash, that will suffice dude
In the streets deep, we roll through the city
Looks like it's time to eat, so yo who's with me?
Strictly, we keep it in the best perspective
Cause nowadays it's more than simply live and let live
A sedative, that's what these headcases need
Them rats'll get trapped soon as they taste the cheese
Black M. Casey fan, just pay us and scram
Watch us drop a new supply to up the daily demand
Phony critics wanna retract shit, once I spit again
And since we didn't finish the job, you gettin hit again

[DJ Premier]
"One-two.." "Devestating!" "On da mic"
"One-two, one-two, shots to the chin.. knock you out"
"One-two.." "Devestating!" "On da mic"
"One-two, one-two" "The maker, owner!"
"Come on, now come on"

[Verse 2: Guru]
You fuck, you didn't listen when I told you before
When it comes to dope tracks, we be holdin the raw
Do somethin stupid, and you'll be left holdin your jaw
Put you punks on blast for not knowin the law
Don't deny yourself, learn to apply yourself
Or end up by yourself, I multiply the wealth
I got the titles, deeds, licenses and policies
Complete ownership, Don Gurizzu they call me
Primo said that we should just, lock it all down
See the bigger picture, so we can profit all around
Now everybody's ridin the dick, once I spit again
And since we didn't finish the job, you gettin hit again

[DJ Premier]
"One-two.." "Devestating!" "On da mic"
"One-two, one-two, one-two, shots to the chin.. knock you out"
"One-two.." "Devestating!" "On da mic"
"One-two, one-two" "The maker, owner!"

"Come on, now come on"

[Verse 3: Guru]
I be the owner of this style, owner of this talk, owner of this art
Peep the gully way that I walk
Many say that I rock, others hate but they jock
Now we racin the clock, po-po casin the spot
Call me greedy cause I feel like takin a lot
Vindication, cause they be fabricatin a lot
From Cali to Canarsie, penthouse to the lobby
Roxbury to NC, Century Club to envy
Bout to take over the action, you know it's bout to happen
Cause our shit be hittin, and yours is plain ol'fashioned
I had no choice, but to spit again
GangStarr motherfucker, and you just got hit again

[DJ Premier]
"One-two.." "Devestating!" "On da mic"
"One-two, one-two, one-two, shots to the chin.. knock you out"
"One-two.." "Devestating!" "On da mic"
"One-two, one-two" "The maker, owner!"
"Come on, now come on"

"Come on, now come on"

Gang Starr Lyrics

"Zonin'"

[Inhaling and coughing]
[Premier] Yo, you alright man? .. You zonin?
[scratched:] "I.. I speak that.."
[Premier] what's the deal?
[scratched:] "I speak that re-real shit, just listen"

[Verse 1: Guru]
Yo I pop your lid, I got to live
I ain't tall but I can show y'all what a problem is
I like to zone, I'm nice with chrome
I keep a vast stash of Magnums cause I like to bone
I play the game, I stay the same
But I can switch styles, pick files, I'm like gravy train
Shot the witness, got the bitches
Still in the streets with my heat about to shock the business
I handle biz, I cancel kids
Just like Allen I'ma show 'em what "The Answer" is
I'm after props, I spaz a lot
And yo I'm deadin all the bullshit 'til my casket drops
You know me boy, you owe me boy
You wanna end up in my trunk dyin slowly boy?
I'm confident, I'm on some shit
Cause I been knowin already you was on the dick
I'm zonin

[Chorus x2: DJ Premier scratching]
"Down with the Foundation"
[Guru] "Step into my zone, mad rhymes'll stifle ya"
[DMX] "No time for games cause I'm, all grown up"
"I speak that re-real shit, just listen"

[Verse 2: Guru]
It's conspiracy, you hearin me? That's why I get love
And still got others fearin me
You never know, who's next to blow
And since it's me, I'ma stash me some extra dough
Got extra flow, chicks give me sex and dough
Need I, mention P.I. player let me know
I'm down with dis, I founded this
So you should recognize the true authentic sound of this
The golden voice, holdin toys
But not playin, Guru and Preem', we like the golden boys
The chain and star, I'm angry pah
Cause you fucks ain't wanna give us what we aimin for
You stupid son, I shoot my gun
From the heart fool, you know that's where this music from
Protect your dome, respect the throne

This is Guru and Premier, and you can bet it's on
I'm zonin

[Chorus]

[Guru]
The emotions that one goes thourgh, over a loss of a loved one
Or friend then, knowing the cost of rebuilding and carrying on
It gets so damn hard in this modern day Babylon
And disease runs rampant, so many men carry arm
So many have a lonely painful road to travel on
Mothers losing sons, improper use of guns
Children go astray because their parents were abusive ones
I used to run with the illest guys
Thourgh the realest eyes
I seen the realest and the illest die
The cycle continues, so many times the good ones
The young ones
So many misunderstood ones
Remembering their faces and voices
And when the wise man said
Life is full of choices
Some get caught up, others are innocent victims
All I know is they were close to us, and that we miss them

I'm not sure about any of these names

Gang Starr Lyrics

"Lights Out"

(feat. M.O.P)

Yeah
Gang Starr, M.O.P.
Either ride or be quiet
What we gon' do? (Gon' do), motherfucker

Lights out, I told y'all, this is the one I owe y'all
When you see me, act like you know I know y'all
No one (No one) but Allah can hold y'all
Average motherfuckers can't even handle what I throw y'all
Lights out, I told y'all, this is the one I owe y'all
When you see me, act like you know I know y'all
No one (No one) but Allah can hold y'all
Average motherfuckers can't even handle what I throw y'all (Yo, yo)

Yo, ever since a shorty I was hard-headed and angry
And mad complex and wouldn't let nobody change me
I'm still the same me, gettin' pussy, stayin' weeded
These bitches are starstruck, so fuck the way they gettin' treated
I don't need it, if her head ain't right I pass on it
While you trick sucka niggas be wastin' cash on it
And you don't want it, when the fight starts, you always runnin'
Against me, son, you know the outcome, ya always done
Rhymes jog ya mental like ya pop dukes smacked ya
You need to join SAG (Why?) 'cause you're a hell of an actor (Hahahaha)
After you notice what happened it'll be too late
Can't blame no one but yourself for mistakes you make
And some of y'all niggas are like circus monkeys
Livin' life like worthless junkies
Plottin' against your fellow man, helpin' out the devil's plan
Damn, why can't I trust my own people?
Fuck it, enemies must perish in the valley of their own evil

Lights out, I told y'all, this is the one I owe y'all
When you see me, act like you know I know y'all
No one (No one) but Allah can hold y'all
Average motherfuckers can't even handle what I throw y'all
Lights out, I told y'all, this is the one I owe y'all
When you see me, act like you know I know y'all
No one (No one) but Allah can hold y'all
Average motherfuckers can't even handle what I throw y'all (Yo)

Yo, a wise man once said, "Fuck what a wise man said"
Bitch, gimme that bag otherwise y'all dead
Clap on (Blaow, blaow), I can ride right now
Leave you paralyzed from your eyebrows down
I got two parts of my brain, fuck your life on my right

Ain't nothin' left on my left, ain't nothin' right
(I pull up) The kid scope 'em out, I'll thrush ya
For the bread I'll leave ya head smokin' like a muffler
Sick bars, bitch, what up?
I spit SARS, you spit nut up
Bitch, shut up, it's in my bone marrow
Marked for death, I don't even trust my own shadow
When they can't touch who you become
They'll try to dig up who you used to be (Ahh)
Tell them niggas get used to me (Come on)
You can't go back and change the beginnin'
But I'ma start where I'm at and change the endin'

Lights out, I told y'all, this is the one I owe y'all
When you see me, act like you know I know y'all
No one (No one) but Allah can hold y'all
Average motherfuckers can't even handle what I throw y'all
Lights out, I told y'all, this is the one I owe y'all
When you see me, act like you know I know y'all
No one (No one) but Allah can hold y'all
Average motherfuckers can't even handle what I throw y'all

I do it like I do it 'cause it ain't about the music
Ain't about gettin' through it 'cause I'm already proven
You niggas see me cruisin', nigga, I will lose it
I get on my bully shit, fuck up a nigga movin'
Now fuck who ya crew is, fuck what the true is
Gang Starr forever, fuck what the new is
Lil' nigga turned diamonds to ruins
Ball with your RuPaul influence
Shorty askin', "Who you is?"
Forgettin' I'm praised where a few is
Overlookin' OG engraved on the Buick
Before they let me out the cage for the music
I helped you niggas see exactly who John Woo is (Woo)
Now, nigga, who you is? You overpaid, bitch-made, glitch-made
You headin' for the roof when ya shit fade (Hahaha)
With no substance, ho shit by the abundance
Your catalog sound the same, you got one hit

Lights out (Lights out)

Gang Starr Lyrics

"Bad Name"

I hate tellin' good people bad news
I hate, I hate
I hate tellin' good people bad news

Word To God if Big and Pac were still here
Some of these weirdos wouldn't act so cavalier
We all know that the game has changed
It's crazy out here rap's got a bad name
Think about it, what if bling never happened
And the true artist's were gettin' rich from rappin'?
Word to God sum'n should give
Let's delete the politics so real Hip Hop can live

Beef is what's up now, careers are gettin' shut down
The media wants something meaty
People are fuckin' greedy
Music and culture's like a foreign language
You'd be better off staging a fake beef in Spanglish
Compadre, can you handle the whole weight?
Adios mios watch 'em swallow your whole plate
You used to support your fam offa this
Now you can't even buy Spam offa this
And I don't deal with swine
I ain't Dr. Phil, I truly help you heal your mind
Nowadays it's like everybody's losin' it
Instead of them preserving this gift they're all abusing it
It's mad drama, they want us reachin' with the Limas
Causin' hysteria, the new Hip Hop criteria
And they forgot about the blood, sweat and tears
Now we see the results of all the blunts, chicks and beers

Word To God if Big and Pac were still here
Some of these weirdos wouldn't act so cavalier
We all know that the game has changed
It's crazy out here rap's got a bad name
Think about it, want if bling never happened
And the true artist's were gettin' rich from rappin'?
Word to God sum'n should give
Let's delete the politics so real Hip Hop can live

I hate tellin' good people bad news
I hate, I hate tellin' good people bad news
I hate tellin' good people bad news

Gang Starr Lyrics

"Hit Man"

(feat. Q-Tip)

The hit man
Power is so greedy
That's for real
Ain't about a whole lotta talk
It's about, bringin' figures

He got the eye and the heart to do it, yeah
From the roof, with the scoped, there's a whole lot to it
Ain't no emotion when he pulls the trigger
Breathe second of silence, then you see what he do to niggas
Pistols, rifles, grenades, whatever
He's a killin' machine, bought and paid for on pleasure
And way iller than the last nigga
Smoke a nigga in the club, and then dance right past niggas
Once in a while, there'll be one who'll stand out
Who's more than psycho, who'll take any man out
With a certian passion for sendin' bullets blastin'
A certain fashion to the way this nigga wax 'em
And this assassin gets mad satisfaction from puttin' all this worthless scum out of action
I sense some pride in his skill
Looks in the mirror and salutes before he rides for the kill

You got the bag, pop? I got the thing, thing
It's in the sling, here it is, let me let it ring
With the doo, doo, doo, doo, doo
Or I do it lawn mower style, rrt
You got the bag, pop? I got the thing, thing
It's in the sling, here it is, let me let it ring
I got potatoes and the mufflers in the whole thing
With the doo, doo, doo, doo, doo, doo, doo

Buckin' at niggas wigs while he's puffin' on cigs
Lay him down, then he bounce out of town to another gig
It ain't nothin', he don't need many friends
Funded different type of weapons, he got plenty of them
If you pass him on the street, or see him in his spot
He's always calm, cool, collected, very rarely is he not
Hit man, with ice in his veins
Does the job so precise, they up the price with his name
Shadowy figure, never too loose with the lip
.44 long in his clip, deuce-deuce on his hip
Baby nine in his boots and his trunk is full
This niggas on some shit and can't be fucked with, fool
In the grimy world of highly-paid hustlers
First they get goons to muscle ya, then get him to touch ya
You wouldn't wanna get in his way, nor his associates

Or a tombstone bearin' your name would be appropriate

You got the bag, pop? I got the thing, thing
It's in the sling, here it is, let me let it ring
With the doo, doo, doo, doo, doo
Or I do it lawn mower style, rrt
You got the bag, pop? I got the thing, thing
It's in the sling, here it is, let me let it ring
I got potatoes and the mufflers in the whole thing
With the doo, doo, doo, doo, doo, doo, doo

Gang Starr Lyrics

"What's Real"

(feat. Group Home & Royce da 5'9")

What's real?
("The real question is...") What's real?
("Try your best to diagnose...") What's real
("People all around, you got to recognize and witness")

I got soldiers that'll turn shit out, burn shit out
Do I come correctly when it's my turn? No doubt
I twisted trees in the cold with one hand wipin' my nose
Girls say that I'm fly 'cause they be likin' my clothes
But the clothes or the money can't make the man
When I apply my vicious grip, you can't take it, man
Face it and understand, there are no winnings for you
What I'm beginnin' to do, is bring an endin' to you and your crew
I sip a brew and at the same time drink the life out of you
I righteously come through, created in the likeness of who?
G-O-D, can sell a half a line for a G
Check ballistics, you won't be takin' mine from me
Oh boy, you p-noid, heard my lightnin' and thunder
Not Thor but frightening, type of stress I've been under
I'm the one-eyed Jack, I'm here to smack you back
In '83, I seen stacks, run your kicks, take a flick and act

(What's real?) Certified street poetry
In the game a long time, so you know it's me, nigga
(What's real?) Gang Starr, muthafucka, we live
All you fake niggas run and hide, we wanna know
(What's real?) It's Lil Dap in the place to be
We livin' proof, supa star, you see, we wanna know
(What's real?) The Foundation, yo, we presidential
Y'all ain't built for what we been through

Underground, I might as well record in the sewer
Notorious lord of the war, tourin' Aruba
Before I was crawlin' I'd warn you and show you the Ruger
I'ma shoot four through your fedora, destroy your medulla
I could get these niggas X'd, quick as sendin' a text
For disrespect, shit'll be simple as orderin' an Uber
I don't know what's quicker to change, them figures or fame
But I guarantee you don't nothin' move more than the moolah
All these rappers really cut out to do is squash the beef and dip
Y'all need to cut out the diva shit
Every time a nigga like Fever Nina come out the dealership
The streets hear the sound of that Preem droppin' the needle skip
Like Kane walkin' in "The Symphony"
Abel is my brother who all he offers is infamy
I bust Magnums, either strategize or duck faster

I send his whole group home like Melachi the Nutcracker
Preem blowin' weed, he a master on the courts
I'm a student with the rap that's spewin' passion on the chorus
While the smoke is in the air, feel like voodoo's on the floor
'Cause we got the actual ashes of Guru on the boards
He's sittin' right inside an urn in the session
Lookin' down from Heaven to Gang Starr's current regression
Earnin' successes, his legacy get treated like four themes
Movin' forward then let his children eat off the proceeds

(What's real?) Certified street poetry
In the game a long time, so you know it's me, nigga
(What's real?) Gang Starr, muthafucka, we live
All you fake niggas run and hide, we wanna know
(What's real?) It's Lil Dap in the place to be
We livin' proof, supa star, you see, we wanna know
(What's real?) The Foundation, yo, we presidential
Y'all ain't built for what we been through
(What's real?)

("Gang Starr, boy, and that's beyond your comprehension")

Gang Starr Lyrics

"Keith Casim Elam (Interlude)"

My name is Keith Casim Elam
And Guru is my father
The late king who provided lyrical slaughter
And he's still here
Shinin' down upon us
One of the best yet

Gang Starr Lyrics

"From A Distance"

(feat. Jeru the Damaja)

It's King Equality with lines cocked back to add on
Word to everything, that's what I put that on
Yo, I sat on the sidelines, watched you foolish men
Fake hooligans, now it's time for us to duel again
Yeah, it's me, takin' you savages to school again
I rule again, women are preparin' my food again
I'm like the imperial bandit, stackin' my loot again
Ancient warrior, street fighter, contemporary
Intelligent comrade, enemies I've been sent to bury
You see me at seminars, clubs and bars
I own this shit, rollin' with gangsters, thugs with scars
You see me from a distance, tryin' to analyze the righteous
Caught a scandal and a crisis from this vandalous psychic
Government name Keith Elam, put in work per diem
Still a fly-ass nigga, a magnetic human being
B-A-L-D-head to the Slick, I'm wettin' 'em quick

("You are now rockin' with the best")
("Gang Starr")
("The God Universal Ruler Universal")
("I came to give you exactly what you asked for here")
("You are now rockin' with the best")
("Gang Starr")
("The God Universal Ruler Universal")
("Doin' a whole lot up in these streets")

Well, it's the Justice Equality Ruler Universal
Carefree, sun see, light speed react nuclear thermal
Three-hundred-sixty degrees, we comin' full circle
Open the portal, now you witness God's immortal verbals
Shinin' light infinitely like the cosmosis
Modern science would define this rhyme as osmosis
Go through your faction or sect, we're laser beam focused
You see, if rap was a crime, we'd be on Wanted posters
Keith, we kinda like the team that killed the White Lotus
My feet firm in the ground and Guru on my shoulders
Deep concentration is the formulation at begin
Poison pen, maestro chop the violin
I try to stop but my mind keep firin'
Try to advance, you hear them ambulance sirens
You ain't get it? Here's the summation
Nigga, fuck what you heard, it's Gang Starr Foundation

("You are now rockin' with the best")
("Gang Starr")
("The God Universal Ruler Universal")

("I came to give you exactly what you asked for here")
("You are now rockin' with the best")
("Gang Starr")
("The God Universal Ruler Universal")
("Doin' a whole lot up in these streets")

Gang Starr Lyrics

"Family And Loyalty"

(feat. J. Cole)

Like a freshly cut diamond
Like a freshly cut diamond

Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"
Diamonds are forever like my infinite thought
Like respect in the hood that can't be bought
Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"
Diamonds are forever like my infinite thought
Like respect in the hood that can't be bought
Word up, diamonds
(Like a freshly cut diamond)

Diamonds are forever like friends that'll kill for you
Went up in a jewelry store, burglary, steal for you
Bill with you, split the diamond into ice blue
Thrice he tried to disrespect our kinship, I don't like you
And now you axed out the fam'
But I'm cashin' checks, with Premier on this jam
Robin Leach, interviews on the beach
When we shake hands, nothin' but ice on the reach, and I teach
Like the Rap Reverend Ike without the perm', I preach
There's more you need to learn, I return for my streets
Gainin' my wealth, trainin' myself
For corny confrontation with haters who be playin' themselves
Diamonds, I like my world of rap
Your rhymin', hah, it's like a world of crap
And a diamond is like a fly-ass girl that's strapped
And you can't beat that with a bat

Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"
Diamonds are forever like my infinite thought
Like respect in the hood that can't be bought
Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"
Diamonds are forever like my infinite thought (Yeah)
Like respect in the hood that can't be bought
Word up, diamonds

Diamonds (Diamonds), diamonds (Diamonds), yeah
Pick up the pen, write down a sin, it's cleanse
Lay that shit down, play it for friends
Make a few M's, then do it again
J. Cole, who'd've thought you would've been rhymin' with Ghost

Guru flows forever like a diamond
The most could never afford the precious jewels
That's precisely why I'm blessin' you with clear-cut messages
I'm destined to invest in urban sections where depression rules
I hope to heal the destitute before I leave this vestibule
Between the heavens and the seven circles
Where some dead homies maybe rest, I plan to resurrect a few
I press the truth against the neck of devils
Look at the youth just like a precious pebble
Meant to be protected, mentally we let this
Poison of Western philosophy make us sloppy
We forgot we are the chosen
From hip-hop to astronomy, they copy what we showed them
Niggas be talkin' slick, but only try me over modems
In person they starstruck, they hearts flutter
I'm like the realest one you ever met
If you don't feel this one, give it a sec'
Go live a little, let the years pass
Experience pain, watch the tears crash on to the floor
Hurt brings wisdom
Wisdom brings a whole 'nother sort of understandin'
Diamonds only worth what we demandin', uh, uh
And niggas payin' top-dollar
Once upon a time I paid a 100 for mine, now I'm a lot smarter

Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"
Diamonds are forever like my infinite thought
Like respect in the hood that can't be bought
Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"
Diamonds are forever like my infinite thought
Like respect in the hood that can't be bought

I rock diamonds that cut glass out of window panes
Baldhead Slick blazing tracks when the indo's flame
Rocks that bling, rocks that make them jock my team
Rocks that shine, rocks that keep my hand on my nine
Rocks that blind, make the High Rocks drop down
One of a kind, niggas best jet from the spot when I cock mine
Diamonds are like your man you always call fam'
Diamonds are like your grandma you always call ma'am
Diamonds are like having the whole world in your hand
Diamonds are like the shows I ripped with no band
Rockin' your knot, stoppin' your plot
It's me, Baldhead Slick Duke, coppin' your block
For you it's only pain, for me it's only gain
Diamonds are like loyalty, iced out like royalty
Diamonds are like my wifey, so sweet the way she spoils me
(So good)

Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"

Diamonds are forever like my infinite thought
Like respect in the hood that can't be bought
Diamonds are forever like family and loyalty
Or real rap songs like "C.R.E.A.M." or "My Melody"
Diamonds are forever like my infinite thought
Like respect in the hood that can't be bought
Word up, diamonds
(Like a freshly cut diamond)

Gang Starr Lyrics

"Get Together"

(feat. Ne-Yo & Nitty Scott)

Uh-uh-uh-uh-uh-uh-c'mon, uh-c'mon
Uh-uh-uh-uh-uh-uh-c'mon, uh-c'mon
Uh-cuh-cuh-cuh, cuh-cuh-c'mon, cuh-c'mon
C'mon, c'mon
All or nothing, while I'm in this
C'mon, c'mon

It's me El Grande, or call me Papi Chulito
Yo tengo mucho lovin' for you mamis if you legal
For honeys, nothing equal to the way I tap that spot
Get your cat hot, guess what? You hit the jackpot
Candle-light dinners for you winners, huh
See like I'm like Don Juan, hit me sweetie, I get in ya
Sugar, I'mma put y'a in a beautiful mood
Forget about that lame, he ain't a suitable dude
Word up, I'm the one you like to talk to
You'll find my conversation so enlightening that you sparkle
Hoy ya ven aquí, so I can hold you tight, mold you right
Listen girl, I got more game than Dolemite
It's only right, baby, that we blend together
You'll be wanting me to be your friend forever
And ain't it clever boo, how I got you sprung?
So when I holler yo, you know you gotta come

Dame little mami, ven aquí
(Dame, dame, dame, dame)
I'm sorry, that's as far as my Spanish goes
Several words, like "si"
Because I like what I see (I like what I see, yeah)
I was thinkin' we should get together on the low
You and me

What that chulo? You lookin' at my kulo?
Said you got that prosciutto, but I won't call you my boo though
I'm too cool yo, they call me la negrita for real
And it's really nice to meet you, heard you like a big deal
So what it do? You checkin' for me twice in a blue
Shit I spit too, bet I'm probably nicer than you
I mean let's talk about it
Start with a G through the park and have a walk about it
Like what's your favorite color?
Why you wanna be my lover? Tell me, how's ya' mother?
Could you meet me up town when I'm thinkin' of ya'
No time for another sucker, let him ring the buzzer
I'm sippin' honey, dippin' sundress in the summer
Jiggy mami right, droppin' niggas like mics

Plus I've never been the type to fall in love with the hype
Eatin' my rice, hit 'em with the dímelo papi
Got a thing for baggin' bapis in my beef & broccoli, what

Dame little mami, ven aquí
(Dame, dame, dame, dame)
I'm sorry, that's as far as my Spanish goes
Several words, like "si"
Because I like what I see (I like what I see, yeah)
I was thinkin' we should get together on the low
You and me

(Uh, uh-c'mon)
Let's get together baby, ah, ah
Let's get together baby, ah, ah
Let's get together baby, ah, ah, ah
Oh, ah, ah, yeah
Let's get together baby, ah, ah
Let's get together baby, ah-ah-ah-ah
Let's get together baby, ah, ah, ah, ah-ah-ah-ah-ah
(Uh, uh, uh-c'mon)
Ah-ah-ah-ah-ah
Ah-ah-ah-ah-ah
Oh, oh
(Uh, uh-c'mon, uh-c'mon)

Gang Starr Lyrics

"NYGz/GS 183rd (Interlude)"

It's crazy, right?
Listen, listen, listen, I'm from New York City, right?
I'm from the five boroughs
It's the fact—listen, when I was a little nigga growing up
When I met this nigga, him and Guru, right? (Mmm-hmm)
It probably—what was that, '87, '88? ('88)
'88, I was 16, 17 years old
I was gettin' money in Baltimore, I'm from the Bronx (Okay)
So, I respected niggas from outta town coming to another town tryin' to get money (A'ight)
Feel me? So that's what clicked me with Gang Starr
I thought Guru, God bless him, was my little man
That nigga was ten years older than me
I'm from outside (Okay)
And I thought that, you know
I come from the era where rappers wasn't really, uh, admired the way they are now
You feel me? (Right) Them niggas was entertainers to us (Mmm-hmm)
We was fuckin' with niggas who threw stones at the penitentiary (Right)
Alright, so, when I got with Gang Starr, it was like
"Yo, I like these niggas, they from outta town, they came here to get money
And they doing they thing, I fuck with them"
Then when they blew, it was, "Ah, that's dope, they blew
These niggas is legends"

Gang Starr Lyrics

"So Many Rappers"

So many rappers have come and gone
I guess this rap game has really done them wrong
So many rappers tryin' to get their name out
Many got caught up for just havin' their chain out
So many rappers couldn't handle showbiz
While I'm steady rockin', so you know what it is
So many rappers made this their dream
Then quickly, most have disappeared from the scene

So many one-hit wonders, it's like a spin of the wheel
You know I stay consistent and get it in for real
So many rappers wanna rock like this
But they got no stamina and they don't talk like this
Plus I've learned to avoid the traps
I truly love this shit, that's word to MTV Raps
They'll get their little run and have a little fun
Some'll go for popularity, to a little, then to none
Some'll get jacked 'cause they floss too much
Others'll leave the game 'cause they lost too much
Some got bodied before they were totally on
It's like when keepin' it real goes totally wrong
Some get beat by managers, and shiesty execs
Others are brainwashed by their unlikely success
Well, I have proven time and time again
That I'm built to last, so watch me shine again

So many rappers have come and gone
I guess this rap game has really done them wrong
So many rappers tryin' to get their name out
Many got caught up for just havin' their chain out
So many rappers couldn't handle showbiz
While I'm steady rockin', so you know what it is
So many rappers made this their dream
Then quickly, most have disappeared from the scene

Many had major deals, big money and all that
On 106 & Park, in magazines and all that
So many had all that, so how did they fall flat?
That's why my motto has always been to just fall back
And watch the whole circus go by, I'm that guy
As soon as I appear on the scene, nigga, it's shy
So many pranksters with so many gimmicks
Wonder where they're at now, probably somewhere lookin' timid
It's all madness, there's too many to count
Everybody and their mom wanna rap, no doubt
Many come out with a bang, and their own new slang
Then end up back in the hood without a goddamn thing

Some make noise, they hit the top of the charts
Still, the shit that I kick will be stoppin' they hearts
So many rappers in search of fame
And most'll be lucky if we remember their names

Gang Starr Lyrics

"Business Or Art"

(feat. Talib Kweli)

(Business)
(Art)
All he had to do was just enjoy the ride
Get on my level (Business)
A Gang Starr with a gangster, on a mission
We come and infiltrate your whole cypher man (Art)

Business or art? Fist or steel?
Industry or street? Fake or real?
Cold or hot? Truth or trash?
War or peace? Longevity or cash?

Here's one for SPIN, Billboard, and Rolling Stone
Hip Hop is so organic, it'll grow on its own
We watch 'em throw money at it with clout and power
But after a while, things faded out and went sour
Somebody lost their shirt, execs got fired
Some artist went berserk, took mad drugs and got wired
Hundreds of thousands, up to millions in promo
All wasted on garbage, now, that was a no-no
Oh no, what's gonna happen now to these fools?
These self-centered pricks were showered, proud of 'em too
Never that, 'cause I am the renegade realist
Street visionary, the end of days idealist
People often ask what's the key to longevity
How I'm so consistent and bring the heat incredibly
Intelligence is vital and always stay hood
'Cause this is our culture, and we need to make good

Business or art? Fist or steel?
Industry or street? Fake or real?
Cold or hot? Truth or trash?
War or peace? Longevity or cash?

Business or art? Let's pick it apart
If you ain't spittin' out your heart, you'd be considered a mark
The bullshit gotta stop, 'cause when it's business o'clock
You hear the tickin' and the tockin' on the digital watch
Yeah, time is money, and they don't find it funny
They'll show up where you live, make your environment bloody, buddy
They'll kick in the door, tell you "Get on the floor"
They bust a .9 and bust some rhymes, you like, "gimme some more"
Askin' you where your heart is, but you an artist
You was never as hard as you said you was
Maybe lyin', wasn't the smartest decision you ever made
'Cause this business ain't regulated

If you beefin' over beats in these streets, you'll never make it
Now you singin' to cops, that's your favorite tune, nigga
They ain't got Yelp reviews for goons, nigga
Hip-hop, homie, that's our lane
It's Gang Starr with the Black Star gang
We bang-bang when it's business or art

Business or art? Fist or steel?
Industry or street? Fake or real?
Cold or hot? Truth or trash?
War or peace? Longevity or cash?

(Business)
(Art)
All he had to do was just enjoy the ride
G-G-Get on my level (Business)
A Gang Starr with a gangster, on a mission
We come and infiltrate your whole cypher man (Art)

Gang Starr Lyrics

"Bring It Back Here"

Raps will be actin' ill
And that's exactly how I feel, shoutout to Guru

Don't base my whole life on loot, but money sure helps
I keep it tight like army boots to ensure wealth
I meet suckers every day that rhyme, they say they rhyme
Most of them corny as hell, they won't get paid a dime
A lot of these punks, they all sound the same
They all sound lame, fakin' like they down with the game
Against me, they fail
I'm like the black Frankie Ale
I leave 'em slumped, and their bodies dumped over the rail
Show me respect, then cut me a fat check
You little niggas are like virgins, you haven't had ass yet
Wet behind the years while I've been spittin' darts for years
Don't make me embarrass you in front of your so-called peers
The fools gassed you in the first place, dirt face
Cocksucker, thought you had wins, got stuck in the worst place
And that's when I attack your fears
'Cause I'm a real racketeer, get my money and bring it back here

Gang Starr Lyrics

"One Of The Best Yet (Big Shug Interlude)"

Gang Starr is
One of the best yet
Just had to remind you
We still are, hey
Gang Starr
One of the best yet
Just had to remind you
We still are, hey
Ahaha

Gang Starr Lyrics

"Take Flight (Militia, Pt. 4)"

(feat. Big Shug & Freddie Foxxx)

("It's the real...")
("Conversatin' like some raw pimps sportin' the minks")
Rhymes take flight, gods get tight, it's serious
("You know and I know")
Rhymes take flight, gods get tight, it's serious
("Nigga better bang")
Rhymes take flight, gods get tight, it's serious
("Then I'm runnin' through the spot")
Rhymes take flight, gods get tight, it's serious
("However it's gon' go, it's gon' be that")

One in the spiritual, three in the physical
OG soul like Smokey and the Miracles
Grimy and lyrical—you want it? Here it go
We be in spots where bitch niggas fear to go
Abrasive, still smack faces
Grab you by your neck, smash your head in the basement
Godly, still controllin' the square
You the competition? Get the fuck outta here
We got the safeties and the locks off just in case it jump off
Count to three, only these niggas dump off
For the love of hip-hop, what's it worth?
For the pain of hip-hop, we bringin' the hurt
Fake niggas, we put in the dirt
Silly rap nigga wearin' a skirt
We unbeatable, don't even try
Fuck around, lay around, do or die
It's the militia

Rhymes take flight, gods get tight, it's serious
("However it's gon' go, it's gon' be that")
Rhymes take flight, gods get tight, it's serious
("It's the militia") ("It's the real")

Let's see if you can rap and step with this production
I never left, plus I kept me somethin'
That I could use on these MC's that kept frontin'
They watched me unload and explode, I kept dumpin'
The Black Bruno, with the Mack uno uno
Crush you like a Black sumo, I'm back, you know
The man of the hour, I'm the man of the year
Make room and understand I'm here
Hell, my clientele is the most regal
I crush brain cells, my name rings bells to most people
You broke the rules, so I'ma have to get at you
Pussy, you're pitiful, your crew can catch a clip or two

Always the swiftest, you, watch the way I lift his jewels
He's woozy, excuse me while I rip this dude
I light a Dutch while you get touched with ease
And your chick steady fallin' in love with me

Rhymes take flight, gods get tight, it's serious
("However it's gon' go, it's gon' be that")
Rhymes take flight, gods get tight, it's serious
("It's the militia")
Raw

Yo, it's the gang Gang Starr across my chest
On Gu' and them, I never let Solar rest
Me robbin' them rappers that's braggin'
The pain is of Attica stabbin' you
Leakin' from holes you didn't know you was havin'
Bitch niggas take flight when Bump pick up the mic
I write what rappers wanna be like in real life
Then spit your favorite song with verses crazy long
'Cause I do what the fuck I want on every song
And you bitches are mad 'cause you spit a facade
For sad niggas who thought hip-hop was really gone
But not for very long, I'm back to carry on
Like I'm Marshawn Lynch, runnin' through every song
Wack rappers, take a knee, all races
In any race, Freddie Foxxx put that ox to they faces
And fuck your music is the basis
'Cause my shit hard, rip to the gods, say it, militia

Gang Starr Lyrics

"Bless The Mic"

Everything changing nowadays, man
Kids got technology and the rap music
I mean, I like rap music, I ain't gon' lie
I like rap music, man, I like some of it, man
But I don't think you gon' see, like, rap reunions 20 years from now
I don't think you're gonna see a 50-year-old rapper
*[*coughs*]* "How ya like me now?"

("Bless the mic for the gods")

When it's concerning these bars, I'm leaving permanent scars
On you half-ass rappers, you ain't earnin' it, pa
So come to my class, then I can son you real fast
Just 'cause you comin' with cash, you still a wannabe ass
I get chicks state to state, offer me face from the gate
'Cause the sound of my voice makes their juices marinate
As opposed to those with mediocre prose
Wet you from head to toe, and watch you soak in your clothes

It's the lessons in the song that makes you rock on
Some people go to places where they don't belong
Whether wrong or right, a lot of people fight
But I'm here to bless this mic ("Bless the mic for the gods")
It's the lessons in the song that makes you rock on
Some people go to places where they don't belong
Whether wrong or right, a lot of people fight
But I'm here to bless this mic ("Bless the mic...")

Now, why'd they try to pull a plug on a brother?
Pull the rug from a brother?
Catch a slug from the toolie of a gun-lovin' brother
Violence, wylin', whatever, they know
The more rappers come, the quicker they go
This underground is mine, might even see me in a hoop'
Switch to a droptop coupe—why you cock blockin', dukes?
Baldhead Slick, I represent my clique
I got my little man loadin' the ammo, this shit is sick

It's the lessons in the song that makes you rock on
Some people go to places where they don't belong
Whether wrong or right, a lot of people fight
But I'm here to bless this mic ("Bless the mic for the gods")
It's the lessons in the song that makes you rock on
Some people go to places where they don't belong
Whether wrong or right, a lot of people fight
But I'm here to bless this mic ("Bless the mic for the gods")

("Bless the mic for the gods")
("Gang Starr has got to be the sure shot")

Boogie Down Productions Lyrics

"Poetry"

Verse one: krs-one

Well now you're forced to listen to the teacher and the lesson
Class is in session so you can stop guessin
If this is a tape or a written down memo
See I am a professional, this is not a demo
In fact call it a lecture, a visual picture
Sort of a poetic and rhythm-like mixture
Listen, I'm not dissin but there's somethin that you're missin
Maybe you should touch reality, stop wishin
For beats with plenty bass and lyrics said in haste
If this meaning doesn't manifest put it to rest
I am a poet, you try to show it, yet blow it
It takes concentration for fresh communication
Observation, that is to see without speaking
Take off your coat, take notes, I am teachin
A class, or rather school, cause you need schooling
I am not a king or queen, I'm not ruling
This is an introduction to poetry
A small dedication to those that might know of me
They might know of you and maybe your gang
But one thing's for sure, neither one of y'all can hang
Cause yo I'm like a arrow, and scott is the crossbow
Say something now ... thought so
You seem to be the type that only understand
The annihilation and destruction of the next man
That's not poetry, that is insanity
It's simply fantasy far from reality
Poetry is the language of imagination
Poetry is a form of positive creation
Difficult, isn't it? the point? you're missin it
Your face is in front of my hand so I'm dissin it

Verse two: krs-one

Scott larock is innovating, decorating hip-hop
The beat may drop but not like all the others
They just cover while I just smother
Every single stupid mutha -- wait wait brotha
Krs-one will have to show another
Mc or self-proclaimed king or queen
Or gang or crew or solo or team
That I mean

Business
So tell me what is this?
See I come from the bronx so just kiss this
Boogie down productions is somewhat an experiment
The antidote for sucka mc's and they're fearin it
It's self-explanatory, no one's writin for me
The poetry I'm rattlin is really not for battlin
But if you want I will simply change the program
So when I'm done you will simply say "damn"
So this conversation is somewhat hypothetical
Boogie down productions attempts to prove somethin
I say hypothetical because it's only theory
My theory, so take a minute now to hear me

Verse three: krs-one

So what's your problem?
It seems you want to be krs-two
From my point of view, backtrack, stop the attack
Cos krs-one means simply one krs
That's it, that's all, solo, single, no more, no less
I've built up my credential financially and mental
Anytime I rhyme I request the instrumental
I speak clearly and that's merely
Or should I say a mere, help to my career
I'm really not into fashion or craze
Just the one who pays and how soon I get a raise
You're probably in a daze, acting out of sympathy
Wrote a couple of rhymes and think that you can get with me
But what a pity, I'm rockin new york city
And everywhere else, you put the jams on the shelf
You as an amateur is outspoken
I'm looking at your face, you seem to be hopin
That I might stutter, stop, or just mess up
But everything's live that's why I don't dress up
"blastmaster krs" a synonym for "fresh"
I'm the teacher of the class, I do not pass no test
Got dj scott larock by my side, not in back of me
Cos we make up the boogie down productions crew faculty
Get it right, or train yourself not to bite
Cos when you bite you have bitten, when I hear it, that's it
I do not contemplate a battle cause it really ain't worth it
I'd rather point a pistol at your head and try to burst it

I'm teaching poetry
I'm teaching poetry
Scott larock
We're teaching po-e-try

Boogie Down Productions Lyrics

"South Bronx"

Scott la rock: yo, wassup blastmaster krs-one. this jam is kickin'
Krs: word! yo, what-up d-nice?
D-nice: yo, wassup scott la rock?
Slr: yo man, we chillin' this funky fresh jam. I wanna tell
You a little somethin' about us. we're the boogie down
Productions crew and due to the fact that no-one else out there
Knew what time it was, we have to tell you a little story about
Where we come from...

South bronx, the south south bronx (4x)

Many people tell me this style is terrific
It is kinda different but let's get specific
Krs-one specialized in music
I'll only use this type of style when I choose it
Party people in the place to be, krs-one attacks
Ya got dropped off mca cause the rhymes you wrote was wack
So you think that hip-hop had it's start out in queensbridge
If you popped that junk up in the bronx you might not live
Cause you're in...

South bronx, the south south bronx (4x)

I came with scott larock to express one thing
I am a teacher and others are kings
If that's a title they earn, well it's well deserved, but
Without a crown, see, I still burn
You settle for a pebble not a stone like a rebel
Krs-one is the holder of a boulder, money folder
You want a fresh style let me show ya
Now way back in the days when hip-hop began
With coque larock, kool herc, and then bam
Beat boys ran to the latest jam
But when it got shot up they went home and said "damn
There's got to be a better way to hear our music every day
Beat boys gettin blown away but comin outside anyway"
They tried again outside in cedar park
Power from a street light made the place dark
But yo, they didn't care, they turned it out
I know a few understand what I'm talkin about
Remember bronx river rollin thick
With kool dj red alert and chuck chillout on the mix
When afrika islam was rockin the jams

And on the other side of town was a kid named flash
Patterson and millbrook projects
Casanova all over, ya couldn't stop it
The nine lives crew, the cypress boys
The real rock steady takin out these toys
As odd as it looked, as wild as it seemed
I didn't hear a peep from a place called queens
It was seventy-six, to 1980
The dreads in brooklyn was crazy
You couldn't bring out your set with no hip-hop
Because the pistols would go...
So why don't you wise up, show all the people in the place that you are wack
Instead of tryna take out ll, you need to take your homeboys off the crack
Cos if you don't, well, then their nerves will become shot
And that would leave the job up to my own scott larock
And he's from...

South bronx, the south south bronx (8x)

The human tr-808, d-nice
The poet, the blastmaster krs-one
The grand incredible dj scott la rock
Boogie...down...productions
Fresh for '86, suckers!
(ha ha ha ha ha)

Boogie Down Productions Lyrics

"9mm Goes Bang"

La la-la la-la la-la la...la...la...la
La la-la la-la la-la la..la..la...la...la

Buck! buck!

Chorus:

Wa da da dang
Wa da da da dang (ay!)
Listen to my 9 millimeter go bang
Wa da da dang
Wa da da da dang (ay!)
This is krs-one...

Verse 1:

Me knew a crack dealer by the name of peter
Had to buck him down with my 9 millimeter
He said I had his girl, I said "now what are you? stupid? "
But he tried to play me out and krs-one knew it
He reached for his pistol but it was just a waste
Cos my 9 millimeter was up against his face
He pulled his pistol anyway and I filled him full of lead
But just before he fell to the ground this is what I said...

Repeat chorus

La la-la la-la la-la la...la...la...la
La la-la la-la la-la la..la..la...la...la x2

Verse 2:

Seven days later I was chillin in the herb gate
But seven days too much when the gossip has to circulate
Puffin sensemilla I heard "knock knock knock"
But the way that they knocked it did not sound like any cop
And if it were a customer they'd ask me for a nick
So suddenly I realized it had to be a trick
I dropped down to the floor and they did not waste no time
They shot right through the door so I had to go for mine
They pumped and shot again but the suckas kept on missin
Cos I was on the floor by now, I crawled into the kitchen
Thirty seconds later, boy, they bust the door down

The money and the sensemi' was lyin all around
But just as they put their pistols down to take a cut
Me jumped out the kitchen, went "buck! buck! buck!"
They fall down to the floor but one was still alive
So I put my 9 millimeter right between his eyes
Looked at his potnah and both of them were dead
So just before he joined his potnah this is what I said...

Repeat chorus

La la-la la-la la-la la...la...la...la
La la-la la-la la-la la..la..la...la...la x2

Verse 3:

I gathered all the money and I ran up the block
I said "this is a perfect time to meet with scott larock"
But scott is either psychic or he has a knack for trouble
Cos scott larock showed up in a all-black bmw
I jumped inside the car and we screeched off in a hurry
And scott said "what is wrong? relax, tell me the story"
I said "you remember peter? well his posse tried to kill me
I'm all right now because the sensemi' fill me"
Scott just laughed, he said "i know they're all dead
And just before you pulled the trigger this is what you said..."

Repeat chorus

La la-la la-la la-la la...la...la...la
La la-la la-la la-la la..la..la...la...la x2

Boogie Down Productions Lyrics

"Word From Our Sponsor"

Intro:

This is a test
Of the boogie down production
Prevention against sucka mc's
In the event of a real emergency
You would have been instructed
On which jams to play
And how loud to blast your radio
And now, a word from our sponsor

Verse one:

I'm from the bronx, blastmaster krs-one
Provin that my job ain't done until I get some
More, no need to roar or yell
Cos I can still tell what will sell
And would have sold without yellin over a drum roll
That style is old, so unfold
Blossom, bloom, you got the room
So go ahead and consume
A new era, krs-one comes better
Bite another lyric? never
Cos I'm too clever, however
I own my own label
Partners with scott larock, he's on the turntable
And partner lee smith
I'm exercising a true gift just to uplift
Hip-hop, hip-hop
My voice is like a monster
And now a word from our sponsor

Verse two:

Two, three, four, five, sex, seven, eight, nine, ten
I gotta start this rhyme again
How many words can I find that rhyme
And still keep in mind every lyric must come out on time
Not many but I have plenty
Scott larock sent me just to devastate any-
One, any daughter, any son that comes my way
Hey, you got to go the other way
I represent my dj scott larock

D-nice, the beat box
I only wear nike's, not adidas or reeboks
Many people know me, yet I'm known by few
My name is krs-one, son
Not two or three or four or five or six
The mix is on scott larock and scott larock is on the mix

Verse three:

Cool like the air we breathe
Inhale, exhale, perpetrators will fail
As sure as my name is "blastmaster krs"
Sit and listen to the very essence of this tale
From the days of prison I have uprisen
To my family members I'm marked down as missin
Listen, circumstances put me right in the street
With the will to survive, get paid, eat, and sleep
Some weep, or should I rather say some cry
Can't get by so later on they die
Because the strong will survive
The weak will perish
Ignorance is a poison and knowledge will nourish
I love what I got and like what I had
I'm glad, not sad, and I don't even get mad
I get even, myself and some others I believe in
Cos these others are my brothas and perfection we're achievin
Yes, my name is krs, my brother is a rasta
Let me pause, and now a word from our sponsor

Boogie Down Productions Lyrics

"Elementary"

Verse 1:

I hear the same old rhyme, the same old style
The same old runner has ran the mile
See, I don't know exactly what you know
But what I know is that stuff gotta go
Usually when I pick up the mic
Something I'll jumps out my mouth for that night
I like to talk about fact not fiction
I got some fantasy rhymes but just listen
Everything I write is premeditated
Suckas wanna fake it, I just hate it
Bitin routines or sayin somethin kinda weak
My words are comprehended every time I speak
Or have spoken, no I'm not jokin
Please don't sleep, I hope you are awoken
Stop! try this again, you had enough? say when
I am the man with the six-pack of heineken
I get tipsy
But never in your life try to dis me
Cos I don't battle with rhymes, I battle with guns
Knowledge reigns supreme over nearly every one
If you take the first letter of what I just sung
You spell my name "krs-one"
It's elementary

Elementary

Verse 2:

Dj scott larock and i: krs-one
Our mother's first son and no, we'll never run
From complex situations like you t-o-y-s's
Always talkin junk, yet in jail, you're rockin dresses
I have arrived for the purpose of joy
Unlike any ordinary bronx b-boy
I will volunteer my services and launch an attack
On you fake educators with your yakety-yak
This is a fact, the teacher is here now in the flesh
Consistently hounded by you mc pests
If you really want to learn from me
Don't waste time in burnin me
Cos ignorance and inexperience does not concern me

I will emphasize so you will realize and come alive
Never close your eyes, never sleep or you might take a dive
Many people hate me, many people love me
Some are far below me
And you know there's some above me
But this, my hypothesis, to conclude the story
All you fake mc's on a mission, you bore me
I'm the blastmaster krs on the mic
Watchin all these females rock their pants too tight
Cos there's no other creative composition on display
That give a full analysis and rock this way
You will pay, eventually you all will decay
While the dj scott larock will continue to play
Cuttin records, drivin cars, and you'll know who we are
Make a mix just for kicks
And you'll be on our tip
And, oh yes, there's a highlight to the show, of course
You hear dj scott larock (go off! go off!)

(scott la rock) (go off! go off!) x8

Verse 3:

Boogie down productions, no reduction to it's title
If you have a headache, toys, go and take a midol
We have arrived for the purpose of enjoyment
You have arrived to make up for unemployment
You're on it only cos I learned just how to flaunt it
I breathed a rhyme upon you like a sickness and you caught it
Quick, get off the tip, trick, you must be sick
Like a doctor here's my bill, I wrote it out with a bic
Signed my name upon the bottle cos you know I just rocked em
But gettin into battles really isn't my thing
You're probably thinking these are the rhymes for the century
But please don't mention me
It's only elementary

Elementary
All it really is to me and scott la rock...is elementary

Elementary
Elementary

Boogie Down Productions Lyrics

"Dope Beat"

[krs]i got a dope beat?
[all]you got a dope beat
[krs] I got a dope beat..
[all] we got a dope beat
[krs]i got a dope beat..
[all] you got a dope beat
[krs] I got a dope beat!!
[all] we got a dope beat!!

My name is at the top of all of those that mix
I'm turnin poetry into cash for eighty-seven
Some did it got paid, some jams were never played
But I am just a poet who watched the whole parade
Go by, and why? cause they wasn't fly
Others claim to be fresh, but they're not krs
I cannot walk around the street, with my head in the clouds
Either runnin on my gear, or havin colors too loud
Everything must coincide with the way I feel
And by the way, it's scott larock on the wheels of steel
So I take one step, to adjust the mic
I get around the whole city so I do wear nike
I like a funky beat, a studio like unique
I write the crazy fresh lyrics and I don't eat meat
You can look me up and down, and my dj too
Because we make up the boogie down productions crew
Takin out mc's - on the 1, 2, 3
No matter who they claim to be in society
Because we know their games, we have pulled their file
If they need a different style we can get wild
He's i.c.u., he's out to kill
I'm krs, and we get ill
Dj scott larock got his own beat
The extravagant life, is what we seek
I will tell you like this, cause I know for a fact
I will live a long life, and I don't smoke crack
Captivatin the crowd, seven days a week
You know what they told me to say? I got the dope beat

[krs]i got a dope beat
[all]you got a dope beat
[krs]i got the dope beat
[all]we got a dope beat
[krs] I got a dope beat?

[all] you got a dope beat
[krs]i got a dope beat!!
[all]we got the dope beat!!

For me to say again another verse of my rhyme
Means what you heard before must've blew up your mind
So now it's time, to find, poetry like mine
Do not waste all your time because I'm one-of-a-kind
Pullin out, easy goin cause the money be flowin
6'4", brown eyes, and I'm always showin
Stupid mc's on the mic the way it 'posed to be done
They study rhymes all week, but I be rhymin for fun
When they lose they get upset, always pullin a gun
But they will snap out of that, because I'm krs-one
Not two, not three, but o-n-e
Get it right the first time I won't repeat this rhyme
If you think that you can burn me with your amateur ways
Keep in mind that I been out there, from back in the days
I don't braaaaaaaaag, about the people I know
Because they're still bluffin, they're not givin me nothin
I can walk around the city with the rhymes I flaunt
Cause no matter how you front they're still the ones you want
See, I am funky fresh and poetry is my opinion
Takin out you suckers while the scott larock is spinnin!

.. *guitar interlude* ..

My name is krs-one, I'm still kinda young
I don't wear adidas cause my name ain't run
Got nike's on my feet, and to be complete
I can rock an american or reggae beat
Got rhymes for 70's, 80's, and 90's
Not bein conceited but it won't pay to try me
Out to any feud, any battle, any reason
Make the rhymes up every season this style I'm just teasin
Pick up the pace, homeboy, pick up the pace
You're way behind schedule, listen to what I'm tellin you
This particular style may vary
The things I converse about are heard rarely
Some can't bear me, others try to scare me
Soundin intelligent but not yet equivalent!!
You know what? ?

[all]you got a dope beat
[krs]i got a dope beat!
[all] we got a dope beat
[krs] I got the dope beat?
[all]you got the dope beat
[krs]i got the dope beat!

[all]we got the dope beat!
[krs]i've got the dope beat!
[all]you've got the dope beat
[krs]i got the dope beat!
[all]we got the dope beat
[krs]beat that we got? ?
[all] the dope beat!

Boogie Down Productions Lyrics

"The P Is Free"

Yes, scott larock you know you rule hip-hop
Yes, mr. lee you can rule hip-hop
And, b-57 you can rule hip-hop
But, krs-one rule it non-stop
When I'm in brooklyn, yes, we rulin hip-hop
When I'm in manhattan, we rulin hip-hop
When I'm in queens, we rulin hip-hop
And when in staten island we rulin hip-hop
But in the bronx, we rulin y'all tonight
But in the bronx, we rulin y'all tonight
We come to rock you whether you're black or you're white
Cos krs-one you know I'm never ? frank?
Come catch a star

The girlies are free
Cos the crack costs money
Oh yeah
I say the girlies are free
Cos the crack costs money
Oh yeah

Ridin one day on my freestyle fix
Jammin to a tape scott larock had mixed
I said to myself "this tape sound funky"
Ridin past the 116th street junkie
Thought I saw denise but I was only assumin
Took another look and that butt was boomin
Did a little trick on my freestyle fix
And I was right beside the girl, she was all on the tip
She said "hi, dj krs"
She kissed me on my neck so I gave her a peck
She said "i'm really in a hurry so I cannot wait
If you give me a life while we ride to the ? bait? "
She jumped on my bike, I said "huh, what's your stop? "
She said "right around the corner to the crack spot
If you buy me a crack I'll know how to act
But if you don't, you might as well step back"
I said "now how the hell we jump off to this?
I'm doin you a favor, I'm givin you a lift"
She said "krs, you know it goes"
I said "yeah, you little.....it seems that you're a hoe"
I did a little trick on my freestyle fix
And she was right on the ground lookin after it

Because...

A girl tried to take my out one day
For a play, not your everyday ? trey?
We walked to the spot, she says she want a rock
I looked in my pocket, didn't have a lot
I said "you better get yourself a job"
She tried to tell me that times were hard
I told the hoe, I said "yo, that's not my fault
You need a vault", I'm out to assault
Any girl I find who try to take my for mine
I'm gonna have to ? pin? it just another time
But...

Boogie Down Productions Lyrics

"The Bridge Is Over"

Intro:

I say, the bridge is over, the bridge is over, biddy-bye-bye!
The bridge is over, the bridge is over, hey, hey!
The bridge is over, the bridge is over, biddy-bye-bye!
The bridge is over, the bridge is over

Verse one:

You see me come in any dance wid de spliff of sensei
Down with the sound called bdp
If you want to join the crew well you must see me
Ya can't sound like shan or the one marley
Because shan and marley marl dem-a-rhymin like they gay
Pickin up the mic, mon, dem don't know what to say
Sayin that hip-hop started out in queensbridge
Sayin lies like that, mon, you know dem can't live
So i, tell them again, me come to tell them again, gwan!
Tell them again, me come to tell them agaaain
Tell them again, me come to tell them again, gwan!
Tell them again, me come to te-ell them
Manhattan keeps on makin it, brooklyn keeps on takin it
Bronx keeps creatin it, and queens keeps on fakin it

Verse two:

Di-di di-da, di di-di, dida di-day, aiy!
All you sucka mc, won't you please come out to play, cause
Here's an example of krs-one, bo!
Here's an example of krs-one
They wish to battle bdp, but they cannot
They must be on the dick of who? dj scott larock
Cause, we don't complain nor do we play the game of favors
Boogie down productions comes in three different flavors
Pick any dick for the flavor that you savor
Mr. magic might wish to come and try to save ya
But instead of helpin ya out he wants the same thing I gave ya
I finally figured it out, magic mouth is used for suckin
Roxanne shante is only good for steady fuckin
Mc shan and marley marl is really only bluffin
Like doug e. fresh said "i tell you now, you ain't nuthin"
Compared to red alert on kiss and boogie down productions
So easy now man, I me say easy now mon

To krs-one you know dem can't understand
Me movin over there and then me movin over here
This name of this routine is called live at union square
Square, square, square, ooooooooooooooooooooooo
What's the matter with your mc, marley marl?
Don't know you know that he's out of touch
What's the matter with your dj, mc shan?
On the wheels of steel marlon sucks
You'd better change what comes out your speaker
You're better off talkin bout your wack puma sneaker
Cause bronx created hip-hop, queens will only get dropped
You're still tellin lies to me
Everybody's talkin bout the juice crew funny
But you're still tellin lies to me

Boogie Down Productions Lyrics

"Super Hoe"

[phone ringing]
Scott: yo, kris. I really knocked the boots on those two big-butt
Females last night.
Kris: jeeez!
Scott: yeah, man. I'm on my way down to latin quarter to find two
More freaks...
Kris: word...

[super sperm]

Chorus: repeat 2x

Scott larock had em all
He is the super hoe

[super sperm]

Verse one: krs-one

Scott larock is for now the main topic
Not looking at his cuts or cash flow of the pocket
You may not realize it or you may not know
But, uh... (he is the super hoe)
When I say super I'm not exaggeratin
Datin for a guy like scott turns into matin
He seems to be quiet but I don't buy it
Proof is in the puddin, why don't you just try it
The super hoe is loose in your section
And he's armed with a powerful erection
So grab your girl and run for protection
Your momma too, cause I like to mention

Chorus

[super sperm] 4x

Verse two: krs-one

Whatever you could do or say inside a bed
Scott larock has done and most likely said
He doesn't argue with a girl cause yes, he has others
Keep updated on all kind of rubbers
Got ones that are lambskin, others that are plastic

One day he'll open a school for prophylactics
They don't know... (he is the super hoe)
Up in rochester on dkx
Wdkx, now dk-sex
We were bein interviewed there live on air
Every girl in the city scott had an affair
Km in the am had asked his last question
But scott larock said "wait, I gotta mention
The fact that I'm single, I like to mingle"
And one more time bust the fresh jingle

Chorus

[super sperm] 4x

Verse three: krs-one

In the field of music I'll always pass by
Girls that claim to act so fly
They always act like it's all about them or their friends
But according to scott, they all like to bend
Yes, fly girls, shy girls, black girls, white girls
In eighty-seven it's got to be the right girl
If you claim to have a little problem
Well, scott larock knows just how to solve em
If you're a guy a nine'll do the trick
But if you're a girl, you need some... flowers
I admit scott has strange powers
Enticing girls in less than an hour
Or should I say minutes? I seen how he did it
He probably says "i'm scott larock" and she's with it
So whether he's a gigolo, tramp, or pro... (he is the super hoe)
Now many people have their ways of expressin
What they do best, for scott it's undressin
Yes, either a girl or some date for the night
He doesn't want to hear that you're too tight
So do not think that scott larock is mean
It's not his fault, he'll give you vaseline
The super hoe is loose in your area
Makin life for girls a little scarier
So if you got a radio tryin to tape this
Do not keep in mind that he is a rapist
For the super hoe to be chillin
Another female out there has to be willin
So all you tramps and hoes raise your hand
Cos super hoe scott larock understands
If you're a guy we'll talk about hangin
And if you're a girl he'll talk about bangin
If your moms call up, well, I don't know

But uh... (he is the super hoe)

Chorus

[super sperm] 8x

Chorus 3x

[super sperm]

Boogie Down Productions Lyrics

"Criminal Minded"

Intro: (sung by krs-one to the tune of the beatles "let it be")

Boogie down productions will always get paid
We'll take the wackest song and make it better
Remember to let us into your skin
Cause then you'll begin, to master
Rhymin rhymin rhymin

Verse one: krs-one

Criminal minded, you've been blinded
Lookin for a style like mine you can't find it
They are the audience, I am the lyricist
Sometimes the suckas on the side gotta hear this
Page, a rage, and I'm not in a cage
Free as a bird to fly up out on stage
Ain't here for no frontin just to say a little somethin
Ya suckaz don't like me cause you're all about nothin
However, I'm really fascinating to the letter
My all-around performance gets better and better
My english grammar comes down like a hammer
You need a style, I need to pull your file
I don't beg favors, you're kissing other people's ---
I write and produce myself just as fast
Keep my hair like this, got no time for jheri curls
Attractin only women, got no time for little girls

[krs sings again] cause girls look so good
But their brain is not ready, I don't know
I'd rather talk to a woman
Cause her mind is so steady, so here we go

I'm not a musical maniac or b-boy fanatic
I simply made use of what was upstairs in the attic
I've listened to these mc's back when I was a kid
But I bust more shots than they ever did
I mean this is not the best of krs, it's just a section
But how many times must I point you in the right direction
You need protection, when I'm on the mic
Because my mouth is like a 9 millimeter windpipe
You're a king, I'm a teacher
You're a b-boy, I'm a scholar
If this was a class, well it would go right under drama

See kings lose crowns but teachers stay intelligent
Talkin big words on the mic but still irrelevant
Especially when you're not, college material
Wake up every morning to your lucky charms cereal
Dj scott larock has a college degree
Blastmaster krs writes poetry
I won't go deeper in the subject cause that gets me bored
It's a shame to know some mc's on the mic are fraud
Sayin styles like this to create a diss
But if you listen, who you dissin?
See I am a musician
Rappin on the mic like this to me is fine
Cause if I really want to battle I will put out a nine
You can see that scott larock and I are mentally binded
In other words we're both criminal minded

Verse two: krs-one

We're not promoting violence, we're just havin some fun
He's scott larock, I'm krs-one
Never off-beat cause it don't make sense
Grab the microphone, relaxed and not tense
You waited, debated, and now you activated
A musical genius that could not be duplicated
See I have the formula for rockin the house
If you cannot rock a party do not open your mouth
It's that simple, no phony cosmetics to your pimple
Take another look because the gear is not wrinkled
The k, the r, the s, the o, the n, the e
Sayin rhyme for eighty-seven not from 1983
Well versed, to rehearse, and my rhymes are my curse
Originality come first but the suckers get worse
Allow me to include I have a very stable mood
Poetic education of a high altitude
I'm not an mc, so listen, call me poet or musician
A genius when it comes to making music with ambition
I'm cool, collected with the rhyme I directed
Don't wanna be elected as the king of a record
Just respected by others as the man with the solution
An artist of the 80's came and left his contribution
On wax, relax, there's 24 tracks
After years of rocking parties now I picked up the knack
Because everything that flows from out my larynx
Takes years of experience and bottles of beck's
I cannot seem to recollect the time I didn't have sex
Is it real or is it memorex?
I'm livin in a city known as new york state
Sucka mc's gotta wait while I translate
I hang with real live dreads with knowledge in their heads

People with ambition and straight up musicians
Although our lives have been so uprooted
I have it included, you all get zooted
So take each letter of the krs-one
Means knowledge reigns supreme over nearly everyone
You look at me and laugh, but this is your class
It's an all-out discussion of the suckas I be crushin
So now you are awakened to the music I be makin
Never duplicated, and also highly cultivated
Don't get frustrated cause nothin has been traded
Only activated, it came out very complicated
Not separated, from my dj
You see my voice is now faded
I'll see you folks around the way

Criminal minded...

Boogie Down Productions Lyrics

"My Philosophy"

Voice: so, you're a philosopher?
Krs: yes, I think very deeply.
[repeated and scratched]

[verse one]
Let's begin, what, where, why, or when
Will all be explained like instructions to a game
See I'm not insane, in fact, I'm kind of rational
When I be asking you, "who is more dramatical? "
This one or that one, the white one or the black one
Pick the punk, and I'll jump up to attack one
Krs-one is just the guy to lead a crew
Right up to your face and dis you
Everyone saw me on the last album cover
Holding a pistol something far from a lover
Beside my brother, s-c-o-t-t
I just laughed, cause no one can defeat me
This is lecture number two, "my philosophy"
Number one, was "poetry" you know it's me
This is my philosophy, many artists got to learn
I'm not flammable, I don't burn
So please stop burnin, and learn to earn respect
'cause that's just what kr collects
See, what do you expect when you rhyme like a soft punk
You walk down the street and get jumped
You got to have style, and learn to be original
And everybody's gonna wanna diss you
Like me, we stood up for the south bronx
And every sucka mc had a response
You think we care? I know that they are on the tip
My posse from the bronx is thick
And we're real live, we walk correctly
A lot of suckas would like to forget me
But they can't, cause like a champ
I have got a record of knocking out the frauds in a second
On the mic, I believe that you should get loose
I haven't come to tell you I have juice
I just produce, create, innovate on a higher level
I'll be back, but for now just seckle!

[verse two]
I'll play the nine and you play the target
You all know my name so I guess I'll just start it

[verse two]
I'll play the nine and you play the target
You all know my name so I guess I'll just start it

Or should I say, "start this," I am an artist
Of new concepts at their hardest
Cause, yo, I'm a teacher and scott is a scholar
It ain't about money cause we all make dollars
That's whyi walk with my head up
When I hear wack rhymes I get fed up
Rap is like a set-up, a lot of games
A lot of suckas with colorful names
I'm so-and-so, I'm this, I'm that
Huh, but they all just wick-wick-wack
I'm not white or red or black
I'm brown.. from the boogie down
Productions, of course our music be thumpin'
Others say their bad, but they're buggin
Let me tell you somethin' now about hip hop
About d-nice, melodie, and scott la rock
I'll get a pen, a pencil, a marker
Mainly what I write is for the average new yorker
Some mc's be talkin' and talkin'
Tryin' to show how black people are walkin
But I don't walk this way to portray
Or reinforce stereotypes of today
Like all my brothas eat chicken and watermelon
Talk broken english and drug sellin'
See I'm tellin, and teaching real facts
The way some act in rap is kind of wack
And it lacks creativity and intelligence
But they don't care cause the company is sellin' it
It's my philosophy, on the industry
Don't bother dissin me, or even wish that we'd
Soften, dilute, or commercialize all our lyrics
Cause it's about time one of y'all hear it
And hear it first-hand from the intelligent brown man
A vegetarian, no goat or ham
Or chicken or turkey or hamburger
'cause to me that's suicide self-murder
Let us get back to what we call hip hop
And what it meant to dj scott la rock...

[verse three]
How many mc's must get dissed
Before somebody says, "don't f*** with kris!"
This is just one style, out of many
Like a piggy bank, this is one penny
My brother's name is kenny - that's, kenny parker
My other brother i.c.u. is much darker
Boogie down productions is made up of teachers
The lecture is conducted from the mic into the speaker
Who gets weaker? the king or the teacher

It's not about a salary it's all about reality
Teachers teach and do the world good
Kings just rule and most are never understood
If you were to rule or govern a certain industry
All inside this room right now would be in misery
No one would get along nor sing a song
'cause everyone'd be singing for the king, am I wrong? !
So yo, what's up, it's me again
Scott la rock, krs, bdp again
Many people had the nerve to think we would end the trend
We're criminal minded, an album which is only ten
Funky, funky, funky, funky, funky hit records
No more than four minutes and some seconds
The competition checks and checks and keeps checkin'
They buy the album, take it home, and start sweatin'
Why? well it's simple, to them it's kind of vital
To take krs-one's title
To them I'm like an idol, some type of entity
In everybody's rhyme they wanna mention me?
Or rather mention us, me or scott la rock
But they can get bust get robbed, get dropped
I don't play around nor do I f*** around
And you can tell by the bodies that are left around
When some clown jumps up to get beat down
Broken down to his very last compound
See how it sounds? a little unrational
A lot of mc's like to use the word dramatical!
Fresh for '88, you suckas...

Boogie Down Productions Lyrics

"Ya Slippin'"

(yo man, these people around here in '87 just slippin-dough, you know what I'm sayin? boogie down productions not slippin-dough, so hold ya hands-you Know what I'm sayin? (word) yo! what's goin' on? mr. magic-you know what Happened? he slipped on us-he die. pumpin kiss fm, we rock. to my man dj Red alert- we chillin' (word). yo man! yo do, heard about, man, this shit About this kid-wearin' the, ah, jerry curls, man.word up! he was slippin'. Yo dough, word up, word up. he had a yellow coat on, but no description was Given)

Now what you just heard, people, was a little kickin
But let me tell you this while the clock is still tickin
This is the warning, known as the caution:
Do not attempt to dis 'cause you'll soften
Just like a pillow, or better yet a mattress
You can't match this style or attack this
While I'm telling you, write on schedule
Fuck with k-r-s and I'll bury you
Deep in the dirt, or sand with a shovel
No fight, no scurry, or scuffle, just muffle
Total domination on stage
Kris is the name, 22 is the age
Those who wanna battle, I know who you are
You got a little girl, you drive a little car
You come into the place with that look on your face
Before you ran the mile, you lost the race
So assume you're doomed when you step in the room
I'll be the witch and you'll be the broom
I'll ride you, guide you into the concrete
I'll slide you to a funky beat
So what do we have here?
A sucka in fear
I snatched your heart
Put it way up on the chart
At ten you're fucked
At nine you suck
At eight you're a sucker
At seven-a mothafucka
At six you're slapped
At five you're just wacked
At four you're lost
At three, you're just soft
At two you're an ass
At one, you're a dick

But before you slip, I'll whip
'cause homeboy, ya slippin'

(yo get my slip on, I'm chillin on.a long time, ya see me slip on, crop d,
And I'll slip on, everybody-i slip on.sayin? I'll come back if I miss you,
Sayin?)

I understand that music calms the savage beast
But keep in mind that I compose my music piece by piece
First a bass, a snare
A little cut over there
I add my name k-r-s
And the shit becomes fresh
I ask moe and icu for their thoughts
Layin' down a power play all the suckas are tought
One again, the tactics of original arts
We're gettin' payed to the end 'cause we were down from the start
We're known as boogie down productions, ain't no b-boy stance
Gauranteed to make ya dance, if you give us a chance
We're goin' off and of course all ya suckas are lost
You wanna hear a fresh rhyme? you've come to the source
Because I'm the type of guy who's not put up on a pedestal
Run my rhyme on time and on schedule
One after another, another to the next
Can't rhyme when you're tense, or your muscles won't flex
Check your larynx
It may get lower havin' sex
Or may get higher
When bustin' as a liar
These are the things I teach so be tought
To me you're kinda short, how many battles have you fought?
If you come up with a number, notebook, or list
It just doesn't matter, you can still get dissed
I'm bringin' back that ol' new york rap
That gets you jacked while you're hands still clap
It's funny
Just dissin' you I can make money
But noone's tippin'
My message is simple: ya' slippin!

(they slippin'-dough-1987-they spippin', but we goin' all the way to the top
Man (word)-you know what I'm sayin? to my brother krs-1, you're large, i'm
Sayin, large-everytime, man, large.they're slippin')

E-n-o, s-r-k
When you go through other albums, you're sure to say
Goddam! they all seem to sound alike
Till you hear the crew standin' over in the light
Showing, glowing, on the top growing

The lyrics keep flowing and flowing and just flowing
Just like a river, or better yet a stream
I'm proud to be down with the winning team
So don't ever in your life even think about an arguement
'cause you'll get walked on like carpet
We'll pick you up, and dust you off
Stamp bdp on you're head and you're off
But you won't even change that to say instead
I'm down 'cause I got a bdp on my head
So just before you inherit that ass kicking
I suggest you wake right up 'cause ya slippin'

(yo! they slippin'-dough, they slippin'-dough, they slippin'-word up, i
Don't care no more, man, I'm commin' out of the shell-dough, they slippin'
Man.b-boy records, magic, yo all the time they slippin-ya know what i'm
Saying? this other kid-i don't know what his name is, but you know what time
It is. (word up!) he's slippin' too (everybody).slippin', and everytime
He do somethin', he's slippin'. slippin'.)

Boogie Down Productions Lyrics

"Stop The Violence"

Worldwide bdp are the freshest!
Worldwide! worldwide! worldwide!

One two three, the crew is called bdp
And if you want to go to the tip top
Stop the violence in hip-hop, y-o

Time and time again, as I pick up the pen
As my thoughts emerge, these are those words
I glance at the paper to know what's going on
Someone's doing wrong, the story goes on
Mary lue's had a baby someone else decapitated
The drama of the world shouldn't keep us so frustrated
I look, but it doesn't coincide with my books
Social studies when I speak upon political crooks
It's just the presidents, and all the money they spent
All the things they invent and how the house is so immaculate
They paid missiles, my family's eating gristle
Then they get upset when the press blows the whistle
Of course the main profiles are kept low
You temper with some jobs, now the press is controlled
Not only newspapers, but every single station
You only get to hear the president is on vacation
But ehrm, stay calm, there's no need for alarm
You say "go back" to your mom, and you're off to vietnam
You shoot to kill, come back and you're a veteran
But how many veterans are out there pedaling?
There's no telling, 'cause they continue selling
As quiet as it's kept, I won't go into depth
You can talk about nigeria, people used to laugh at ya.
Now I take a look, I say "usa for africa? !"

Huh.
What's the solution, to stop all this confusion?
Rewrite the constitution, change the drug which you're using
Rewrite the constitution or the emancipation proclamation
We fight inflation, yet the president's still on vacation

Bdp posse!
I say: one two three, the crew is called bdp
And if you wanna go to the tip top
Stop the violence in the hip-hop, y-o

This might sound a little strange to you
Well here's the reason I came to you
We gotta put our heads together, and stop the violence
Cause real bad boys move in silence
When you're in a club, you come to chill out
Not watch someones blood just spill out
That's what these other people want to see
Another race fight endlessly
You know we're being watched, you know we're being seen
Some wish to destroy this scene called hip-hop
But I won't drop
Not I or scott larock
Now here is the message that we bring today:
Hip-hop will surely decay
If we as a people don't stand up and say:
"stop the violence!"
"stop the violence!"
"stop the violence!"
"stop the violence!"
"stop the violence!"

I say: one two three, the crew is called bdp
And if you wanna go to the tip top
Stop the violence in the hip-hop, y-o

Bdp and me
We step into the party top celebrity
Say when we're coming to dance, we never have to pay a fee
Cause that's where we got r-e-s-p-e-c-t
I have this one wife, her name is miss melody
I know I'm from the bronx, she from the brooklyn posse
I tell ya look a little like this, then I tell you some that i
Sometimes I got my gear on, sometimes I wear a hat
Sometimes I'm in a mercedes and sometimes I'm in a plain
Sometimes I find myself upon the number two train
Some people look at me and see negativity
Some people look at me and see positivity
But when I see myself I see creativity
So if I can create, well then I make some money
Sha man, just put your hands up if you're out here gettin' paid
Sha man, just put your hands up if you're out here gettin' paid
One two three, the crew is called bdp
And if you wanna go to the tip top
Stop the violence in the hip-hop, y-o

"Illegal Business"

{*30 seconds in: dj scratches "what can we get for 63 cents? "*}

Cocaine business controls america
Ganja business controls america
Krs-one come to start some hysteria
Illegal business controls america

[krs-one]
One afternoon around eleven o'clock
It was freezin cold, he was standing on the block
Sellin cheeba, nick's and dimes
Sayin a rhyme just to pass the time
The cops passed by, but he stayed calm
Cause the leather trench coat was keepin him warm
But this time they walked by real slowly
He thought to himself, "they look like they know me"
They drove away, but he didn't stay
He jumped in the cab and he paid his tab
But guess who he saw when he hit the block
It was the same cop car, the same two cops
They jumped out quick, they pulled a gun
They said, "don't try to fight and don't try to run
Cooperate and we will be your friend
Non-cooperation will be your end"
He jumped in the car, and while they rode
They ran down the list of things he owed
They said, "you owe us some money, you owe us some product
Cause you could be right in the river tied up"
He thought for a second and he said, "what is this?
You want me to pay you to stay in business? "
They said, "that's right, or you go to prison
Cause nobody out there is really gonna listen
To a hood," so he said, "good!
I'll pay you off for the whole neighborhood"
Because

Cocaine business controls america
Ganja business controls america
Krs-one come to start some hysteria
Illegal business controls america

{*dj scratches "what can we get for 63 cents? "*}

[krs-one]
A guy named jack, is sellin crack
The community, doesn't want him back
He sells at work, he sells in schools
He's not stupid, the cops are the fools
Cause everyone else seems to go to jail
But when it comes to jack, the cops just fail
They can't arrest him, they cannot stop him
Cause even in jail the bail unlocks him
So here is the deal, and here is the facts
If you ever wonder why they can't stop crack
The police department, is like a crew
It does whatever they want to do
In society you have illegal and legal
We need both, to make things equal
So legal is tobacco, illegal is speed
Legal is aspirin, illegal is weed
Crack is illegal, cause they cannot stop ya
But cocaine is legal if it's owned by a doctor
Everything you do in private is illegal
Everything's legal if the government can see you
Don't get me wrong, america is great place to live
But listen to the knowledge I give

Cocaine business controls america
Ganja business controls america
Krs-one come to start some hysteria
Illegal business controls america

{*dj scratches "what can we get for 63 cents? "*}
Illegal business controls america
{*dj scratches "what can we get for 63 cents? "*}
Illegal business controls america
{*dj scratches "what can we get for 63 cents? "*}
Illegal business controls america
{*dj scratches "what can we get for 63 cents? "*}
Krs-one come to start some hysteria
{*dj scratches "what what what what, what what what what,
What can we get for 63 cents? "*}

Cocaine business controls america
Ganja business controls america
Krs-one come to start some hysteria
Illegal business controls america

{*dj scratches "what can we get for 63 cents? "*}
Yeah, illegal business controls america
{*dj scratches "what can we get for 63 cents? "*}
Yeah, krs-one come to start some hysteria

{*dj scratches "what can we get for 63 cents? "*}
Yeah, bdp takin over america
{*dj scratches "what can we get for 63 cents? "*}
Ganja business controls america

{*dj scratches "what can we get for 63 cents? "*}
Cocaine, sensai
Aspirin, coffee
Morphine, sugar
Tobacco, got to go

{*dj scratches "what what what what, what can we get.."*}
Illegal business controls america
{*dj scratches "what what, what can we get.."*}
Yeahhhhh, ganja business controls america
{*dj scratches "what what what what what what,
What can we get for 63 cents? "*}
Yeahhhhh, cocaine business controls america
{*dj scratches "what what what what.."*}
Illegal business controls america

Boogie Down Productions Lyrics

"Nervous"

[krs-one]
by all means necessary
Written, produced, directed, by blastmaster krs-one
Mixed, by dj doc
And now.. it's time.. to get{nerrrrrrrr-vous!}
Bdp is in full and total effect
I'm gonna shout out a couple of names
We're gonna do it like this
Dj doc.. manager moe.. ms. melodie.. i.c.u., mcboo
{nerrrrrrrr-vous!}
D-nice.. scott larock.. krs-one, I think that's me
And you know what? I'm down with bdp
{nerrrrrrrr-vous!}
So right about this time
You should throw your hands up in the air
How many people got nike's on?
If you got your nike's on, put your feet up in the air
If you don't got nike's on
I think you need to keep your feet down
Cause the party is live {nerrrrrrrr-vous!}
And we're in total stereo, yaknowhati'msayin?

So all the suckers out there that wanna test
It's time to get{nerrrrrrrr-vous!}
And at this point, we gettin a little stupid
I'd like to say, dj doc is in the back chillin out
On the 48-track board without a doubt
Break it down doc, like this!{nerrrrrrrr-vous!}
I'd like to give a shout out to who? big daddy kane
Heavy d, and eric b.
Melody, d-square{nerrrrrrrr-vous!}
So just throw your hands in the air
Just throw your hands in the air
Krs-one is here without a care
And I don't have no fears homeboy
So all the suckers out there that wanna test bdp
It's time to get{nerrrrrrrr-vous!}
Now, here's what we do on the 48-track board
We look around for the best possible break
And once we find it, we just break..
.. or, we just break{nerrrrrrrr-vous!}
There's two ways to do this, you see what I'm sayin?
If you feel the board, you feel around

We got tracks one to track 48
We find track seven, and break it down!
{nerrrrrrrr-vous!}
Okay.. this album has been funded
By the blastmaster krs-one fund
Ha ha ha ha ha ha hah!
You know what? we're gettin {nerrrrrrrr-vous!}
Okay, we gon' play a little game, break it down doc
Like this, or like this
{nerrrrrrrr-vous!}

You know what? I used to be a graffiti artist
I used to write krs-one all over the place
All up in soundview, in brooklyn
Then when the cops come for you, ha ha hah
You just get{nerrrrrrrr-vous!}
And another thing:
Me and my crew, we made hit records all over the place
But we left b-boy records
And you know what happened after that point?
Ha hah, they just got{nerrrrrrrr-vous!}

Boogie Down Productions Lyrics

"I�m Still #1"

Verse 1

D.J. Doc you know he's down with us
D-Square, he's down with us
Keyboard Money Mike, is down with us
I.C.U., you know he's down with us
D-Nice and McBoo, they're down with us
Ms. Melodie, she's down with us
Just-Ice and DMX, they're down with us
My manager Moe, he's down with us
Castle-D boy, he's down with us
D.J. Red Alert, he's down with us
Robocop boy, he's down with us
Makin' funky music is a must
I'm number one.

People still takin' rappin' for a joke
A passing hope or a phase with a rope
Sometimes I choke and try to believe
when I get challenged by a million MCs
I try to tell them, "We're all in this together!"
My album was raw because no-one would ever
think like I think and do what I do
I stole the show, and then I leave without a clue

What do you think makes up a KRS?
Concisive teaching, or very clear speaking?
Ridiculous bass, aggravating treble
Rebel, renegade, must stay paid
not by financial aid, but a raid of hits
causing me to take long trips
I'm the original teacher of this type of style
Rockin' off-beat with a smile
or smirk or chuckle, yes some are not up to
BDP Posse so I love to
step in the jam and slam
I'm not Superman, because anybody can
or should be able to rock off turntables
Grab the mic, plug it in and begin
But here's where the problem starts, no heart
Because of that a lot of groups fell apart
Rap is still an art, and no-one's from the Old School
cuz Rap is still a brand-new tool

I say no-one's from the Old School cuz Rap on a whole
isn't even twenty years old
Fifty years down the line, you can start this
cuz we'll be the Old School artists
And even in that time, I'll say a rhyme
A brand-new style, ruthless and wild
Runnin' around spendin' money, havin' fun
cuz even then, I'm still number one.

Verse 2

Blastmaster KRS-One of course
comes to express with style the lost
ways of rhyming, old and new, past and present
Knock, knock, who is it?
A brand-new style, hup, time to change
People talk about me when they see me on stage
Live in action, guaranteed raw
I hang with the rich and I work for the poor
Now tomorrow you can say you saw
KRS-One stompin' once more
I play by ear, I love to steer
the Alfa Romeo from here to there
I grab the beer, but not in the ride
cuz I'm not stupid, I don't drink and drive
I'm not a beginner, amateur or local
My album is sellin' because of my vocals
You know what you need to learn?
Old School artists don't always burn
You're just another rapper who's had his turn
Now it's my turn, and I am concerned
about idiots posing as kings
What are we here to rule?
I thought we were supposed to sing
And if we oughta sing, then let us begin to teach
Many of you are educated, open your mouth and speak
KRS-One is something like a total renegade
except I don't steal, I rhyme to get paid
Airplanes flyin', overseas people dyin'
Politicians lyin', I'm tryin'
not to escape, but hit the problem head-on
by bringin' out the truth in a song
So BDP, short for Boogie Down Productions
made a little noise cuz the crew was sayin' somethin'
People have the nerve to take me for a gangster
An ignorant one, something closer to a prankster
Doin' petty crimes, goin' straight to penitentiary
But in a scale of crime that's really elementary
This beat is now compelling me to explain in silence

why my last jam was so violent
It's simple: BDP will teach reality
No beatin' around the bush, straight up, just like The P Is Free
So now you know, a poet's job is never done
But I'm never overworked, cuz I'm still number one.

Kool Moe Dee, he's down with us
Eric B. and Rakim, they're down with us
Stetsasonic, they're down with us
Dana Dane, he's down with us
Sleeping Bag Records, they're down with us
My lawyer Jay, he's down with us
Jive/RCA is down with us
Makin' funky music is a must
I'm number one.

Boogie Down Productions Lyrics

"Part Time Sucker"

Hahahahaha...
(T'cha t'cha, that boy is a t'cha - KRS-One)
I want you all to understand I'm down with BDP
I got so many styles, but I'm not an MC
I am a teacher teaching rap, and of course I am back
Because these other MC's are here also weak and wack
So BDP will teach them, hey, we will teach them
BDP will teach them, hey, we will teach them
All about the guy who first is down but then he lies
What he is to you, he's a part time sucker
Among thousands and thousands of very good MC's
A poet will flow like the breeze
Like the wind, air is all around us
From what I hear, it's a good thing you found us
And in a hurry, just in the nick of time
Cause I do four things: rhyme, produce, teach, and bring to you new styles
Well here's the first style, right out the pile
It's called vocabulary. Difficult, isn't it?
At least is looks that way when you witness it
Kill (kill?) meaning to deprive of life
Fiancee: future wife
Poet (poet): a person who writes poems
Wandering, meaning to roam
Everyone sees me when I walk into the public
Even the suckers, I just love it
When they get disgusted every time I prove
(Boogie Down Pro...) Boogie Down Productions will move
Meaning to motivate, lest rhyme straight
Hate is a very very big mistake
It rhymes with frustrate and aggravate
Let me just demonstrate why I won't abbreviate
Television, a view of scenes transmitted
Every single second you get it
Pepsi (what?) the choice of a new generation
Fired from work: termination
Quality: something special about an object or person
Can you rock a party without rehearsing?
I can, anytime, on the spot rhyme
Many recording artists can't do it, but I'm
More than just a recording artist kicking dust (who?)
I'm a sandstorm, taking human form
K plus R S equals one
I don't burn anymore, I just cook 'till you're done

And when you're done, then I serve
Like alphabet soup, (letters) letters, (words) words
Sentences, chunks of meat into a paragraph
Get the meaning then ask the question 'bout the guy
Who first is down but then he lies
What he is to you, he's a part time sucker
Kewe-kewe-K, Arewa-arewa-R, Ewe-ewe-S, my rhymes are fresh
Please step back, let me progress
Meaning to advance, you only get a glance
Of me at a time, sayin' some rhyme
Or sayin' some rekkid, that should respect it, select it
I'm never ever wack or reject it
Challenge BDP it get's dissed, expect it
I travel the nation by mostly plane
I travel New York by either cab or the train
Some say that I'm insane, they say
Why would you want to ride the train
(But I) but I don't care, as long as I get there
I never used to pay my fare, but now I think I got to
Because from a jail cell I can't rock you
That's being incarcerated, meaning locked up
(A tool) a tool for holding water is a cup or pail,
The opposite for fresh is stale
(The largest) the largest sea-mammal is a whale
Beer is called ale, or sometimes it is called brew
(A group a) a group of human beings is a crew
You know what I'm gonna do? Explain Criminal Minded
Cause much too many people still are blinded
Let me rewind it, and elaborate on blinded, meaning can't see through me
He he he he he, these people make me laugh
The way they like to change up the past
So when you're there in class, learning `his story'
Learn a little of your story, the real story
It doesn't pay to know the life and times of someone else
It doesn't benefit your wealth or your mental health
I go for self, but the real self is one with all
This self who's by himself does fall
Down, just like the guy who first was down, but then he lies
What he is to you, he's a part time sucker
All right, now, hear we go...

Boogie Down Productions Lyrics

"Jimmy"

Intro

The J, the I, the M, the M
The Y, the J, the I, the M
It's Jimmy!
It's Jimmy! x2

Verse 1

Here is a message to the Super-Hoes
Just keep in mind when Jimmy grows
It grows and grows and grows, so let it
But keep in mind about the epidemic
When Jimmy releases, boy it pleases
But what do you do about all these diseases?
Jimmy is Jimmy, no matter what
So take care of Jimmy cos you know what's up
Cos now in winter AIDS attacks
So run out and get your Jimmy Hats
It costs so little for a pack of three
They're Jimmy Hats for the winter attack
Good for a present, great for lovers
Demonstrated by The Jungle Brothers
Protect your Jimmy and keep it fresh
They're Jimmy Hats by KRS

Chorus

So, remember you're never too old (Jimmy is wearin' a hat)

Remember you're never too bold (Jimmy is wearin' a hat)
Do me a favour, wear your hat
So Jimmy...will have the opportunity to come back

Verse 2

Well, Red Alert is down with BDP
Teachin' you all about Jimbrowski
I don't wanna hear that you're not with it
Turn around and see your butt in a clinic
Havin' doctors just poke at Jimmy
Let me express what now what's in me
Too many people take too many risks

Too many people I see get dissed
Jimmy Hats are now in style
Cos you can't trust a big butt and a smile
Some are dry and some lubricated
Many companies make and made it
So all you Super-Hoes, wear your hat
Cos drippin' Jimmies is straight up wack
Keep in mind about Jimbrowski
Jimmy Hats by BDP

The J, the I, the M
The M, the Y, the J, the I...
It's Jimmy!
It's Jimmy!
The J, the I, the M, the M
The Y, the J, the I, the M
It's Jimmy!

Repeat chorus

Boogie Down Productions Lyrics

"T□cha - T□cha"

[krs-one]
Eassssssssy mahn!
It's impossible to take out boogie down productions
Seen?

Yes.. come mi say

Intro/chorus: krs-one

Come to the t'cha, come mi say come to the t'cha
Come mi say come to the t'cha come to the t'cha come to the t'cha
Come mi say come to the t'cha, come mi say come to the t'cha
Come mi say come to the t'cha come to the t'cha come to the t'cha

[krs-one]
Me bus' upon the scene around 1986
A few hit records got me started real quick
I represent the bronx, but I am a new yorker
All vegeterian, never eat pork or
Chicken in a battle yes my brain starts clickin
Just like the gears of a watch, tock-tickin
I never lose time cause the rhyme is all digital
For suckers like you, I turn the power up to critical
On every playlist, waxin that anus
Suckers or professionals, bring down the decimal
Point every time you subtract an emcee
People look at me, a p-o-e-t
Teachin suckers like you about the i.c.u.
And the krs-one, sounds like arithmetic
Very psychological; why are you on the dick?
Well, my evaluation is sudden
Takin me out, is somethin closer to impossible
You could try your best
But frankly I don't think it's logical
This is yes the dj writer superproducer kris
God gave me a talent, so let me flaunt the gift

Chorus

[krs-one]
Push up ya han-ds, if you out here gettin paid
Push up ya han-ds, if you don't have aids, biddi-by-by
Push up ya han-ds, if you out here gettin pa-ai-id

Push up ya han-ds, if you won't be delayed
Boogie down productions at the head of the raid
Always gettin brighter while the suckers will fade
Life is very serious, it's not an arcade
So everything you're hearing, krs has made
Mc's grab the microphone but don't know what to say
So dj krs has come to show dem the way
I always call you females by your name, not "hey!"
Cause "hey" will only make a real woman turn away, gwan
Unless the woman is the freak of the yearrrr
Well then you know that krs don't carrrre
Unless the woman is the freak of the yearrrr, biddi-by-by
And then you know that krs don't carrrre
You always call a freak, by the garment they wear
Instead of call it clothes they always callin it gear
Big derriere to make the next man stare
Attracted to the man with jheri curls in him hair
Always puffin cheeba with a forty of beer
But to a re-al wo-man freaks-a can-not compare, gwan
Hold up ya han-ds if you a real wo-man, bo!
Hold up ya han-ds, if you do underst-and
The style that I'm sayin, without no delayin
Is blastmaster krs-one, just playin
It's really kinda easy for me, to do a style like this
It's kinda primitive, so please don't miss
The way I do this on the microphone, cause I was never shown
My mother wasn't into b-boyin at the home
No one out can compete
And not another dj rocks this type of beat
Come mi say

Chorus

[krs-one]
Come mi say jump up when ya high, and jump up when ya low-ah
Boogie down productions make the lyrics just flow
With m-e-l-o-d-i-e and manager moe
We'll wrap up any mc in a ribbon or a bow
People takin pictures of me everywhere I go
Take out three mc's and call it tic-tac-toe

Yes!

Zhoom, dum, da-dum, da-da-dum, da-dum
Zhoom, dum, da-dum, da-da-dum, zhiggi-zi
Zhoom, dum, da-dum, da-da-dum, da-dum
Zhoom, dum, da-dum, da-da-dum, come mi say

Chorus

Boogie Down Productions Lyrics

"The Style You Haven't Done Yet"

Intro

The number one set and sound...live! Ghetto Music. Produced by KRS-One.

Widdy-bye-bye bye-bye bye-bye bye
Widdy-bye-bye bye-bye bye-bye bye

Come in!

Verse 1

Many have claimed to attain levels in rhymin'
But when I listen to 'em I see they're only lyin'
They're tryin', but after some years if you ain't got it
Lay it down, put it down, find a way to try and stop it
Or change it, rearrange it, be a producer
Don't touch the microphone because you'll always be the loser
And laughed at, smirked on, you don't belong
With those that perform their song on and on
And on and on and on, yo, let's get specific
This style is for the gifted, poetically uplifted
I speak to you, not at you to attack you
Maybe when I'm through with this rhyme I'll get a statue
So now I ax you or tell you people literally
When it comes to rockin' funky lyrics few are better than me
Down with BDP, endlessly recitin' poetry
Any time I'm in the street, you hear my voice, you know it's me
KR...nope! I'm not ready to say my name yet
Many say they teach, but this style they haven't attained yet

Widdy-bye-bye bye, widdy-bye-bye bye bye, widdy bye-bye!
Bye-bye bye-bye bye, widdy-bye-bye bye bye, widdy bye-bye!
Bye bye bye bye, widdy-bye-bye bye bye, widdy bye-bye!
Bye-bye bye-bye bye, widdy-bye-bye bye bye

Verse 2

Run it, son, plumb it you bum
Don't you know that it's KRS-One
That comes to sing the styles that ain't sung
I rocked the party, but oh! Gotta run
Cos only the suckers want a chance at that

To see if KRS-One is really all that
Instead of a rap I jap-slap all of 'em back
Because the teacher that you see is not wack
I'd like to stack up all the hits that I've made
Three albums, a triple-layer cake
And throw it in your face you waste
Pick up the pace and taste a poet from the black race
While I whip you whine, you're out of touch
I'm out of time, here's another rhyme

(The black man's in effect. Jeeeeeeesus! Oh gosh, dude. Oh gosh. Oh yes, dude. Yes)

(What's the name of that crew? B.D.P)

(Say what? I'm not down with the Juice Crew)

Boogie Down Productions Lyrics

"Why Is That?"

Verse One

The day begins, with a grin
And a prayer to excuse my sins
I can walk anywhere I choose
Cause everybody listens to the B.D.P. crew
We're not here for glamour or fashion
But here's the question I'm askin
Why is it young black kids taught {flashin?}
They're only taught how to read, write, and act
It's like teachin a dog to be a cat
You don't teach white kids to be black
Why is that? Is it because we're the minority?
Well black kids follow me
Genesis chapter eleven verse ten
Explains the geneology of Chem
Chem was a black man, in Africa
If you repeat this fact they can't laugh at ya
Genesis fourteen verse thirteen
Abraham steps on the scene
Being a descendent of Chem which is a fact
Means, Abraham too was black
Abraham born in the city of a black man
Called Nimrod grandson of Kam
Kam had four sons, one was named Canaan
Here, let me do some explaining
Abraham was the father of Isaac
Isaac was the father of Jacob
Jacob had twelve sons, for real
And these, were the children of Isreal
According to Genesis chapter ten
Egyptains descended from {Hahm,Kam}
Six hundred years later, my brother, read up
Moses was born in Egypt
In this era black Egyptians weren't right
They enslaved black Isrealites
Moses had to be of the black race
Because he spent fourty years in Pharoah's place
He passed as the Pharoah's grandson
So he had to look just like him
Yes my brothers and sisters take this here song
Yo, correct the wrong
The information we get today is just wack

But ask yourself, why is that?

Verse Two

The age of the ignorant rapper is done
Knowledge Reigns Supreme Over Nearly Everyone
The stereotype must be lost
That love and peace and knowledge is soft
Do away with that and understand one fact
For love, peace must attack
And attack real strong, stronger than war
To conquer it and it's law
Mental pictures, stereotypes and fake history
Reinforces mystery
And when mystery is reinforced
That only means that knowledge has been lost
When you know who you really are
Peace and knowledge shines like a star
I'm only showin you a simple fact
It Takes A Nation of MILLIONS to Hold Us people Back
Which is wack, but we can correct that
Teach and learn what it is to be black
Cause they're teachin birds to be a cat
But ask yourself homeboy, why is that?

Boogie Down Productions Lyrics

"The Blueprint"

Musty fusty yet so crystal clear
The non-commercial set is now here
Brought to you by the will of positve people
K-r-s plus one equals
Slammin' lyrics and beats unquestionable
The peofessional while I guess that you'll
Grab the album that rocks most on the market
Strong hearted with a target
--bloo-- and the target is hit
I shot the lyric then reload the clip
--bloo-- another shell hits the ground
Along with the shell my opponents weak crown
--bloo bloo-- the title comes after
What a disaster listen to the laughter
Your heart I capture
Cause every lecture has tecture
If you're wack I say next sir
Who's next cause I've got no time for weakness
Only the teacher speaks this
Dialect, which gains nuff resect
Which money can't buy you yet
I don't care cause boogie down productions has both
The most worldwide coast to coast
We didn't do it with the soft commercial sound
Try the ghetto cause I refuse to let go
You see you don't understand I knew it
You got a copy I read from the blueprint

Keepin' it on track
And never wack
Please step back
If you speak the weak rap
Cause I alone can dis your whole pack or posse
Stupid sit there and watch me
You can't stop the original with a copy
Sloppy very sloppy you slouch
Every time I bite you yell ouch
Breakout get lost your throat is hoarse
You lost cause I'm dope of course
--one and two and three and four--
But that comes from years of practice
Anti-slackness anti-wackness
Throw on the glasses and teach the masses

Very simple the question I ask is
How many mcs must get stomped
Before somebody says kris has no calm
Thousands both here and overseas
If you're soft I say please leave
Here's the door here's your hat coat and mitt
Cause here we read from the blueprint

Boogie Down Productions Lyrics

"Jack Of Spades"

* was also featured in the movie "i'm gonna get you sucka"

[krs-one]
Again we start, let me say my part
About the only guy who has some heart
It took some time for the heart to come
But it's here, and everybody's in fear
Crashin through the door of that whore
Bringin a end to this gold chain war
What you saw, krs-one is now seeing
Another fly human being
Making, no excuses for the losers
Chain-snatchers, pimps, drug abusers
You don't like it but you gotta keep pushin
Until somebody starts mushin
All these suckers, claimin to rule the environment
(nah man, I ain't buyin it)
You seem to think that everybody can be taught
That everyone else can be bought
But, you took a short, cause one guy hasn't been paid
He is the jack of spades!

* d-nice scratches "jack.. jack.." *

[krs-one]
He's a, calm kind of guy, courageous and loyal
But don't let the temper boil
Cause just like a pot when the whistle blows
(that's right boy, anything goes!)
The crime is commited and he's right on your tail
There's no bail, not thinkin bout jail
All the ends, are justified by the means
When jack's on the scene
Track the movement, don't lose it
Cause if he come through the back, he attacks
Crack, cocaine, cops, and more fiends
Who all get the same in the heat of this gold chain game
Here is the aim --
Destroy all the stereotypes, hypes, and crack pipes
We don't like, criminals, and crime --
But we don't pay it any mind
So here comes kung-fu, joe, and fly guy
Slade, hammer, and slammer

I, am a, renegade teacher and scholar
If you ain't up on it you gotta
Fall to the back of the line
Hear this rhyme, cause i'ma say it one more time
It's jack's theme song that krs made
It's called the jack of spades!

* d-nice scratches "jack.. jack.." *

[krs-one]
You know, the jack of spades is now down with the bdp posse
If you wanna see more, just watch me
Man, do what I do, throw your hands in the air
And scream it out, ohh yeah "ohh yeahhh!!"
One more time! "ohh yeahhh!!"
(flash the rhyme!)
Cool, guy, loud and quiet
If your head's in the way, he'll fly it
Don't try it, cause jack of spades doesn't buy it
He's a one man riot
Cleanin the community, of all it's debris
The c-r-i-m-e
The road was long and scary and some didn't make it
The average guy couldn't take it
But jack, is not, the average guy
He took a piece of the pie and bit it
Got with it, for his brother he did it
So you gotta admit it
This is a martyr, a soldier, a hero
Why? because he started from zero
In this battle he clearly understands their power
They're payin people by the hour
To sell, to lie, to try, to stand up and deny
They are gettin everybody high
High on a cable, cash under the table
Currency is how they're able
To buy the cops and props and keep the law paid
But here comes the jack of spades!

* d-nice scratches "jack.. jack.." *

[krs] break it down!

* d-nice scratches "jack.. jack.." *

[krs-one]
Fresh.. for jack of spades, you suckers
Ha ha ha ha ha ha hah..

Boogie Down Productions Lyrics

"Jah Rulez"

[krs-one]
Yes, right about now we got afrika
From the jungle brothers on the wheels of steel
My sister harmony right beside me
And i, krs-one on the mic
Sidney mills on the keyboards
And dwayne on the engineering
And once again, this style is dedicated to the heavenly father
Because you know ya rule!

[harmony]
Where can they go, where can they turn?
When they hear your name, that fire burns.. their very soul! (fi-yah!)
What can they do, what can they say?
They can't live without your love.. (ba-da-bi)
Another day.. (ba-ba-bad-bad-bad)

[krs-one]
Bad man people and petty rob-ber
Straighten up your ways or you will suf-fer
What go around come around and this is the law
The manmade law krs-one ig-nore

Very intelligent, and full of joy
Go to a concert and mash up the jam (bo)
People in the world know just who I am

[krs-one]
We are not a front and, we are no fraud
Every hit record comes straight from the lord
We live in jail cell and we live in shelter
If you help yourself, well jah will help ya
Look to no man but love everyone
Stand on your own and work til you're done
Follow the commandments that jah set forth
Cause manmade laws, made man lost (bo)

[harmony]
Where can they go, where can they turn?
When they hear your name, that fire burns.. (ba-da-bi-bi-bi)
Their very soul! (fi-yah!)
What can they do, what can they say?
They can't live without your love.. another day..
They need you, in their lives
They know, your live is right (always right)
You're the inspiration (yes) that sweet revelation
All their hope, and their salvation (so right)
And where can they go, where can they turn (where ya hide?)
When they hear your name, that fire burns.. their very soul!
(wa-da-ba-da-bi-bi-bi-bi-bi)
What can they do, what can they say?
They can't live without your love.. another day..
(fi-yah, fi-yah, fi-yah, fi-yah)
They need you, in their lives
They know, your love is right
You're the inspiration, that sweet revelation
And all of their hopes (jah rulez) and their salvation
Where can they go, where can they turn (jah rule every time)
When they hear your name, that fire burns.. (nowhere)
Their very soul (kyan't move without the movement of jah, seen?)
And what can they do, what can they say
They can't live without your love.. another day..
Where do they go
What do they do?
Where do they turn
What can they say?
Where do they go, what can they do
Breathe without you?
Where do they go
Breathe without you?
What do they do.. *fades*

Boogie Down Productions Lyrics

"Breath Control"

[krs-one] + [somebody beatboxing]
Let me tell you bout a crew I know [ba bum bum]
Called boogie down productions and they steal the show [ba bum bum]
With dj scott larock and krs-one
[ba-bum, ba-ba-bum, ba-bum-ba-bum-bababababababababa]
With d-nice you know the job is done
And I know [boom-ba-bum] oh yes I know [ba-boom-ba-bum]
I know because I'm krs-one, yo check this out

[beatbox continues in the background]

[krs-one]
Breath control.. here's an example
I appeal, to the +criminal minded+
You can't find it, boy you're still blinded
Why don't you open your eyes and stop dissin
Get a prescription to listen
Sit in the class and ask real fast about a fresh rap
You're gettin left back, set back, kept back
Get back, I don't accept that material
Your rhymes are artificially flavored like cereal
I like clarity, so when you come here
Speak clear and concise and then I might give
A little slack to.. nah, wait - I take that back
If you're wack, I'll slap, fuck that!
Boogie down productions back, simply cause we never left
The radical sounds of krs
What a mess, to roll up and then 'fess
Wild guess huh, you thought you were the best?
But - yup yup - as it always turns out
You get burned out, your rhymes just run out
I immediately come out, boomin dope and
Don't provoke, you're walkin a very thin rope
Not even rope, the word I'm lookin for is string
When I sing, I sing to try and bring
Enlightenment, yet the suckers be bitin it
Radio's fightin it, the fans be likin it
Your face I'm wipin it, cause your mouth is dirty
You're unworthy to think that you can serve me
You heard me? these styles are universal
You need rehearsal, wait, first i'll
Beef up the system, rhyth, rhymin, timin, climbin
Then realizing

As producer of this dope record huh
I think it's time we break for a second

Breath control..

[krs-one]
That's it, that's it, that's it
Break is over, back to the track
Resume attack, on the crews that are wack
We don't lack, I mean, we don't like
The played out styles when we're rockin the mic
The radical rebel at level fifteen
The amp only goes to ten, you know what I mean?
As it seems, it seems that you're doomed
Yes I'll boom and consume the whole room
Not a part, not a fraction or a sum
But all, capital krs-one
B-d-b-d-b-d-b-d-p
Takin mc's out constantly!
Because you're no big deal, you're no big wheel
You steal, come before me and kneel but
I'm not a king, I'm not a queen, I'm not a ace
I'm not a jack, I'm not a mc or a playboy
And I just ain't wack
I feel that you should get an understanding
You might be jamming, but krs-one is slamming
Hypothetically, or in reality
Takin you out, is a small technicality
Rhymes like these, or rhymes like this one
Comes in handy, while I diss some
Soft silly low budget sucker like yourself
I got the style you need, in my house on the shelf
Labelled, sucker boy style
I like to do it every once in a while..

Boogie Down Productions Lyrics

"Who Protects Us From You?"

Verse

(Fy-ah! Come down fas'...)

You were put here to protect us
But who protects us from you?
Every time you say "That's illegal"
Doesn't mean that that's true (Uh-huh)
Your authority's never questioned
No-one questions you
If I hit you I'll be killed
But you hit me? I can sue (Order! Order!)
Lookin' through my history book
I've watched you as you grew
Killin' blacks and callin' it the law
(Bo! Bo! Bo!) And worshipping Jesus too
There was a time when a black man
Couldn't be down wit' your crew (Can I have a job please?)
Now you want all the help you can get
Scared? Well ain't that true (You goddamn right)
You were put here to protect us
But who protects us from you?
Or should I say, who are you protecting?
The rich? the poor? Who?
It seems that when you walk the ghetto
You walk wit' your own point of view (Look at that gold chain)
You judge a man by the car he drives
Or if his hat match his shoe (Yo, you lookin' kinda fresh)
Well, back in the days of Sherlock Holmes
A man was judged by a clue
Now he's judged by if he's Spanish,
Black, Italian or Jew
So do not kick my door down and tie me up
While my wife cooks the stew (You're under arrest!)
Cos you were put here to protect us
But who protects us from you?

(A public service announcement brought to you by the scientists of
Boogie Down Productions. Fy-ah! Come again...)

Boogie Down Productions Lyrics

"You Must Learn"

Just like I told you, you must learn

It's calm yet wild the style that I speak
Just filled with facts and you will never get weak in the heart
In fact you'll start to illuminate, knowledge to others in a song
Let me demonstrate the force of knowledge,
Knowledge reigned supreme
The ignorant is ripped to smithereens
What do you mean when you say I'm rebellious
'Cause I don't accept everything that you're telling us
What are you selling us the creator dwellin' us
I sit in your unknown class while you're failing' us
I failed your class 'cause I ain't with your reasoning
You're tryin' make me you by seasoning
Up my mind with see Jane run, see John walk in a hardcore New York
It doesn't exist no way, no how
It seems to me that in a school that's ebony
African history should be pumped up steadily, but it's not
And this has got to stop, See Spot run, run get Spot
Insulting to a Black mentality, a Black way of life
Or a jet Black family, so I include with one concern, that
You must learn

Chorus: Just like I told you, you must learn (twice)

I believe that if you're teaching history
Filled with straight up facts no mystery
Teach the student what needs to be taught
'Cause Black and White kids both take shorts
When one doesn't know about the other ones' culture
Ignorance swoops down like a vulture
'Cause you don't know that you ain't just a janitor
No one told you about Benjamin Banneker
A brilliant Black man that invented the almanac
Can't you see where KRS is coming at
With Eli Whitney, Haile Selassie
Granville Woods made the walkie-talkie
Lewis Latimer improved on Edison
Charles Drew did a lot for medicine
Garrett Morgan made the traffic lights
Harriet Tubman freed the slaves at night
Madame CJ Walker made a straightenin comb
But you won't know this is you weren't shown

The point I'm gettin' at it it might be harsh
'Cause we're just walkin' around brainwashed
So what I'm sayin' is not to diss a man
We need the 89 school system
One that caters to a Black return because
You must learn

Chorus

Boogie Down Productions Lyrics

"Hip Hop Rules"

[krs-one]
Come again down man
This is krs-one on to wreck ruff ruff ruff stuff
So we're gonna do it like this now
Put up your hands if you love hip-hop music like I do, seen?
And we gonna do it like this now
Listen to the lyrics! bo!

Me say hip-hop rule, hip-hop rule
And these other industries out here cannot take it, come again!
Hip-hop rule, hip-hop rule
And these other industries out here cannot take it, we want!
Rap music, we want the rap music, bo!
Rap music, we want the rap music, come again!
Rap music, we want the rap music, bo!
Rap music, we want the rap music

Way back in the days, 1979
Fatback band made a record usin rhyme
In the same year come the sugarhill gang
With the pow pow boogie, and the big bang bang
R&b, disco, pop country jazz
All thought hip-hop, was just a little fad
But here comes grandmaster flash nonstop
And right after flash, run-d.m.c. dropped
Now, they had to pay attention to the scale
Where other music failed, hip-hop prevailed
See rap music has gone platinum from the start
So now in eighty-nine we gettin present as an art
Me ask, is it because, we've got the eighty-nine vision?
Whoa whoa whoa!
Or is it because, it's a unanimous decision
Hey hey hey hey

That hip-hop rule, hip-hop rule
And these other industries out here cannot take it, come again!
Hip-hop rule, hip-hop rule
And these other industries out here cannot take it, we want!
Rap music, we want the rap music, bo!
Rap music, we want the rap music, come again!
Rap music, we want the rap music, come down!
Rap music, we want the rap music

I pick up the mic and put down crazy lyrics
I put it 'pon the phonograph so everyone can hear it
You want to sound like me bwoy, you can't come near it
Cause when I flash a new style, the people dem a cheer it
You get so jealous til you just can't bear it
Jealous of ms. melodie, me and derek
See derek is d-nice, and I'm krs-one ah
We'll rock ya in the winter and we rocked ya last summer
You want to battle me you got to wake up in the morning
Cause if you're still sleepin, then i'ma start yawnin

Because ah hip-hop rule, hip-hop rule
And these other industries out here cannot take it, come again!
Hip-hop rule, hip-hop rule
And these other industries out here cannot take it, we want!
Rap music, we want the rap music, bo!
Rap music, we want the rap music, come again!
Rap music, we want the rap music, come down!
Rap music, we want the rap music

Just, put up your hands if you like rap music
Put up your hands if you like rap music
Ms. melodie boy she always on the mixer
And d-square, love rap music ah
Dj doc boy yes he's on the mix and
Krs-one'll flash a lyric, we say
Here comes yvette, on the lyric and
Big kap, rockin on the mix and
Bdp boy we'll flash a lyric a
Knock the suckers down every time dem hear it, because

Hip-hop rule, hip-hop rule
And these other industries out here cannot take it, come down!
Come again!
We want!
Bo!
Come again!
Bo!

* dub/instrumental of first verse reprised to fade *

Boogie Down Productions Lyrics

"Bo! Bo! Bo!"

Bo bo bo clack clack clack clack clack
Get your street knowledge every posse know that come again
Bo bo bo clack clack clack clack clack
The only way to deal with racism if you're black

Well, seven in the morning I woke up to jog
Rushed out the door to inhale the smog
As I ran, I began to wonder
Should I produce or should I tour this summer
Well just that second I heard stay where you are
Before I could stop I was hit by a cop car
I laid on the pavement like I was hurt
Then a redneck cop jumped out with a smirk
He said, ah boy you better watch where you run
As he poked my side with the barrel of his shotgun
I said officer man I ain't do nothin
He said what's that word you n----s use, ya frontin?
Well ya frontin, so why were you running down the street?
At this time I had stood to my feet and said wait a minute
And that's when he did it, he hit me in the face with his gun I wasn't
With it so
On the ground was a bottle of snapple, I broke the bottle in his fucking
Adam's apple
As he fell his partner called for backup well, I had the shotgun and
Began to act up with that

(chorus)

Well I threw down the gun and began to run
I got back in no time and loaded the nine
First I took two clips and then I took two more
I was out the window cause by now they were right at my door
I took three shots and then I laid
They rushed in shooting so I threw a quick grenade
It went boom like a supernova
Badges arms heads legs cops were all over
I jumped out the fire escape down to the street and I started to run you
Know I couldn't feel my feet, I was weak, I said to myself holy shit!
My shirt had filled with blood I didn't know I got hit but there's no
Time to stop no time to explain man I'm in too deep with this everyday
Ghetto pain
Black men are judged by their clothes
Black women are looked at as hoes

So I as one of these uppity n----s
Can only rely on the sound of a trigga going

(chorus)

Well I staggered down the street to an old bookstore
Called the tree of life (yo d it ain't there no more)
But when it was boy I was lucky
Cause in the basement is where they stuck me
When I awoke at the 14th hour
Three black women had gave me a quick shower
I stayed a while and escaped in a truck
Driven by two guys, rakim and chuck
What the fuck I asked as I laid there how many guys do you drive a day
There? chuck said many, rakim said plenty it's an everyday thing when
You're willing to sing a song...

(chorus)

Peace and love to dj scott larock he's in there still!

Boogie Down Productions Lyrics

"Gimme Dat"

[krs-one]
Right, right! (woy)
Bring it (woy)
Bdp (woy)
Bdp (woy)
Bdp (woy)
Now smooth it out (woy, woy)
(woy)
(woy)
(woy)
Alright, here we go (woy, woy)

Hi, hello, whassup, and what's happenin?
I am known as the teacher in rappin
Some need slappin, cause what they're sayin
Is wack and weak and - wait, let me speak (woy)
Don't be the sucker comin into my face with that (woy)
Yang-yang, or you'll be down with the chain gang (woy)
Draggin your feet, to a beat produced by bdp (woy)
One of the many, from the library (woy)
I teach hip-hop for a living
So here's a smidgen, of what I'm givin
Krs-one two three four, encore
I'm not a freshman, sophomore, and further more (woy)
I graduated from the school of no shorts
To the world of rappin I brought
"that's it, that's all, single, no more, no less"
That style was created by dj krs (woy)
Offbeat got you out your seat (woy)
When I created the style, they studied every single week (woy)
Now you come in my face like you're rulin? (woy)
But I'm teacher boy, who you foolin!
See there's no defense against common sense
Confidence, intelligence or excellence
Intense, but here's the difference
Krs-one does not mean ignorance
Try obediance, magnificence
As a reference, stop the violence
Criminal minded, poetry, and jimmy hats
Is that your title? gimme dat! (woy)

(woy)
(woy)

(woy)
Now let's take it back a little bit (woy, woy)

(woy)
(woy)
You can't test bdp boy (woy)
So bust this down (woy, woy)

While I got your attention I feel like just
Lettin off two or three lyric then steppin
Jettin, gettin the respect of a teacher
My name is kris, 23, glad to meet ya
Bdp +is+ the number one set
I don't drop science, I teach it, correct!
Some get caught in my style like a net
They can't get out, so I treat em like a pet
Sit boy, down boy, don't bite me yet
I bet you're kind of hungry, here's a calcan, step
Cause I've got no time to hold your hand
I just slam, so you can understand who I am (woy)
The teacher, professor, scholar makin dollars (woy)
The trainer, entertainer, makin ya holla (woy)
The numero uno, number one, the best perfectionist (woy)
Crazy, fresh krs (woy, woy)
So gimme dat!

(woy)
(woy)
(woy)
Now take it on back (woy, woy)

Original.. original.. original.. hit it!

(woy)
(woy)
(woy)
Original.. ah one two three, we out! (woy, woy)

Boogie Down Productions Lyrics

"Ghetto Music"

"if you like the sound of what you've heard so far.."

[krs-one]
Ghetto music
Ghetto music
Ghetto music
Ghetto music..

.. you're tuned into that easy listening sound
With a cap and gown, not a crown
No glitter, no makeup
Just smashin lyrics, that make up
The b, d, and the p
You pay for the hits, the advice is free
In this industry, we gotta grow
Commercial some go, but, y'know
Just as important as they are
So is the underground superstar (like me)
You gotta ask yourself one question
Do I speak facts, or do I start guessin?
Learn the lesson, before you plan your career
Commercial or underground, where
Do you fit, cause both sides write hits
And all is rap, I'll admit
But what I've come to explain
Is that these people love to play a game
They wanna make it seem like you're wrong
For writin the reality song

(don't touch those issues, don't talk about dat
We don't take knowledge rap)

What? they want you on their bases
Cause if you bring out the brown, you're racist
But if you bring out the pink, well wait, it's ok
Yeah, they won't stop it
I guess it's alright to act demonic
I guess it's alright to act demonic
But that's another chapter, in another book
I've come to show a different look
And that look is the whole of rap
Not just the commercial pap
But the underground, that raw ghetto sound

From which rap music was found
So you can't deny it, you cannot refuse it
I'll be rockin that ghetto music

..

People keep tellin me, "kris!you need more radio
Yeah man, that's the way to go!
You gotta be like so-and-so to go platinum,"
Then I attack em!
I rhyme for the ghetto, I teach the ghetto
I cannot let go, change up? heck no
In the ghetto, I stay mellow
We're in effect yo, ready, set, go
Fresh, for nineteen eighty-nine you suckers
Peace to p.e., and the jungle brothers
Others, have come, to master the art
They start, with heart, then fall apart
Like a dart I shoot for one target (bo bo)
Ghetto music, yeah they'll never chart it
Cause now in eighty-nine, the purpose of a rhyme
Is to strengthen and uplift the mind
Although I'll achieve and achieve and achieve
It's simple, I'll never leave
Cause every time you front for respect you lose it
I'll rock ghetto music

Ghetto music
Ghetto music
Ghetto music
Ghetto music..

Boogie Down Productions Lyrics

"World Peace"

[krs-one]
World peace.. or world talk? !

Yeah..
One, two, three, four!

If we really want world peace
And we want it right now
We must make up our minds to take.. it..
Right now!
If we really want world peace
And we want it right now
Right now!
We must make up our minds to take.. it..

[krs-one]
Take it.. right now..
Don't hesitate! (world peace)
You want world peace? (world peace) (peace.. take it)
Or world talk?

(world peace..)
(world peace..)
(world peace..)

Yo, a lot of people are under the assumption
That peace, is soft or somethin
We must begin to reprogram our thought
From, how we were taught
Back in school, and our tv screens
Strength, is always mean
Love, is always soft
And peace is too peaceful
When all are equal
Sit back, and read the papers
About the murderers, thieves, and rapists
We depend on police for justice
But when do we say, enough is enough
Right now, and call their bluff
It's not a matter of frontin like you're tough
It's a matter of takin yours
And livin universal laws
Cause those laws, cannot be bribed

Nor changed, or paid on the side
You must come correct and walk straight
More love, less and less hate
When you walk, walk with authority
Tell the negative people, don't bother me
Move your face away, I ain't with it
In a minute, I'm gonna hit it!

If we really want world peace
And we want it right now
We must make up our minds to take.. it..
Right now!
If we really want world peace
World peace..
And we want it right now
.. or world talk
We must make up our minds to take.. it..

Break it down!
Take it, yeah!
World peace..
Yeah.. come in..

Crash, smash, don't ask
When the negative disrupts the class
How much longer? get stronger
The battle is getting longer
World, peace, or world talk
Do we run? or do we walk? (charge)
If you want world peace, take it
Cause a lot of our leaders fake it (fraud)
It's similar to armageddeon
When the positive people stop lettin
The negative, control, how we live
Listen to the music I give!

If we really want world peace
And we want it right now
We must make up our minds to take.. it..
Take it!
If we really want world peace
And we want it right now
World peace.. (right now!) ..or world talk?
We must make up our minds to take.. it..

Take it!
If we really want world peace
And we want it right now
World peace!

We must make up our minds to take.. it..
Right now!
If we really want world peace
And we want it right now
Come in now..
We must make up our minds to take.. it..
World peace.. or world talk? !

If we really want world peace
Yes I do
And we want it right now
When can I get it?
We must make up our minds to take.. it..
Come in!
If we really want world peace
That's it
And we want it right now
Right now
We must make up our minds to take.. it..

I want it now!
If we really want world peace
I want it right now!
And we want it right now
We need it right now!
We must make up our minds to take.. it..
No talk.. world peace!
If we really want world peace
Peace! *echoes*

Boogie Down Productions Lyrics

"Necessary"

When some get together and think of rap, they tend to think of violence
But when they are challenged on some rock group, the result is always silence
Even before the rock and roll era, violence played a big part in music
It's all according to your meaning of violence and how or in which way you use
It
No, it's not violent to show in movies the destruction of the human body
But yes, of course it's violent to protect yourself at a party
And, oh no, it's not violent when under the christmas tree is a look-alike gun
But, yes, of course it's violent to have an album like KRS-One
By all means necessary, it's time to end the hypocrisy
What I call violence, I can't do , but your kind of violence is stopping me
By all means necessary, the rap audience must grow up
The same type of fightin' we do, they do except we've got nothing to blow up
It doesn`t matter if you win or lose, it's only how good you play the game
This is the oldest sneak attack, because it takes away our senses to gain
If all I do is play the game then I am just mediocre
We strive to be the best we can be, not to just get over
Some people say that life on a whole is serious and nothing is funny
That's only if you base your life around competition and money
Yeah, I'm making some money, he's making some money, but none of these things
Are necessities
What I find to be a necessity is controlling a positive destiny
With this, money, fame, glory and credit will come in time
The people down with me know this every minute they hear me sayin rhymes
I got some friends, I got some allies like Stet, and Big Daddy Kane
They know that by all means necessary that peace is the name of this game
Whether peace by war, or peace by peace, the reality of peace is scary
But we must get there, one way or another, By all means necessary.
Necessary from the Lp 'By All Means Necessary' by BDP, lyrics by KRS-1

Boogie Down Productions Lyrics

"Exhibit A"

clapping, barking, and somebody yells "yo whassup? ? !"

[lawrence krisna parker]
One two
Rap music, what does it mean
What is everybody in this industry for
What is everybody, buying rap for
Why do people get involved, in rap music
Rap music number one, is the voice of black people, number one
Number two, it's the last voice, of black people
Black people have created every music you hear out here in the streets today
Every single music, rock and roll down
Therefore; in a situation that has, all african music in it
All african music, uhh, exploiting itself of it, or coming out of it
All african influence in all it's music
And you have what is called american music awards
You have what is called theft
And what I would like to bring out today is rap music
As, a revolutionary tool in changing the structure of racist america

Boogie Down Productions Lyrics

"Blackman In Effect"

Blackman in Effect KRS-ONE and D-Nice
Wake up!
Take the pillow from your head and put a book in it.
It's time for the massive BDP crew at the top of the pile.
Yo. In the morning I'm yawning, at noon is when I wake up
Make up my bed break up the bread and said
Scratching my head, why am I so damn intimidating?
Is it because of laws designed to keep us waiting and waiting
Thus hating all forms of a setback
Get back, if you can't understand a rap act.
This is the language of the people ready to hear the crew
I've got no juice, 'cause I'm not getting juiced
To have juice means you kiss and lick a lot of booty
To have respect means you simply new or newly
Heard what I had to say and felt as though you'd say that too
I'm not down with a juice-crew
But anyway I say today the message I create is great
I don't preach hate, I simply get the record straight
It's not the fault of the black race that we are misplaced
We're robbin' and killin', your own medicine you taste
You built up a race on the concept of violence
Now in '90 you want silence
Well, I want science, not silence but science
Scientific fact about black
The board of education acts as if it's only reality
Is talking 'bout a Tom, Dick and Harry
So now you learn your black history is questions and answers
Every question but the Black Panthers
Timbuctoo existed when the caveman existed
Why then isn't this listed
Is this because the blackman is the original man
Or does it mean humanity is African
I don't know, but these sciences are hidden
For some strange reason it's forbidden
To talk about, or converse on a political outburst
I don't believe that I'm the first
Or should I say the first one, or the first one that's done
Music like I'm still number one
Music like that or this is the incredible uplift
Those that oppose get dissed
But who will oppose the teacher when society's a wreck
So check the blackman's in effect
Near the Tigris and Euphrates Valleys in Asia

Lies the Garden of Eden
Where Adam became a father to humanity
Now don't get mad at me
But according to facts, this seems just fantasy
Because man, the most ancient man
Was found thousands of years before Adam began
And where he was found, again they can't laugh at ya
It's right, dead, smack in Africa
But due to religious and political power
We must be denied the facts every hour
We run to school, tryin' to get straight A's
Let's take a trip way back in the days
To the first civilization on Earth, the Egyptians
Giving birth to science, mathematics and music
Religion, the list goes on, you choose it
Egypt was the land of spiritual blessing
Egypt was the land of facts, not guessing
People from all over the world had come
To learn from Egypt, Egypt number one
So people that believe in Greek philosophy
Know your facts, Egypt was the monopoly
Greeks had learned from Egyptian masters
You might say "Prove it", well here's the answers
640 to 322 b.C. originates Greek philosophy
But in that era Greece was at war
With themselves and Persia, what's more
Any philosopher at that time was a criminal
He'd be killed very simple
This indicates that Greece had no respect
For science or intellect
So how the hell you created philosophy
When you kill philosophers constantly
The point is that we descend from kings
Science, art and beautiful things
African history is the worlds history
This is the missing link and mystery
Once we realise they all are African
White will sit down with black and laugh again
So judge not least ye might be judged
By the judgement ye judge, ye shall be judged
Matthew seven, first verse doesn't budge
No man should walk the Earth and sludge
If you don't believe, you can go and check
To see how and where the blackman's in effect

Boogie Down Productions Lyrics

"Ya Know The Rules"

[d-nice]
Aiyyo, aiyyo kris they know the rules
Hahahahaha, yeah ya don't stop (say what?)
A-ya don't stop (bdp in the house) a-ya don't stop
(check it out, check it out...yo, d!)
Yo bust it, yo yo kris hold on
Let me give a shout out to some people, aight bust it
A scott larock, and ya don't stop
A sammy b, and ya don't stop
A mister cee, and ya don't stop
A cool v, and ya don't stop
Evil e, and ya don't stop
A easylee, and ya don't stop
A dj scratch, and ya don't stop
A spinderella, and ya don't stop
Jam master jay, and ya don't stop
A pa mase, and ya don't stop
So yo kris, my mellow my man yo
Get on the mic and do the best you can

Verse one: krs

Well, the teacher comes to you, in effect
From a different style, a whole different sect
I inject, force and intellect
When I hit the mic, suckers hit the deck
I come correct and practice what I preach
I don't pimp you or rule you I teach
Come through the doors and slap up whores
Ordering them to put back on their drawers
Cause, I run their pimp
When I leave he leaves with a limp

Boogie Down Productions Lyrics

"Exhibit B"

[unknown speaker]
History can never be made by one man, we must smash this one quickly
History is made only by the masses of the people, this is clear
Even a, cursory glance at the falasfallacious presentation
Of history by the american capitalist system, will demonstrate just this
Take george washington, as bad as he is
Put him in the middle of valley forge, by himself, surrounded
By the british, he can do nothing
laughing and applause
Mhmhmmmhmm
Take martin luther king as righteous as he is
Put him in the middle of birmingham by himself, speaking out against racism
He would be lynched
But you take this same king, you take this same washington
Put them in valley forge, put them in alabama
Surround them with thousands of people who have the same ideas they do
Willing to make those ideas reality and the situation changes drastically

Boogie Down Productions Lyrics

"Beef"

Beef, what a relief
When will this poisonous product cease?
This is another public service announcement
You can believe it, or you can doubt it
Let us begin now with the cow
The way it gets to your plate and how
The cow doesn't grow fast enough for man
So through his greed he makes a faster plan
He has drugs to make the cow grow quicker
Through the stress the cow gets sicker
Twenty-one different drugs are pumped
Into the cow in one big lump
So just before it dies, it cries
In the slaughterhouse full of germs and flies
Off with the head, they pack it, drain it, and cart it
And there it is, in your local supermarket
Red and bloody, a corpse, neatly packed
And you wonder about heart attacks?
Come on now man let's be for real
You are what you eat is the way I feel
But, the food and drug administration
Will tell you meat is the perfect combination
See cows live under fear and stress
Trying to think what's gonna happen next
Fear and stress can become a part of you
In your cells and blood, this is true
So when the cow is killed, believe it
You preserve those cells, you freeze it
Thaw it out with the blood and season it
Then you sit down and begin eatin it
In your body, it's structure becomes your structure
All the fear and stress of another
Any drug is addictive by any name
Even drugs in meat, they are the same
The fda has america strung out
On drugs in beef no doubt
So if you think that what I say is a bunch of crock
Tell yourself you're gonna try and stop
Eatin meat and you'll see you can't compete
It's the number one drug on the street
Not crack, cause that was made for just black
But brown beef, for all american teeth
Life brings life and death brings death

Keep on eatin the dead and what's left
Absolute disease and negative
Read the book 'how to eat to live'
By elijah muhammad, it's a brown paperback
For anybody, either white or black
See how many cows must be pumped up fatter
How many rats gotta fall in the batter
How many chickens that eat shit you eat
How much high blood pressure you get from pig feet
See you'll consume, the fda could care less
They'll sell you donkey meat and say it's
Fresh!for nineteen-ninety, you suckers

Boogie Down Productions Lyrics

"House Nigga"

Let me see, let me see
How should I start
If I say stop the violence, I won't chart
Maybe I should write some songs like mozart
'cause many people don't believe rap is an art
Wake up, shake up, hypocrite look alive
Blastmaster krs-one will revive
Four or five million still deprived
When out to survive, wake up and realize
Some people say I am a rap missionary
Some people say I am a walking dictionary
Some people say I am truly legendary
But what I am is simply a black revolutionary
I write rhymes on plain stationary
Mary, mary, quite contrary
Doesn't make sense in my vocabulary
Uncle tom house niggaz, too scary
So they can't be around, I don't do this
For every jesus, there must be a judas
It's the concept of the house nigga, field nigga
The house nigga will sell you up the river
So to massa, he'll look bigger
And when ya bet under a rock, he'll slither
But I'll grab the tail of the house nigga
Pull the trigger and his head I'll deliver
To the court of righteous people
Black, white, or indian, we're all equal
So all ya racist codes I'll decode, explode
And eat you like apple pie a la mode
On a hot day, don't bring me no hamhocks
Cause round the clock, I'll kick their buttocks
All afternoon in the classroom, in the living room
In the bathroom, in the swimming pool
On a footstool, then I'll stop -- nope, april fools!
Whip out the baseball bat and somehow
March your racist butt to moscow

Ya know what I'm saying?
Are there any, are there any intelligent people in the house?

What can I say, o ye of little faith
To think that krs-one has surely been erased
What a waste, my finger points at the face of the human race

They're confused and misplaced
My words are subliminal, sometimes metaphysical
I teach, not preach, you want a challenge? I'll start dissin you
I go philosophical by topical
Hearin the call, ignorant, hot tropical
Ya want a palm tree and nice dope shade?
Only if the universal law is obeyed
Which is "know thyself" for better mental health
Yet so many rappers are preoccupied with wealth
On my shelf I got titles
Other artists want belts and idols
World cups from seminars and conventions
Competition and not to mention
The award shows for pimps and hoes
And every other hypocrite that flaunt their clothes
Krs knows, so he just grows
Always sayin somethin different from the average joe's
So I confront them with the biggest chain
But it doesn't rate albums, I believe it is the brain
So I'll remain free while you reign, I'm lovin it
You be the king and I'll overthrow your government
Send your crew to berlin or dublin
I'll out-think em, chump em, and shrink em
Down to ya size, despite the cries
In the face of intelligence, ignorance dies
Dear, it's simple edutainment
Rap needed a teacher, so I became it
Rough and ready, the beats are very steady
With lyrics sharp as a machete
Clap, there's another house niggaz neck
Another soft unlce tom crew is in check
Ego wrecked and rhymes corrected
By krs-one, produced and directed

Boogie Down Productions Lyrics

"Exhibit C"

[krs]
Ya know, so we wanna clear the air
And let you all know what time of day it really is
Bdp are black revolutionaries
First for humanity, then for the upliftment of africa
And it goes a little somethin, like this

Boogie Down Productions Lyrics

"Love's Gonna Get'cha"

Ya know that's why man I be telling you all the time man, you know love,
That word love is a very serious thing, and if you don't watch out I tell ya
That (love's gonna get you) because a lot of people out here say "i love my
Car" or "i love my chain" or or "i'm I'm just in love with that girl over
There" so far all the people out there that fall in love with material items
We gonna bump the beat a lil' something like this

Im in junior high with a b plus grade,
At the end of the day I don't hit the arcade,
I walk from school to my moms apartment,
I got to tell the sucaks everyday "don't start it",
Cause where I'm at if your soft your lost,
To say on course means to roll with force,
A boy named rob is chillin in a benz,
In front of my building with the rest of his friends,
I give him a pound, oh I mean I shake his hand,
He's the neighborhood drug dealer, my man,
I go upstair and hug my mother,
Kiss my sister, and punch my brother,
I sit down on my bed to watch some tv,
(machine gun fire) do my ears decieve me,
Nope, that's the fourth time this week,
Another fast brother shot dead in the street,
The very next day while I'm off to class,
My moms goes to work cold busting her ass,
My sisters cute but she got no gear,
I got three pairs of pants and with my brother I share,
See there in school see I'm made a fool,
With one and a half pair of pant you ain't cool,
But there's no dollars for nothing else,
I got beans, rice, and bread on my shelf,
Every day I see my mother struggling,
Now it's time I've got to do something,
I look for work I get dissed like a jerk,
I do odd jobs and come home like a slob,
So here comes rob he's cold and shivery,
He gives me two hundred for a quick delivery,
I do it once, I do it twice,
Now there's steak with the beans and rice,
My mother's nervous but she knows the deal,
My sister's gear now has sex appeal,
My brothers my partner and we're getting paper,
Three months later we run our own caper,

My family's happy everything is new,
Now tell me what the fuck am I supposed to do,

Chorus

That's why, (loves gonna get you)
(loves gonna get you)(loves gonna get you)(loves gonna get you)
You fall in love with your chain,
You fall in love with your car,
Loves gonna sneak right up and snuff you from behind,
So I want you to check the story out as we go down the line,
(loves gonna get you)(loves gonna get you)(loves gonna get you)

Money's flowing, everything is fine,
Got myself an uzi and my brother a nine,
Buisness is boomin' everything is cool,
I pull about a g a week fuck school,
A year goes by and I begin to grow,
Not in height but juice and cash flow,
I pick up my feet and begin to watch tv,
Cause now I got other people working for me,
I got a 55 inch television you know,
And every once in awhile I hear just say no,
Or the other commercial I love,
Is when they say, this is your brain on drugs,
I pick up my remote control and just turn,
Cause with that bullshit I'm not concerned,
See me and my brother jump in the bm,
Driving around our territory again,
I stop at the light like a superstar,
And automatic weapons cold sprayed my car,
I hit the accelerater scared as fuck,
And drove one block to find my brother was hit,
He wasn't dead but the blood was pouring,
And all I could think about was war and,
Later I found that it was rob and his crew,
Now tell me what the fuck am I supposed to do,

Ya know that's why, (loves gonna get you)
(loves gonna get you)(loves gonna get you)(love loves gonna get you)
(loves gonna get you)(loves gonna get you)(loves gonna get you)
(love loves gonna get you)(loves gonna get you)
That word love is very very serious(loves gonna get you)
Very addictive

My brothers out of it, but I'm still in it,
On top of that I'm in it to win it,
I can't believe that rob would diss me,
That faggot, that punk, he's soft a sissy,

I'm driving around now with three of my guys,
The war is on and I'm on the rise,
We rolled right up to his favorite hang out,
Said hello and then the bullets rang out,
Some fired back so we took cover,
And all I could think about was my brother,
Rob jumped up and began to run,
Busting shots hoping to hit someone,
So I just stopped, and let off three shots,
Two hit him and one hit a cop,
I threw the gun down and began to shout,
Come on I got him it's time to break out,
But as we ran there were the boys in blue,
Pointing their guns at my four man crew,
They shot down one, they shot down two,
Now tell me what the fuck am I supposed to do,

(loves gonna get you)(loves gonna get you)(loves gonna get you)
(love loves gonna get you)
(loves gonna get you)(loves gonna get you)(loves gonna get you)
(love loves gonna get you)
(loves gonna get you)(loves gonna get you)(loves gonna get you),
(loves gonna get you)
(loves gonna get you)(loves gonna get you)(loves gonna get you)
(love loves gonna get you)
Ya know a lot of people believe that that word love is real soft, but when
You use it in your vocabulary like your addicted to it it sneaks right up
And takes you right out. out. out. out. out.
So, for future reference remember it's alright to like or want a material
Item, but when you fall in love with it and you start scheming and carrying
On for it, just remember, it's gonna get'cha

Boogie Down Productions Lyrics

"100 Guns"

("one... two... three... four...")

[krs-one singing: to the tune of 'ebony and ivory']
Krs and melodie... live together with d-nice, and harmony
Side by side with rebecca, d-square, sidney
B...d...p...!
("one... two... three... four...") yes!

Chorus: krs-one

I got a hundred gun two hundred clips
Goin to new york, new york
I got a hundred gun two hundred clips
Goin to new york, new york

Verse one: krs-one

Well, I'm drivin my car, cross country
With a hundred guns and about six g
Me drivin through a town, me see two cops
They lookin at me funny like they really want stop
Me just turn my head, and gwan on me way
Put hip-hop ina de tape and press play
Me get one block and me hear "pull ov-ah"
The guns are in the trunk, with a thin cov-ah
They ax me for id, driver's license prefer
Me ax them "was I breakin any law, officer? "
They said "oh yes, you passed county line
Niggers in these here parts now is a crime"
I said "is that so? ", and cocked back me nine
Bust two shots, ina the bwoy head top
His knees just-a-buckle, and his body-a-drop
Me put the car in drive, and me did not stop
When I get to new york, I'm gonna set up shop
Bwoy!

Chorus

("one... two... three... four...")

Verse two: krs-one

Me in a hotel, off ninety-five north

Everything's fine, and yes me on course
Me walk to a bathroom, take a lickle leak
But right out the window, I can hear the cops speak
"we have the place surrounded we're about to move in"
That's when I pick up my nine and just begin
Pump pump pump! first copper hit the ground
Pump pump pump! second copper go down
Me jump out the window, tryin not to make a sound
Me run to the car, gunfire all around
I start up the engine, bust the barricade
All because illegally I want to get paid
Pump pump pump! there goes my tire
Me spun out of control, the car caught on fire
Me jump out the car, put me hands in the air
Cops just surrounding me with pistols everywhere
They put me in the backseat of their car handcuffed
Pushed out them chests like they're big rough and tough
A cop come and said "you'll never sell your guns now"
I said "it doesn't matter, you'll sell them anyhow
You take the guns from me, you sell them for a fee
Anyway you put it, they'll get in the city"
Hahaha... so still

Chorus 2x

Fiyah!!

Boogie Down Productions Lyrics

"Ya Strugglin'"

[kwame toure']
Africans in america try to identify
Totally with their master in every respect
They are the only ones who can not do it
But they are the ones who will go to all extremes to do it
* laughing * (check it out) * then laughing some more *
They can not be disguised
But they will attempty to disguise themselves

[krs-one]
I'm on a search, not for a car or a miniskirt
But the words I wish to exert
Will hurt, damage or upset the ego
You wanna be macho, yeah, but we know the deal
Jheri curls just ain't gettin it
Krs-one is only down for pickin it
Pick the afro, need no soul glo
Or carefree curls, that's just a no-no
Where oh where, are all the real men
The feminine look seems to be the trend
You got eyeliner on, chillin and maxin
See you're a man with a spine extraction
So what I'm askin is plain to see
Are there any straight singers in r&b?
All I see, is the light-skinned buffy
Tryin hard, to be mr. tuffy
Yet in fact, you're mr. softie
With the beige contacts on, yo you lost me
I ain't with it, never will, never have
How can your son even call you dad?
Your skin is bleached and your nails you just buffin
Take a look at yourself man, ya strugglin'

[kwame toure']
Africa is so strong, that once she puts a stamp on you
Four hundred years of cold weather, death,
And all that fryin your hair shall not disguise you
As a matter of fact, she is so strong
That no matter what chemicals you put in your hair
She will come back and snatch it up
* audience laughter *

[krs-one]

Tell me
Are you proud man, of who you are?
Or does your pride come out of a jar
Cause if you bought it, put it on, or sprayed it on
I tell you right now, it won't stay long
Cause if it ain't natural, it ain't kosher
It's like buyin and wearin a culture
If that culture ain't yours naturally
It's his, not yours, actually
You better wake up and smell the coffee
Look in the mirror and think mr. softie
People change, when they are ashamed
Of how they look or from which they came
Are you ashamed, of original black?
If you're not, why does your hair look like that?
Why is your nose straighter, from surgery?
I think you're really in a state of emergency
You're not sane to the african aim
So you're insane, and you need to obtain
Any, average rap album sculpture
And study it, just, to learn your culture
Even though, you don't think it's music
It's the blackest you'll ever get so use it
The blue-eyed black man to me is buggin
Take a look at yourself man, ya strugglin'

[kwame toure']
* audience laughter *
Yess.. capitalism will confuse these people, have them totally confused
They will try every way to identify with their masters, every way
Go to extreme lengths * laughter *, I'm telling you, seriously!
Capitalism will confuse them y'know tell them the truth's a lie
I saw a sister the other day and I spoke to her about her hair
She said, "i don't care what you say, I'm still gonna get my perm!"
I told her, "it's not a perm, it's a temporary"
* audience laughter *
Try in every possible way to identify..

You want lyrics? we come correct
Bdp, only movin with respect
The other mc's, they can't believe me

We don't lip-sync, we go all live
On stage, I bring about four or five
That's d-nice, sydney, and melodie
And myself, harmony, and willie d
We come humble, we just grumble
While other mc's crew just crumble
They want dancers, they want lighting
They want effects, to make them look exciting
But it's frightening, cause without that
The whole crew, is whick whick whick whack
Bdp comes, with the cheapest
And perform miracles like jesus
The total respect, we achieve it
And the big head-liner can't believe it

It's called breath control, breath control, breath control stylee
Breath control a-lone, breath control a-lone
Breath control, breath control, breath control stylee

Breath control a-lone.. get ready for the break..

Get the album, hear the music
And hold on so you just don't lose it
As a reference, for any mc
That wanna test, k-r-s, o-n-e
Cause I've been watchin, these other rap groups
They walk around like they're some kinda big soup
You can't touch them, you only see them
In a arena or big coliseum
So when you watch them, for a second
Them sound nuttin like they do on record
Them sound cheesy, them sound wheezy
For twenty dollars boy you know them never please me
So I see this, and prevent this
It's like goin for a checkup at the dentist
Cause when you come to a bdp performance
The microphone, had better have endurance
Cause we'll check it, and then wreck it
And then the soundman has got to accept it

Because it's breath control, breath control, breath control stylee
Breath control a-lone, breath control a-lone
Breath control, breath control, breath control stylee
Breath control a-lone.. take it out..

Boogie Down Productions Lyrics

"Exhibit D"

[krs-one]
All you white people out there that think you're down with america can
Forget it. cause they tax all of us. all of us, one by one. just
Take a look at leona helm-helmsley. taxed her, she's white I believe.
laughter yeah threw her butt right in jail. she ain't nothin but
Another hoe, according to this system.*laughter* you ain't pay your
Taxes hoe, get back in jail. *uproarious laughter*

Boogie Down Productions Lyrics

"Edutainment"

[krs-one]
Give it to em!

Nuff respect!and praise to the creator
Over the years it seems that I became a
Landmark, in the hip-hop field of art
I she'd light, yet my skin is dark
I'm not conerned with climbin the chart
Cause why should you pay when it comes from the heart?
I'll start, cause only jah will create it
I'll just name it, edutainment
People sit and they look at my album
Like a problem, they try to solve em
They don't know, it only leads the way
To a bright more positive day
By itself, it's not the bright day
Sit up straight, and hear what I say
Fear and ignorance, I'm down for stoppin this
But the bright day is your conciousness
I am poet, my words will heal you
I'm not a phony I'll really feel you
That's why I walk and talk to my nation
Wherever they are, in any situation
They usually ask for an autograph
And I'll whip out the pen and just write blast-
-master, k-r-s, o-n-e
Bdp, peace and unity
But do not concentrate on the paper
Concentrate on the laws of the creator
Cause when the paper's gone, it will deceive you
But allah will never leave you

Nothing I say now is hypothetical
These are the facts, a little metaphysical
We are one, every heart every lung
So why then was the black man hung?
He was hung by the so-called christians
That went to church, and did not listen
See jesus couldn't stand politics
So they nailed him to a crucifix
Then it was that way, today it's a trigger
So why is the pope such a political figure?
I don't know, but it's really beyond me

But through knowledge, they'll never con me
Cause from jesus christ to right now
Everytime a black man speaks up, ka-pow
See people concentrate on the leader
And not the message comin through the speaker
If the christians really heard christ
The black man never would've lived this life
My point is that do not concentrate
On what I state, create, or debate
I might be great, and you might admire
But what I say is to take you much higher
More higher than the physical plane
To the plane of forces in the astral plane
The mental plane, and the final three
They're all around you, yet you can't see
So grab the sphere of life and aim it
And you'll be guided by edutainment

Boogie Down Productions Lyrics

"Homeless"

Yeah...
You could call a man a bum with disgust on your morning run
Cause he lives outside in the street, you don't know this
But you've failed to realise that the one you so despise
Reflects yourself cos every black man is homeless
You could take your alka-seltzer while you talk about shelter
You might even wanna talk about a little loan
Cause no matter how rich you become you'll always be two, not one
Cause believe it or not, america ain't your home
We've been taught to say our name, afro-american, all the same
Not fully american but gettin' there very slowly
Cause to fully be american, you know, you gotta take out the word 'afro'
Now they've relaxed I hear they might as well call us toby
See, afro and black are african, while theft is american
So how can afro-american make much sense?
Your ancestors come from africa
By stealing them now you're born in america
So the black man is homeless even though he pays rent
Some black people say "we built this place
So we are american, but of the black race"
Well let me make this little topic known
The japanese also built this place
In technology and they're winnin' the race
But at the end of the day the japanese can go home
Do you see the point that I'm getting at?
I'm not a racist, I'm statin' a fact
Blacks are actually prisoners of war
Cause while south africa continues to fight
We try our best to look more and more white
Proof that the blacks have been stripped of their core
Well, I guess I didn't sing and dance enough
For black radio to play this stuff
But this ain't soft like ice-cream with a sugar cone
I'm only here to state one fact
Wake up african, your colour is black
And every black man is homeless cause he ain't got no home

Boogie Down Productions Lyrics

"Exhibit E"

[krs-one]
Lincoln said, in this piece here, he says... he frees the slaves; he
Said, "all slaves in armed rebellion." the slaves. now understand one
Point: the african is not a slave, that's one point that they didn't
Realize when they were writin this. the african is not a slave. the
African has a history far more advanced than this nineteen-ninety
History we're in right now. he's not a slave. lincoln's ultimately
Sayin now you were born a slave, you'll always be a slave, and all i
Will ever see you as is a slave, and I free you.

Boogie Down Productions Lyrics

"The Kenny Parker Show"

Indeed truly we are the mighty mighty bdp posse
This is our 4th album and we're still not takin no shorts
Yeah.. ha hah!
On the wheels of steel, is kenny parker
As we say he can't get no darker
All about action, not a fast talker
All the whick whack sucker dj's
Gotta try much harder
My man willie willie willie d
Taggin up bdp with a fat marker
And this, is what's on today's charter
Ha hah hah
All the ladies in the place throw your hands up in the air
Bdp rockin without no fear
So kenny parker if you know what time it is
Throw the funky fresh beat in like this

C'mon!

* crowd chants "go, go, go, go" for a while *

Ha hah
Well it's me, down with bdp
Krs-one rocks any party
Rocks the beats, and the breaks
Rock the socks off the frauds and the fakes
The suckers shake, while I'm creatin
They get together and they start debatin
How can we take him out one time?
So they push up the best with the freshest rhyme
I might go first, and he'll go second
I'll wreck him, deck him, say to him, "just checkin the mic"
Droppin fresh styles I like
So throw up your hands and drop your mic
Cause I'll go third, and he'll go fourth
By the fifth you're dissed cause you lost
Six is your beatdown, your title is seven
Takin out your four man crew makes eleven
By the twelveth well I'll go for self
Rockin new york like no one else
You can check any rapper from seventy-eight
A few have rocked their whole career straight
Some had dope twelve inches, count em

But not many crews had slammin albums
Bdp rocks consistently
From _criminal minded_ to 1990
Why? well that's my secret baby
Here's a hint: the public pays me
So you can call me a public servant
Not a king but a teacher, I'll believe I earned it
So I just walk, or ride my bike
If I walk to a jam well I'll rock the mic
Gimme a chance and I'll rock the house
But don't let a sucker try to take me out
Cause male or female, I will strangle
If it's a crew, they'll have to untangle
Adidas, nike's, arms, mics
Turntables suckers in the wheel of my bike
Step right up if that's what you like
But watch your head cause it'll fly like a kite
In the night at a height right for flight
Way out of sight, you bite, I recite
My style is bright, still you're sellin out to white
As your faggot dj would say, "well allllright"
I am your mentor
Victory is mine, it's time you surrender
Sucker! and just back up quickly
Your style is sickly, but you persist to get me
Or outwit me with the style that I created
Years ago when you was doin a dollar fifty show
Oh, all of a sudden you don't know
Or can't remember, can't recall, can't bring to mind
That rhyme that place do not chase
I run a marathon a race of rhymes in your face
In case you bass I'll erase your whole rap
Tell you right now I ain't tryin to hear that

I don't dress up to rap or keep a hairdo
I only grab the mic and bust holes in a crew
I deny your existence as artists
You're puttin out a record expectin to chart
But it's weak, but when you speak through the microphone
You fail to realize nope you're not alone
On the earth, the light comes forth as krs
Intelligence, force, and love manifest in the flesh
I snatch the mic and she'd light
Behave, you're still a 20th century slave
Headed for the grave in a wave
So save the microscopic miniature small talk and walk
And put a little pep in your step
Krs-one will destroy any ignorant reputation
In the nation, in creation

Princes, kings, queens, or any occupation
Like rappers with nuttin to say
I crush those idiots and throw em away
Cause no matter how fatter the wallet, I'd rather
Gather together and splatter whatever
Egotistic mystics, with macho poses
If you ain't for black you're down for guns 'n' roses
Yeah! c'mon!
Throw your hands in the sky
And wave em from side to side
And if you're in this life just gettin by
Somebody say, alright! (alright!) alright! (alright!)

Dj kenny parker takin out these sucker dj's
My man willie d, never in a daze, ha hah
We got symone in the house
We got, d-square in the house
We got ms. melodie rockin the soundset
My man d-nice, hit it!

Boogie Down Productions Lyrics

"Original"

[Ms. Melodie]
Extra extra, read all about it!
KRS-One's rhymes, have been doubted
Suckers stepped up, and got MURDERED!!

[KRS-One]
Pump pump pom pom POING!
Yo, this goes out, to George Bush
Get off my... diggi-diggi-diggi-dick, diggi-diggi-diggi-dick
Diggi-diggi-diggi-dick... Margaret Thatcher
Get off my... diggi-diggi-diggi-dick, diggi-diggi-diggi-dick
Diggi-diggi-diggi-dick... Bensonhurst
Get off my... diggi-diggi-diggi-dick, diggi-diggi-diggi-dick
Diggi-diggi-diggi-dick... De Klerk
Get off my... diggi-diggi-diggi-dick, diggi-diggi-diggi-dick
Diggi-diggi-diggi-dick

It feels good to grab the mic and just allow yourself to chat
The master of the microphone is here and he's black
Recitin poetry, beautifully articulated
Demonstrated by the never faded strong facial feature
Of the teacher, I am the teacher, you can check it
The styles they're doing, is from my old record
They bought my album, for $8.99
Studied the style, then wrote they own rhyme
I don't mind because I'm here to show
The lost MC's which way to go
So here's my rep, to those that slept
And didn't get the first concept in depth
I am the manifestation of study
NOT, the manifestation of money
Therefore I advance through thought
Not what's manufactured and bought
Concentration, and calculation
Goes into every song creation
The first and second album rocked you
Third album made you think and got through
Didn't you think I knew?
Number three, wasn't for the dance crew
But it gave me a chance to see
Who was REALLY down with BDP
I set the warm milk, in the glass
And the snakes came out the grass

They don't realize I'm not confined
Nor trapped by space and time
I am a rebel, an overthrower
Descendant of the black man Noah
Radio DJ's, all around
Constantly tell me how they are down
To uplift Africa and unite black
Yet they fronted when I dropped _Why Is That?_
It's a fact, I don't beg for juice, I just get loose
And demonstrate the truth
Many MC's can only rock the many
But I rock a few with my brother Kenny
>From twenty-thousand to ten I'm housin
African culture is what I'm arousin
In your consciousness, soul and body
Pay attention while I rock the party
Cause now I'm gonna show ya how the East Coast rocks
Bumpin sucker MC's out the box
Rockin the dreadlocks and the flattops
I like these ops, so I'll try not to stop, but drop
The new hip-hop, and get props
Scott La, Scott La, Scott La, Scott LaRock
Spins in heaven, while the earth I rock
MC's adopt, the styles I drop
They got no direction, they got no direction, they got no direction
So they wanna go pop
Chasin the charts up and down like suckers
Totally ignoring their sisters and brothers
They're the ones to say you're number one
Not chart position, so pick up the drum and hum
Sing along, it's a poetry session
Mathematically applied, no guessin
I'm fresh and dope and wild and wicked
Get your ticket, come straight to the jam I'll rip it
Original lyrics, original lyrics, original lyrics, Kenny Parker on the mix!

[Special K]
Yes yes I'm Special K
On New York's Two show on WBDP
This is the brand new one by KRS-One of Boogie Down Productions
And it's off the Edutainment LP
Wanna send a shout out to the BDP Posse

And my man Fish, Sidney Mills, Ms. Melodie, Willie D
And of course me... seeya!

Boogie Down Productions Lyrics

"The Racist"

Verse

I've been taught to respect my elders and behave
Even if when they were young they sold slaves
Truth and understandin' is what I crave
In the land of the thief, home of the slave
Turn your page to a brief demonstration
Cos now in '90 it's strictly information I'm givin'
Teachin' on a regular basis
Today's lecture is about The Racist
We're not out to exaggerate or diss him
But show the symptoms and facts of racism
Understand The Racist ain't equal
There's about five different types of racist people
First of the five different types of cases
Is the individual brought up racist
Here you have young men and women
Brought up in the Great White Way opinion
This opinion introduced by the parent
To the civilised becomes transparent
The civilised man could look through the faces
Make the analysis and see The Racist
Number two case which y'all must hear
Is the individual racist out of fear
Here you have people that fear the African
And conjure up new ways of trappin' him
Number three is the unconscious racist
Not knowin' they're racist they invade your spaces
They say, "I'm not a racist, I'm not a bigot"
Yet they allow it to go on and won't admit it
Number four is the money racist
The one that used the topics of sheer economics
They say, "Owning a business isn't for the black man
He don't want that", yet they went and took his land
Damn, that's like a rock in a hard place
You don't have your land yet this ain't your space
America was built by every other race
Except the European that runs this place
What a waste, America's doomed
To be overthrown by the righteous real soon
But last but not least racial prejudice
Is the black man speakin' out of ignorance
Whitey this and Ching-Chow that

Is not how the intelligent man acts
You can't blame the whole white race
For slavery, cos this ain't the case
A large sum of white people died with black
Tryin' hard to fight racial attacks
The media wants you to think that no whites
Really fought and died for Civil Rights
But once we have a true sense of history
You'll see this too as a mystery
If black and white didn't argue the most
They could clearly see the government's screwin' 'em both.

Boogie Down Productions Lyrics

"7 Dee Jays"

[krs-one]
Yes! chillin in the place right now
Harmony and heather b, ms. melodie
Dj jamal-ski, dj kenny parker
And of course we are gettin much darker
Because the africanism is in effect
So check it out, man!
And try not to bite the lyrics
Poi!

So come in now with the chorus of the day
Because we don't play

Chorus: krs-one

It takes 7 dee jays to control a sound
It takes one soundsystem playin music loud
It takes 7 dee jays to control a sound
But d-nice, you're gonna make the party live

[d-nice]
Bust it, yo
I love to diss whores, I love to do tours
Makin young ladies just drop their drawers
And when they drop em, I don't kick em, check it
Like the fat boys said, i"brrrrrrrr, stick em!"
From that point on, I say we're on for the night
But I love it when the girl just call me d-nice
And if she gets bold and try to ask for a fee
I say, "please hoe, it's all about me"

[heather b]
It's not the star spangled banner or the red white and blue
But the underground sister from the edutainment crew
So what you do, is back up if you work for bush
Cause all the presidential prison pushin politicians
Gotta get mushed, gimme back my land you sucka
You beat down my father and you raped my mother africa
And now you wanna laugh at her
I feel like pickin up a razor, and slashin ya
Snatch up margaret thatcher and unmaskin her
To find out she's a man without a manicure
Go to president deklerk without askin her

And bust some shots for south africa
And if margaret jumps in, I start bashin her
For every freedom fighter start crashin her
And then heather b will get nastier
And pull out my two shot derringer
Cause yes, heather b comes classier
Cause heather b, jamal-ski, and krs the trainer
Makes up the dope crew called, edutainer
You'll find the law of balance on the two turntables
So look out for the fresh edutainer label

[krs-one]
Biddi-by-by, by, by-by-by, jamal-ski, ki-ki-kiyah!

Activator, initiator
Captivator, originator
Perculator, perk you up
It's harmony, the minor key
That moves with the rhythm passionately
I ain't ego trippin I do it humbly
Cause everybody's bound to hear the sound of bdp
It's easy, for me you see

I ain't the one or the two, I'm the three
And three (badda-ba-ba-by-by) it's the magic numberrr
(badda-ba-ba-by-by)

Chorus: krs-one

It takes 7 dee jays to control a sound
It takes one soundsystem playin music loud
It takes 7 dee jays to control a sound
But krs, you're gonna make the party live

Boogie Down Productions Lyrics

"30 Cops Or More"

[krs-one]
When they arrest a
Black man, they need 30 cops or more.. well now
When they arrest a
Black man, they need 30 cops or more.. well now hey

If you a black herb smuggler
They will, watch you by the hour
It only means that if you have more money
Then you have more power
They will come in the night
And they will read you your rights
There is no need to fight
If you're black there is no need to fight

But when them come to arrest a
Black man, they need 30 cops or more.. well now
When they arrest a
Black man, they need 30 cops or more.. well now hey

Years ago a black man couldn't be a cop
They could only be great dancers
When the whole police department was white
Justice, was the black panthers
We've been robbed of our religion
Our government and social position
And you won't see no quick solution
Until you see the black revolution

But when them come to arrest a
Black man, they need 30 cops or more.. well now
When they arrest a
Black man, they need 30 cops or more.. well now hey

"he's gonna get across the border before we can catch him"
dogs barking
"just let me draw a bead on his black ass and he's dead"
dogs barking

They arrest us by the hour
Cause the black man in the ghetto has power
If he would wake up and unite
The police department would lose the fight

But when them come to arrest a
Black man, they need 30 cops or more.. well now
When they arrest a
Black man, they need 30 cops or more.. well now hey

If you a black herb smuggler
They will, watch you by the hour
It only means that if you have more money
Then you have more power
They will come in the night
And they will read you your rights
There is no need to fight
If you're black there is no need to fight

But when them come to arrest a
Black man, they need 30 cops or more.. well now
When they arrest a
Black man, they need 30 cops or more.. well now hey

"he's gonna get across the border before we can catch him"
dogs barking
"just let me draw a bead on his black ass and he's dead"
dogs barking
"he's gonna make it"
"let the dogs go!"
"no I won't do it!"
"he's got full, they've only got two"
"they'll tear him apart, I won't do it"
"let the dogs go!"
"turn loose those dogs!"

Boogie Down Productions Lyrics

"Exhibit F"

[krs-one]
When you realize you have this army, or one concept, one thought, one
Movement, one action; you have what is called a revolution. but the
More we stay seperated, and the more we don't understand the concept of
The eye, that is within all of us, then we will constantly constantly
Lose, every single battle, from day one to day forever. thank you,
We'll take questions. *clapping, applause, and shouting*

Boogie Down Productions Lyrics

"The Original Way"

Boogie Down Productions Lyrics

"Duck Down"

You say ah-one for the trouble, two for the time
Ah-come on y'all, let's rock that...

Duck! or wind up down!!
Fiyah! huh
Pal joey in the house, d square in the house
Check it out

You're stuck up, your luck's up, you fucked up, you're mud up
You can't even jump up, so shut the fuck up
Whattup? tough love, buck buck bucka
Is all you're gonna hear when krs-one step up
I'm thick like syrup, no, I'm not ? kura?
Sit back and relax and watch the krs era
No I won't let up, because of how I'm set up
I come in the jam with the crazy fresh lyrics so you get up
Mc's get wet up, they met up with atypical
Subliminal, I'm original metaphysical criminal minder
Fighter, petty gangster that flips em neither
I simply grab the mic and make the party get liver
I'ma, rhymer, with a tim-er attack
To your mind, a reminder of what kind of headliner
You'll see, when you come to the show
Blastmaster krs-one, leo -- the lion
Cryin mc's they be cryin
When they sizzle in a big pot grease beggin, "please, please!"
But I'll be efficient and flexin wisdom cuisine
Then dismiss it as kris and kenny
Rockin many, good n plenty
Any mc tests me gets done
Lyrically hung, I surgically remove his tongue
Lyrics by krs-one

Duck! sucker mc's duck!
Bo! duck down!
Sucker mc's duck!
Duck! sucker mc's duck down!

I don't battle to lose or win, I battle
To ruin your whole career, yo, watch what you doin
I'm permanent punk, like a metallic marker
Krs-one, but you'll call me mr. parker
A pity I'm k-r, you ain't no superstar

Ha ha hee hee, blastmaster krs-one be
Ripping up mc's with their meaningless words, y'know
There's more wit, to one of my turds of shit
You ain't shit, you never was shit
So I spit, on your number one hit, now quit!
Leave the poetry, it's just too strong for thee
Maybe we should rethink the strategy see
Poetry I speak, fluently I think youse a sucker
Cause the only word you know is motherfucker
Yo, you don't see a whole race in bondage
No, you grab the microphone and feed em garbage
Yo, everything about me is fresher than fresher
Than fresher than fresh, of course it's krs
Flashing lyrics, metaphysics, unlike you idiots
Be doing, I'm pursuing, chewing your whole crew
And what you feel like doin, your face they be ungluin
Like a gift, don't step to krs, you're dismissed!

Duck! duck!
Sucker mc's duck down!
Duck! bo!
Ree-winnnnnd!!

Duck! bo!

Boogie Down Productions Lyrics

"Drug Dealer"

All over the world...

Chorus:

Black drug dealer, you have to wise up
And organize your business so that we can rise up
If your gonna sell crack then don't be a fool
Organize your money and open up a school

Verse one:

Drug dealer, understand historical fact
Every race got ahead from sellin drugs except black
We are under attack, here comes another cold fact
In the 30's and 40's a drug dealer wasn't black
They were jewish, italian, irish, polish, etc. etc.
Now in 90 their live's a lot better
They'll sell you a sweater, a pair of pants cold hearted
But first sellin drugs and killin people is how they started
Drug dealer, black and hispanic, stop killin one another
Cause in the ghetto we're all brothers
Organized economically, understand the psychology
America is the drug monopoly
They own the block and kill your brother for
Therefore, we got the same enemy - what's more, I go on tour
But who do you think picks up the bill?
A hard workin fireman? chill

Repeat chorus 2x

Verse two:

Eighty percent of american business is created illegally
This is a fact I don't ask you to believe in me
If you're really in the drug game to win it
Eventually you're gonna get shot, open a clinic
Again, if you're really in the drug game to win it
Invest in a prison, therefore you can be put in it
Everyone else did it now they chillin
Above the law, while your under the law still killin
One another, wake up my hispanic brother, my african brother
America's not your mother
Or your father, so don't bother with right or wrong

Just check out the logic in the song
Organize, realize, become unhypnotized
To the lies that your livin for the get high
See many people have forgotten the fact
That america was never ever built for black
So when some people are gonna run and buy crack
Take the money and put it back into black
It's only logic, see krs-one will rock it
With knowledge, education for the people I'll never stop it
Organize and legitimize your business
Remember, everybody else did this

Repeat chorus 2x

Boogie Down Productions Lyrics

"Like A Throttle"

[krs-one]
snapping fingers and singing
Ha ha, hah hah! da-doo-doo-doo, do-doo

You wanna test me are you stupid?
Gotta be out of your fuckin mind
Krs-one is the don, seen?
Come down kenny park-ah!!

Hahaha, you know
I don't know what your management be tellin you
I don't know what your producers be tellin you
But yo, you step this way
You're gettin played, out of position
So let me give you a little style

Check it out
Everytime krs-one steps in the jam
The party is packed, he got the mic in his hand
Brooklyn's ready uptown's in the house
Kenny drops the beat and we turn the party out
That's it! none of the gimmicks, tricks, oh it's
You either have the hits, or the crazy hype lyrics
But mc's come half-assed, and lookin pitiful
None of em lyrical but their ego is critical
Like I said I'm not a muslim but to allah I'm obedient
Some mc's on the mic become muslims when it's convenient
And I've seen it!
Real muslims praise allah, and they mean it
Others are dreamin it with sex me and do me and
I'd rather listen to the brand nubians
You know it's funny everybody wants money
And material things from cars and chicken wings
When they sing, they sing for the cash
They fail to realize, respect will outlast cash
You get respect by bein creative
And yes a native to your audience, so you know reality
In other words, if you ain't a gangsta why play you a gangsta?
If you ain't a hoe, why sell sex?
If you believe in allah, how is it you can only work when there's a check?
All of this is incorrect
First should always come respect
The charts are not equal to the respect of the people

Their respect doesn't weeble or wobble
They know the difference from an artist and a lip-syncin model
Right on stage, you'll get a bottle
You're-holding-my-dick-like-a-throttle

I'm the freshest thing on the mic don't mess with me
I'm fresher than your grandmother's fried chicken recipe
Don't test me, you ain't a chemist and I sure ain't chemistry
You're not a mathematician and my name ain't geometry
You're no astronomer why see me as astronomy
But I'm a parker so I'll play you like monopoly
Don't entertain the thought of droppin me
To think of me as anything less than your teacher
Crazy you got to be
These type of lyrical styles cannot be said sloppily
I rip it up constantly
You're-holding-my-dick-like-a-throttle

The teacher will come, again and again and again and again
To set the trend and lend to other men a perfect blend
So-when-their-lyrics-finish-krs-one-just-begin
Ripping up sucker teachers put their courage to an end
So once again, the trendsetter comes a lot better
Forever too clever for a petty mc in leather
Whenever they decide, whatever I'm in sync
The lyrics I write, help me think
To guide ink off the paper through the air smack in your face
And erase in haste the rhymes you embrace
Just in case, get the fuck out my face I run this place
You're lucky you're from the same race
A simple technique will keep you on beat
With the style from the street you compete with the elite
That's weak -- flashin gold and can't speak
I seek the direction of the brown complexion
So every year, I appear somewhere
That you hear my dear to get one thing clear
Whether on welfare or millionaire
Don't step to this here or you outta here
Allow me now to please change the gear
? and-pick-up-the-mic-you-missed-those-happen-around-me-have-me-feared, come!?
? we come in the dance we haffa likka of a shot an towah?
Let's get back to the hip-hop
You come into the place you can't look in my face
Cause the light is bright and I'm towering in height
See there are millions of stars in the sky
When the sun appears none are visible to the eye
Why, the reason is the sun is the sun
You can't possibly rock, until I'm done
And finished, and like the evening I'll fade

But when I return you'll cry for more shade
So check the dancestyle cause I am not
Softening up it's time that I rock and sing
Not about my ding-a-ling-a-ling!
But instead bring intellect pon ting
Cause you can inject ignorance in rap
But kenny parker ain't tryin to hear that

Boogie Down Productions Lyrics

"Build & Destroy"

[kenny]yeah.. whoo! aiyyo will?
[will]whassup kenny?
[kenny]i got a serious problem man
[will]what's the problem?
[kenny]yo after all these years of rippin shit
These suckers still try to front!
[will]but check this out we've been on tour
With everybody so I don't know why they frontin
[kenny]everybody!
Y'all be in every party I be in every jam
I see they faces and they look at me and front
[will]they come to every show and know we
Break shit up all the time
[kenny]you know what.. yo kris, what's your opinion?

[krs-one]
Yo, I love the way I am and can't nobody out here change me
Rearrange me, tame me, try to game me, you don't play me
When I grab the mic then shock the party spot
Your rhymes are flip-flop, I'll rock, hip-hop
Non-stop, me nah stop rock
You can touch this, but you'll get shot
Now what's this all about? kris and humanity
In my face you're happy, on vinyl you're mad at me
Yo, pro-blackness is your solution
But I don't really know about that style you using yo
Too many teachers in the class spoil the class
After awhile you got blabbering fucking fools
That's worse than always talking about sex, let's build
It ain't enough to study clarence 13x
The white man ain't the devil I promise
You want to see the devil take a look at clarence thomas
Now you're saying, "who? " like you a owl
Throw in the towel, the devil is colin powell
You talk about being african and being black
Colin powell's black, but libya he'll attack
Libya's in africa, but a black man
Will lead a black man, to fight against his homeland
An accomplice to the devil is a devil too
The devil is anti-human, who the hell are you?
I lecture and rap without rehearsal
I manifest as a black man but I'm universal
The capital k, small r-i-s

Capital p, small a-r, capital k, small e-r
We are, the star
Without the use of a car we go far
I build and destroy!

[kenny]yeah kris, serve em man, serve em!
[will]yo why're they so jealous of bdp?
[kenny]i don't know will.. yo don't get mad, get fresh man!
[will]word
[krs]don't ever try to challenge bdp!
[kenny]man.. just shut the fuck up and listen!

[krs-one]
This shit is crazy! your remarks don't faze me!
People have a problem with me, cause I ain't lazy
I talk on vinyl then I act
What have you done, besides critique krs-one?
I create organizations
Without organization, there'll be no black nation
What the fuck are you really saying?
You ain't a human while your music's boomin anti-human
I'm assumin -- if you ain't human you're a beast
The white man could be the devil all the day, that's the least
What are you doing for yourself black man?
Trying hard to be the original man - who?
The first man, with the first tan, on the first land
With the first clan, who gives a damn? ? ? !
In history krs is well advised
But it's something that my brain won't memorize
I don't base my whole life on memory
I base my life on my spirit and body chemistry
Africa is the home of humanity
Which makes the african a humanist, challenge me
You gotta learn not to be so concerned
With the original man, and see the criminal man, yeah!
The now man, with the now plan, with the now tan
With the right now genocide master plan
Damn! we gotta think about stopping this
God is not any black man on the land; God is conciousness
When you understand this you'll see kris
Until then, you can get dissed
I'm not your prophet, messiah, minister, or savior
Chill with that I'll behavior
I zero in like a laser
You're cuttin your wrists with a razor
I got all type of flavors
Yes I am the original teacher
You gotta study the qu'ran, torah, bahavaghita
The bible, five baskets of buddha zen

And when you've read them shits, read them shits again!
But watch what you're repeatin
If you don't know the history of the author
You don't know what you're reading!
Yeah I'm still the original
Leaving mc's lyrically miserable
Their criminal syllables are minimal, show me respect boy
Cause I build and destroy!

[kenny]now.. after all that
If anybody out there still got beef, check it out
We rip the lecture tours, we rip the beats
We rip the jams, we'll straight up rip that ass
Knowhati'msayin will?
[will]word!
[krs]yeah it seems they all forgot
On the mic you'll get fucked up
In the clubs you'll get fucked up
Anywhere bronx brooklyn queens manhattan
Jersey japan staten isle.. yo anywhere you'll get fucked up
Don't you know we live for the battle?
I'm outta here
Yo cut that beat off

Boogie Down Productions Lyrics

"Ruff Ruff"

[krs-one] * voice echoing*
Think you dope? want this title?
Then you better come step up or step off!

[freddie foxxx]
Yo check this out, all jokes aside
Let's get busy

[krs-one]
Word! blastmaster krs-one in the house
Hah, everybody for some reason wanna be a gangsta
You don't know nuttin about bein no gangsta

[freddie foxxx]
Worrrrrrrd up! aiyyo check this out
This is freddie f-o-x-x-x
And guess what's next

[krs-one]
Every posse wan fi chat, they wan fi chat, they wan fi chat
Every posse wan fi chat, but ju knows dem is wack
Every posse wan fi chat, they wan fi chat, they wan fi chat
Every posse wan fi chat, but ju knows dem is wack
Every posse wan fi chat, but ju knows dem is wack
They jump pon the mic, an' wan fi do it like dat
But ahh, now dis a krs, me nah takes dat
When me open up to work, I put a cape on me back
Then me, fly all around the emcee world
Krs, the artical, is not to be [*changes from patois*]
Fucked with, ? with, or tampered with
Don't give a fuck if you wanna riff
But when you say kris, already derivative of kris
My eyebrows lift and that ass I get with (huh)
As a matter of fact, I attack, hijack
Set back, your career, like a quarterback
That broke his back, my tongue is like a bat
Your eye'll get black, you'll need an icepack (rrrrruff!)
I'm all that, come with your whole pack
You'll be prayin to the God of isaac
So freddie foxxx, it's time to get tough [uh-huh]
Just, get on the mic and get ruff, ruff

[freddie foxxx]

Soon as I flex, cause I'm about to rip up shop
It's the return of the hip-hop master, freddie the foxxx
(bo!) rappers that see me, don't even speak, just walk
Cause I'm the maddest nigga in new york (hah!)
I see a rapper in the crowd that I don't like
I wanna fight, so when I drop the mic
I'ma jump off the stage, bumrush your crowd to whip
(suckers) that wanna be pimps
How I heard it said that a pimp'll sell his ass
If his hoe won't, but freddie foxxx don't
Cover your chest g, you better wear a bulletproof vest see
Cause I'm about to leave this place a motherfuckin mess
Open hearts on the floor as I explore
Rappers that wanted to be more than number four
Number one's a hard spot; either you fight
Or get shot, so this is what I got (bo!)
Three tec-9's, my uzi, ten grenades, my razor blades
And I aim to get paid!
So who wanna step to this, don't come soft
Cause i'ma straight up knock niggaz off (pom! pom!)
And when the cops come to get me
I'ma take a dead body, and bop ten cops with me
I'm sick and tired of hearin rappers talk smack
About who's nice, and who's whack, motherfuck that
They know my style, and my rep, every stage
That I stepped on - I was the rapper they slept on
But y'all rappers keep sleepin - cause when they plant
Bombs in your house, i'ma wake you up and punch you
In your motherfuckin mouth, knock your wife out
Take your sons to safety, cause they're just kids
And I wanna raise em to face me
And when they get a little bigga
I'ma mark them little niggaz, and put their fingerprints
On the trigger -- double homicide, call the vice
Another rapper and his family with no life
Yeah you're mr. tough and, you're full of stuff and
And freddie foxxx caught you bluffin
I got you in my torture chamber and you scream
Oh God damn, it's like _silence of the lambs_
But I don't mangle em and eat em
I take mc's to the war zone, and there I defeat em
It gets much worse, with every verse
As the f-r-e-d-d-i-e f-o-x-x-x, hurts!
Punishes, stomps, smashes, crushes, maims
You suckers know my name!
Aiyyo kris! I'm rhymin long enough (say what?)
Get on the mic and get ruff, ruff

[krs-one]

This is the year that I go all out (why?)
Edutainment's what I'm all about (and)
I don't eat franks with the sauerkraut (cause)
Because I don't eat pork from the tail to the snout
(well kick it) get on down, to the hip hip hop
Before I start, peace to scott larock! (word)
Now let me drop the style that has action
Cause many mc's don't believe they're rappin
They're lost, crazy mixed-up in their identity
This is not, what hip-hop is meant to be (word up)
I come unique, I can't be beat, hardcore street
For the kids, with a hundred-and-fifty on their feet
(kick it) I don't compete, I defeat and delete ya
Then critique ya, all mc's retreat, here comes the t'cha
Chewin suckers like smuckers
Hittin on, sittin on, shittin on, flippin on motherfuckers
Yeah, I'm like the movie _aliens_
I hide inside your right hand man, when you think you got me
Bam! my head comes out your chest
A mutilated mess of nastyness
Chunks of bloody flesh, yes krs on the slaughter
Specialize in instant rhyme style, you simply add water
Evian, I pull the string then
Ring-ding-ding, ding-ding-ding-ding
Back in the days, I wrote +south bronx+
The juice crew got stomped, lick two shot
Pom! pom! really it was magic's fault
Always wanna diss somebody, he got put to a halt
It's wack, when a sucker dj babbles on
Soupin up mc's to battle on song
That's wrong, but in any event, I drop the classic
In 1992 the original it ain't plastic
Everybody know, bdp, is fantastic, burn like acid
Credit card plastic, stretch like elastic
Love and respect is the tactic
Bam! in your motherfuckin face
Krs in the place
I never liked listening to bitches and hoes anyway
(fi-yah!)

[freddie foxxx]
Well you know I like hoes, cause I'm a mack
But I don't like the wack tracks, youknowhati'msayin?
And for all your suckers out there
That underestimate the militant mack, get the bo-zack
You know what I mean? (word) word!

[krs-one]
You know why?

Every posse wan fi chat, they wan fi chat, they wan fi chat
Every posse wan fi chat, but ya knows dey is wack
Every posse wan fi chat, they wan fi chat, you know dem a wack
Every posse wan fi chat, but ya knows dey is wack

[freddie foxxx]
Yes.. fresh.. for nineteen-ninety-two you suckers * echoes *

[krs-one]
Motherfuckers! brrrrrrrrrrrrrrrr! * echoes to fade *

Boogie Down Productions Lyrics

"13 & Good"

I walked in the place very big space
Every kind of race dancin' and niggas made chase
A very pretty face, feel the bass
Basses kick, flygirl jumps on my tip
The drink that I sip implies this it it
She looked to be about 26 I ain't dizzy
It's time to get busy!!
Welcome female is in my arms.
Overwhelmed by my playboy charms
We jumped in the ride rushed to the crib
I ain't gotta explain what we did
Built to last I simply waxed that
Ax the question, no need for guessin'
Hey baby, how old are you?
21 24 maybe 22
I'm twenty five
She shucked and kinda neeghed
And said, "hee, hee, hee I'm only 13"
13!! I need a quick escape
That's statutory rape
But she was good!

Chorus:
Good!
(you should been there she was)
Good!
(man that jail term won't be)
Good!
(but she looked)
Good!
(man her brothers will beat you)
Good!!
(even if I get beat down it was still)
Good!!

The story gets better, this girl is kinda clever
She said, "i wanna be with you forever"
I said, "forget it I need to get my life in order
You could almost be my daughter"
She started sighin' and her sighin' turns into cryin'
Her cryin' turns into her replyin'
"where's the phone? . I think it's time that I went home"
She called her pops and said, "come get me I'm all alone

I'm sorry daddy I slept with an older man"
He said, "don't worry. the 45 is in my hand.
I'll be there before you count to four."
One two three four
He's at my door
She said, "see what you did you caused me all this grief.
Your goin' to jail my daddy's a police chief.
If I can't have you no one will.
And I ain't even on the pill."
But you was

Chorus: repeat 6x
Good!!

Daddy walked in and the whole scene kinda changed
He grabbed his daughter and almost beat the girl insane
She's cryin' down the hall and now goin' home
He closed the door and, "i'm happy we're all alone
Jump on the bed and look me straight into my eyes
I think your kinda cute, don't make me use my 45"
Daddy's lookin' for a lubricant
He pulled out a little piece of gum and started chemwin' it
He said, "for year I've been lookin for a big strong man
I've got an apartment out in brooklyn
Only my daughter and I live there
You can see my daughter anytime, anywhere
But it's you that I want to be mine
The price tag is your behind
Don't worry it'll be

Chorus:

Good!!

The morale of this story?
There is no morale you finish the story for me
When your livin' your life everyday in the hood
Wakin' up in the mornin' should feel

Good!

Boogie Down Productions Lyrics

"Poisonous Product"

Back off, crack off, slack off
Act off your instinct
And think in a wink, or blink
I'll make your body shrink
I use ink and memory, my record companies selling me
My fans be telling me I'm the greatest
You hate this, rigid, metaphysical, criminal mided poet
Don't blow it, if it's lost, I'll show it
If it's torn, I'll sew it
It's kinda off beat yeah I know it
The styles I originate, I don't wait for fate
I practice love not hate
But mcs get ache
They wait and hesitate on the act
But always can debate on that trivial fact
This is krs and I'm black!
Same color as the brothers in iraq
War is wack, especially when you die in vain
Bush invaded panama, how can you really place blame on hussein?
Regardless of the name, the insane economic game has got to change
Like a range rover over the plains
I come equipped to rip shit
Not ignorant, intelligent - artistic - inquisitive - poisitive and negative
The sedative is the poetry I give
How yah live krs is in the house!

The poisonous product (is) pimped out to poor people
Penetrates pieces of their thinking equal
It comes in peaceful thru the "tell-lie-vision"
Distorts your vision
Now the lies got you wishin' thru transmission
You wanna be a better christitan
You wake up sunday mornin' to watch "tell-lie-vision"
Mission - christians be sayin "accept jesus in your life"
Christianaty was founded 400 years after christ
What are you accepitng in your life?
Christianty or the teachings of christ?
Make up your mind, they're not the same thing
In 1992 the blind leads the blind
Right into the ground they can't show you where God is
Because they haven't found!

First - put down your Bible and release your sins

The Bible is dead, God is alive
Within, metaphysically speaking, I'll be clear
You wanna see god? take a look in the mirror!
A tree is always known by it's fruit
A human being can walk up right or crawl like a brute
Yeah, now who do you salute? the barbarian teaches us to hate our roots!
Despise our culutre, look for culture in another man's existance
Resist this - resist this master plan...
To turn the black man into a statistic
Why? 'cause he's materialistic
He wants to make a record but thru none of the logistics of it
Love it or leave it alone
Blastmaster krs is on the microphone
In the houuuuuseee...

Boogie Down Productions Lyrics

"Questions & Answers"

Yo kris whassup this press stuff man?
Yo I don't money, I don't know, they frontin
Yo why we don't get no respect?
I don't know man
They got all them gangsta lookalike, know y'know
But you know what?
All them fraud magazines I'm tired of
I'm tired of us not bein on no covers
But you know what?
We rock the streets, anyway
Regardless to what anybody say
Well well, yo yo, I tell you
As long as you rip up the streets
You don't gotta have no press, youknowhati'msayin?
That's right
As long as you stay true to the streets
All these wannabe black, black, black
Black nuttin - you know, chewin all that black
Cause they ain't really reportin nuttin on no black nuttin
They wanna be right, and they wanna be, rap, and..
That's why I read the final call
The final call got it goin on, youknowhati'msayin?
Yeah
I mean, if you really wanna check out somethin black
I mean, all these other magazines, they got
They can only show you the light-skinned girl
Or the light-skinned guy, and all of that, yaknowhati'msayin?
I ain't with all that nonsense
Ha hah, we won't name any names
But they know who they are though!
Ha hah, knowhati'msayin? watch yourself
I don't know why we can't get no covers though!
Yo kris, I don't why
Cause we just slammin everywhere we go
Yo, bdp been rockin for like six years now
Six long hard rough years, youknowhati'msayin?
And, and for some reason
Everytime these commercial acts come out
They get the cover the first..
They could drop a twelve inch single
And they be snatchin up the cover
You know why? cause they don't wanna deal with reality
In any of these magazines

Hey kris, I got the answer to all your problems
What's that?
Just interview yourself
Interview myself?
Yeah!
Aight check it out
Kick it!

[krs-one]
Question: why everything you do is fresh?
Answer: my name, blastmaster krs
Question: you only write reality, why?
Answer: no time to waste, our people are going to die
Question: going to die? please explain this topic
Answer: some people are using ignorance to make a profit
Question: how do we stop it?
Answer: throw em in a jail cell and lock it
Question: why, are people so stupid?
Answer: they got a brain and fail to use it
Question: how did it get like this?
Answer: people are more worried about ass and tits and
Little bits of information
The barbarians teach us just to be barbarians in the nation
This new creation
Takes on the manifestation of the board of education
Question: what's the solution?
Answer: organized, revolution
Question: revolution implies killing..
Answer: whether you fight or talk, the blood is
Still spilling, and we're chilling
Thinking of our history as elmer fudd
Everything, black people got in this country
They got through shedding their blood, word!

But they ain't gonna print all that
They too concerned about what you wearin
What kind of benz you got, or bm
But I think this year
Since we knockin all these sucker frauds out,
You might get some press
But when you talk that conciousness -
Nobody wants to listen
Word up, it's a crying shame though
I, ah-i tell you this though
If I was talkin sex and all that nonsense
I'd get all the covers
Yo kris, just chill, and interview yourself
That's what I like to hear
Aight aight check it out

[krs-one]
Everything you learned in law school
Can be taught, when you're six years old
But they make you wait and wait and wait and wait
And wait, and of course, the information, is then sold
But what if you can't afford to pay?
You walk around ignorant all day!
The pimp don't care, it's really your decision
Kick up that money hoe!! oh, I mean tuition
They be dissin, that ass you be kissin
Sittin in a room with a liar, and you must listen
Question: who are you dissin?
Answer: the concept that turns a rapper, into a dancer
Question: are you really all that fresh?
Answer: yes, yes.. yes!
Or, "si," to the people speakin spanish
You better make use of krs, before he vanish

But all these magazines'll vanish before you will
They better start printin the real real hip-hop
From bdp
Yo yo but check it out will
They ain't interested in no real hip-hop
They ain't interested in graffiti art, breakdancin
And real rap music, they just wanna know where the money is
Why why why?
Yo I think some of these journalists
Need to start gettin punched in they face
Hah, I got a big fist

Boogie Down Productions Lyrics

"We In There"

Yeah.. ahh, back to that old shit!
For all you fake-ass teachers out there
Aiyyo kris.. break this shit up!

[krs-one]
The type of lyrical terrorism I present
Educates people, at the same time pays my rent
You've been hearin me now for the past twelve semesters
When the suckers stepped up, I had to use the drastic measures
I know you want to step to me kid!
But you're thinkin, "damn, kris is kinda big!"
Plus he rolls wit a crew that don't care
And drops a hit album, hit video, hit single every year
From your eye drops a tear
I don't play that shit, I play that hit
Your whole gangsta image is not legit
You heard _criminal minded_, and bit the whole shit
Now if I punch you in your face I'd be wrong
Don't even think about battling with a song
You'll be gone, your career ain't strong enough to call my bluff
You ain't rough, you ain't tough, you'll be handcuffed
With your ribcage crushed
Naked in a box, with multicolored tube socks
You know my fuckin name
Blastmaster krs is thinkin long range!

Yeah we in there, yeah yeah (repeat 4x)

[krs-one]
They are in there, like you'll soon be in prison
(you await and this is faggot, your ass you'll be given)
Who you kiddin? you're only tryin to rock a party
You ain't really down to shoot nobody
So why you frontin? sayin from the cops you be runnin
In jail in a pair of panties you look just stunning
You pop all that wannabe shit on vinyl
Until your ass is bein pumped by some faggot named lionel
In jail you ain't got respect
You a fairy, I'll be takin your commisary
And the picture of your sister, mister
As seamy as pee-wee herman, I ain't trying to diss her
This ain't no bullshit game and I ain't changed
I'm just thinkin long range

People died so I can rhyme..
You think I'm gonna grab the mic and waste my nation's time?
Step up with that weak shit
You're psychologically, historically, and spiritually sick
Plus you're on my dick
Changin the subject, your rhyme style ain't correct
You know my fuckin name!
Blastmaster krs is thinking long range!

Yeah we in there, yeah yeah (*repeats*)

Krs.. kenny parker.. willie d.. from long island
Heather b.. ska-danks..
D-square.. sidney mills..

Boogie Down Productions Lyrics

"How Not To Get Jerked"

"and now, a word from our sponsor.."

[krs-one]
Now technically speakin I ain't 'sposed to be doin this
Like givin information to the ones that are new to this
You wanna make a record and get into the business?
Here's a little plan from a six-year witness
First you gotta understand the music game
It's not about fame, it's about a rich name
And who you're down with, and who you clown with
But most of all, you got to have a gift ("it's like that")
Either music or the fresh lyrics
Or a vibe; people like to buy your spirit
Everybody knows krs-one is dope
To really see it, you gotta use a telescope, hah!
There's no hope when you're shoppin for a deal
Either sex appeal, or the hard street feel
But if you don't have a lawyer you're a goner
Don't even think about chillin in a sauna
You need a lawyer, and a good manager
Without this, the record companies won't be havin ya
So I'm grabbin ya now and showin ya how
Not to get jerked when you do hard work!

"it's like that y'all" *16x*

"one, two, three, whoo!"

[krs-one]
Yo, there's more to it, but let's get through it
Many mc's reached the top and then blew it
You say, "i knew it, that last jam was wack"
Either you're strung out on crack, or you don't wanna
Be black anymore, or, you don't wanna rap anymore
Or, you do a wack tour, or, you get in trouble with the law
Or, your fans you ignore, or, you get punched in the jaw
Cause, you're not hardcore!
What makes a jam isn't luck or fate
It's writin the jams that the people can relate to
Or else they'll hate you
The public will mark you down as a fake crew
You don't need allathat
Just rap from the heart and you'll have a good start

But a lot of mc's want girls
And wanna live on top of the world
In the jam they wanna flirt
Here's how not to get jerked when you do hard work!

"it's like that y'all" *16x*

[krs-one]
Now understand, rap is rebellious music
Therefore, only the rebel should use it
But pop artists abuse it
When the audience hears real rap, they boo it
See rap music is a culture
And everyone outside that culture is a vulture
The vulture makes money on the culture
Understand, I ain't tryin to insult ya
But you're either usin rap like the devil
Or you're pushin rap to another level
So don't wait for your company's promotions staff
Promote yourself with your own cash!
But this might mean you can't buy gold
You might have to put that on hold
Cause if the artist falls, they diss him!
But if the company falls, the artist falls with them!
This ain't about a tight skirt
Here's how not to get jerked when you do hard work!

Boogie Down Productions Lyrics

"Who Are The Pimps?"

Stick up!!!
All gwan put your hands up in de air
And turn around with your face to the ground
Stick up!!!

Here we go
Who are the pimps? Who are the pimps?
Wimps, sitting behind a desk
You only get a glimpse of the action or reaction
When you don't respond to them TAXING
You fuck a lot when you're tax exempt
Like with the church, the rules were somehow bent
The more money you make, the more money you can have
You lose your mind after a while trying to just
Grab and grab and grab and grab and grab
Until the pimps roll around real mad, what they say?
"Pick up that money hoe!"
You done all the work, but now a part of the show
You're a hoe, you pimped all around real fresh
Got letters on they chest spelling I, R, S
And they be taxing, asking, sitting back relaxing
Pimping asian, european, blacks and chicano
Hah hah! But they can't pimp a wino
Why? Because a wino don't want nuttin
It's when you try to get ahead they start frontin
Capitalism -- the system of pimps and hoes
I'm sorry that's the way it goes
In this particular system everyone's a slave
Racist is how they want us to behave
White Johnny, be fighting black Michael
Both are blind to the system's sick cycle
In a circle psychotically they slay each other
With a grin, because of color of a skin
"Pick up that money hoe!" (3X)

Now we don't want to get you all alarmed
A little education never did you no harm
When Africa's free the African will be free
Capitalism says we're ALL in slavery
They're not looking at the color of a human brother
April 15th they're looking at your mother!
"Pick up that money hoe!"
You work all week, and now your money has to go

To a pimp, and it's you that limp
They cut your check and take a tenth
Don't wanna hear no lip, about support of family
Cause on a piece of paper that's a fantasy
They don't care if you're in a bad mood
Your wife needs shoes, your kids need food
Uh-uh, pick up that money honey
The pimps so serious they're funny!
They'll look you straight into your face
And tell you that your money's going to a good place
Like Social Security or Welfare
But if you go to the Bahamas you'll see them all there
"Pick up that money hoe!" (4X)

Boogie Down Productions Lyrics

"The Real Holy Place"

Why are metaphysical teachings forbidden?
Why are metaphysical teachings forbidden?
Why are metaphysical teachings forbidden?
The only way to talk to God is in church?
Hah hah hah, you must be kidding
For years they kept God hidden
Look for God in self, not in what's written
Turn this up and listen

If your slavemaster wasn't a christian you wouldn't be a christian
whip cracks
If your slavemaster wasn't a christian you wouldn't be a christian
whip cracks
If your slavemaster wasn't a christian you wouldn't be a christian!!!
whip cracks twice
Your whole culture's missing
Hebrews are african, see they originated judaism
The belief in one God is monotheism, see the truth is not hard
All you gotta know is the facts
When religion mixes with politics... it all gets wack

You gotta know your history, or they'll tell you that God is a mystery
And when you're born, you're born in sin
That's bullshit. that's bullshit!
They're only saying you can't win
You can't succeed, you can't acheive
Don't ask about god, just sit there and believe
Well I ain't tryin to hear that lesson
Cause one thing I know
Cause one thing I know
Cause one thing I know is that the truth can always be questioned
Yeah that's how I'm livin
Ask and ye shall be given
When you're lyin, hah hah hah, you got no answers
You got handclappers and a whole lotta dancers
In the church or sanctuary

They all forgot jesus was a revolutionary
They all forgot jesus was a revolutionary
They all forgot jesus was a revolutionary!!!
That hung out with criminals
I would say read the Bible but it's not the original
So it's really misleading

If you don't know the history of the author you don't know what you're reading
If you don't know the history of the author you don't know what you've read

You can't taste the nectar
That answers the question on why I do lectures
Cause where every mc claims to be the teacher, I be dissin professors
Keep that Bible on your shelf
God helps those that help themselves
Stop reading from a dead book

Stop reading from a dead book for a live god!
You know how stupid you look!
God reads the Bible with you
You both read the language of the devil that's dissing you
What can the next man do
With a Bible in his hand that you yourself can't do?
Whether christian, buddhist, muslim, or jew
Burning candles don't get you down with the universal crew

So why you dress up on easter and worship a false mary
That looks like mona lisa? hah hah, damn you lost
On christ-mas, what's the purpose of santa claus? *bells jingle*
On christ-mas, what's the purpose of santa claus? *bells keep jingling*
On christmas what's the purpose of santa claus!!!
Or saint nickalaus, I'm sick of this wickedness
All revolutionaries check this

I'm not synthetic
I'm not anti-christian, anti-muslim, anti-buddhist, or anti-semetic
But I will set it off in the temple
Cause the real holy place is mental
The real holy place is mental
The real holy place is mental *starts echoing*
The real holy place is mental *echoing a lot*
The real holy place is mental!
The real holy place is mental!!!

Mental-physical, metaphysical

"Young Black Male" lyrics

2Pac Lyrics

"Young Black Male"

[2Pac (Ice Cube):]
Hard like an erection
(Young black male)
Hard like an erection
(Ain't shit to fool with)
Hard like an erection
(Young black male)
Hard like an erection
(Ain't shit to fool with)
Yes, niggas! Yes, niggas! Yes, niggas!
Go, nigga, go!
Hard like an erection
(Young black male)
Hard like an erection
(Ain't shit to fool with)
Hard like an erection
(Young black male)
Hard like an erection
(Ain't shit to fool with)

[2Pac:]
Young black male
I try to effect by kicking the facts
And stacking much mail
I'm packing a gat 'cause guys wanna jack
And fuck going to jail
'Cause I ain't a crook, despite how I look
I don't sell yayo
They judging a brother like covers on books
Follow me into a flow
I'm sure you know, which way to go
I'm hitting 'em out of the doors
So slip on the slope, let's skip on the flow
I'm fucking the sluts and hoes
The bigger the butts the tighter the clothes
The gimminy jimminy grows
Then whaddaya know, it's off with some clothes
Rowd when the crowd says ho
That let's me know, they know I can flow
Love when they come to my shows
I get up and go with skins before
When I'm collecting my dough
I never respect, the one that I back
The quicker the nigga can rap
The bigger the check
Now watch how they sweat
What kind of style is that?

The style of a mack, and ready to jack
I rendered up piles of black
The wacker the pack, the fatter the smack
I hate it when real niggas bust
They hate when I cuss, they threaten to bust
I had enough of the fuss
I bust what I bust and cuss when I must
They gave me a charge for sales
For selling the tales... of young black males

Yes, nigga, N-I-G-G-A, niggas
Ay, nigga, you can't handle that shit!
Pass that man!
Hit that shit, that's the shit!
It smells like skunk, skunk smells like that nigga, momma
We ain't nuttin' but some low down dirty niggas
Keep it real, nigga! Fuck you, nigga!
You ain't giving me near a dime on this real motherfucker
Fuck St. Ides, it's an Old E thing, baby
Strictly some of that Hennessy
Can I drink with you, fellas? Can I get it on it?
Fuck you, capo. You ain't in, baby
I tell you what! You guys are not gonna be talking
All that shit, when I come back, OK?
We gonna say who the big mouth, when I come back
Young black male!

"Trapped" lyrics

2Pac Lyrics

"Trapped"

You know they got me trapped in this prison of seclusion
Happiness, living on the streets is a delusion
Even a smooth criminal one day must get caught
Shot up or shot down with the bullet that he bought
Nine millimeter kickin' thinkin' about what the streets do to me
'Cause they never talk peace in the black community
All we know is violence, do the job in silence
Walk the city streets like a rat pack of tyrants
Too many brothers daily heading for the big pen
Niggas comin' out worse-off than when they went in
Over the years I done a lot of growin' up
Getting drunk, throwin' up
Cuffed up
Then I said I had enough
There must be another route, way out
To money and fame, I changed my name
And played a different game
Tired of being trapped in this vicious cycle
If one more cop harasses me I just might go psycho
And when I get 'em, I'll hit 'em with the bum rush
Only a lunatic would like to see his skull crushed
Yo, if you're smart you'll really let me go, G
But keep me cooped up in this ghetto and catch the Uzi
They got me trapped

Uh, uh, they can't keep the black man down
They got me trapped
Naw, they can't keep the black man down
Trapped
Uh, uh, they can't keep the black man down
Trapped
Naw, they can't keep the black man down

They got me trapped
Can barely walk the city streets
Without a cop harassing me, searching me
Then asking my identity
Hands up, throw me up against the wall
Didn't do a thing at all
I'm telling you one day these suckers gotta fall
Cuffed up throw me on the concrete
Coppers try to kill me
But they didn't know this was the wrong street
Bang, bang, count another casualty
But it's a cop who's shot for his brutality
Who do you blame? It's a shame because the man's slain
He got caught in the chains of his own game

How can I feel guilty after all the things they did to me?
Sweated me, hunted me
Trapped in my own community
One day I'm gonna bust
Blow up on this society
Why did ya lie to me?
I couldn't find a trace of equality
Work me like a slave while they laid back
Homie, don't play that
It's time I let 'em suffer the payback
I'm trying to avoid physical contact
I can't hold back, it's time to attack jack
They got me trapped

Uh, uh, they can't keep the black man down
They got me trapped
Naw, they can't keep the black man down
Trapped
Uh, uh, they can't keep the black man down
Trapped
Naw, they can't keep the black man down

Now I'm trapped and want to find my getaway
All I need is a 'G' and somewhere safe to stay
Can't use the phone
'Cause I'm sure someone is tapping in
Did it before
Ain't scared to use my gat again
I look back in hindsight the fight was irrelevant
But now he's the devil's friend
Too late to be tellin' him
He shot first and I'll be damned if I run away
Homie is done away, I should've put my gun away
I wasn't thinking, all I heard was the ridicule
Girlies was laughin', Tup saying, "Damn homies is dissing you."
I fired my weapon
Started steppin' in the hurricane
I got shot so I dropped
Feelin' a burst of pain
Got to my feet
Couldn't see nothin' but bloody blood
Now I'm a fugitive to be hunted like a murderer
Ran through an alley
Still lookin' for my getaway
Coppers said, "Freeze, or you'll be dead today."
Trapped in a corner
Dark and I couldn't see the light
Thoughts in my mind was the nine and a better life
What do I do? Live my life in a prison cell?
I'd rather die than be trapped in a living hell
They got me trapped

Uh, uh, they can't keep the black man down

They got me trapped
Naw, they can't keep the black man down
Trapped
Uh, uh, they can't keep the black man down
Trapped
Naw, they can't keep the black man down

"Soulja's Story" lyrics

2Pac Lyrics

"Soulja's Story"

[2Pac (2Pac as "Soulja"):]
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
(They cuttin' off welfare...)
(They think crime is rising now)
(You got whites killing blacks)
(Cops killing blacks, and blacks killing blacks)
(Shit just gon' get worse)
(They just gon' become souljas)
(Straight souljas)

All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me

[2Pac as "Soulja":]
Crack done took a part of my family tree
My momma's on the shit, my daddy split and mom is steady blaming me
Is it my fault just 'cause I'm a young black male?
Cops sweat me as if my destiny is makin' crack sales
Only fifteen and got problems
Cops on my tail, so I bail 'til I dodge 'em
They finally pull me over and I laugh
"Remember Rodney King?" and I blast on his punk ass
Now I got a murder case...
You speak of heaven punk? I never heard of the place
Wanted to come up fast, got a Uz' and a black mask
Ducking fuckin' Task, now who's the jackass?
Keep my shit cocked, 'cause the cops got a Glock too
What the fuck would you do? Drop them or let 'em drop you?
I chose droppin' the cop
I got me a Glock, and a Glock for the niggas on my block
Momma tried to stab me, I moved out
Sold a pound a weed, made G's, bought a new house
I'm only seventeen, I'm the new king
Got me a crew, bought 'em jewels, and a Uz'-thick

But all good things don't last
Task came fast, and busted my black ass
Coolin' in the pen, where the good's kept
Now my little brother wants to follow in my footsteps
A soulja

All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me

[2Pac as the younger brother:]
Buck, buck - niggas get fucked, don't step to this
Quiet as kept I'm blessed on a quest with a death wish
Tell 'em to come and test, and arrest, nigga it's hectic
Here's the anorexic, I'm makin' it to an exit
Walking through the streets on the black tip
Packed with several gats, 'cause I'm on some pay 'em back shit
Niggas don't wanna try me, brother, you'll get shot down
Now I'm king of the block, since my bigger brother's locked down
I'm hot now, so many punk police have got shot down
Other coppers see me on the block, and they jock now
That's what I call a kingpin
Send my brother what he needs and some weed up to Sing-Sing
Tellin' him just be ready set
Pack ya shit up quick; and when I hit, be prepared to jet
Niggas from the block on the boat now
Every single one got a gun, that'll smoke - pow!
These punks about to get hit by the best
I'm wearin' double vest... so aim at my fuckin' chest
I'll be makin' straight dome calls
Touch the button on the wall, you'll be pickin' up your own balls
I can still hear my mother shout
"Hit the pen nigga -- break your bigger brother out"
I got a message for the warden
I'm comin' for ya ass, as fast as Flash Gordon
We get surrounded in the mess hall, yes y'all
A crazy motherfucker making death calls
Just bring me my brother and we leavin'
For every minute you stall, one of y'all bleedin'
They brought my brother in a jiffy
I took a cop, just in case things got tricky
And just as we was walkin' out (BANG!)
I caught a bullet in the head, the screams never left my mouth
My brother caught a bullet too
I think he gon' pull through, he deserve to
The fast life ain't everything they told ya
Never get much older, following the tracks of a soulja

All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
All you wanted to be, a soulja, a soulja
All you wanted to be, a soulja, like me
Straight soulja, 1993, and forward

"I Don't Give A Fuck" lyrics

2Pac Lyrics

"I Don't Give A Fuck"

(feat. Pogo)

[Skit:]
"What's up?"
"Yo this scene, rollers tried to jack a nigga 'cause a nigga with a pearl rollin' on a Coupé with goldens."
"Yo man, what's up, this riding motherfucker
Jack me at rollin' 'round bumping
'Cause music's too loud, you know what I'm sayin'?"
"Yo this P-O to the G-O
Motherfucking cop just jacked me 'cause I was drinking beer in Mill Valley."
"What's up, man?"
"Aight, man, fuck 'em."

[2Pac:]
I don't give a fuck
They done pushed me to my limit, I'm all in
I might blow up any minute, did it again
And now I'm in the back of the paddy wagon
While this cop's bragging about the nigga he's jackin'
I see no justice, all I see is niggas dying fast
The sound of a gun blast, then watch the hearse pass
Just another day in the life, G
Gotta step lightly, 'cause cops tried to snipe me
The cabs, they don't wanna stop for a brother, man
But damn near have an accident to pick up another man
I went to the bank to cash my check
I get more respect from the mothafucking dope man
The Grammy's and American Music shows
They pimp us like hoes, take our dough, but they hate us though
You better keep your mind on the real shit
And fuck trying to get with these crooked-ass hypocrites
The way they see it, we was meant to be kept down
Just can't understand why we getting respect now
Mama told me there'd be days like this
But I'm pissed, 'cause it stays like this
And now they're trying to ship me off to Kuwait?
Give me a break. How much shit can a nigga take?
I ain't going nowhere no how
Bush wanna throw down?
Better bring the gun, pal
'Cause this is the day we make 'em pay
Fuck bailing hay, I better spray with an AK
And even if they shoot me down
There'll be another nigga bigger from the mothafuckin' underground
So step but you better step quick
'Cause the clock's going tick and I'm sick of the bullshit
You're watching the makings of a psychopath
But you sit and laugh before the wrath and aftermath

Who's that behind the trigger?
Who do you think? A mothafucking 90's nigga
Ready to buck and rip shit up, I had enough!
Yeah, and i just don't give a fuck

[Pogo:]
Nigga, it ain't just the blacks
It's also a gang of motherfuckers dressed in blue slacks
They say niggas hang in packs and they attitudes is shitty
So tell me, who's the biggest gang of niggas in the city?
They say we niggas like to do niggas
So me an' a cop are just two niggas
A street-walking nigga and a beat-walking nigga
With a badge, I end his future and his past
With a blast take his cash before I dash I bash his head in
Dump him at the dead end and that's just his luck
'Cause a nigga like P, don't really give a fuck

[2Pac:]
Walked in the store, what's everybody staring at?
They act like they never seen a motherfucker wearing black
Following a nigga and shit – ain't this a bitch?
All I wanted was some chips
I wanna take my business elsewhere – but where?
'Cause who in the hell cares
About a black man with a black need?
They wanna jack me like some kind of crack fiend
I wonder if he knows that my income
Is more than his pension, salary and then some
Your daughter is my number one fan
And your trife-ass wife wants a life with a black man
So who's the mack, in fact who's the black Jack?
Sit back and get fat off the fat cat
While he thinks that he's getting over
I bust a move as smooth as Casanova
And count another quick mill'
I'm getting paid for my trade but I'm still real
And if you look between the lines you'll find a rhyme
As strong as a fucking nine
Mail stacked up, niggas wanna act up
Let's put the gats up and throw your blacks up
But the cops getting dropped by the gun shot
Used to come but he's done, now we run the block
To my brothers — stay strong, keep your heads up
They know we fed up; but they just don't give a fuck

They just don't give a fuck

[2Pac:]
I gotta give my fuck offs
Fuck you to the San Francisco police department
Fuck you to the Marin County Sheriff's Department
Fuck you to the FBI

Fuck you to the CIA
Fuck you to the B-u-s-h
Fuck you to the Ameri-K-K-Ka
Fuck you to all you redneck prejudice motherfuckers
That wanna fuck with me, fuck y'all!
Punk gay sensitive little dick bastards
2Pacalypse motherfuckerin' now
Y'all can all kiss my ass and suck my dick
And my uncle Tommy's balls
Fuck y'all
Punks *[*echoes*]*

"Violent" lyrics

2Pac Lyrics

"Violent"

They claim that I'm violent
Just 'cause I refuse to be silent
These hypocrites are havin' fits
'Cause I'm not buyin' it, defyin' it
Envious because I will rebel against
Any oppressor - and this is known as self-defense
I show no mercy, they claim that I'm the lunatic
But when the shit gets thick, I'm the one you go and get
Don't look confused, the truth is so plain to see
'Cause I'm the nigga that you sell-outs are ashamed to be
In every Jeep and every car, brothers stomp this
I'm Never Ignorant, Getting Goals Accomplished
The underground railroad on an uprise
This time the truth's gettin' told, heard enough lies
I told 'em fight back, attack on society
If this is violence, then violent's what I gotta be
If you investigate you'll find out where it's comin' from
Look through our history, America's the violent one
Unlock my brain, break the chains of your misery
This time the payback for evil shit you did to me
They call me militant, racist 'cause I will resist
You wanna censor somethin', motherfucker censor this!
My words are weapons and I'm steppin' to the silent
Wakin' up the masses, but you, claim that I'm violent

"They claimin' that I'm violent."
"Fuck the damn cop!"
"Just because we play what the people want."
[3x]

The cops can't stand me, but they can't touch me
Call me a dope man, 'cause I rock dope beats
Jacked by the police, didn't have my ID
I said, "Excuse me, why you tryin' to rob me?"
He had the nerve to say that I had a curfew
("Do you know what time it is?
Get out the fucking car, or I'll hurt you!")
Get out the car - or I'll hurt you
So here I go, I better make my mind up
Pick my nine up or hit the line-up
I chose B, stepped into the streets
The first cop grabbed me, the other ripped my seat
They grabbed my homie and they threw him to the concrete
(Ay man... Aiyyo... Ay man, just c'mon?)
("What you doing, man?")
They tried to frame me
They tried to say I had some dope in the back seat

But I'm a rap fiend, not a crack fiend
My homie panicked ("I'm out!") he tried to run
(Freeze, nigga!) I heard a bullet fire from the cop's gun
My homie dropped, so I hit the cop
I kept swingin', yo, I couldn't stop
Before I knew it, I was beatin' the cop senseless
The other cop dropped his gun, he was defenseless
(Argh, fuck you! Ungh!)
Now I'm against this cop who was racist
Givin' him a taste of trading places
And all this 'cause the peckerwood was tryin' this frame up,
But I came up
Now they claimin' that I'm violent

"They claimin' that I'm violent."
"Fuck the damn cop!"
"Just because we play what the people want."
[3x]

As I was beatin' on a cop, I heard a gun click (uh-oh)
Then the gun shot, but I wasn't hit
I turned around it was my homie with the gun in hand
He shot the cop (damn!). Now he's a dead man
I said, come on, it's time for us to get away
(Let's go, we gotta get the fuck outta here.)
They called for backup, and they'll be on their way
Jumped in the car and tried to get away quick
The car wouldn't start (damn!). We in deep shit
So we jumped out (C'mon, let's take the cop's car)
We drove a little ways thinkin' that we got far
But I looked up and all I saw was blue lights
(that's a lotta of one time)
If I die tonight, I'm dying in a gunfight
I grabbed the AK, my homie took the 12 gauge
(yeah, it's on now)
Load 'em up quick, it's time for us to spray
We'll shoot 'em up with they own fuckin' weapons
And when we through sprayin' then we steppin'
This is a lesson to the rednecks and crooked cops
You fuck with real niggas, get ya fuckin' ass dropped
So here we go, the police against us
Dark as dusk, waitin' for the guns to bust
(What's next, man?) What's next? I don't know and I don't care
One thing fo' sho', tommorrow I won't be here
But if I go, I'm takin' all these punks with me
(Pass me a clip) Pass me a clip, G, now come and get me
You wanna sweat me, never get me to be silent
Givin' them a reason to claim that I'm violent

"They claimin' that I'm violent."
"Fuck the damn cop!"
"Just because we play what the people want."

"Words Of Wisdom" lyrics

2Pac Lyrics

"Words Of Wisdom"

Killing us one by one
In one way or another
America will find a way to eliminate the problem
One by one
The problem is the troublesome black youth of the ghetto's
And one by one
We are being wiped off the face of this earth
At an extremely alarming rate
And even more alarming is the fact
That we are not fighting back
Brothers, sisters, niggas
When I say "nigga" it is not the nigga we have grown to fear
It is not the nigga we say as if it has no meaning
But to me it means Never Ignorant Getting Goals Accomplished, nigga
Niggas, what are we going to do?
Walk blind into a line or fight
Fight and die if we must die, like niggas

This is for the masses, the lower classes
The ones you left out, jobs were giving, better living
But we were kept out
Made to feel inferior, but we're superior
Break the chains in our brains that made us fear ya
Pledge allegiance to a flag that neglects us
Honour a man that refuses to respect us
Emancipation Proclamation? Please!
Lincoln just said that to save the nation
These are lies that we all accepted
Say no to drugs but the governments' kept it
Running through our community, killing the unity
The war on drugs is a war on you and me
And yet, they say this is the Home of The Free
But if you ask me, it's all about hypocrisy
The constitution, Yo, it don't apply to me
And Lady Liberty? Stupid bitch lied to me
This made me strong, and no one's gonna like what I'm pumpin'
But it's wrong to keep someone from learning something
So get up, it's time to start nation building
I'm fed up, we gotta start teach the children
That they can be all that they want to be
There's much more to life than just poverty

This is definitely uh... words of wisdom
AMERICA! AMERICA! AMERIK-K-KA
I charge you with the crime of rape, murder, and assault
For suppressing and punishing my people
I charge you with robbery for robbing me of my history

I charge you with false imprisonment for keeping me
Trapped in the projects
And the jury finds you guilty on all accounts
And you are to serve the consequences of your evil schemes
Prosecutor, do you have any more evidence?

Words of Wisdom
Based upon the strength of a nation
Conquer the enemy armed with education
Protect yourself, reach for what you want to do
Know thyself, teach by what we've been through
Armed with the knowledge of the place we've been
No one will ever oppress this race again
No Malcolm X in my history text, why's that?
'Cause he tried to educate and liberate all blacks
Why is Martin Luther King in my book each week?
He told blacks, if they get smacked, turn the other cheek
I don't get it, so many questions went through my mind
I get sweated, they act like asking questions is a crime
But forget it, cause one day I'm gonna prove them wrong
Not every brother had his mother on the welfare line
The American Dream, though it seems like it's attainable
They're pulling your sleeve, don't believe
'Cause it will strangle ya
Pulling the life of your brain, I can't explain
Beg as you can obtain from which you came
Swear that your mother is living in equality
Forgetting your brother that's living in poverty
Thought they had us beaten when they took out King
But the battle ain't over till the black man sings
Words of Wisdom
The battle ain't over 'till the black man sings
Words of Wisdom

NIGHTMARE! That's what I am
America's nightmare
I am what you made me
The hate and the evil that you gave me
I shine as a reminder of what you've done to my people
For Four hundred plus years
You should be scared
You should be running
You should be trying to silence me
Ha, but you cannot escape fate
For it is my turn to come
Just as you rose you will fall
By my hands
America, you reap what you sow

2Pac Lyrics

"Something Wicked"

Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Something wicked, this way comes
Something wicked, this way comes
(Wicked) (wicked)

'Emember
More than an adversary, I'm very quick
I'm ready to hit 'em with this gift, I'm equipped to kick
So, grab your coat and your hat, cause I'm prepared to clown
Let's carry this end that throw these motherfuckers down
Oh shit, 2Pacalypse is back and strapped
Attackin' the packs, I'm kickin' the facts for stacks to rap
And those that max, relax and let the blacks get jacks
I'm gettin' taxed, my packs is packed with angry blacks
I'm ready to go
I'm rippin' the shows, hittin' the dough
Gettin' the hoes, clothes
Pumpin' the flow, thanks to the hump
Cause the nose knows
Check the pose, froze, when you see me close
Punks you gonna roast, host in a cloud of smoke
Broke, choked on some potent dank smoke
Wrote, rhymes that'll bring me bank notes
Nope, I ain't the type of fella that you're used to
Ki-ki-ki-kickin' the funky flava
Pumpin' the deuce with no producers
Run for cover when you hear the bass drum
One verse is all it takes
Something wicked this way comes
Come come, come come

Something wicked, this way comes
Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Some-Something wicked, this way comes
Something wicked, wicked, wicked, wicked

Something wicked, this way comes
Wicked something wicked, this way comes
Something wicked kick it, this way comes
Wicked kick it, this way comes
Something wicked wicked wicked wicked, this way comes
Something wicked wicked wicked wicked, this way comes
Something wicked wicked, this way comes

2Pac Lyrics

"Crooked Ass Nigga"

(feat. Stretch (Live Squad))

(Suddenly I see some niggas that I don't like)
*[*machine gun fires*]*
(Got him)

[2Pac:]
A smoking-ass nigga robbed me blind
I got a TEC-9 now his smokin' ass is mine
I guess I felt sorry for the bastard, he was broke
I didn't know he smoked so I didn't watch him close
He caught me on the sneak tip, now the punk's in deep shit
Catch him on the streets, I'mma bring him to his feet, quick
Pass the clip, I think I see him comin' now
Fuck the bullshit, posse deep and let's run him down
Gots to be the first one to hit ya when we meet
Comin' quickly up the streets, is the punk ass police
The first one jumped out and said "Freeze!"
I popped him in his knees and shot him, punk, please
'Cause cops should mind they business, when we rush
Now you're pleadin' like a bitch, cause you don't know how to, hush
Now back to the smoker that robbed me
I tell you like Latifah, motherfucker give me body
One to the chest, another to his fuckin' dome
Now the shit can rest, yo tell him to leave me the fuck alone
Two very bloody bodies on the streets
A nosey ass cop and a nigga that robbed from me
Run from your backup punk, how you figure?
My finger's on the trigger for you crooked ass niggas

Crooked ass niggas
(Criminal behaviour-- criminal-- criminal behaviour)
(Suddenly I see--)
(Cri-cri-criminal)

[Stretch:]
Now listen to the mack of the crooked nigga trade
With the fine criminal mind, cold rips like a blade
It's already quick stepping to the niggas with the props
and any motherfucker with the flim-flam drops to the knot
Ten o'clock, is a motherfuckin' gank move
Stretch is Uptown, clockin' weight the shit is real smooth
A nigga's trying to play me like he know me but he don't
Sittin' on ten kis, I'mma get him, think I won't?
My nigga 2Pac, got the fucking Glock cocked, and he's ready
When the kid, didn't even bring the weight bag, instead he
welcomed us, into his apartment
Oh, this even better, two to the head, he's dead a clean get a-WAY!
Niggas got PAID!
And yet another sleepin' ass nigga got slayed, word up
By a crooked motherfucker named Stretch

And the T-U-P-A-C, the police can't catch

The crooked ass niggas
(Criminal behaviour)
Yeah, you don't stop!
Crooked ass niggas
(Criminal-- criminal behaviour)
(Suddenly I see, some niggas that I don't like)

[2Pac:]
Now I could be a crooked nigga too
When I'm rollin' with my crew, watch what crooked niggas, do!
I got a nine millimeter Glock pistol
I'm ready to get witcha at the drop, of a whistle
So make your move, and act like you wanna flip
I fire thirteen shots, and pop another clip
I bring luck, my Glock's like a fuckin' mop
The more I shot, the more motherfuckers dropped
And even cops got shot when they rolled up
Best to bring a knot, or get popped, I'm a soldier
I ain't the type to fetch ya, ask Stretch, he's my witness
Smoke til I'm blitzed, fuck a motherfuckin' piss test
I'm trigger happy, try to 'tack me and I'll drop you quick
Long as I got a clip I got some shit to hit 'em with
The nigga killer I get iller when the shit gets thick
My brain flips, I start thinkin' like a lunatic
I rip shit, came equipped with a bigger crew
I thought these niggas knew, I'm a crooked nigga too

(Criminal behaviour-- criminal-- criminal behaviour)
Crooked ass niggas come in all shapes and sizes
They wear disguises, backstabbing's what they specialize in
They'll try to get 'cha, they'll sweat 'cha to get in the picture
And then they hit 'cha, son of a bitch! Now he's richer
(Criminal behaviour-- crimi-criminal behaviour)
Crooked ass nigga
(Suddenly I see, some niggas that I don't like)
(Criminal behaviour-- criminal-- criminal
Crimi-crim-criminal behaviour (haviour)-- criminal behaviour
Criminal behaviour)
(Suddenly I see, some niggas that I don't like)
(Suddenly I see, some niggas that I don't like)
(Suddenly I see, some niggas that I don't like)
(Criminal behaviour- criminal be- criminal crim--
Crim-criminal behaviour
Criminal be- crim-crim-crim-crim-crim--
Criminal behaviour-- criminal behaviour)
(Suddenly I see, some niggas that I don't like)
*[*machine gun fires*]*
(Got him)
(Suddenly I see, some niggas that I don't like)

2Pac Lyrics

"If My Homie Calls"

Ever since you was a pee-wee, down by my knee with a wee-wee
We been coochie-coo all through school, you and me, G
Back in the days we played practical jokes on
Everybody smoked with they locs and they yokes on
All through high school, girls by the dozens
Saying we cousins, knowing that we wasn't
But like the old saying goes
Times goes on, and everybody grows
Grew apart, had to part, went our own ways
You chose the dope game, my microphone pays
In many ways we were paid in the old days
So far away from the crazies with AK's
And though I been around clowning with the Underground
I'm still down with my homies from the hometown
And if you need, need anything at all
I drop it all for y'all, if my homies call

"If you ever need a place to stay"
"Well, alright, y'all"
"Brothers and sisters"

It's a shame, you chose the dope game
Now you slang 'caine on the streets with no name
It was plain that your aim was mo' 'caine
You got game now you run with no shame
I chose rapping tracks to make stacks
In fact I travel the map with raps that spray cats
But now I don't wanna down my homie
No matter how low you go, you're not lowly
And I, hear that you made a few enemies
But when you need a friend you can depend on me, call
If you need my assistance, there'll be no resistance
I'll be there in an instant
Who am I to judge another brother, only on his cover
I'd be no different than the other
H-to-the-O-to-the-M-to-the-I-to-the-E
I'm down to the E-N-D
'Cause it's a fall in no time at all
I'm down for y'all, when my homies call
Word, if my homies call

"If you ever need a place to stay"
"Well, alright, y'all"
"Brothers and sisters"

Well, it's ninety-one and I'm living kinda swell now
But I hear that you're going through some hell, pal
But life making records ain't easy
It ain't what I expected, it's hectic, it's sleazy
But I guess that the streets is harder

Trying to survive in the life of a young godfather
My homies is making it elsewhere
Striving, working nine to five with no health care
We both had dreams of being great
But his deferred and blurred and changed in shape
It's fate, it wasn't my choice to make
To be great, I'm giving it all it takes
Trying to shake, the crates and fakes and snakes
I gotta take my place or fall from grace
The foolish way, the pace is quick and great
Smiling face to hide the trace of hate
But my homie would never do me wrong
That's why I wrote this song, if you ever need me, it's on
No matter who the foe they must fall
Us against them all I'm down to brawl if my homies call

"If you ever need a place to stay"
"Well, alright, y'all"
"Brothers and sisters"

"Brenda's Got A Baby" lyrics

2Pac Lyrics

"Brenda's Got A Baby"

(feat. Dave Hollister)

[Dave Hollister:]
Brenda's got a baby

[2Pac:]
I hear Brenda's got a baby
But Brenda's barely got a brain
A damn shame, the girl can hardly spell her name
That's not our problem, that's up to Brenda's family
Well let me show you how it affects our whole community
Now Brenda really never knew her moms
And her dad was a junkie putting death into his arms
It's sad, cause I bet Brenda doesn't even know
Just cause you're in the ghetto doesn't mean you can't grow
But oh, that's a thought, my own revelation
Do whatever it takes to resist the temptation
Brenda got herself a boyfriend
Her boyfriend was her cousin, now let's watch the joy end
She tried to hide her pregnancy, from her family
Who really didn't care to see, or give a damn if she
Went out and had a church of kids
As long as when the check came they got first dibs
Now Brenda's belly's getting bigger
But no one seems to notice any change in her figure
She's twelve years old and she's having a baby
In love with a molester, who's sexing her crazy
And yet and she thinks that he'll be with her forever
And dreams of a world where the two of them are together, whatever
He left her and she had the baby solo
She had it on the bathroom floor and didn't know so
She didn't know, what to throw away and what to keep
She wrapped the baby up and threw him in a trash heap
I guess she thought she'd get away, wouldn't hear the cries
She didn't realize how much the little baby had her eyes
Now the baby's in the trash heap bawling
Momma can't help her, but it hurts to hear her calling
Brenda wants to run away
Momma say, you making me lose pay
There's social workers here every day
Now Brenda's gotta make her own way
Can't go to her family, they won't let her stay
No money no babysitter, she couldn't keep a job
She tried to sell crack but end up getting robbed
So now what's next, there ain't nothing left to sell
So she sees sex as a way of leaving hell
It's paying the rent, so she really can't complain
Prostitute, found slain and Brenda's her name, she's got a baby

2Pac Lyrics

"Tha Lunatic"

(feat. Stretch)

[2Pac:]
Oh shit, jumped on my man's dick
Heard he had a twelve inch, now the bitch is lovesick
Who's to blame, the guy or the groupie
Heard I was down with D.U., now she wants to do me
Oooh-wee! This is the life
New bitch every night, never tripped off a wife
It ain't right, but it's cool how they come quick
Don't try to flip with the lip cause I run shit
Hip hip, hooray for the AK
Spray when I lay competition, what a great day
Make pay, next is the wet sex
Hexed with the vex now they wreck with the complex
I'm set, wonder what I tote, check
Bloody as a Kotex, snappin' motherfuckers' necks
Revenge so sweet when it comes from
Niggas get done with the drum, watch my foes run
Nigga keeps coming when they can't slip
Full of that shit, another hit from Tha' Lunatic

[Stretch:]
Yeah, fuck that God! Word up
Blowin' niggas out the motherfuckin' frame, you know what I'm sayin'?
Constantly, fuck that trick, we ain't havin' it

[2Pac:]
Leave me the fuck alone, you get none of this
It's suicidal, you lose your title like Doug-las
Cause I'm nothin' nice and, I'm icin' like Tyson
I'm grippin' the mic and my DJ is slicin'
I'm tired of motherfuckers steppin' to me with the same old
Tryin' to do me like Nintendo
How the fuck you think I ever got this far?
By bootin' motherfuckers like a shootin' star
Cause I'm out to show that I'm a dope MC
Think crack had you fiendin', wait'll they get a load of me
Bitches on my dick like a motherfuckin' condom
Niggas wanna flip, let 'em step, and I'll bomb 'em
See somethin' you want, why don't you come and get it
And then get waxed and taxed, like the government
Then I leave you sittin' there, wonder where your money went
While your bitch is callin' me, tellin' me to come again
Nigga I'm loc'ed, when I smoke, from the indo
But we can be friends though, after you get broke like a window
That's what you provoked, and now you're smoked out
Lookin' like a bitch, cause your whole fuckin' posse, broke out
Punk motherfucker couldn't roll on
He couldn't hold on, game is too strong, nigga
Leave me the fuck alone, you get none of this

Feel the wrath, and revenge of tha' lunatic

[Stretch:]
Yeah Tu', tell 'em motherfuckers, word up
We ain't havin' it, none of that shit!
Bitch ass niggas, niggas can't fuck with us Tu', word up
'91, we takin' this whole motherfucker over
Niggas got problems in '91, '92, and '93
And all that other shit, word up

[2Pac:]
Recognize game when it smacks you, bitch I'm back to rip
Puttin' this on the map with this mackin' shit
Time will tell if it's made well
Well I raise hell and excel cause it pays well
Jordan couldn't dunk it any harder, pump it any farther
I'm funky, that's word to the father
Act like you know 'fore I thump the bolo
Thought you was a pimp, now you're simpin' for my solo
Oh no, not another new jack, swearin' that he's ruthless
Ducked and now he's fucked and left toothless
I can hear the fear in your flow, you ain't prepared
You're scared and you're bound to go
It's somethin', I guess I let the beat keep bumpin'
Stop trippin' off these niggas cause they ain't about nuttin'
Or should I say naythin'
Punk put my tape in, fuck all the fake-in
I'm sick of the bullshit
Come equipped and get ready to rip
or get the dick of Tha' Lunatic

[Stretch:]
Ah yeah, fuck that, you know what I'm sayin'?
(The motherfuckin' lunatic)
Yes Tu'!
Tell them niggas what time it is, 'kna'm sayin'?
(punk motherfuckers, get the dick of the lunatic)
Niggas can't fuck with us, word up
Bitch ass niggas, fuck 'em

[2Pac:]
Fuck all them niggas
I'm tellin' these niggas that they ain't got
Naythin' on a nigga like me
We squashin' these punk motherfuckers in '91
'92, '93, and so on
So let the beat FLOAT on
While I spray these PUNK BITCHES
with these dope ass lyrics
Thanks to Poppa for supplyin' the dank
Now it's money in the BANK
And all y'all niggas shit stank
Compared to this shit
Fuck y'all punk bitches!

"Rebel Of The Underground" lyrics

2Pac Lyrics

"Rebel Of The Underground"

(from "Resurrection" soundtrack)

Rebel... rebel
Rebel
Rebel... rebel

They just can't stand the reign, or the occasional pain
From a man like me, who goes against the grain
Sometimes I do it in vain
So with a little bass and treble
Hey mister, it's time for me to explain that I'm the rebel
Cold as the devil
Straight from the underground, the rebel, a lower level
They came to see the maniac psychopath
The critics heard of me, and the aftermath
I don't give a damn and it shows
And when I do a stage show I wear street clothes
So they all know me
The lyrical lunatic, the maniac MC
I give a shout out to your homies
And maybe then, the critics'll leave your boy alone, G
On the streets or on TV
It just don't pay to be, a truth tellin' MC
They won't be happy 'til I'm banned
The most dangerous weapon: an educated black man
So point blank in your face
Pump up the bass, and join the human race
I throw peace to the Bay
Cause from The Jungle to Oaktown, they backin' me up all the way
You know you gotta love the sound
It's from the rebel - the rebel of the underground

Rebel, he's a rebel
Rebel of the underground
[4x]

Now I'm face to face with the devils
Cause they breedin' more rebels than the whole damn ghetto
And police brutality
Shit, it put you in the nip and call it technicality
So you reap what you sow
So reap the wrath of the rebel, jackin' 'em up once mo'
Now the fox is in the henhouse
Creepin' up on your daughter while you sleep I got her sneakin' out
2Pac ain't nothin' nice, I'll be nothin' how I wanna
And doin' what I'm gonna
Now I'm up to no good
The mastermind of mischief movin' more than most could

So sit and slip into the sound
Peep the rebel - the rebel of the underground

Rebel, he's a rebel
Rebel of the underground
[4x]

They say they hate me, they wanna hold me down
I guess they scared of the rebel - the rebel of the underground
But I never let it get me
I just make another record 'bout the punks tryin' to sweat me
In fact, they tryin' to keep me out
Try to censor what I say
Cause they don't like what I'm talkin' 'bout
So what's wrong with the media today
Got brothers sellin' out cause they greedy to get paid
But me, I'm comin' from the soul
And if it don't go gold, my story still gettin' told
And that way they can't stop me
And if it sells a couple of copies, the punks'll try to copy
It's sloppy, don't even try to
I'm a slave to the rhythm, and I'm about to fly through
So, yo, to the people in the ghetto
When ya hear the bass flow, go ahead and let go
Now everybody wanna gangbang
They talkin' street slang, but the punks still can't hang
They makin' records 'bout violence
But when it comes to the real, some brothers go silent
It kinda make you wanna think about
That ya gotta do some sellin' out, just to get your record out
But 2Pacalypse is straight down
So feel the wrath of the rebel - the rebel of the underground

2Pac is a rebel
Rebel of the underground

"Part Time Mutha" lyrics

2Pac Lyrics

"Part Time Mutha"

(feat. Angelique)

[scratched w/ minor variations — 2Pac & Poppi:]
She's a part time mutha

[2Pac:]
Meet Cindi
She's twenty-two, lives right on the dope track
Used to be fat now weighs less than a Tic Tac
Now what's that say about this big epidemic
This hypocritical world and the people in it
Now speakin' of, in it Cindi loved to get buckwild
Fuck with a smile single file she'll bust enough styles
That would be cool, if she was your lover
But fuck that, Cindi was my dope fiend mother
Welfare checks never stepped through the front door
Cause moms would run to the dopeman once more
All those days, had me fiendin' for a hot meal
Now I'm a crook; got steel, I do not feel
So don't even trip, when I flip with my thirty-eight
Revenge is a bitch and my hit shake the murder rate
Word to the mother, I'm touched
When moms come by, niggas hush or get rushed
Maybe one day she'll recover
But what will it take, to shake, or break
My part time mutha

I gotta live with a part time

[scratched w/ minor variations — 2Pac & Poppi:]
She's a part time mutha

[Angelique:]
I grew up in a home where no-one liked me
Moms would hit the pipe, every night, she would fight me
Poppa was a nasty old man, like the rest
He's feelin' on my chest, with his hand in my dress
Just another pest and yes I was nervous
Was this a test? I just don't deserve this
I wanna tell mom, but would she listen
She's bound to be bitchin' if she hasn't got a fix in, so
Now I lay me down to sleep, Lord don't let him rape me
If he does my soul to keep, don't let the devil take me
Can't concentrate I contemplate in my classroom
Thinkin' how my step dad raped me in the bathroom
Every day I make class and yet I'm missin' periods
The thought of pregnancy is in my head and now I'm fearin' it
I gotta tell mom before she sees me

I told her how he treated me and she didn't believe me
Callin' me a slut cause my butt's kinda big so
Still that ain't no way to be talkin' to your kids though
I can't believe the way he caught her
Got her believin' him and dissin' her own daughter
Time for me to break and find another
That's when I discovered
The ways of the days of a part time mutha

[2Pac:]
I gotta live with a part time

[scratched w/ minor variations — 2Pac & Poppi:]
She's a part time mutha

[2Pac:]
I rush to tend her, talked as I touch her
She blushed, the clothes came off and I bust her
I'm up now, ready to get drunk on the block
Here, take a cab, thanks a lot for the cock
She's gone and I'm thinkin' that my game's so strong
Pat myself on the back and move on
Is this just how it is hell no
Cause she came back with the kid and yo
I been payin' ever since
The clothes the food the cars and, oh, the rent
All of my time gets spent at the workplace
No time to kiss her got me this in the first place
So, I do the dishes and clean the floor
When I sleep I can't dream no more
Oh no, now I'm a part time mutha
And I change the diapers and clean the shit
The tables are turned I can't take this
Oh no, now I'm a part time mutha

[scratched w/ minor variations — 2Pac & Poppi:]

STRICTLY 4 MY N*I*G*G*A*Z
PARENTAL
ADVISORY
EXPLICIT LYRICS

2Pac Lyrics

"Holla If Ya Hear Me"

(from "Resurrection" soundtrack)

Aww yeah, uhh, uhh
Holla if ya hear me, yeah

Here we go, turn it up, let's start
From block to block we snatching hearts and jacking marks
And the punk police can't fade me, and maybe
We can have peace someday, G
But right now I got my mind set up
Looking down the barrel of my nine, get up
Cause it's time to make the payback fat
To my brothers on the block better stay strapped, black
And accept no substitutes
I bring truth to the youth tear the roof off the whole school
Oh no, I won't turn the other cheek
In case ya can't see us while we burn the other week
Now we got a nigga smash, blast
How long will it last 'til the po' getting mo' cash
Until then, raise up!
Tell my young black males, blaze up!
Life's a mess don't stress, test
I'm giving but be thankful that you're living, blessed
Much love to my brothers in the pen
See ya when they free ya if not when they shove me in
Once again it's an all out scrap
Keep your hands on ya gat, and now ya boys watch ya back
Cause in the alleys out in Cali I'mma tell ya
Mess with the best and the vest couldn't help ya
Scream, if ya feel me; see it clearly?
You're too near me -

[several times w/ minor variations:]
[2Pac:]
Holler if ya hear me!
[Sample:]
"Hard"
"Tellin' you to hear it"
"The rebel"

Pump ya fists like this
Holla if ya hear me
PUMP PUMP if you're pissed
To the sell-outs, living it up
One way or another you'll be giving it up, huh
I guess cause I'm black born
I'm supposed to say peace, sing songs, and get capped on
But it's time for a new plan, BAM!
I'll be swinging like a one man, clan
Here we go, turn it up, don't stop
To my homies on the block getting dropped by cops

I'm still around for ya
Keeping my sound underground for ya
And I'mma throw a change up
Quayle, like you never brought my name up
Now my homies in the backstreets, the blackstreets
They feel me when they rolling in they fat jeeps
This ain't just a rap song, a black song
Telling all my brothers, get they strap on
And look for me in the struggle
Hustling 'til other brothers bubble -

[several times w/ minor variations:]
[2Pac:]
Holler if ya hear me!
[Sample:]
"Hard"
"Tellin' you to hear it"
"The rebel"

Will I quit, will I quit?
They claim that I'm violent, but still I keep
Representing, never give up on a good thing
Wouldn't stop it if we could it's a hood thing
And now I'm like a major threat
Cause I remind you of the things you were made to forget
Bring the noise, to all my boyz
Know the real from the bustas and the decoys
And if ya hustle like a real G
Pump ya fists if ya feel me, holla if ya hear me
Learn to survive in the nine-tre'
I make rhyme pay, others make crime pay
Whatever it takes to live and stand
Cause nobody else'll give a damn
So we live like caged beasts
Waiting for the day to let the rage free
Still me, till they kill me
I love it when they fear me -

[several times w/ minor variations:]
[2Pac:]
Holler if ya hear me!
[Sample:]
"Hard"
"Tellin' you to hear it"
"The rebel"

[2Pac:] You're too near me, to see it clearly

[several times w/ minor variations:]
[2Pac:]
Holler if ya hear me!
[Sample:]
"Hard"
"Tellin' you to hear it"
"The rebel"

"Pac's Theme (Interlude)"

(feat. Dan Quayle)

[Statements variously said throughout song]

[Statements — 2pac (Dan Quayle):]
I was raised in this society so there's no way
You can expect me to be a perfect person cuz I'm a do what I'm a do
I am still thirsty
(There is absolutely no reason for a record like this to be published
It has no place in our society.)
They gotta understand me
(Withdraw on this record.)
That's how I feel I'm a do whatever I like. I am not a role model

2Pac Lyrics

"Point The Finga"

"You could get the finger.. the middle!"
"Come and get some!"

[2Pac:]
Ahh yeah, they love to point the finger
"You could get the finger.. the middle!"
"Come and get some!"

Boom boom boom on your black ass, bitch
You could get the finger...the middle!
[4x]

[2Pac:]
I thought I hit rock bottom, they ban my album, point the finga
I guess nobody loves a real nigga-slash-rap singer
I thought I'd bring a little truth to the young troops
I brought proof that the niggas need guns too
It's not to be a racist, but let's face this:
wouldn't you if we could trade places?
I got lynched by some crooked cops, and to this day
them same motherfuckers on the beat getting major paid
But when I get my check they taking tax out
So, we paying for these pigs to knock the blacks out
Ain't that a bitch, some officers are getting rich
Whooping on thugs and robbing drug dealers for they shit
As far as jealousy, being a celebrity
No matter who committed the crime, they all yell at me
And the media is greedier than most
You could sell em your soul or they'll be on ya til a niggas ghost
And everyday I read the paper there's another lie
They show my picture for the crimes of another guy
Now how's that for the life of a big shot
A dead cop, a law suit, a little kid shot
I play them nuttin ass marks in the park
for trying to earn they stripes in the dark
Just cause I come there, don't mean I from there, peep:
only jealous motherfuckers beef, and point the finga

Boom boom boom on your black ass, bitch
You could get the finger...the middle!
[4x]

Boom boom boom on your black ass, bitch
"You could get the finger.. the middle!"
"Come and get some!"

[2Pac:]
As I run up on em madman, a nutcase with a screw loose
A zoot troupe full of foolies with toolies
Niggas run to me don't come to me with beef

Take your jewels and your jeep, boom boom! Let that ass sleep
It's getting hectic, niggas run, quick
Buckshots are the payback for dumb shit
All you niggas on the block trying to test me
Best wear a vest or get open like, sesame
I'll run up on you mad deep; while you're trying to sleep
I'm steady pumping bullets in your sheets
Wake up, motherfucker, don't stutter
Point blank by a nigga from the gutter, yeah!
Gimme mine, gimme mine, gimme, mine
Ban my rhymes, now I'm back to busting, nines
And bustaz can't get none, hell no
A quick flurry and he's buried with a swelled jaw
I came up from the amateurs to pro hits
at 5-0, so you know I take no shit
And everybody wants to kill a bringer
of bad news, so they choose, to point the finga

Boom boom boom on your black ass, bitch
You could get the finger...the middle!
[4x]

[2Pac:]
One two three, peace to the real G's
Still me, til these motherfuckers kill me
I bring skills and I build, kill at will
Smoke sess til I'm ill, still feel me?
I say one two three, peace to the real G's
Still me, til these motherfuckers kill me
Pick it up, pick it up, give it up
Best to duck or get fucked for your bucks
Scream one two three, peace to the real G's
Still me, til these motherfuckers kill me
I can't give up, it's a black thang
And I ain't going back to the crack game
(You can do it son; be a man and stand up or run)
Bitches, let em point the finga
(You can do it son; be a man and stand up or run)
Snitches, let em point the finga
Yo, one two three, peace to the real G's
Still me, til these motherfuckers kill me
I guess nobody loves a rap singer
That's why these motherfuckers.. (hahaha!) point the finga

Boom boom boom on your black ass, bitch!
You could get the finga! The middle!

2Pac Lyrics

"Something 2 Die 4 (Interlude)"

(feat. Dave Hollister)

Ghetto!
*[*laughter echoes*]*
I've changed?
You motherfuckers kill me....
I've changed?

It ain't that I've changed
But it's strange how you motherfuckers rearrange
When I found fame
Point ya finger at tha bad guy!

You know what my momma used to tell me
If ya can't find something to live for...
...then you BEST, find something ta die for

[Curtis Mayfield:] "If there's hell below, we're all gonna go!"
*[*repeat the above throughout*]*

Deep deep

La'tasha Harlins, remember that name...
Cause a bottle of juice... ain't something to die for

Young Quaid, remember that name...
Cause all you motherfuckers
That go to your grave with that name on your brain
Cause jealousy and recklessness is NOT, something to die for

All you niggas out there *[*echoed laughter*]*
Look how the cracker crumbles
When I say 'all you niggas' (all you niggas)

Unite
One nigga, teach two niggas
Four niggas teach more niggas
All the poor niggas
The pen niggas
The rich niggas
The strong niggas
UNITE

There's more of us than there is of them
Look around...
Check your strip

Deep deep
That's something to die for

Black

That's something to live for

What do I know?

"Last Wordz"

(feat. Ice Cube, Ice-T)

Got any last words
Yeah I've got some last words
Ice Cube's in the muthafuckin' house

[Ice Cube:]

My Uzi weighs a motherfucking ton
Bucking down one, bucking down two
Bucking down your crew, mutha fuck you
Pigs wear blue, I wear black, nothing but black
Cause Goddamn it's a brand new payback
Fuck Pat Sajak, never did nothing for a nigga
On the trigger the zigga the zag the nickel the bag
The nigga the sag the forty four mag got you running like a fag
So, keep your muthafucking jokes
Cuz, I'm that nigga with a fresh pair of locs
No yokes but smokes
Crakers and them dirty mackers friends aren't jackers
Get yah for your drawers, young niggas out to kill for the cause

Ice-T in the motherfucking house
L.A. Playa

[Ice-T:]
O- to the muthafuckin G, I break crazy
A lot of niggas hate me but they can't fade me
Stop me, clock me, cops wanna Glock me
But the punk motherfucking pigs can't stop me
UHH am I a G, I got proof
Banged in my youth, keep niggas on the roof
With a scope, dough, Cube keep the rope

Your moms crying fuck her bust her
Bitch start screaming to me and I'll dust her
Pops got the LP phat, track on hit
Laid by the mutha fuckin' Bobcat
Ninety three suckas want me to go out
Throw the ho out, bitch muthafucker I'm rich

2Pac's in the muthafucking house
Nigga I'm loc'd, 2Pac's gonna get'cha motherfuckers
Got any last words

[2Pac:]
Now they're after me, why?, cause a nigga's Black
Spittin' facts and ain't afraid to pull a trigger back
Let em come step to a real muthafucker
(Boom Boom) Mama ain't raised no suckers
Dan Quayle, don't you know you need to get your ass kicked
Where was you when there was niggas in the caskets
Muthafucker Rednecks all the same
Fear a real nigga if he ain't balled and chained
That's why we burn shit and wreck
Cause the punk police ain't learned shit yet
You mutha-fuckas gonna pay the price
Can't make a Black life, don't take a Black life
It's on, the next real nigga fall dead
Dread, jheri curl, process, or bald head
Be prepared for the smoke to bust
What niggas need to do is start loc'in up
United we stand divided we fall
They can shoot one nigga, but they can't take us all
Let's get along with the Mexicans
And we can all have peace on the sets again
Imagine that if it took place (ha ha ha)
Keeping the smile off they White face
I ain't racist but lets trade places
Trace the hate 'n face it
One nigga teach two niggas
Three teach four niggas
And them niggas teach more niggas
And when we blast
That'll be the biggest blast you've heard
And them is my last wordz

2Pac Lyrics

"Souljah's Revenge"

[Lawyer:]
Mr. Shakur, can you please explain the meaning behind your violent lyrics?

[2Pac:]
Explain the meaning?
The fuck these niggas talking bout?

*[*sounds of running and sirens in background*]*

[Kid:] Damn...
[Cop:] Police, FREEZE!
[Kid:] Can't get shit off!
[Cop:] I said FREEZE you miserable black son of a bitch!
[Kid:] What, come on, come on!

*[*gun shot*]*

My attitude is shitty
My message to the censorship committee
Who's the biggest gang of niggas in the city?
The critics or the cops?
The courts or the crooks, don't look so confused
Take a closer look:
Niggas get they neck broke daily
Trying to stay jail free
What the fuck does Quayle know
What young black males need?
Please tell me
Message to the censorship committee
Who's the biggest gang of niggas in the city?
Huh, I pack a nine millimeter cause I gotta
Living hotter than the 4th of July, if I gotta die, I gotta
Momma told me, "Don't let em fade me...
...nigga don't let em make you crazy!"
Game is what she gave me
Gotta watch your back, strapped
Real niggas rat-pack
If you get your ass taxed, bring a gat back
That's not the way we made it
That's just the way it is
Slangin rocks, fed a nigga's kids
I came up
My message to the censorship committee
Who's the biggest gang of niggas in the city?
Cops pull me over, check my plates, but I'm legal
You couldn't get me, figure fuck with a niggas people
They got me trapped, gat with the motherfucking hammer back
Cops on my back, just cause I'm black, SNAP
Now I'm guilty?
Message to the censorship committee

Who's the biggest gang of niggas in the city?
All you punk police will never find peace
On the streets til the niggas get a piece, fuck em!
They kill you to control ya
Pay top dollar for your soul
Real niggas don't fold, straight souljah!
Can't find peace on the streets
Til the niggas get a piece, fuck police, hear them screaming
Fuck em! Can't find peace on the streets
Til the niggas get a piece, fuck police, hear them screaming
(I hear ya!)
Fuck em! Can't find peace on the streets
Til the niggas get a piece, fuck police, screaming
(I hear ya!)
Fuck em! Can't find peace on the streets
Til the niggas get a piece, fuck police, screaming
(I hear ya!)
Fuck em! Can't find peace on the streets
Til the niggas get a piece, fuck police (I hear ya!)
Fuck em! Can't find peace on the streets
Til the niggas get a piece, fuck police (I hear ya!)
Fuck em! Can't find peace on the streets
Til the niggas get a piece, fuck police (I hear ya!)
The niggas scream fuck em!
Motherfucking punk police (I hear ya!)
Thinking they run the motherfucking streets
It's mo' niggas than it's police
Think (I hear ya!)
One nigga, teach two niggas
Teach three niggas, teach fo' niggas (I hear ya!)
Teach mo' niggas, and we could run this shit!
I hear ya!

They finally pulled me over and I laughed
Remember Rodney King and I blast on his punk ass (I hear ya!)

2Pac Lyrics

"Peep Game"

(feat. Threat)

[2Pac:]
So what the fuck you talking about?! Aw, shit
Goody, goody, gumdrops
Nigga, get your hoodie and your gun cocked
Rock it till the drum stops, hip hop
Even if my shit flip flop
It probably wouldn't stop, talk shit and get socked
How ya hang em?
Know a realer nigga? You could bring him
If I don't represent the shit, I'll kick it
We could sway him, hunh! As if I know ya
Then I could show ya
But if I don't know, I gotta .44 fo' ya
So, so peep game, at point blank range
The fame can't change what the game maintains
Strange! Went against the grain
Aw shit! Flick or no flick I trips for no bitch
Catch up on your pimpin', I ain't simpin', I'm a diss her
Couldn't be my sister if she's actin' like I missed her
Tell me why they, tell me why they, tell me why they play me
Don't these niggas know that neither one of y'all can fade me
I ain't big, I ain't buff, I ain't deisel
But fuck wit 2Pac and pop goes the weasel
Me and Threat made a bet on how many fellas
Would jock a mothafuckin' real nigga cause they jealous
They do it for the fame
Explain, insane
What's in a name? What's in a name?
Peep game

[Deadly Threat:]
Punk bitch, how ya like me now?
Can't fuck around wit the funky style
Put it together like a puzzle builder
If Threat don't get cha, Pac gon' kill ya

[Deadly Threat:]

-Na, that's just a hoochie looking for some juice

Fat gold ropes
Gotta keep a low key for my attack
When I approach, I want the diamonds, the pearls
The round the way girls
Cuz baby got, baby got back out this world
Would you give a fee? Never
Fly like a feather
Make more money than your daddy and your mama put together
The game is to be sold, not to be told
So buy it
Can't afford it?
Low budget hoes gotta brother
Peep game

[Deadly Threat:]
Punk bitch, how ya like me now?
Can't fuck around wit the funky style
Put it together like a puzzle builder

[Deadly Threat:]
Don't sell out
Get the hell out
Cause here I come
Hit em with my bop gun
They came and they blast
We got witt they ass
And oh, pop this vest and all the rest of that mess
Coming through like Terminater 2
Boost your crew cuz we ain't afraid of you
You know what time it is wit me once the clock stike 3
We going coo-coo for Cocoa Puffs. Whooo eeii!!!

[Deadly Threat:]
Punk bitch, how ya like me now?
Can't fuck around wit the funky style
Put it together like a puzzle builder
If Threat don't get cha, Pac gon' kill ya

[2Pac:]
Time to get paid, time to get paid. Check
Time to represent the west homie, nuttin' but a vest on me
Got my hands on my Glock, eyes on the prize
First sucka jump, first nigga die

Motha fuckin soulja
Boom bam boom!! It's a stick up
Vice president Dan Quayle eat a dick up
Peep game

[Deadly Threat:]

Punk bitch, how ya like me now?
Can't fuck around wit the funky style
Put it together like a puzzle builder
If Threat don't get cha, Pac gon' kill ya

[2Pac:]

Fuck all those motha fuckas, they all can eat a mothafucking dick up
Word up. Fuck the police. I don't give a fuck

Big up! Big up! To the criminals
Fuck em
"This is serious business"
Yeah, microphone mafia
2Pac, Threat, Bobcat

Yeah nigga, bitch

2Pac Lyrics

"Strugglin'"

(feat. Live Squad)

Eat a dick up

"Stick up, stick up, stick up kids...
Still don't nothin' move but the money"

[Stretch of Live Squad:]
Struggling, juggling, got it to the black man
Eating the scams like I was motherfucking Pac Man
Cops step off, you know the flavor
They fear the ruffneck niggas with the lunatic behavior
And now we gotta eat, gotta make ends meet
Stabbing for a fee, it gets hard on the fucking streets
It's like a madness, fuck making gravy
I rhyme and do crimes, cause either way pays me
A little rough with a hardcore... theme
Couldn't rough something rougher in your... dreams
Mad rugged so you know we're gonna... rip
With that roughneck nigga named 2Pacalypse
Representing YG'z yo
Flip Stretch Homicide and my nigga Gambino
Seek and Po can't forget Money Bags
Sticking up spots and jumping in Jags
Gotta get ahead and always stay bumbling
And always keep a hand on the gat
Cause a niggas straight strugglin'

"Stick up, stick up, stick up kids...
Still don't nothin' move but the money"

[Majestic of Live Squad:]
I'm used to being poor, but now I'm sick of struggling
I thought about bumping, but mother-fuck juggling
I know it lasts longer, gets my pockets thicker
But I'd rather use my gun cause I get the money quicker, so bust it
Look as I cut the records hard to eject
A quick clip threw my body down uhh! it's another hit
I got energy to blast now you want the task here
Cuz of the light a motherfucker shot that ass up
But rugged and rough is how I'm stepping
Mac is the weapon, and it's always kept in
Eye on the Mac cause the dogg got it going on
If you come up stepping you'll be lit like a hick
So you better chill, cause I got too much money to get
A street thug in the motherfucking house, I'm struggling
Get drunk but I don't think
I'm just in it for the money, don't be a punk snitch
When I yank up my gun, don't run don't bitch
Cause ya know if you do, you'll be laying in a ditch
You'll get your stupid ass blown out the frame

Cause I'm playing to win, and survive in the game
I'm strugglin'

"Stick up, stick up, stick up kids...
Still don't nothin' move but the money"

[2Pac:]
Big up, big up, got him in the frame, bang
Ain't nothing changed set it off I let the brains hang
Guess who's back, to put niggas on they back
Till I call back, niggas running free better fall back
I'm fifty niggas deep beat sleep
with a Mossberg wrapped in my seats
three deep in my Jeep chief run with the Young Gunz
Struggling and striving, that's how the dough come
Now get gunned by the one with the gun for the low goal
Throw a bolo so low when I flow yo
Much too high to read the signs, I'm blind
Clicking on the nine, out to get mine
I go big up, big up, gotta make the room, boom
Blowing motherfuckers to the moon
Niggas need to feel me a real G, home from the bumbling
See me on the block, struggling
And rolling with the roughnecks nuff checks cashed
I get in niggas ass, blast
Straight strugglin'

"Stick up, stick up, stick up kids...
Still don't nothin' move but the money"

2Pac Lyrics

"Guess Who's Back"

Guess who's back?

Drop the drums, here it comes, only got
two minutes to bounce, and every second counts
Better press REC on your deck
Here we go, set? Pass the Moët
My trickery's more slippery when wet
Wicked as I flip, don't trip, get a grip
It'll kick, if the bass line's thick, it's a hit
Everybody's got a mic now, it's like a hobby
But more like a job, cause bootleggers tryin' to rob me!
And little man wants to be a rap, star
Make papes, hit skins, drive a fat car
It ain't easy, sleazy even
Deceivin those we believe in
No benefits, just tricks and chicks
Knock a pig to pick, so here's a stick to lick
I shoot a gift, til there ain't none left
And if I find that the track sound def
I catch wreck till I lose my breath
That's how it goes in the land of broke
I dispose of those, rock shows, and collect my dough
Now I suppose I'm the bad guy, why?
I say, "Hi," and try to stay high
Life's a mess don't stress, test... of givin
But be thankful that you're livin... blessed
Guess who's back, comin back with the track supplied
by Special Ed and Ak, comin right and exact
I'm fightin it back but now I snap, where they at?
When it's time to go to combat, guess who's back

[Special Ed:]
"Yes I'm back"
"2Pac is"... back!
[4x]

Drop the drums, here it comes, only got
one minute to bounce, and every second counts
I went from hustlin dicks to makin hits, bustin flicks
Now I'm sure to be rich for ninety-six
I pull my 'capes on tapes, and make, papes
Trace the bass, to the tape with the baddest bass to date
I try to shake it but the pace is hard to break
Good thoughts I wait, cause they hate my black tape
Yeah, it's on, and it's packed in the rap race
But if ya got a black face, it's a rat race
I struggle to be rugged and raw, Dukes
Tryin to survive in the trials and lawsuits
Everybody wants to test me, WHY ME?
No lie, niggas cried when they try me

Givin up the roughness, justice
I'mma bust as I'm rippin up 'nuff hits
And guess who's back? No longer trapped
Cause I snapped on the ones that held me back, feel the contact
Ride the track, get I grip as I flip
Ghetto wickedness I kick. Guess who's back?

[Special Ed:]
"Yes I'm back"
"2Pac is"... back!
"Yes I'm back"

"Yes I'm back, cause I never did front"

2Pac Lyrics

"Representin '93"

"I got a head, but ain't no screws in it"

Roll up and get swoll up, hold up
How ya gonna play me like a sunkin dunkin donut?
I ain't came a long way to get checked
So give me respect when I get wreck
Or get your motherfuckin chin checked
Once again, it's your friend outta Oakland
Hoping I can rock the shit to get ya open
Say your looking for some real shit
Then catch a funkified batch
Like that!
Oakland's on the map
2Pac is on the big screen strivin
Gotta love a nigga for survivin
I wear alot of old schools jewels
Look how the fools drool, ooohh
Stop lookin at me hard cause you're buffer
But I'll just buck them bigger motherfuckers
Turnin men to suckers
Niggas wanna start a little ruckus
Better duck cause I'll be poppin' them motherfuckers
They wanna throw their hands up, that's tight
Hit em wit my eight, never had shit left, right
Then hit em wit the uppercut, duck quick
Shit outta luck, fucked and stuck with that rough shit
Fuck a pop song, fuck a video, fuck Arsenio, fuck the radio
Do you hear me though?
Give a holla to my niggas in the pen
And my murderous partners wit their Mac 10s
I represent the real cause I'm ill, G
Glock cocked the day they kill me
I'm representin'

Peace to Redman, Treach, Vin Rock, Kay Gee the great one
Mary J. Blige, Pete Rock and Troy, the late son
Heavy D, CL Smooth, and Queen Latifah
Too Short, Tony Toni Tone, LayLaw beat cuts
Ed, the special motherfucker and the Lover
The Tribe, A Tribe Called Quest, and Jungle Brothers
Das EFX, EPMD, and Ice Cube
House of Pain: funky blunted ass white dudes
Cypress Hill, yeah, the ill niggas
Digital Underground: my real niggas
Raw Fusion, Organized Konfusion
Wicked and the Mouse Man, Spice 1 and Pooh Man
TLC, Eric B., Rakim, then Scarface
Stretch, Maj, K-Low, pumpin the Squad's bass
Thorough Heads, Poonannynans, The Click
E-40, The Governor, and Richie Rich

Young Guns in the house pumpin the flava
DJ Ditch for their behavior
Off the head, my freestyle flow
Just a couple of motherfuckers that I know
I'm strictly representin

1 motherfucker, 2 motherfucker, 3 motherfuckers
Damn, who did I forget?

I'm a soulja, daddy was a soulja
Strong in the struggle
Must contend so it's on
Raised in a house full of bad motherfuckers
Mad motherfuckers
Never had so we grab from the stacked motherfuckers
Now they know me, the homies
Raised by some crazed ass well payed OG's
Ah shit!
Pulled up in a benzy, snatch
The wheel as I peel out. Catch a cop's tail
Rock shells hit. Raise a fist so they know to make a hit
Can I flip it? I may get wicked as I rip it
To get specific: If the shoe fits, then kick it
It's for the gifted, pump your fist if you wit it
Here's your ticket to see Mr. Wicked rip shit
Now they wanna ban me (Told ya)
All I wanted to be was a soulja
Bang bang boogie, it's a stick up
Quit now, nigga, eat a dick up
Huh, I'm representin'

"Keep Ya Head Up" lyrics

2Pac Lyrics

"Keep Ya Head Up"

Little something for my godson Elijah
And a little girl named Corin

Some say the blacker the berry, the sweeter the juice
I say the darker the flesh then the deeper the roots
I give a holla to my sisters on welfare
2Pac cares if don't nobody else care
And I know they like to beat you down a lot
When you come around the block, brothers clown a lot
But please don't cry, dry your eyes, never let up
Forgive, but don't forget, girl, keep your head up
And when he tells you you ain't nothing, don't believe him
And if he can't learn to love you, you should leave him
'Cause, sister, you don't need him
And I ain't trying to gas ya up, I just call 'em how I see 'em
You know what makes me unhappy? When brothers make babies and leave a young mother to be a pappy
And since we all came from a woman
Got our name from a woman and our game from a woman
I wonder why we take from our women
Why we rape our women, do we hate our women?
I think it's time to kill for our women
Time to heal our women, be real to our women
And if we don't we'll have a race of babies
That will hate the ladies that make the babies
And since a man can't make one
He has no right to tell a woman when and where to create one
So will the real men get up?
I know you're fed up, ladies, but keep your head up

Keep ya head up, ooh, child
Things are gonna get easier
Keep ya head up, ooh, child
Things'll get brighter
Keep ya head up, ooh, child
Things are gonna get easier
Keep ya head up, ooh, child
Things'll get brighter

Ayo, I remember Marvin Gaye used to sing to me
He had me feeling like black was the thing to be
And suddenly the ghetto didn't seem so tough
And though we had it rough, we always had enough
I huffed and puffed about my curfew and broke the rules
Ran with the local crew and had a smoke or two
And I realize momma really paid the price
She nearly gave her life to raise me right
And all I had to give her was my pipe dream

Of how I'd rock the mic and make it to the bright screen
I'm trying to make a dollar out of fifteen cents
It's hard to be legit and still pay the rent
And in the end it seems I'm heading for the pen
I try to find my friends, but they're blowing in the wind
Last night my buddy lost his whole family
It's gonna take the man in me to conquer this insanity
It seems the rain'll never let up
I try to keep my head up and still keep from getting wet up
You know, it's funny, when it rains it pours
They got money for wars but can't feed the poor
Say there ain't no hope for the youth
And the truth is it ain't no hope for the future
And then they wonder why we crazy
I blame my mother for turning my brother into a crack baby
We ain't meant to survive, 'cause it's a set-up
And even though you're fed up
Huh, you got to keep your head up

Keep ya head up, ooh, child
Things are gonna get easier
Keep ya head up, ooh, child
Things'll get brighter
Keep ya head up, ooh, child
Things are gonna get easier
Keep ya head up, ooh, child
Things'll get brighter

And uh, to all the ladies having babies on they own
I know it's kinda rough and you're feeling all alone
Daddy's long gone and he left you by your lonesome
Thank the Lord for my kids even if nobody else want 'em
'Cause I think we can make it, in fact, I'm sure
And if you fall, stand tall and comeback for more
'Cause ain't nothing worse than when your son
Wants to know why his daddy don't love him no mo'
You can't complain you was dealt this
Hell of a hand without a man, feeling helpless
Because there's too many things for you to deal with
Dying inside, but outside you're looking fearless
While tears is rolling down your cheeks
You steady hoping things don't fall down this week
'Cause if it did, you couldn't take it
And don't blame me, I was given this world, I didn't make it
And now my son's getting older and older and colder
From having the world on his shoulders
While the rich kids is driving Benz
I'm still trying to hold on to surviving friends
And it's crazy, it seems it'll never let up
But please, you got to keep your head up

2Pac Lyrics

"Strictly 4 My N.I.G.G.A.Z."

(feat. Pacific Heights)

[2Pac speaking:]
Yo, law!
Is it cool if a nigga just get fucked up for this one?
Yeah! Mr. Fuck-a-Cop is back
And I still don't give a fuck, yaknahmsayin'?
Puffin' on this indo
In the studio with my partners out here
Pacific Heights in the house, know what I mean

I was framed, so don't make the same mistake, nigga
You gotta learn how to shake the snakes, nigga
Cause the police love to break a nigga
Send 'em upstate cause they straight-up hate the niggas
So what I do is get a crew of zoo niggas
Straight fools into rules and do niggas
And one-time had enough of me
I'm still raw so the law can't fuck with me
They wanna send me to the pen, punk, picture that
I stay strapped, motherfuckers better get your gat
It ain't easy bein' me, I can't take it
Life as a celebrity ain't everything they make it
And ever since the movies these hoes try to do me
If they can't screw me, they find a way to sue me
Now can you picture me coolin' at a night club?
Nothin' but love, but motherfuckers wanna mean mug
Since I wear a lot of gold, they plot
Don't know what I got and get shot with the hot ones
And, aw yeah, I wanna feel guilty
But you punk motherfuckers tried to milk me
You'll get smacked behind the hill with my phone on my pager
It's beepin' while I cut you with my razor
I'm not violent, I'm petrified and nervous
I got no mercy for these niggas tryin' to serve us
But if you catch me outta pocket, then I'm got
You love to shoot a nigga but you scared to pop a cop
Now drop it

Strictly for my - strictly for my - strictly for my niggas *[3x]*

Strictly for my niggas, makin' G's

Reflected and disrespected, plus I'm rejected
You're just another rapper, who swears he's makin' records
That's what they said - whenever I would walk by
I never tripped though - always kept my head up high
Eventually I knew, that I would find my way
After the darkest night always comes a brighter day
And some would say, that turned away is all you'll get
I just said "Bet!," and never let 'em see me sweat

Cause in the end, I knew that I would have it all
While non-believers were prayin' for my downfall
And some would call and tell me that they wish me well
But in my heart, I'm knowin' that they wish me hell
Yo, get a real job, rappin' doesn't pay the rent
I hit the studio, cause that's where all my money went
Never surrender, it's all about the faith you've got
Don't ever stop, just push it til you hit the top
And if you drop, at least you know you gave your all
Be true to you, and that way you can never fall
But beware, these backstabbers ain't no joke
Just like a rope, they hang on you until you're broke
And when you're broke, they move onto the next dope
And there you are, can't even pay your car, nope
And when you reminisce, thinkin' how you got dissed
Remember how it felt and then remember this
Be true to you, believe that there's no one bigger
Cause they can all suck dick - it's strictly for my niggas

Strictly for my - strictly for my - strictly for my niggas *[3x]*

This is for the critics if you live up
Pick up my shit or I'll be back doin' stick-ups
I better see five stars next to my picture
If not, 2Pac will cop the Glock and come knockin' to get 'cha
I told you once, motherfucker, I'm a nut
Play me like a butt and you'll be bleedin' when you're fucked
Niggas know what's up but they be tryin' to hold me down
I'm comin' outta Oaktown, bitch fuck around
And it ain't where you from that makes you hardcore
Nigga it's the way you throw them thangs in the war
And to the marks that be talkin' all that shit
Screamin' out the next nigga's name like a bitch
And the niggas that I ran into recently
The motherfuckers at the club that pulled the piece on me
You little bitches shoulda pulled the fuckin' trigga
Now you live in fear of a heartless-ass nigga
Mr. Troublesome; niggas tried to play me with the gat
But like Terminator, nigga, I'll be back
Yeah! And I'll be back with a fuckin' army
You tried to harm me - ring the alarm, G
Cause most motherfuckers love to act up
Without they backup
When they get jacked up they crack up
It's strictly for my niggas at the show
So they know, not to play me like a ho
Strictly for my...

Strictly for my - strictly for my - strictly for my niggas *[3x]*

"The Streetz R Deathrow" lyrics

2Pac Lyrics

"The Streetz R Deathrow"

Growing up as an inner city brotha
Where every other had a pops and a motha
I was the product of a heated lover.
Nobody knew how deep it screwed me
And since my pops never knew me
My family didn't know what to do with me.
Was I somebody they despised?
Curious look in they eyes
As if they wonder if I'm dead or alive
And poor momma can't control me
"Quit tryin' to save my soul, I wanna roll with my homies!"
A ticken timebomb, can't nobody fade me
Packin' a 380 and fiendin' for Mercedes
Suckers scatter but it don't matter I'm a cool shot
Punks drop from all the buckshots the fools got
I'm tired of being a nice guy
I've been poor all my life, but don't know quite why
So they label me a lunatic
Could care less death or success
Is what I quest 'cause I'm fearless
Now the streets are deathrow

('cause I'll beat you down like it ain't nothin')
The streets are deathrow.
[2x]

I just murdered a man, I'm even more stressed wearin' a vest
Hopin' that they're aimin' at my chest
Much too young to bite the bullet
Hand on the trigga
I see my life before my eyes each time I pull it
I hope I live to be a man
Must be part of some big plan to keep a brotha in the state pen
Counting pennys over the years I'd done stacked many
Proving wrong those
Who swore I'd wouldn't live till twenty
Now they gotta cope
Since it's the only thing I know
It's difficult to let it go
I'm startin' to lose my hair 'cause I worry
Hustlin' to keep from gettin' buried
But now I gotta move away now
'Cause these suckers love ta' spray where I lay down
My homie lost his family, he snapped;
Shot up half the block to bring them back
The streets are deathrow

('cause I'll beat you down like it ain't nothin')
The streets are deathrow.
[2x]

I'm dangerous when drunk I only drink beer
Gin makes me sin
Unable to think clear
Henessey makes me think my enemy is getting close
BOOM BOOM BOOM
Got me shooting at a ghost
Some call me crazy but this is what you gave me
Amongst the babies who raised up from the slavery
I sport a vest and hit the sess to kill the stress
Moved out west and I invest in all the best
Those who test will find a bullet in they chest
Put to rest by a brotha who was hopeless
Grow up broke on the rope of insanity
How many pistols smoking coming from a broken family
I'm sick of being tired
Sick of the sirens, body bags, and the gun firing
Tell Bush, "Push the button!" 'cause I'm fed
Tired of hearin' these voices in my head
The streets are deathrow

('cause I'll beat you down like it ain't nothin')
The streets are deathrow.
[2x]

('cause I'll beat you down like it ain't nothin')
The streets are deathrow
('cause I'll beat you down like it ain't nothin')
The streets are deathrow
('cause I'll beat you down like it ain't nothin')
The streets are deathrow
('cause I'll beat you down like it ain't nothin')
The streets are deathrow
('cause I'll beat you down, like it ain't nothin')
This goes out to my partners in the Live Squad
(like it ain't nothin')
And all my partners involved in that 187
Watch your back
('cause I'll beat you down, like it ain't nothin')
There got to be a better way
('cause I'll beat you down, like it ain't nothin')
There's too many of us in the cemetery
('cause I'll beat you down, like it ain't nothin')
Come on, what we gonna do now
('cause I'll beat you down, like it ain't nothin')
The streets are deathrow

2Pac Lyrics

"I Get Around"

(feat. Money B, Shock G)

[2Pac:]
Aw, yeah, I get around
Still clown with the Underground
When we come around
Stronger than ever

[2Pac:]
Back to get wreck, all respect
To those who break their neck to keep their hoes in check
'Cause, oh, they sweat a brother majorly
And I don't know why your girl keeps pagin' me
She tell me that she needs me, cries when she leaves me
And every time she sees me
She squeeze me—lady, take it easy!
Hate to sound sleazy, but tease me
I don't want it if it's that easy
Ayo, bust it, baby got a problem, saying "bye-bye"
Just another hazard of a fly guy
You ask "Why?", don't matter! My pockets got fatter
Now everybody's lookin' for the latter
And ain't no need in being greedy, if you wanna see me
Dial the beeper number, baby, when you need me
And I'll be there in a jiffy
Don't be picky, just be happy with this quickie
But when you learn you can't tie me down
Baby doll, check it out: I get around

What you mean you don't know? I get around
The Underground just don't stop for hoes, I get around
Still down with the Underground, I get around
Yeah, ayo, Shock, let them hoes know!

[Shock G:]
Now you can tell from my everyday fits I ain't rich
So cease and desist with them tricks
I'm just another black man caught up in the mix
Tryin' to make a dollar out of 15 cents (A dime and a nickel)
Just 'cause I'm a freak don't mean that we could hit the sheets
Baby, I can see that you don't recognize me
I'm Shock G: the one who put the satin on your panties
Never knew a hooker that could share me; I get around

[Money B:]
What's up, love? How you doin'?
Well, I've been hangin', sangin', tryin' to do my thang
Oh, you heard that I was bangin'
Your homegirl you went to school with?
That's cool, but did she tell you about her sister?
And your cousin thought I wasn't

See, weekends were made for Michelob
But it's a Monday, my day, so just let me hit it, yo
And don't mistake my statement for a clown
We can keep in the down low
Long as you know that I get around

What you mean you don't know? I get around
The Underground just don't stop for hoes, I get around
Still down with the Underground, I get around
Yeah, ayo, Shock, let them hoes know!

[2Pac:]
Finger tips on the hips as I dip
Gotta get a tight grip, don't slip; loose lips sink ships
It's a trip, I love the way she licks her lips, see me jockin'
Put a little twist in her hips 'cause I'm watchin'
Conversations on the phone 'til the break of dawn
Now we're all alone: why the lights on?
Turn them off! Time to set it off, get you wet and soft
Somethin' is on your mind, let it off
You don't know me, you just met me, you won't let me
Well, if I couldn't have it (silly rabbit) why you sweatin' me?
It's a lot of real G's doin' time
'Cause a groupie bent the truth and told a lie
You picked the wrong guy, baby, if you're too fly
You need to hit the door, search for a new guy
'Cause I only got one night in town
Break out or be clowned, baby doll, are you down? I get around

2Pac Lyrics

"Papa'z Song"

(feat. Wycked)

[2Pac:]
Daddy's home...

Heh, so?
You say that like that means something to me
You've been gone a mighty long motherfuckin time
For you to be comin home talkin that "daddy's home" shit (nigga)
We been gettin along fine just without you
Me, my brother, and my mother
So if you don't mind, you can step the FUCK off, POPS... fuck you!

[2Pac:]
Had to play catch by myself, what a sorry sight
A pitiful plight, so I pray for a starry night
Please send me a pops before puberty
The things I wouldn't do to see a piece of family unity
Moms always work, I barely see her
I'm startin to get worried without a pops I'll grow to be her
It's a wonder they don't understand kids today
So when I pray, I pray I'll never grow to be that way
And I hope that he answers me
I heard God don't like ugly well take a look at my family
A different father every weekend
Before we get to meet him they break up before the week ends
I'm gettin sick of all the friendships
As soon as we kick it he done split and the whole shit ends quick
How can I be a man if there's no role model?
Strivin to save my soul I stay cold drinkin a forty bottle
I'm so sorry...

I'm so sorry
For all this time (I'm so sorry)
For all this time
For all this time (don't lie)
I'm so sorry
For all this time (so, sorry)
For all this time
For all this time, so sorry baby!

[Wycked:]
Moms had to entertain many men;
Didn't wanna do it but it's time to pay the rent again.
I'm gettin a bit older and I'm startin to be a bother;
Moms can't stand me cause I'm lookin like my father
Should I stay or run away? Tell me the answer
Moms ignores me and avoids me like cancer
Grow up rough and it's hard to understand stuff
Moms was tough cause his papa wasn't man enough;
Couldn't stand up to his own responsibilities

Instead of takin care of me, he'd rather live lavishly
That's why I'll never be a father;
Unless you got the time it's a crime; don't even bother
(That's when I started hatin' the phony smiles
Said I was an only child)
Look at mama's lonely smile!
It's hard for a son to see his mother cry
She only loves you, but has to fuck with these other guys
I'm so sorry...

I'm so sorry
For all this time (I'm so sorry)
For all this time
For all this time (don't lie)
I'm so sorry
For all this time (so, sorry)
For all this time
For all this time, so sorry baby!

[2Pac:]
Man child in the promised land couldn't afford many heroes
Moms was the only one there my pops was a no-show
And ohh -I guess ya didn't know
That I would grow to be so strong
Lookin kinda pale, was it the ale or pops was wrong?
Where was the money that you said, you would send me
Talked on the phone and you sounded so friendly
Ask about school and my welfare
But it's clear, you ain't sincere hey who the hell cares
You think I'm blind but this time I see you comin, Jack!
You grabbed your coat, left us broke, now ain't no runnin back
Ask about my moms like you loved her from the start
Left her in the dark, she fell apart from a broken heart
So don't even start with that "Born to be a father" shit
Don't even bother with your dollars I don't need it
I'll bury moms like you left me: all alone, G
Now that I finally found you, stay the fuck away from me
You're so sorry

I'm so sorry
For all this time (I'm so sorry)
For all this time
For all this time (don't lie)
I'm so sorry
For all this time (so, sorry)
For all this time
For all this time, so sorry baby!

[2Pac impersonating his father:]
I never meant to leave but I was wanted
Crossed too many people every house I'd touch was haunted
Had to watch the strangers every brother was a danger;
If I wanted to to keep you breathin, had to be out of range-a
Had to move on, done lost my name and picked a number
Made me watch my back I had no happy home to run to
Maybe it's my fault for being a father livin fast

But livin slow, mean half the dough, and you won't get no ass
Hindsight shows me it was wrong all along
I wanted to make some dough so you would grow to be so strong
It took a little longer than I thought
I slipped, got caught, and sent to jail by the courts
Now I'm doin time and I wish you'd understand
All I ever wanted was for you to be a man
And grow to be the titan you was meant to be
Keep the war fightin by the writings that you sent to me
I'm so sorry...

I'm so sorry
For all this time (I'm so sorry)
For all this time
For all this time (don't lie)
I'm so sorry
For all this time (so, sorry)
For all this time
For all this time, so sorry baby!

"5 Deadly Venomz"

(feat. Live Squad, Treach, Apache)

[2Pac talking:]
*[*laughs*]* We're going platinum nigga, we going platinum

[2Pac:]
Yeah, you got the Live Squad in this motherfucker
We get my nigga Treach from Naughty By Nature up in this motherfucker

[Stretch:]
My nigga Apache up in this motherfucker

[2Pac:]
My Mossberg goes boom, gimme room, can I catch it
Talkin' quicker then a vic that's tryin' to keep from gettin' blasted
I had enough I put a hit upon them bastards
Boo-yaa, turn this Benz into a casket
Now they after me, prowling for a niggas bucks
Time to see, who's the G, with the bigger nuts
Buck buck, big up and livin' reckless
Niggas with a death wish step in with a TEC and I'll wet this
Yeah this shit is hyper
True to what I'm writing, representing and I'm striking like a viper
Huh, I got my mind made up, I got my nine
Ring the alarm, and strong arm what's mine
Some niggas need to feel me with a passion
I'm old fashioned, run up on me, nigga, and get blasted
With five deadly venomz

(Yeah 'Pac, fuck that, still hittin' 'em up with
that old deadly shit. Aiyyo Treach where you at?
Step up and hit they ass up with the wickedness.)

[Treach:]
We come to hit you with a sock full of Brooklyn
to the Onyx of your nose, punk is funky like skunk blunts
Stunk like funk cunt
I come to take you on a war rough and rugged route
And if another doubts I blow your fuckin' mother out
And after she's crossed out
I shout, "I'm de MC wit de nasty mouf!" and kick the bitch out
Sue me? I pay the lawyer for ya oh boy yeah
Plus my style's ten to twenty fuckin' pounds more
I take you quicker than a picture of a punk ya pickin' shit
Pickin' pockets with a razor stoppin' Russian rockets
Not shoplift, I'm liftin' shop
Once you sound hot, 'cause if you ain't a perfect ten
my sign is stop!
It's twenty mother-crooked-fuckin' styles in 'em
Like women I did 'em I'm in for deadly ready venom

[Stretch of Live Squad:]
Yeah, as I take a puff I get rough, Big Mad
To put it on, can't none come tougher see
I'm down with the sound of the Squad hard, boom!
Breakin' 'em down, I make 'em see their doom
Coming straight from the dome where I roam it's a job to
Rob and steal and runnin' from the coppers
Who hold a, boulder, turn the gun controller
Started from a punk now to be a high roller
Youngest, reckless, crazy, disaster
Mac-11 blaster, and I run faster
Than a lot of cops I can't be stopped till my head gets popped
A lot of fuckin' bodies will drop
It's a disaster, I'm coming for the blood splatter
I make 'em scatter, leavin' trails of brains and bladders
Blowin' 'em out the frame with no shame
Game tight, drop a body then get out of sight
Count my loot after I shoot, leave my kicks up and it's
Something I don't wanna do, something that I never did
I try to get him, I think I hit 'em, I lit him
He's out! A poison, a deadly venom

(Yeah Mad, fuck that! You know how we do
KnowhatI'msayin? Squad in effect, YG'z in effect
Now you know a nigga like me gotta represent)

[Majestic of Live Squad:]
Once again, back to rip shit, quick on the flip tip
The psycho, represent the real to take the mic flow
Deadly, rock a head G, check the melody
Niggas can't touch me when I wreckin' G you better flee
'Cause I'm gifted with a jab and a forty-four Mag
So nigga flip or take a trip in a body bag
Uhh, boom you slipped up, now you're zipped up
Yeah one more statistic, fronted and got ripped up
No joke, you be yolk, no matter how it sound
We're taking all fake niggas back to the stomping grounds
Line 'em up single file, dome runnin' in 'em
A nigga hit 'em with the venom, the fourth deadly venom

(Nigga, yaknowhatI'msayin? Fuck that!
I told you, we takin' over, yo 'Pac.)

[2Pac:]
Five deadly venomz verse five be the livest
Strugglin' and strive, keep a nine in my waistline
Take mine, you better bury me, G
Punk ass niggas don't even worry me, see
I got a glock that say 'Pac run the block
Fuck the cops 'cause my gauge gets me... PAID
As I sit and reminisce about the old days
Hugging on my AK, fuck getting played, hey
I say niggas need to get they mind right
Until they do I pop a clip and grip my nine tight
Now it's on everyday could be my last day
That's why I blast on they ass as I passed let the glass spray.

First you had a mouth full of fronts
Now your mouth's full of chunks, Pac's out puffin' blunts
Deadly venomz

(Hahaha, yeah pass that shit over here
Apache bout to clean shit up.)

[Apache:]
Throw up your middle finger! Start the track for the maniac
Only thing I'm givin out is black donuts and dirty backs
Let me tell how you rough I get
I pop shit behind your back get in your face and pop the same shit
You can't get in because my gate's bigger I'mma snake nigga
My act guards me so hard I pull the fuckin' trigger
I'm a cinch in a clinch, your punch is like a pinch.
Test the rhyme I'll knock your hairline back an inch
Fuckin' up pooh-butts, cut 'em like cold cuts
Choke 'em with my boot lace, then leave 'em hangin' like old nuts
Clip up and move out, time to get 'em
That's the results of fuckin with the fifth venom in denim

(Yeah, yaknowhatI'msayin?
Five motherfuckin deadly venomz, in effect for ninety-three
Ninety-four ninety-five all that other shit
We takin this motherfucker over this larger hit
YaknowhatI'msayin? Follow us, come along. YaknowhatI'msayin?
We takin this motherfucker over. TRUST. We out.)

2Pac Lyrics

"If I Die 2Nite"

A coward dies a thousand deaths
A soldier dies but once

They say pussy and paper is poetry, power and pistols
Plotting on murdering motherfuckers 'fore they get you
Picturing pitiful punk niggas copping pleas
Puffing weed as I position myself to clock G's
My enemies scatter in suicidal situations
Never to witness the wicked shit that they was facin'
Pockets is packed with presidents, pursue your riches
Evading the playa hating tricks while hitting switches
Bitches is bad-mouth, ‘cause brawling motherfuckers is bold
But charge them hoes; the game should be sold
I'm sick of psychotic society, somebody save me
Addicted to drama, so even mama couldn't raise me
Even the preacher and all my teachers couldn't reach me
I run in the streets and puffing weed with my peeps
I'm duckin' the cops, I hit the weed as I'm clutchin' my Glock
Niggas is hot when I hit the block; what if I die tonight?

[2Pac + Dr. Dre:]
If I die tonight
If I die tonight
Fuck it, if I die tonight
Tonight's the night I get in some shit

Polish your pistols, prepare for battle, pass the pump
When I get to poppin', niggas is droppin' then they done
Calling the coroner, come collect the fucking corpse
He got hit by a killer, preoccupied with being boss
Revenge is the method
Whenever steppin', keep a weapon close
Adversaries are overdosed over deadly notes
Jealous niggas and broke bitches equal packed jails
Hit the block and fill your pockets, making crack sales
Picture perfection, pursuing paper with a passion
Visions of prisons for all the pussies that I blasted
Running with criminals individuals with no remorse
Try to stop me, my pistol posse's using deadly force
In my brain all I can think about is fame
The police know my name
A different game, ain't a thing changed
I'm seeing cemetery photos of my peers
Conversating like they still here; if I die tonight

[2Pac + Dr. Dre:]
If I die tonight
Scare to die nigga, is ya, ha?
If I die tonight
Never fear, never worry

If I die tonight
Tonight's the night I get in some shit

Pussy and paper is poetry, power and pistols
Plotting on murdering motherfuckers 'fore they get you
Pray to the Heaven's, .357's to the sky
And I hope I'm forgiven for thug livin' when I die
I wonder if Heaven got a ghetto for thug niggas
A stress free life and a spot for drug dealers
Pissing while practicing how to pimp and be a playa
Overdose of a dick while drinking liquor when I lay her
Pistol whippin' these simps, for being petrified and lame
Disrespecting the game, praying for punishment and pain
Going insane, never die, I live eternal, who shall I fear?
Don't shed a tear for me, nigga, I ain't happy here
I hope they bury me and send me to my rest
Headlines reading 'Murdered to death', my last breath
Take a look, picture a crook on his last stand
Motherfuckers don't understand; if I die tonight

[2Pac + Dr. Dre:]
Nigga! If I die tonight
No fear nigga, never worry
If I die tonight
Bury me a motherfucking G, closed casket fuck it
If I die tonight
You know
Tonight's the night I get in some shit

Kill, kill, kill, murder, murder, murder
Kill, kill, kill, murder, murder, murder
Kill, kill, kill, murder, murder, murder
"Tonight's the night I get in some shit"
Kill, kill, kill, murder, murder, murder
Kill, kill, kill, murder, murder, murder

2Pac Lyrics

"Me Against The World"

(feat. Puff Johnson, Dramacydal)

[2Pac:]
It's just me against the world
Nothin' to lose
It's just me against the world, baby
I got nothin' to lose, it's just me against the world
Stuck in the game
Me against the world, baby

[2Pac:]
Can you picture my prophecy?
Stress in the city, the cops is on top of me
The projects is full of bullets, though bodies is droppin'
They ain't no stoppin' me
Constantly movin' while makin' millions
Witnessin' killings
Leavin' dead bodies in abandoned buildings
Can't reach the children 'cause they're illin'
Addicted to killin' and the appeal from the cap peelin'
Without feelin', but will they last or be blasted?
Hard headed bastard
Maybe he'll listen in his casket; the aftermath
More bodies being buried, I'm losin' my homies in a hurry
They're relocatin' to the cemetery
Got me runnin', stressin', my vision's blurry
The question is will I live? No one in the world loves me
I'm headed for danger, don't trust strangers
Put one in the chamber whenever I'm feeling this anger
Don't wanna make excuses, cause this is how it is
What's the use? Unless we're shootin' no one notices the youth
It's just me against the world, baby

[2Pac & Puff Johnson:]
Me against the world
It's just me against the world
It's just me against the world
Me against the world
Cause it's just me against the world, baby
Me against the world
I got nothin' to lose, it's just me against the world, baby
I got nothin' to lose

[Yaki Kadafi:]
Could somebody help me? I'm out here all by myself
See ladies in stores, Baby Capone's, livin' wealthy
Pictures of my birth on this earth is what I'm dreamin'
Seein' daddy's semen, full of crooked demons
Already crazy and screamin'
I guess them nightmares as a child
Had me scared, but left me prepared for a while

Is there another route? For a crooked outlaw
Veteran, a villain, a young thug, who one day shall fall

[E.D.I. Mean:]
Everyday there's more death, and plus I'm dough-less
I'm seein' more reasons for me to proceed with thievin'
Scheme on the schemin' and leave they peeps grievin'
Cause ain't no bucks to stack up, my nuts is backed up
I'm about to act up, go load the MAC up, now watch me klacka
Tried makin' fat cuts, but yo, it ain't workin'
And evil's lurkin', I can see him smirkin' when I gets to pervin'
So what? Go put some work in, and make my mail
Makin' sales, riskin' 25 with a L, but oh well

[2Pac & Puff Johnson:]
Me against the world
With nothin' to lose, it's just me against the world
It's just me against the world, baby
Me against the world
I got nothin' to lose, it's just me against the world
It's just me against the world, baby
With nothin' to lose, it's just me against the world, baby
Me against the world
Me against the world
I got nothin' to lose, it's just me against the world, baby

[2Pac:]
With all this extra stressin'
The question I wonder is after death, after my last breath
When will I finally get to rest through this oppression?
They punish the people that's askin' questions,
And those that possess steal from the ones without possessions
The message I stress: to make it stop, study your lessons
Don't settle for less, even the genius asks his questions
Be grateful for blessings, don't ever change, keep your essence
The power is in the people and politics we address
Always do your best, don't let the pressure make you panic
And when you get stranded
And things don't go the way you planned it
Dreamin' of riches, in a position of makin' a difference
Politicians are hypocrites, they don't wanna listen
If I'm insane, it's the fame made a brother change
It wasn't nothin' like the game, it's just me against the world

[2Pac & Puff Johnson:]
Me against the world
Nothin' to lose, it's just me against the world, baby
Me against the world
Got me stuck in the game, it's just me against the world
Nothin' to lose, it's just me against the world, baby
Me against the world

[2Pac:]
Hahaha, that's right
I know it seem hard sometimes
But uh, remember one thing

Through every dark night, there's a bright day after that
So no matter how hard it get
Stick your chest out, keep your head up, and handle it!

2Pac Lyrics

"So Many Tears"

I shall not fear no man but God
Though I walk through the valley of death
I shed so many tears
If I should die before I wake
Please God walk with me
Grab a nigga and take me to Heaven

Back in elementary, I thrived on misery
Left me alone I grew up amongst a dying breed
Inside my mind couldn't find a place to rest
Until I got that Thug Life tatted on my chest
Tell me can you feel me
I'm not living in the past, you wanna last?
Be the first to blast Remember Kato
No longer with us; he's deceased
Call on the sirens, seen him murdered in the streets, now rest in peace
Is there heaven for a G? Remember me
So many homies in the cemetery, shed so many tears

I! I suffered through the years, and shed so many tears...
Lord! I lost so many peers, and shed so many tears

Now that I'm struggling in this business, by any means
Label me greedy gettin' green, but seldom seen
And fuck the world cause I'm cursed, I'm having visions
Of leaving here in a hearse, God can you feel me?
Take me away from all the pressure and all the pain
Show me some happiness again, I'm going blind
I spend my time in this cell, ain't living well
I know my destiny is Hell. Where did I fail?
My life is in denial and when I die
Baptized in eternal fire, shed so many tears

Lord! I suffered through the years, and shed so many tears...
Lord! I lost so many peers, and shed so many tears

Now I'm lost and I'm weary, so many tears
I'm suicidal so don't stand near me
My every move is a calculated step, to bring me closer
To embrace an early death, now there's nothing left
There was no mercy on the streets, I couldn't rest
I'm barely standing, bout to go to pieces, screamin' peace
And though my soul was deleted, I couldn't see it
I had my mind full of demons trying to break free
They planted seeds and they hatched, sparking the flame
Inside my brain like a match, such a dirty game
No memories, just a misery
Painting a picture of my enemies killing me, in my sleep
Will I survive 'til the mornin' to see the sun
Please Lord forgive me for my sins, cause here I come

Lord! (God!), I suffered through the years, and shed so many tears...
God! I lost so many peers

And Lord knows I tried, been a witness to homicide
Seen drive-bys takin' lives, little kids die
Wonder why as I walk by
Broken-hearted as I glance at the chalk line, getting high
This ain't the life for me, I wanna change
But ain't no future bright for me, I'm stuck in the game
I'm trapped inside a maze
See this Tanqueray influenced me to getting crazy
Disillusioned lately, I've been really wanting babies
So I could see a part of me that wasn't always shady
Don't trust my lady cause she's a product of this poison
I'm hearing noises, think she's fuckin' all my boys, can't take no more
I'm fallin' to the floor; beggin' for the Lord to let me in
To Heaven's door -- shed so many tears

Lord! lost so many peers, and shed so many tears...
I lost so many peers, and shed so many tears...
Lord! I suffered many years, and shed so many tears...
God! I lost so many peers, and shed so many tears

[Sample:]
Hey! Hey-ayyaahhyy

[2Pac:]
Yo Mo Bee mayn! Drop that shit!
You know what time, boo-yaow, I know it's time for you
So grab one by the hand you know what I'm sayin'
And uh, throw up that finger
Ayo throw y'all fingers up! Thug style baby, Thug style y'know?

[2Pac:]
Tell me baby are you lonely?
Don't wanna rush ya, I can help ya if ya only
Let me touch ya, if I'm wrong love tell me
'cause I get caught up, and the life I live is Hell see
I never thought I'd see, the day when I would calm down
You ain't heard, I've been known to clown and Get Around
That's my word, see you walkin' and you lookin' good
Yes indeed, got a body like a sex fiend, you're killin' me
With your attitude to match right?
Don't be phony, 'cause I hate when you act like
You don't know me I've be stressin' in the spotlight
I want the fame, but the industry's a lot like
A crap game, ain't no time for commitment, I gotta go
Can't be with you every minute miss, another show
And even though I'm known for my one night stand
(Look here) I wanna be an honest man
But temptations go

[2Pac:]
Throw up the finger! And all my homies go
Throw them the finger! Ya know what baby it's like

[Easy Mo Bee:]
I know you've been searchin' for someone
To make you happy, and get the job done
You say you needed, a man with money
But I can't be there, and will you still care

[2Pac:]
Will I cheat or will I be committed, heaven knows
Gettin' weak and I wanna hit it, so here I go
In my ride and I'm all in
Gettin' high, I can hear the people callin'
I'm passin' by, everybody knows I'm ballin'
And to God, gotta keep myself from fall-in
But it's hard, all the cuties know I'm under pressure
What do I do, gettin' shaky when she pull the dress up
And say it's cool, should I stroke or should I wait a while, you decide
If you tell me that you don't want it, that's a lie

Move close and let me whisper
Some dirty words in your ears as I kiss ya
On every curve, slow down baby don't rush, I like it slow
Can't hold it any longer, so let it go
Open the gates to your waterfall up in heaven
And don't worry, I let myself in, all I heard was

[2Pac:]
Give 'em the finger!
All my homies go, throw your fingers up
That's just the Thug in me girl, you know
Peep out all my homies, y'know, it's like

[Easy Mo Bee:]
I know you've been searchin' for someone
To make you happy, and get the job done
You say you needed, a man with money
But I can't be there, and will you still care

[2Pac:]
A lotta people think it's easy
To settle down, got a woman that'll please me
In every town, I don't wanna but I gotta do it
The temptation got me ready to release the fluid Sensation, sit down and conversate like you know me, take my hand
'Cause even Thugs get lonely, understand
Even the hardest of my homies need attention
Catch you blowin' up the telephone, reminiscin'
I wanna take you to the movies, and the park
Let's find a spot for you to do me, in the dark
Now that it's passion, hold me tight
Don't need lights, I can see you by the moonlight
I know your man ain't lovin' you right
You're lonely and depressed you need a Thug in your life
Enough talkin', you want me to leave, I'll get to walkin'
See you later, 'cause baby I'm a player, and all I heard was

[2Pac:]
Give 'em the finger, and all my homies go
Yo this how we gonna do this in the nine-trey y'know?
Throw your fingers up
You know? They gonna peep this, this how we run game on you

(Everybody, hey, alright
Hey, heyyyeah, heyyyayy, oh)

All my niggas go, uptown in the, give 'em the finger!
Throw your hands up, give em the finger!

2Pac Lyrics

"Young Niggaz"

I wanna dedicate this one to Robert 'Yummy' Sandifer
And all other lil' Young Niggas that's in a rush to be gangstas

As a Young nigga, I'm almost runnin' in the wind
Give anything, to be that innocent again, when I was ten
I didn't bang but I was hangin' with the homies
'Til them niggas started slangin', now they don't know me
I got my hustle on, learned to ignore what couldn't pay me
Lately I've been tryin' to make a mill-ion, can you blame me?
With that jealousy they need to miss me, don't sweat me
If them cowards really want me, come get me, and even I
Someday will die but I'm cautious, I'm fin' to ride
Put down the top, now we flossin'
Hit the freeway, let the wind blow, drop the window
Workin' with a twenty sack of indo, feelin' good
Stop through the hood, grab the young thugs
And I can't help but reminisce back when we slung drugs, though it's bad
But all we had was our hopes and dreams
Couldn't see unless we learned to slang dope to fiends
As Young Niggas

He's the kind of G like everybody knows
(As a strung nigga)
He's always G'd up, from head to toe
(My memories as a young nigga)
Always got it blown like Al Capone
(Strung nigga)
He's the downest G I've ever known

Back in Junior High, when we was barely gettin' by, when daddy died
That's when my momma started gettin' high
My neighborhood was full of drive-bys, couldn't survive
All our homies livin' short lives, I couldn't cry
Told my momma if I did die, just put a blunt in my casket
Let me get my dead homies high
Come follow me throughout my history, it's just
Me Against the World stuck in misery; as a young nigga
My only thing was to be paid
Life full of riches avoid snitches cause they shady, back in the days
We always found the time to play
But that's before they taught them gangbangers how to spray
Not just L.A., but in the Bay and in Chicago and even St. Louis
Every stadium that I go, when will they change?
Stuck in the game like a dumb nigga
Remember how it was, to be a young nigga

He's the kind of G like everybody knows
(As a young nigga)
He's always G'd up, from head to toe
(My memories as a young nigga)

Always got it blown like Al Capone
(young nigga)
He's the downest G I've ever known

[Ad-lib:]
I'm tellin' you
...to be young, have your brains and have every limb and all that
Yo, y'all niggas don't know how good you really do got it
Muh'fuckers need to just calm down
And peep what the fuck they wanna do for the rest of the life
'Fore you end your life before you BEGIN your life
You dumb nigga

Now that I'm grown, I got my mind on bein' somethin'
Don't wanna be another statistic, out here doin' nuttin
Tryin' to maintain in this dirty game, keep it real
And I will even if it kills me, my Young Niggas
Break away from these dumb niggas
Put down the guns and have some fun nigga, the rest'll come figure
Fame is a fast thang, that gangbangin'
Puttin' niggas in a casket, murdered for hangin'
At the wrong place at the wrong time, no longer livin'
Cause he threw up the wrong sign, and every day
I watch the murder rate increases, and even worse
The epidemic and diseases, what is the future?
The projects lookin' hopeless, where
More and more brothers givin' up and don't care
Sometimes I hate when brothers act up, I hit the weed
And I proceed to blow the track up, for Young Niggas

He's the kind of G like everybody knows
(for the young niggas)
He's always G'd up, from head to toe
(My memories as a young nigga)
Always got it blown like Al Capone
(this for nigga.., this for the young nigga)
He's the downest G I've ever known

He's the kind of G like everybody knows
He's always G'd up, from head to toe
He always got it blown like Al Capone
He's the downest G I've ever known

[Collision over the last 4 lines:]
This go out to the young thugs, the have-nots (you know)
Little bad motherfuckers from the block (that's right)
Them niggas that's thirteen and fourteen
Drivin' Cadillacs, Benzes and shit (I see you boy)
Young motherfuckin' hustlers (make that money boy)
Stay strong nigga
You could be a fuckin' accountant, not a dope dealer
You know what I'm sayin'? (Go to school nigga, go to school)
Fuck around and, you pimpin' out here
You could be a lawyer (really doe)
Niggas gotta get they priorities straight
(Don't see Johnny Cochran out in this motherfucker)

Really doe. Young Niggas. little RahRah
(sup nigga) Especially my little cousins don't be no dumb guy
(Don't be a dumb nigga, listen, Young Niggas)

2Pac Lyrics

"Heavy In The Game"

(feat. Eboni Foster, Lady Levi, Richie Rich)

[Lady Levi:]
Oh, you Thug Life is yours?
Life ain't no something you can rap with
Ooh come no ordinary game
The game no something you can rap with
Me's a player you know?
I do not, play in no game
Me just, make money, dollars.
Every time, seen?

[2Pac:]
Now how can I explain how this game laced me, plus with this fame
I got enemies do anything to break me, my attitude changed
Got to the point where I was driven, twenty-four/seven
Money's my mission, just a nigga tryin' to make a livin'
These busta tricks don't want no mail
They spendin' they riches on skanless bitches, who'll stay petrified in jail
It's hell, plus all the dealers want a meal ticket
Jealous-ass bitches, player-hatin' but we still kick it
Always keep my eyes on the prize, watch the police
Seen so much murder, neighborhoods gettin' no sleep
But still, I get my money on major, continuously
Communicatin' through my pager, niggas know me
Don't have no homies since they jealous, I hustle solo
'Cause when I'm broke I got no time for the fellas listen
Ain't nothin' poppin' 'bout no broke nigga, I ain't no joke
Fuck what they say and get your dough nigga
Heavy in the game

[Ad-libs — Lady Levi (Eboni Foster):]
(Game's been good to me)
Who the bumba clat him a come try take mine?
Oh, me see you rushin' up (Game's been good to me)
I throw I'm blood claat P.M. to A.M
All, all the bumba come ya take dis ting
For ya take dis ting for joke?
Oh, that's right (I don't care what it did to them
The game's been good to me)

[Richie Rich:]
(Well let me shoot some of this how heavy type of shit)
Certain niggas wanna stick to the game, you's a trick to the game
Waitin' upon your turn, son when will you learn?
Ain't no turns given, niggas be twistin' and takin' shit
Puttin' they sack down, then puttin' they mack down
Me myself I hustle with finesse yes I'm an Oakland baller
Rule number one — check game, and fo' sho' you gon' respect game
Be your own nigga meanin' buy your own dope
Cause that front shit is punk shit, something I never funked with

Be true to this game and this game will be true to you
That's real shit; disrespect, see what this here do to you
That jackin' and robbin', despisin' your homie
Ain't healthy, niggas be endin' up dead 'fore they get wealthy
But not me though, I'm sewin' somethin' major
So what I reap is boss — that's why my public status is floss
Went from a, young nigga livin' residential
To a, young nigga workin' presidential

[Ad-libs — Lady Levi (Eboni Foster):]
(Game's been good to me)
Me nigga Tu-pac ALWAYS look good
You know that's true I'm look good every time
Ooh, pussy war? Step up (Game's been good to me)
Can yi know I'm serving up blood claat
Playing yi fucking games
Ooh, we take game, we won!
(I don't care what it did to them)
Any by now
(the game's been good to me)
All, yi haffa forget fi we won!
Everytime

[2Pac:]
I'm just a young black male, cursed since my birth
Had to turn to crack sales, if worse come to worse
Headed for them packed, jails, or maybe it's a hearse
My only way to stack mail, is out here doin' dirt
My decisions do or die, been hustlin' since junior high
No time for askin' why, gettin' high, gettin' mine
Put away my nine, cause these times call for four-five shells
Cause life is hell, and everybody dies
What about these niggas I despise
Them loud talkin', cowards shootin' guns into crowds, jeopardizin' lives
Shoot 'em right between them niggas' eyes, it's time to realize
Follow the rules or follow them fools that die
Everybody's tryin' to make the news
Niggas confused, quit tryin' to be an O.G. and pay your dues
If you choose to apply yourself
Go with the grain then, come into riches and the bitches and the fame
Heavy in the game

[Ad-libs — Lady Levi (Eboni Foster):]
(Game's been good to me)
Boy, ya nah bitch!
Major that's true we look good everytime
When we at Beers Diamond
And 2Pac drives vintage car (Game's been good to me)
And fi them frame them look good, oh no?
This whole world ya call on
Gonna mass on a face
For any, section of bumba ras claat, oh!
(I don't care what it did to them)
(the game's been good to me)
Flush it! Oh!
Nobody wan come test me ya know

True them we a drive pretty car
Wanna no part of any ting
And now you wan come drown a gun
But ya see we know, you haffa show I'm maximum respect
For when a blood clat run or when a pussy walk up
We look good everytime
'Nough dollars, dollars!
Ya know about dollars, them right?
But we nah talk no shit
We haffa walk de walk for we a talk, see it?
'Cause action, action speak louder dan words
You n who the record partner
Don't blood claat ting at, ALL

2Pac Lyrics

"Lord Knows"

Damn, another funeral, another motherfucker
Lord knows
['Pac is choking on blunt smoke*]*
Lord knows
*[*coughing harder*]*
Lord knows
*[*one final cough*]*

I smoke a blunt to take the pain out
And if I wasn't high, I'd probably try to blow my brains out
I'm hopeless, they should've killed me as a baby
And now they got me trapped in the storm, I'm goin' crazy
Forgive me; they wanna see me in my casket
And if I don't blast I'll be the victim of them bastards
I'm losin' hope, they got me stressin', can the Lord forgive me
Got the spirit of a thug in me
Another sip of that drink, this Hennessey got me queasy
Don't wanna hurl, young nigga take it easy
Picture your dreams on a triple beam, and it seems
Don't underestimate the power of a fiend
To my homies on the block
Slangin' rocks with your Glocks put this tape in your box
When you're runnin from the cops -- and never look back
If they could be black, then they would switch
Open fire on them busta-ass bitches, and Lord knows...

(Lord knows, Lord knows, Lord knows!)
Lord knows
*[*coughing again*]*
(He knows! Lord knows, Lord knows, Lord knows!)
The Lord knows
*[*still coughing*]*
(He knows! Lord knows, Lord knows, Lord knows!)
The Lord knows
(He knows! Lord knows, Lord knows, Lord knows!)

I wonder if the Lord will forgive me or bury me a G
I couldn't let my adversaries worry me
And every single day it's a test, wear a bulletproof vest
And still a nigga stressin' over death
If I could choose when a nigga die, figure I'd
Take a puff on the blunt, and let my trigga fly
When everyday it's another death, with every breath
It's a constant threat, so watch yo' step!
You could be next if you want to, who do you run to?
Murderin' niggas, look what it's come to
My memories bring me misery, and life is hard
In the ghetto, it's insanity, I can't breathe
Got me thinking, what do Hell got?
Cause I done suffered so much, I'm feelin' shell-shocked

And drive-by's an everyday thang
I done lost too many homies to this motherfuckin' game
And Lord knows...

(Lord knows, Lord knows, Lord knows!)
Lord knows
*[*coughing again*]*
(He knows! Lord knows, Lord knows, Lord knows!)
The Lord knows
*[*still coughing*]*
(He knows! Lord knows, Lord knows, Lord knows!)
The Lord knows
(He knows! Lord knows, Lord knows, Lord knows!)

One-time! One-time!
Fuck the 5-0 cause they after me
Kill me if they could, I'll never let 'em capture me
Done lost too many niggas to this gangbangin'
Homies died in my arms, with his brains hangin', fucked up!
I had to tell him it was alright, and that's a lie
And he knew it when he shook and died, my God
Even though I know I'm wrong man
Hennessey make a nigga think he strong, man (heh heh)
I can't sleep, so I stay up, don't wanna fuck them bitches
Try to calm me down, I ain't givin' up
I'm gettin' lost in the weed, man, gettin' high
Livin' every day, like I'm gon' die (gon' die, gon' die)
I smoke a blunt to take the pain out
And if I wasn't high, I'd probably try to blow my brains out
Lord knows...

(Lord knows, Lord knows, Lord knows!)
Lord knows!
(He knows! Lord knows, Lord knows, Lord knows!)
Lord knows. Jesus.
(He knows! Lord knows, Lord knows, Lord knows!)
(He is listening! Lord knows, Lord knows, Lord knows!)

(Lord knows. Lord knows. He He. He. He. He.)
(Lord knows, Lord knows, Lord knows!)
(Lord knows, Lord knows, Lord knows!)
(Lord knows, Lord knows, Lord knows!)
(Lord knows, Lord knows, Lord knows!)

2Pac Lyrics

"Dear Mama"

[2pac:]
You are appreciated
When I was young, me and my mama had beef
17 years old, kicked out on the streets
Though back at the time I never thought I'd see her face
Ain't a woman alive that could take my mama's place
Suspended from school
And scared to go home, I was a fool
With the big boys breaking all the rules
I shed tears with my baby sister, over the years
We was poorer than the other little kids
And even though we had different daddies, the same drama
When things went wrong we'd blame mama
I reminisce on the stress I caused, it was hell
Huggin' on my mama from a jail cell
And who'd think in elementary, hey
I'd see the penitentiary one day?
And running from the police, that's right
Mama catch me, put a whoopin' to my backside
And even as a crack fiend, mama
You always was a black queen, mama
I finally understand
For a woman it ain't easy trying to raise a man
You always was committed
A poor single mother on welfare, tell me how you did it
There's no way I can pay you back, but the plan
Is to show you that I understand; you are appreciated

[Reggie Green and "Sweet Franklin" (2Pac):]
Lady, don't you know we love ya? (Dear Mama)
Sweet lady, place no one above ya (You are appreciated)
Sweet lady, don't you know we love ya?

[2pac:]
Now, ain't nobody tell us it was fair
No love from my daddy, 'cause the coward wasn't there
He passed away and I didn't cry, 'cause my anger
wouldn't let me feel for a stranger
They say I'm wrong and I'm heartless, but all along
I was looking for a father he was gone
I hung around with the thugs
And even though they sold drugs
They showed a young brother love
I moved out and started really hangin'
I needed money of my own, so I started slangin'
I ain't guilty, 'cause even though I sell rocks
It feels good putting money in your mailbox
I love paying rent when the rent is due
I hope you got the diamond necklace that I sent to you
'Cause when I was low you was there for me

And never left me alone, because you cared for me
And I could see you coming home after work late
You're in the kitchen, trying to fix us a hot plate
You just working with the scraps you was given
And Mama made miracles every Thanksgivin'
But now the road got rough, you're alone
You're trying to raise two bad kids on your own
And there's no way I can pay you back, but my plan
Is to show you that I understand; you are appreciated

[Reggie Green and "Sweet Franklin" (2Pac):]
Lady, don't you know we love ya? (Dear Mama)
Sweet lady, place no one above ya (You are appreciated)
Sweet lady, don't you know we love ya?

[2pac:]
Pour out some liquor and I reminisce
'Cause through the drama I can always depend on my mama
And when it seems that I'm hopeless
You say the words that can get me back in focus
When I was sick as a little kid
To keep me happy, there's no limit to the things you did
And all my childhood memories
Are full of all the sweet things you did for me
And even though I act crazy
I gotta thank the Lord that you made me
There are no words that can express how I feel
You never kept a secret, always stayed real
And I appreciate how you raised me
And all the extra love that you gave me
I wish I could take the pain away
If you can make it through the night, there's a brighter day
Everything will be alright if you hold on
It's a struggle everyday, gotta roll on
And there's no way I can pay you back, but my plan
Is to show you that I understand; you are appreciated

[Reggie Green and Sweet Franklin (2Pac):]
Lady, don't you know we love ya? (Dear Mama)
Sweet lady, place no one above ya (You are appreciated)
Sweet lady, don't you know we love ya? (Dear Mama)
Sweet lady
Lady (Dear Mama)

2Pac Lyrics

"It Ain't Easy"

[Ad-lib:]
Keepin' it real

I take a shot of Hennessy, now I'm strong enough to face the madness
Nickel bag full of cess weed laced with hash
Phone calls from my niggas on the, other side
Two childhood friends just died, I couldn't cry
A damn shame, when will we ever change?
And what remains from a twelve gauge to the brain?
Arguments with my Boo, it's true
I spend mo' time with my niggas than I do with you
But everywhere it's the same thang, that's the game
I'll be damned if a thang changed, fuck the fame
I'll be hustlin' to make a mill-ion
Lord knows ain't no love for us ghetto children
So we cold, Rag-top slowin' down, time to stop for gas
Beep my horn for a hoochie with a proper ass, uh
It ain't easy, that's my motto
Drinkin' Tanqueray straight out the bottle
Everybody wanna know if I'm insane
My baby mama gotta mind full of silly games
And all the drama got me stressin' like I'm hopeless
I can't cope me and the homies smokin' roaches
Cause we broke late night hangin' out 'til the sunrise gettin' high
Watchin' the cops roll by
It ain't easy... that's right... it ain't easy

...easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?

I can't sleep, niggas plottin' on me, kill me while I'm dreamin'
Wake up sweaty and screamin', cause I can hear them suckers schemin'
Probably paranoid, problem is, them punks be fantasizin'
A brother bite the bullet, open fire and I died
I wonder why this just the way it is
Even now lookin' out for these killa kids
Cause they wild
Bill Clinton can you recognize a nigga representin'
Doin' twenty to life in San Quentin
Gettin' calls from my nigga Mike Tyson, ain't nuttin' nice
Yo 'Pac, do something righteous witcha life
And even though you're innocent you still a nigga, so they figure, rather have you behind bars than triggers
But I'm hold ya down and holla Thug Life
Lickin' shots 'til I see my niggas free on the block
But no it ain't easy, hahahah
'Til I see my niggas free on the block, uh

It ain't easy

It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary?..

Lately been reminiscin'
'Bout Peppermint Schnapps in Junior High hit the block
Keep an eye on the cops while D-Boys slang rocks
Just a project kid without a conscience, I'm havin' dreams
Of hearin' screams at my concerts
Me and all my childhood peers through the years tryin' to stack a little green
I was only seventeen, when I started servin' fiends
And I wish there was another way to stack a dolla
Sold my Impala cause these hard times make me wanna holla
Will I live to see tomorrow, am I fallin' off?
I hit the weed and then proceed to say fuck all of y'all
Ain't nobody down with me I'm thuggin'
I can't go home 'cause muh-fuckers think I'm buggin'
So now I'm in this high powered cell at the county jail
Punk judge got a grudge, can't post no bail
What, do I do in these county blues
Gettin' battered and bruised by the you know who
And these fakes get to shakin' when they face me
Snakes ain't got enough nuts to replace me
Sittin' in this, livin' hell, listenin' to niggas yell
Tryna torture 'em to tell, I'm gettin' mail
But ain't nobody sayin' much, the same old nuts
Is makin' bucks while these sluts is gettin' fucked
They violated my probation
And it seems I'll be goin' on a long vacation
Meanwhile it ain't easy..
No it ain't easy

It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?
It ain't easy, being me
Will I see the penitentiary or will I stay free?

2Pac Lyrics

"Can U Get Away"

(feat. Anya Pinto)

[2Pac and Anya talking:]
Whassup? It's 2Pac. Can you get away?
Let me come swoop you up
(You know I got a man)
I know you got a man, but he ain't gon' mind if I take you out
(Of course he gon' mind)
Let me take you to lunch, I'll have you back before he even get home, before anybody see
(I can't, he ain't gon' let me
Aww c'mon! Please...
(Nah)
Oh aight – what's wrong with your eye?
Why you got on glasses?

[2Pac:]
Ever since I met ya I could peep the pressure
It's like your man don't understand, all he does is stress ya
I can see your state of misery from the introduction
Ain't 'bout no suckin' and touchin', just harmless discussion
Maybe we can see a better way, find a brighter day
Late night phone conversations – would that be OK?
I don't wanna take up all your time, be the next in line
Tell me your size, let me find you things with you in mind
I can see you're cautious and I'm careful not to scare you
The anticipation of love makin'
Got you shakin' when I'm standin' near you
News of precision will prepare ya
In case you get scared, just ask the man in the mirror
Now the picture's gettin' clearer
All he does is hit you hard
I tell you to leave him, and you tell me keep my faith in God
I don't understand, I just wanna bring ya home
I wonder should I leave you alone
And find a woman of my own
All the homies tell me that you don't deserve it
I contemplate – but in my heart I know you worth it
Tell me, can you get away?

Ebony, can you get away?
C'mon… Let's go… Can you get away?
Can you get away?

[Anya Pinto (2Pac):]
So much pressure in the air (I know, I know)
And I can't get away (Just for a little while love)
I'm not happy here (I know it's hard but, can you get away?)
So much pressure in the air
(Let's go man, get up outta there, can you get away?)
And I can't get away (Do you love him?)
I'm not happy here (Do you love that man?)

[2Pac:]
Could it be my destiny to be lonely?
Ain't checkin' for these hoochies that be on me
'Cause they phony
But you was different, I got no need to be suspicious
'Cause I can tell, my life with you would be delicious
The way you lick your lips and shake your hips got me addicted
I'm sittin' here hopin' that we can find some way to kick it
Even though I got your digits, gotta struggle to resist it
Slowly advance when it's my chance not to miss it
You blow me kisses when he ain't lookin'
Now your heart's tooken
My only wish is that you change your mind and he get shook
Wanna take you there but you scared to follow
Come see tomorrow
Hopin' I can take you through the pain and sorrow
Let you know I care – that someone's there for your struggle
Depend on me, when you have needs or there's trouble
I wanna give you happiness and maybe even more
I told you before, no time to waste
We can hook up at the store. Can you get away?

[Anya Pinto (2Pac):]
So much pressure in the air (I know it is)
And I can't get away (Yeah, you can)
I'm not happy here (You ain't happy, huh? Can you get away?)
So much pressure in the air (I know… is he beatin' on you?)
And I can't get away (Did he punch you?)
I'm not happy here (Throwin' you around the house?)

[2Pac:]
I sit here reminiscin' and I hope you listenin'
In the position to pressure and offer competition
Me and you was meant to be my destiny, no longer lonely
'Cause now it's on for you and me, all I can see
A happy home – that's my fantasy
But my reality is problems with your man and me
What can I do? Don't wanna lose you to this sucker
'Cause if he touch ya, I got some drama for that busta
Don't wanna rush ya, but make your mind up fast
Nobody knows, on who controls will it last?
Before I ask, I hope you see that I'm sincere
And even if you stay with him today I'm still here
I refuse to give up, 'cause I believe in what we share
You're livin' in prison and what he's givin' can't compare
'Cause everything I feel for you I wanna let you know
Passionately yours and I'll never let you go
Tell me, can you get away?

[Anya Pinto (2Pac):]
So much pressure in the air (Can't get away why?)
And I can't get away
I'm not happy here
(Let me take you away, all I wanna know, can you get away?)
So much pressure in the air (Man)

And I can't get away (Course you can get away)
I'm not happy here
(If you really wanted to get away, you could get away)

[2Pac:]
You ain't got to go through all this drama and this stress
With this old half a man, ya know what I'm sayin'?
I ain't tryin' to put you in a position
Where you gotta give up your lifestyle for everything
You need, but now… he ain't even takin' care of you
He beatin' on you and shit; look how you look!
You too motherfuckin' raw to be with that nigga
Ya know what I'm sayin'?
Shake that sucker to the left
Let me show you what this life is really about
Ya know what I'm sayin'? You need to be on first class
Need to be goin' to Hawaii, seein' the world
Seein' what this world got to offer you
Not goin' to, ya know what I'm sayin'?
The emergency room, gettin' stitches
'Cause this nigga done got jealous. Don't cry, it's all good

[2Pac and Anya talking again:]
Can you take me from here?
Shake that man, get away
Can you take me from here?
I'ahhhhhm unhappy here
And I need you to show me love
Because it's so much pressure now
And I need to get awayyyheyyyeahhh

2Pac Lyrics

"Old School"

[2Pac:]
Here we go; we gonna send this one out to the old school
All these motherfuckers in the Bronx, and Brooklyn, and Staten Island
Queens, and all the motherfuckers that laid it down, the foundation
Ya know what I'm saying? Nothing but love for the old school
That's who were going do this one for, ya feel me?

[Grand Puba sample:]
"What more could I say? I wouldn't be here today
If the old school didn't pave the way."
[5x]

[2Pac:]
I remember Mr. Magic, FLASH, Grandmaster Caz
LL, Raising Hell, but, that didn't last
Eric B. & Rakim was, the shit to me
I flip to see a Doug E. Fresh show, with Ricky D
and Red Alert was puttin in work, with Chuck Chill
Had my homies on the hill getting ill, when shit was real
Went out to steal. Remember Raw, with Daddy Kane?!
when De La Soul was puttin Potholes in the game
I can't explain how it was, Whodini
had me puffin on that Buddha gettin buzzed, cause there I was
Them block parties in the projects, and on my block
You diggy don't stop, sippin on that Private Stock
Through my speaker Queen Latifah, and MC Lyte
Listen to Treach, KRS to get me through the night
With T La Rock and Mantronix, to Stetsasonic
Remember "Push It" was the bomb shit, nuttin like the old school

[Grand Puba sample:]
"What more could I say? I wouldn't be here today
If the old school didn't pave the way."

[2Pac:]
I had, Shell Toes, and BVD's
A killer crease inside my Lee's when I hit the streets
I'm playing skelly, Ringolevio, or catch a kiss
Before the homies in my hood learned to smack a bitch
I remember. Way back, the weak weed they had
Too many seeds in the trey bag
I'm on the train headin uptown, freestyling
With some wild kids from Bucktown, profiling
Cus the hoochies was starin, thinking, "What them niggas wearing?"
I'm wondering if that's her hair, I remember
Stickball, humpin hoochies on the wall
Or taking leaks on the steps, stinking up the hall
Through my childhood, wild as a juvenile
A young nigga tryin to stay away from Rikers Isle
Me and my homies breakin nights, tryin to keep it true

Out on the roof sipping 90 proof, ain't nuttin like the old school

[Grand Puba sample:]
"What more could I say? I wouldn't be here today
If the old school didn't pave the way."

[2Pac:]
Remember popping and locking to Kurtis Blow, the name belts
And Scott LaRock the Super Ho back in Latin Quarters
When Slick Rick was spittin La Di Da Di
Gaming the hoochies at the neighborhood block parties
I remember, breakdancing to Melle Mel
Jekyll and Hyde, LL when he Rocks the Bells
Forget the TV, I'd rather hit the streets and do graffiti
Be careful don't let the transit cops see me
It ain't nothing like the old school!

[Grand Puba sample:]
"What more could I say? I wouldn't be here today
If the old school didn't pave the way."

[2Pac:]
Haha, on the real though
Remember seeing Brooklyn go crazy up in the motherfucking party?
Remember motherfuckers used to go, "Is Brooklyn in the house?"
And motherfuckers would lose they God Damn Mind!
That's the old school to me; that's what I'm sayin (Super, Sperm)
I remember goin places that motherfuckers was scared to say
they was from anywhere but Brooklyn; that shit was the bomb
Back in the motherfucking old school nigga
Remember skelly nigga? Knocking niggas out the box, popping boxes?
Remember stickball? Member niggas to run that shit like that?
Remember the block-- 'Member screaming up at your moms from the window?
(LL Cool J is hard as HELL...)
The ice cream truck, remember all the mother--
'Member the Italian Ices, yo? Yo, remember the Italian Ices?!
The Spanish Niggas comin' down with the coconut ices and shit?
I came through the door, said it before
That was the SHIT!

"Fuck The World"

(feat. Digital Underground)

[2Pac:]
(Haha, what you say?)
Who you callin' rapist?
Ain't that a bitch
You devils are so two faced
Wanna see me locked in chains, dropped in shame
And gettin' stalked by these crooked cops again
Fuckin' with the young Black male, tryin' to stack bail
And um, stay away from the packed jails
I told the judge I'm in danger
And that's why I had that four-five with one in the chamber
Fuck the world!

[Shock G (2Pac):]
They tryna say that I don't care
(I woke up screamin' "Fuck the world!")
They tryna say that I don't care
(Just woke up and screamed "Fuck the world!")
They tryna say that I don't care
(Uh, I woke up and screamed "Fuck the world!")
They're tryna say that I don't care
(Just got up and screamed "Fuck the world!")

[2Pac:]
When I was comin' up rough that wasn't even what you called it
That's why I smoke blunts now and run with alcoholics
I'm gettin' flex to me, comin' from my enemies
And in their dreams it's hell where they sendin' me
Have I lost control or just another soul?
A car full of motherfuckers when we roll
Sippin' on yak as I sit back
Life as a big mack
Brothers come up and say, "You did that?"
Never take your eyes off the prize and even if you gettin' high
Don't ever hesitate to try
Cause you can fall off or stay ballin', niggas we all in
And them my motherfuckers callin'
Fuck the world!

[Shock G (2Pac):]
They tryna say that I don't care
(Woke up screamed "Fuck the world!")
They tryna say that I don't care
(Just woke up and screamed "Fuck the world!")
They tryna say that I don't care
(I got up and screamed "Fuck the world!")
They're tryna say that I don't care
(I woke up and screamed "Fuck the world!")
They're tryna say that I don't care

[2Pac:]
(Man, Fuck the world)
Damn, they wanna label me a menace
Cause I'm sittin' here sippin' on Guinness
Weighin' 165 and these tricks should die
For being jealous of a brother when he rise
I can see it in your eyes, you wanna see a young playa fallin'
They hate to see a nigga ballin'
Some of you suckers is rotten, plottin' on what I got
And then you wonder why I shot him (Booyeah)
Stop givin' game for free, you wanna hang with me
Like being a thug is the thang to be
But I got love for my homies, the G's and macks
And if you're black, you better stay strapped
Nigga, fuck the world!

[Shock G (2Pac):]
They tryna say that I don't care
(I woke up screamed "Fuck the world!")
They tryna say that I don't care
(I woke up and screamed "Fuck the world!")
They tryna say that I don't care
(I got up and screamed "Fuck the world!")
(Haha, Fuck the world!)
(Fuck it)
(I hear my niggas screamin' "Fuck the world")

[2Pac:]
They wanna know if I claim the clique that I'm hangin' with
And if I'm down with this bangin' shit
Well homie I don't give a fuck if you Blood or Cuz
Long as you got love for thugs
But don't try to test me out, stall that
Homie this is Thug Life nigga and we all strapped
I been through hell and back and if I fail, black
Then it's back to the corner where we sell crack
Some of you niggas is bustas, you runnin' round
With these tramp-ass bitches, don't trust her
But don't cry, this world ain't prepared for us
A straight thug motherfucker who ain't scared to bust
Fuck the world!

[Shock G (2Pac):]
They tryna say that I don't care
(I woke up screamed "Fuck the world!")
They tryna say that I don't care
(I woke up screamin' "Fuck the world!")
They tryna say that I don't care (They tryna say that I don't care)
(I woke up and screamed "Fuck the world!")
Yeah what's goin on y'all?)

Uh, uh, uh. Fuck the world!

2Pac Lyrics

"Death Around The Corner"

(from "Resurrection" soundtrack)

[Child:] Why you by the window? What's wrong daddy?

[Mother:] I know what's wrong with that crazy motherfucker
He just stand by the goddamn window
With that fuckin' AK all day (there you go)
You don't work, you don't fuck, you don't
You don't do a goddamn thing

I see death around the corner, gotta stay high while I survive
In the city where the skinny niggas die
If they bury me, bury me as a G nigga, no need to worry
I expect retaliation in a hurry
I see death around the- corner, anyday
Tryin to keep it together, no one lives forever anyway
Strugglin' and strivin', my destiny's to die
Keep my finger on the trigger, no mercy in my eyes
In a ball of confusion, I'm thinkin' 'bout my daddy
Madder than a motherfucker, they never shoulda had me
I guess I seen too many murders, the doctors can't help me
Got me stressin' with my pistol in my sheets, it ain't healthy
Am I paranoid? - Tell me the truth
I'm out the window with my AK, ready to shoot
Ran out of indo and my mind can't take the stress, I'm out of breath
Make me wanna kill my damn self; but I see death around the corner

("When we were kids, belonging felt good.")
I see death around the corner
("But having respect, that feels even better.")
I see death around the corner
("When we were kids, belonging felt good.")
I see death around the corner
("But having respect, that feels even better.")

I see death around the corner, the pressure's gettin' to me
I no longer trust my homies - them phonies tried to do me
Smokin' too much weed, got me paranoid, stressed
Pack a gat and my vest, under my clothes when I dress
Here's hopin' I die the way I lived, straight thuggin'
Huggin' my trigger for all them niggas that was buggin'
My homie told me once, don't you trust them other suckers
They front like they your homies but they phony motherfuckers
And even if I did die young, who'd care
All I ever got was mean mugs and cold stares
Got homies in my head that done passed away screamin', please
Young nigga, make G's
I can't give up, although I'm hopeless, I think my mind's gone
All I can do is get my grind on, death around the corner

("When we were kids, belonging felt good.")

I see death around the corner
("But having respect, that feels even better.")
I see death around the corner
("When we were kids, belonging felt good.")
I see death around the corner
("But having respect, that feels even better.")

(I was raised) I was raised in the city, shitty
Ever since I was an itty bitty kitty
Drinkin' liquor out my momma's titty
And smokin' weed was an everyday thang in my household
And drinkin' liquor til' you out cold
And though I'm grown now, nigga it's still on - Pow!
Bustin on them niggas 'til they gone
How many more jealous ass bitches, comin' for my riches
Now I gotta be suspicious when I bone
Cause if I ain't sharp and heartless, them bitches'll start shit
Excuse me, but this is where we part bitch
No more game for free, please explain to me
Why niggas trip bitch, who you came to see?
Murder me now but see me later man, that's on my pops
I got homies that will hunt you 'til you drop
I hope the Lord can forgive me, I was a G
And gettin' high was a way of bein' free; I see death around the corner

("When we were kids, belonging felt good.")
I see death around the corner
("But having respect, that feels even better.")
I see death around the corner
("When we were kids, belonging felt good.")
I see death around the corner
("But having respect, that feels even better.")
I see death around the corner

This is for all the real motherfuckin' niggas out there
I know you ain't scared to die; we all gotta go, y'know?
A real motherfucker will pick the time he goes
And make sure he handles his motherfuckin' business
("You think you're gonna live long enough to spend that money
You fuckin hump?" -)
Y'all niggas stop actin' like pussies out there, all right

*[*movie samples*]*
"If any of you.
Are tired of gettin' ripped off by guys like that." -

"I want his family dead! I want his house burnt to the ground!
I wanna go there in the middle of the night I wanna piss on his ashes!"
"I want his family dead! I want his house burnt to the ground!
I wanna go there in the middle of the night I wanna piss on his ashes!"

"I want that son of a bitch dead, I want him dead!
I want him dead, I don't care."

2Pac Lyrics

"Outlaw"

(feat. Dramacydal)

[2Pac (RahRah):]
That's right nigga you gotta get your papers in this motherfucker
I ain't mad at ya at all (damn)
Aiyyo, what the fuck you wanna be when you grow up RahRah?
(Nigga, is you stupid, I wanna be a motherfuckin' Outlaw)
That's right nigga, hahaha. Housin' these hoes, you feel me?
(Aight, you know what I'm sayin'?)
You got to do that shit, keepin' it real nigga or what?
(Keepin' it real!)
How old are you nigga?
(I'm eleven)

[2Pac:]
Cause all I see is, murder murder, my mind state
Preoccupied with homicide, tryin' to survive through this crime rate
Dead bodies at block parties, those unlucky bastards
Gunfire now they require many closed caskets
Who can you blame? It's insane what we been through
Witnessin' evil that these men do, bitches sin too
In fact they be the reasons niggas get to bleedin'
Pull 'n' fuckin' fire when I leave 'em, you shoulda seen 'em
Hostile hoes catch elbows (beotch!) negroes disposed of
and snitches get dealt with, with no love
Body bags of adversaries that I had to bury
I broke the law and they jaw, all in the same flurry
But never worry, they'll remember me through history
Causin' motherfuckers to bleed, they'll label me a

Outlaw, Outlaw, Outlaw (They came in to sin)
Outlaw, Outlaw, Outlaw (Dear God, I wonder could you save me?)

[2Pac:]
Before I close my eyes I fantasize I'm livin' well
When I awake and realize I'm just a prisoner in hell
Just as well, cause in my cell I'm keepin' pictures of these bastards
Exercisin', visualizin', everyone inside a casket
Picture me blasted, surrounded by niggas in masks
Sent with the task to harass and murder my ass
Will I last? Heaven or Hell? Freedom or jail?
Shit's hard, who can you tell? And if we fail?
High speeds, and Thai weed on the freeway
When will they learn to take it easy? Uh
Drive-by's and niggas die, murder without a motive
By makin' motherfuckers fry
Got me runnin' from these coward-ass crooked-ass cops
Helicopters tryna hover over niggas 'til we drop
Got no time for the courts, my only thought is open fire
Hit the district attorney, but fuck that bitch, cause she's a liar
Now it's time to expire, I see the judge, spray the bitch

"Motherfuckers is crooked," is what I scream, and hit the fence
I commence to get wicked, spittin' rounds as the plot thickens
Never missin', an early grave is my only mission
If I die, never worry, bury me beside my four-five
May God forgive me, I was high, label me a

Outlaw, Outlaw, Outlaw (They came in to sin)
Outlaw, Outlaw, Outlaw (Dear God, I wonder could you save me?)

[Dramacydal:]
[Kadafi:]
Society lied to me, I ain't never gonna try to be
My mob'll be doin' robberies, and stickups on these wannabe's
I witnessed niggas lose they chest
For ordinary reasons niggas bodies put to rest
[Kastro:]
So I just... swallow my Beck's and holla, "Fuck 'em!"
And if I'm next... just let a nigga step with somethin'
I ain't fearin' nuttin'
[EDI Amin (Kastro):]
Young and thuggin', prepared for bustin' if that's my destiny
Ready for whatever, see you niggas can't get the best of me
(hold me down) Definitely no need for askin'
(now he mashin') Top speed (smokin' weed) laughin' (biotch!)
[Napoleon:]
Cause when I bust 'em they gonna shiver, the killers cry
Soldiers got bodies floatin' in the river, what is they sayin'?
Talkin' 'bout prayin'
[Kadafi:]
They need to stop, that ain't gon' help
These niggas sprayin' up my block
[Napolean:]
Tryin' to take my wealth

Outlaw, Outlaw, Outlaw (They came in to sin)
Outlaw, Outlaw, Outlaw (Dear God, I wonder could you save me?)
Outlaw, Outlaw, Outlaw (They came in to sin)
Outlaw, Outlaw, Outlaw (Dear God, I wonder could you save me?)

[2Pac:]
Fuck the judge, I gotta grudge
Punk police, niggas run the streets
Hahah, it ain't nuttin' but music
Shit's changed
1995 the game has changed, motherfuckers is actin REAL strange
The rules is all rearranged
You got babies lyin' dead in the streets
These punk police is crooked as me
but all I see is motherfuckers actin less than G's
Stop bein' a playa-hater, be a innovator nigga
Fuck that shit, don't be no entertainer and a stranger
Be a real motherfucker keep it real pack that steel
Cause you know these streets is real ill
Muh'fuckers wanna see me in my casket
Jealous, motherfuckin' bastards
I never die, thug niggas multiply

Cause after me is Thug Life baby
Then the young thugs
Then the youngest thug of all, my nigga RahRah!

2Pac Lyrics

"Ambitionz Az A Ridah"

I won't deny it, I'm a straight ridah
You don't wanna fuck with me
Got the police bustin' at me
But they can't do nothin' to a G
Let's get ready to rumble!

Now, you know how we do it, like a G
What really go on in the mind of a nigga
that get down for theirs
Constantly, money over bitches
Not bitches over money
Stay on your grind, nigga
My ambitions as a ridah
My ambitions as a ridah

So many battlefield scars while driven in plush cars
This life as a rap star is nothing without guard
Was born rough and rugged, addressing the mass public
My attitude was "fuck it," because motherfuckers love it
To be a soldier, must maintain composure at ease
Though life is complicated, only what you make it to be
Uh, and my ambitions as a ridah
To catch her while she hot and horny, go up inside her
Then I spit some game in her ear, "Go to the telly, hoe!"
Equipped with money in a Benz 'cause, bitch, I'm barely broke
I'm smokin' bomb-ass weed, feeling crucial
From player to player the game's tight, the feeling's mutual
From hustlin' and prayers
To breaking motherfuckers to pay up
I got no time for these bitches, 'cause these hoes try to play us
I'm on a meal ticket mission, want a mill, so I'm wishin'
Competition got me ripped on that bullshit they stressin'
I'ma rhyme though, clown hoes like it's mandatory
No guts, no glory, my nigga, bitch got the game distorted
Now it's on and it's on because I said so
Can't trust a bitch in the business so I got with Death Row
Now these money-hungry bitches gettin' suspicious
Started plottin' and plannin' on schemes to come and trick us
But thug niggas be on point and game tight
Me, Syke and Bogart strapped up the same night
Got problems, then handle it, motherfuckers see me
These niggas is jealous
'Cause deep in they heart they wanna be me
Uh, yeah, and now you got me right beside ya
Hopin' you listen, I catch you payin' attention
To my ambitions as a ridah

I won't deny it, I'm a straight ridah
You don't wanna fuck with me
Got the police bustin' at me

But they can't do nothin' to a G
Let's get ready to rumble

Peep it, it was my only wish to rise
Above these jealous coward motherfuckers I despise
When it's time to ride
I was the first off this side, give me the 9
I'm ready to die right here tonight and motherfuck they life
That's what they screaming as they drill me
But I'm hard to kill (that's all you niggas got?)
So open fire, I see you kill me, witness my steel
Spittin' at adversaries, envious and after me
I'd rather die before they capture me, watch me bleed
Mama, come rescue me, I'm suicidal, thinking thoughts
I'm innocent, so there'll be bullets flyin' when I'm caught
(Shoot!) Fuck doin' jail time, better day, sacrificin'
Won't get a chance to do me like they did my nigga Tyson
Thuggin' for life, and if you right, then nigga die for it
Let them other brothers try, at least you tried for it
When it's time to die, to be a man
And pick the way you leave
Fuck peace and the police, my ambitions as a ridah

I won't deny it, I'm a straight ridah
You don't wanna fuck with me
Got the police bustin' at me
But they can't do nothin' to a G
Let's get ready to rumble

My murderous lyrics
Equipped with spirits of the thugs before me
Pay off the block, evade the cops
'Cause I know they coming for me
I been hesitant to reappear, been away for years
Now I'm back, my adversaries been reduced to tears
Question my methods to switch up speeds
Sure as some bitches bleed
Niggas'll feel the fire of my mother's corrupted seed
Blast me, but they didn't finish, (buck buck buck buck buck)
didn't diminish my powers
So now I'm back to be a motherfuckin' menace, they cowards
That's why they tried to set me up
Had bitch ass niggas on my team, so indeed they wet me up
But I'm back reincarnated, incarcerated
At the time I contemplate the way that God made it
Lace 'em with lyrics that's legendary, musical mercenary
For money I'll have these motherfuckers buried
I been gettin' much mail in jail, niggas tellin' me to kill it
Knowin' when I get out, they gon' feel it
Witness the realest! A hoo-ridah when I put the shit inside
the cry from all your people when they find her
Just remind ya, my history'll prove authentic
Revenge on them niggas that played me
And all the cowards that was down with it
Now it's your nigga right beside ya, hopin' you listenin'
Catch you payin' attention to my ambitions as a ridah

I won't deny it, I'm a straight ridah
You don't wanna fuck with me
Got the police bustin' at me
But they can't do nothin' to a G
Let's get ready to rumble

"All Bout U"

(feat. Dru Down, Nate Dogg, Outlawz, Snoop Dogg)

[2Pac (Dru Down):]
Ah, yeah! Hahaha (Yeah!)
It's all about you, one time!
(I'ma say it's all about you, baby, yeah!)
Haha, for the bitches that think it's all about you
It's all about you! (This Dru Down in the house
With my boy 'Pizznac, you know what I'm sayin'?)
It's all about you
(Yeah, I'm gon' say it's all about you
But you know I'm lyin' though, hah! Yeah)

[2Pac:]
You probably crooked as the last trick
Want to laugh about how I got my ass caught up
With this bad bitch?
Thinkin' I had her, but she had me in the long run
It's just my luck, I'm stuck with fuckin' with the wrong one
Wise decisions, based on lies we livin'
Scandalous times, this game's like my religion
You could be rollin' with a thug
Instead you with this weak scrub, lookin' for some love
In every club, I see you starin' like you want it
Well, baby, if you got it, better flaunt it
Let the liquor help you get up on it
I'm still tipsy from last night
Bumpin' these walls as I pause, addicted to the fast life
I try to holla, but you tell me you taken
Sayin' you ain't impressed with the money I'm makin'
Guess it's true what they tellin' me
Fresh out of jail, life's hell for a black celebrity
So that's the reason why I call, and maybe you with it
Fantasies of us sweatin', can I hit it?
Addicted to the things you do
But still true what I'm sayin', boo, ‘cause this is all about you

[Nate Dogg (2Pac):]
Every other city we go, every other video
(It's all about you)
No matter where I go, I see the same ho
(Yeah, nigga)
Every other city we go, every other video
(It's all about you)
No matter where I go, I see the same ho

[2Pac:]
I make a promise if you go with me, just let me know
I'll have you hollerin' my name out before I leave
Nobody loves me, I'm a thug nigga
I only hung out with the criminals and drug dealers

I love niggas, ‘cause we comin' from the same place
Witness me holla at a hoochie, see how quick the game takes
How can I tell her I'm a playa? And I don't even care
Creep low, weed smoke's in the air
Everywhere I go, it's all about the groupie hoes
Waitin' for niggas at the end of every show
I just seen you in my friend's video
Could never put a bitch before my friends, so here we go
Follow the leader and peep the drama that I'm goin' through
It's all about you, yeah, nigga, it's all about you

[Nate Dogg (2Pac):]
Every other city we go, every other video
(It's all about you)
No matter where I go, I see the same ho
(Yeah, nigga)
Every other city we go, every other video
(It's all about you)
No matter where I go, I see the same ho

[Hussein Fatal:]
Is you sick from the dick, or is it the flu?
It ain't about you or your bitch-ass crew
Every other city we go and every video
Explain to a nigga why I see the same shitty ho
You think it's all about you? Well, boo
I gets down like Dru, and my nasty new niggas, too

[Yaki Kadafi:]
You couldn't hold me back, it'd take a fatter track
A lyrical attack, perhaps, it was a visual bluff
When I started to snaps all your rode 'em swoll
Straight in control, flows'll fold, while hoes cold stroll
Hold the set, I told Dramacy' go in next
Gold diggin', cold diggin' a gold Rolex

[Hussein Fatal:]
I slide in easily, try a grizzly
Sluts know the cuts, I came to fuck, try skeezin' me
Runnin' up in ya just like Bruce Jenner when I bend ya
At the most, I fucked a bitch
From the West Coast to West Virginia

[Nate Dogg (2Pac):]
Every other city we go, every other video
(It's all about you)
No matter where I go, I see the same ho
Every other city we go, every other video
(It's all about you)
No matter where I go, I see the same ho
Every other city we go, every other video
(It's all about you)
No matter where I go, I see the same ho
Every other city we go, every other video
No matter where I go, I see the same ho

[Snoop Doggy Dogg:]
I'm tellin' ya, it's the same old shit
I mean, goddamn, you know what I'm sayin'?
I'm sittin' back, watchin' Montell Jordan video
I see the same bitch who was in my homeboy Nate Dogg video
Then I flip the channel
I'm checkin' out my homeboy 2Pac video
I see the same bitch that was in my video, you knahmsayin'?
And then, you nahmsayin', what make that even mo' fucked up
I'm watchin' a Million Man March
And I see the same bitch, on the Million Man March
That was in the homeboy Warren G video
I mean, damn, everywhere I look
Everywhere I go, I see the same ho'
Don't get mad, I'm only bein' real, yeah

2Pac Lyrics

"Skandalouz"

(feat. Nate Dogg)

[2Pac:]
Hey Nate you know you got to focus on this motherfucker
We's gonna talk about these scandalous hoes
[Nate:]

[2Pac:]
Oh I know you can!

[2Pac:]
I met you through my homie now you act like you don't know me
So disappointed cause baby that shit was so phony
It's not for me, you see no lovin from my closest homies
Woulda paid you no mind, but baby you was all up on me
While you proceed with precision, you had the table hosed
No, I ain't mad at you baby, go 'head and play them fools
They chose not to listen, so now he stuck inside his house
And can't leave without his bitch permission
The mission's to be a playa, my alias is Boss
Drop a top on these jealous niggaz, playa let me floss
Y'all don't wanna see me in pain
I'll leave that ass like Toni Braxton, "Never breathing again"
It's scandalous, I never liked your back stabbin ass, trick
Used to watch you money grabbin, who you baggin beeyitch?
Ready to bust, in the city you don't know who to trust
But bitches lookin scandalous

[Nate Dogg:]
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous

[2Pac:]
How's it hangin? Cause baby from the back the shit is bangin
I've been stressin in this ghetto game, tryin to do my thang
Won't be no bullshit, no ass-kissin
This bitch'll have ya wakin up with all your cash missin
I'm askin, as if I'm qualified to analyze
You're lookin at a bitch who specialize in tellin lies
She got a body make a motherfucker fantasize
Her face ain't never shed a tear through them scandalous eyes
My sister precious in poverty
Plus I knew she was a freak bitch so why should it bother me?
I'd probably be sprung, addicted to the heat of her tongue
And though I don't where we're goin, she's makin me come

I've been trained as a boss playa, so what you sayin?
Let me show you, got some hookers we can toss later
Before I let her get me, I got her
Went in her purse took a hundred dollars
Nigga I'm so scandalous

[Nate Dogg:]
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous

[2Pac:]
Dangerous and ambitious, while schemin on gettin riches
I'm spittin at tricks cause I'm addicted to pretty bitches
Currency motivated, not easily terminated
Now that we made it, my niggaz can never be faded
This is my prophecy -- I gotta be paid
All you cowards that try to stop me is beggin for early graves
I thought we was cool, I was a fool, thinkin you could be true
When I don't fuck with your punk crew
These are the tales for my niggaz doin time in the cell
I went from hell, to livin well
Bustin at niggaz who said my name in vain
I got no time for them tricks, I'm heavy in the game
I wanna be a baller, please
But the bitches and the liquor keep on callin me
I'm floatin free on the highway, formulatin plans
Can't wait til I see L.A., cause it's so scandalous

[Nate Dogg:]
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous

[Nate Dogg repeats to end (2Pac speaks over):]
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous
Scandalous. She's so scandalous, she's so scandalous
She's so scandalous. She's so scandalous, she's so scandalous
(Aiyyo. How the prettiest bitch be the more scandalous the hoe be
You ever peep that shit? (Nah)
A bitch can be like fifteen, fuckin with a nigga 35
Gettin him for ends
Hoes these days is way too motherfuckin intelligent
When these niggaz get to trickin, hahaha, it's over then
That's aight though
Keep a nigga heavy in the game, bout so long
Watch them hoes
All you niggaz out there

2Pac Lyrics

"Got My Mind Made Up"

(feat. Daz, Kurupt, Method Man, Redman)

[Daz Dillinger:]
You find an MC like me who's strong
Leavin' motherfuckers aborted with no verbal support
And when I command the microphone I get deadly as Khan though
With a bear and a snake and a panda, I'm all those
Who can withstand the more power I gain
And make it possible for me to drop a few to wreck your brain
Imagine and keep on wishin' upon a star
Finally realizin' who the fuck we are
When I penetrate, it's been withstandin', faded
Would it be the greatest MC of all time when I created rhyme
For the simple fact, when I attack, I crush your pride
My intention to ride, every time on lye
I'm faced with the scars beyond this one bar
For me to put down my guard, I'm faced what I'ma ride
Breakin' in gas with the '68 all day
In-and-out with my pay, I'm soon to count the bodies

[2Pac:]
So mandatory my elevation, my lyrics like orientation
So you can be more familiar with the nigga you facin'
We must be patient, nothin' better than communication
Known to damage and highly flammable like gas stations
Sorry I left that ass waitin'
No more procrastination, give up to fate and get that ass shakin'
I'm bustin' and makin' motherfuckers panic
Don't take your life for granted
Put that ass in the dirt, you swear the bitch was planted
My lyrics motivate the planet
It's similar to Rhythm Nation, but thugged out, forgive me, Janet
Who's in control, I'm activatin' your souls
You know the way the games get controlled
Yo, two years ago, a friend of mine
Told me Alize and Cristal blows your mind
Bear witness to the dopest fuckin' rhyme I wrote
Takin' off my coat, clearin' my throat

[Method Man:]
I got my mind made up, come on
Get in, get into
Let it ride, tonight's the night
I got my mind made up, come on
Get in, get into
Let it ride, tonight's the night

[Kurupt:]
Well I comes through with two packs of the bomb prophylactics
For protection so my fuckin' sac won't collapse
Cause nowadays, shit's evadin' the X-rays

Sendin' young motherfuckers to an early grave
I wonder if my terrifyin' tactics of torturin' MC's
Shows my heart's as cold as the tundra
Electrifyin' like thunder, I'm just too much
Rough and raw with that motherfuckin' poisonous touch
I'm an, MC with lyrics that's the fuckin' Bombay
You got ten steps before instant death like Bai Mei
My rhymes'll leave a mark on your mind
As the deadly virus spread through your head like Sand Palm
There's no escape, nah, I ain't blastin'
I use my mental to assassinate assassin's for those askin''
Opposed to laughin', raw maniacal villain
Laughter enhances the chances of the killin'
Why is that? Cause smilin' faces deceive
You best believe: to MC's, I'm the deadliest disease
My thoughts rip your throat and make it hard to breathe
Your whole camp's under siege and I'm Jason Voorhees
In the heat of the night is when I defeat and ignite mics
My verbal snipe your vocabs on site
I'm out the cut, uncut and raw with no clause for all
So all my rhymes hit and split the bricks on the wall
You already have an idea about the superior sphere
The greater rhyme creator on both sides of the equator
I rock from here to there, to Philly and back
To LA on the spot where I rock and bust like straps
As your views get overshadowed when you come in contact
Beware, set and prepare to enter verbal combat

[Method Man:]
Fuck you losers, while you fake jacks, I makes manoeuvres
Like Hitler, stickin' up Jews with German Lugers
The Mr. Meth-Tical from Staten Isle
Will be back after this message, don't touch the dial
Rarely do you see an MC out for justice
Got my gun powder and my musket, blaow
Melons get swellings, I paint mental pictures like Magellan
Half of my Clan's repeat felons
Niggas best protect they joints for Nine-Nickel
Man, I stay on point like icicles
Now who wanna test Tical, then touch Tical
All up in your motherfuckin' mouth
Headbanger boogie, catch me on tour with Al Doogie
Method Man rolled too tight, you can't pull me
Better take one and pass or that's that ass
Your vital statistics are low and fallin' fast
Johnny Blaze out to get loot like Johnny Cash
Play a game of Russian Roulette and have a blast

[Redman:]
Lyrical gats spittin' the criminal tactics
Non-believers get my dick and genitals backwards
Let's face it, there's no replacement
Taste this mad underground basement shit I'm laced with
Avalanche on your whole camp when I'm spliffted
Funk Doctor who, Spock, bitch, don't get it twisted
I got connects like Federal Express

To get the fresh package of bless the dogs can't fetch
Got the clear spot from the rear block
To bust 'til every nigga here drop, men I fear not
Hold your nose and blow out 'til your ears pop
Since your crew suit you to shift, now you claim that your gears locked
Whiff this underground cannabis
I'm dangerous like John the bomb analyst
Flip MC's like ki's
My degrees freeze consecutively like EPMD LP's
Lick off a shot and hit your fam by mistake
So I erase the whole front row at the wake
I planned my escape in case Jake wann' snake bust it
I'm the one pushin' the hearse in the first place
Confidence for you shaky-ass folks
Pump for Rockafeller for the day he got smoked
Choke off this antidote, got you ope
Get roast by my lyrical Billy Dee .45 Colt
And I'm out for 9-nickel

2Pac Lyrics

"How Do You Want It"

(feat. K-Ci and JoJo)

[K-Ci & JoJo:]
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane; I'm for real
How do you want it yeah?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane; I'm for real

[2Pac:]
I love the way you activate your hips and push your ass out
Got a brother wantin' it so bad, I'm about to pass out
Wanna dig you, and I can't even lie about it
Baby just alleviate your clothes, time to fly up out it
Catch you at a club, oh shit you got me fiendin'
Body talkin' shit to me but I can't comprehend the meanin'
Now, if you wanna roll with me, then here's your chance
Doin' eighty on the freeway, police catch me if you can
Forgive me I'm a rider, still I'm just a simple man
All I want is money, fuck the fame I'm a simple man
Mr. International, player with the passport
Just like Aladdin bitch, get you anything you ask for
It's either him or me - Champagne, Hennessy
A favorite of my homies when we floss on our enemies
Witness as we creep to a low speed, peep what a ho need
Puff some mo' weed, funk, ya don't need
Approachin' hoochies with a passion, been a long day
But I've been driven by attraction in a strong way
Your body is bangin' baby I love it when you flaunt it
Time to give it to daddy, nigga, now tell me how you want it

[K-Ci & JoJo:]
How do you want it?
How does it feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real

[2Pac:]
Tell me is it cool to fuck?
Did you think I come to talk?
Am I a fool or what?
Positions on the floor

It's like erotic
Ironic, cause I'm somewhat psychotic
I'm hittin'' switches on bitches like I been fixed with hydraulics
Up and down like a roller coaster
I'm up inside ya, I ain't quittin' 'til the show is over
Cause I'm a rider, in and out just like a robbery, I'll probably be a freak and let you get on top of me
Get her rockin' these
Nights full of Alize
A livin' legend you ain't heard about
These niggas play these Cali days
C. Delores Tucker, you's a motherfucker
Instead of tryin' to help a nigga you destroy a brother
Worse than the others; Bill Clinton, Mr. Bob Dole
You're too old to understand the way the game's told
You're lame so I gotta hit you with the hot facts
Once I'm released, I'm makin' millions, nigga, top that
They wanna censor me; they'd rather see me in a cell
Livin' in hell - only a few of us'll live to tell
Now everybody talkin' about us I could give a fuck
I'd be the first one to bomb and cuss
Nigga, tell me how you want it

[K-Ci & JoJo:]
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real

[2Pac:]
Raised as a youth
Tell the truth, I got the scoop
On how to get a bulletproof
Cause I jumped from the roof
'fore I was a teenager, mobile phone, Skypager
Game rules, I'm livin' major - my adversaries
Is lookin' worried, they paranoid of gettin' buried
One of us gonna see the cemetery
My only hope to survive if I wish to stay alive
Gettin' high, see the demons in my eyes, before I die
I wanna live my life and ball, make a couple million
And then I'm chillin' fade 'em all
These taxes got me crossed up and people tryin' to sue me
Media is in my business and they actin' like they know me
But I'ma mash out and peel out
I’m with a clique that’s quick to whip that fuckin' steel out
Yeah nigga, it's some new shit so better get up on it
When you see me, tell a nigga how you want it
How do you want it?

[K-Ci & JoJo:]

How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real

How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real

[2Pac:]
Me and my Nigga Johnny J... yeah we out

[K-Ci & JoJo:]
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real

[K-Ci & JoJo:]
How do you want it?
How do you feel?
Comin' up as a nigga in the cash game
Livin' in the fast lane
I'm for real

2Pac Lyrics

"2 Of Amerikaz Most Wanted"

(feat. Snoop Doggy Dogg)

[2Pac:]
Up out of there
Ain't nothin' but a gangsta party
Eh, light that up, Snoop! Why you actin like that?
Ah shit, you done fucked up now
(Ain't nothin' but a gangsta party)
You done put two of America's most wanted in the same motherfuckin' place at the same motherfuckin' time
(Ain't nothin' but a gangsta party)
Y'all niggas about to feel this
(Ain't nothin' but a gangsta party)
Break out the Champagne glasses and the motherfuckin' condoms, have one on us, a'ight?
(Ain't nothin' but a gangsta party)

[Snoop Dogg:]
A toast to the gangsters

[2Pac:]
Picture perfect, I paint a perfect picture
Bomb the hoochies with precision
My intention's to get richer
With the S-N double-O-P, Dogg, my fuckin' homie
You's a cold-ass nigga on them hogs

[Snoop Dogg:]
Sho 'nuff, I keep my hand on my gun
'Cause they got me on the run
Now I'm back in the courtroom, waitin' on the outcome
"Free 2Pac" is all that's on a nigga's mind
But at the same time, it seems they tryin' to take mine
So I'ma get smart and get defensive and shit
And put together a Million March for some gangsta shit

[2Pac:]
So now they got us laced
Two multi-millionaire motherfuckers catchin' cases
Bitches get ready for the throw down
The shit's about to go down
Me and Snoop about to clown
I'm losin' my religion
I'm vicious on these stool pigeons
You might be deep in this game, but you got the rules missin'
Niggas be actin' like they savage
They out to get the cabbage
I've got nothin' but love for my niggas livin' lavish

[Snoop Dogg:]
I've got a pit named Petey, she Nigerina
I've got a house out in the hills right next to Chino
And I think I've got a black Bimmer

But my dream's to own a fly casino
Like Bugsy Siegel, and do it all legal
And get scooped up by the little homie in the Regal
It feels good to you, baby-bubba
You see, this is for the G's and the keys, motherfucker

[2Pac:]
Now follow as we ride
Motherfuck the rest, two of the best from the West side
And I can make you famous
Niggas been dyin' for years, so how could they blame us?
I live in fear of a felony
I never stop bailin' these motherfuckin' G's
If you got it, better flaunt it
Another warrant for two of America's most wanted

[Daz Dillinger (2Pac):]
Ain't nothin' but a gangsta party
Ain't nothin' but a gangsta party
(Nothin' but a gangsta party)
Ain't nothin' but a gangsta party
(Nothin' but a gangsta party
Ain't nothin' but a motherfuckin' gangsta party)
Ain't nothin' but a gangsta party
(Nothin' but a gangsta party
Ain't nothin' but a motherfuckin' gangsta party)
Ain't nothin' but a gangsta party

[2Pac:]
Now give me fifty feet
Defeat is not my destiny, release me to the streets
And keep whatever's left of me
Jealousy is misery, sufferin' is grief
Better be prepared when you cowards fuck with me
I bust and flee, these niggas must be crazy, what?
There ain't no mercy, motherfuckers who can't fade the thugs
You thought it was, but it wasn't, now disappear
Bow down in the presence of a boss player

[Snoop Dogg:]
It's like Cuz/Blood gang-bangin'
Everybody in the party doin' dope-slangin'
You gotta have papers in this world
You might get your first snatch before your eyes swirl
You doin' your job every day
And then you work so hard 'til your hair turns gray
Let me tell you about life and about the way it is
You see, we live by the gun, so we die by the guns, kids

[2Pac:]
They tell me not to roll with my glock
So now I got a throw-away
Floatin' in the black Benz, tryin' to do a show a day
They wonder how I live with five shots
Niggas is hard to kill on my block
Schemes for currency and dough-related

Affiliated with the hustlers, so we made it
No answers to questions, I'm tryin' to get up on it
My nigga Dogg with me, eternally the most wanted

[Daz Dillinger (2Pac):]
Ain't nothin' but a gangsta party
Ain't nothin' but a gangsta party
Ain't nothin' but a gangsta party
Ain't nothin' but a gangsta party
(Nothin' but a gangsta party
It ain't nothin' but a motherfuckin' gangsta party)
Ain't nothin' but a gangsta party
(Nothin' but a gangsta party
It ain't nothin' but a motherfuckin' gangsta party)
Ain't nothin' but a gangsta party
(Nothin' but a gangsta party
It ain't nothin' but a motherfuckin' gangsta party)
Ain't nothin' but a gangsta party
(Nothin' but a gangsta party
It ain't nothin' but a motherfuckin' gangsta party)
Ain't nothin' but a gangsta party

[2Pac:]
Biatch! Where you at? Where you at?
Ain't nothin' but a gangsta party
Yeah, Death Row

2Pac Lyrics

"No More Pain"

Hey DeVante
Nigga, don'tcha know we're gonna sow up every bitch in the country
Me and you, up in the same motherfuckin' room
On the same level
This shit here, hahahaha
Please, no more pain
That's right nigga
Hey drop that shit boy

My adversaries cry like hoes fully eradicate my foes
My lyrics explode on contact, gamin' you hoes
Who else but Mama's only son, fuck the phony niggas I'm the one
Say my name, watch bitches come
Now fire when ready, stay watchin' our figure
Increase speed, make you motherfuckers bleed from your mouth quicker
Plus all these niggas that you run with, be on some dumb shit
Trickin' on hoes, I ain't the one bitch
Holla my name and witness game official, it's so sick
Have every single bitch that came witchu, on my dick
Plus this alcohol increases the chance to be deceased
I'm movin' you stupid bitches, vicious telekinesis
Am I reachin' your brain? Nigga how can I explain?
How vicious this Thug motherfucker came
When I die, I want to be a living legend, say my name
Affiliated with this motherfuckin' game, with no more pain

[Interpretation of Method Man's "Bring the Pain":]
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane (no more pain)
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane (no more pain)
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane (no more pain)
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane (no more pain)

Line up my adversaries, blast on sight
And fuck your boyfriend bitch, I want some ass tonight You know my steelo, Alize and Cristal, weed
Sure you heard of all the freaky shit they say about me, huh
Plus all you busters is jealous, pull your gun out and blast
I dare you niggas to open fire, I'll murder that ass
And disappear before the, cops come runnin'
My Glock's spittin' rounds, niggas fallin' down clutchin' they stomach
It's Westside, Death Row, Thug niggas on the rise
Busters shot me five times, real niggas don't die
Can ya hear me?, laced with this game, I know you fear me
Spit the secret to war, so cowards fear me
My only fear of death is reincarnation
Heart of a solider with a brain to teach your whole nation
And feelin' no more pain

I came to bring the pain, hardcore to the brain
Let's go inside my astral plane (no more pain)
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane (yeah nigga, no more pain)
I came to bring the pain, hardcore to the brain (what, what nigga)
Let's go inside my astral plane (no more pain)
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane (no more pain)
I came to bring the pain, hardcore to the brain (no pain nigga)
Let's go inside my astral plane (no pain)

Bury me that's what they all say
It's time to make a killin', sure to make a million with DeVante
Bitch I know you want me, what your mouth say?, now, watch your eyes
You don't wanna get with me, that's a lie
I got my hands on your hips, no time to bullshit
Freaky bitch, come give me kiss
Tell them niggas from other areas, brothers from here
So obsessed with this money makin' it ain't nothin' we fear
Now they label me a troublemaker, cause I'm a ridah
Death to you playa haters, don't let me find ya
Mama made me rugged, Baptize the public
Now you all thugs, nigga don't you love it
It's similar to multiple gunshots, retaliation is a must
Wasn't too sure what you facin' so watch the guns bust
You niggas'll bleed, fuckin' with me you'll be deceased
Never restin' in peace, nigga
With no more pain

I came to bring the pain, hardcore to the brain
Let's go inside my astral plane
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane

[Collision:]
Hahahahaha, yeah nigga, yeah! Hahahaha
No more pain
It's just like that nigga, like that yeah
No more pain
Motherfuckers can't handle that shit
Much too much for these bitches
No more pain
Feel me nigga? Feel me?
How you figure you can fuck with me?
Fully automatic type shit
No more pain
Coward ass niggas, cowards
Come put your mouth on this pistol nigga
Come put your mouth on the pistol, no more pain
Close your eyes nigga, do it
Die in the dark, no more pain

Death Row, so what you motherfuckers do?
Hey that's DeVante droppin' that beat like that BEYATCH
In case you wonderin'

And jealous niggas, hahaha, see y'all niggas
Motherfuckin' niggas are shit

[Whispering in the background:]
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane
I came to bring the pain, hardcore to the brain
Let's go inside my astral plane

2Pac Lyrics

"Heartz Of Men"

Hey Suge, what I tell you, nigga
When I come out of jail, what was I gonna do?
I was gonna start diggin' into these niggas' chest, right
Watch this
Hey Quik, let me get them binoculars, nigga, the binoculars
Hahahaha, yeah nigga, time to ride
Grab your bulletproof vest nigga
Cause it's gonna be a long one
Now me and Quik finna show you niggas what it's like on this side - the real side
Now, on this ride there's gonna be some real motherfuckers
And there's gonna be some pussies
Now the real niggas gonna be the ones with money and bitches
The pussies are gonna be the niggas on the floor bleedin'
Now everybody keep your eyes on the prize cause the ride get tricky
See, you got some niggas on your side that say they're your friends, but in real life they your enemies
And then you got some motherfuckers that say they your enemies
But in real life they eyes is on your money
See, the enemies will say they true
But in real life those niggas will be the snitches
It's a dirty game, y'all
Y'all got ta be careful about who you fuck with and who you don't fuck with
Cause the shit get wild, y'all
Keep your mind on your riches, Baby
Keep your mind on your riches

9-1-1! It's an emergency, cowards tried to murder me
From hood to the 'burbs, everyone of you niggas heard of me
Shit, I'm legendary niggas scary and paralyzed
Nothing more I despise than a liar
Cowards die
My mama told me when I was a seed
Just a vicious motherfucker why these devils left me free
I proceed to make them shiver
When I deliver
Criminal lyrics
From a world wide mob figure
Thug niggas from everywhere Mr. Makaveli
Niggas is waiting for some thug shit, that's what they tell me
So many rumors but I'm infinite Immortal Outlaw
Switching up on you ordinary bitches
Like a southpaw you get left
And every breath I breathe until the moment I'm deceased
Will be another moment ballin' as a 'G'
I rip the crowd, then I start again
Eternally I live in sin
Until the moment that they let me breathe again
The heartz of men

The hearts of men

My lyrical verse was so much pain, to some niggas it hurts
My guns bust and, if you ain't one of us, it gets worse
Bitch niggas get their eyes swoll
In fly mode
I'm a homicidal outlaw
And 5-0, get your lights on, the fight's on
Tonight's gonna be a fucking fight
So we might roll
My own homies say I'm heartless
But I'm a G to this til the day I'm gone, that's regardless
Ride by, niggas bow down
Thought I'd rot in jail, paid bail, well, nigga's out now
Throw up your hands if you thugged out
First nigga act up
First nigga getting drugged out
I can be a villain if ya let me
But motherfucker if ya do upset me
Tell the cops to come and get me
Rip the crowd like a phone number
Then start again, don't have no mutherfuckin' friends, nigga
Look inside the hearts of men

In the hearts of men

To all my niggas engaged in making money in the fifty states
Keep your mind on your chips and fuck a punk bitch
No longer living in fear, my pistol close in hand
Convinced this is my year, like I'm the chosen man
Give me my money and label me as a don
If niggas is having problems
Smoke' em, fire and bomb
I died and came back
I hustle with these lyrics as if it's a game of crack
Thugging is in my spirit
I'm lost and not knowing
Scared up, but still flowing
Energized and still going
Uh, can it be fate
That makes a sick motherfucker break
On these jealous ass coward cause they evil and fake
What will it take ?
Give me that bass line, I'm feeling bomb
Death Row, baby, don't be alarmed
The homie Quik gave a nigga a beat and let me start again
Represent
Cause I've been sent
The hearts of men

2Pac Lyrics

"Life Goes On"

How many brothers fell victim to the streets?
Rest in peace, young nigga, there's a Heaven for a G
Be a lie if I told you that I never thought of death
My niggas, we the last ones left, but life goes on
How many brothers fell victim to the streets?
Rest in peace, young nigga, there's a Heaven for a G
Be a lie if I told you that I never thought of death
My niggas, we the last ones left, but life goes on

As I bail through the empty halls, breath stinkin' in my jaws
Ring, ring, ring, quiet y'all, incoming call
Plus this my homie from high school, he's getting by
It's time to bury another brother, nobody cry
Life as a baller: alcohol and booty calls
We used to do them as adolescents, do you recall?
Raised as G's, loc'ed out and blazed the weed
Get on the roof, let's get smoked out and blaze with me
2 in the morning and we still high assed out
Screaming "thug till I die" before I passed out
But now that you're gone, I'm in the zone
Thinking I don't wanna die all alone, but now ya gone
And all I got left are stinkin' memories
I love them niggas to death, I'm drinkin' Hennessy
While trying to make it last
I drank a fifth for that ass when you passed
Cause life goes on

How many brothers fell victim to the streets?
Rest in peace, young nigga, there's a Heaven for a G
Be a lie if I told you that I never thought of death
My niggas, we the last ones left, but life goes on
How many brothers fell victim to the streets?
Rest in peace, young nigga, there's a Heaven for a G
Be a lie if I told you that I never thought of death
My niggas, we the last ones left, and life goes on

Yeah nigga, I got the word is hell
Ya blew trial and the judge gave you 25 with an L
Time to prepare to do fed time, won't see parole
Imagine life as a convict that's getting old
Plus with the drama we're looking out for your baby's mama
Taken risks, while keeping cheap tricks from getting on her
Life in the hood is all good for nobody
Remember gaming on dumb hotties at yo' parties
Me and you, no truer two
While scheming on hits
And getting tricks that maybe we can slide into
But now you buried. Rest, nigga, cause I ain't worried
Eyes blurry saying goodbye at the cemetery
Though memories fade

I got your name tatted on my arm
So we both ball till my dying days
Before I say goodbye
Kato and Mental rest in peace. Thug till I die!

How many brothers fell victim to the streets?
Rest in peace, young nigga, there's a Heaven for a G
Be a lie if I told you that I never thought of death
My niggas, we the last ones left, but life goes on
How many brothers fell victim to the streets?
Rest in peace, young nigga, there's a Heaven for a G
Be a lie if I told you that I never thought of death
My niggas, we the last ones left, but life goes on

Bury me smiling with G's in my pocket
Have a party at my funeral, let every rapper rock it
Let the hoes that I used to know
From way before kiss me from my head to my toe
Give me a paper and a pen so I can write about my life of sin
A couple bottles of gin in case I don't get in
Tell all my people I'm a Ridah
Nobody cries when we die, we outlaws, let me ride
Until I get free, I live my life in the fast lane
Got police chasing me
To my niggas from old blocks, from old crews
Niggas that guided me through back in the old school
Pour out some liquor, have a toast for the homies
See, we both gotta die, but you chose to go before me
And brothers, miss ya while your gone
You left your nigga on his own. How long we mourn?
Life goes on

How many brothers fell victim to the streets?

Life goes on homie
Gone on, cause they passed away
Niggas doing life, niggas doing 50 and 60 years and shit
I feel ya, nigga. Trust me, I feel ya
You know what I mean
Last year we poured out liquor for ya
This year nigga, life goes on
We're gonna clock now
Get money, evade bitches, evade tricks, give playa haters plenty of space, and basically just represent for you baby
Next time you see your niggas, you're gonna be on top, nigga
They're gonna be like, "Goddamn, them niggas came up"
That's right, baby, life goes on and we up out this bitch
Hey Kato, Mental
Y'all niggas make sure it's poppin' when we get up there man
Don't front
Life goes on
Hold me no more hold me no more
Yes it do yes it do yes it do

2Pac Lyrics

"Only God Can Judge Me"

(feat. Rappin 4-Tay)

[2Pac:]
Only God can judge me (that right?)
Only God can judge me now
Nobody else (nobody else)
All you other motherfuckers get out my business (really)
Only God can judge me now

[2Pac:]
Perhaps I was blind to the facts, stabbed in the back
I couldn't trust my own homies, just a bunch of dirty rats
Will I succeed? Paranoid from the weed
And hocus pocus, I try to focus, but I can't see
And in my mind I'm a blind man doin' time
Look to my future, 'cause my past is all behind me
Is it a crime to fight for what is mine?
Everybody's dyin', tell me what's the use of tryin'
I've been trapped since birth, cautious 'cause I'm cursed
And fantasies of my family in a hearse
And they say it's the white man I should fear
But it's my own kind doin' all the killin' here
I can't lie, ain't no love for the other side
Jealousy inside, make 'em wish I died
Oh my Lord, tell me what I'm livin' for
Everybody's droppin', got me knockin' on Heaven's door
And all my memories of seein' brothers bleed
And everybody grieves, but still nobody sees
Recollect your thoughts, don't get caught up in the mix
'Cause the media is full of dirty tricks

[2Pac:]
Only God can judge me
Only God can judge me, only God
Only God can judge me
Only God can judge me
Only God can judge me, only God
Only God can judge me now
Only God can judge me, only God
Only God can judge me
Only God can judge me, only God
Only God can judge me

[Flatline]

[2Pac:]
I hear the doctor standin' over me, screamin' I can make it
Got a body full of bullet holes, layin' here naked
Still I can't breathe, something's evil in my IV
'Cause everytime I breathe I think they killin' me
I'm havin' nightmares, homicidal fantasies

I wake up stranglin', tangled in my bed sheets
I call the nurse 'cause it hurts to reminisce
How did it come to this? I wish they didn't miss
Somebody help me, tell me where to go from here
'Cause even thugs cry, but do the Lord care?
Try to remember, but it hurts
I'm walkin' through the cemetery, talkin' to the dirt
I'd rather die like a man than live like a coward
There's a ghetto up in Heaven and it's ours
"Black Power!" is what we scream
As we dream in a paranoid state
And our fate is a lifetime of hate
Dear Mama, can you save me? And fuck peace
'Cause the streets got our babies, we gotta eat
No more hesitation, each and every black male's trapped
And they wonder why we suicidal running 'round strapped
Mr. Police, please try to see
That there's a million motherfuckers stressin' just like me

[2Pac:]
Only God can judge me
Only God can judge me, only God
Only God can judge me
Only God can judge me
Only God can judge me, only God
Only God can judge me
Only God can judge me
Only God can judge me, only God
Only God can judge me
Only God can judge me now

[2Pac:]
That which does not kill me can only make me stronger
That's for real
and I don't see why everybody feel as though
that they gotta tell me how to live my life
You know?
Let me live, baby, let me live

[Rappin' 4-Tay:]
Pac, I feel ya, keep servin' it on the reala
For instance, say a playa hatin' mark is out to kill ya
Would you be wrong for buckin' a nigga to the pavement?
He gon' get me first, if I don't get him fool start prayin'
Ain't no such thing as self-defense in the court of law
So judge us when we get to where we're goin wearin' a cross
That's real, got him, lurked him, crept the fuck up on him
Sold a half a million tapes, now everybody want him
After talkin' behind my back like a bitch would
Tellin' them niggas, "You can fade him," punk I wish you would
It be them same motherfuckers in your face
That'll rush up in your place to get your safe
Knowin' you on that paper chase
Grass, glass, big screen and leather couch
My new shit is so fetti, already sold a ki or ounce
Bitch, remember 2Pac and 4-Tay

Them same two brothers dodgin' bullets representin' the Bay
Pac, when you was locked down
That's when I'll be around
Start climbin' up the charts, so sick, but they tried to clown
That's why they ride the bandwagon
Still be draggin' sellin' lies
Don't think I don't see you haters, I know y'all in disguise

[2Pac:]
Guess you figure you know me, 'cause I'm a thug
That love to hit the late night club drink and buzzed
Been livin' lavish like a player all day
Now I'm bout to floss 'em off, player shit with 4-Tay

[2Pac:]
Only God can judge me
Only God can judge me, only God
Only God can judge me
Only God can judge me
Only God can judge me, only God
Only God can judge me
Only God can judge me, only God
Only God can judge me
Only God can judge me
Only God can judge me, only God
Only God can judge me now

[2Pac (Rappin 4-Tay):]
(Only God, mane)
That right?
(That's real)
Hahahahahaha
(Fuck everybody else, you know what I'm sayin'?)
Man, look here, man
My only fear of death
Is comin' back to this bitch reincarnated, man
That's for the homie mental
(Hehehehe)
We up out

2Pac Lyrics

"Tradin War Stories"

(feat. C-Bo, Dramacydal, Storm, CPO, Outlawz)

[2Pac:]
A military mind, nigga
A military mind mean money
A criminal grind, nigga
A criminal grind mean hustle
You know

[2Pac:]
We tradin' war stories, we Outlawz on the rise
Jealous niggas I despise, look in my eyes
We tradin' war stories, we Outlawz on the rise
Jealous niggas I despise, look in my eyes

[2Pac:]
Now can your mind picture, a thug nigga drinkin' hard liquor
This ghetto life has got me catchin' up to God quicker
Who would figure that all I need was a hair trigger
Semi-automatic MAC-11 just to scare niggas
Pardon my thug poetry, but suckers is born everyday
And feared men grow on trees
Criminal ties for centuries, a legend in my own rhymes
So niggas whisper when they mention
Machiavelli was my tutor Donald Goines, my father figure
Mama sent me to go play with the drug dealers
Henceforth, we thug niggas and we came in packs
Every one of niggas strapped sippin' on ‘yak
In the back, my AR-15
Thuggin' 'til I die, these streets got me cravin' thorazine
My lyrics are blueprints to money makin'
Fat as that ass that honey shakin'

[2Pac & Kastro:]
My nigga tradin' war stories, we Outlawz on the rise
Jealous niggas I despise, look in my eyes
My nigga tradin' war stories, we Outlawz on the rise
Jealous niggas despise, look in my eyes

[Kastro:]
I bust a trey-trey, buggin an' shit
They call it overthuggin' and shit
But I was just a younger nigga;
Gettin' older and lovin' this shit
But what was I doin' in this place?
To the fakes without a pistol in the first
Facin' termination in the worst
But I figured to play the wall; to watch all
These playa hatin' niggas position for I could see 'em all
Made it up out of there, lucky to be here to tell you
But it'll never be a repeat people I'm tryna tell you

[Edi Amin:]
Now picture the scenery, I'm thugged out smokin' greenery
Considered a B.G., but I'm off in this game something D-P
My eyes only see deez, that's why I'm young and burnt out
Learned the know how, well how to do now, by 18 turned out
And wide open - the ridin' and smokin'
Collidin' with foes - in the worst place;
y'all shouldn'ta fucked with us ,in the first place
Y'all real O.G.'s, droppin' game to the youngsters
Y'all don't want no funk cause
y'all be the next in the long line of war stories

[2Pac & C-Bo:]
We tradin' war stories, we Outlawz on the rise
Jealous niggas I despise, look in my eyes
We tradin' war stories, we Outlawz on the rise
Jealous niggas I despise, look in my eyes

[C-Bo:]
I breaks them off with this gangsta war story tale
Stacking loot up in the coupe that I protect with a Mack 12
Slap my clip in the chamber; fool, your life's in danger
No one will remain when I come through dumping insane
Call me Bo Loc Major Pain, gun-slang and moving 'caine
I be the nigga that's pulling the trigger and dumping the hot ones up in your brain
More bigger balls than RuPaul, Thug Life ain't a ball
We bust that ass up against the wall (up against the wall)
Never been no sign for men call
How we bucks them down on the way to the ground
Ain't nothing but the hog in me
Plus, stompin' steel toed, killin' up hoes and keep mobbin' G
It ain't no calling the funk off
Don't be funking with my sawed off
Bust they dirty-ass drawers off
And had them bitch niggas hauled off

[2Pac (Napolean):]
We tradin' war stories, we Outlawz on the rise
Jealous niggas I despise (look in my eyes)
We tradin' war stories, we Outlawz on the rise
Jealous niggas I despise (look in my eyes)

[Napoleon:]
My whole family been raised, on shit that ain't okay
Ain't nothing on this earth will make a nigga like me stay
I'm reminiscing, and catchin' flashbacks when niggas ran up
in my house and I was too young, to try to blast back
What happened then? No one would tell me since I was three
Heard that God took my peoples, now they living somewhere free
But fuck that, you got whats mines and I want that
Never drop my guard, been on the squad, since ways back
And now I'm sitting, holding in anger because my parents missing
Thugging Immortal when got some war stories for you

[Storm:]

Now look at me - straight Outlaw Immortal
Never gave a fuck cause I was nobody's daughter
Outlawing from my tits to my clits, don't try to figure
Cause the murderous tendencies in my mind, can't be controlled, nigga
So who's the bigger, who's the quickest killer?
Would you try to trip with my finger on the 9 milla
When I got you on kay-nine-fourths
Prayin' to God as your life goes back and forth
We tradin' war stories

[2Pac:]
We tradin' war stories, Outlawz on the rise
Jealous niggas I despise, look in my eyes
We tradin' war stories, Outlawz on the rise

We tradin' war stories, Outlawz on the rise
Jealous niggas I despise, look in my eyes

2Pac Lyrics

"California Love"

(feat. Dr. Dre, Roger Troutman)

[Roger Troutman:]
California love
California knows how to party
California knows how to party
In the city of L.A
In the city of good ol' Watts
In the city, the city of Compton
We keep it rockin', we keep it rockin'

[Dr. Dre:]
Now let me welcome everybody to the wild, wild west
A state that's untouchable like Eliot Ness
The track hits your eardrum like a slug to your chest
Pack a vest for your Jimmy in the city of sex
We in that sunshine state where the bomb-ass hemp be
The state where you never find a dance floor empty
And pimps be on a mission for them greens
Lean mean money-making-machines serving fiends
I been in the game for 10 years making rap tunes
Ever since honeys was wearing Sassoon
Now it's '95 and they clock me and watch me
Diamonds shining, looking like I robbed Liberace
It's all good, from Diego to the Bay
Your city is the bomb if your city making pay
Throw up a finger if you feel the same way
Dre putting it down for Californ-i-a

[Roger Troutman:]
California knows how to party
California knows how to party (Yes, they do)
In the city of L.A
In the city of good ol' Watts
In the city, the city of Compton
We keep it rockin', we keep it rockin'

[Roger Troutman:]
Shake, shake it, baby
Shake, shake it, mama
Shake it Cali, shake it shake it baby
Shake it, shake it, shake it, shake it

[2Pac:]
Out on bail, fresh out of jail, California dreaming
Soon as I step on the scene, I'm hearing hoochies screaming
Fiending for money and alcohol
The life of a Westside player where cowards die and the strong ball
Only in Cali where we riot not rally to live and die
In L.A. we wearing Chucks not Ballys (yeah, that's right)
Dressed in Locs and Khaki suits, and ride is what we do

Flossing, but have caution: we collide with other crews
Famous because we throw grams
Worldwide, let them recognize from Long Beach to Rosecrans
Bumping and grinding like a slow jam, it's Westside
So you know the row won't bow down to no man
Say what you say, but give me that bomb beat from Dre
Let me serenade the streets of L.A
From Oakland to Sac-town, the Bay Area and back down
Cali is where they put their mack down
Give me love!

[Roger Troutman:]
California knows how to party
California knows how to party (Yes, they do)
In the city of L.A
In the city of good ol' Watts
In the city, the city of Compton
We keep it rockin'

[Dr. Dre:] South Central
[2Pac:] Uh, that's right
[Dr. Dre:] Now make it shake

[Roger Troutman:]
Shake, shake it, baby
Shake, shake it, mama
Shake it Cali, shake it shake it baby
Shake it, shake it, shake it, shake it

[Dr. Dre:]
Shake it Cali
Uh, uh, West Coast
Uh, yeah, uh, uh, Long Beach in the house
Uh, yeah, Oaktown, Oakland definitely in the house
Frisco, Frisco

[2Pac:]
And you know L.A. up in here

[Dr. Dre:]
Pasadena where you at?
Yeah, Inglewood
Inglewood always up to no good

[2Pac:]
Even Hollywood trying to get a piece, baby

[Dr. Dre:]
Sacramento, Sacramento where you at?

[2Pac:]
Throw it up ya'll, throw it up, throw it up!
I can't see ya
Let's show these fools how we do it over on this West Side
Cause you and I know it's the best side
Yeah, that's right

2Pac Lyrics

"I Ain't Mad At Cha"

(feat. Danny Boy Steward)

Change, shit
I guess change is good for any of us
Whatever it take for any of y'all niggas to get up out the hood
Shit, I'm wit 'cha
I ain't mad at 'cha
Got nothin' but love for ya, do your thing, boy

Yeah, all the homies that I ain't talk to in a while
I'mma send this one out for y'all, know what I mean?
Cause I ain't mad at 'cha
Heard y'all tearin' up shit out there, kickin' up dust
Givin' a motherfuck
Yeah, niggas
Cause I ain't mad at 'cha

[2Pac:]
Now we was once two niggas of the same kind
Quick to holla at a hoochie with the same line
You was just a little smaller but you still rolled
Got stretched to Y.A. and hit the hood swoll
'member when you had a Jheri Curl didn't quite learn
On the block, wit'cha Glock, trippin' off sherm
Collect calls to the crib, sayin' how you've changed
Oh you's a Muslim now? No more dope game
Heard you might be comin' home, just got bail
Wanna go to the Mosque, don't wanna chase tail
It seems I lost my little homie, he's a changed man
Hit the pen and now no sinnin' is the game plan
When I talk about money all you see is the struggle
When I tell you I'm livin' large you tell me it's trouble
Congratulations on the wedding, I hope your wife know
She got a playa for life, and that's no bullshittin'
I know we grew apart, you probably don't remember
I used to fiend for your sister, but never went up in her
And I can see us after school, we'd BOMB
on the first motherfucker with the wrong shit on
Now the whole shit's changed and we don't even kick it
Got a big money scheme and you ain't even with it
Hmm, knew in my heart you was the same motherfucker that
Go toe to toe when it's time to roll you got a brother's back
And I can't even trip, cause I'm just laughin' at 'cha
You tryin' hard to maintain, then go ahead
Cause I ain't mad at 'cha
(Hmm, I ain't mad at 'cha)

[Danny Boy (2Pac):]
I ain't - mad - at 'cha
(I ain't mad at 'cha)
I ain't - mad - at 'cha

[2Pac:]
We used to be like distant cousins
Fightin', playin' dozens, whole neighborhood buzzin'
Knowin' that we wasn't
Used to catch us on the roof or behind the stairs
I'm gettin' blitzed and I reminisce on all the times we shared
Besides, bumpin' 'n grindin' wasn't nothin' on our mind
In time we'd learned to live a life of crime
Rewind us back to a time was much too young to know
I caught a felony lovin' the way the guns blow
And even though we separated, you said that you'd wait
Don't give nobody no coochie while I'll be locked up state
I kiss my momma, goodbye, and wipe the tears from her lonely eyes
Said I'll return but I gotta fight the fate's arrived
Don't shed a tear, cause momma I ain't happy here
I blew trial, no more smiles for a couple years
They got me goin' mad
I'm knockin' busters on they backs, in my cell, thinkin'
"Hell, I know one day I'll be back"
As soon as I touch down
I told my girl I'll be there, so prepare, to get fucked down
The homies wanna kick it, but I'm just laughin' at 'cha
Cause you's a down ass bitch and I ain't mad at 'cha

[Danny Boy (2Pac):]
I ain't - mad - at 'cha
(I ain't mad at 'cha)
I ain't - mad - at 'cha

(a true down ass bitch and I ain't mad at 'cha)

[2Pac:]
Well guess who's movin' up, this nigga's ballin' now
Bitches be callin' to get it, hookers keep fallin' down
He went from nothing to lots, ten carats to rock
Went from a nobody nigga to the big man on the block
He's Mr. Local-Celebrity, addicted to movin' ki's
Most hated by enemies, escape in the luxury
See, first you was our nigga but you made it, so the choice is made
Now we gotta slay you while you faded, in the younger days
So full of pain while the weapons blaze
Gettin' so high off that bomb hopin' we make it, to the better days
Cause crime pays and in time, you'll find a rhyme'll blaze
You'll feel the fire from the niggas in my younger days
So many changed on me, so many tried to plot
That I keep a glock beside my head, when will it stop?
'Til God return me to my essence
Cause even as an adolescent, I refuse to be a convalescent
So many questions and they ask me if I'm still down
I moved up out of the ghetto, so I ain't real now?
They got so much to say, but I'm just laughin' at 'cha
You niggas just don't know, but I ain't mad at 'cha

[Danny Boy (2Pac):]
I ain't - mad - at 'cha

(I ain't mad at 'cha)
I ain't - mad - at 'cha
(Hell nah I ain't mad at 'cha)
I ain't - mad - at 'cha
(And I ain't mad at 'cha)
I ain't - mad - at 'cha
(I ain't mad at 'cha)
I ain't - mad - at 'cha
I ain't - mad - at 'cha

2Pac Lyrics

"What'z Ya Phone #"

(feat. Danny Boy)

What's your phone number?

Now, I could make miracles to tempos
It's instrumental, waiting for the nymphos; that's the intro
Shook when you rush me, walked up and touched me
Why? Do you want to fuck me?
Just 'cause I'm paid in the worst way? True!
Lookin' kinda good in your birthday suit
I wonder if you're wild and you act shy
Do you like to be on top or the back side?
Watch me while you lick your lips
Shake your hips, goddamn, I love that shit
Yo, let's stop fakin', be real now
I got a room and a hard-on; still down?
Met you standing at a bar full of black dudes
Said you wanna see my scars and my tattoos
When we head for my hideout, act right
Boss player when I ride out, that's right
What's ya phone number?

If you really wanna fuck with me, I'm ready
Baby, let me give you a call
How long will it take to break you off?

If you really wanna fuck with me, I'm ready
Baby, let me give you a call
How long will it take to break you off?

Oh shit, baby is a dime piece, more than just fine
She's personally blessed from the gods
If I seen her right now, she could get me hard
Didn't want to talk to me, just to see my car
Never had sex with a rich rap star
'Til I got her in the back of my homeboy's car
Tell me, why do we live this way?
Money over bitches, let me hear you say
What's your phone number?
Are you alone? Got a pocket full of rubbers, let's bone!
Time for your girlfriend to take you home
I had fun, but baby, gotta leave me alone
Picture in my rhyme
Take time to rewind these words I say
If you open your mind bet in a minute you'll find
It's time let the Outlawz play
What's ya phone number?

If you really wanna fuck with me, I'm ready
Baby, let me give you a call
How long will it take to break you off?

If you really wanna fuck with me, I'm ready
Baby, let me give you a call
How long will it take to break you off?

[Girl and 2Pac converse:]
[Girl:] Hello?
[2Pac:] Hello? Who is this?

[Girl:] Yeah, you know me. I guess you don't recognize me when I'm talking
[2Pac:] Where I know you from? Where I know you from?
[Girl:] You just know me, baby
[2Pac:] Where? Talk up, I can't barely hear you
[Girl:] You know me from when we were, you know, intimate
[2Pac:] Oh, we fucked?
[Girl:] Oh baby, did we ever
[2Pac:] Oh, tell me about it, baby
[Girl:] I remember when I put that big dick in my hand and stroked it up and down

[Girl:] Ooh, I did
[2Pac:] Shit!
[Girl:] Fucked it and fucked it. Put me in. You came
[2Pac:] Did I come?
[Girl:] Ooh, baby: everywhere, everywhere. You don't remember me yet?
[2Pac:] I'm starting to get a picture. Why don't you help me out. What did I do to the pussy? What a nigga do to the pussy?

[2Pac:] How many you got?
[Girl:] I got ten, but only one is workin'
[2Pac:] Oh well, can I come over there?
[Girl:] If you want to
[2Pac:] Do I want to? Do a bear shit in the woods and wipe his ass with a rabbit?
[Girl:] Mmm. You gonna rock it, baby?
[2Pac:] Hell yeah, I'm gonna rock it, baby
[Girl:] Like you did before?
[2Pac:] No dizoubt. You gonna feel that Thug Passion for real
[Girl:] Mmmm, baby
[2Pac:] I'm on my way though. I'm about to fly over there in a 500. It ain't gonna take but a minute. Eh, light the candles, get the baby oil out, turn all the lights out. Drink a little bit of that shit. I'm on my way, babe. I'm gonna

knock that pussy to the next week
[Girl:] Knock it out, baby, knock it out
[2Pac:] I'm gon knock the taste out your mouth, girl. I'm gonna put your legs on your head. I'ma tie you up, blindfold you. And we gonna play which hole feel the best
[Girl:] You know which hole feel the best
[2Pac:] We finna see tonight, though
[Girl:] I'm gonna make you remember me
[2Pac:] Oh, yeah
[Girl:] Yeah
[2Pac:] Oh yeah, you got my dick hard. I can't find the steering shift, you got me so fucked up. I'm playing with myself and shit
[Girl:] Can I shift your gear? Can I shift it in the front?
[2Pac:] Hell yeah, aye, you know what I wanna do though?
[Girl:] Whatch you wanna do?
[2Pac:] I wanna fuck you on the balcony, while you lookin' out over L.A, yaknahmean? Just poundin' that shit from the back
'Cause a motherfucker hop that shit like I got hydraulics
Fixed in me, you feel me? I be hittin' switches, baby
[Girl:] Ooh, I feel you, yes
[2Pac:] Heh, hey, I'm fin' to come over there. Just wait for me sweetheart, I'm on my way right now. I'll see you later, baby, bye
[Girl:] Bye, boo
[2Pac:] Hah, yeah, I'm gonna get some pussy
Heh, get some pussy, hah, hah

2Pac Lyrics

"Can't C Me"

(feat. Nancy Fletcher, George Clinton)

[George Clinton:]
The blind stares of a million pairs of eyes
Looking hard, but won't realize
That they will never see the P!
You must be goin' blind

[2Pac:]
Give me my money in stacks
And lace my bitches with dime figures
Real niggas fingers on nickel-plated 9 triggers
Must see my enemies defeated
I catch 'em while they coked up and weeded
Open fire, now them niggas bleeding
See me in flesh and test and get your chest blown
Straight out the west, don't get blown
My adversaries cry like hoes
Open and shut like doors
Is you a friend or foe?
Nigga, you ain't know?
They got me stressed out on Death Row
I've seen money, but baby, I've gots to get mo'
You screaming: "Go 2Pac!" and I ain't stopping 'til I'm well-paid
Bail's paid now nigga look what hell made
Visions of cops and sirens, niggas open fire
Bunch of Thug Life niggas on the rise, until I die
Ask me why I'm a boss player, getting high
And when I'm rolling by niggas can't see me!

[George Clinton:]
The stares of a million pairs of eyes
And you'll never realize
You can't see me

[2Pac:]
Been getting word that these square motherfuckers with nerves
Saying they can get with us, but picture me getting served
My own mama say I'm thugged out
My shit be bumping out the record store as if it was a drug house
My lyrics bang like a Crip or Blood
Nigga what! It ain't nothing but a party when we thug
And there I was, a young nigga with heart
Ain't had shit to lose
Pullin' my pistol on them fools, you know the rules
D-R-E you got me heated
My words like a penitentiary dick
Hitting bitches where it's most needed
Money and weed, Alize and Hennessy
To my thug niggas in lock down: witness me
Bail on these hoes in floss-mode

The life of a boss playa, fuck what you thought, though
My enemies deceased, die like a bitch
When my album hit the streets, niggas can't see me!

[George Clinton (2Pac):]
(Niggas can't see me)
(They can't see me)
Which way did he go, George?
Which way did he go?
Oh!! which way did he go?
Which way did he go?

[2Pac:]
You niggas made a mistake
You should've never put my rhymes with Dre
Them Thug niggas have arrived and it's Judgement Day
Hey homie, if you feel me
Tell them tricks that shot me that they missed, they ain't killed me
I can make a motherfucker shake, rattle n' roll
I'm full of liquor, thug nigga, quick to jab at them hoes
And I can make you jealous niggas famous
Fuck around with 2Pac and see how good a nigga's aim is
I'm just a rich motherfucker from the way
If this rapping bring me money, then I'm rapping 'til I'm paid
I'm getting green like I'm supposed to
Nigga, I holla at these hoes and see how many I can go through
Look to the star, and visualize my debut
Niggas know me, player, I gotta stay true
Don't be a dumb motherfucker cause it's crazy after dark
Where the true thug-niggas see your heart
Niggas can't see me!

Yo, check this out: stay off his dick

[George Clinton (2Pac):]
(Niggas can't see me)
Right before your eyes, I'll disappear from here
You niggas can't see me
You can't see me
(I know it's hard nigga, I'm all up in your face)
(But you still can't see me)
You can't see me
(All up in your range, but niggas can't see me)
20/20 vision won't visualize
(I'm in the flesh baby, but you can't see me)
All those glasses won't help you realize
(You blinded, you blinded, you can't see me)
You can't see me
(Thug Life, baby)
(Don't believe everything you read!)
(Alize and weed)
You can't see me, right before your very eyes
You won't even visualize, you can't see me
(Dr. Dre all day, 2Pac)
Niggas can't see me
(I dedicate this to you punk motherfuckers!

(This one's for you, BIG baby)
(Cause you bitch-ass niggas can't see me)
(Niggas can't see me)
You can't see me

See no evil, hear no evil, speak no evil
You won't see me
Yeah, first see me, now you don't
Wanna see me, but you won't
Come to see me, but you can't
Oh, you can't see me, you can't see me
Right between your eyes and you'll never realize
Right before your eyes, you won't even realize
Visualize what you can't see

2Pac Lyrics

"Shorty Wanna Be A Thug"

Said he wanna be, shorty's gonna be a thug
Said he wanna be, one day he's gonna be
Said he's gonna be, shorty's gonna be a thug
Said he's gonna be, one day he's gonna be
Said he wanna be, shorty's gonna be a thug!
Said he wanna be, one day he's gonna be
Said he wanna be, shorty's gonna be a thug

Was a nice middle-class nigga
But no one knew the evil he'd do when he got a little bigger
You'd often find him blazed, for puffing on a Newport
Plotting on a another way to catch a case
Was only 16, yet convicted as a felon
With a bunch of old niggas, but you the only one ain't tellin'
I tell you it's a cold world, stay in school
You tell me it's a man's world, play the rules
And fade fools, break rules until we major
Blaze up, getting with hoes through my pager
Was raised up, commence to money-makin' tactics
It's getting drastic, niggas got automatics
My finger's on the trigger
Tell the Lord to make way for another straight thug nigga
I'm sitting, getting buzzed, looking for some love
From the homies, ‘cause shorty wanna be a thug

Said he's gonna be, said he's gonna be
One day he's gonna be, shorty's gonna be a thug
Said he's wanna be, said he's wanna be
One day he's gonna be, shorty's gonna be a thug
Said he's gonna be, one day he's gonna be
Said he wanna be, shorty's gonna be a thug
Said he wanna be, one day he's gonna be
Said he wanna be, shorty's gonna be a thug

Straight from the hall to the pen
An adolescent nigga standing way higher than six feet ten
He carried weight, like a Mack truck
Gonna bust on playa haters, if them mothafuckas act tuff
Then that's when, a lethal weapon with the razor
This little nigga smoking weed and getting blazed up
No one could figure, when the guns blast, pull the trigger
Could take the life of a young nigga, guns bigger
No mother and father, you see, the nigga's all alone
Old timers my role model, the war zone
Been laced with this game 'til it's a part of me
My heart don't beat no fear, and that ain't hard to see
The future is looking dim
I'm tryin' to make a profit out of living in this sin
I'm in the dark, getting buzzed, looking for some love
Out with the homies, ‘cause shorty wanna be a thug

Said he's gonna be, said he's gonna be
One day he's gonna be, shorty's gonna be a thug
Said he's wanna be, one day he's gonna be
Said he's gonna be, shorty's gonna be a thug
Said he's wanna be, one day he's gonna be
Said he wanna be, shorty's gonna be a thug
Said he wanna be, one day he's gonna be
Said he wanna be, shorty's gonna be a thug

Shorty's gonna be a thug
Little bad ass nigga, to the young niggas
Gotta stay sharp, nigga, play your part!
Got plenty of time (you bad mothafuckas)
You only get three mistakes, and then it's life, big baby
(Niggas craaazy) Watch the signs!
Damn, nigga! Sixteen, nigga?
Sixteen?! Too bad, mothafuckers

2Pac Lyrics

"Holla At Me"

(feat. Nancy Fletcher)

[Nanci Fletcher (2Pac):]
Niggas out there jealous cause we be bailin' with Death Row
They try to playa hate, but they can't fade us though
We be mobbin' through the neighborhood, yeah
With that funky sound, so funky
We be throwin' down
(This goes out to you playa)
(You know, you know who you are)

[2Pac:]
Gotta be careful, can't let the evil of the money trap me
So when ya see me nigga, you better holla at me
Gotta be careful, can't let the evil of the money trap me
So when ya see me nigga, you better holla at me
Gotta be careful, can't let the evil of the money trap me
So when ya see me nigga, you better holla at me

[2Pac:]
Are you confused?
You wonder how it feels to walk a mile inside the shoes of a nigga who don't have a thing to lose
When me and you was homies
No one informed me it was all a scheme
You infiltrated my team and sold a nigga's dreams
How could you do me like that?
I took ya family in
I put some cash in ya pocket, made you a man again
And now you let the fear put your ass in a place
Complicated to escape, it's a fool's fate
Without your word you're a shell of a man
I lost respect for ya, nigga
We can never be friends
I know I'm runnin' through your head now
What could you do?
If it was up to you, I'd be dead now
I let the world know, nigga, you a coward
Ya could never be live
Until you die
See the motherfuckin' bitch in your eye
Type of nigga, that let the evil of the money trap me
When ya see me, nigga, you better holla at me (holla at me)

[(2Pac) Nanci Fletcher:]
(Gotta be afraid, don’t let the evil of the money trap me)
(So when ya see me, nigga, you better holla at me)
You better beware where you lay
We better not find where you stay
(So I gotta be careful, can't let the evil of the money trap me)
(So when ya see me, nigga, you better holla at me)
You better beware where you lay

We better not find where you stay

[2Pac:]
Curious, spittin' lyrics on the verge of furious
I'm addicted to currency
Nigga that's why we're doin' this
I got shot up, I surprised the niggas the way I got up
And then I hit the studio, it's time to blow the block up
No hesitation
This information got you contemplatin'
Heartbreakin' and eliminatin' with this conversation
Break him and let him see the face of a mental patient
It's a celebration of my criminal elevation, more participation
I want members that call the fifty states
To keep the nation anticipatin' until we break
Will I be great, is it my fate?
To live the life of luxury, some niggas bought my tapes
So much jealousy it scares me
So be prepared, cause only the strong survive
Life isn't fair (fair)
Probably never knew the way it feels to die
So you see come fuck with me, I give that ass a try!
Nigga, Holla at me

[(2Pac) Nanci Fletcher:]
(Gotta be careful, can't let the evil of the money trap me)
(So when ya see me, nigga, you better holla at me)
You better beware where you lay
We better not find where you stay
(And now I gotta be careful, can't let the evil of the money trap me)
(So when ya see me, nigga, you better holla at me)
You better beware where you lay
We better not find where you stay

[2Pac:]
I should've saw the signs, I was blinded
Criminal minds of a young black brotha doin' time
So many brothas framed in this dirty game
It's a shame, so much pressure on my brain while she blame me
Secrets in the dark, only her and I know
Now I'm sittin' in the state pen', doin' time slow
Guess she made a bad decision
That got me livin' just like an animal
I'm caged up in state prison
My niggas dissin' cause hell hath no fury like a woman's scorn
A cemetery full of motherfuckers not knowin'
Picture my prophecy I got some attacking me, on top of me
I'm runnin' from the coppers, but never let 'em stop me
Cause I'm a soldier
Hell, ever since I was a little nigga havin' fantasies of one day getting older
Niggas is paranoid, trust; a no no
Love is a mystery, fuck the po po
Holla at me

[(2Pac) Nanci Fletcher:]
(So when you see me nigga)

(You better holla at me)
You better beware where you lay
We better not find where you stay
(Gotta be careful, can't let the evil of the money trap me)
(So when ya see me, nigga, you better holla at me)
You better beware where you lay
We better not find where you stay
(A nigga gotta be careful, can't let the evil of the money trap me)
(So when ya see me, nigga, you better holla at me)
You better beware where you lay
We better not find where you stay

[Nanci Fletcher:]
Niggas out there jealous cause we be bailin' with Death Row

2Pac Lyrics

"Wonder Why They Call U"

(feat. Faith Evans)

You wonda why they call you bitch
You wonda why they call you bitch
You wonda why they call you bitch
You wonda why they call you bitch
You wonda why they call you bitch
You wonda why they call you bitch

Look here, Miss Thang, hate to salt your game
But you's a money-hungry woman and you need to change
In the locker room, all the homies do is laugh
High fives 'cause another nigga played your ass
It was said you were sleezy, even easy
Sleepin' around for what you need, see
It's your thing, and you can shake it how you wanna
Give it up free or make your money on the corner
But don't be bad, play the game, get mad and change
Then you wonder why these motherfuckers call you names
Still lookin' for a way out, and that's okay
I can see you wanna stray, there's a way out
Keep your mind on your money, enroll in school
And as the years pass by, you can show them fools
But you ain't tryin' to hear me 'cause you're stuck
You're headin' for the bathroom, 'bout to get tossed up
Still lookin' for a rich man, you dug a ditch
Got your legs up tryin' to get rich
I love you like a sister, but you need to switch
And that's why they called you bitch—I betcha!

You wonda why they call you bitch
You wonda why they call you bitch—I betcha
You wonda why they call you bitch
You wonda why they call you bitch—I betcha, bitch
You wonda why they call you bitch
You wonda why they call you bitch—I betcha
You wonda why they call you bitch
You wonda why they call you bitch

You leave your kids with your mama
'Cause your headin' for the club
In a skin-tight miniskirt, lookin' for some love
Got them legs wide open while you're sittin' at the bar
Talkin' to some nigga 'bout his car
I guess he said he had a Lexus, what's next?
You headin' to his car for some sex?
I pass by, can't hold back tears inside
'Cause Lord knows, for years I tried
And all the other people on my block hate your guts
Then you wonder why they stare and call you slut
It's like your mind don't understand

You don't have to kill your dreams plottin' schemes on a man
Keep your head up, legs closed, eyes open
Either a nigga wear a rubber or he die smokin'
I'm hearin' rumors, so you need to switch
And niggas wouldn't call you bitch—I betcha!

You wonda why they call you bitch
You wonda why they call you bitch—I betcha
You wonda why they call you bitch
You wonda why they call you bitch—I betcha, bitch
You wonda why they call you bitch
You wonda why they call you bitch—I betcha
You wonda why they call you bitch
You wonda why they call you bitch

I guess times gettin' hard, even harder for you
'Cause hey now, got a baby on the way now
More money from the county, and thanks to the welfare
You're about to get your hair done
Got a dinner date, can't be late
Trick or treat, sweet thang got another trick to meet
The way he did it it was smooth
Plottin' while he gamin' you so, baby, peep the rules
I should've seen it in the first case, the worst case
I should've never called you back in the first place
I remember back in high school, baby, you was fast
Straight sex when you moved your ass
But now things change, 'cause you don't look the same
Let the ghetto get the best of you, baby, that's a shame
Caught HIV and now you 'bout to be deceased
And finally be at peace
So where your niggas at now? 'Cause everybody left
They stepped, and left you on your own
See, I loved you like a sister, but you died too quick
And that's why we called you bitch—I betcha!

You wonda why they call you bitch
You wonda why they call you bitch—I betcha, bitch
You wonda why they call you bitch
You wonda why they call you bitch—I betcha, bitch
You wonda why they call you bitch
You wonda why they call you bitch—I betcha, bitch
You wonda why they call you bitch
You wonda why they call you bitch

Dear Ms. Delores Tucker, keep stressin' me
Fuckin' with a motherfuckin' mind
I figured you wanted to know
You know, why we call them hoes bitches
And maybe this might help you understand
It ain't personal, strictly business, baby, strictly business
So If you wonder why we call you bitch
You wonder why we call you bitch
If you wonder why we call you bitch
You wonder why we call you bitch

2Pac Lyrics

"When We Ride"

(feat. Nancy Fletcher, Mo Khomeini, ilOutlawz)

[2Pac:]
Outlaw Immortalz
Bow down to somethin' greater than yourself, trick
Individuals capable of enormous amounts of chin checks and eye swolls
They know you watchin'
But you ain't seein' what lies before you, biatch
Picture if you will seven deadly human beings
Blessed with the gift of speech
The power to reach
Each nigga on every street
May the heavenly father look down and be proud of what transpired
Since the day the seed was planted
The G grew but we knew he'd rise up quick
Smoked out, loc'ed out, all into shit
Just me and my dogs, livin' like hogs
Outlaw Immortalz
What follows is the story, what proceeded was the glue
What lies between is the fiction
Don't fuck around and make it true

*[*laughing*]*
My adversaries crumble when we rumble it's a catastrophe
Out for revenge on bitch niggas that blasted me
Plus my alias is Makaveli
A loaded three-fifty-seven with hollow points to a nigga belly
Bust him to see if he bleed
He shoulda never fucked around with a sick-ass nigga like me
They call my name out and niggas run
Best be prepared for the Outlawz, here we come

[Hussein Fatal:]
They call me Hussein Fatal, it's a two game table
I'm robbin' ya niggas' cradle with a knife in your navel
Rap-related, criminally activated and evil
I wouldn't wanna be you behind my fuckin' Desert Eagle
'Til the end, I'm tellin' all friends and enemies
You see what I got to make you freeze, to touch me you need ten of these
Complete most, wanted on the streets of the East coast
Young Gunz fire and niggas bleed, I see Mo

[Kastro:]
I be shinin' like white diamonds and crystal
Glistenin' holdin' pistols
The mission's simple, fold up and roll up dead presidentials
Sew up all the potential, million, billion dollar baller potential
Sort it, oughta call on a nigga I'll be sure to get you
Take cash bro, fast yo, for my Kastro
Blast and I'mma last yo past all these Glass Joes
And assholes who claim, like they be runnin' thangs

I be gunnin' those same niggas runnin' late, to their fate

[Napoleon:]
My alias is motherfuckin' Na-poleon, and I'd rather be
Robbin' again before these motherfuckers leave me sufferin'
But it ain't nothin', and I got no time for no bluffin'
Befo' a nigga finish with puttin' in work I betta end up with somethin'
I think these niggas got the game fucked up
If they don't believe, that a young nigga like me, would bust (Boo-Yaa!)
Perhaps it's a must, I'm facin' cases, fuck probation
Is what I'm screamin' when these money hungry cops be chasin'

[2Pac:]
Thug nigga 'til we die
No mercy on these playa hatin' bitches, ask me why - when we ride
Thug nigga 'til we die
No mercy on these playa hatin' bitches, ask me why - when we ride

[Mussolini:]
It's the imperial serial killer, alias Mussolini
Mentally unstable G status, so you can't see me
Drug warlord, ridin' Concorde jets
Rag Vette's, shakin' bitches and snitches and trippin' on sets
Inglewoods banger, keepin' one in the chamber
For the anger that I build inside, when it's time to ride
Suicidal thoughts lurk fuckin' no end to revenge
Fuck any, my alias Mussolini

[E.D.I.:]
They call me Idi, from the side of seedy
Young nigga greedy, so I'm runnin' up on these niggas easy
It ain't nuttin, cause if they wantin' somethin', so I'mma commence
To dumpin' stomp down and struck up while my beat is bumpin', Thuggin'
To my fuckin' last note, with Lo-Pole and Kastro
Who you thought was on that asshole, don't ask though
Outlaw Immortalz doin' this dit-nirt on the sli-zow
Ain't no chance to hide when we ride

[Kadafi:]
My alias Khadafi, Trump tight so feds can't copy
Six-three and cocky quick to hit your bitch if she jock me
Severely addicted to livin' like a fuckin' felon
While beefin' with rookie cops the cookie rocks a nigga sellin'
Since a shorty I been livin' life defiant, nickel plated chrome
Got this baby Capone lookin' like a giant, and I ain't lyin'
It's like it's me against myself with all these
Backstabbin' snakes grabbin' at my fuckin' wealth

[Mo Khomeini:]
Mo Khomeini goes terrorist, mad man killer
The bottom of the river where the body lays and shivers
I'm that nigga with the fifty cap pouch, with the murderous stacks
That increase, while these motherfuckers eat beef
It's been a long road, a lot of episodes
And as the glock loads, I gotta teach hoes
Reach hoes, make 'em feel a nigga when I'm mashin'

Now I'm surpassin' any assassin'

[2Pac:]
Thug nigga 'til we die
No mercy on these playa hatin' bitches, ask me why - when we ride
Thug nigga 'til we die
No mercy on these playa hatin' bitches, ask me why - when we ride
Thug nigga 'til we die
No mercy on these playa hatin' bitches, ask me why - when we ride
Thug nigga 'til we die
No mercy on these playa hatin' bitches, ask me why - when we ride

Hahahaha, Outlaw Immortalz baby
Y'all niggas can't fade this ol crazy shit (can't c me, can't c me)
Makaveli, Hussein, Kastro, Kadafi, Mussolini
Amin, Napoleon, Khomein
What y'all really wanna do?
Haha, like them niggas said
"What would you do? If you could fuck with me and my crew"
Hehahahahaha, Thug Life, yeah nigga
Flashin on niggas
Thug Life right? This year we Thug Life
But we Outlaw Immortalz
We die nigga, but we multiply, we like legends nigga, like forever
Like I'll make you famous motherfucker
I'm talkin about Newsweek and Time Magazine and all that ol good shit
My niggas make the papers baby
My niggas make the front page
The gunshots can't stop me, they know *[*fades*]*

2Pac Lyrics

"Thug Passion"

(feat. Dramacydal, Storm, Jewell)

Aight, new drink
One part Alizé, one part Cristal
Thug passion, baby
y'all know what time it is
This drink is Guaranteed to get the pussy wet and the dick hard
Now, if you with me
Pour a glass and drink with a nigga, knowhatimean?
I ain't tryin' to turn you all niggas into alcohols - alcoholics
I'm just tryin' to turn you into motherfuckin' thugs
So come and get some of this thug passion, baby

[Kastro:]
Mayne! I could pull out the drink and be good until it's relevant
But I'm a straight soldier, I'll roll up a nigga like it's Heaven sent
Trippin' over dead presidents
they got these derelicts
I throw was down with this business, tryin' to clown and get a cent
And so rather, than stand forever
Been thinkin' drinkin' over a felony
And hell of me
And how it will be in hella shit, people tellin' me to cool out
But they ain't feelin' me, a motherfuckin' fool, about
My fuckin' cheddar cheese
and it pleases, passion of mine
Thuggin', huggin' plenty of G's and laughin' while I pass through times
And all these bastards be watchin' just keep it plain
I'ma keep it the same partner, just take it the simple game
I can, pinkle with the rain twinklin'
Diamonds and things go blinkin'
Enough to hold me, 'til I'm, old and wrinklin'
and These adversaries
They gonna have to be worryin'
Cause I'ma be illin', fulfillin' my passion
'Til I'm buryin' my thug passion

[Jewell:]
I heard it's the bomb
And you got it goin' on
Give me some of your thug passion, baby
You got me drippin' wet
from the way you make me sweat
Give me some of your thug passion, baby ohhhwow!

[Napoleon:]
Now what if me
Turn this Hennessy into a robbery
The Prophecy probably suddenly switch and how it supposed to be
And Dirty money
Can't be evil cause it's fillin' up my tummy

Born in a position, death collision was futuristic
Twistin' riches, but there is only one way to make more
So I'm standin' on the corner tryin' to hustle in the snow
And my bigger bro, couldn't know
But buy a .44, blastin' at playa haters wantin' more
with a Thug Passion

[E.D.I. Mean:]
Puttin' down mashin', control by this thug's passion
Unlike them other bustas pistol blastin'
I'm askin', what happened
To the niggas who kept it real like they claim to
That's what money and fame do, see they ain't true
Travelin' this road my poor soul has been consolidated
With all this bullshit that I done tolerated
How I made it, can be easily stated
It's like my hardest bring the grip with the passion, left me to fuckin' greatest
Load up and take shit

[Yaki Kadafi:]
Make it to some high dollar gangsta shit
Jack a stack 'til we got enough bank to split

[Storm:]
Creep with me, through that immortal flow
Thug passion got you tremblin' like Death on the Row
Make your move, so I can throw your mind a curve
While I'll be blowin' up the scene, like my nigga Mr. Herb
Take a toke, as your heart goes full arrest
I got the bomb, so nigga, fuck the rest
You need a dub to get you flowin'
and let that loc see smoke
Feelin' the strokes of the 9 squeeze tight and slow

[Jewell:]
I heard it's the bomb
And you got it goin' on
Give me some of your thug passion, baby
You got me drippin' wet
From the way you make me sweat
Give me some of your thug passion, baby ohhhwow!

They say money don't make the man
But damn, I'm makin' money
Observin' you motherfuckers, 'cause some of you bitches funny
Say you want it but you bullshittin'
Lickin' them lips, you got me about to act a fool quick
Sippin' on some Alizé and Cristal, meanwhile
Buy me a drink and get to winkin' at me, she smiles; a niggas full of passion
Satisfaction is everlastin'
"How does it feel?" what I'm askin'
While I'm rubbin' on that ass "Why you laughin'?"
see, I'm diggin' as if I'm curious
full blown and furious
Baby, get a grip, when I be doin' this
It's so physical my attraction

Driven by alcohol, beware of my reaction
baby I'm born to ball
thugged out on Death Row
You better recognize and picture what I said so
Now you can feel it, it's a portion for my niggas in motion
Forever blastin', bitches ain't ready for this thug passion

[Jewell (DJ Quik):]
I heard it's the bomb
And you got it goin' on
Give me some of your thug passion, baby
(Thug passion)
You got me drippin' wet
From the way you make me sweat
Give me some of your thug passion, baby ohhhwow!
(Thug passion)
I heard it's the bomb
And you got it goin' on
Give me some of your thug passion, baby
(Thug passion)
You got me drippin' wet
From the way you make me sweat
Give me some of your thug passion, baby ohhhwow!
(Thug passion)
I heard it's the bomb
And you got it goin' on
Give me some of your thug passion, baby
You got me drippin' wet
From the way you make me sweat
Give me some of your thug passion, baby ohhhwow!
I heard it's the bomb
And you got it goin' on
Give me some of your thug passion, baby
You got me drippin' wet
From the way you make me sweat
Give me some of your thug passion, baby ohhhwow!

2Pac Lyrics

"Picture Me Rollin'"

(feat. CPO, Danny Boy Steward, Syke)

Yeah, clear enough for ya? (alright)
My niggas look mad
Y'all supposed to be happy I'm free!
Y'all niggas look like y'all wanted me to stay in jail
Hoe bustas!

[2Pac:]
Picture me rollin' in my 500 Benz
I got no love for these niggas, there's no need to be friends
They got me under surveillance, that's what somebody be tellin'
"Know there's dope being sold", but I ain't the one sellin'
Don't want to be another number
I gotta puff a gang of weed to keep from goin' under
The federales wanna see me dead
Niggas put prices on my head
Now I got two Rottweilers by my bed, I feed 'em lead
Now I'm released, how will I live?
Will God forgive me for all the dirt a nigga did, to feed kids?
One life to live, it's so hard to be positive
When niggas shootin' at your crib
Mama, I'm still thuggin', the world is a war zone
My homies is inmates, and most of them dead wrong
Full grown, finally a man, just schemin' on ways
to put some green inside the palms of my empty hands
Just picture me rollin'
Flossin' a Benz on rims that isn't stolen
My dreams is censored, my hopes are gone
I'm like a fiend that finally sees when all the dope is gone
My nerves is wrecked, heart beatin' and my hands are swollen
Thinkin' of the G's I'll be holdin'
Picture me rollin'

[Danny Boy (2Pac):]
Picture me rollin'
Picture me rollin'
Picture me, picture me rollin'
Picture me rollin'
Ooh wee
(Can you see me now?
Move to the side a little bit so you can get a CLEAR picture
Can you see it?
Picture me rollin'
Picture me rollin'
Yeah nigga!
Ay, but peep how my nigga Syke do it to you
Guess who's back?)

[Big Syke:]
I got ki's comin' from overseas

Cost a nigga 200 G's
I'm a street commando, Nino for example
This lavish lifestyle is hard to handle
So I got to floss cause I'm more like a boss player
Thug, branded to be a women-layer
So many player haters, imitators steady swangin'
Make me wanna start back bangin'
So I'm caught up in the game, dress code changed
Packin' 40 Glocks, contain 'em or rearrange
All that jealousy and envy comin' from my enemies
While I'm sippin' on Rémy
in front of black Lexus, Chevy's on the roam
'96 big body, sittin' on chrome
As we head up out the zone, stone-facin' is on
You can admire, but don't look too long
I'm livin' a dream with triple beams and my pockets bulgin'
It's hard to imagine
Picture me rollin'

[Danny Boy:]
Picture me rollin'
Picture, picture me rollin'
Picture me rollin'
Picture me rollin'
Picture me

[CPO (2Pac):]
I gots to get the fuck up in it, formulate a caper
Cause a nigga straight sufferin' from lack of havin' paper
My bitch fin' to have a bastard, see?
So I needs to hit a lick, drastically
I see some ballin' ass niggas, and they slippin' in my spot
And, uh, diggin' the plots. So what?
Checkin' in the park, 'Pac
(We caught 'em sleepin', he didn't peep you niggas creepin'?)
(This how we do it every weekend)
(I dump for madness, it's time to count the profit)
(CPO, we got the bomb spot, nigga time to clock it)
(I get the liquor, and you could get the females)
(This crooked shit that we inflictin' gettin' street sales)
Move smooth as a motherfucker, me and my 9
I'm as cool as a motherfucker, I'ma get mine
Now we satisfied, got the pockets on swollen
Boss Hogg and this 'Pac nigga
Picture us rollin'

[Danny Boy:]
Picture me rollin'
Picture me
Picture me rollin'
Picture me rollin'

[2Pac:]
Is y'all ready for me?
Picture me rollin'' roll call
You know there's some muh'fuckers out there

I just could not forget about
I wanna make sure they can see me
Number one on my list: Clinton Correctional Facilities
All you bitch ass C.O.'s
Can you niggas see me from there?
Ballin' on y'all punk ass!
Picture me rollin', baby
Yeah, all them niggas up in them cell blocks
I told y'all niggas when I come home it's on
That's right nigga, picture me rollin'
Oh, I forgot! The D.A
Yeah, that bitch had a lot to talk about in court
Can the hoe see me from here?
Can you see me, hoe?
Picture me rollin'
And all you punk police, can you see me?
Am I clear to you?
Picture me rollin' nigga, legit
Free like O.J. all day
You can't stop me
You know I got my niggas up in this motherfucker
Manute, Pain, Syke, Bogart, Mopreme
It's sad dog, can you picture us rollin'?
Can you see me hoe?
Is y'all ready for me?
We up out this bitch
Any time y'all wanna see me again
Rewind this track right here, close your eyes
And picture me rollin'

2Pac Lyrics

"Check Out Time"

(feat. Natasha Walker, Kurupt, Big Syke)

[2Pac:]
Ay what time is it nigga?
("I don't know.")
Oh shit, 12 o'clock
Oh shit, we got to get the fuck up outta here
("Hell yeah.")
Nigga, it's check out time nigga
Hey call up Kurupt, call Daz room
("Hey there, bitch, where Suge at, nigga?")
Call Suge, call all the niggas tell 'em to meet me downstairs
("Where K and them niggas at man?")
Tell the valet, bring the Benz around
("Ay, y'all seen my shoes?")
Hey Kurupt, y'all niggas drivin' or y'all flyin' back, whassup?
("Man, I'm rollin' man, fuck that shit.")
Hey Syke nigga, come on man, get up out the bathroom fool
("Fuck that, I lost some money, nigga.")
Aw nigga, damn

[2Pac:]
Now I'm up early in the mornin', breath stinkin' as I'm yawnin'
Just another sunny day in California
I got my mind focused on some papers while I'm into sexy capers
Give a holla to them hoochies last night, that tried to rape us
Will these rap lyrics take us, plus room all up in Vegas
I'm a boss playa, death before I let these bitches break us
Last night was like a fantasy, Alizé and Hennessy
A hoochie and her homie dirty dancin' with my man and me
Told her I was interested, picture all the shit we did
I got her hot and horny, all up on me, what a freaky bitch
First you argued, then I fight it, 'til you lick me where I like it
Got a nigga all excited, it don't matter, just don't bite it
I never got to check out the scene
Too busy tryin' to dig a hole in your jeans
Now it seems, it's check out time

[Natasha Walker:]
We gotta go, we gotta go!
We gotta go, we gotta go!
We gotta go, we gotta go!

[2Pac:]
Gotta go, gotta go
Yeah baby, hahaha, it's check it out time!
Gotta go nigga, gotta go
("Y'all know what time it is!")
Ay, c'mon man get y'all bags man, call that valet motherfucker
Tell him to get a nigga shit, cause we out this, motherfucker

[Kurupt:]
They label me an outlaw, so it's time for the panty raid
My fantasies came true with Janet on, I'm in a escapade
But did it all, end too soon
All the homies runnin' through the halls room to room
So I assume, since I'm a playa like my nigga Syke
Then it's only right for me to disappear into the night
My game's trump tight
So I find time to recline
Sneak in your room, instant Messiah, shit wines of all kinds
I ain't got that much time
So hurry up and pop the Dom and let me hit it from behind
Since I'm only here for one night
I got to get you hot and heated
Play like Micheal Jackson, and Beat It
One more thing I like to mention, I'm done and I'm out
cause there's someone else who deserves my attention
So all the homies round up in the lobby
Cause bustin' bitches is a hobby, nigga
It's check out time

[Natasha Walker:]
We gotta go, we gotta go!
We gotta go, we gotta go!
We gotta go, we gotta go!
We gotta go, we gotta go!

[Kurupt:]
Aiyyo man 'Pac, ay, where the where the fuck is Daz at man?
This nigga locked up or somethin'?
The only one not to leave
Yo man, it's check out time, it's time to get out this mother
(You seem them bitches?)
We out man, fuck that shit
Yo Rece! Yo nigga, whassup?

[Big Syke:]
Hey, I'm livin' the life of a boss playa
The front desk callin' but I'm checkin' out later
My behavior is crazy from what you did to me baby
If walls could talk, they'd say, you tried to fade me
I'm puttin' in work, but didn't hurt from the jacuzzi to the bed
Carressin' your thoughts, cause I'm livin' fed, heard what I said?
Passion is crashin' the room
From the liquor we consumed I heard a boom
I'm blackin' out, you're yellin' out 'Big Syke Daddy'
We did it in the caddy on the highway, my way
I'm lost in a dream and so it seemed, to be the night
Five bottles of Cristal and I'm still tight
Out of sight from 'Pac and Kurupt
As I get it up, once the doors close, you stuck
In a heaty, sticky situation
Get up baby, you ain't on vacation
It's check out time

[Natasha Walker:]

We gotta go, we gotta go!
We gotta go, we gotta go!
We gotta go, we gotta go!
We gotta go, we gotta go!

[Big Syke:]
Ay, it's check out time
Ay Pac, nigga where my motherfuckin', where my shoes go, nigga?
Where my motherfuckin' drawers and shit at man?
Man, y'all niggas was in here partyin' too fuckin' much
What the fuck y'all doin', nigga?
Kurupt, go tell Daz, man, and Bogart and the rest of them niggas
C'mon man, niggas is trippin' man
Front desk all callin' me, tellin' me to get the hell outta here, man
I ain't got no more money, somebody loan me a hundred

[Natasha Walker:]
We gotta go, we gotta go!
We gotta go, we gotta go!
We gotta go, we gotta go!
We gotta go, we gotta go!

We gotta go! Oooo!
We gotta, go!
We, hey!
We! We gotta go! Haaa!
We gotta, go! Haa!

2Pac Lyrics

"Ratha Be Ya Nigga"

(feat. Richie Rich, Stacey Smallie)

[Richie Rich (2Pac):]
'Pac
(Hey)
What's happening
(Not motherfucking double R, Richie baby)
What's happening baby, you know how we do it
(Yeah nigga, you know I'm up out this bitch)
(It's time for me to uh regulate)
Fo' sho', hey
(Observe)
And you ain't going back?
(Nah nah nah, we got to show these motherfuckers whassup though)
This is for the honeys, the superstar
(I don't want to be her man, I want to be her nigga)
(You feel me?)
Well let 'em know

[2Pac:]
You fucking with niggas that's insecure
Watered down, my shit is pure
Write down my number but don't call me 'til you sure
I ain't begging just trying to relocate between your legs
Dripping wet, as we experiment in sweaty sex
When you met me you wouldn't let me, and now
You straight begging to sex me got you undressing to test me and uh.

[Richie Rich:]
Shut me down if you want, and miss the chance to do it live
When I stroll by, I see that look in yo' eye
You want a nigga, but think that you can't have a nigga
Don't cheat yourself, instead treat yourself
If you scared, go to church, I know it hurts
To find out me and your man be sharing skirts

[2Pac:]
I'm hoping you don't take this the wrong way
But your body is banging, got me attracted in a strong way
After a long day of trying to make my songs pay
Making love all day against the wall in the hallway
Your fantasies come alive, your heart rate
Shall increase when we meet up in this dark place
You might think you're happy with him
But that's a lie, so give this Thug a try
I'd rather be ya nigga

[2Pac:]
I'd rather be ya N-I-G-G-A
So we can get drunk and smoke weed all day
It don't matter if you lonely baby, you need a Thug in your life

These busters ain't loving you right
I'd rather be ya N-I-G-G-A
So we can get drunk and smoke weed all day
It don't matter if you lonely baby, you need a thug in your life
('Cause) These busters ain't loving you right

[2Pac:]
Look, now you was sprung from the introduction
My conversation's full of game yet laced with seductions
I see you blushing like you want something, come get a taste
Of Amerikaz Most Wanted and let's get into some touching, erotic fuckin'
My up and down with no interruptions
Have no intentions of busting until you learn your lesson
Now many questions are often asked, a drop top, 500 Benz
And plenty cash, to help a nigga get the ass

[Richie Rich:]
You can ride out with spoke coke, to get your lobster and crab
Cause all I got is conversation and a gang of stab
And I'ma listen when it hurts, I'ma hang out but never stay
Smoke blunts but leave them stunts up to Super Dave
I'll be your nigga, as long as we can understand
That I's the nigga and spoke coke can be the man
He wine and dine, but me and you we whine and grind
And when I'm on the field keep you on the sidelines

[2Pac:]
I'd rather be ya N-I-G-G-A
So we can get drunk and smoke weed all day
It don't matter if you lonely baby, you need a thug in your life
Them busters ain't loving you right
I'd rather be ya N-I-G-G-A
So we can get drunk and smoke weed all day
It don't matter if you lonely baby, you need a thug in your life
Them busters ain't loving you right

[2Pac:]
Now it's time for the moment of truth, I got you naked
Totally sweating, let's see how hot I can make it
Tongue kissing 'til yo' head swang
I'm so into you, witness a nigga make the bed bang
If it's all mine, then let me know
Now scream my name out; do you want it fast or shall I hit it slow?
Not to mention, the multiple positions I inflict
A boss player, freaky motherfucker, can I dig?

[Richie Rich (2Pac):]
It's on and popping, now you see what I was seeing
Why your eyes rolling? Loosen up, girl, I ain't going
Nowhere, let's let that sucker stay out there
While he's stressed out and knock I stretch out the cock
Hold the boots, and let a nigga execute
And though you got it right, I'm going home tonight
(You say you don't need a man, but I don't care)
(You're in the presence of a player, I'd rather be ya nigga)

[2Pac:]
I'd rather be ya N-I-G-G-A
So we can get drunk and smoke weed all day
It don't matter if you lonely baby, you need a thug in your life
These busters ain't loving you right
So I'd rather be ya N-I-G-G-A
So we can get drunk and smoke weed all day
It don't matter if you lonely baby, you need a thug in your life
These busters ain't loving you right
I'd rather be ya N-I-G-G-A
So we can get drunk and smoke weed all day
It don't matter if you lonely baby, you need a thug in your life
These busters ain't loving you right
I'd rather be ya N-I-G-G-A
(I'd rather be yo' nigga)

2Pac Lyrics

"All Eyez On Me"

(feat. Big Syke)

[2Pac:]
Big Syke, Newt, Hank
Beugard, Big Sur
Y'all know how this shit go
All eyes on me
Motherfuckin' O.G
Roll up in the club and shit, is that right
All eyes on me
All eyes on me
But you know what?

[2Pac:]
I bet you got it twisted you don't know who to trust
So many playa hatin' niggas tryin' to sound like us
Say they ready for the funk, but I don't think they knowin'
Straight to the depths of hell is where those cowards goin'
Well are you still down nigga, holla when you see me
And let these devils be sorry for the day they finally freed me
I got a caravan of niggas every time we ride
Hittin' motherfuckers up when we pass by
Until I die; live the life of a boss playa
Cause even when I'm high, fuck with me and get crossed later
The futures in my eyes, cause all I want is cash and thangs
A five-double-oh Benz flauntin' flashy rings, uh
Bitches pursue me like a dream
Been know to disappear before your eyes just like a dope fiend
It seems, my main thing was to be major paid
The game sharper than a motherfuckin' razor blade
Say money bring bitches, bitches bring lies
One nigga's gettin' jealous, and motherfuckers die
Depend on me like the first and fifteenth
They might hold me for a second, but these punks won't get me
We got four niggas, in low riders, and ski masks
Screamin' THUG LIFE every time they pass - all eyes on me

[2Pac:]
Live the life of a thug nigga, until the day I die
Live the life of a boss playa (All eyes on me), cause even gettin' high
All eyes on me
Live the life of a thug nigga, until the day I die
Live the life of a boss playa, cause even gettin' high

[Big Syke:]
Hey, to my nigga 'Pac
So much trouble in the world, nigga
Can nobody feel your pain
The world's changin' everyday, time's movin' fast
My girl said I need a raise, how long will she last
I'm caught between my woman, and my pistol, and my chips

Triple beam, got some smokers on, whistle as I dip
I'm lost in the land with no plan, livin' life flawless
Crime boss, contraband, let me toss this
Needy hookers got a lot of nerve, let my bucket swerve
I'm takin' off from the curb
The nervousness neglect make me pack a tech
Devoted to servin' this, Moet and pay checks
Like Akai satellite nigga I'm forever ballin'
It ain't right parasites triggers and fleas crawlin'
Sucker duck and get busted, no emotion
My devotion is handlin' my business, nigga, keep on coastin'
Where you goin' I been there, came back as lonely homie
Steady flowin' against the grain, niggas still don't know me
It's about the money in this rap shit, this crap shit
It ain't funny niggas don't even know how to act, shit
What can I do, what can I say, is there another way
Blunts and gin all day, twenty-fo' parlay
My little homie G, can't you see, I'm busta-free
Niggas can't stand me - all eyes on me

[2Pac:]
Live the life of a thug nigga, until the day I die
Live the life of a boss playa (All eyes on me), cause even gettin' high
All eyes on me
Live the life of a thug nigga, until the day I die
Live the life of a boss playa (All eyes on me), cause even gettin' high

[2Pac:]
The feds is watchin', niggas plottin' to get me
Will I survive, will I die, come on let's picture the possibility
Givin' me charges, lawyers makin' a grip
I told the judge I was raised wrong, and that's why I blaze shit
Was hyper as a kid, cold as a teenager
On my mobile callin' big shots on the scene major
Packin' hundreds in my drawers; fuck the law
Bitches I fuck with a passion, I'm livin' rough and raw
Catchin' cases at a fast rate, ballin' in the fast lane
Hustle 'til the mornin', never stopped until the cash came
Live my life as a thug nigga until the day I die
Live my life as a boss playa, cause even gettin' high
These niggas got me tossin' shit
I put the top down, now it's time to floss my shit
Keep your head up, nigga, make these motherfuckers suffer
Up in the Benz, burnin' rubber
The money is mandatory, the hoes is for the stress
This criminal lifestyle, equipped with the bulletproof vest
Make sure your eyes is on the mill ticket
Get your money, motherfucker, let's get rich and we'll kick it
All eyes on me

[2Pac:]
Live the life of a thug nigga, until the day I die
Live the life of a boss playa (All eyes on me), cause even gettin' high
All eyes on me
Live the life of a thug nigga, until the day I die
Live the life of a boss playa (All eyes on me), cause even gettin' high

All eyes on me

[2Pac:]
Pay attention my niggas
See how that shit go
Nigga, walk up in this, motherfucker
And it be like, bing
Cops, bitches, everymotherfuckingbody
Live my life as a thug nigga until the day I die
Live my life as a boss playa, cause even gettin' high
I got bustas, hoes and police watchin' a nigga, y'know
I live my life as a thug nigga until the day I die
Livin' life as a boss playa, cause even gettin' high
Hehehe... it's like what they think
I'm walkin' around with some Ki's in my pocket or somethin'
They think I'm goin' back to jail, they really on that dope
Live my life as a thug nigga until the day I die
Live my life as a boss playa
I know y'all watchin', I know y'all got me in the scopes
Live my life as a thug nigga until the day I die
Live my life as a boss playa, cause even gettin' high
I know y'all know this is Thug Life baayy-bay
Y'all got me under surveillance, huh
All eyes on me, but I'm knowin'

2Pac Lyrics

"Run Tha Streetz"

(feat. Mutah, Storm, Michel'le)

[Michel'le:]
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'

[2Pac:]
Hey yo, Storm, honestly I think
I can fuck with a motherfucker like you
See, I don't like a motherfucker that be all on me and shit
All up under a nigga, tellin' me where I can go
Can she go with me? When I'm comin' home?
And all that ol' crazy shit, type of life I live

Now peep it, here go the secret on how to keep a playa
Some love makin' and homecookin', I'll see you later
It don't take a lot to keep a nigga heart
Must be a lady in the light but real freaky in the dark
Plus I got some enemies, baby, hold my pistol
And wrap your arms around a nigga every time I kiss you
Can you visualize the picture: me and you in ecstasy?
Don't be upset, it's good sex, when you next to me
Do you wanna test me, put your tired head on my chest?
A thug nigga's in the house, now you can rest
I bet'cha never screamed a nigga's whole name out
And felt the pleasure and the pain
'Bout to fuck the very taste out your mouth
You can call me when you need me
1-800-SKYPAGE, when you wanna see me
'Cause I can be your man and, baby, you can be my lady
But you gotta give a nigga space or you'll drive me crazy
Run the streets

[Michel'le:]
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'

[Storm:]
Yo 'Pac, you know I'm 16 strong behind you boo
But I gotta do what I gotta do
I gotta run the streets, you know
I ain't no "clean up woman" type of ho
You know

Now me and you is cool, but I ain't the one to play the fool
Can't make no money in bed, so ain't no future fuckin' you
I ain't the bitch that love ya, can't do a damn thang for you
If you ain't about money, nine outta ten I'll ignore you
It's a man's world, but real women make the shit go 'round
Disrespect and I clown the type of bitch to throw down
Throw up the block 'cause nothin' stops my chips
A boss playa with this, that twist you lame tricks
Holla if you understand my plan, ladies, fuck havin' babies
By them shady-ass niggas, swearin' he can save me
My strategy's official, checkin' ya pockets while I tongue kiss you
Soft as tissue, so my next issue is how to diss you
They call me Storm, from the day I was born
I've been known to break the coldest mothafucka 'til his heart's warm
I ain't never been the type to wait at home alone
Just 'cause we bone don't mean you own me, nigga, I'm grown

[Michel'le:]
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'

[2Pac:]
Hahhahaha, yeah nigga
Let a nigga hang out with the homies, you know, baby
Ay, a nigga that hang out more will come home and love you better—you feel me, sweetheart? Let that nigga be free!
Don't have that nigga all up under you!
Let him run with his niggas!
Let the nigga run the street, boo, let him run the streets!

[Mutah:]
I'd rather run the streets then make some mail
And put the game down tight
For these gamin' bitches could get it right
It might be yo' plan that I'm choosin'
Don't get it confusion
Because I'm known for showin' examples how I do it
Thinkin' I'm new to this because I'm younger
Why only leave you suspicious and I wonder
And at the end I'll make a come up
Nigga, was raised up off of M.O.B
Fetti over somethin' that's tellin' me don't run the streets

[2Pac:]
So tell me, am I wrong
For tryin' to communicate through a song?
I'm up early in the morning, by sunrise I'll be gone
All my homies is waitin' for me
Plottin' on plans that we made and all the fun that it's gonna be
So meet me at 3' and don't be late, nigga
We hangin' out all night while drinkin' straight liquor

I heard it's poppin' at a club
But they say I can't get in 'cause I'm dressed like a thug
Until I die I'll be gang related
Got me strivin' for a million, stayin' motivated
Now that we made it, it's a battle just for the big money
I'm livin' wild, no smiles, 'cause ain't a thing funny
I came up hungry, just a lil nigga tryna make it
I only got one chance so I gotta take it
You never know when it's all gonna happen
The rappin' or the drugs
But until then give me love and let me run the streets

[Michel'le:]
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be be waitin'

[2Pac:]
Let a nigga run the streets, boo
Page me, hahah, I'll call you back
Just let me hang with my niggas
Why you actin' like that Michel'le, ha?
You know nigga wanna kick it with his homeboys and shit
I told you I was comin' back later on, right?
So you don't believe a nigga?
Just cook for a nigga, pleaaase!
Make some of that shit you made last meal
Some of them ribs and shit
I'll be back through later tonight, I'm havin' some weed
We finna drink some Hennessy and some Alize
We finna eat that foods, smoke a lil blunt
Lay up in the bed, watch umm... Jay Leno or somethin'
Then after that? Shit, we could do whatever comes to mind, baby
Just let a nigga run with the homies
Let me go kick it with my niggas
When I come back, I be all yours, for real

[Michel'le:]
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'
You can run the streets with your thugs
I'll be waitin' for you
Until you get through, I'll be waitin'

2Pac Lyrics

"Ain't Hard 2 Find"

(feat. B-Legit, C-Bo, Richie Rich, E-40)

[B-Legit, C-Bo, Richie Rich (2Pac), E-40:]
(They say)
Influenced by crime, addicted to grindin'
Where I can pile up my chips
And niggas call me a timer
(I been ballin' since my adolescent years steady climbin')
Man, you motherfuckers don't know nuttin' about no timin'
(That's right, that's right boy, start that shit off)

[2Pac:]
I heard a rumor I died, murdered in cold blood dramatized
Pictures of me in my final stage, you know mama cried
But that was fiction, some coward got the story twisted
Like I no longer existed, mysteriously missin'
Although I'm worldwide, baby I ain't hard to find
Where I spend most of my time, my California grind
Watchin' for thievin', I'm cautious, it's like I'm barely breathin'
Puttin' a bullet in motherfuckers, give me a reason
See me and hope I'm intoxicated or slightly faded
You tried to play me, now homicide is my only payment
I'm addicted to currency in this life I lead
Why the fuck you cowards be runnin', too scared to fight a G?
For the life of me, I cannot see
How motherfuckers picture livin' life after a night of fuckin' around with me
And if you don't like this rhyme
Then bring your big bad ass to California, 'cause we ain't hard to find

[B-Legit, C-Bo, Richie Rich (2Pac), E-40:]
Influenced by crime, addicted to grindin'
Where I can pile up my chips
And niggas call me a timer
(I been ballin' since my adolescent years steady climbin')
Motherfuckers don't know nuttin' about no timin'

[C-Bo:]
I got my locs on, hard hat, goin' to war
Breakin' them off on sight, stoppin' lives like red lights
Watch 'em pause as I pull my strap out my drawers
And get to dumpin' on they ass like the last outlaw
Rich, 2Pac and The Click, smokin' blunts, loadin' clips
With enough shit to raise your block in one dip
We bring on horror like Tales From the Crypt
And we ain't hard to find is the tales that we kick

[B-Legit:]
I'm fully automatic, full of static and shit
Movin' Dodge van, fifty rounds in the clip
I'm ridin' shotgun with the tint in the back
I'm plan to have a motherfuckin' mint in this rap

I'm from the V-A-L-L-E-J-O
Where sellin' narcotics is all I know
I got blow, speed, and weed, whatever yo' kind
And if you need a motherfucker, I ain't hard to find

[D-Shot:]
Some may call me bootsy, but I call it timin'
That's while I keeps on grindin' (that's right)
to the point where a nigga can't stop
Too much feelin' this shit, that's why I'm quick to peel a bitch
Whether it's a nigga or a ho, a ho
get in my way, then that ass gots to go
'Cause a nigga steady plottin'
I serves hit for hit, and motherfuckers keep droppin'

[B-Legit, C-Bo, Richie Rich (2Pac), E-40:]
Influenced by crime, addicted to grindin'
Where I can pile up my chips
And niggas call me a timer
(I been ballin' since my adolescent years steady climbin')
Man, you motherfuckers don't know nuttin' about no timin'

[(2Pac), E-40:]
(C-Bo, D-Shot, E-40, Richie Rich)
Da Bay, beitch!

[E-40:]
Down the steps
Abandoned broken down apartment complex
Heavy metal weapons they carry, can't be scary
Playboy, what the fuck is a proof without the trauma plate?
Nigga, what the fuck you got a gun for if you gon' hesitate?
Best shake and bake all those I-was-finst-to-ask niggas
Motherfuckers-didn't-think-I was-gon'-do-somethin'-ass niggas
Threaten your life, ain't like you love him
Bury your thoughts, take his head fuck him, have at him

[Richie Rich:]
(Check this out)
I grew up with that nigga
Threw up with that nigga
I hear he tryin' to ride
Double agent for the other side
But now, my Glock be so judgmental
Back seat of a rental
Keep my name out your dental, nigga
If your gum bleedin' and you needin'
More than twenty stitches, you behaved like them bitches
Sideways to the next
Heavy in the game
Check the resident, it's all the same
Nigga, and we ain't hard to find

[Ad-libs — 2Pac, C-BO & E-40:]
[2Pac:] Hell nah we ain't hard to find
[C-Bo:] The whole Clickalation fool

[E-40:] Motherfuckers hard to find, right here bitch
[2Pac:] Why them niggas actin' like they can't find us? Like they can't see us and like we don't be at the same spots they be at?
[D-Shot:] It's the same congregation. Young Pac is back, youknowhatImean?
[C-Bo:] Nigga be lookin' all the way when he see you and shit
[D-Shot:] It's a celebration
[E-40:] Motherfuckers better understand this shit
[D-Shot:] Young 'Pac is back
[2Pac:] Ay D-Shot, nigga, can we get paid man?
Can we just go there and sock this shit up, please?
[D-Shot:] Hey, we smokin', and we ain't hard to find
[2Pac:] Drinkin' and shit, fuckin' with some Hurricane
[E-40:] A motherfucker's gonna get his marbles regardless, playboy
[2Pac:] You supposed to
[RIch:] Sideways to the next light, and to the next coast, poppin' the muthafuckin' most, you understand what I'm sayin'
[2Pac:] Money over bitches, nigga, M.O.B., M.O.B.

2Pac Lyrics

"Heaven Ain't Hard 2 Find"

(feat. Danny Boy Steward)

Heaven ain't hard to find
All you gotta do is look

Simply because you nervous, let me start off with my conversation
Hopin' my information, alleviates the hesitation
I can see it clearly now
Catch you smilin' through your frown
I'm askin' baby boo are you down
Although I know you've heard about my reputation
Across the nation, Mr. I-Get-Around
My temptation got me drippin' wet, perspiration
I'm activated by the moves you're makin'
Baby why you fakin'? Strip naked get to love makin'
See it's all in your mind, so every time I sip a glass of wine
I fantasize 'til that ass is mine
Never gettin' but wantin', never touchin' but wishin'
A straight thug on a mission, until I get what I'm missin'
Stop with the beeper, baby, listen
I know you're grown but pay attention
Let me hypnotize with my tongue kissin'
This is a message to bomb bodies and all dimes
Turn around one more time, heaven ain't hard to find

[Danny Boy (2Pac):]
Hea-ven!
(Heaven ain't hard to find)
Heaven ain't hard to find

Heaven ain't hard to find
In fact you can have it just have faith
Just like a little kid, still believin' in magic
It takes a lot of sacrifice
With all the lonely nights on tour
I need somebody I can trust in my life
Let me apply the brakes
Baby, you're movin' to fast
My conversations are gettin' deeper, but first let me ask
Are you afraid of a thug?
And have you ever made love
With candles and bubbles sippin' in your tub?
Touch me and let me activate your blood pressure
This thug passion help the average man love better
Picture me naked and glistenin' beneath the moonlight mist
Take a shot of that Alizé, come give me a kiss
And maybe we can be better friends, perhaps we'll be closer
I'll be the thug in your life, baby, and you'll be my soldier
And I know it takes some time and you got a lot of questions on your mind
But relax, in due time
Heaven Ain't Hard to Find

[Danny Boy (2Pac):]
Hea-ven!
(Heaven ain't hard to find)
Hea-ven! It ain't hard to find

You think we all dogs, that's why you cautious when I approached you
Been talkin' since you arrived, but not a word is spoken
Through my eye contact I wink and you respond back
Lookin' mean, what's all that?
It's like the closer you get
Baby, the quicker I'm speakin'
I got a flight out to Cabo
Let's kick it this weekend
I'm sippin' Hennessy and Coke
Though addicted to weed smoke
I'm fiendin' for your body even mo'
Oh God, help me, identify me truest thoughts
Your hidden motives full of passion
Who would have thought?
Come holler at me baby, love me for my thug nature
Far from a playa hater, label me a money maker,
Straight heart breaker
Baby we can be friends, I can soup you in my Benz
We'll ride, I'll let you floss it for your friends
Once we begin
Until the end, it gets better with time
I'm makin' love to your mind, baby
Heaven ain't hard to find

[Danny Boy (2Pac):]
Hea-ven! Hea-ven, it ain't hard to find)
(Heaven ain't hard to find)
(Heaven ain't hard to find nice glass of Alize)
Hea-ven! Hea-ven! Hea-ven. Heaven
Hea-ven! It ain't hard to find
Hea-ven! Heaven
It ain't hard to find
It ain't hard to find
It ain't hard to find

MAKAVELI

the don killuminati

In no way is this portrait an expression of disrespect for Jesus Christ.
-Makaveli

the 7 day theory

2Pac Lyrics

"Intro/Bomb First (My Second Reply)"

(feat. Outlawz)

*[*crowd noise*]*

[Press release:]
In today's music news: The ever-controversial 2Pac Shakur has just released another album under the alias "Makaveli".
Music insiders are running wild trying to rearrange other artists' street dates in fear of a wipeout in retail interchart movement.
Although no one knows the exact cause of the new album resources tell me a number of less fortunate rappers have joined together in conspiracy to assassinate the character of not only Mr. Shakur, but of Death Row Records as well.
Nas, the alleged ring leader, is furious at 2Pac—excuse me–Makaveli's verbal assault on Mobb Sleep, Notorious P.I.G., and several other New York rappers.
Jay Z, from "Hawaiian Sophie" fame, Big Little whatever and several other corny sounding motherfuckers are understandably shaken up by this release.
The question everybody wants to know is:
Why'd they get this nigga started? 2Pac–rather Makaveli–was not available for comment, but released this statement:

[2Pac talking:]
It's not about East or West
It's about niggas and bitches, power and money, riders and punks – which side are you on?

*[*gunshots followed by several encroaching footsteps*]*

These niggas is still fucking talking?
You niggas still breathing? Fucking roaches, aight
Aight, it's the Raid for you cockroaches
Punk motherfuckers, this is it (Makaveli The Don)
Killuminati Style (all day) (up in your ass)
(Bomb first) (Outlaw Ridahz) Solo Shit, Bring it!

[2Pac:]
Allow me to introduce first: Makaveli the Don
Hysterical, spiritual lyrics like The Holy Qur'an
Niggas get shook like 5-0
My .45 is next to me when we ride for survival
Money-making plans, pistol close at hand, swollen pockets
Let me introduce the topic, then we drop it
Expose snakes 'cause they breed freely
See me ride! Located worldwide like the art of graffiti
I think I'm tougher than Nitti, my attitude is shitty
Born on a dope fiend's titty
In every city you'll find me
Look for trouble right behind me
My Outlaw niggas down to die for me
Know what I mean? I hit the scene
Niggas ducking from my guillotine stare
I'm right there, my every word a fucking nightmare
Get me high, let me see the sun rise and fall

This for my dogs down to die for y'all
Extreme venom, no mercy when we all up in 'em
Cut 'em down, to hell is where we send 'em
My whole team; trained to explode, ride or die
Murder motherfuckers lyrically and I'm not gonna cry
Me; a born leader, never leave the block without my heater
Two big pits, I call them "my bitch-nigga eaters"
And not a whimper until I'm gone
Thug Life running through my veins, so I'm strong
Bye bye bye, let's get high and ride
Oh, how do we do these niggas, but I'm not gonna cry
I'm a Bad Boy killer, Jay-Z die too
Looking out for Mobb Deep, nigga, when I find you
Weak motherfuckers don't deserve to breathe
How many niggas down to die for me? Yay-yay
West Coast rider, coming right behind ya
Should have never fucked with me
I want money, hoes, sex and weed
I won't rest until my road dog's free; bomb first

[2Pac:]
We bomb first when we ride
Please, reconsider before you die
We ain't even come to hurt nobody tonight
But it's my life or your life, and I'ma bomb first
We bomb first when we ride
Please reconsider before you die
We ain't even come to fight tonight
But it's my life or your life, and I'ma bomb first

[E.D.I. Mean:]
For so many days, in so many ways
We've been ducking strays they delivers
But still we some Bad Boy killers
Got nothing to lose, I gots nowhere to go
I only got one home, see me stranded on Death Row
With Outlawz, it's Makaveli be the general
And I be a soldier on a mission
Sent to do what you'll never do
And that's ride for the cause, yes, I'll die for the cause
You best believe, if I'ma leave this bitch
Yo, I'm dying with yours
Kamikaze, sicker than a motherfucking Nazi
Got a little question for that nigga that made "Paparazzi"
If you ain't in this rap game
For the motherfucking cash, mane
Then what is your motherfucking purpose?
Non can serve us
E.D.I. Mean, born worthless
That's until the day I decided to bomb first, bitch

[2Pac:]
Biatch! Come on, bring it, down with it!
Then we ride
Come on, bring it
Bomb first then we ride

Hey, get that nigga!

[Young Noble:]
Your style wack as ever, like you was rocking patent leather
Causing massive terror, y'all niggas lack, you ain't thorough
Half rapper, half drug kingpin
You're telling fairy tales, dunn
"King of New York" like you the motherfucking one?
But I'm from Jers' and we don't play that shit
From the Clare down to North Bricks, all my niggas flippin' chips, gettin' rich, even though it's hard
Trying to creep through these halls and brawls
Without scarred by a revolve
With no warning signs, 'cause yo, my man took five
Now I'm the young one with the 9 ready to put in my time

[2Pac:]
Shoot first, look at their head, burst bleeding
Don't want to hear no shit this evening, believe me
We bomb first when we ride
Please reconsider 'fore you die
G's and thug niggas on the rise
Plan, plot, strategize, and bomb first
We bomb first when we ride
Please reconsider 'fore you die
G's and thug niggas on the rise
Plan, plot, strategize, and bomb first

[Start of "Hail Mary"]
Let us pray, my niggas
For we have definitely sinned

2Pac Lyrics

"Hail Mary"

(feat. Kastro, Young Noble, Prince Ital Joe, Outlawz)

[2Pac:]
Makaveli in this, Killuminati
All through your body
That blows like a 12-gauge shotty, feel me!
And God said he should send his one begotten son
To lead the wild into the ways of the man
Follow me! Eat my flesh, flesh of my flesh!

[2Pac:]
Come with me!
Hail Mary, nigga, run quick, see
What do we have here now?
Do you wanna ride or die?
La la-la-la la la la la

[2Pac:]
I ain't a killer, but don't push me
Revenge is like the sweetest joy next to gettin' pussy
Picture paragraphs unloaded, wise words being quoted
Peeped the weakness in the rap game and sewed it
Bow down, pray to God, hopin' that he's listenin'
Seein' niggas comin' for me
Through my diamonds, when they glistenin'
Now pay attention: bless me please, Father, I'm a ghost
In these killing fields, hail Mary, catch me if I go
Let's go deep inside the solitary mind of a madman
Screams in the dark, evil lurks, enemies see me flee
Activate my hate, let it break to the flame
Set trip, empty out my clip, never stop to aim
Some say the game is all corrupt and fucked in this shit
Stuck, niggas is lucky if we bust out this shit
Plus, mama told me never stop until I bust a nut
Fuck the world if they can't adjust, it's just as well, hail Mary

[2Pac:]
Come with me!
Hail Mary, nigga, run quick, see
What do we have here now?
Do you wanna ride or die?
La la-la-la la la la la

[2Pac:]
Penitentiaries is packed with promise-makers
Never realize the precious time that bitch niggas is wastin'
Institutionalized, I live my life a product made to crumble
But too hardened for a smile
We're too crazy to be humble; we ballin'
Catch me, father, please, ‘cause I'm fallin' in the liquor store
Pass the Hennessy, I hear you callin', can I get some more?

Hell, 'til I reach Hell, I ain't scared
Mama checkin' in my bedroom, I ain't there
I got a head with no screws in it, what can I do?
One life to live, but I got nothin' to lose
Just me and you on a one-way trip to prison, sellin' drugs
We all wrapped up in this livin', life as thugs
To my homeboys in Clinton Max doin' their bid
Raise hell to this real shit and feel this
When they turn out the lights, I'll be there in the dark
Thuggin' eternal through my heart; now hail Mary, nigga!

[2Pac:]
Come with me!
Hail Mary, nigga, run quick, see
What do we have here now?
Do you wanna ride or die?
La la-la-la la la la la

[Kastro:]
They got a APB out on my thug family
Since Outlawz run these streets like these scandalous freaks
Our enemies die now, walk around half dead
Head down, K-blasted off of Hennessy and Thai chronic
Mixed in, now I'm twisted, blistered and high
Visions of me, thug-livin', gettin' me by
Forever live, and I multiply, survived by thugs
When I die they won't cry unless they comin' with slugs

[Young Noble:]
Peep the whole scene and whatever's going on around me
Brain kind of cloudy, smoked out, feelin' rowdy
Ready to wet the party up
And whoever in that mothafucka, nasty new street slugger
My heat seeks suckers on the regular
Mashin' in a stolen Black Ac' Integra
Cocked back, 60 seconds 'til the draw
That's when I'm deadin' ya, feet first
You've got a nice gat, but my heat's worse
From a thug to preachin' church
I gave you love, now you eatin' dirt
Needin' work, and I ain't the nigga to put you on
‘Cause word is bond
When I was broke, I had to hustle 'til dawn
That's when the sun came up, there's only one way up
Hold your head and stay up
To all my niggas, get your pay and weight up

[Kadafi:]
If it's on, then it's on, we rape break beat-breaks
Outlawz on a paper chase, can you relate?
To this shit I don't got be the shit I gotta take
Dealin' with fate, hopin' God don't close the gate
If it's on, then it's on, we rape break beat-breaks
Outlawz on a paper chase, can you relate?
To this shit I don't got be the shit I gotta take
Dealin' with fate, hopin' God don't close the gate

[2Pac:]
Come with me!
Hail Mary, nigga, run quick, see
What do we have here now?
Do you wanna ride or die?
La la-la-la la la la la

[Prince Ital Joe:]
We've been travelin' on this weary road
Sometimes life can be a heavy load
But we ride, ride it like a bullet
Hail Mary, hail Mary
We won't worry, everything will curry
Free like the bird in the tree
We won't worry, everything will curry
Yes, we free like the bird in the tree
We runnin' from the penitentiary
This is the time for we liberty; hail Mary, hail Mary!

2Pac Lyrics

"Toss It Up"

(feat. K-Ci, JoJo, Danny Boy Steward, Aaron Hall)

[2Pac:]
The money behind the dreams
My right hand, my other Capo in this big motherfuckin' war we got
My other Capo in this big-ass
Conglomerate called Death Row
Snoop motherfuckin Dogg, Tha Doggfather
And who's he coming through right now?
Makaveli the Don
Feel this, Killuminati

[2Pac:]
Lord have mercy, father help us all
Since you supplied your phone number, I can't help but call
Time for action, conversating, we relaxing, kicking back
Got you curious for Thug Passion, now picture that
Tongue-kissing, hand full of hair, look in my eyes
Time to make the bed rock, baby look how it rise
Me and you moving in the nude, do it in the living room
Sweating up the sheets, it's the Thug in me
I mean no disrespecting when I tongue-kiss your neck
I go a long way to get you wet, what you expect?
Late night, hit the highway, drop the top
I pull over, getting busy in the parking lot
And don't you love it how I lick your hips and glide?
Kiss you soft on your stomach, push my love inside
Got you lost in a love zone, stuck in the lust
I got the bedroom shaking, back-breaking
When we're tossing it up

[Danny Boy:]
Feel this baby, I like the way it's going down
When nobody's around, slip-slide ride
Giving me that nice smile
Female I like, what I want to give all night
You and me alone, everybody's gone, toss it up
Baby let's get it on!

[Jojo:]
I like the way you please me, baby
The sexy way you tease me, shorty
The way you move your body
It really drives me crazy
Your body hypnotizing, your smell is so exciting
So baby come on home with me
I like the way you give it to me, baby

[Danny Boy & JoJo:]
I like the way you give it to me
Let me see you toss it up

I like the way you give it to me
Let me see you toss it up
I like the way you give it to me
Let me see you toss it up
I like the way you give it to me
Let me see you toss it up

[Bridge:]
Play on, play on, play on, play on
Play on, play on, play on, play on
Play on, play on, play on, play on
Play on, play on, play on, play on

[K-Ci:]
Oh, it's K-Ci baby, mmm, that want you lady
Oh, don't act so shady
Baby, your taste as fine as gravy
The way you move that thang, you make me wanna sang
Girl you make my bells rang, make them go ting-a-ling!

[Aaron Hall:]
Nasty man, I'm here again
Don't want it to ever end
It's feeling too good
Gimme some more, oh lady, lady
Your body the kind I like-ah
Big booty titillating delight-ah
Back it up yo, let me in there
Toss it up for me

[K-Ci & Aaron Hall:]
I like the way you give it to me
Let me see you toss it up
I like the way you give it to me
Let me see you toss it up
I like the way you give it to me
Let me see you toss it up
I like the way you give it to me
Let me see you toss it up
So won't you play on

[2Pac:]
How do you want it? What's your phone number? I get around
Cali Love to my true Thugs, picture me now
Still down for that Death Row sound, searching for paydays
No longer Dre Day: arrivederci
Blown and forgotten, rotten for plotting Child's Play
Check your sexuality, as fruity as this Alize
Quick to jump ship, punk trick, what a dumb move
Cross Death Row, now who you gonna run to?
Laugh at you suckers cause you similar
Pretending to be hard, oh my God, check your temperature
Screaming "Compton", but you can't return, you ain't heard?
Brothers pissed cause you switched and escaped to the burbs
Mob on to this new era, cause we Untouchable
Still can't believe that you got 'Pac rushing you

Up in you, bless the real, all the rest get killed
Who can you trust? Only time reveals
Toss it up

Let me see you toss it up
Let me see you toss it up
Let me see you toss it up
Let me see you toss it up

[2Pac:]
Yeah no doubt
Toss it up now
Play on playa, play on
How can some non-players do a song about tossing it up
And then want to do a player song?
(you so fat, you and Lil' Kim need a weight scale to lay down in bed
We are not little kids, you fat ass, you feelin' threatened)
How can non-players do it? (you know who I'm talking bout)
Teddy Riley, who? Puffy? Who?
Puffy, I read your little interview buddy, c'mon
You still ain't touching us, all that peace talk
I don't care if you kiss my ass from here to across the street, boy
It's on! Toss it up, we took you on
And we took y'all beat (toss it up)
You know who beat we took, and we took y'all beat
Cause you wasn't rocking it right! (toss it up now)
Tired of suckers rocking beats that don't belong to them, toss it up, it's on, it's out there now, it's our beat now
Yeah, toss it up now!

2Pac Lyrics

"To Live & Die In L.A."

(feat. Val Young)

"Street Science, you're on the air. What do you feel when you hear a record like 2Pac's new one?"
"I love 2Pac's new record."
"Right, but don't you feel like that creates tension between East and West? I mean, he's talking about killing people, 'I had sex with your wife' — and not in those words. But he's talking about, 'I wanna see you deceased'…"

[2Pac:]
To live and die in L.A., California
What you say about Los Angeles?
Still the only place for me
It never rains in Southern California

[2Pac:]
To live and die in L.A.
Where everyday we try to fatten our pockets
Us niggas hustle for the cash, so it's hard to knock it
Everybody got they own thing, currency chasin'
Worldwide through the hard times, worrying faces
Shed tears as we bury niggas close to heart
Who was a friend is now a ghost in the dark
Cold-hearted 'bout it, nigga got smoked by a fiend
Tryin' to floss on him, blind to a broken man's dream
A hard lesson, court cases keep me guessin'
Plea bargain ain't an option now, so I'm stressin'
Cost me more to be free than a life in the pen
Making money off of cuss words, writin' again
Learn how to think ahead, so I fight with my pen
Late night down sunset, likin' the scene
What's the worst they could do to a nigga?
Got me lost in Hell, to live and die in L.A. on bail

[Val Young (2Pac):]
(My angel sing)
To live and die in L.A., it's the place to be
(And the angels go)
You've got to be there to know it
When everybody wanna see
(To live and die in L.A.)
To live and die in L.A., it's the place to be
You've got to be there to know it
When everybody wanna see

[2Pac:]
It's the City of Angels and constant danger
South Central L.A. can't get no stranger
Full of drama, like a soap opera, on the curb
Watchin' the ghetto bird helicopters, I observe
So many niggas getting three strikes, tossed in jail
I swear, the pen right across from hell

I can't cry, 'cause it's on now, I'm just a nigga on his own now
Livin' life thug style, so I can't smile
Writing to my peoples when they ask for pictures
Thinking Cali just fun and bitches
Better learn about the dress code, B's and C's
All them other niggas copycats, these is G's
I love Cali like I love women
'Cause every nigga in L.A. got a little bit of thug in him
We might fight amongst each other
But I promise you this: we'll burn this bitch down
Get us pissed, to live and die in L.A.

[Val Young (2Pac):]
(My angel sing)
To live and die in L.A., it's the place to be
(And the angels go)
You've got to be there to know it
When everybody wanna see
(To live and die in L.A.)
To live and die in L.A., it's the place to be
You've got to be there to know it
When everybody wanna see

[2Pac:]
It wouldn't be L.A. without Mexicans
Black love, brown pride, and the sets again
Pete Wilson tryin' to see us all broke
I'm on some bullshit out for everything they owe
Remember K-day? Weekends, Crenshaw, MLK?
Automatics rang free, niggas lost they way
Gang signs being shown, nigga, love your hood!
But recognize and it's all good
Where the weed at? Niggas gettin' shermed out
Snoop Dogg in this mothafucka permed out
M.O.B., Big Suge in the Lo-Lo, bounce and turn
Dogg Pound in the Lex with a ounce to burn
Got them Watts niggas with me, O.F.T.B.
They got some hash, took the stash, left the rest for me
Neckbone, Tray, Heron, Big Buntry too
Big Rock got knocked, but this one's for you
I hit the studio and drop a jewel, hopin' it pay
Gettin' high, watchin' time fly; to live and die in L.A.

[Val Young (2Pac):]
To live and die in L.A., it's the place to be
(Let my angel sing)
You've got to be there to know it
When everybody wanna see
(And my angels go)
To live and die in L.A., it's the place to be
(To live and die in L.A.)
You've got to be there to know it
When everybody wanna see
(Let my angel sing)

[2Pac:]

This go out for 92.3, and 106
All the radio stations that be bumpin' my shit
Makin' my shit sells katruple quitraple platinum
(To live and die in L.A., mhmmm)
This go out to all the magazines that support a nigga
All the real motherfuckers
(To live and die in L.A., mhmmm)
All the stores, the mom and pop spots
A&R people, all y'all mothafuckers
(To live and die in L.A., mhmmm)
L.A., "California Love" part mothafuckin' two
Without gay ass Dre
(To live and die in L.A., mhmmm)

2Pac Lyrics

"Blasphemy"

(feat. Prince Ital)

["To Live & Die in L.A." fades out*]*

[Snipped of a religious TV show:]
God has a plan, and the Bible unfolds that wonderful plan through the message of prophecy
God sent Jesus into this world to be our savior and that Christ is returning someday soon To unfold the wonderful plan of eternity
For my life and your life
As long as we're cooperating with God by accepting Jesus Christ as our personal Lord and savior unless the Lord does return in the coming seven days
We'll see you next time here on This Week in Bible Prophecy

[2Pac:]
2Pac, don't start that blasphemy in here!
Makaveli, the new breed
And I remember what my pops told me
The new word, follow me
Remember what my pops told me

[2Pac:]
My family tree consists of drug dealers, thugs and killers
Strugglin', known to hustle screaming, "Fuck they feelings!"
I got advice from my father, all he told me was this
Nigga, get off your ass if you plan to be rich!
There's ten rules to the game, but I'll share with you two
Know niggas gon' hate you for whatever you do
Now, rule one: get your cash on, M.O.B.
That's Money Over Bitches, cause they breed envy
Now rule two is a hard one: watch for phonies
Keep your enemies close, nigga, watch your homies
It seemed a little unimportant, when he told me I smiled
Picture jewels being handed to an innocent child
I never knew in my lifetime I'd live by these rules
Initiated as an outlaw, studying rules
Now papa ain't around, so I gotta recall
Or come to grips with bein' written on my enemy's walls
Promised if I have a seed, I'ma guide him right
Dear Lord, don't let me die tonight
I got words for my comrades, listen and learn
Ain't nothing free, get back what you earned
No doubt, getting higher than a motherfucker, bless me please
This Thug Life'll be the death of me, c'mon, yeah

And I remember what my papa told me
Remember what my papa told me, blasphemy

[Prince Ital Joe (2Pac):]
Love for dem dat steal in the name of da Lord
Dem a tell nuff lie, but holdin' my bird in a cloud
(Remember what my pops told me)

Using the name of the lord in vain (blas-blas-blasphemy, blasphemy)
(Remember what my pops told me)
While de people in de ghetto feel nuff pain

[2Pac:]
We probably in Hell already, our dumb asses not knowing
Everybody kissing ass to go to Heaven ain't going
Put my soul on it, I'm fighting devil niggas daily
Plus the media be crucifying brothers severely
Tell me I ain't God's son, nigga mom a virgin
We got evicted had to leave the 'burbs, back in the ghetto
Doing wild shit, looking at the sun, don't pay
Criminal mind all the time, wait for Judgment Day
They say Moses split the Red Sea
I split the blunt and rolled a fat one up deadly
Babylon beware, coming for the Pharoah's kids
Retaliation, making legends off the shit we did
Still bullshittin', niggas in Jerusalem waiting for signs
God coming, she's just taking her time (haha)
Living by the Nile while the water flow
I'm contemplating plots wondering where the thought'll go
Brothas getting shot, coming back resurrected
It's just that raw shit, nigga, check it (that raw shit)

And I remember what my papa told me
Remember what my papa told me, blasphemy

[Prince Ital Joe (2Pac):]
Love for dem dat steal in the name of da Lord
Dem a tell nuff lie, but holdin' my bird in a cloud
(Remember what my pops told me)
Using the name of the lord in vain
(Remember what my pops told me)
While de people in de ghetto feel nuff pain
(what!)

[2Pac:]
The preacher want me buried, why? Cause I know he a liar
Have you ever seen a crackhead, that's eternal fire
Why you got these kids' minds thinking that they evil?
While the preacher being freaky you say "honor God's people"
Should we cry when the Pope die? My request
We should cry if they cried when we buried Malcolm X
Mama, tell me am I wrong, is God just another cop?
Waiting to beat my ass if I don't go pop?
Memories of a past time, giving up cash to the leaders
Knowing damn well they ain't gonna feed us
In my brain how can you explain time in B.C
It's hard enough to live now in these times of greed
They say Jesus is a kind man
Well, he should understand times in this crime land
My Thug nation, do what you gotta do, but know you gotta change. Try to find a way to make it out the game
I leave this, and hope God can see my heart is pure
Is heaven just another door? I leave this here
I leave this, and hope God see my heart is pure
Is Heaven just another door? And my people say…

[Prince Ital Joe (2Pac):]
Love for dem dat steal in the name of da Lord
Dem a tell nuff lie, but holdin' my bird in a cloud
(Remember what my pops told me)
Using the name of the lord in vain
(Can't I remember what my pops told me, blasphemy)
While de people in de ghetto feel nuff pain

Love for dem dat steal in the name of da Lord
Dem a tell nuff lie, but holdin' my bird in a cloud
Using the name of the lord in vain
While de people in de ghetto feel nuff pain
Love for dem dat steal in the name of da Lord
Dem a tell nuff lie, but holdin' my bird in a cloud
Using the name of the lord in vain
While de people in de ghetto feel nuff pain
Love for dem dat steal in the name of da Lord
Dem a tell nuff lie, but holdin' my bird in a cloud
Using the name of the lord in vain
While de people in de ghetto feel nuff pain

Our father, who art in heaven
Hallow be thy name
Thy kingdom come, thy will be done
In Earth as it is in Heaven
Give us this day, our daily bread
As we give up our debts
As we forgive our debt-ors
Lead us not into temptation
But deliver us unevil
For God is the kingdom and the power
And the glory forever and ever and ever

2Pac Lyrics

"Life Of An Outlaw"

(feat. Outlawz)

In the life we live as thugs
Everybody fuckin' with us so can't you see
It's hard to be a man
Ridin' with my guns in hand

[2Pac:]
Why explain the game
Niggas ain't listenin', stuck in positions
If victims can't stand the heat then stay the fuck out the kitchen
Half these busters switchin', lookin' at me mean
Itchin', givin' suckers plenty space
Have these bitch niggas snitchin'
Where are we now, guns found daily
The feds surely hope that they could finally nail me
For sellin' dope they backwards
Make track burst, whenever I rap
Attack
Words bein' known to explode on contact
Extreme at times
Blinded by my passion and fury
Look at me laugh at my competition's flashin' my jewelry
You'd stay silent if you niggas knew me
Truely effective
The shit you heard ain't do me justice
Got a death wish, bitch
Run but face, being traced, by the infrared beam
It seems niggas ain't recognize my team
Ain't nobody holdin' you back, explode the track to confetti
Unload it
Cause niggas ain't ready
The life of an outlaw

In the life we live as thugs
Everybody fuckin' with us so can't you see
It's hard to be a man
Ridin' with my guns in hand

[2Pac:]
Code 3
Attack formation
Pull out your pistols
Keep an eye out for the devils cause they itchin' to get you
Merciless madman screamin' kamikaze in tongue
Automatic gunfire makin' all my enemies run
Who should I call when I'm shot and bleedin'
Indeed the possibility has part a chase in cream
Dope got me hatin' fiends
Scheme with my team, just a chosen few
My foes victim of explosives

Come closer
Exhale the fumes
We got memories fadin' fast
A slave for cash
Accelerate, mash, blast, then dash
Don't look now. How you like it, raw
Niggas ain't ready for the wrath of the outlaws
Never surrender
Death before dishonor, stay free
I'm thugged out
Fuck the world cause this is how they made me
Scarred but still breathin'
Believe in me and you could see the victory
A warrior with jewels
Will you picture me?
Life of and outlaw

In the life we live as thugs (no doubt)
Everybody fuckin' with us (yes!), so can't you see (life of an outlaw)
It's hard to be a man (soldiers in position, attack formation)
Ridin' with my guns in hand
(No retreat, no surrender)

[Young Noble:]
City under siege
It's like I can't even breathe
I'm from the state of car thieves
G, deep from the street
Plenty beef
I play for keeps, arrange the whole crime scene
Mobb peep
This nigga from behind tryin' to creep
No half-wits, no straps, jack
It's on to bounce back
An ounce of wrath so bad,it snatched my style on death
Tell the reaper I was sent to get ya
Snip with clippers
Get the picture
I wrote my life down as a scripture

[E.D.I. Mean:]
And still I'm lost in the land of the lonely
Where ain't nobody holy
A matter of a fact, we unholy
Everybody livin' soley for themselves
Too high strung to lend help
To somebody who be needin' it
You know we lost hope and we needin' it
Wit' the evil it's forever
But it might be low down, scandalous
Like a tramp is
All for the street fame on how to be managed
To plan shit
6 months in advanced to what we plotted
Approved to go on swole and now I got it

[Kastro:]
Uh, crack my window
Knowin' they'd love to catch Kastro sleepin'
Attach a strap under my pillow hand to hand like we freakin'
Creepin' deep into mornin'
Peepin' out the weak while they yawnin'
And let my clout speak for itself
No doubt
Outlaw
Outta my mind, outta time
You're all blind
Some kind of life of mine if K-Dog don't mind
Findin' it funny, matter of fact, cause it is
Perhaps finally I'll adapt to it over the years as an outlaw

[(2Pac) Napoleon:]
(Eh, Napoleon)
What's up, nigga?
(Would you die for me, nigga?)
Hell yeah
(Would you kill for me, nigga?)
On my grandmother, nigga
(Ah yo)
What's up
(Let's ride on them stupid bitches right now
Watch out)

[Napoleon:]
Well, now they all say that vultures and parasites
Snakes are all alike
Thug life break night
Drink 'til we fist fight
Life or death. But you can't win with a vest
But there won't be no breathin' for the reason
Punk bitch on your breath
I see day is dark and I admit it's dark
So chase the air hide your stash
Beware from *[?]* marks
And yo, Makaveli, give me them bullets that was left up in your belly
And let me bust back to them niggas 'til they all cold and sweaty

In the life we live as thugs
Everybody fuckin' with us so can't you see
It's hard to be a man
Ridin' with my guns in hand
In the life we live as thugs
Everybody fuckin' with us so can't you see
It's hard to be a man
Ridin' with my guns in hand
In the life we live as thugs
Everybody fuckin' with us so can't you see
It's hard to be a man
Ridin' with my guns in hand
In the life we live as thugs
Everybody fuckin' with us so can't you see
It's hard to be a man

Ridin' with my guns in hand

2Pac Lyrics

"Just Like Daddy"

(feat. Outlawz)

[2Pac (E.D.I. Mean):]
Outlawz, go ahead, in this
No doubt
Death Row, Makaveli Records
(You can call me daddy, uh)
(I'll be ya daddy, that's right, uh)
(Just like daddy)
(Fo' the ladies)
Hahaha

[2Pac & Singer:]
Come with me and in time we'll grow
Dedicate slow jams on the radio-oh why
Know ya happy, I can feel ya passion
Lookin' out for ya just like daddy, come on
Sunshine turns to rain
Baby, I can take away ya pain
If ya trust me
Close ya eyes, feel the magic
Neva leave when ya need me
I'll do ya just like daddy

[E.D.I. Mean:]
I met her when she was younger
Real daddy died when she was younger
Her moms let her do what she please, an' seen no one loved her
Her eyes shined of love, a diamond in the rough
The kind that you could love; not yet touch, but so much, potential
Youngster let me guide ya mental
And to a place, with a sourness of pain you'll never taste
By God's grace, you was born with that face
Nothin' but pure beauty; so for an eternity, I feel it's my duty
To be a souljah (souljah) yeah, baby got plans to mold ya
In the coldest nights is when I hold ya
Like I'm supposed to, as we roll closer
I'll take yo' hand gladly, anything you need, ask me
Supportin' my baby girl just like daddy

[Makaveli:]
To alleviate the stress, spendin' time wit' you, I feel blessed
When you gone, feel the pain so strong deep in my chest
When I got arrested, came so close to goin' to jail
Throwin' blows at the po-pos breakin' ya nails
Screamin' loud goin' all out, damn I did
You stayed locked down at moms house, watchin' the kids
Through the whole bid in the V-I, I see ya daily
While my fake homies try to fuck you, you run and tell me
That's why I stay committed, I thank God every time I hit it
Hopin' you'll forgive me for all the times I bullshitted

Me and you against the world, we untouchable
Screamin' like you dyin' every time I'm fuckin' you
Ya never had a father or a family, but I'll be there
No need to fear so much insanity, and through the years
I know ya gave me your heart, plus
When I'm dirt broke and fucked up, ya still love me

[2Pac & Singer:]
Come with me and in time we'll grow
Dedicate slow jams on the radio-oh why
Know ya happy, I can feel ya passion
Lookin' out for ya just like daddy, come on
Sunshine turns to rain
Baby, I can take away ya pain
If ya trust me
Close ya eyes, feel the magic
Neva leave when ya need me
I'll do ya just like daddy

[Yaki Kadafi:]
Boo, would ya die for me?
Down holdin' my pistol, gettin' high
With mean sounds tougher than bristles
But when you cry I'll be ya tissue
Back in the county written letters, how I miss you
Givin' you credit, apologetic how I diss you
Kiss you for thinkin' like a mona and on a level
And sometime daddy ready to wine ya and dilation
For a total twine ya, we right behind ya true
Life just me and you, no tellin' what we could do
Gettin' high between the sheets, make the shit right here discrete
Puttin' hickeys on ya belly while we fuckin' on the beach
I love it when ya nut up and grab me
I feel for ya badly, baby girl just like daddy

[Young Noble:]
Shorty I lend my hand out ta help ya, lost soul lookin' for shelter
On late night accept it, treat ya good, won't disrespect ya
My age is young, out of place bitch days is done
From a trixy to a missy, you know I raised ya hun
Placed her under my wing, showed her how we swing
Now she rolling blunts for her king
One day labelled thug misses, the essence of my ghetto sisters
Hugs and kisses, that's just for me to be a father figure

[2Pac (Singer):]
(Just like daddy) come with me and in time we'll grow
(Just like daddy) Dedicate slow jams on the radio-oh why
(Just like daddy, c'mon) Know ya happy, I can feel ya passion
Lookin' out for ya just like daddy, come on
(just like daddy. Sunshine turns to rain)
(Baby, I can take away ya pain just like daddy)
(If ya trust me)
(Just like daddy, come on. Close ya eyes, feel the magic)
(Neva leave when ya need me)
(I'll do ya just like daddy)

[2Pac:]
C'mon
Throw ya hands up
Put ya hands up
Throw ya hands up
Put ya hands up
Throw ya hands up
Put ya hands up
Put ya hands up
Throw ya hands up
Where my sistas?
Where my sistas at?
Where my sistas?
Where my sistas at?
Where my sistas?
Where my sistas at?

Throw ya hands in the air

Where my sistas?
Where my sistas at?
Where my sistas?
Where my sistas at?
Where my sistas?
Where my sistas at?
Throw ya hands in the air
Come On
Yes
Yes, just like daddy
Yes, throw ya hands in the air, come on
Outlawz in this mutha fucka (Yes!)
No doubt!
Kadafi, Hussein, Makaveli, Napoleon, Marvaless, EDI, Kastro, Khameleon, Storm, Yeah the bitch check
No doubt get yo money
Throw yo hands in the air
Yeah, just like daddy baby
Know you got somewhere to go tonight
Cause you a thug nigga, thug nigga that loves niggas!
Hahahahahaha
Come on
Just like daddy
Outlawz baby, outlaws, outlaws outlaw, outlaw
Throw ya hands in the muthafuckin' air

2Pac Lyrics

"Krazy"

(feat. Bad Ass)

[2Pac:]
Throw me a cigarette, dawg! *[*inhales*]*
They got me feelin' crazier than a motherfucker
I got Bad Azz in this motherfucker
Makaveli the Don, representin' the Outlawz
Bad Azz representin' the LBC Crew
So what'cha wanna do? Y'know how we do it

[2Pac:]
Puffin' on lye, hopin' that it gets me high
Got a nigga goin' crazy
Oh yeah, I feel crazy

[2Pac:]
Time goes by, puffin' on lye
Hopin' that it gets me high
Got a nigga goin' crazy
Oh yeah, I feel crazy

(Tell 'em about it!)

[2Pac:]
Last year was a hard one, but life goes on
Hold my head against the wall, learnin' right from wrong
They say my ghetto instrumental, detrimental to kids
As if they can't see the misery in which they live
Blame me for the outcome, ban my records – check it
Don't have to bump this, but please respect it
I took a minus and now the hard times are behind us
Turned into a plus, now they stuck livin' blinded
Hennessy got me feelin' bad, time to stop drinkin'
Rollin' in my drop-top Jag, what's that cops thinkin'?
Sittin' in my car, watch the stars and smoke
I came a long way, but still I got so far to go
Dear mama, don't worry; I'ma watch for snakes
Tell Setchu that I love her, but it's hard today
I got the letter that she sent me, and I cried for weeks
This what came out when I tried to speak – all I heard was…

[2Pac:]
Time goes by, puffin' on lye
Hopin' that it gets me high
Got a nigga going' crazy
I feel crazy
Time goes by, puffin' on lye
Hopin' that it gets me high
Got a nigga goin' crazy
I feel crazy

(One, two, three, four)

[2Pac:]
I see bloods and crips runnin' up the hill
Lookin' for a better way
My brothers and sisters, it's time to bail
'Cause even thug niggas pray
Hopin' God hear me, I entered the game
Look how much I changed
I'm no longer innocent – casualties of fame
Made a lot of money, seen a lot of places
And I swear I seen a peaceful smile on my mama's face
When I gave her the keys to her own house, this your land
Your only son done became a man
Watchin' time fly, I love my people, do or die
But I wonder why we scared to let each other fly
June 1-6, '7-1, the day
Mama pushed me out her womb, told me, "Nigga, get paid!"
No one can understand me – the black sheep
Outcasted from my family, now packin' heat
I run the streets, a young runaway, live for today
When he died, I could hear him say… (Thug Life, baby!)

[2Pac:]
Time goes by, puffin' on lye
Hopin' that it gets me high
Got a nigga goin' crazy
I feel crazy
Time goes by, puffin' on lye
Hopin' that it gets me high
Got a nigga goin' crazy
Crazy
Crazy
Crazy
I feel crazy (crazy)

[Bad Azz:]
God, help me out here, 'cause I'm possessed
I need the root of all evil for my stress
'Cause money's like a strong prescription drug
It's got me addicted to the pleasure and the pain it inflicted
Somethin' about the paper with the pictures of the president's head, damn, it's like a motherfuckin' plague that spread
It's epidemic; forgotten, forgotten it got worse
I keep my head on straight, makin' money 'cause it's cursed
Makin' money makes a difference day by day
So I gotta stay paid, no doubt, day in and day out
This life is like a vicious cycle called fightin' to live
No matter how hard you try, it's in death, you gotta die
A lot of my peers didn't make it to the years to come
Did life doin' right or did life livin' dumb
Who has the answers? I wonder; I turn to my elders
They aged and experienced, but they can't even tell ya
Or tell me, that there'll be light at the end of the road
(Why?) 'Cause they don't even know
A million things run through my mind (through my mind)

You ain't gotta be in jail to be doin' time
(You ain't gotta be in jail to be doin' time)

[2Pac:]
Time goes by, puffin' on lye
Hopin' that it gets me high
Got a nigga goin' crazy
I feel crazy
Time goes by, puffin' on lye
Hopin' that it gets me high
Got a nigga goin' crazy

[2Pac:]
I feel fucked up in this bitch
I smoked half a ounce to the head. Chocolate Thai, indo, Hawaiian, lambsbread, Buddha – all that shit!
I'm fucked up in this motherfucker
And Hennessy don't help
And Hennessy don't help
Thug Passion in this muh'fucker
Makaveli the Don puttin' it down to the fullest
Maximum overload
3 Day Theory – Killuminati to your body
With the impact of a 12 gauge shotty
Double-I slugs, no love, straight thugs

One time for my niggas in the jail cell, (One time for my niggas locked up)
One time for my niggas doin' life in Hell, (One time for my niggas and shit, one time)
One time for my niggas in the jail cell (One time)
One time for my niggas doin' life in Hell (One time for my niggas locked down)
One time for my niggas on the Death Row
(One time for my niggas on the Row)
For my niggas on Death Row
One time for my niggas livin' broke (Westside, California style, LA!)
One time for my niggas livin' broke (You know what time it is, no doubt)
One time for my niggas in the jail cell (Get high, puffin' on lye)
Wonder if it get me high, yeah

2Pac Lyrics

"White Man's World"

(feat. Big D The Impossible)

You go bustin' your fist against a stone wall
You're not usin' your brain
That's what the white man wants you to do
Look at you, what makes you ashamed of bein black

[2Pac:]
Nothin' but love for you my sister
Might even know how hard it is, no doubt
Bein' a woman, a black woman at that, no doubt
Shit, in this white man's world
Sometimes we overlook the fact that we be ridin' hard on our sisters
We don't be knowin' the pain we be causin'
In this white man's world
In this white man's world
I ain't sayin I'm innocent in all this
I'm just sayin'
In this white man's world
This song is for y'all
For all those times that I messed up or we messed up

[2Pac:]
Dear sister, got me twisted up in prison I miss ya
Cryin' lookin' at my niece's and my nephew picture
They say don't let this cruel world get ya, kinda suspicious
Swearin' one day you might leave me, for somebody that's richer
Twist the cap off the bottle, I take a sip and see tomorrow
Gotta make it if I have to beg or borrow
Readin' love letters; late night, locked down and quiet
If brothers don't receive they mail best believe we riot
Eatin' Jack-Mack, starin' at the walls of silence
Inside this cage where they captured all my rage and violence
In time I learned a few lessons, never fall for riches
Apologizes to my true sisters, far from bitches
Help me raise my Black Nation, reparations are due
It's true, caught up in this world I took advantage of you
So tell the babies how I love them, precious boys and girls
Born black in this white man's world - and all I heard was

Who, knows what tomorrow brings
In this world, where everyone's blind?
And where to go, no matter how far I'll find
To let you know, that you're not alone

[2Pac:]
Only thing they ever did wrong (yes!, yes!) was bein' born black (no doubt), in this white man’s world.
All my ghetto motherfuckers be proud to be black if you proud to have this shit like this, cause ain't nobody got it like this (all my little Black seeds, born Black in the White man'z world).
All these motherfuckers wanna be like us.
They all wanna be like us, to be the have naughts: all hail.

God bless the child that can hold his own, no motherfuckin' doubt

[2Pac:]
Bein' born with less, I must confess only adds on to the stress
Two gunshots to my homie's head, died in his vest
Shot him to death and left him bleedin' for his family to see
I pass his casket gently askin', is there heaven for G's
My homeboy's doin' life, his baby momma be stressin'
Sheddin' tears when her son, finally ask that questions
Where my daddy at? Mama why we live so poor
Why you crying? Heard you late night through my bedroom door
Now do you love me mama? Why they keep on calling me nigga?
Get my weight up with my hate and pay 'em back when I'm bigger
And still thuggin' in his jail cell, missing my block
Hearin' brothers screamin' all night, wishing they'd stop
Proud to be black but why we act like we don't love ourselves
Don't look around busta (you sucka) check yourselves
Know what it means to be black, whether a man or girl
We still struggling, in this white man's world

[2Pac:]
Who, knows what tomorrow brings
(Born black in this white man's world)
In this world, where everyone's blind?
(In this white man's world)
And where to go, no matter how far I'll find
(In this white man's world)
To let you know, that you're not alone

*[*megaphone*]*
We must fight, for brother Mumia
We must fight, for brother Mutulu
And we must fight, for brother Ruchell Magee
We must fight, for brother Geronimo Pratt
We must fight, for *[?]*, Zulu, *[?]*
We must fight, for countless political prisoners
Who are locked up falsely by this white man

[2Pac:]
So tell me why you
Changed to choose a new direction, in the blink of an eye
My time away just made perfection, did you think I'd die
Not gon' cry, why should I care
Like we holding on to lost love that's no longer there
Can you please help me, God bless me please keep my seeds healthy
Making all my enemies bleed while my G's wealthy
Hoping they bury me with ammunitions, weed, and shells
Just in case they trip in heaven - ain't no G's in hell
Sister sorry for the pain that I caused your heart
I know I'll change if you help me, but don't fall apart
Rest in peace to Latasha, Lil' Yummy, and Kato
Too much for this cold world to take - ended up bein fatal
Every woman in America, especially black
Bear with me, can't you see, that we under attack
I never meant to cause drama, to my sister and mama
Hope we make it, to better times, in this white man's world

Who, knows what tomorrow brings
In world, where everyone's blind?
And where to go, no matter how far I'll find
To let you know, that you're not alone

[Khalid Abdul Muhammad:]
"You're out of touch with reality!
There are a few of you in a few smoke-filled rooms
Calling that the mainstream, while the masses of the people
--White and black, red, yellow and brown, poor and vulnerable-- are suffering in this nation."

[2Pac:]
Never that, in this white man's world, they can't stop us
We've been here all this time they ain't took us out
They can never take us out
No matter what they say, about us bein extinct
About us being endangered species, we ain't NEVER gon' leave this
We ain't never gon' walk off this planet, unless Y'ALL choose to
Use your brain, use your brain
It ain't them that's killin' us it's US that's killin' us
It ain't them that's knockin' us off, it's US that's knockin' us off
I'm tellin' you better watch it, or be a victim
Be a victim, in this white man's world
.. born black, in this white man's world, no doubt
And it's dedicated to my motherfuckin' teachers
Mutulu Shakur, Geronimo Pratt, Mumia Abu Jamal
Sekou Odinga, all the real O.G.'s, we out

[Minister Farrakhan - Oct. 17, 1995:]
The seal, and the constitution, reflect the thinking of the founding fathers, that this was, to be a nation by white people, and for white people
Native Americans, Blacks, and all other non-white people were to be the burden bearers, for the real citizens of this nation

2Pac Lyrics

"Me And My Girlfriend"

(feat. Virginya Slim)

[Virginya Slim:]
Shit, you mothafuckin' right!
I'm the bitch that's keepin' it live and keepin' it hot
When you punk-ass niggas don't
Nigga, westside! What?! Bring it on!

[2Pac:]
Look for me, lost in the whirlwind
'96 Bonnie and Clyde, me and my girlfriend
Doing 85 when we ride
Trapped in this world of sin
Born as a ghetto child, raised in this whirlwind

[2Pac:]
C'mon, our childhood years, recall the tears, heart laced with venom
Smoking sherm, drinking malt liquor, father forgive 'em
Me and my girlfriend, hustlin'
Fell in love with the struggle
Hands on the steering wheel, blush while she bail out bustin'
Fuck 'em all, watch 'em fall screamin'
Automatic gunfire exorcising all demons
My mafioso messiah, my congregation high, ready to die
We bail out to take the jail back, niggas united
Our first date, couldn't wait to see you naked
Touch you in every secret place, I could hardly wait
To bust freely, got you red-hot, you so happy to see me
Make the frontpage primetime live on TV
Nigga, my girlfriend, baby 45 but she still live
One shot make a nigga's heartbeat stop

[Virginya Slim:]
What?! I'm busting on you punk ass niggas
Run, nigga, run! I'm on your ass, nigga
Run, nigga! Duck and hide when I'm bustin' on all you bitches!
Run, nigga! Yeah, west side!
Uh! Uh! Uh! Die, nigga, die!

[2Pac:]
My girlfriend: blacker than the darkest night
When niggas act bitch-made she got the heart to fight
Nigga, my girlfriend, though we separated at times
I knew deep inside, baby girl would always be mine
Picked you up when you was 9
Started out my life of crime with you
Bought you some shells when you turned 22
It's true, nothing compares to the satisfaction
That I feel when we out mashin'; me and my girlfriend

[2Pac:]

All I need in this life of sin
Is me and my girlfriend
Down to ride to the bloody end
Just me and my girlfriend
All I need in this life of sin
Is me and my girlfriend
Down to ride to the bloody end
Just me and my girlfriend

[2Pac:]
I was too immature to understand your ways
Inexperienced back in the days
Caused so many arguments and strays
Now I realize how to treat you, the secret to keep you
Being faithful, 'cause now cheating's lethal
We're closer than the hands of time
Deeper than the drive of mankind
I trust you dearly, I shoot blind
In time I clock figures, dropping niggas as we rise
We all soldiers in God's eyes
Now it's time for war; never leave me, baby
I'm paranoid, sleeping with you loaded by my bedside, crazy
Jealous when you hang with the fellas, I wait patiently alone
Anticipated for the moment you come home
I'm waiting by the phone, this is true love, I can feel it
I've had a lot of women in my bed, but you the realest
So if you ever need me, call, I'll be there through it all
You're the reason I can stand tall; me and my girlfriend

[2Pac:]
All I need in this life of sin
Is me and my girlfriend
Down to ride to the bloody end
Just me and my girlfriend
All I need in this life of sin
Is me and my girlfriend
Down to ride to the bloody end
Just me and my girlfriend

[2Pac:]
I love finger-fucking you, all of a sudden I'm hearing thunder
When you bust a nut, niggas be ducking or taking numbers
Love to watch you at a block party, begging for drama
While unleashing on the old-timers, that's on my mama
I would trade my life for yours, behind closed doors
The only girl that I adore, everything I'm asking for
Talking to me, begging me to just take you around
Seventeen, like Brandy, you just wanna be down
Talking loud when I tell you be quiet
You move the crowd, busting rounds, activating a riot
That's why I love you so, no control, down to roll, unleash
After a hit you, break apart, then back to one piece
Much love to my one and only girlfriend, the world is ours
Just hold me down, baby, witness the power
Never leave a nigga alone, I love you black or chrome
Turn this house into a happy home: me and my girlfriend

[2Pac:]
All I need in this life of sin
Is me and my girlfriend
Down to ride to the bloody end
Just me and my girlfriend
All I need in this life of sin
Is me and my girlfriend
Down to ride to the bloody end
Just me and my girlfriend
All I need in this life of sin
Me and my girlfriend
Down to ride to the bloody end
Me and my girlfriend

[2Pac:]
Lost in the whirlwind
'96 Bonnie and Clyde, me and my girlfriend
Doing 85 when we ride
Trapped in this world of sin
Born as a ghetto child, raised in this whirlwind
Look for me, lost in the whirlwind
'96 Bonnie and Clyde, me and my girlfriend
Doing 85 when we ride
Trapped in this world of sin
Born as a ghetto child, raised in this whirlwind
Look for me, lost in the whirlwind
'96 Bonnie and Clyde, me and my girlfriend
Doing 85 when we ride
Trapped in this world of sin
Born as a ghetto child, raised in this whirlwind
Look for me, lost in the whirlwind
'96 Bonnie and Clyde, me and my girlfriend
Look for me, lost in the whirlwind
'96 Bonnie and Clyde, me and my girlfriend
Me and my girlfriend

2Pac Lyrics

"Hold Ya Head"

(feat. Tyrone Wrice)

[Malcolm X prison scene:]
Yo, Jackson! A 231549
Yeah, close four! Comin' down!
Crichlow! A 5991301
Close five! Comin' down!

[2Pac:]
My homeboys in Clinton And Rikers Island
All the Penitentiaries
Mumia, Mutulu, Geronimo, Sekon
All the political Prisoners
San Quentin (Look at Satan) (I see him)
All the jailhouses, I'm with you

[2Pac (Tyrone Wrice):]
Yeah, one thug, one thug
(How do we keep the music playin'?)
You're listenin' to the sounds of one thug
One thug, one thug, how do we get ahead?
You're listenin' to the sounds of…

[2Pac:]
I wake up early in the mornin', mind state so military
Suckers fantasizin' pictures of a young brother buried
Was it me, the weed, or this life I lead?
If daytime is for suckers, then tonight we breathe
Out for all that, knowin' that this world bring drawbacks
Look how they shiver once I deliver these raw raps
Meet me at the cemetery, dressed in black
Tonight we honor the dead, those who won't be back
So, if I die, do the same for me, shed no tears
An outlaw thug livin' in this game for years
Why worry? Hope to God, get me high when I'm buried
Knowin' deep inside only a few love me
Don't rush me to the gates of Heaven
Let me picture for a while, how I lived for my days as a child
I wonder now, how do we outlast?
Always get cash, stay strong if we all mash; hold ya head!

[Tyrone Wrice (2Pac):]
How do we keep the music playin'?
(Yes, you got to hold ya head!)
How do we get ahead? (Hold ya head!)
Too many young black brothers are dyin'
(Yes, you got to hold ya head!)
Livin' fast, too fast

[2Pac:]
These felonies be like prophecies

Beggin' me to stop, 'cause these
Lawyers gettin' money every time they knock us
Snatchin' pockets lyrically, suckers flee when they notice
Switched my name to Makaveli, half the rap game ghost
Exposed foes with my hocus-pocus flows, they froze
Now suckers idolize my chosen blows
And mo' money mean litigatin', mo' playa hatin'
Got a cell at the pen' for me waitin'—is this my fate?
Miss me with that misdemeanor thinkin', me fall back?
Never that, too much tequila drinkin', we all that
Make them understand me? Hell nah, this ain't my posse
Everyone with me is family, 'cause everybody's got me
Watch me paint a perfect vision, this life we livin'
Got us all meetin' up in prison
Last week I got a letter from my road dog, written in blood
Sayin', "Please show a playa love"—hold ya head! (Hold it!)

[Tyrone Wrice (2Pac):]
How do we keep the music playin'?
(You got to hold ya head!)
How do we get ahead? (Come on, hold ya head!)
Too many young black brothers are dyin'
(Yes, hold ya head!)
Livin' fast, too fast
(The weed got me tweakin' in my mind, I'm thinkin'…)

[2Pac:]
God bless the child that can hold his own
Indeed, enemies bleed when I hold my chrome
Let these words be the last to my unborn seeds
Hope to raise my young nation in this world of greed
Currency means nothin' if you still ain't free
Money breeds jealousy, take the game from me
I hope for better days, trouble comes naturally
Runnin' from authorities 'til they capture me
And my aim is to spread mo' smiles than tears
Utilize lessons learned from my childhood years
Maybe Mama had it all right, rest yo' head
Tradin' conversations all night, bless the dead
To the homies that I used to have that no longer roll
Catch a brother at the crossroads
Plus nobody knows my soul, watchin' time pass
Through the glass of my drop-top Rolls; hold ya head!

[Tyrone Wrice (2Pac):]
How do we keep the music playin'?
(You got to hold ya head!)
How do we get ahead? (C'mon, hold ya head!)
Too many young black brothers are dyin'
(Yes, hold ya head!)
Livin' fast, too fast
(You got to hold ya head!)
(How do we keep the music playin'?)
(Yes, you got to hold ya head!)
How do we get ahead?

[2Pac:]
No matter how hard it get, feel me?
Get the weed, drink a drink, read a book
Watch the stars, get some pussy—whatever!

2Pac Lyrics

"Against All Odds"

To my niggas that went out in line on duty
21-gun salute! One love, one thug, one nation
(Let's get down, let's do this!)
21-gun salute! (Come on, yeah, let's do this!)
21-gun salute! (Come on, come on, let's do this!)
All the time I be…

Hopin' my true motherfuckers know
This be the realest shit I ever wrote
Against all odds, up in the studio gettin' blowed
To the truest shit I ever spoke

21-gun salute, dressed in fatigues, black jeans and boots
Disappeared in the crowd, all you seen was troops
This little nigga named Nas think he live like me
Talking 'bout he left the hospital, took five like me
You live in fantasies, nigga, I reject your deposit
We shook Dre punk ass, now he out of the closet
Mobb Deep wonder why a nigga blowed 'em out
Next time grown folks talk, nigga, close your mouth!
Peep me, I take this war shit deeply
Done seen too many real players fall
To let these bitch niggas beat me
Puffy, let's be honest, you a punk
Or you will see me with gloves
Remember that shit you said to Vibe about me being a thug?
And you can tell the people you roll with whatever you want
But you and I know what's goin' on
Payback, I knew you bitch niggas from way back
Witness me strapped with MAC's, knew I wouldn't play that
All you old rappers tryin' to advance
It's all over now, take it like a man
Niggas lookin' like Larry Holmes, flabby and sick
Tryin' to player hate on my shit, you eat a fat dick
Let it be known, this is how you made me
Lovin' how I got you niggas crazy

Against all odds, hopin' my thug motherfuckers know
This be the realest shit I ever wrote
Against all odds, up in the studio, gettin' blowed
To the truest shit I ever spoke, against all odds
Hopin' my true motherfuckers know
This be the realest shit I ever wrote

I heard he was light skinned, stocky, with a Haitian accent
Jewelry, fast cars and he's known for flashin'
Listen while I take you back and lace this rap
A real live tale about a snitch named Haitian Jack
Knew he was workin' for the feds
Same crime, different trials, nigga, picture what he said

And did I mention?
Promised to payback, Jimmy Henchman, in due time
I know you bitch niggas is listenin', the world is mine
Set me up, wet me up, niggas stuck me up
Heard the guns bust, but you tricks never shut me up
Touch one of mine, on everything I love
I'll destroy everything you touch
Play the game, nigga; all out warfare, eye for eye
Last words to a bitch nigga: "Why you lie?"
Now you gotta watch your back, now watch your front
Here we come, gunshots to Tut, now you stuck
Fuck the rap game, nigga, this M.O.B
So believe me, we enemies, I go against all odds

I'm hopin' my true motherfuckers know
This be the realest shit I ever wrote
Against all odds, up in the studio, gettin' blowed
To the truest shit I ever spoke
I'm hopin' my true motherfuckers know
This be the realest shit I ever wrote, against all odds

Puffy gettin' bribed like a bitch, to hide that fact
He did some shit he shouldn't have did, so we ridin' for that
And that nigga that was down for me, restin' dead
Switched sides, guess his new friends wanted him dead
Probably be murdered for the shit that I said
I bring the real, be a legend, breathin' or dead
Lord, listen to me, God don't like ugly, it was written
Ayo, Nas, your whole damn style is bitten
You heard my melody, read about my life in the papers
All my run-ins with authorities, felonious capers
Now you wanna live my life
So what's a "hasa", Nas? Niggas that don't rhyme right
You've seen too many movies
Load 'em up against the wall, close his eyes
Since you lie you die; goodbye!
Let the real live niggas hear the truth from me
What would you do if you was me? Nigga

Hopin' my true motherfuckers know
This be the realest shit I ever wrote
Against all odds, up in the studio gettin' blowed
To the truest shit I ever spoke
Against all odds, hopin' my true motherfuckers know
This be the realest shit I ever wrote
Against all odds, up in the studio gettin' blowed
To the truest shit I ever spoke, against all odds

21-gun salute, one love to my true thug niggas
(Outlaw! Outlaw! Outlaw!)
21-gun salute to my niggas that die in the line of duty
Representin' to the fullest, being soldiers with military minds
That play the rules of the game, 21-gun salute
I salute you, my niggas, stay strong
I ride for you, I rhyme for you, I roll for you, it's all for you
To all you bitch made niggas, I'm comin' for you

Against all odds, I don't care who the fuck you is
You touch me I'm at you
I know you motherfuckers didn't think I forgot
Hell nah, I ain't forgot, nigga
I just remember what you told me
You said don't go to war unless I got my money right
I got my money right now, now I want war

"Alright now, here we go"

Tell me, how many real motherfuckers feel me?
I smoke a blunt and freak the funk until these jealous motherfuckers kill me
I'm out the gutter, pick a hero
I'm 165 and stayin' high 'til I die, my competition's zero
Cause I could give a fuck about you, you better duck
Go or I'll be forced to hit yo' ass up, I give a fuck
I'm sick inside my mind, why they sweat me?
It's gonna take an army full of crooked ass cops to come and get me
Niggas know I ain't the one to sleep on, I'm under pressure
Gotta sleep with my piece, an extra clip beside my dresser
Word to God I've been ready to die since I was born
I don't want no shit but niggas trip and, yo, it's on
Open fire on my adversaries, don't even worry
Better have on a vest aim for the chest and then you buried
It's a man's world, niggas get played, another stray
Hope I live to see another day, hey!
I'm gettin' sweated by these undercovers
Who can I trust, got my mama stressin', thinkin' it's a drug bust
Gotta get paid but all the drama that's attached
We livin' a drug life, THUG LIFE, each day could be my last
Will I blast when it's time to shoot? Don't even ask
That's the consequences when ya livin' fast
Six bricks of tricks, for my niggas, I gotta come up
and recoup, you keep the dope just bring me six figures
Is it a bust? I hear the sirens, run for cover
over the fence and open fire

"Alright now, here we go"

These motherfuckers on my ass I'm in traffic, will it be tragic?
I'm comin' round the corner like I'm Magic
Doin' ninety on the freeway, and hittin' switches
In a high speed chase with these punk bitches
Don't turn around I ain't givin' up, cause they don't worry me
Pussy ass bitches better bury me
Runnin' outta gas time to park it, I'm on foot
We in the hood, how the fuck they gon catch a crook? Haha
I got away cause I'm clever
Went to my neighbors for a favor now you know players stick together
I watch the scene from the rooftop, spittin' loogies
At the coppers that pursue me, beotch!
I be a hustler til it's over, motherfucker
Open fire on you bustas

"Alright now, here we go"

Don't try to follow me, I'm headed outta state
I gotta pay my fuckin' bills, so I'm transportin' weight

Change my plates, pick up my nigga, and now we rollin'
Droppin' keys like they stolen, hehe
Tell me who do you fear? I'm outta town until the coast is clear
Enough dope to last a year
They got me runnin' from the police, nowhere to go
With the lights out, rollin' down a dirt road
But I ain't goin' alive, I'd rather die than be a convict
I'd rather fire on my target
I hit the corner doin' ninety, ah shit!
Them bitches right behind me
They take a shot and hit my fuckin' tires
Now, jump out the car then I open fire, sucka!

Hahahaha! Thug Life, bitch! Goin' out like that

2Pac Lyrics

"R U Still Down? (Remember Me)"

Are you still down? *[3x]*

Now up and at 'em it's on, I was raised to be strong
And mama told me be a thug, since the day I was born
I came up, out the gutter never changed my style
Got for real about my papers, cause the game was wild
And the fame was a plot to try to change me
And what's strange is, nobody knew my name 'fore it came
Now the whole world is calling me a killer
All I ever did, was try to reach the kids with the real
All the time I was ballin', never heard my friends callin'
Couldn't stop myself from fallin', I'm all in
Shit's gettin' sleazy, believe me
Best to take what ya need, but don't be greedy
Cause in my mind, I see sunshine, I thought
I didn't have to run, now I'm duckin' from the gun yellin' "One time!"
Take your time to feel my record
And if you did, chill a second
My blind method, will still wreck it
My young homies stay strong
I wonder if they'll listen to a nigga when he gone
Are you still down?

Raise 'em up ... are you still down?
Raise 'em up ... are you still down?
Raise 'em up ... are you still down?
Raise 'em up ... are you still down?
Raise 'em up ... are you still down?

I'm gettin' high, so a nigga think, he touch the sky
Turn tough inside, in the rush to die
Livin' life as a thug, time to face the truth
What's goin' on with the wasted youth, please God
Come and save me, had to work with what ya gave me
And got a nigga goin' crazy
I can't read the signs
I'm blind, but a nigga know he need his nine
Cause times, they ain't what they used to be
Ain't a penitentiary built big enough for me
And my niggas on the streets, man, listen
Cause these ain't the old days
Ain't no way, I'mma bustin' my ass and gettin' no pay
It seems I can't find my focus and homie, I ain't paranoid
I seen the future and it's hopeless
Lord knows, it's hard on a young scrub
It seems I had less problems when I slung drugs
But since I'm tryin' lace, niggas with the game
Wanna see me locked in chains, tryin' to dirty up my name
And them same motherfuckers that was callin' me
Will be the first to turn their backs, when I'm fallin', see

I should have seen it from the jump, but now it's clear
This one nigga got the town in fear, but are you still down

Raise 'em up ... are you still down?
Raise 'em up ... are you still down?
Raise 'em up ... are you still down?
Raise 'em up ... are you still down?
Raise 'em up ... are you still down?

I wrote this for my critics and my enemies
Last year ya used to love me, huh, remember me
Now ya hate me with a passion, tryin' to get me stuck in the mix
I'm stayin' sharp, got no time for them tricks
And now they wonder if I'm goin' to jail
Just as well, cause my life on the streets - a livin' hell
And I can't sleep, they got my phone tapped
And mercy Lord, come get me 'fore they hurt me
Ran outta tears, and through the years couldn't change me
My daddy left me alone and so I'm angry
I never did nothin' wrong, my mama told me, "Baby, it's on!"
And now I'm hustlin' and bustlin' bones
Never said it came easy, I'm makin' cheese
Buyin' all the things on TV, and gettin' skeezed
Wish my homeboys could see me now
Little bad motherfucker runnin' wild through the town
Please tell me, are you still down?

Are you still down, to raise 'em up? Remember me *[2x]*
Are you still down, to raise 'em up?
Are you still down, to raise 'em up? Remember me *[3x]*
Are you still down, to raise 'em up?
Are you still down, to raise 'em up? Remember me *[3x]*
Are you still down, to raise 'em up?

That's right y'all, give them bitches the motherfuckin' middle finger
Raise 'em up
These hoes can't fade me, don't these bitches know we crazy?
Thug life niggas be the sickest
You feel me?
Now get that shit written down
God damn!
Took four years and a motherfuckin' case for these motherfuckers to feel me
Ain't that a bitch?
Are you still motherfuckin' down?
Old ho ass fake ass niggas
We out this motherfucker though

2Pac Lyrics

"Hellrazor"

(feat. Stretch)

Major! Hell motherfuckin' yeah
This one goes out to my nigga Mike Cooley, hell yeah
Mama raised a hellraiser

Born thuggin'
Heartless and mean, muggin at sixteen
On the scene watchin' fiends buggin
Kickin up dust with the older G's
Soakin up the game that was told to me
I ain't never touched a gat that I couldn't shoot
I learned not to trust the bitch from the prostitutes
Taught lessons, a young nigga askin' questions
While other suckers was guessin', I was gangsta sexin'
Elementary wasn't meant for me, can't regret it
I'm headed for the penitentiary and cuttin' classing
I'm buckin blastin, straight mashin
Mobbin through the overpass laughin
While these other motherfuckers try to figure out, no doubt
They jealous of a nigga's clout, tell me Lord
Can ya feel me? I keep my finger on the trigger
Cause some nigga tried to kill me
And mama raised a hellraiser, everyday gettin paid
Police on my pager, straight stressin
A fugitive my occupation is under question
Wanted for investigation, and even though
I'm marked for death, I'mma spark til I lose my breath
Motherfuckers, every time I see the paper
I see my picture, when a nigga's gettin richer
They come to get ya, it's like a motherfuckin trap
And they wonder why it's hard bein black
Dear Lord can ya feel me, gettin major, unhh

Mama raised a hellraiser, stress gettin' major
Lord be my savior, unnh
Mama raised a hellraiser, stress gettin' major
Lord be my savior, unnh
Mama raised a hellraiser, stress gettin' major
Lord be my savior, unnh
Mama raised a hellraiser, stress gettin' major
Lord be my savior, unnh
Mama raised a hellraiser
Stress gettin' major, unnh
Mama raised a hellraiser, stress gettin' major

Dear Lord can ya feel me

Tell me Lord can ya feel me, show a sign
Damn near running outta time, everybody's dyin
Mama raised a hellraiser, can't figure

Why you let the police beat down niggas
I'm startin to think all the rich in the world is safe
While the po' babies rushin' into early graves
God come save the youth
Ain't nothin else to do but have faith in you
Dear Lord I live the life of a Thug, hope you understand
Forgive me for my mistakes, I gotta play my hand
And my hand's on the sixteen-shot, semi-automatic
crooked cop killin Glock, tell me Lord
Can ya feel me? Show a way
I'm prayin but my enemies won't go away
And everywhere I turn I see niggas burn
Every nigga that I know's on death row
My younger homie's seventeen and he paid a price
Little young motherfucker doin triple life
Though I tell him in his letters, it's gettin better
If my nigga knew the truth he'd hit the roof
Just heard ya baby's mama was smoked out, fuck the drama
Wanna break my Loc out, smokin blunts
Gettin drunk off that Tanqueray gin
'Bout to break my nigga out the fuckin' pen'
Mama raised a hellraiser, uh, yeah
C'mon, uh, mama raised a hellraiser
Uh, dear Lord can ya feel me, stress gettin major
(Lord be my savior, unnh)

Mama raised a hellraiser, stress gettin' major
Lord be my savior, unnh
Mama raised a hellraiser, stress gettin' major
Lord be my savior, unnh
Mama raised a hellraiser, stress gettin' major
Lord be my savior, unnh
Mama raised a hellraiser, stress gettin' major

Dear Lord can ya hear me, it's just me
A young nigga tryin to make it on these rough streets
I'm on my knees beggin please come and SAVE ME
THE WHOLE WORLD done made a nigga crazy!
I got my three-five-seven can't control it
Screamin die motherfucker and he's loaded
Everybody run for cover, aww shit
Thug Life motherfucker, duck quick
Now am I wrong if I am don't worry me
Cause do or die gettin high till they bury me
Dear Lord if ya hear me, tell me why
Little girl like LaTasha, had to die
She never got to see the bullet, just heard the shot
Her little body couldn't take it, it shook and dropped
And when I saw it on the news how she bucked the girl, killed Latasha
Now I'm screamin fuck the world, in the end
it's my friends, that flip-flop
Lip-locked on my dick when my shit drop
Thug Life motherfucker, I lick shots
Every nigga on my block dropped two cops
Dear Lord can ya hear me, when I die
Let a nigga be strapped, fucked up, and high

with my hands on the trigger, Thug nigga
Stressin' like a motherfuckin' drug dealer
And even in the darkest nights, I'm a Thug for Life
I got the heart to fight now
Mama raised a hellraiser why cry
That's just life in the ghetto, do or die

And I ain't West Coast for these niggas on the West huh?
Fuck e'rybody

*[*laughing*]*

Thug style out this, motherfucker, niggas, throw ya hands in the air
If you got Jeep make ya speakers pop
I want motherfuckin' police tryin' to pull niggas over on this one
We takin' this one to the whole 'nother level gutter style thug style
You feel me, things that we can only do as a real G
We ain't dead yet

Hit me, I got my Hennessy find ya foes
In a room full of niggas tryin' to hide ya hoes
I'm gettin' high off Buddha cause the times be slow
I keep my mind on dough you never find me broke
And who me? A nigga livin' life like a G
In that artillery keepin' niggas off of me
I can't sleep livin' in these wicked times, peep
Niggas after me cause they see I'm stackin' G's and heat
You can holler if you want to, please!
I ain't runnin' with no punk crew be, bleed!
Enemies and my range is on, you're in the danger zone
My fuckin' game is strong, now hotline
You suckas better find ya mind I got mine
From hustlin' and bustin' them rhymes
To my niggas up in Quentin, Down on Rikers Isle
Stay rile, but a nigga gotta use his styles

These, niggas don't know my style
Quick to smile, juvenile, was a problem child
Try to put me in the cross, but my force was wild
Bitch-made ass niggas don't know my style
These, niggas don't know my style
Quick to smile, juvenile, was a problem child
Try to put me in the cross, but my force was wild

Bitch-made ass niggas don't know my style

I could be wrong but I never got along with cops
It's like they stuck from makin' niggas duck from Glocks
And all the time, my mind's full of thoughts of ends
I'm still rollin' my bucket but I bought me a Benz (tadow)
My fake friends say they love me but I know they lie
Cause in the dark see they hearts full of homicide
My mama cried when they took me off to jail
Only me inside the cell, straight locked up in this hell
I hear some sucker screamin' like the demon's inside
Will 'em away in the mornin', only the strong survive
I cry, but in my own way swallow my pride
Pick a reason to hide from all the niggas that die
Cemetery full of brothers I buried it's goin' down
Even now I wonder will I still be around
My hometown is the gutter I was born a wild
I came up out this dust with my heartless style

These, niggas don't know my style
Quick to smile, juvenile, was a problem child
Try to put me in the cross, but my force was wild
Bitch-made ass niggas don't know my style
These, niggas don't know my style
Quick to smile, juvenile, was a problem child
Try to put me in the cross, but my force was wild
Bitch-made ass niggas don't know my style

I remember Uptown, run catch a kiss
Listenin' to Mr. Magic
Cuttin' up the hits And even though I had a habit
Makin' words rhyme I was caught up in the madness
Juvenile thugs come on
I tell the whole story nothin' but truth
Halloween throwin' eggs from the project roofs
And Pete and Lee young G's with a gift of gab
Tryna hook up with the hookers who was quick to stab Remember mama's cookin', no school straight hookin'
And tryin' to get with light skinned cause she good lookin'
And jumpin' over turnstiles cause we ain't payin'
Call the cuties cuss words but we only playin'
I'm prayin' I can get a buck no luck
I had to move around a lot cause my moms was stuck
I had family but I was way too wild
Had to move to the West to regain my style

These, niggas don't know my style
Quick to smile, juvenile, was a problem child
Try to put me in the cross, but my force was wild
Bitch-made ass niggas don't know my style (scream)
Niggas don't know my style
Quick to smile, juvenile, was a problem child
Try to put me in the cross, but my force was wild
Bitch-made ass niggas don't know my style (my nigga scream)
Niggas don't know my style
Quick to smile, juvenile, was a problem child
Try to put me in the cross, but my force was wild

2Pac Lyrics

"Where Do We Go From Here (interlude)"

Power...pow...power...

Guess who's back? Hahaha, here we go
It's ninety-fo', what's next?

Power enter my world

I guess this year gonna be a motherfucker for real niggas
I swear these playa haters done got a taste of power
It ain't all good in the hood
Least not on my side, from where I stand
And the law? Man, fuck the law!
Niggas must outthink, outstep, and continuously outsmart
The motherfuckin' law, in every way
Key word in ninety-four is 'down low'
Gots to be struggling
I see how the rich got theirs
Nigga I'm legit, shit
Where do we go from here?

[repeat in background:]
Who's afraid, of the punk police?
To my niggas run the streets, fuck peace

Hey niggas, where your heart at?
See motherfuckers killin' babies, killin' mommas
Killin' kids, puttin' this in they motherfuckin' mark
Now what type of mixed up trick would kill the future of our race
before he would he look his enemy dead in the eye, and open fire?
These crazy motherfuckers got toys with guns
Jails for guns, but still, no god damn jobs
And they wonder why we loc'n up
Where do we go from here?
Where do we go?

*[*singers singing variations of 'Where do we go from here'*]*

All you niggas out there
The clouds shook, the world listened
We stood together in April of ninety-two
With duty, and a sense of honor
There is no limit to what WE can achieve
That's all on us... us...
Not my niggas, not the whites, not the enemies
or none of them motherfuckers, US
What can WE do? Shit
I declare a death sentence to all child molesters
Fake-ass bitches, male and female
And all you punk-ass snitches
We can do without your asshole

Let no man break, what we set
Where do we go from here?

Rest in peace, to Kato, I miss you
All the other real G's that passed away in ninety-three
In ninety-four, and more
What do we do? For us?

2Pac Lyrics

"I Wonder If Heaven Got A Ghetto"

(feat. Maxee)

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto

I was raised, the little young nigga doin' bad shit
Talk much shit, 'cause I never had shit
I could remember being whupped in class
And if I didn't pass, Mama whupped my ass
Was it my fault Papa didn't plan it out?
Broke out, left me to be the man of the house
I couldn't take it, had to make a profit
Found a block, got a Glock, and I clock grips
Makin' G's was my mission
Movin' enough of this shit to get my mama out the kitchen
And why must I sock a fella?
Just to live large like Rockefeller?
First you didn't give a fuck, but you're learnin' now
If you don't respect the town then we'll burn you down
Goddamn, it's a motherfuckin' riot
Black people on a rage, police, so don't try it
If you're not from the town then don't pass through
'Cause some O.G. fools might blast you
It ain't right, but it's long overdue
We can't have peace 'til the niggas get a piece too
I want G's so you label me a criminal
And if I die, I wonder if heaven got a ghetto

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto

Here on Earth, tell me what's a black life worth?
A bottle of juice is no excuse, the truth hurts
And even when you take the shit
Move counties, get a lawyer, you can shake the shit
Ask Rodney, LaTasha, and many more
It's been going on for years, there's plenty more
When they ask me, "When will the violence cease?"
When your troops stop shootin' niggas down in the street
Niggas had enough time to make a difference
Bear witness, on our own business
Fuck the guard, 'cause it's hard tryin' to make ends meet
First we couldn't afford shit, now everything's free
so we loot, please don't shoot when you see
I'm takin' from them 'cause for years they would take from me
Now the tables have turned around
You didn't listen, until the niggas burned it down

And now Bush can't stop the hit
Predicted the shit in 2Pacalypse
And for once I was down with niggas
Felt good in the hood being around the niggas
Yeah, and for the first time everybody let go
And the streets is death row, I wonder if heaven got a ghetto

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
(yeah), I wonder if Heaven got a ghetto

I see no changes, all I see is racist faces
Misplaced hate makes disgrace to races
We under, I wonder what it take to make this
One better place, let's erase the wasted
Take the evil out the people, they'll be actin' right
'Cause both black and white are smokin' crack tonight
And only time we deal is when we kill each other
It takes skill to be real, time to heal each other
And though it seems heaven-sent
We ain't ready to have a black President
Huh, it ain't a secret, don't conceal the fact
The penitentiary's packed, and it's filled with blacks
I wake up in the mornin' and I ask myself
Is life worth livin'? Should I blast myself?
I'm tired of being poor and, even worse, I'm black
My stomach hurts, so I'm lookin' for a purse to snatch
Cops give a damn about a negro
Pull the trigger, kill a nigga, he's a hero
Mo' nigga, mo' nigga, mo' niggas
Rather I'd be dead than a po' nigga
Let the Lord judge the criminals
If I die, I wonder if heaven got a ghetto

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
And I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
(Just think if niggas decide to retaliate)
(soldier in eye's)
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto

2Pac Lyrics

"Nothing To Lose"

The only way to change me is maybe blow my brains out
stuck in the middle of the game to get the pain out
Pray to my God everyday, but he don't listen
The poverty bothers me, but mama's working wonders in the kitchen
Listen! I can hear her crying in the bedroom
Praying for money but never think would she be dead soon
Am I wrong for wishing I was somewhere else
I'm thirteen, can't feed myself
Can I blame daddy cause he left me?
Wish he would've hugged me
Too much like him, so my mama don't love me
On my own at a early age, I'm getting paid
And I'm strapped, so I'll never be afraid
Where did I go astray?
I'm hanging in the back streets
Running with G's and dope fiends, will they jack me?
Can't turn back, my eyes on the prize
I got nothing to lose, everybody gotta die
say good-bye to the bad guy
That one, you fucked, when you passed by
Buck-buck from a Glock let the glass fly
Do or Die walk a mile in my shoes
Then you'd be crazy too

With nothing to lose
[The D.O.C:] I got raw when I came to Cali
Got nothing to lose
[Ice Cube:] That's why I got gang-related rhymes

Got nothing to lose
[The D.O.C:] I got raw when I came to Cali
Got nothing to lose
[Ice Cube:] That's why I got gang-related rhymes
[3x]

I thank the Lord for my many blessings
Though I'm stressing keep a vest for protection
From the barrel of a Smith and Wesson
And all my niggas in the pen, here we go again
Ain't nothing separating us from a MAC-10
Born in the ghetto as a hustler, older
Straight soldier, bucking at them bustas
No matter how you try, niggas never die
We just retaliate with hate, then we multiply
See me striking down the block hitting corners
Mobbing like a motherfucker, living like I wanna
Ain't no stopping at the red lights, I'm sideways
THUG LIFE, motherfucker, crime pays
Let the cops put they lights on, chase me, nigga
Zig-zagging through the freeway, race me, nigga

In a high speed chase with the law
the realest motherfucker that you ever saw
I'm living raw, til they bury me, don't worry me, I'm high
Living like I ain't afraid to die
And if you could walk a mile in my shoes
Then you'd be crazy too

With nothing to lose
[The D.O.C:] I got raw when I came to Cali
Got nothing to lose
[Ice Cube:] That's why I got gang-related rhymes

Got nothing to lose
[The D.O.C:] I got raw when I came to Cali
Got nothing to lose
[Ice Cube:] That's why I got gang-related rhymes
[3x]

Ain't no escape from a deadly fate
and everyday there's a million black bodies put away
I'm starting to lose hope, it seems everybody's on dope
Mama told me to leave, cause she was broke
Sometimes I choke on the indo, creeping out the window
Alone, on my own, I'm a criminal
Got no love from the household
I'm out cold, on the streets screaming 'Motherfuck peace!'
I got nothing to lose, and something to prove, what do I do?
Live the THUG LIFE, nigga, stay true
I wonder when they kill me, is there a heaven for a real G?
Lord forgive me, if you feel me
Cause all my life I was dirt broke with no hope
Little skinny motherfucker wanting dough
I hated cutting suckers with my razor blade
but everyday it's a struggle to get major paid
Anyway, it's so hard on a nigga in this city, no pity
And ain't no love for the scrubs that be buying dime
If you could walk a mile in my shoes
Then you'd be crazy too

With nothing to lose
[The D.O.C:] I got raw when I came to Cali
Got nothing to lose
[Ice Cube:] That's why I got gang-related rhymes

They wonder what type nigga be a Thug Life nigga
We be the craziest, motherfucker!

2Pac Lyrics

"I'm Gettin Money"

Get money nigga
Yeah - aw yeah
Dedicate this one to all the hustlers
That get up every motherfuckin' mornin' and put they work in
I see you - I see you boy

I'm up before sunrise first to hit the block
Lil' bad motherfucker with a pocket full of rocks
Learned to throw them thangs, get my skinny lil' ass kicked
Niggas laughed, 'til the first motherfucker got blas-ted
I put the nigga in his casket
And now they coverin' the bastard in plastic
I smoke blunts on the regular fuck when it counts
Tryin' to make a million dollars out a quarter ounce
Gettin' ghost on the five-o, fuck them hoes
Got a forty-five screamin' out surviv-al
Hey nigga can I lay low, cook some ya-yo
Holla "five-o" when I say so
Don't wanna go to the Pen', I'm hittin' fences
NARC's on a nigga back missin' me by inches
And they say how do you survive, weighin' one-fifty-five
In the city where the little niggas die
Tell mama don't cry, cause even if they kill me
They can never take the life of a real G

I'm gettin' money (money)
I'm gettin' money (money)
I'm gettin' money (money)
I'm gettin' money (money)

Yeah, get paid nigga
I gotta get *[]*
Get paid bwooy (fuck the police)
Watch out of all this, nigga

Still on parole and I'm the first nigga servin'
Pour some liquor on the curb, for my homies that deserve it
If I wanna make a million, gotta stay dealin'
Kinda boomin' round the way, think today I make a killin'
Dressin' down like I'm dirty, but only on the block
Just a clever disguise, to keep me runnin' from the cops
I'm gettin' high, think I'll die if I don't get no ends
I'm in a bucket but I'm ridin' it like it's a Benz
I hit the strip I let my music buck
Drinkin' liquor and I'm lookin' for a bitch to fuck
Rather die makin' money, than live poor and legal
as I slang another ounce, I wish it was a kilo
I need money in a major way
Time to fuck my girl, she gettin' paid today, ha hah ha
I live Thug Life and let the money come to me

Cause they can never take the game from a young G

I'm gettin' money (money)
I'm gettin' money (money)
I'm gettin' money (money)
I'm gettin' money (money)

Yeah nigga, get paid
Can't fade me boy (some of my niggas in hometown)
[?] y'all
That's how we run the shit in '93 boy
Fuck them niggas *[?]*

Damned if I don't, and damned if a nigga do
Now watch a young motherfucker pull the trigger too
RAISE UP, and don't let them see ya cry
Dry your eyes, young nigga time for do or die
I pack a pistol in my pocket, ready on my Glock
Ain't no time for a nigga to even cock shit
I done seen a motherfucker peep pain
at point blank range cause he slept on the game
Ain't a damn thing changed, they shakin' the dice
Now roll 'em if you can't stand pain better hold 'em
Cause ain't no tellin' what ya might roll
You might fold catch AIDS from a slight cold
You better live ya life to the fullest
Be quick to kill a bull got a pistol motherfucker better pull it
And even if they kill me
They can never take the life of a young G

I'm gettin' money (money)
I'm gettin' money (money)
I'm gettin' money (money)
I'm gettin' money (money)
Gettin' money (gettin' money)

Gettin' paid nigga (that's right), for my niggas in the hood
That's right nigga, that's right boy enough for love
Talk to hold that shit boy *[?]*
Pass the shit
Gettin' paid (gettin' paid)

2Pac Lyrics

"Lie To Kick It"

(feat. Richie Rich)

(Yeah, if she didn't wanna fuck
Then she never should've called you)
I dedicate this to my nigga, Mike Tyson
(If she didn't wanna fuck Then she never should've called you)

[2Pac:]
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it

[Richie Rich:]
Jack of all trades ballin' like Jordan you punk
Fake inside the paint in fact I know you can't
Do half of the shit that you was claimin' in the county
Suckas on yo jock you claim you run the block
Polyurethane busta cracked in half
You claim you foldin' bank but I know yo bank stank
I lived around the corner I seen you fully smoked
Must I say some more you weighed a buck 04
You sold ya TV for a buck cause it was way too late
Now they sent you upstate and you done gained some weight
You's a baller lyin' to them youngstas quick
Got them thinkin' you sick and representin' yo click
But you's an old basehead kickin' too much hype
Yo bicentennial pipe it got rally stripes
And if they knew yo identity
You'd probably be the victim of a stickin' (ugh ugh)
You ain't got to lie to kick it

[2Pac:]
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches (aight!), (you know what I'm sayin')
Out to get a nigga's riches (real niggas up, hoes down)
You ain't got to lie to kick it
To them tricks and them bitches (aight!)
Out to get a nigga's riches

[2Pac:]
You ain't got to lie to kick it

Y'all don't hear me
I got these niggas yackin' in my face
About some shit that never took place
And what you see is what you get, that's what he told me
I peeped it in his pose, Exposed the fuckin' phony
I'm gettin' richer so they claim to be my homie
With them bitches, they be speakin' down on me
Hey, it's gettin' drastic
Gunnin' niggas down cause they plastic
Sleep on a G and get that ass kicked
And stuffed in a casket
Rippin' the shit like it's my muthafuckin' last hit
Hey they wonder why a nigga's nothin' nice
And everytime I bust a nut I fuck for Tyson
Cause I know the real on the bitch
She got to skit ya just to get a nigga's riches (fuck that bitch)
I pray to God that the bitch don't get no dick
And got a nigga screamin' Fuck That Bitch!

[2Pac:]
You ain't got to lie to kick it
To the tricks and the bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches (aight!), (you know what I'm sayin')
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches (aight!)
Out to get a nigga's riches
You ain't got to lie to kick it

[2Pac (Richie Rich):]
Well if a bitch'll be a bitch
(Then a trick'll be a trick)
I got my nigga Richie Rich and we be all up in the mix
(This is Thug Life baby rollin' hoes like Vogues)
Stay the fuck up out of mine
(And I'll stay out of yours)
It's a Oakland thang and bitch you wouldn't understand
This Tanqueray got me screamin', Fuck yo' man
(But now you beefin' on the strength)
(That you was thinkin' I was jockin')
Hey bitch I got no time for hoes I'm steady clockin'
(And if it ain't about a buck I gives a fuck)
It's raggedy hoes like you that keep a nigga stuck
So what's up with them low life bitches tryin' to play me
(Bitch you better see Trojan about yo' baby, ha ha))
Trickin' niggas better catch up on they pimpin'
(Cause bitches love to catch a nigga when they slippin')

[2Pac & Richie:]
You ain't got to lie to kick it
To them tricks and them bitches

Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it
To them tricks and them bitches
Out to get a nigga's riches
You ain't got to lie to kick it..

2Pac Lyrics

"Fuck All Y'all"

[Sample:]
"I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends"

Ha ha ha… hey man fuck all y'all… fuck all y'all
I don't need nobody
Fuck 'em… fuck all y'all (fuck all y'all)

Money gone fuck friends, I need a homie that know me
When all these motherfuckin' cops be on me
I got problems, ain't nobody callin' back
Now what the fuck is happenin' with my ballin' cats?
Remember me? I'm your homie that was down to brawl
Sippin' Hennessy, hangin' with the clowns, and all
We used to do is drink brew, screw and common knew
We had bitches by the dozens, we fuckin' cousins
You can throw your middle finger if you feel me, loc
A nigga just got paid and we still was broke
It took time, but finally the cash was mine
All the rewards of a hustler stuck in the grind
Look around, and all I see is snakes and fakes
It's like scavengers, waitin' to take a hustler's place
And when you stuck, where the fuck is all your friends?
They straight busted and can't be trusted; fuck y'all!

[Sample:]
"I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends"

Fuck all y'all
Fuck all y'all

I'm sippin' Tanqueray and juice and what's the use
'Cause I'm a hopeless thug
Ain't no love reminiscin' on how close we was
Way back in the day, before they put the crack in the way
And hey, how much money can you stack in a day?
It's gettin' rough, collect calls from my niggas in cuffs
I recollect we used to ball, now just living's enough
I stand tall in the winter, summer, spring or fall
"Thug For Life" sprawled all across the wall
And all about my dollars make me wanna holla
Drop an album, sell a million, give a fuck about tomorrow
I know it's gettin' crazy after dark, these marks
Keep on huffin' and puffin', ain't no fear in my heart
What's goin' on in the ghetto? Still struggle and strive
I still roll with the heater, smokin' chocolate Thai
In '94, I'll be goin' solo
Too many problems of my own so I'm rollin' dolo; fuck all y'all!

Huh, pardon me!

[Sample:]
"I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got.."

Fuck all y'all
Fuck all y'all ...fuck all y'all

I went from rags to riches
Quick to socializin' with the baddest bitches
Went from a bucket to a rag with switches
I'm seein' death around the corner
I'm bumpin' "Gloriaaaa," doin' 90 'cause I wanna
I'm gettin' high, and like I said, it was some chocolate thai
Mixed with some Indonesia, watch me fly
And even though I know the cops behind me
Hit the weed and I continue doin' 90
Until I get caught, another ticket get to kick it in court
Fuck the law, give a shit, I'm even worse than before
I know they wanna see a nigga buried
But I ain't worried, still throwin' these thangs
Got me locked in these chains
And hey, nigga, what the fuck is you wailin' 'bout?
Soon as I hit the cell, I'll be bailin' out
And when I hit the streets, I'm in a rush to ball
I'm screamin' "Thug Life!", nigga, fuck y'all!

[Sample:]
"I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends
I thought I had friends, but I ain't got no fuckin' friends"

That's right fuck all y'all man
Fuck all y'all
That is right, I don't need nobody
Fuck all y'all
Fuck all the hard copies daily news
Fuck the bitches, the tele news, New York Posts, all those motherfuckers
Fuck all y'all
Fuck 'em

"Definition Of A Thug Nigga"

"Nobody's, closing me out of my business"
"Nobody's, closing me out of my business"
My definition of a thug nigga
"Nobody's, closing me out of my business"

I played the cards I was given, thank God I'm still livin'
Pack my nine til it's time to go to prison
As I'm bailin' down the block that I come from, still gotta pack a gun
Case some young motherfuckers wanna play dumb
I guess I live life forever jugglin'
But I'll be hustlin' 'til the early mornin' cause I'm strugglin'
Like drinkin' liquor make the money come quicker
Gettin' pages from my bitch it's time to dick her
I ain't in love with her, I just wanna be the one to hit her
Drop off and let the next nigga get her
That's the way it goes, it's time to shake a ho, make the dough
Break a ho when it's time to make some mo'
I keep my finger on the trigger of my Glock
Ridin' down the block lickin' shots at the punk-ass cops
And spittin' game through my mobile phone
The type of shit to get them hoes to bone
My Definition of a Thug Nigga

[Samples:]
"Tis the season, to be servin'"
"What you doin'?"
"Mob-mobbin' like a motherfucker"
"Tis the season, to be servin'"
"What you doin'?"
"Mob-mobbin' like a motherfucker"
"Tis the season, to be servin'"
"What you doin'?"
"Mob-mobbin' like a motherfucker"
"Tis the season... to be servin'"

Well I roll with a crew of zoo niggas
They're quick to pull a nine when it's time do niggas
Comin' through like I'm two niggas, a true nigga fuck a Zig Zag
Roll me a blunt and pass that brew nigga
I'm drivin' drunk on the freeway, so take it ea-sy
Lookin' for a new face to skeeze me
Everybody's lookin' for a nut but I'm searchin' for the big bucks
Give a fuck, rather die than be stuck
In a one-room shack, and, kickin' back
Daydreamin' with the nine in my lap (huh)
So how's that from the mind of a Thug Nigga
Bought a fo'-five cause I heard that the slug's bigger
Figure the first motherfucker to jump'll find hisself
Gettin' swept off his feet by the pump
I put that on my moms, word to the motherfuckin' trigger

Before I go broke I'll be a drug dealer, a Thug Nigga

[Samples:]
"Tis the season, to be servin'"
"What you doin'?"
"Mob-mobbin' like a motherfucker"
"Tis the season, to be servin'"
"What you doin'?"
"Mob-mobbin' like a motherfucker"
"Tis the season, to be servin'"
"What you doin'?"
"Mob-mobbin' like a motherfucker"
"Tis the season... to be servin'"

Short than a motherfucker snatched up by one-time
Make a phone call and be back to ball by lunchtime
So here we go, we in the inner city
I keep my hand on my gat and stay cool, my attitude is shitty
Niggas don't like me cause I'm makin' ends
Roll in a Benz and I blaze a blunt, cause I'm all in
And any nigga tryin' to take what I got'll
hafta deal with the sixteen-shot Glock (huh)
So here we go, I can't be faded
Happy in the motherfucker, finally made it
Got my money in my pocket, finger on the trigger
And I ain't takin' shit from no niggas
I'm just tryin to make some money right
Put some motherfuckin' food in my tummy right
I'm feelin' good like I'm supposed to, ready to ball
Find a spot and we can serve em all

2Pac Lyrics

"Ready 4 Whatever"

(feat. Big Syke)

(Rule number one... niggas die, daily, hahahaha)
Hear me! Boo-yaow!
(Ready for whatever, hell yeah
What type nigga be a Thug Life nigga?
Them Thug Life niggas be the craziest -- run up nigga!)

[2Pac:]
There's no way to survive in the city it's a shame
Niggas die from my hollow-point bullet to the brain
Will I survive or will I die is what I wonder
Puffin on blunts and gettin' drunk to keep from goin' under
Gettin' lost in the madness, blunted gettin' tipsy
Got my pistol out the window screamin', "Lord come and get me"
Am I sick, or am I just another victim?
Unloadin' my clip, I'm watchin' every bullet spit when I kick 'em
Niggas die from automatic gunfire
Your time to expire, nobody cry every man gotta die
When they bury me, they bury me a G
Rest in peace, to all the homies got to heaven before me
Pour some liquor on the curb for the niggas that's caught
Had a motherfuckin' warrant but he didn't go to court
God damn, and one day we'll all be together
Until then I'm ready for whatever, c'mon

(Yeah, niggas movin' somethin' in the nine-trey
It's all about makin' money, gettin' yours
And knockin' coppers off the motherfuckin' planet
Word to the motherfuckin' nine nigga
We gonna make this motherfucker ours
If they don't feel me, they gon' kill me
So Syke, get skanless nigga)

[Big Syke:]
Am I going to Hell or will I reach Heaven?
After all this shit I did with my Mac-11
Did I sell my soul? Mama would have saved me
That's the way that daddy raised me
Oh God, help me I'm losing it
So fuck it! Take me I'm doing it!
I need to change and look for a better way
I got a hundred round clip to my AK
Committing sins I might die in vain
So fuck it! We'll live off the street fame
God didn't send me in the right direction
I'm getting hit by a diesel in the intersection
I know you're out there help a young brother
Til then I'ma smoke motherfuckers
Things wouldn't be so bad
If we got the things that we never had, I'm ready for whatever

(Hahahahaha, that's my motherfuckin' nigga there
Big ballin'-ass Syke
Yeah nigga, you schooled them young bustas
On how it is to be a real motherfuckin' G
In the nine-trey motherfuckers is dyin' daily so you best be packin'
If you ain't, boo-yaow motherfucker!)

[2Pac:]
Dear mama I know you worry cause I'm hardly at home
Every other night in jail, got you patient by the phone
Wanna shake it cause I can't take it got me livin' in Hell
Like I'm walkin' with a secret that'll kill me if I tell
I live the Thug Life and can't nobody, change me
Not to the brain, going insane, just a part of the game
So much pain in the fast lane, finally a dry eye
When I die, bury me with my fo'-five
And let the devil feel the wrath of a nigga
Goin' to Hell with my finger on the trigger
Now everybody's starin'
Got a nigga losin' hair and they wonder if I'm all there
Well don't blame me, blame the flame that flickers
When niggas gettin' richer (mo' money)
Now tell me if you wanna live forever
Niggas dyin' so be ready for whatever

(Yeah, ready for whatever
Ready for whatever
Thug Life niggas and we be ready for whatever
Let me go like this, ready for whatever
Huh, Big Syke he be ready for whatever
My nigga Kato, ready for whatever

2Pac Lyrics

"When I Get Free"

[Prison Guard:] Inmate 'Pac, C57797, you got a visitor
Right there, star three

[Girl:] Hi baby

[Prisoner:] What's up honey?

[Girl:] Hey you know it's just only one more week until family visit

[Prisoner:] Yeah I'ma rock them drawers. Yeah but you did you take care of that business I asked you to do?

[Girl:] I made those deposits

[Prisoner:] Okay that's cool you bring that shit?

[Girl:] Yeah I got it

[Prisoner:] Alright see that guard over there?

[Girl:] Mmm-hmm

[Prisoner:] When you get done just hand him the shit, he know whassup

[Girl:] Alright, hey you know E just got cracked, he's in jail now

[Prisoner:] What?

[Girl:] Yeah, Go-Go's out. I just saw him running around the other day

[Prisoner:] Ah, fuck that fool. But anyway, what's happening with my moms?

[Girl:] She gave me a message for you. She said she's sorry she couldn't be here today, but she'll be here next week

[Prisoner:] Alright well check this out, I got something real important I want you to tell her

[Guard:] C'mon c'mon this shit's over with
[Commotion breaks out]

[Guard:] C'mon boy, back to your cell

[Girl:] I'm not done talking to him

[Guard:] Shut that shit up bitch! He's outta here, c'mon

[Prisoner:] Don't be calling my woman no bitch! Nigga I'll fuck you up!

[Guard:] Yeah yeah fool, what?

[Prisoner:] Let me out these chains....with your broke ass sucka

[Guard:] Yeah yeah, that's what they all say fool

[Prisoner:] Yeah what! Let me out then

[Guard:] Institutionalized, and this is your home...

Guess who's back, and ready to knock off a cop or two
Cause me and the crew could still get our rocks off
The penitentiary don't stop a nigga cause he's in jail
Hell I'm makin' more money on the street from here in a cell
I'm livin' proper, the coppers is havin' fits
I just made the profit, you punks ain't stoppin' shit
I still remember my momma told me
Find the cop who killed your brother
Send him to Hell lookin' homely
Cause a real nigga love the law
What's raw is a nigga that's above the law
Keep pressin' your luck and get fucked, huh
Think a nigga don't know whassup 'cause he's locked up
But in the meantime, it's get swole get clean time
Concentrate on gettin' green time
And as the years go by, they forgot
About the small time soldier from the block, huh
To kill the crook they threw the book at me
Don't worry be nappy, don't even look happy
Put me in the hole, gave me cold cuts
Did push-ups until I swole up
And then they offer me a furlough
But what they don't know as soon as I get free I'm killin' five mo'
They asked me if I changed much
I told em 'Yeah' even though I'm still the same nut
They started askin' me questions about my brother
And makin' remarks about my mother, hmm
Wait a minute, hold up
Makin' jokes about my folks'll get yours blown up
They sent me back to the hole for what I told em
I guess he didn't believe me, so I showed him
He went home to find a tragedy
Nigga, that's what you get for tryin' to badger me
And anybody else that wanna sweat me
I'm already in jail so you punks can't get me
You better pray they never see me
Cause if they let me free, prepare for trouble on the streets

When I get free, huh
When I get free, huh
When I get free

When I get free, huh
When I get free, huh
When I get free

When I get free

Yeah, it's gonna be alright
Don't trip, baby *[*inhales*]*
It'll get better... *[*coughing*]*
Aye, do this thug style, man, thug style
When this whole beat drop
We just gon' run it to 'em
Bet, it's all good, uh

I never had much, ran with a bad bunch
Little skinny kid sneakin' weed in my bag lunch
And all through Junior High, we was just gettin' by
And drive-by's robbed my homies of their young lives
I never did cry, and even though I had pain in my heart
I was hopeless from the start
They couldn't tell me nothin', they all tried to help me
The marijuana had my mind gone, it wasn't healthy
I traveled places, caught cases, what a ill year
I felt the pain and the rain, but I'm still here
Never did like the police
Let the whole world know, now I gets no peace
'Cause they chasin' me down
And facin' me now, what do I do?
These things that a thug goes through
And still I rise, so keep your head up
And make your mind strong
It's a struggle every day, but you gotta hold on

Hold on, be strong!
Hold on, be strong!
Hold on, be strong!
When it's on, it's on

There's never a good day, 'cause in my hood they
Let they AK's pump strays where the kids play
And every Halloween, check out the murder scene
Can't help but duplicate the violence seen on the screen
My homies dyin' before they get to see they birthdays
These is the worst days, sometimes it hurts to pray
And even God turned his back on the ghetto youth
I know that ain't the truth, sometimes I look for proof
I wonder if heaven got a ghetto, and if it does
Does it matter if you Blood or you Cuz?
Remember how it was?
The picnics and the parties in the projects
Small time drinkin', gettin' high with them armies
Just another knucklehead kid from the gutter
I'm dealin' with the madness, raised by a single mother
I'm tryin' to tell you when it's on
You gotta keep your head to the sky

And be strong, most of all, hold on

Hold on, be strong!
Hold on, be strong!
Hold on, be strong!
When it's on, it's on

(Hold on, be strong *[*repeats in background*]*)
I know them ain't tears comin' down your face
Wipe your eyes
In this world, only the strong survive, you know?
Hehe, I know it's hard out there
Welfare, AIDS, earthquakes, muggings, car-jackings
Yeah, we got problems
But believe me when I tell you things always get better
God don't like ugly, and God don't like no quitters
You know what Billie Holiday said?
Bay-bee, God bless the child that can hold his own
You know? You got to stand strong
And when these bustas try to knock you out your place
You stand there to they face
Tell 'em "Hold on!", and be strong
The game don't stop, huh
This here is black, man
If you don't never learn nothin', learn one thing
It don't stop, 'til the casket drop
Thug for life... feel me?
All my homeboys and my homegirls, stay strong
When things get bad
Especially come the first and the fifteenth
Stay strong, and stay ballin', hold on
I'll catch y'all at the next life, we in traffic

2Pac Lyrics

"I'm Losin It"

(feat. Big Syke, Spice 1)

Straight out the motherfucking bay
Here we go

[2Pac:]
Lord help me, save me, Mama keep praying
For a young motherfucker trying to duck an early grave
In the city where ya can't tell the snakes from the fakes
Fakes from the phonies, enemies of homies
Around the corner there's another nigga waiting to jack
He don't know I got a glock 'til his ass get shot
Like a motherfucking thug disease
Craving beats like they motherfucking drugs to me, hey
What's up with bitches trying to screw me? Do me cause I did a movie
Throw the pussy to me but before they never knew me
Rather die then let ya play me for a, buster
And with my glock I'm a plotting ass rotten motherfucker, huh
Don't let the movie fool ya, let me school ya
Screaming Thug Life nigga when I do ya
I'm going crazy, getting dizzy
And then I suffocate a motherfucking breather bring me back
I'm telling ya I'm losing it

Said I'm losing my mind
Losing my mind
[4x]

[Big Syke:]
I'm going crazy, niggas can't fade me
On the real I kill when I step to ya fucking grill
So let me kick it let me flip it let me get wicked
I'm not a buster from the hood selling whooped tickets
I hang with G's flipping keys and smoking weed
I get the cash and dash and never learn to read
So fuck a bitch fuck a hoe and I let ya know
Because they come and go like the wind blows
What am I giving how I'm living what I'm giving up
You can take my life and I don't give a fuck
Cause I'm the trouble most coming from the west coast
Where the niggas is banging 'til the overdose
Killers and murderers, psychos and lunatics
Nobody knows what makes my mind click
Is it the demons, screaming inside of me?
Hell no it's just the Thug Life mentality
I'm going crazy shit don't phase me
I'm living like a thug 'til six niggas carry me
Death is on the trigga so pull it
I can't take it no more, nigga, I'm losing it

Said I'm losing my mind

Losing my mind
[4x]

[Spice 1:]
Shit was talking to me, my gat screamed fire
The bullet told me shoot that motherfucker he's a liar
I talked to me 3-80 like a bitch on a stroll
When my niggas try to *[?]*
Nigga, I can't get fucked in this game I'm a psychopath
My AK told me to shove him up some niggas ass
I'm having long conversations with Mr. Millometer
He's one of my best friends bitch ass nigga eater
And Miss Mossburg love it in the back trunk
You know that old school bitch she like to get it funked
And spitting motherfuckers by the seems
My grand daddy Mr. AR-15
By the evil motherfucker
Talked me into taking over a dope turf and shooting cluckers
Said he was my only family
Shoot straight, and please don't jam me
Got in a fight at the club my gat started talking
Told me to shut the fuck up and let him do the talking
I woke up and it was sick to see the guts hang
I'm going nuts man
Shit was talking to me

[Fading:]
Said I'm losing my mind
Losing my mind

2Pac Lyrics

"Fake Ass Bitches"

[Little kid:]
Tell me about these fake ass bitches

Look here little nigga
Most of these niggas be bitches too
But you'll never hear that side of the story
So uh, we finna do this shit like this

It's like I tell my niggas, keep your eyes on these bitches
They love to G a nigga young dumb and gettin' riches
What the fuck you think a trick is nigga
Nigga done stick and wet his dick
And then get tricked out all his riches by a -- BITCH!
I'm here to school you to the rules of the game, it'll cost ya
Think you all that just 'cause she let a nigga toss her
Motherfuckin' privilege
So don't give up your conversation, give that bitch your 7 digits
When she call ya, ask that tramp whassup
And if she hesitate nigga hang up, word up
And let that bitch meditate to the dial tone
And call me when you're ready to bone, and it's on
A motherfuckin' mack tonight
Stay that stay strapped cause my raps is tight
You fuckin' punks, I hate you snitches
Went against the grain and the game to be fake ass bitches

(God, damn! You can't just hit them niggas with that game
And expect them to accept it; girl your heard me it gets scandalous
But we gonna kick this shit like this here)

I can't stand fake ass bitches
Lyin' ass niggas and you punk ass snitches
I can't stand fake ass bitches
Lyin' ass niggas and you punk ass snitches

Time to show these bustas who's boss
Run up on a real motherfucker and get tossed
The game is deep, and thicker than a motherfuckin' jimmy
Broke hoes runnin' round yellin' "Gimme!"
I can't stand it, hoes talkin' bout they got a man
Shit all I wanted her to do is suck my DICK
So how about hittin' a motherfucker on my pager
Busy now bitch but you can give me the pussy later
Fly how I fade her, played her like a game of Sega
Fuckin' with the player that done made her, huh
And I ain't sleepin' caught you creepin' for my money
Got the dick and now you get the pistol honey (bitch)
So get the bozack, knockin' hoes back, keep my dough stacked
So where the motherfuckin' hoes at?
Punk niggas can't fade the mack, livin' fat

Gettin' paid to rap, it's like that, you motherfuckin' bitches

Yeah, yeah that's my motto
She educated a whole bunch of you old raggedy-ass niggas
So y'all take that shit back to y'all camp and uh
You sleep on that there, it's like

I can't stand fake ass bitches
Lyin' ass niggas and you punk ass snitches
I can't stand fake ass bitches
Lyin' ass niggas and you punk ass snitches
I can't stand fake ass bitches
Lyin' ass niggas and you punk ass snitches
I can't stand fake ass bitches
Lyin' ass niggas and you punk ass snitches

Oh you too nigga, don't think we ain't talkin' bout your punk ass
You old fake ass nigga
Standin' there wearin' all them Pendletons and khakis and all that
You soft as a motherfuckin' grape
Ain't this a motherfuckin' bitch
I can see right through your flower ass
Some of these niggas is bitches too, man I tell ya
It's gonna be harder and harder to be a Thug in ninety-fo' (I can't stand fake ass bitches)
But we gonna do this shit
Y'all take this shit and you play this shit for every single
Fake ass bitch out there (I can't stand fake ass bitches)
And there's plenty of 'em
You probably got one sittin' next to you right now (I can't stand fake ass bitches)
Bobbin' his fake ass head to this, dope ass shit that he listenin' to (I can't stand fake ass bitches)

2Pac Lyrics

"Do For Love"

(feat. Eric Williams)

[2pac:]
Turn it up loud
Hahaha, ahahaha, hey man
You a little sucker for love, right?
Word up, hahahahaha

[2pac:]
I shoulda seen
You was trouble right from the start, taught me so many lessons
How not to mess with broken hearts, so many questions
When this began we was the perfect match, perhaps
We had some problems but we workin at it, and now
The arguments are gettin' loud, I wanna stay
But I can't help from walkin' out just throw it away
Just take my hand and understand, if you could see
I never planned to be your man it just wasn't me
But now I'm searchin' for commitment, in other arms
I wanna shelter you from harm, don't be alarmed
Your attitude was the cause, you got me stressin'
Soon as I open up the door with your jealous questions
Like where can I be you're killin' me with your jealousy
Now my ambition's to be free
I can't breathe, cause soon as I leave, it's like a trap
I hear you callin' me to come back, I'm a sucka for love

[Eric Williams:]
What you won't do, do for love
You tried everything, but you don't give up
What you won't do, do for love
You tried everything, but you don't give up

[2pac:]
Just when I thought I broke away and I'm feelin' happy
You try to trap me say you pregnant and guess who the daddy
Don't wanna fall for it, but in this case what could I do? So now I'm back
To makin promises to you, tryin to keep it true
What if I'm wrong, a trick to keep me holdin on
Tryin' to be strong and in the process, keep you goin
I'm bout to lose my composure, I'm gettin' close
To packin' up and leavin' notes, and gettin' ghost
Tell me who knows, a peaceful place where I can go
To clear my head I'm feelin low, losin control
My heart is sayin' leave, oh what a tangle web we weave
When we conspire to conceive, and now
You gettin' calls at the house, guess you cheatin'
That's all I need to hear cause I'm leavin', I'm out the do'
Never no more will you see me, this is the end
Cause now I know you've been cheatin, I'm a sucka for love

[Eric Williams:]
What you won't do, do for love
You tried everything, but you don't give up
What you won't do, do for love
You tried everything, but you don't give up

[2pac:]
Now he left you with scars, tears on your pillow and you still stay
As you sit and pray, hoping the beatings'll go away
It wasn't always a hit and run relationship
It use to be love, happiness and companionship
Remember when I treated you good
I moved you up to the hills, out the ills of the ghetto hood
Me and you a happy home, when it was on
I had a love to call my own
I shoulda seen you was trouble but I was lost, trapped in your eyes
Preoccupied with gettin' tossed, no need to lie
You had a man and I knew it, you told me
Don't worry bout it we can do it now I'm under pressure
Make a decision cause I'm waitin', when I'm alone
I'm on the phone havin' secret conversations, huh
I wanna take your misery, replace it with happiness
But I need your faith in me, I'm a sucka for love

[Eric Williams:]
What you won't do, do for love
You tried everything, but you don't give up
What you won't do, do for love
You tried everything, but you don't give up

What you won't do, do for love
You tried everything, but you don't give up
What you won't do, do for love
You tried everything, but you don't give up
What you won't do, (do for love)
You tried everything, but you don't give up
What you won't do, (do for love)
You tried everything, but you don't give up
Do for love, yeah baby yeah
Do for love

2Pac Lyrics

"Enemies With Me"

(feat. Dramacydal)

[2Pac:]
Young Thugs in this motherfucker
Don't break up the fight, let 'em rumble
Don't make enemies with me
I Try to tell these motherfuckers they ain't see
Don't make enemies with me

[2Pac:]
Some say my criminal experience is legendary
I do what's necessary
Niggas wanna see me buried
Worried, if you comin' hurried
I ain't goin' down, fuck the world I'm a thug
Tell 'em can't nothin' stop me but a slug
I went from drug dealin' to a shot caller
From off the block, no longer rock
And puttin' money in my pocket, nationwide baller
Bitch nigga I'm prepared to die, Before I fry
I hit the weed so I be forever high
My eyes has seen so much in misery, So before I flee
I open fire let the lord pick the first to bleed
Bitches don't wanna see me leave, forever thuggin'
Tell 'em bury me a G on everything I love
And fuck the law cause the raw niggas ain't free
This picture's clear but we can't see, hahaha
This game is jealousy, Don't let 'em change
That's what they keep on tellin' me, motherfuck the fame
I can't sleep cause I keep hearin' peeps
Loaded Mossberg wrapped in my sheets

[2Pac:]
Don't make enemies with me
I try to tell these motherfuckers they ain't see
Don't make enemies with me
You rather fuck with these other little G's
Don't make enemies with me, nigga
I try to tell these motherfuckers they ain't see
Don't make enemies with me
You rather fuck with these other little G's
Don't make enemies with me

[Mutah (K-Dogg):]
The game is gettin' deeper with this I couldn't stop, I'm reminiscin'
And havin' flashbacks when them niggas came up missin'
(Wish in my heart, these niggas they ain't have to start)
(Now therefore they gotta see in dark)
(Played the part with heart when we spark they part)
(Runnin' silly through the court),
They don't really wanna start

(How you wanna do?)
Yo K, anyway
These motherfuckers wanna play we can do it all day
So I stay, sippin' on my array to keep my head fine
(And I'm where, Everywhere from here to bedtime)
Yeah nigga
And I squeeze when I say I'm comin'
Straight gunnin' on enemies if it's really me that they wantin'
(Cause it ain't nothin', y'all niggas is frontin')
Do you really want it? Niggas dyin'...

[2Pac:]
Don't make enemies with me
I try to tell these motherfuckers they ain't see
Don't make enemies with me
You rather fuck with these other little G's
Don't make enemies with me
I try to tell these motherfuckers they ain't see
Don't make enemies with me
You rather fuck with these other little G's
Don't make enemies with me

[Big Mal (Yak):]
Now, we're in '94, Niggas get bust through the do'
[?] in a flash sittin' on that ass
(And rarely fold)
Galitter tell 'em 'bout that trife shit
(You wanna fight?)
(I wanna light shit, you lose your life bitch)
Bee-yatch!
A nigga struggle too hard for what I got
Hustle
(And doubled every fuckin' yard that I cop and stop)
(Hell nah! I couldn't see it)
(Facin' a century in the Penitentiary but so be it)
And Jesus couldn't help me out the state
(Prepare for an early date to see my fate at the pearly gate)
(But wait)
No time for stallin'
(But death is callin')
You wanna stomp on it somebody's gotta start fallin'
(True, what I do from sun up)
Is for a come up
(Wake up with my gun up)
Cause when I sneak that's when they run up
(So it's time to spray like Ray)
(And put the freeze on these fake G's)
You know how we do

[2Pac:]
Don't make enemies with me
I try to tell these motherfuckers they ain't see
Don't make enemies with me
You rather fuck with these other little G's
Don't make enemies with me, nigga
I try to tell these motherfuckers they ain't see

Don't make enemies with me
You rather fuck with these other little G's
Don't make enemies with me

[2Pac:]

2Pac Lyrics

"Nothin But Love"

(feat. Dave The Black Angel)

Straight outta Oakland, California where we spark it on ya
Give a shout out to my partners in the darkest corners
I remember drinkin' Hennessy, smokin' weed
Fantasize about the things we'd grow to be
Had a partner named Snupe, loved to clown a stank
Smoke a pound a day, commenced to down a drank
Shootin' craps in the alley 'til they chased us off
Pour a little for my homies, but don't waste it all
Ooohweee, who popped that coochie best?
On my tattooed chest is where the hoochies rest
Havin' house parties in a crowded spot
And you can tell it's hot, they talk loud a lot
Everybody wanna dance when the slow jam come
Lookin' dumb, cause you waitin' for your chance to hump
Straight grindin', everybody havin' fun
And it's cool, 'til a fool pull a loaded gun
Cause another dude kicked his Bacardi over
He had to act a fool, now the party's over
Gun shots rang like it's thunder
And everybody bum rushin' and I'm rushin' to get a number
Says she got a man but she's lyin'
Why? I seen her talkin' to this other guy and
he's a dealer so you know she gonna sweat him
I ain't trippin', I just hope he get 'em, I got nuttin but love

[Dave (2Pac):]
Ain't got nuttin but love for ya
(I'm down for yours, nuttin but love)
Ain't got nuttin but love for ya
(I'm down for yours, nuttin but love)
Ain't got nuttin but love for ya
(I'm down for yours, nuttin but love)
Ain't got nuttin but love for ya
(I'm down for yours)

I love to go back, to the block I got my game from
And pay respect to the place that I came from
Cause uh, old man still drinkin', his breath still stinkin'
He'd love to tell ya what he's thinkin'
But I can't diss him he's my elder
He been livin' here longer what that tell ya?
And little girls playin' double dutch
Still blush, cause she don't get in trouble much
It's uh, ponytails and barrettes
I gotta make it back home, before the sun decides to set
And little boys playin' stick ball, quick y'all
Get out the street before they hit y'all
And as I reminisce, I think about my ghetto bliss
And wonder how we came to this

I help an old lady across the street, the cost is free
I can't take what she offers me
And this is how the world could be
This is how the world should be
Feels good to be back on the streets
Cause I know they got love for me, nuttin but love

[Dave (2Pac):]
Ain't got nuttin but love for ya
(I'm down for yours, nuttin but love)
Ain't got nuttin but love for ya
(I'm down for yours, nuttin but love)
Ain't got nuttin but love for ya
(I'm down for yours, nuttin but love)
Ain't got nuttin but love for ya
(I'm down for yours)

When I was young I used to want to be a dealer see
Cause the gold and cars they appealed to me
I saw our brothers gettin' rich slangin' crack to folks
And the square's gettin' big for these sack of dope
Started thinkin' bout a plan to get paid myself
So I made myself, raised myself
'Til the dealer on the block told me, "That ain't cool
You ain't meant to slang crack, you a rapper fool"
I got my game about women from a prostitute
And way back used to rap on the block for loot
I tried to make my way legit, haha
But it was hard, cause rhymes don't pay the rent
And uhh, it was funny how I copped out
I couldn't make it in school, so finally I dropped out
My family on welfare
I'm steady thinkin', since don't nobody else care
I'm out here on my own
At least in jail I have a meal and I wouldn't be alone
I'm feelin' like a waste, tears rollin' down my face
Cause my life is filled with hate
Until I looked around me
I saw nuttin but family, straight up down for me
Panthers, Pimps, Pushers and Thugs
Hey yo, that's my family tree, I got nuttin but love

[Dave (2Pac):]
Ain't got nuttin but love for ya
(Yeah, nuttin but love)
Ain't got nuttin but love for ya
(Yeah, nuttin but love)
Ain't got nuttin but love for ya
(Uhm, nuttin but love)
Ain't got nuttin but love for ya, yeah!!
Ain't got nuttin but love for ya
Ain't got nuttin but love for ya
Ain't got nuttin but love for ya
(Nuttin but love)
Ain't got nuttin but love for yam, yeah!!
(Oaktown)

Ain't got nuttin but love for ya
Ain't got nuttin but love for ya
Ain't got nuttin but love for ya

2Pac Lyrics

"16 On Death Row"

Death Row, that's where mothafuckas is endin' up

Dear mama, I'm caught up in this sickness
I robbed my adversaries but slipped and left a witness
Wonder if they'll catch me, or will this nigga snitch?
Should I shoot his bitch or make the nigga rich
Don't wanna commit murder, but damn, they got me trapped
Hawkin' while I'm walkin' and talkin' behind my back
I'm kind of schizophrenic, I'm in this shit to win it
'Cause life's a Wheel of Fortune, here's my chance to spin it
Got no time for cops, who trip and try to catch me
Too fuckin' trigger-happy to let them suckers snatch me
Niggas gettin' jealous, tryin' to find my stash
Whip out the 9, now *[?]* pump your ass
Peter picked a pepper, but I can pick a punk
Snatched him like a bitch and threw him in the trunk
The punk thought I was bluffin', but swear I'm nothin' nice
Before I take your life, first wrestle with these mites
I listened to his screams, until he went insane
I guess the little mites had finally found his brain
New Rovers pull me over, I'm sentenced to the pen
Remember that little bird? He snitched and told a friend
It's trouble on my mind, I'm with the old-timers
And fuck five-0! Blaow, blaow! Turn 'em into forty-niners

Bye bye, I was never meant to live
Can't be positive when the ghetto's where you live
Bye bye, I was never meant to be
Livin' like a thief, runnin' through the streets
Bye bye, and I got no place to go
Where they find me; 16 on Death Row

Dear mama, these cops don't understand me
I turned to a life of crime, 'cause I came from a broken family
My uncle used to touch me, I never told you that
Scared what you might do, I couldn't hold you back
I kept it deep inside, I done let it fuel my anger
I'm down for all my homies, no mercy for a stranger
The brother in my cell is 16 as well
It's hard to adapt when you're black
And you're trapped in a living hell
I shouldn't have let him catch me
Instead of livin' sad in jail I could've died free and happy
And my cellmate's raped on the norm
And passed around the dorm
You can hear his asshole gettin' torn
They made me an animal, can't sleep
Instead of countin' sheep, niggas countin' cannibals
And that's how it is in the pen
Turn old and cold, and your soul is your best friend

My mama, pray for me; tell the Lord to make way for me
Prepare any day for me (Why?)
'Cause when they come for me they find a struggler
To the death I take the breath from your jugular
The trick is to never lose hope
I found my buddy hangin' dead from a rope; 16 on Death Row

Bye bye, I was never meant to live
Can't be positive when the ghetto's where you live
Bye bye, I was never meant to be
Livin' like a thief, runnin' through the streets
Bye bye, and I got no place to go
Where they find me; 16 on Death Row

Dear mama, they sentenced me to death
Today's my final day, I'm countin' every breath
I'm bitter 'cause I'm dying, so much I haven't seen
I know you never dreamed your baby would be dead at 16
I got beef with a sick society
That doesn't give a shit
And they too quick to say goodbye to me
They tell me the preacher's there for me
He's a crook with a book
That mothafucka never cared for me
He's only here to be sure I don't drop a dime to God
About the crimes he's committin' on the poor
And how can these people judge me?
They ain't my peers, and in all these years
They ain't never love me
I never got to be a man, must be part of some big plan
To keep a nigga in the state pen
And to my homies out buryin' mothafuckas
Steer clear of these Aryan mothafuckas
'Cause once they got you locked up
They got you trapped, you're better off gettin' shot up
I'm convinced self-defense is the way
Please, stay strapped, pack a gat every day
I wish I would've known while I was out there
Now I'm straight headin' for the chair

Bye bye, I was never meant to live
Can't be positive when the ghetto's where you live
Bye bye, I was never meant to be
Livin' like a thief, runnin' through the streets
Bye bye, and I got no place to go
Where they find me; 16 on Death Row

16 on Death Row, Death Row
Death Row, Death Row
16 on Death Row, Death Row, Death Row
It's to all my partners
In the penitentiaries; 16 on Death Row

2Pac Lyrics

"I Wonder If Heaven Got A Ghetto (Hip-Hop Version)"

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto

I was raised, the little young nigga doin' bad shit
Talk much shit, 'cause I never had shit
I could remember being whupped in class
And if I didn't pass, Mama whupped my ass
Was it my fault Papa didn't plan it out?
Broke out, left me to be the man of the house
I couldn't take it, had to make a profit
Found a block, got a Glock, and I clock grips
Makin' G's was my mission
Movin' enough of this shit to get my mama out the kitchen
And why must I sock a fella?
Just to live large like Rockefeller?
First you didn't give a fuck, but you're learnin' now
If you don't respect the town then we'll burn you down
Goddamn, it's a motherfuckin' riot
Black people on a rage, police, so don't try it
If you're not from the town then don't pass through
'Cause some O.G. fools might blast you
It ain't right, but it's long overdue
We can't have peace 'til the niggas get a piece too
I want G's so you label me a criminal
And if I die, I wonder if heaven got a ghetto

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto

Here on Earth, tell me what's a black life worth?
A bottle of juice is no excuse, the truth hurts
And even when you take the shit
Move counties, get a lawyer, you can shake the shit
Ask Rodney, LaTasha, and many more
It's been going on for years, there's plenty more
When they ask me, "When will the violence cease?"
When your troops stop shootin' niggas down in the street
Niggas had enough time to make a difference
Bear witness, on our own business
Fuck the guard, 'cause it's hard tryin' to make ends meet
First we couldn't afford shit, now everything's free
so we loot, please don't shoot when you see
I'm takin' from them 'cause for years they would take from me
Now the tables have turned around
You didn't listen, until the niggas burned it down
And now Bush can't stop the hit

Predicted the shit in 2Pacalypse
And for once I was down with niggas
Felt good in the hood being around the niggas
Yeah, and for the first time everybody let go
And the streets is death row, I wonder if heaven got a ghetto

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
(yeah), I wonder if Heaven got a ghetto

I see no changes, all I see is racist faces
Misplaced hate makes disgrace to races
We under, I wonder what it take to make this
One better place, let's erase the wasted
Take the evil out the people, they'll be actin' right
'Cause both black and white are smokin' crack tonight
And only time we deal is when we kill each other
It takes skill to be real, time to heal each other
And though it seems heaven-sent
We ain't ready to have a black President
Huh, it ain't a secret, don't conceal the fact
The penitentiary's packed, and it's filled with blacks
I wake up in the mornin' and I ask myself
Is life worth livin'? Should I blast myself?
I'm tired of being poor and, even worse, I'm black
My stomach hurts, so I'm lookin' for a purse to snatch
Cops give a damn about a negro
Pull the trigger, kill a nigga, he's a hero
Mo' nigga, mo' nigga, mo' niggas
Rather I'd be dead than a po' nigga
Let the Lord judge the criminals
If I die, I wonder if heaven got a ghetto

I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
And I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
(Just think if niggas decide to retaliate)
(soldier in eye's)
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto
I wonder if Heaven got a ghetto

2Pac Lyrics

"When I Get Free II"

[2Pac (2Pac as Trusty):]
Ay Trusty Trusty
(What you want man?)
Aw nigga let me get one of them cigarettes
(Here! Shit!)
Come on bastard, get the phone for a nigga
(Use the phone)
Aw nigga get the phone for me man
(What's the number?)
323-65-45, tell her it's 'Pac

When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me
When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me

I heard a snicker a laugh, I take a look at the evening news
And see a nigga gettin' cuffed by the boys in blue
Is it a, frame up, tryin' to keep me out the game, stuck
These motherfuckers tryin' to dirty up my name, but
I slip as quick as the wind, it's me or them, fuck friends
My foes be on a mission, tryin' to do me in
Fuck 'em I'm out to get out, they all thought
I blow up like a gauge, and in a rage, blow they balls off
Why are you niggas tryin' to test me trick?
And be the first ones to snitch to arrest me bitch
My Main thang with a nigga meal ticket only if you with the real
The nigga will kick it, I'll enforce it with the steel
Use the lessons that I learned in jail
Rule one: fuck a busta he can burn in Hell
Now I'm workin' with connects that I got in the pen
In no time I'll be clockin' again

When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me
When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me

Hey, still sittin' in my cell as I dwell on my past
Tryin' to figure how a nigga turned dreams into cash
Quick, call her collect, ain't no respect on the other side
My cellmate's suicidal cause his mother died

And my C.O. is a lady, and I'm thinkin' maybe
Me and her can hook up a scheme, to be Swayze
Cause she keep on callin' me baby, to a young
Motherfucker facin' eighty that's enough to make you crazy
Now how long will it take, to get a hook
Got her watchin' me liftin' weights, sneakin' looks
I devised a plan, I'm in the trunk while she drives the van
Ain't no disguise I'ma die as a man
If we make it then I'm takin' it to Hell
All them niggas that was frontin' while I sat up in a cell
Locked in jail, I couldn't touch her so I planned, in misery
The nigga you don't wanna see

When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me
When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me
When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me
When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me
When I get free, motherfuckers better watch they ass
Soon as I get released, I'ma clock some cash
Did some time locked down, but I'm back on the street
There'll be trouble when they see me

(When I get free!), believe that shit
Yeah nigga fuck your cigarette, fuck that phone (When I get free!) call motherfucker
I'll be out this motherfucker in a few days
I'll pay these bitches back in spades (When I get free!)
Punk ass bastards, long as my AK flexes
We gonna play these bitches (When I get free!)
That's how we do this shit
Fuck that I'm out, C.O. turn the fuckin' lights out!

(Above the Law, Lench Mob, the Underground Railroad, Digital Underground gets around and we down in this bitch)
(You got to deal with me on a whole new level motherfucker)
Cause I'm gettin' paid
And the more you try to keep niggas away from me
The more I unite with mo' niggas and mo' niggas and mo' niggas

And there's a ghetto in every city and a nigga in every ghetto
Motherfucker we are unstoppable

2Pac Lyrics

"Only Fear Of Death"

Pssst... psssssst... ayo
Are you afraid to die, or do you wanna live forever?
Tell me, which one?

They wanna bury me, I'm worried -- I'm losin' my mind
Look down the barrel of my 9, and my vision's blurry
Fallin' to pieces, am I guilty? I pray to the Lord
But he ignores me, unfortunately, ‘cause I'm guilty
Show me a miracle, I'm hopeless
I'm chokin' off marijuana smoke
With every toke it's like I'm losin' focus
Fallin' to sleep while I'm at service, when will I die?
Forever paranoid and nervous, because I'm high
Don't mention funerals, I'm stressin' and goin' nutty
And reminiscin' 'bout them niggas that murdered my buddy
I wonder: When will I be happy? Ain't nothin' funny
Flashbacks of bustin' caps, anything for money
Where am I goin'? I discovered, can't nothin' save me
My next door neighbor's havin' convo with undercovers
Put a surprise in the mailbox, hope she get it
Happy birthday, bitch, you know you shouldn't have did it
Everybody's dyin', am I next? Who can I trust?
Will they be G's, and they look at me before they bust?
Or will they kill me while I'm sleepin'?
Two to the head while I'm in bed
Leakin' blood on my satin sheets
Is there a heaven for a baller?
I'm gettin' suspicious of this bitch
The line's busy everytime I call her
Now she's tellin' me to visit, who else is home?
I check the house before I bone, so we all alone
After I nut I hit the highway -- see ya later!
To all the players, watch the fly way a nigga played her
The bitch is tellin' all her homies
That I can fuck her like no other
Now them other bitches wanna bone me
I'm under pressure, gettin' drunk, somebody help me
I drink a fifth of Hennessy, I don't think it's healthy
I see my enemies, they creepin', don't make me blast
I watch the 5-0's roll, the motherfuckers pass
By me like they know me, smilin' as they laugh
I put up my middle finger, then I dash
Niggas don't like me, ‘cause I'm thuggin'
And every day I'm a hustler lookin' to get paid
They wanna bury me, I'm worried -- no need to lie
I pray to God I don't scream when it's time to fry
Nowhere to rest, I'm losin' homies -- ain't that a bitch?
When I was rich I had clout, now a nigga's lonely
I put the pistol to my head, and say a prayer
I see visions of me dead, Lord, are you there?

Then tell me, am I lost? ‘Cause I'm lonely
I thought I had friends, but in the end a nigga dies lonely
Nowhere to run, I'm in terror, and no one cares
A closed casket at my funeral and no one's there
Is there a future for a killer? I change my ways
But still that don't promise me the next day
So I stay thuggin' with a passion, forever blastin'
I'm bustin' on these motherfuckers in my madness
They wonder if I'm hellbound
Well, Hell can't be worse than this, ‘cause I'm in Hell now
Don't make me hurt you, I don't want to, but I will
Seen motherfuckers killed over phone bills
Never will I die, I'll be back
Reincarnated as a motherfuckin' MAC
-11, ‘cause in Heaven there's no shortage on G's
I'm tellin' you now: You motherfuckers don't know me

"Only fear of death..." "You ghetto niggas"
"Only fear of death is comin' back reincarnated"
"Only fear of death..." "You ghetto niggas"
"Only fear of death is comin' back reincarnated"
"Only fear of death..." "You ghetto niggas"
"Only fear of death is comin' back reincarnated"
"Only fear of death..." "You ghetto niggas"
"Only fear of death is comin' back reincarnated"
"Only fear of death..." "You ghetto niggas"
"Only fear of death is comin' back reincarnated"
"Only fear of death..." "You ghetto niggas"
"Only fear of death is comin' back reincarnated"
"Only fear of death..." "You ghetto niggas..."
"You ghetto niggas..."
"You ghetto niggas..."
"You ghetto niggas..."
"You ghetto niggas..."
"You ghetto niggas..."
"You ghetto niggas..."
"You ghetto niggas..."

Hahaha, I ain't scared to die
I ain't scared to die
To my homies in Heaven: I ain't scared to die
Do you wanna live forever? Are you scared to die?
Or will you scream when you fry?
I don't fear death
My only fear of death is coming back, reincarnated
This is dedicated to Mental, R.I.P
And Big Kato, R.I.P.
And all you other O.G.'s who go down; I don't fear death

Tupac - Keep Ya Head Up* Lyrics

Little somethin' for my godson Elijah
And a little girl named Corinne

Some say the blacker the berry, the sweeter the juice
I say the darker the flesh then the deeper the roots
I give a holler to my sisters on welfare
Tupac cares, if don't nobody else care

And uhh, I know they like to beat ya down a lot
When you come around the block brothas clown a lot
But please don't cry, dry your eyes, never let up
Forgive but don't forget, girl keep your head up

And when he tells you you ain't nutting don't believe him
And if he can't learn to love you you should leave him
'Cause sista you don't need him
And I ain't trying to gas ya up, I just call em how I see em

You know it makes me unhappy, what's that
When brothas make babies
And leave a young mother to be a pappy
And since we all came from a woman

Got our name from a woman and our game from a woman
I wonder why we take from our women
Why we rape our women, do we hate our women?
I think it's time to kill for our women

Time to heal our women, be real to our women
And if we don't we'll have a race of babies
That will hate the ladies, that make the babies
And since a man can't make one

He has no right to tell a woman when and where to create one
So will the real men get up
I know you're fed up ladies, but keep your head up

Keep ya head up, ooo child things are gonna get easier
Ooo child things are gonna get brighter
Keep ya head up, ooo child things are gonna get easier
Ooo child things are gonna get brighter

Aiyyo, I remember Marvin Gaye, used to sing ta me
He had me feeling like black was tha thing to be
And suddenly tha ghetto didn't seem so tough
And though we had it rough, we always had enough

I huffed and puffed about my curfew and broke the rules
Ran with the local crew, and had a smoke or two
And I realize momma really paid the price
She nearly gave her life, to raise me right

And all I had ta give her was my pipe dream
Of how I'd rock the mic, and make it to tha bright screen
I'm trying to make a dollar out of fifteen cents
It's hard to be legit and still pay tha rent

And in the end it seems I'm headpin for tha pen
I try and find my friends, but they're blowing in the wind
Last night my buddy lost his whole family
It's gonna take the man in me to conquer this insanity

It seems tha rain'll never let up
I try to keep my head up, and still keep from getting wet up
You know it's funny when it rains it pours
They got money for wars, but can't feed the poor

Say there ain't no hope for the youth and the truth is
It ain't no hope for tha future
And then they wonder why we crazy
I blame my mother, for turning my brother into a crack baby

We ain't meant to survive, 'cause it's a setup
And even though you're fed up
Huh, ya got to keep your head up

Keep ya head up, ooo child things are gonna get easier
Ooo child things are gonna get brighter
Keep ya head up, ooo child things are gonna get easier
Ooo child things are gonna get brighter

And uhh, to all the ladies having babies on they own
I know it's kinda rough and you're feeling all alone
Daddy's long gone and he left you by ya lonesome
Thank the Lord for my kids, even if nobody else want em

'Cause I think we can make it, in fact, I'm sure
And if you fall, stand tall and comeback for more
'Cause ain't nutting worse than when your son
Wants to know why his daddy don't love him no mo'

You can't complain you was dealt this
Hell of a hand without a man, feeling helpless
Because there's too many things for you to deal with
Dying inside, but outside you're looking fearless

While tears, is rolling down your cheeks
Ya steady Chopin things don't all down this week
'Cause if it did, you couldn't take it, and don't blame me

I was given this world I didn't make it

And now my son's getten older and older and cold
From having the world on his shoulders
While the rich kids is driving Benz
I'm still trying to hold on to my surviving friends

And it's crazy, it seems it'll never let up, but
Please you got to keep your head up

Tupac - 2 Of Amerikaz Most Wanted Lyrics

Up out of there
Ain't nuttin' but a gangsta party
Pump that up, G
Ahh, shit, you done fucked up now

Ain't nuttin' but a gangsta party
You done put 2 of Americaz most wanted
In the same motherfuckin' place at the same
Ain't nuttin' but a gangsta party, motherfuckin' time, ha, ha, ha

Y'all niggaz about to feel this
Ain't nuttin' but a gangsta party
Break out the champagne glasses and the motherfuckin' condoms
Have one on us, aight? Ain't nuttin' but a gangsta party

Picture perfect, I paint a perfect picture
Bomb the hoochies with precision, my intention's to get richer
With the S N double O P, Dogg, my fuckin' homey
Youse a cold ass nigga on them hogs

Sho' 'nuff, I keep my hand on my gun, 'cuz they got me on the run
Now I'm back in the courtroom waitin' on the outcome
Free Tupac, is all that's on a niggaz mind

But at the same time it seem they tryin' to take mine
So I'ma get smart, and get defensive and shit
And put together a million march, for some gangsta shit

So now they got us laced
Two multimillionaire motherfuckers catchin' cases
Bitches get ready for the throw down, the shit's about to go down
Uh, me and Snoop about to clown

I'm "Losin' My Religion", I'm vicious on these stool pigeons
You might be deep in this game, but you got the rules missin'
Niggaz be actin' like they savage, they out to get the cabbage
I got nuthin' but love for my niggaz livin' lavish

I got a pit named P, she [Unverified]
I got a house out in the hills right next to Chino
And I think I got a black Beamer
But my dream is to own a fly casino

Like Bugsy Seagel, and do it all legal
And get scooped up, by the little homie in the Regal
It feel good to you baby, bubba
Ya see, this is for the G's and the keys, motherfucker

Now follow as we ride
Motherfuck the rest, two of the best from the West side
And I can make you famous
Niggaz been dyin' for years, so how could they blame us?

I live in fear of a felony
I never stop bailin' these, motherfuckin' G's
If ya got it, better flaunt it, another warrant
2 of Amerikaz most wanted

Ain't nuttin' but a gangsta party
Ain't nuttin' but a gangsta party
Nuthin' but a gangsta party
Ain't nuttin' but a gangsta party

Nuthin' but a gangsta party
It ain't nuthin' but a motherfuckin' gangsta partyc
Ain't nuttin' but a gangsta party, nuthin' but a gangsta party
It ain't nuthin' but a motherfuckin' gangsta party
Ain't nuttin' but a gangsta party

Now give me fifty feet
Defeat is not my destiny, release me to the streets
And keep whatever's left of me
Jealousy is misery, sufferin' is grief
Better be prepared when you cowards fuck wit me

I bust and flea, these niggaz must be crazy, what?
There ain't no mercy motherfuckers who can fade the Thugs
(Ha Ha right)
You thought it was but it wasn't, now disappear
Bow down in the presence of a boss player

It's like 'cuz blood, gangbangin'
Everybody in the party doin' dope slangin'
You got to have papers in this world
You might get your first snatch, before your eyes swirl

Ya doin' ya job, every day
And then you work so hard til ya hair turn grey
Let me tell you about life, and 'bout the way it is
You see we live by the gun, so we die by the gun's kids

They tell me not to roll with my glock
So now I gotta throw away
Floatin' in the black Benz, tryin' to do a show a day
They wonder how I live, with five shots
Niggaz is hard to kill, on my block

Schemes for currency and doe related
Affiliated with the hustlers, so we made it

No answers to questions, I'm tryin' to get up on it
My nigga, Dogg with me, eternally, the most wanted

Ain't nuttin' but a gangsta party
Ain't nuttin' but a gangsta party
Nuthin' but a gangsta party
Ain't nuttin' but a gangsta party

Nuthin' but a gangsta party
It ain't nuthin' but a motherfuckin' gangsta party
Ain't nuttin' but a gangsta party, nuthin' but a gangsta party
It ain't nuthin' but a motherfuckin' gangsta party
Ain't nuttin' but a gangsta party

[Verse One:]

Tell me baby are you lonely? Don't wanna rush ya

the day when I would calm down, you ain't heard
I've been known to clown and Get Around, that's my word
See you walkin and you lookin good, yes indeed
Got a body like a sex fiend, you're killin me
witcha attitude to match right, don't be phony
cause I hate when you act like, you don't know me
I've be stressin in the spotlight, I want the fame
but the industry's a lot like, a crap game
Ain't no time for commitment, I gotta go
Can't be wit you every minute miss, another show
And even though I'm known for my one night stand
I wanna be an honest man, but temptations go...

"Heyyyy! Heyy-ayyaahhyy" -- [Erick Sermon] (Redman's "Watch Yo' Nugget")
[sample repeats until second verse]

Throw up the finger!
And all my homies go..
Throw them the finger!
Ya know what baby it's like

[singing]
I know you've been searchin for someone
To make you happy, and get the job done
You say you need it, a man with money
But I can't be there, and will you still care

[Verse Two:]

Will I cheat or will I be committed, heaven knows
Gettin weak and I wanna hit it, so here I go
in my ride and I'm all in, gettin high
I can hear the people callin, I'm passin by
Everybody knows I'm ball-in, and to God
Gotta keep myself from fall-in, but it's hard
All the cuties know I'm under pressure, what do I do
Gettin shaky when she pull the dress up, and say it's cool
Should I stroke or should I wait a while, you decide
If you tell me that you don't want it, that's a lie
Move close and let me whisper, some dirty words
in your ears as I kiss ya, on every curve
Slow down baby don't rush, I like it slow
Can't hold it any longer, so let it go
Open the gates, do you wanna fall up in heaven
Don't worry, I let myself in, all I heard was...

"Heyyyy! Heyy-ayyaahhyy" -- [Erick Sermon] (Redman's "Watch Yo' Nugget")
[sample repeats until third verse]

Give em the finger!
All my homies go..
Throw your fingers up!
That's just the Thug in me girl, you know
Peep out all my homies, y'know, it's like

[singing]
I know you've been searchin for someone
To make you happy, and get the job done
You say you need it, a man with money
But I can't be there, and will you still care

[Verse Three:]

A lot of people think it's easy, to settle down
Got a woman that'll please me, in every town
I don't wanna but I gotta do it, the temptation
got me ready to release the fluid, sensation
sit down and conversate like you know me, take my hand
Cause even Thugs get lonely, understand
Even the hardest of my homies need attention
Catch you blowin up the telephone, reminiscin
I wanna take you to the movies, and the park
Let's find a spot for you to do me, in the dark
Now that it's passion, hold me tight
Don't need lights, I can see you by the moonlight
I know your man ain't lovin you right
You're lonely and depressed you need a Thug in your life
Enough talkin, you want me to leave, I'll get to walkin
See you later, cause baby I'm a player, and all I heard was

"Heyyyy! Heyy-ayyaahhyy" -- [Erick Sermon] (Redman's "Watch Yo' Nugget")

[sample repeats until the end]

Give em the finger
And all my homies go.. yo this how we gonna do this in the nine-trey y'know?
Throw your fingers up
Y'know? They gonna peep this, this how we run game on you

[singing]
Everybody, heyy, alright
Heyy, heyyyeah, heyyyayyy, ohh

[2Pac]
All my niggaz go
Uptown in the
Give em the finger!
Throw your hands up
Give em the finger!

Tupac - God Bless The Dead Lyrics

Rest in peace to my mothafucka biggie smalls
That's right boy, it's goin' on
Right here, thug life
God bless the dead

God bless the dead and buried nigga
Don't worry if you see God first tell him shit got worse
I ain't mad, I know you're representin' the crew
And I can picture you in Heaven with a blunt and a brew

Fuck the world, pain was a part of the game
If you a baller, money went as quick as it came
My role models gone or they locked in the pen
Straight hustlas, caught up in the whirlwind

The other day, I thought I seen my homeboy biggie
Sayin', "Shit don't stop, nigga, no pity"
We all hoods and all we ever had was dreams
Money makin' mothafuckas plot scandalous schemes

In the gutter, you learn to have a criminal mind
I was addicted to tryin', never meant to do time
My epitaph will read was the last of G's
Kicked the shit to make the white man bleed
God bless the dead, that's right

God bless the dead
God bless the dead
God bless the dead

Man, ain't nobody promised me a thang
I been caught up in this game
Ever since I was a little motherfucka wantin' to hang
I can see 'em in my head, pow

Memories of my nigga but he dead now
Lookin' back in my year book all the years took
Half my peers, they're stretched for years
And if I die will they all shed tears

Two to the dome, leave me alone, let me get my head clear
Paranoid got me lookin' in the mirror
Behind me, life without my nine, I'd rather do the time
See I'm old enough to know that ain't no justice

Fuck the police and all the courts same way they fucked us
And why the hell am I locked in jail

They let them white boys free
We be shocked as hell

In my mind I can see it comin'
And all the time it's a plot to keep a nigga runnin'
By keepin' gun and never run unless I'm comin' at ya
Cry later but for now let's enjoy the laughter
God bless the dead, that's right

God bless the dead
God bless the dead

Rest in peace to all the motherfuckas that passed too early
All the young motherfuckas that was took in they prime
Real motherfuckin' Gz, this one is for you
Yo stretch, biggie

Yo big this is to you my nigga
Springfield Hollis crew, thug life, Y G'z
Sendin' they respect, you know I mean?
You my nigga for life, forever
You're always gonna be with a nigga
No matter what, don't forget that

I pray before I go to sleep
Dear God save my place before I start to eat, 'cause times is hard
So I'm covered to my knees, oh why?
Why you had to take my nigga with the rock I buy?

You had to take a good one, a ghetto hood son, Uzi weighin' a ton
Niggas terrified of comin' from the young gun
Hearin' that they did it outta fear don't amaze me
But it's mind blowin', so I'm flowin' goin' crazy

Slip for cock the gun but he didn't run like a punk
He shoulda had the gauze in the trunk
For spunk is what he had, kid, I'd ratha attack big
Now ya 'bout to smell the aftermath of what the Mack did

Wannabe suckers wanna test, I'm tellin' you, yes
The Teflon's bout to rip through your fuckin' vest
Guess who? I'll make a mess of your crew
Quick the spirit biggie smalls and the comin'on clique, yeah

God bless the dead
God bless the dead
God bless the dead
God bless the dead

Tupac - Hail Mary M_* Lyrics

(feat. Kastro, Young Noble, Prince Ital)

[Makaveli]
Makaveli in this... Killuminati, all through your body
The blow's like a twelve gauge shotty
Uh, feel me!
And God said he should send his one begotten son
to lead the wild into the ways of the man
Follow me; eat my flesh, flesh and my flesh

[Chorus (Makaveli):]
Come with me, Hail Mary
Run quick see, what do we have here
Now, do you wanna ride or die
La dadada, la la la la

[Makaveli]
I ain't a killer but don't push me
Revenge is like the sweetest joy next to getting pussy
Picture paragraphs unloaded, wise words being quoted
Peeped the weakness in the rap game and sewed it
Bow down, pray to God hoping that he's listening
Seeing niggas coming for me, to my diamonds, when they glistening
Now pay attention, rest in peace father
I'm a ghost in these killing fields
Hail Mary catch me if I go, let's go deep inside
the solitary mind of a madman who screams in the dark
Evil lurks, enemies, see me flee
Activate my hate, let it break, to the flame
Set trip, empty out my clip, never stop to aim
Some say the game is all corrupted, fucked in this shit
Stuck, niggas is lucky if we bust out this shit, plus
mama told me never stop until I bust a nut
Fuck the world if they can't adjust
It's just as well, Hail Mary

[Chorus 2X]

[Makaveli]
Penitentiaries is packed with promise makers
Never realize the precious time the bitch niggas is wasting
Institutionalized I lived my life a product made to crumble
But too hardened for a smile, we're too crazy to be humble, we balling
Catch me father please, cause I'm falling, in the liquor store
That's the Hennessee I hear ya calling, can I get some more?
Hail 'til I reach Hell, I ain't scared
Mama checking in my bedroom; I ain't there

I got a head with no screws in it, what can I do
One life to live but I got nothing to lose, just me and you
on a one way trip to prison, selling drugs
We all wrapped up in this living, life as Thugs
To my homeboys in Clinton Max, doing they bid
Raise hell to this real shit, and feel this
When they turn out the lights, I'll be down in the dark
Thuggin eternal through my heart, now Hail Mary nigga

[Chorus 2X]

[Kastro]
They got a APB, out on my Thug family
Since the Outlawz run these streets, like these skanless freaks
Our enemies die now, walk around half dead
Head down, K blasted off Hennessee and Thai
Trying it, mixed it, now I'm twisted blisted and high
Visions of me, Thug living getting me by
Forever live, and I multiply survived by Thugs
When I die they won't cry unless they coming with slugs

[Young Noble]
Peep the whole scene and whatever's going on around me
Brain kinda cloudy, smoked out feeling rowdy
Ready to wet the party up, and whoever in that motherfucker
Nasty new street, slugger my heat seeks suckers
on the regular mashing in a stolen black Ac Integ-ra
Cock back, sixty seconds 'til the draw that's when I'm dead in ya
Feet first, you got a nice gat but my heat's worse
From a Thug to preaching church, I gave you love now you eating dirt
Needing work, and I ain't the nigga to put you on
Cause word is bond when I was broke I had to hustle 'til dawn
That's when sun came up, there's only one way up
hold ya head and stay up, to all my niggas get ya pay and weight up

[Kastro]
If it's on then it's on, we break beat-breaks
Outlawz on a paper chase, can you relate
to this shit I don't got, be the shit I gotta take
Dealing with fate, hoping God don't close the gate
If it's on then it's on, we break beat-breaks
Outlawz on a paper chase, can you relate
to this shit I don't got, be the shit I gotta take
Dealing with fate, hoping God don't close the gate

[Chorus (repeats in background)]

[Prince Ital]
We've been traveling on this wayward road
Long time 'til I be take a 'eavy load
But we ride, ride it like a bullet
Hail Mary, Hail Mary

We won't worry everything will come real
Free like the bird in the tree
We won't worry everything will come real
Yes we free like the bird in the tree
We running from the penitentiary
This is the time for we liberty
Hail Mary, Hail Mary

[Chorus]

[Makaveli]
Westside, Outlawz, Makaveli the Don, Solo, Killuminati, The 7 Days

Tupac - Me Against The World* Lyrics

It's just me against the world
It's just me against the world baby
I've got nothing to lose, it's just me against the world
Stuck in the game, me against the world baby

Can you picture my prophecy? Stress in the city, the cops is hot for me
The projects is full of bullets, the bodies is dropping
There ain't no stopping me, constantly moving while making millions
Witnessing killings, leaving dead bodies in abandoned buildings

Carries to children 'cause they're illing
Addicted to killing and the appeal from the cap peeling
Without feeling but will they last or be blasted?
Hard headed bastard, maybe he'll listen in his casket, the aftermath

More bodies being buried, I'm losing my homies in a hurry
They're relocating to the cemetery
Got me worried, stressing, my vision's blurried
The question is will I live? No one in the world loves me

I'm headed for danger, don't trust strangers
Put one in the chamber whenever I'm feeling this anger
Don't wanna make excuses 'cause this is how it is
What's the use unless we're shooting no one notices the youth
It's just me against the world baby

Me against the world, it's just me against the world
It's just me against the world, me against the world
'Cause it's just me against the world baby
Me against the world, I've got nothing to lose
It's just me against the world baby, I've got nothing to lose

Could somebody help me? I'm out here all by myself
See ladies in stores, Baby Capone's, living wealthy
Pictures of my birth on this Earth is what I'm dreaming
Seeing Daddy's semen, full of crooked demons, already crazy

And screaming I guess them nightmares as a child
Had me scared but left me prepared for a while
Is there another route? For a crooked Outlaw
Veteran, a villain, a young thug, who one day shall fall

Everyday there's mo' death and plus I'm dough-less
I'm seeing mo' reasons for me to proceed with thieving
Scheme on the scheming and leave they peeps grieving
'Cause ain't no bucks to stack up, my nuts is backed up

I'm 'bout to act up, go load the Mac up, now watch me klacka
Tried making fat cuts but yo it ain't working
And Evil's lurking, I can see him smirking when I gets to perving
So what? Go put some work in and make my mail, making sales
Risking 25 with a 'L' but, oh well

Me against the world with nothing to lose
It's just me against the world, it's just me against the world baby
Me against the world, I've got nothing to lose
It's just me against the world, it's just me against the world baby
With nothing to lose, it's just me against the world baby
Me against the world, me against the world
I've got nothing to lose, it's just me against the world baby

With all this extra stressing
The question I wonder is after death, after my last breath
When will I finally get to rest? Through this suppression
They punish the people that's asking questions

And those that possess, steal from the ones without possessions
The message I stress to make it stop study your lessons
Don't settle for less even the genius asks questions
Be grateful for blessings, don't ever change, keep your essence

The power is in the people and politics we address
Always do your best, don't let the pressure make you panic
And when you get stranded and things don't go the way you planned it
Dreaming of riches, in a position of making a difference

Politicians and hypocrites, they don't wanna listen
If I'm insane, it's the fame made a brother change
It wasn't nothing like the game
It's just me against the world

Me against the world, nothing to lose
It's just me against the world baby, me against the world
Got me stuck in the game, it's just me against the world
I'd be ashamed to lose, it's just me against the world baby
Me against the world

That's right, I know it seem hard sometimes but uhh
Remember one thing, through every dark night
There's a bright day after that
So no matter how hard it get, stick your chest out
Keep your head up and handle it

Me against the world
Me against the world
Me against the world

Tupac - How Do You Want It? Lyrics

(feat. K-Ci and JoJo)

[Chorus: K-Ci and JoJo]

How do you want it? How does it feel?
Comin up as a nigga in the cash game
livin in the fast lane; I'm for real
How do you want it? How do you feel?
Comin up as a nigga in the cash game
livin in the fast lane; I'm for real

[Verse One: 2Pac]

Love the way you activate your hips and push your ass out
Got a nigga wantin it so bad I'm bout to pass out
Wanna dig you, and I can't even lie about it
Baby just alleviate your clothes, time to fly up out it
Catch you at a club, oh shit you got me fiendin
Body talkin shit to me but I can't comprehend the meaning
Now if you wanna roll with me, then here's your chance
Doin eighty on the freeway, police catch me if you can
Forgive me i'm a rider, still I'm just a simple man
All I want is money, fuck the fame I'm a simple man
Mr. International, playa with the passport
Just like Aladdin bitch, get you anything you ask for
It's either him or me -- champagne, Hennessey
A favorite of my homies when we floss, on our enemies
Witness as we creep to a low speed, peep what a hoe need
Puff some mo' weed, funk, ya don't need
Approachin hoochies with a passion, been a long day
But I've been driven by attraction in a strong way
Your body is bangin baby I love it when you flaunt it
Time to give it to daddy nigga now tell me how you want it
(Tell me how you want it! La-dy, yeahhhyeah)

[Chorus]

[Verse Two: 2Pac]

Tell me is it cool to fuck?
Did you think I come to talk am I a fool or what?
Positions on the floor it's like erotic, ironic
cause I'm somewhat psychotic
I'm hittin switches on bitches like I been fixed with hydraulics
Up and down like a roller coaster, I'm up inside ya
I ain't quittin til the show is over, cause I'ma rider
In and out just like a robbery, I'll probably be a freak

and let you get on top of me, get her rockin these
Nights full of Alize, a livin legend
You ain't heard about these niggaz play these Cali days
Delores Tucker, youse a motherfucker
Instead of tryin to help a nigga you destroy a brother
Worse than the others -- Bill Clinton, Mr. Bob Dole
You're too old to understand the way the game is told
You're lame so I gotta hit you with the hot facts
Want some on lease? I'm makin millions, niggaz top that
They wanna censor me; they'd rather see me in a cell
livin in hell -- only a few of us'll live to tell
Now everybody talkin bout us I could give a fuck
I'd be the first one to bomb and cuss
Nigga tell me how you want it

[Chorus]

[Verse Three: 2Pac]

Raised as a youth, tell the truth I got the scoop
on how to get a bulletproof, because I jumped from the roof
before I was a teenager, mobile phone, SkyPager
Game rules, I'm livin major -- my adversaries
is lookin worried, they paranoid of gettin buried
One of us gon' see the cemetary
My only hope to survive if I wish to stay alive
Gettin high, see the demons in my eyes, before I die
I wanna live my life and ball, make a couple million
And then I'm chillin fade em all, these taxes
got me crossed up and people tryin to sue me
Media is in my business and they actin like they know me
Hahaha, but I'ma mash out, peel out
I'm with it quick I'se quick to whip that fuckin steel out
Yeah nigga it's some new shit so better get up on it
When ya see me tell a nigga how ya want it
How do you want it?

[Chorus 2X]

[2Pac]
How you want it?
Yeah my nigga Johnny J
Yeah, we out

[Chorus]

[2Pac]
Tell me

[Chorus]

[2Pac]

Cash game, livin in the fast lane, I'm for real

Tupac - So Many Tears* Lyrics

I shall not fear no man but God
Though I walk through the valley of death
I shed so many tears (if I should die before I wake)
Please God walk with me (grab a nigga and take me to Heaven)

Back in elementary, I thrived on misery
Left me alone I grew up amongst a dyin breed
Inside my mind couldn't find a place to rest
until I got that Thug Life tatted on my chest
Tell me can you feel me? I'm not livin in the past, you wanna last
Be tha first to blast, remember Kato
No longer with us he's deceased
Call on the sirens, seen him murdered in the streets
Now rest in peace
Is there heaven for a G? Remember me
So many homies in the cemetery, shed so many tears

Ahh, I suffered through the years, and shed so many tears..
Lord, I lost so many peers, and shed so many tears

Now that I'm strugglin in this business, by any means
Label me greedy gettin green, but seldom seen
And fuck the world cause I'm cursed, I'm havin visions
of leavin here in a hearse, God can you feel me?
Take me away from all the pressure, and all the pain
Show me some happiness again, I'm goin blind
I spend my time in this cell, ain't livin well
I know my destiny is Hell, where did I fail?
My life is in denial, and when I die,
baptized in eternal fire I'll shed so many tears

Lord, I suffered through the years, and shed so many tears..
Lord, I lost so many peers, and shed so many tears

Now I'm lost and I'm weary, so many tears
I'm suicidal, so don't stand near me
My every move is a calculated step, to bring me closer
to embrace an early death, now there's nothin left
There was no mercy on the streets, I couldn't rest
I'm barely standin, bout to go to pieces, screamin peace
And though my soul was deleted, I couldn't see it
I had my mind full of demons tryin to break free
They planted seeds and they hatched, sparkin the flame
inside my brain like a match, such a dirty game
No memories, just a misery
Paintin a picture of my enemies killin me, in my sleep
Will I survive til the mo'nin, to see the sun

Please Lord forgive me for my sins, cause here I come...

Lord, I suffered through the years (God) and shed so many tears..
God, I lost so many peers, and shed so many tears

Lord knows I.. tried, been a witness to homicide
Seen drivebys takin lives, little kids die
Wonder why as I walk by
Broken-hearted as I glance at the chalk line, gettin high
This ain't the life for me, I wanna change
But ain't no future right for me, I'm stuck in the game
I'm trapped inside a maze
See this Tanqueray influenced me to gettin crazy
Disillusioned lately, I've been really wantin babies
so I could see a part of me that wasn't always shady
Don't trust my lady, cause she's a product of this poison
I'm hearin noises, think she fuckin all my boys, can't take no more
I'm fallin to the floor; beggin for the Lord to let me in
to Heaven's door -- shed so many tears
(Dear God, please let me in)

Lord, I've lost so many years, and shed so many tears..
I lost so many peers, and shed so many tears
Lord, I suffered through the years, and shed so many tears..
God, I lost so many peers, and shed so many tears

Tupac - Unconditional Love Lyrics

(What y'all want?)
Unconditional Love (no doubt)
Talking bout the stuff that don't wear off
It don't fade
It'll last for all these crazy days
These crazy nights
Whether you wrong or you right
I'm a still love you
Still feel you
Still there for you
No matter what (hehe)
You will always be in my heart
With unconditional love

[Verse One:]

Come listen to my truest thoughts, my truest feelings
All my peers doing years beyond drug dealing
How many caskets can we witness
Before we see it's hard to live
This life without God, so we must ask forgiveness
Ask mama why i got this urge to die
Witness the tears falling free from my eyes
Before she could reply
Though we were born without a silver spoon
My broken down TV, show cartoons in my living room (hey)
One day I hope to make it
A player in this game
Mama don't cry, long as we try
Maybe things change
Perhaps it's just a fantasy
A life where we don't need no welfare
Shit with our whole family
Maybe it's me that caused it
The fighting and the hurting
In my room crying cause I didn't want to be a burden
Watch mama open up her arms to hug me
And I ain't worried bout a damn thang, with unconditional love

[Chorus: 2x]

In this game the lesson's in your eyes to see
Though things change, the future's still inside of me
We must remember that tomorrow comes after the dark
So you will always be in my heart, with unconditional love

[Verse Two:]

Just got the message you've been calling all week
Been out here hustling on these streets, ain't had a chance to speak
But you know, with you and me it's on G
We could never be enemies, cause you been such a good friend to me
Where would I be without my dogs
No wonder why when times get hard
Cause it ain't easy being who we are
Driven by my ambitions, desire higher positions
So I proceed to make Gs, eternally in my mission
Is to be more than just a rap musician
The elevation of today's generation
If could make 'em listen
Prison ain't what we need, no longer stuck in greed
Time to play and strategize, my family's gotta eat
When we make somethin out of nothing
No pleasure in the suffering, neighborhood would be good
If they could cut out all the busting
The liquor and the weed the cussing
Sending love out to my block
The struggle never stops (unconditional love)

[Chorus]

[Verse Three:]

I'll probably never understand ya ways
With everyday I swear I hear ya
Trying to change your ways while gettin paid at the same time
Just had a baby with the same eyes
Something inside, please let me die these are strange times
How come I never made it
Maybe it's the way the played it in my heart
I knew one day I gotta be a star
My hopes and all my wishes
So many vivid pictures, and all the currency
I'll never even get to see
This fast life soon shatters
Cause after all the lights and screams
Nothing but my dreams matter
Hoping for better days
Maybe a peaceful night, baby don't cry
Cause everythang gonna be alright
Just lay your head on my shoulder
Don't worry bout a thang baby
Girl I'm a soldier (huh)
Never treated me bad, no matter who I was
You still came with that, unconditional love

[Chorus 3x until fade]

Tupac - Trapped Lyrics

You know they got me trapped in this prison of seclusion
Happiness, living on tha streets is a delusion
Even a smooth criminal one day must get caught
Shot up or shot down with tha bullet that he bought
Nine millimeter kickin' thinking about what tha streets do
to me

Cause they never talk peace in tha black community
All we know is violence, do tha job in silence
Walk tha city streets like a rat pack of tyrants
Too many brothers daily heading for tha big pen
Niggas comin' out worse often when they went in
Over tha years I done alot of growin' up

Getten drunk thrown' up, cuffed up
Then I said I had enough
There must be another route, way out
To money and fame, I changed my name
And played a different game
Tired of being trapped in this vicious cycle

If one more cop harasses me I just might go psycho
And when I gettem, I'll hittem with tha bum rush
Only a lunatic would like to see his skull crushed
Yo, if your smart you'll really let me go G
But keep me cooped up in this ghetto and catch tha Uzi
They got me trapped

(Trapped uh)
(Uh uh, they can't keep tha black man down)
They got me trapped
(Trapped uh)
(Naw, they can't keep tha black man down)
(Trapped uh)
(Trapped uh)
(Uh uh, they can't keep tha black man down)
You know they got me trapped
(Trapped uh)
(Naw, they can't keep tha black man down)
(Trapped uh)

They got me trapped
Can barely walk tha city streets
Without a cop harassing me, searching me
Then asking my identity
Hands up, throw me up against tha wall
Didn't do a thing at all

I'm tellin' you one day these suckers gotta fall
Cuffed up throw me on tha concrete
Coppers try to kill me
But they didn't know this was tha wrong street
Bang bang, down another casualty
But it's a cop who's shot there's brutality

Who do you blame?
It's a shame because tha man's slain
He got caught in tha chains of his own game
How can I feel guilty after all tha things they did to me
Sweated me, hunted me
Trapped in my own community

One day I'm gonna bust
Blow up on this society
Why did ya lie to me?
I couldn't find a trace of equality
Work me like a slave while they laid back

Homie don't play that
It's time I lett'em suffer tha payback
I'm tryin' to avoid physical contact
I can't hold back, it's time to attack Jack
They got me trapped

(Trapped uh)
(Uh uh, they can't keep tha black man down)
They got me trapped
(Trapped uh)
(Naw, they can't keep tha black man down)
(Trapped uh)
(Trapped uh)
(Uh uh, they can't keep tha black man down)
You know they got me trapped
(Trapped uh)
(Naw, they can't keep tha black man down)
(Trapped uh)

Now I'm trapped and want to find a getaway
All I need is a G and somewhere safe to stay
Can't use tha phone
Cause I'm sure someone is tappin' in
Did it before
Ain't scared to use my gat again

I look back at hind site the fight was irrelevant
But now he's tha devils friend
Too late to be tellin' him
He shot first and I'll be damned if I run away
Homie is done away I should of put my gun away

I wasn't thinkin' all I heard was tha ridicule

Girlies was laughin', Tup sayin "Damn homies is dissin you"
I fired my weapon
Started steppin' in tha hurricane
I got shot so I dropped
Feelin' a burst of pain
Got to my feet

Couldn't see nothin' but bloody blood
Now I'm a fugitive to be hunted like a murderer
Ran through an alley
Still lookin' for my getaway
Coppers said freeze, or you'll be dead today
Trapped in a corner

Dark and I couldn't see tha light
Thoughts in my mind was tha nine and a better life
What do I do?
Live my life in a prison cell
I'd rather die than be trapped in a living hell
They got me trapped

(Trapped uh)
(Uh uh, they can't keep tha black man down)
They got me trapped
(Trapped uh)
(Naw, they can't keep tha black man down)
(Trapped uh)
(Trapped uh)
(Uh uh, they can't keep tha black man down)
You know they got me trapped
(Trapped uh)
(Naw, they can't keep tha black man down)
(Trapped uh)

[incomprehensible]
Let's go man, let's go, get outta here, trapped
[incomprehensible]

Tupac - Life Goes On* Lyrics

[Chorus: repeat 2X]

How many brothas fell victim to tha streetz
Rest in peace young nigga, there's a Heaven for a 'G'
Be a lie, If I told ya that I never thought of death
My niggas, we tha last ones left
But life goes on.....

[Verse One:]

As I bail through tha empty halls
Breath stinkin'
In my jaws
Ring, ring, ring
Quiet y'all
Incoming call
Plus this my homie from high school
He's getting bye
It's time to bury another brotha nobody cry
Life as a baller
Alchol and booty calls
We usta do them as adolecents
Do you recall?
Raised as g's
Loc'ed out and blazed the weed
Get on tha roof
Let's get smoked out
And blaze with me
2 in tha morning
And we still high assed out
Screamin' 'thug till I die'
Before I passed out
But now that your gone
I'm in tha zone
Thinkin'
'I don't wanna die all alone'
But now ya gone
And all I got left are stinkin' memories
I love them niggas to death
I'm drinkin' Hennessy
While tryin' ta make it last
I drank a 5th for that ass
When you passed....
Cause life goes on

[Chorus]

[Verse Two:]

Yeah nigga
I got tha word as hell
Ya blew trial and tha judge gave you
25 with an L
Time to prepare to do fed time
Won't see parole
Imagine life as a convict
That's getten' old
Plus with tha drama
We're lookin out for your babies mama
Taken risks, while keepin' cheap tricks from gettin on her...
Life in tha hood...
Is all good for nobody
Remember gamin' on dumb hoties at chill parties
Me and you
No true a two
While scheming on hits
And gettin tricks
That maybe we can slide into
But now you burried
Rest nigga
Cause I ain't worried
Eyes bluried
Sayin' goodbye at the cemetary
Tho' memories fade
I got your name tated on my arm
So we both ball till' my dying days
Before I say goodbye
Kato and Mental rest in peace
Thug till I die

[Chorus]

[Verse Three:]

Bury me smilin'
With G's in my pocket
Have a party at my funeral
Let every rapper rock it
Let tha hoes that I usta know
From way before
Kiss me from my head to my toe
Give me a paper and a pen
So I can write about my life of sin
A couple bottles of Gin
Incase I don't get in
Tell all my people i'm a Ridah
Nobody cries when we die
We outlaws
Let me ride

Until I get free
I live my life in tha fast lane
Got police chasen me
To my niggas from old blocks
From old crews
Niggas that guided me through
Back in tha old school
Pour out some liquor
Have a toast for tha homies
See we both gotta die
But ya chose to go before me
And brothas miss ya while your gone
You left your nigga on his own
How long we mourn
Life goes on...

[Chorus repeats to end]
[sung overtop repeating chorus]

Life goes on homie
Gone on, cause they passed away

This year nigga, life goes on
We're gonna clock now
Get money
Evade bitches
Evade tricks
Give players plenty space
And basicaly just represent for you baby
Next time you see your niggas
Your gonna be on top nigga
Their gonna be like,
'Goddamn, them niggas came up'
That's right baby
Life goes on....
And we up out this bitch
Hey Kato, Mental
Y'all niggas make sure it's popin' when we get up there
Don't front.

Tupac - Hit 'Em Up* Lyrics

[Tupac]
I ain't got no motherfucking friends
That's why I fucked your bitch
You're fat motherfucker {Take Money}
West Side
Bad Boy Killers {Take Money}
You know who the realist is
niggas we bring it to {Take Money}
(ha ha, that's alright)

First off, fuck your bitch
And the click you claim
West side when we ride
Come equipped with game
You claim to be a player
But I fucked your wife
We bust on Bad Boys
niggas fuck for Life
Plus Puffy tryin' to see me weak
Hearts I rip
Biggie Smalls and Junior Mafia
Some mark ass bitches
We keep on coming
While we running for your jewels
Steady gunning
Keep on busting at them fools
You know the rules
Little Ceasar go ask you homie
How I'll leave you
Cut your young ass up
See you in pieces
Now be deceased
Little Kim,
Don't fuck around with real G's
Quick to snatch your ugly ass, off the streets
So fuck peace
I'll let them niggas know
It's on for Life
Don't let the west side
Ride the night (ha ha)
Bad Boys murdered on Wax and kill
fuck with me
And get your caps peeled
You know, see

[Chorus:]
Grab your glocks when you see 2pac

Call the cops when you see 2pac, uh
Who shot me,
But your punks didn't finish
Now you 'bout to feel the wrath of a menace
nigga, I hit 'em up

Check this out
You motherfuckers know what time it is
I don't know why I'm even on this track
You all niggas ain't even on my level
I'm going to let my little homies
Ride on you
bitch made ass Bad Boys bitches
{ah yo, yo, hold the fuck up}

Get out the way yo
Get out the way yo
Biggie Smalls just got dropped
Little move pass the mac
And let me hit 'em in his back
Frank White needs to get spanked right
For setting up traps
Little accident murderers
And I ain't never heard of you
Poise less gats attack when I'm serving you
Spank the shank
Your whole style when I gank
Guard your rank
'cause I'm a slam your ass in a pang
Puffy weaker than a fuckin' block
I'm running through nigga
And I'm smoking Junior Mafia
In front of you nigga
With the ready power
Tucked in my Guess
Under my Eddie Bauer
Your clout petty sour
I push packages ever hour
I hit 'em up

[Chorus]

Peep how we do it
Keep it real
Its penitentiary steel
This ain't no freestyle battle
All you niggas getting killed
With your mouths open
Tryin' to come up off of me
You and the clouds hoping
Smoking dope
It's like a Sherm high

niggas think they learned to fly
But they burn motherfucker you deserve to die
Talking about you Getting Money
But it's funny to me
All you niggas living bummy
While you fucking with me?
I'm a self made Millionaire
Thug livin', out of prison
Pistols in the Air {Air} (Ha Ha)
Biggie remember when I use to let you sleep on the couch
And beg the bitch to let you sleep in the house
Now it's all about Versace
You copied my style
Five shots couldn't drop me
I took it and smiled
Now I'm back to set the record straight
With my A-K
I'm still the thug that you love to hate
Mother-fucker I'll Hit 'Em Up

I'm from N E W Jers.
Where plenty of murder occurs
No points to come
We bring drama to all you herds
Now go check the scenario
Little Ceas'
I'll bring you fake G's to your knees
Coppin' please with these scenario
Little Kim is you
Coked up or doped up
Get your little Junior Whopper click smoked up
What the fuck?
Is you stupid?
I take money,
crash and mash through Brooklyn
With my click looting, shooting, and polluting your block
With fifteen shot,
Cocked glock to your knot
Outlaw Mafia click moving up another notch
And your Pop stars popped and get dropped and mopped
And all your fake ass east coast props
Brainstormed and locked

You're a beat biter
Pac style taker
I'll tell you to face, you ain't nothing shit but a faker
So fill the Alize with a chaser
'bout to get murdered for the paper
E.d.i I mean post the scene of the caper
Like a loc, with little Ceas' in a choke (uh)
Toting smoke, we ain't no motherfuckin' joke
Thug Life, niggas better be known

Be approaching
In the wide open, gun smoking
No need for hoping
It's a battle lost
I gottem crossed as soon as the funk is bopping off
nigga, I hit 'em up

Now you tell me who won
I see them, they run (ha ha)
They don't wanna see us
Whole Junior Mafia click
Dressing up trying to be us
How the fuck they gonna be the Mob?
When we always on out job
We millionaire's
Killing ain't fair
But somebody got to do it

Oh yah Mobb Deep (uh)
You wanna fuck with us
You Little young ass motherfuckers
Don't one of you niggas got sickle-cell or something
You're fucking with me, nigga?
You fuck around and catch a seizure or a heart-attack
You better back the fuck up
Before you get smacked the fuck up
This is how we do it on our side
Any of you niggas from New York that want to bring it,
Bring it.
But we ain't singing,
We bringing drama
fuck you and your mother fucking mama.
We're gonna kill all you mother fuckers.
Now when I came out, I told you it was just about biggie.
Then everybody had to open their mouth with a mother fucking opinion
Well this is how we gonna' do this:
fuck Mobb Deep,
fuck Biggie,
fuck Bad Boy as a staff, record label, and as a mother fucking crew.
And if you want to be down with Bad Boy,
Then fuck you too.
Chino XL, fuck you too.
All you mother fuckers,
fuck you too.
(take money, take money)
All of y'all mother fuckers,
fuck you, die slow motherfucker.
My four four (.44 magnum) make sure all your kids don't grow.
You motherfuckers can't be us or see us.
We mother fuckin' Thug Life riders.
West Side till' we die.
Out here in California, nigga

We warned ya'
We'll bomb on you mother fuckers.
We do our job.
You think you the mob, nigga, we the motherfuckin' mob
Ain't nothing but killers
And the real niggas, all you motherfuckers feel us.
Our shit goes triple and four quadruple
You niggas laugh 'cause our staff got guns under they motherfuckin' belts
You know how it is and we drop records they felt
You niggas can't feel it
We the realist
fuck 'em.
We Bad Boy killers.

Tupac - Troublesome 96' Lyrics

Troublesome,
Nineteen muthafuckin' 96'
West side, let it be known, nigga
Boss of all bosses, Makaveli

Menacin' methods label me a lethal weapon
Making niggas die, witnessin' breathless imperfections
Can you picture my specific plan to be the man in this wicked land
Under handed hits are planned, scams are plotted over grams of rock
Undercover agents die by the random shots, we all die in the end

So revenge, I swore, I was all about my ends, fuck friends and foes
Me, a born leader, never leave the block without my, my heata
Got me a dog, named him Mobb Bitch Nigga Eata
What could they do to me that little brat? Shit them, niggas

That shot me and still terrified I'll get their ass, how can I show you
How I feel inside? We outlawz motherfuckas, can't kill my pride
Niggas, talk a lot of shit but that's after I'm gone 'cause they fear me
In physical form, let it be known, I'm troublesome

All ya niggas die, put it down to the fullest
Spittin' rhymes and bullets, troublesome, I know what time it is
Call the punk police please, they cant stop us niggas run the streets

Troublesome, gutter ways my mentality is ghetto
We're guerrillas in this criminal war, we all rebels
Death before dishonor bet on bomb on them first niggas
We came for murder, pullin' up in a hearse
Westside was the war cry bustin' all freely screaming fuck

All y'all niggas in Swahili, pistol packin' fresh out of jail
I ain't goin' back, release me to care of my heartless strap
Say my name three times like candy man, bet I roll on your ass
Like an avalanche, a soul survivor, learned to get high
And pull drive bys, murder my foes, can't control my nine

Hearin' thoughts of my enemies pleadin' please
Busta ass motherfuckas tried to flee, picture me lettin'
This chump survive, redin' up on his ass when I'm doped
He die, 'cause I'm troublesome

All ya niggas, die young, strapped and I don't give a fuck
I'm hopeless, I live a thug life loosin' my focus, baby
I'm troublesome, bad boy killa, there is no one realla
What you saw was the rough, rugged and raw, outlaw

Murder, murder my mind states shit ain't change
Since my last rhyme, the crime rate ain't decline
Niggas bustin' shots like they lost their mind
Like twenty-five to life never crossed their mind
Tell me young nigga never learned a thang

Dead at thirteen 'cause he yearned to bang
Sent a lot of flowers but how can I cry
Tried to warn the little nigga, either stop or die
Mercy is for the weak when I speak, I scream
Afraid to sleep I'm havin' crazy dreams

Vivid pictures of my enemies and family times
God to forgive me 'cause it's wrong but I plan to die
You can take me to heaven and understand I was a G
Did the best I could, raised in insanity or send me to hell
'Cause I ain't beggin' for my life, ain't nothing worse
Than this cursed ass hopeless life, I'm troublesome

All ya niggas die in your wildest dreams
You couldn't picture a nigga like me, I'm troublesome

Tupac - Brenda's Got A Baby Lyrics

Brenda's got a baby
Brenda's got a baby

I hear Brenda's got a baby well, Brenda's barely got a brain
A damn shame the girl can hardly spell her name
That's not our problem, that's up to Brenda's family
Well let me show you how it affects the whole community
Now Brenda never really knew her moms and her dad was a junky
Went in debt to his arms, it's sad 'cause I bet Brenda doesn't even know
Just 'cause your in the ghetto doesn't mean you can't grow
But oh, that's a thought, my own revelation

Do whatever it takes to resist the temptation
Brenda got herself a boyfriend, her boyfriend was her cousin
Now let's watch the joy end she tried to hide her pregnancy
From her family who really didn't care to see
Or give a damn if she went out and had a church of kids
As long as when the check came they got first dibs
Now Brenda's belly is gettin' bigger but no one seems to notice
Any change in her figure she's 12 years old and she's having a baby

In love with the molester, who's sexing her crazy and yet she thinks
That he'll be with her forever and dreams of a world when the two of them
We're together, whatever, he left her and she had the baby solo
She had it on the bathroom floor and didn't know so
She didn't know, what to throw away and what to keep
She wrapped the baby up and threw him in the trash heep
I guess she thought she'd get away wouldn't hear the cries
She didn't realize how much the little baby had her eyes

Now the baby's in the trash heep balling, momma can't help her
But it hurts to hear her calling Brenda wants to run away
Momma say, you makin' me lose pay, the social workers here everyday
Now Brenda's gotta make her own way can't go to her family
They won't let her stay, no money no babysitter, she couldn't keep a job
She tried to sell crack, but end up getting robbed, so now what's next
There ain't nothin'', left to sell, so she sees sex as a way of leavin' hell
It's payin' the rent, so she really can't complain, prostitute found slain
And Brenda's her name, she's got a baby

Don't you know she's got
Don't you know she's got
Don't you know she's got a baby
Don't you know she's got
Don't you know she's got
Don't you know she's got a baby

Don't you know she's got
Don't you know she's got
Don't you know she's got a baby
Don't you know she's got
Don't you know she's got
Don't you know she's got a baby

Don't you know she's got
Don't you know she's got
Don't you know she's got a baby
Don't you know she's got
Don't you know she's got
Don't you know she's got a baby

Tupac - I Ain't Mad At Cha* Lyrics

Change, shit
I guess change is good for any of us
Whatever it take for any of ya'll niggaz to get up out the hood
Shit, I'm wit cha, I ain't mad at cha
Got nuttin' but love for ya, do your thing boy

Yeah, all the homies that I ain't talk to in a while
I'ma send this one out for ya'll, knahmean?
'Cause I ain't mad at cha
Heard y'all tearin' up shit out there, kickin' up dust
Givin' a motherfucker,
Yeah, niggaz 'cause I ain't mad at cha

Now we was once two niggaz of the same kind
Quick to holla at a hoochie with the same line
You was just a little smaller but you still roll
Got stretched to Y.A. and hit the hood swoll

Member when you had a jheri curl didn't quite learn
On the block, witcha glock, trippin' off sherm
Collect calls to the till, sayin' how ya changed
Oh, you a Muslim now, no more dope game

Heard you might be comin' home, just got bail
Wanna go to the mosque, don't wanna chase tail
I seems I lost my little homie he's a changed man
Hit the pen and now no sinnin' is the game plan

When I talk about money all you see is the struggle
When I tell you I'm livin' large you tell me it's trouble
Congratulation on the weddin', I hope your wife know
She got a playa for life, and that's no bullshitin'

I know we grew apart, you probably don't remember
I used to fiend for your sister, but never went up in her
And I can see us after school, we'd bomb
On the first motherfucker with the wrong shit on

Now the whole shit's changed, and we don't even kick it
Got a big money scheme and you ain't even with it
Knew in my heart you was the same motherfucker bad
Go toe to toe when it's time for roll you got a brother's back

And I can't even trip, â€~cause I'm just laughin' at cha
You tryin hard to maintain, then go head
'Cause I ain't mad at cha
I ain't mad at cha

I ain't, mad, at cha
(I ain't mad at cha)
I ain't, mad, at cha

We used to be like distant cousins, fightin', playin' dozens
Whole neighborhood buzzin', knowin' that we wasn't
Used to catch us on the roof or behind the stairs
I'm gettin' blitzed and I reminisce on all the times we shared

Besides bumpin' n grindin' wasn't nothin' on our mind
In time we learned to live a life of crime
Rewind us back, to a time was much too young to know
I caught a felony lovin' the way the guns blow

And even though we separated, you said that you'd wait
Don't give nobody no coochie while I be locked up state
I kiss my mama goodbye, and wipe the tears from her lonely eyes
Said I'll return but I gotta fight the fate's arrived

Don't shed a tear, 'cause mama I ain't happy here
I'm through trial, no more smiles, for a couple years
They got me goin' mad, I'm knockin' busters on they backs
In my cell, thinkin', "Hell, I know one day I'll be back"

As soon as I touch down
I told my girl I'll be there, so prepare, to get fucked down
The homies wanna kick it, but I'm just laughin' at cha
'Cause youse a down ass bitch, and I ain't mad at cha

I ain't, mad, at cha
(I ain't mad at cha)
I ain't, mad, at cha
(A true down ass bitch, and I ain't mad at cha)

Well, guess who's movin' up, this nigga's ballin' now
Bitches be callin' to get it, hookers keep fallin' down
He went from nuttin' to lots, ten carats to rock
Went from a nobody nigga to the big, man on the block

He's Mister local celebrity, addicted to move a key
Most hated by enemy, escape in the luxury
See, first you was our nigga but you made it, so the choice is made
Now we gotta slay you why you faded, in the younger days

So full of pain while the weapons blaze
Gettin' so high off that bomb hopin' we make it, to the better days
'Cause crime pays, and in time, you'll find a rhyme'll blaze
You'll feel the fire from the niggaz in my younger days

So many changed on me, so many tried to plot
That I keep a glock beside my head, when will it stop?

'Til God return me to my essence
'Cause even as a adolescents, I refuse to be a convalescent

So many questions, and they ask me if I'm still down
I moved up out of the ghetto, so I ain't real now?
They got so much to say, but I'm just laughin' at cha
You niggaz just don't know, but I ain't mad at cha

I ain't, mad at cha
(And I ain't mad at cha)
I ain't mad at cha
(Hell nah, I ain't mad at cha)
I ain't, mad at cha
(And I ain't mad at cha)
I ain't, mad at cha
(I ain't mad at cha)
I ain't, mad at cha, no
I ain't mad at cha

Tupac - I Get Around* Lyrics

Aw yeah, I get around
Still clown with the underground
When we come around
Stronger than ever

Back to get wreck, all respect to those who break
Their neck to keep their hoes in check
'Cause oh they sweat a brother majorly
And I don't know why, your girl keeps paging me
She tell me that she needs me, cries when she leaves me
And every time she sees me, she squeeze me, lady take it easy
Hate to sound sleazy, but tease me, I don't want it if it's that easy
Aiyo bust it, baby got a problem saying bye bye
Just another hazard of a fly guy

You ask why, don't matter, my pockets got fatter
Now everybody's looking for the latter
And ain't no need in being greedy
If you wanna see me dial the beeper number
Baby when you need me and I'll be there in a jiffy
Don't be picky, just be happy with this quickie
But when you learn, you can't tie me down
Baby doll, check it out, I get around

What you mean you don't know? [Incomprehensible] I get around
The underground just don't stop for hoes, I get around
Still down with the underground, [Incomprehensible], I get around
Yeah, ayo shock, let them hoes know

Now you can tell from my ever day fits, I ain't rich
So cease and desist with them tricks
I'm just another black man caught up in the mix
Trying to make a dollar out of fifteen cents
Just 'cause I'm a freak don't mean that we could hit the sheets
Baby I can see, that you don't recognize me
I'm Shock G, the one who put the satin on your panties
Never knew a hooker that could share me, I get [Incomprehensible]

What's up love, how you doing?
Well I've been hanging, sanging, trying to do my thang
Oh, you heard that I was banging
Your home girl you went to school with, that's cool
But did she tell you about her sister and your cousin?
Thought I wasn't, see, weekends were made for Michelob
But it's a Monday, my day, so just let me hit it, yo
And don't mistake my statement for a clown
We can keep in the down low long as you know, that I get around

Tupacalypse now don't stop for hoes, I get around
And round they go

Why I ain't call you? Ha ha, please
Finger tips on the hips as I dip
Gotta get a tight grip, don't slip
Loose lips sink ships, it's a trip
I love the way she licks her lips, see me jocking
Put a little twist in her hips 'cause I'm watching
Conversations on the phone 'til the break of dawn
Now we all alone, why the lights on?
Turn 'em off, time to set it off, get you wet and soft
Something's on your mind, let it off

You don't know me, you just met me, you won't let me
Well if I couldn't have it, why you sweating me?
It's a lot of real Gs doing time
'Cause a groupy bit the truth and told a lie
You picked the wrong guy baby, if you're too fly
You need to hit the door, search for a new guy
'Cause I only got one night in town
Break out or be clown, baby doll are you down? I get around

Round and round, round we go
Round and round, round we go
Round and round, round we go
Round and round, round we go
Round and round, round we go
Round and round, round we go
Round and round, round we go
Round and round, we go

Tupac - Changes Lyrics

Come on, come on
I see no changes, wake up in the morning and I ask myself
Is life worth living, should I blast myself?
I'm tired of bein' poor and even worse I'm black
My stomach hurts, so I'm lookin' for a purse to snatch

Cops give a damn about a negro
Pull the trigger, kill a nigga, he's a hero
Give the crack to the kids who the hell cares
One less hungry mouth on the welfare

First ship 'em dope and let 'em deal the brothers
Give 'em guns, step back, watch 'em kill each other
It's time to fight back that's what Huey said
Two shots in the dark, now Huey's dead

I got love for my brother but we can never go nowhere
Unless we share with each other
We gotta start makin' changes
Learn to see me as a brother instead of two distant strangers

And that's how it's supposed to be
How can the devil take a brother, if he's close to me?
I'd love to go back to when we played as kids
But things changed, that's the way it is

Come on, come on, that's just the way it is
Things will never be the same, that's just the way it is
Aww, yeah

Come on, come on, that's just the way it is
Things will never be the same, that's just the way it is
Aww, yeah

I see no changes, all I see is racist faces
Misplaced hate makes disgrace to races
We under, I wonder what it takes to make this
One better place, let's erase the wasted

Take the evil out the people they'll be acting right
'Cause mo' black and white is smokin' crack tonight
And only time we chill is when we kill each other
It takes skill to be real, time to heal each other

And although it seems heaven sent
We ain't ready, to see a black President
It ain't a secret don't conceal the fact

The penitentiary's packed, and it's filled with blacks

But some things will never change
Try to show another way but you stayin' in the dope game
Now tell me, what's a mother to do?
Bein' real don't appeal to the brother in you

You gotta operate the easy way
I made a G today, but you made it in a sleazy way
Sellin' crack to the kid, I gotta get paid
Well hey, well, that's the way it is

Come on, come on, that's just the way it is
Things will never be the same, that's just the way it is
Aww, yeah

Come on, come on, that's just the way it is
Things will never be the same, that's just the way it is
Aww, yeah

We gotta make a change
It's time for us as a people to start makin' some changes
Let's change the way we eat, let's change the way we live
And let's change the way we treat each other
You see, the old way wasn't working so it's on us to do
What we gotta do, to survivem

And still I see no changes, can't a brother get a little peace?
There's war in the streets and war in the Middle East
Instead of war on poverty, they got a war on drugs
So the police can bother me

And I ain't never did a crime, I ain't have to do
But now, I'm back with the facts givin' 'em back to you
Don't let 'em jack you up, back you up
Crack you up and pimps smack you up

You gotta learn to hold ya own
They get jealous when they see ya, with ya mobile phone
But tell the cops, they can't touch this
I don't trust this, when they try to rush I bust this

That's the sound of my tool, you say it ain't cool?
My mama didn't raise no fool
And as long as I stay black, I gotta stay strapped
And I never get to lay back

'Cause I always got to worry 'bout the pay backs
Some buck that I roughed up way back
Comin' back after all these years
Rat-a-tat, tat, tat, tat, that's the way it is

That's just the way it is
Things will never be the same, that's just the way it is
Aww, yeah

That's just the way it is
Things will never be the same, that's just the way it is
Aww, yeah

Some things will never change

Tupac - California Love Lyrics

California love

California knows how to party
California knows how to party
In the city of
In the city of good old Watts
In the city, the city of
We keep it rocking
We keep it rocking

Now let me welcome everybody to the wild, wild west
A state that's untouchable like Eliot Ness
The track hits your eardrum like a slug to your chest
Pack a vest for your jimmy in the city of sex
We in that sunshine state with a bomb-ass hemp beat
The state where you never find a dancefloor empty
And pimps be on a mission for them greens
Lean, mean, money-making machines serving fiends
I been in the game for ten years making rap tunes
Ever since honeys was wearing Sassoon
Now it's '95 and they clock me and watch me
Diamonds shining; looking like I robbed Liberace
It's all good from to the Bay
Your city is the bomb if your city making pay
Throw up a finger if you feel the same way
Dre putting it down for California

California (California) knows how to party (knows how to party)
California (West Coast) knows how to party (yes they do)
In the city of LA (city of LA)
In the city of good old Watts (good old Watts)
In the city, the city of Compton (city of Compton, yeah)
We keep it rocking (keep it rocking)
We keep it rocking

Shake it, shake it, baby
Shake it, shake it
Shake it, baby
Shake it, shake it, mama
Shake it, Cali (shake it, Cali)
Shake it, shake it, baby (that's right...)
Shake it, shake it, baby, baby
Shake it, shake it, mama
Shake it, Cali

Out on bail, fresh out of jail, California dreaming
Soon as I stepped on the scene I'm hearing hoochies screamin'

Fiending for money and alcohol
The life of a Westside player, where cowards die
And it's all war
Only in Cali where we riot, not rally to live and die
In LA we wearing Chucks, not Ballys (that's right...)
Dressed in locs and khaki suits and ride is what we do
Flossing but have caution; we collide with other crews
Famous 'cause we programme worldwide
Let them recognize from to Rosecrans
Bumping and grinding like a slow jam, it's Westside
So you know won't bow down to no man
Say what you say
But give me that bomb beat from Dre
Let me serenade the streets of LA
From to
The Bay Area and back down
Cali is where they put they mack down
Give me love

California knows how to party
California knows how to party
In the city of LA (South Central)
In the city of good old Watts (that's right)
In the city, the city of Compton
We keep it rocking
We keep it rocking

(Yeah, yeah, now make it shake)
Shake it, shake it, baby
Shake it, shake it, shake it, baby
Shake it, shake it, mama
Shake it, Cali (shake it, Cali)
Shake it, shake it, baby (shake it, Cali)
Shake it, shake it, shake it, shake it, mama (West Coast)
Shake it Cali...

...Yeah... Long Beach in the house... yeah. Oaktown; Oakland definitely in the house..., 'Frisco

Hey, you know LA up in this, where you at? Yeah, Inglewood, Inglewood always up to no good

Even trying to get a piece, baby

Sacramento, Sacramento, where you at? Yeah

Throw it up, y'all, throw it up, throw it up, I can't see you

Tupac - Picture Me Rollin' Lyrics

Yeah, clear enough for ya? Yeah
Why niggaz look mad?
Y'all supposed to be happy I'm free
Y'all niggaz look like y'all wanted me to stay in jail, hoe bustaz

Picture me rollin' in my 500 Benz
I got no love for these niggaz, there's no need to be friends
They got me under surveillance, that's what somebody be tellin'
Know there's dope bein sold, but I ain't the one sellin'

Don't want to be another number
I got a fuckin' gang of weed to keep from goin' under
The federales wanna see me dead, niggaz put prices on my head
Now I got two Rottwillers by me bed, I feed 'em lead

Now I'm released, how will I live? Will God forgive me
For all the dirt a nigga did, to feed kids?
One life to live, it's so hard to be positive
When niggaz shootin' at your crib

Mama, I'm still thuggin', the world is a war zone
My homies is inmates, and most of them dead wrong
Full grown, finally a man, just scheamin' on ways
To put some green inside the palms of my empty hands

Just picture me rollin'
Flossin' a Benz on rims that isn't stolen
My dreams is censored, my hopes are gone
I'm like a fiend that finally sees when all the dope is gone
My nerves is wrecked, heart beatin' and my hands is swollen
Thinkin' of the G's I'll be holdin', picture me rollin'

Can you see me now?
Move to the side a little bit so you can get a clear picture
Can you see it? Pictue me rollin'
Yeah nigga, ay but peep how my nigga Syke do it to you
Guess who's back?

I got ki's, comin' from overseas
Cost a nigga two hundred G's
I'm a street comando, Nino for example
This lavish lifestyle is hard to handle

So I got to floss 'cause I'm more like a boss playa
Thug, branded to be a women layer
So many playa haters, imitaters steady swangin'
Make me wanna start back bangin'

So I'm caught up in the game, dress code changed
Packin' forty glocks, contain 'em or rearrange
All that jealousy and envy comin' from my enemies
While I'm sippin' on Re-mi

In front of black Lexus, Chevy's on the roam
Ninety-six big body, sittin' on chrome
As we head up out the zone, stone-facin' is on
You can admire, but don't look too long
I'm livin' a dream with triple beams and my pockets bulgin'
It's hard to imagine, picture me rollin'

Picture, picture me, picture me rollin'
Rollin', picture me rollin'
Wheelin', picture me rollin' in
Picture me, yeah yeah

I gots to get the fuck up in it, formulate a caper
'Cause a nigga straight sufferin' from lack of havin' paper
My bitch fin' to have a bastard, see?
So I needs to hit a lick, drastically
I see some baldin'-ass niggaz and they slippin' in my spot
And, uh, diggin' the plots, checkin' in the park, 'Pac

We caught 'em sleepin', he didn't peep you niggaz creepin?
This how we do it every weekend
I dump for madness, it's time to count the profit
CPO, we got the bomb spot, nigga time to clock it
I get the liquor, and you could get the females
This crooked shit that we inflictin' gettin' street sales

Move smooth as a motherfucker, me and my nine
Now, I'm as cool as a motherfucker, I'ma get mine
Now we satisfied, got the pockets on swollen
Boss Hog and this 'Pac nigga, picture us rollin'

Rollin'
Picture me rollin'
Picture me, picture me rollin'

Is y'all ready for me? Picture me rollin' roll call
You know there's some muh'fuckers out there I just could not forget about
I wanna make sure they can see me
Number one on my list, Clinton Correctional Facilities

All you bitch ass C.O.'s
Can you niggaz see me from there?
Ballin' on y'all punk ass
Picture me rollin', baby

Yeah, all them niggaz up in them cell blocks

I told y'all niggaz when I come home it's on
That's right nigga, picture me rollin'
Oh, I forgot, the D.A.

Yeah, that bitch had a lot to talk about in court
Can the hoe see me from here?
Can you see me, hoe?
Picture me rollin'

And all you punk police, can you see me?
Am I clear to you?
Picture me rollin' nigga, legit
Free like O.J. all day

You can't stop me
You know I got my niggaz up in this motherfucker
Manute, Pain, Syke, [Incomprehensible], Mopreme
[Incomprehensible]
Can you picture us rollin'? Can you see me hoe?

Is y'all ready for me? We up out this bitch
Any time y'all wanna see me again
Rewind this track right here, close your eyes
And picture me rollin'

Tupac - How Long Will They Mourn Me? Lyrics

How long will they mourn me?
Yeah! This for my nigga Kato
It's still on, nigga
We even got the thug life, thugs for life
Ha ha, how long will they mourn me?
Yeah nigga
2Pac in this muthafucka

All my homies drinking liquor
Tears in everybody's eyes
Niggas cried to mourn a homies homicide
But I can't cry, instead I'm just a shoulder
Damn, why they take another soldier
I load my clip before my eyes blurry, don't worry
I'll get them suckas back before your buried, shit
Retaliate and pull a 187
Do real niggas get to go to Heaven ?

How long will they mourn me, bury me a muthafuckin' G
Bitch don't wanna die, then don't fuck with me
It's kinda hard to be optimistic
When your homies lying dead on the pavement twisted
Y'all don't hear me doe, I'm trying hard to make amends
But I'm losing all my muthafuckin' friends, damn
They should've shot me when I was born
Now I'm trapped in the muthafuckin' storm

How long will they mourn me?
I wish it would have been another
How long will they mourn me?
How long will they mourn my brother?
(Got them niggas all dead and shit)
How long will they mourn me?
(Incomprehensible)
I wish it would have been another
(Nate Dogg)
How long will they mourn me?
(Gotta keep this shit goin' on)
How long will they mourn my brother?
(Yo Syke)

How long will they mourn me? Every muthafuckin' day homie
You stayed down when tha other niggas didn't know me
From my heart to the trigga, you my fuckin' nigga
And things won't be the same without you nigga
I remember kickin' back, you wanted to lack
And goin' half on a muthafuckin' hundred sack

Smokin' blunt after blunt and steady drinkin'
Hung around so much, you knew what I was thinkin'

Tell me Lord, why You take Big Kato ?
So confused not knowing which way to go
I'm goin' crazy and runnin' out of fuckin' time
I can't take it, I'm losin' my fuckin' mind
So day after day, ride after ride
We'll hook up on the other side
Watch over your family and your newborn
Till we meet again homie

How long will they mourn me ?
I wish it would have been another
(Yo Kato)
How long will they mourn me?
How long will they mourn my brother?
(It's still on nigga)
How long will they mourn me?
I wish it would have been another
(Yeah)
How long will they mourn me?
How long will they mourn my brother?
(Rated R, Double Jeopardy, Mack 10)

Damn a nigga tired of feeling sad
I'm tired of putting in work
I'm tired of cryin' while watching my homies leave the earth
I know soon one day I'll be in the dirt
And my peoples'll be mournin'
When they get a call from the coroner

All niggas can say is that's fucked up
And get tossed up, reminiscing how we grew up
(My nigga)
Rest and love to my nigga Kato
See you in the crossroads real soon
For now let me pour out some brew
I'll be always thinkin' of ya homie
Rest in peace, how long will they mourn me ?

Ya know life's a fuckin' trip
And everybody gotta go
But why the fuck it have to be my nigga Kato
Another nigga fell victim to the chrome
It's enough to make you crazy
It's fuckin' with my dome

Ya only live once on this earth
A nigga had it bad, since the day
Of my motherfuckin' birth

But niggas say they down
And they always be my homie
But when a nigga gone

How long will you mourn me? Yeah
I wish it would have been another
(Mack 10 in this muthafucka)
Yeah, how long will you mourn me?
How long will they mourn my brother?
(Thug Life boy, Nate blowin' that shit)
I wish it would have been another
(Nate Dogg do that shit nigga)
Yeah, how long will you mourn me?
How long will they mourn my brother?
(This for my nigga Kato and all his kids)
How long will you mourn me?
I wish it would have been another

Tupac - Toss It Up Lyrics

The money behind the dreams
My right hand, my other Capo in this big motherfuckin' war we got
My other Capo in this big ass, conglomerate called Death Row
Snoop motherfuckin' Dogg, Tha Doggfather
And who he comin' through right now, Makaveli the Don
Feel this, Killuminati

Lord have mercy, father help us all
Since you supplied yo' phone number, I can't help but call
Time for action, conversatin', we relaxin', kickin' back
Got you curious for Thug Passion, now picture that

Tongue kissin', hand full of hair, look in my eyes
Time to make the bed rock, baby look how it rise
Me and you movin' in the nude, do it in the living room
Sweatin' up the sheets, it's the Thug in me

I mean no disrespectin' when I tongue kiss your neck
I go a long way to get you wet, what you expect
Late night, hit the highway, drop the top
I pull over, gettin' busy in the parking lot

And don't you love it how I lick your, hips and glide
Kiss you soft on your stomach, push my love inside
Got ya lost in a love zone, stuck in the lust
I got the bedroom shakin' back-breakin' when we're tossin' it up

In this baby, I like the way it's goin' down
When nobody's around, slip slide ride, givin' me love nice like
Female I like, what I wanna give all night
You and me alone everybody's gone toss it up, baby let's, get it on

I like the way you please me, babe
The sexy way you tease me, sugar
The way you move your body
It really drives me crazy

Your body hypnotizing
Your smell is so exciting
So baby come on home with me
I like the way you give it to me

I like the way you give it to me, let me see you toss it up
I like the way you give it to me, let me see you toss it up
I like the way you give it to me, let me see you toss it up
So I like the way you give it to me, let me see you toss it up

Play on, play on, play on, play on, play on
Play on, play on, play on, play on, play on
Play on, play on, play on, play on, play on
Play on, play on, play on, play on, play on

Ohh, it's K-Ci baby, mmm that want you lady
Ohh, don't act so shady, baby your taste as fine as gravy
The way you move that thang, you make me wanna sang
Girl, you make my bells rang, make them go ting-a-ling

Now the man, I'm here again
Don't want it to ever end
It's feeling too good
Gimme some more, oh lady lady

Your body the kind I like-ah
Big booty titling delight-ah
Bag it up yo, let me in there
Toss it up for me

I like the way you give it to me, let me see you toss it up
I like the way you give it to me, let me see you toss it up
And I like the way you give it to me, let me see you toss it up
Well, I like the way you give it to me, let me see you toss it up

Do you want me what's your phone number, I get around
Cali Love to my true Thugs, picture me now
Still down for that Death Row sound, searchin' for paydays
No longer Dre Day, arrivederci

Blown and forgotten, rotten for plottin' Child's Play
Check your sexuality, as fruity as this Alize
Quick to jump ship, punk trick, what a dumb move
Cross Death Row, now who you gon' run to?

Lookin' for suckers 'cause you similar
Pretendin' to be hard, oh my God, check your temperature
Screamin' Compton, but you can't return, you ain't heard
Brothers pissed 'cause you switched and escaped to the burbs

Mob on to this new era, 'cause we Untouchable
Still can't believe that you got 'Pac rushin' you
Up in you, bless the real, all the rest get killed
Who can you trust, only time reveals, toss it up

Let me see you toss it up
Let me see you toss it up
Let me see you toss it up
Let me see you toss it up

Tellin' lies, who? Puffy, I read your little interview buddy, c'mon
You still ain't touchin' us, all that peace talk

I don't care if you kiss my ass from here to across the street boy
It's on, toss it up, we took you on, and we took y'all beat
You know we beat you down, and we took y'all beat
'Cause you wasn't rockin' it right
Tired of suckers rockin' it, toss it up, is how we did it
Yeah, toss it up now

Tupac - Dear Mama Lyrics

You are appreciated

[Verse One: 2Pac]

When I was young me and my mama had beef
Seventeen years old kicked out on the streets
Though back at the time, I never thought I'd see her face
Ain't a woman alive that could take my mama's place
Suspended from school; and scared to go home, I was a fool
with the big boys, breakin all the rules
I shed tears with my baby sister
Over the years we was poorer than the other little kids
And even though we had different daddy's, the same drama
When things went wrong we'd blame mama
I reminice on the stress I caused, it was hell
Huggin on my mama from a jail cell
And who'd think in elementary?
Heeey! I see the penitentiary, one day
And runnin from the police, that's right
Mama catch me, put a whoopin to my backside
And even as a crack fiend, mama
You always was a black queen, mama
I finally understand
for a woman it ain't easy tryin to raise a man
You always was committed
A poor single mother on welfare, tell me how ya did it
There's no way I can pay you back
But the plan is to show you that I understand
You are appreciated

[Chorus: Reggie Green & "Sweet Franklin" w/ 2Pac]

Lady...
Don't cha know we love ya? Sweet lady
Dear mama
Place no one above ya, sweet lady
You are appreciated
Don't cha know we love ya?

[second and third chorus, "And dear mama" instead of "Dear mama"]

[Verse Two: 2Pac]

Now ain't nobody tell us it was fair
No love from my daddy cause the coward wasn't there
He passed away and I didn't cry, cause my anger
wouldn't let me feel for a stranger

They say I'm wrong and I'm heartless, but all along
I was lookin for a father he was gone
I hung around with the Thugs, and even though they sold drugs
They showed a young brother love
I moved out and started really hangin
I needed money of my own so I started slangin
I ain't guilty cause, even though I sell rocks
It feels good puttin money in your mailbox
I love payin rent when the rent's due
I hope ya got the diamond necklace that I sent to you
Cause when I was low you was there for me
And never left me alone because you cared for me
And I could see you comin home after work late
You're in the kitchen tryin to fix us a hot plate
Ya just workin with the scraps you was given
And mama made miracles every Thanksgivin
But now the road got rough, you're alone
You're tryin to raise two bad kids on your own
And there's no way I can pay you back
But my plan is to show you that I understand
You are appreciated

[Chorus]

[Verse Three: 2Pac]

Pour out some liquor and I reminsce, cause through the drama
I can always depend on my mama
And when it seems that I'm hopeless
You say the words that can get me back in focus
When I was sick as a little kid
To keep me happy there's no limit to the things you did
And all my childhood memories
Are full of all the sweet things you did for me
And even though I act craaazy
I gotta thank the Lord that you made me
There are no words that can express how I feel
You never kept a secret, always stayed real
And I appreciate, how you raised me
And all the extra love that you gave me
I wish I could take the pain away
If you can make it through the night there's a brighter day
Everything will be alright if ya hold on
It's a struggle everyday, gotta roll on
And there's no way I can pay you back
But my plan is to show you that I understand
You are appreciated

[Chorus]

Sweet lady
And dear mama

Dear mama
Lady [3X]

Tupac - All About U* Lyrics

Ah yeah, yeah, it's all 'bout u, one time
I'ma say it's all 'bout u baby, yeah
Ha ha, for the bitches that think it's all 'bout u
It's all 'bout u

This Dru Down in the house, with my boy 'Pizznac
You know what I'm sayin'? It's all 'bout u
Yeah I'm gon' say it's all 'bout u
But you know I'm lyin' though, hah, yeah

You probably crooked as the last trick, want it light
But how I got my ass caught up with this bad bitch
Thinkin' I had her but she had me in the long run
It's just my luck I'm stuck with fuckin' with the wrong one, uh

Wise decisions, based on lies we livin'
Scandalous times, this game's like my religion
You could be rollin' with a thug
Instead you with this weak scrub, lookin' for some love

In every club, I see you starin' like you want it
Well baby if you got it better flaunt it
Let the liquor help you get up on it
I'm still tipsy from last night

Bumpin' these walls as I pause, addicted to the fast life
I try to holla but you tell me you taken
Sayin' you ain't impressed, with the money I'm makin'
Guess it's true what they tellin' me

Fresh out of jail, life's Hell for a black, celebrity
So that's the reason why I call, and maybe you widdit
Fantasies of us sweatin', can I hit it?
Addicted to the things you do, but still true
What I'm sayin' boo, is this is all 'bout u

Every other city we go, every other video
(It's all 'bout u)
No matter where I go, I see the same hoe
(Yeah nigga, ha ha ha ha)

Every other city we go, every other video
(It's all 'bout u)
No matter where I go, I see the same hoe

I make a promise if you go with me, just let me know
I'll have you hollerin' my name out before I leave

Nobody loves me I'm a thug nigga, I only hung out
With the criminals and the drug dealers, I love niggaz

'Cause we comin' from the same place
Witness me holla at a hoochie, see how quick, the game takes
How can I tell her I'm a playa, and I don't even care
Creep though, weed smoke's into the air

Everywhere I go, it's all about the groupie hoes
Waitin' for niggaz at the end, of every show
I just seen you in my friends video
Could never put a bitch before my friends, so here we go

Follow the leader and peep the drama that I'm goin' through
It's all 'bout u ha ha ha, yeah nigga
It's all 'bout u

Every other city we go, every other video
(It's all 'bout u)
No matter where I go, I see the same hoe

Every other city we go, every other video
(It's all 'bout u)
No matter where I go, I see the same hoe

Is you sick from the dick, or is it the flu?
It ain't about you or your bitch ass crew
Every other city we go and every video
Explain to a nigga why I see the same shitty hoe

You think it's all 'bout u? Well boo
I gets Down like Dru and my nasty new niggaz, too
You couldn't hold me back, it'd take a fatter track
A lyrical attack, perhaps, it was a visual bluff

When I started to snaps all your rode 'em swoll
Straight in control, flows'll fold, while hoes cold stroll
Hold the set, I told Dramacy' go in next
Gold diggin', cold diggin' a gold Rolex

I slide in easily, try a grizzly
Sluts know the cuts, I came to fuck, try skeezin' me
Runnin' up in ya just like Bruce Jenner when I bend ya
At the most, I fucked a bitch from the West Coast to West Virginia

Every other city we go, every other video
(It's all 'bout u)
No matter where I go, I see the same hoe

Every other city we go, every other video
(It's all 'bout u)
No matter where I go, I see the same hoe

Every other city we go, every other video
(It's all 'bout u)
No matter where I go, I see the same hoe

Every other city we go, every other video
(I'm tellin' ya it's the same ol' shit)
No matter where I go, I see the same hoe
(I mean)

Goddamn, you know what I'm sayin'?
I'm sittin' back, watchin' Montell Jordan video
I see the same bitch, who was in
My homeboy Nate Dogg video

Then I flip the channel
I'm checkin' out my homeboy Tupac video
I see the same bitch that was in my video
You know what I'm sayin'?

And then you know what I'm sayin'?
What make that even mo' fucked up
I'm watchin' a Million Man March
And I see the same bitch, on the Million Man March

That was in, the homeboy Warren G video
I mean, damn, everywhere I look, everywhere I go
I see the same hoe, don't get mad, I'm only bein' real
Yeah

Tupac - To Live And Die In L.A.* Lyrics

(feat. Val Young)

[Dominique] Street Science, you're on the air [static]
What do you feel when you hear a record like Tupac's new one? [static]
[Man responds] I love Tupac's new record [static]
[Dominique]
Right, but don't you feel like that creates [static]
a tension between East and West? [static]
He's talking about killing people [static]
I had sex with your wife and not in those words [static]
but he's talking about I wanna see you deceased [static]

[Intro: Makaveli]
No doubt... to live and die in LA
California -- what you say about Los Angeles
Still the only place for me that never rains in the sun and everybody got love

[Verse One: Makaveli]
To live and die in LA, where everyday we try to fatten our pockets
Us niggas hustle for the cash so it's hard to knock it
Everybody got they own thang, currency chasing
Worldwide through the hard times, worrying faces
Shed tears as we bury niggas close to heart
What was a friend now a ghost in the dark, cold hearted about it
Nigga got smoked by a fiend, trying to floss on him
Blind to a broken man's dream, a hard lesson
Court cases keep me guessing, plea bargain ain't an option now,
So I'm stressing, cost me more to be free than a life in the pen
Making money off of cuss words, writing again
Learn how to think ahead, so I fight with my pen
Late night down Sunset liking the scene
What's the worst they could do to a nigga got me lost in hell
To live and die in LA on bail, my angel sing

[Chorus: Val Young]
To live and die in LA, it's the place to be
You've got to be there to know it, what everybody wanna see
[repeat 2X]

[Verse Two: Makaveli]
It's the City of Angels and constant danger
South Central LA, can't get no stranger
Full of drama like a soap opera, on the curb
Watching the ghetto bird helicopters, I observe
So many niggas getting three strikes, tossed in jail
I swear the pen the right across from hell, I can't cry
'cause it's on now, I'm just a nigga on his own now

Living life Thug style, so I can't smile
Writing to my peoples when they ask for pictures
Thinking Cali just fun and bitches, ha ha ha
Better learn about the dress code, B's and C's
All them other niggas copycats, these is G's
I love Cali like I love woman
'cause every nigga in LA got a little bit of Thug in him
We might fight amongst each other, but I promise you this
We'll burn this bitch down, get us pissed
To live and die in LA
(Let my angel sing)

[Chorus]

[Verse Three: Makaveli]
'cause would it be LA without Mexicans?
Black love brown pride and the sets again
Pete Wilson trying to see us all broke, I'm on some bullshit
Out for everything they owe, remember K-DAY
Weekends, Crenshaw -- MLK
Automatics rang free, niggas lost they way
Gang signs being showed, nigga love your hood
But recognize and it's all good, where the weed at?
Niggas getting shermed out
Snoop Dogg in this motherfucker perved out, M.O.B.
Big Suge in the Low-Low, bounce and turn
Dogg Pound in the Lex, with a ounce to burn
Got them Watts niggas with me, OFTB
They got some hash took the stash left the rest for me
Neckbone, Tre, Head Ron, Punchy too
Big Rock got knocked, but this one's for you
I hit the studio and drop a jewel, hoping it pay
Getting high watching time fly, to live and die in LA
(Let my angel sing)

[Chorus]

[Outro: Makaveli]
This go out for 92.3, and 106
All the radio stations that be bumping my shit
Making my shit sells katruple quitraple platinum, he he
This go out to all the magazines that supported me
All the real motherfuckers
All the stores, the mom and pop spots
A&R people, all you all motherfuckers
LA, California Love part motherfucking Two
Without gay ass Dre

Tupac - Heartz Of Men* Lyrics

Ahh, Suge what did I tell you nigga
When I come out of jail what was I gonna do
I was gonna start diggin' into these niggas chest, right
Watch this, hey Quik let me see them binoculars, nigga
Them binoculars

Ha ha ha ha, yah nigga time to ride
Grab your bullet proof vest nigga
Cause its gonna be a long one
Now me and Quik gonna tell you niggas
How its like on this side
The real side
Now on this ride its gonna be some real mutha-fuckas
And there is gonna be some pussys
Now the real niggas are gonna be the ones with
Money and bitches
The pussys are gonna be the niggas
On the floor bleeding
Now everybody keep your eyes on the prize
Cause the ride gets tricky
See you got some niggas on your side
That say they your friends But in real life they your enemies
And then you got some mutha-fuckas that say they your enemies
But in real life they eyes is on your money
See the enemies say the truth
But in real life those niggas will be the snitches
Its a dirty game y'all
Y'all got ta be careful about who you fuck with
And who you don't fuck with
Cause the shit get wild y'all
Keep your mind on your riches, Baby
Keep your mind on your riches

9-1-1 Its a emergency cowards tried to murder me
From the hood to the 'burbs, everyone of you niggas heard of me
Shit I'm legendary niggas scary and paralyzed
Nothing more I despise than a liar and cowards die
My mama told me When I was to see
Just a vicious mutha fucker while these devils left me free
I proceed to make them shiver when I deliver
Criminal lyrics from a world wide mob figure
Thug niggas from everywhere Mr. Makaveli
Niggas is waiting for some thug shit thats what they tell me
So many rumors but I'm infinite Immortal Outlaw
Switching up on you ordinary bitches
Like a south paw you gettin left
And every breath I breathe untill the moment I'm deceased

Will be another moment ballin' as a G
I rip the crowd then I start again
Internally I live in sin untill the moment
That they let me breathe again
The heartz of men

The Heartz of Men

My lyrical verge with so much pain that
To some niggas it hurts My guns bust
And if you ain't one of us it gets worse
Bitch niggas get their eyes swoll and fly mode
I'm an homicidal outlaw and five-o get your lights on
Fight long, tonights gonna be a fucking fight so we might roll
My own homies saying I'm heart less
But I'm a G to this 'til the day I'm gone thats regardless
Drive-by and niggas bow down
I thought I'd rot in jail, paid bail, well niggas out now
Throw up your hands if your thugged out
First nigga act up first nigga getting drugged out
I can be a villian if yah let me
I'll Mutha fuck yah if yah too upset me
Tell the cops to come and get me
Rip the crowd like a phone number
Start again, don't have no mutha fuckin' friends nigga
Look inside the heartz of men

In The Heartz of Men
In The Heartz of Men

To all me niggas engaged in making money in the fifty states
Keep your mind on your chips and fuck a punk bitch
No longer living in fear my pistol close in hand
Convinced this is my year like I'm the chosen man
Give me my money and label me as a Don
If niggas is having problems smoke fire and bomb them
I died and came back
I hustle with these lyrics as if its a game of crack
Thugishness is in my spirit
I'm lost and not knowing scar'd up but still flowing
Energized and still going
Uhh, can it be fate that makes a sick mutha fucka break
On these jealous ass coward 'cause they evil and fake
What will it take?
Give me that bass line I'm feeling bombed
Deathrow baby don't be alarmed
The homie Quik gave a nigga beat and let me start again
Represent cause I've been sent
The heartz of men

2Pac and Outlawz Lyrics

"Letter To The President"

(feat. Big Syke)

[E.D.I. (2Pac):]
Uh, dear Mr. President. What's happenin'?
I'm writin' you because
Shit is still real fucked up in my neighborhood
Pretty much the same way
Right around the time when you got elected…
Ain't nothin' changed. All the promises you made, before you got elected… they ain't came true
(Tell me what to do, these niggas actin' up in the hood)
(Send mo' troops, dear Mr. President)
Me and my homies is wonderin' what's goin' on… holla!
(Tell me what to do, these niggas actin' up in the hood)
(Send mo' troops…)

[2Pac:]
Why should I lie when I can dramatize?
Niggas fell victim to my lyrics, now traumatized
Simply by spittin' I've been blessed given riches
Enemies suspicious cuz I'm seldom in the company of bitches
Plus the concepts I depict so visual that you can kiss
Each and every trick or bitch, inside the shit I kick
My heaviest verse'll move a mountain
Casualties in mass amounts, brothers keep countin'
Fuck the friendships, I ride alone
Destination: Death Row – finally found a home
Plus all my homies wanna die; call it euthanasia
Dear Lord, look how sick this ghetto made us
Sincerely yours, I'm a thug, the product of a broken home
Everybody's doped up, nigga, what you smokin' on?
Figure if we high they can train us
But then America fucked up and blamed us
I guess it's cause we black that we targets
My only fear is God, I spit that hard shit
In case you don't know I let my pump go
Get it ride for Mutulu like I ride for Geronimo
Down to die for everything I represent
Meant every word in my letter to the President

[2Pac:]
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops

[E.D.I. Amin:]
Oh you's a baller in the White House, I hope you comfortable
Cause yo', I spend my nights out, with the lights out
Under the safety of darkness, amongst the crazed and the heartless
And young soul bros, ready to rode a starship
[?], leave a nigga flat for scratch

The Godless, I gotta get chips, but you can't understand that
Wanna ban rap? - Stand back, before you get hurt
It's the only thing nigga pay the paper besides smoke and work
On a mission, listen *[?]* with precision
First made my decision, I realized this ain't livin'
Trippin' to drastic measures, tryin' to get stacks of cheddar
Motherfuckers hate cops, wait, it ain't gettin' better
But you keep tellin' us that it is
While your motherfuckin' troops keep killin' our kids
Dig, don't be surprised if you see us
Dumpin' with nothing but artillery to free us, motherfucker

[E.D.I. Amin:]
Dear Mr. President, tell us what to do
These niggas actin' up in the hood, send mo' troops
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops

[Kastro:]
Strapped and angry, with no hope, and heart-broke
Fightin' first my trained brain until it's not so
It's hostile, niggas lick shots to watch the Glocks glow
Cadres of coppers patrol us like we some animals
And it ain't no peace, my peace a piece on my streets
To people beefin' and things squeakin' on they beefs for weeks
Mr. President, it's evident, nobody really care
For a struggler out the gutter, 22 with gray hair
I was raised to raise hell, frail and my heart stale
So I'ma bring hell to earth until my heart fail
But y'all play fair, give me and mine, I'll share
'Til y'all show us you care, it's gon' be mayhem out here
Me and these 223's will freeze the biggest with ease
I'm still a nigga you fear, bring the beast to his knees
And I've been born to represent, for that I've been heaven-sent
And I meant every word in my letter to the President

[E.D.I. Mean:]
Shit is still fucked up, y'all. And y'all wonder when it's gon' get better, and it ain't gon' get better

[2Pac:]
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops
Dear Mr. President, tell me what to do
These niggas actin' up…

[2Pac:]
Heavenly Father, may I holla at you briefly?
I wanna meet the President, but will he meet me?
Is he scared to look inside the eyes of a thug nigga?
We tired of being scapegoats for this capitalistic drug dealin'
How hypocritical is Liberty?
That blind bitch ain't never did shit for me
My history full of casket and scars
My own black nation at war, whole family behind bars
And they wonder why we scarred, 13 lookin' hard
Sister had a baby as an adolescent, where was God?

Somewhere in the middle of my mind
Is a nigga on the tightrope, screamin', "Let him die!"
Can't lie, I'm a thug, drownin' in my own blood
Lookin' for the reason that my momma's strung out on drugs
Down to die for everything I represent
Meant every word in my letter to the President

[Big Syke:]
Blacks is broke, think it's a joke that we livin' low?
Y'all sniffin' blow and postin' what they hittin' fo'?
Tell the secretary it's necessary we get paid
Look what you made, little kids gettin' sprayed
Day after day, and night after night
Battles and wars to the daylight
We might change and rearrange if you do somethin'
'Til then we gonna keep it comin', Mr. President
And I meant every word in my letter to the President

[2Pac:]
Word motherfuckin' life, what the fuck this nigga think?
Cuttin' taxes, takin' off welfare
We 'sposed to just sit here, go broke and die, starvin'?!
Motherfuckers crazier than a motherfuckin' scout
Nigga, this Thug Life, Westside, Outlaw Immortalz
Nigga, we finna hustle 'til we come up

[2Pac:]
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops
Dear Mr. President, tell me what to do
These niggas actin' up in the hood, send mo' troops

[2Pac:]
Dear Mr. Clinton, shit (send mo' troops)… it's gettin' harder and harder for a motherfucker to make a dollar in these here streets
I mean shit (send mo' troops), I hear you screamin' peace
But we can't find peace
'Til my little niggas on these streets get a piece (send mo' troops)
I know you fear me cause you too near me not to hear me
So why don't you help a nigga out? (send mo' troops)
Sayin' you cuttin' welfare
That got us niggas on the street, thinkin' who in the hell care? (send mo' troops)
Shit, y'all want us to put down our Glocks and our rocks
But y'all ain't ready to give us no motherfuckin' dollars (send mo' troops)
What happened to our 40 acres and a mule fool? (send mo' troops)
We ain't stupid, think you got us lookin' to lose
Tryin' to turn all us young niggas into troops (send mo' troops)
You want us to fight your war, what the fuck I'm fightin' for? (send mo' troops)
Shit, I ain't got no love here
I ain't had a check all year, taxin' all the blacks (send mo' troops)
Police beatin' me in the streets… fuck peace!
These niggas actin' up in the hood, send mo' troops..troops..troops..troops!

2Pac and Outlawz Lyrics

"Still I Rise"

(feat. Ta'He)

[Kastro]
Dear Lord, as we down here, struggle for as long as we know
In search of a paradise to touch (my nigga Johnny J)
Dreams are dreams, and reality seems to be the only place to go, the only place for us
I know, try to make the best of bad situations
Seems to be my life's story
Ain't no glory in pain, a soldier's story in vain
And can't nobody live this life for me
It's a ride y'all, a long hard ride

[2Pac]
Somebody wake me, I'm dreamin'
I started as a seed, the semen
Swimmin' upstream, planted in the womb while screamin'
On the top was my pops, my mama screamin' stop
From a single drop, this is what they got
Not to disrespect my peoples, but my papa was a loser
Only plan he had for mama was to fuck her and abuse her
Even as a little seed, I could see his plan for me
Stranded on welfare, another broken family
Now what was I to be? A product of this heated passion
Mama got pregnant and papa got a piece of ass
Look how it began, nobody gave a fuck about me
Pistol in my hand, this cruel world can do without me
How can I survive? Got me askin' white Jesus
"Will a nigga live or die?" cause the Lord can't see us
In the deep dark clouds of the projects, ain't no sunshine
No sunny days and we only play sometimes
When everybody's sleepin'
I open my window, jump to the streets and get to creepin'
I can live or die, hope I get some money 'fore I'm gone
I'm only 19, I'm tryna hustle on my own
On the spot where everybody and they pops tryna slang rocks
I'd rather go to college, but this is where the game stops
Don't get it wrong cause it's always on, from dusk to dawn
You can buy rocks, Glocks or a herringbone
You can ask my man, he's a mind reader
Keep my 9 heater all the time, this is how we grind
Meet up at the cemetery then get smoked out
Pass the weed, nigga! That Hennessey'll keep me keyed, nigga
Everywhere I go niggas holla at me, "Keep it real, G"
And my reply 'til they kill me: "Act up if you feel me!"
I was born not to make it, but I did
The tribulations of a ghetto kid, still I rise

[Ta'He]
Still I (still I), I rise (I rise), please, give me to the sky (to the sky)
And if (and if), I die (I die), I don't want you to cry

[Yaki Kadafi]
I stay sharp as always
Runnin' your bricks with blitz, through your project hallways
Dumpin' crews like two's, nigga, all day
Secrets of war prepare me for the worst
A life that's lavish, full of cabbage or a life that's in a hearse
But now my dreams, it seems though
Be placin' triple beams and things, bro
Diamond pinkie ring got the loot poppin' out my jeans

[Napoleon]
Now I plan to keep my Glock cocked
If trouble was searchin' for me, then why not?
Show 'em what I'm made of, plus raised on, on my block
Chancellor Ave, where many turn to the street
Thugs snatchin' bags, we out for power, makin' cash
It wasn't fast, it'll make me mad, I'm just like him
My homie on the corner with his gat tucked in
Youngins, they buckin' somethin'
The life he lead's the life he don't need, don't we all know?
He tryin' to rise up and we just go doe, still he rise

[Young Noble]
Dreams of lost hope
I hit the strip broke where the fiends get coke
And still I rise, now I float, cowards ghost
Whenever we come around, I'm runnin' down
Clutchin' a pound, live as sirens, duckin' the sound
I used to hustle with my moms 'til the sun came
My homie Harm doin' time from this drug game
Stolen cars, war scars, born a Outlaw
Behind bars, go to sleep just to see the stars
Freedom is ours, though we trapped on a firm block
Crackheads only 10 learn to duck cops

[Yaki Kadafi]
In '96 my Glock's my plastic, passion for blastin' bastards
No faces for open caskets, peelin' your cap backwards
You cowards ain't prepared for pistol practice
I send my missiles through your mattress
Leavin' holes in your body like a cactus
While me and my crew be boppin' more greens than topic
And loot to keep the seams in my motherfuckin' jeans poppin'
Leavin' your spleen to pick up
Half of you niggas is softer than a Snicker
Let's go to war and see who draw quicker
And still I rise, and still I rise…

[Ta'He]
Still I (still I), I rise (I rise), please, give me to the sky (to the sky)
And if (and if), I die (I die), I don't want you to cry
Still I (still I), I rise (I rise), please, give me to the sky (to the sky)
And if (and if), I die (I die), I don't want you to cry

Y'all niggas fake, all day everyday
So now I got roller blades, bitch

Thought you knew
Your mouth is rich
C'mon pops, let's go!

2Pac and Outlawz Lyrics

"Secretz Of War"

[E.D.I. Amin:]
You either ride wit' us or collide wit' us
It's as simple as that for me and my niggas
You either ride wit' us or collide wit' us
It's as simple as that for me and my niggas

[E.D.I. Amin:]
War time, war time, it's either yours or mine
Outlawz be on the grind and a mission to shine
And ride on 'em, leave 'em stuck and fucked from the gate
Set it straight, regulate, with a bomb I'm about to detonate
Boom! Hesitate? Aww, now you know what
Ya'll niggas were here to go if you know it was good for ya
Bunch of toy soldiers all dressed in fatigue
But I'm E.D.I. Amin on a mission to make 'em bleed
Nigga what? Nigga who? It was cool? And at you?
What the fuck is you gonna do? Barbecue and boo-hoo
Ride or die, get money, all at the same time
Split the pie with the homie, ball at the same time
Any nigga slippin', fall at the same time
We all links in the chain, tryin' to gain, do time
We all see the sunshine, but when you could do yours
We'll bring these motherfuckers war

[E.D.I. Amin:]
You either ride wit' us or collide wit' us
It's as simple as that for me and my niggas

[2Pac:]
As I approach the scene
From smokin' green got my eyes closed
Niggas so cold on my foes, I make 'em die froze
Watch me make 'em bleed, makin' G's, Lord, help me with it
Got me paintin' pictures of a meal ticket, help me get it
See me and pray for options, but the pressures nonstop
Niggas get the pistol poppin' and watch his body drop
I'm a lethal threat, watch me hit your set, flash on
Blast on them bitch-made niggas with my mask on
Do it for profit, plus I'm lookin' for punks to bust on
If you ain't screamin' "Westside!" you can get the fuck on
I'm seein' demons, hittin' weed, got me hearin' screamin'
Scared to go to sleep, watch the scene like a dope fiend
Probably be punished for it, though you can't ignore it
I live the life of a thug nigga, and die for it
Niggas pass the clip and watch me bring 'em to the floor
Got some shit that they ain't ready for: I got the secrets of war

[E.D.I. Amin:]
You either ride wit' us or collide wit' us
See it's as simple as that for me and my niggas

You either ride wit' us or collide wit' us
Look it's as simple as that for me and my niggas

[Yaki Kadafi:]
We do this thug life shit, like 4, 5, 6, stick 'em
Down with no rounds left up in the pound when the sounds
Squeeze the lead off, I blow his motherfuckin' head off
Signal all the other outlawz to get this shit set off
Yaki Kadafi, it ain't a cop here to stop me
These streets is black hockey and raw, we get sloppy
Put a pamper on your silly ass prestyle grammar, locked in the slammer, while I'm laid cocked back like a hammer
Ya'll newly weds that in honey moons, times 'bout up, y'all
That means I leave no trace found with you face, bounce stuck
Your pig scanners can't come close touch or even hit me
Doin' my dirt, puttin' in work, you see shit, what you gon' do?

[E.D.I. Amin:]
You either ride wit' us or collide wit' us
See it's as simple as that for me and my niggas
You either ride wit' us or collide wit' us
Look it's as simple as that for me and my niggas

[Young Noble:]
Check the murder rate percentage, niggas is finished
Get blood checks from clinics, this thug shit is in us
Flowin' through my system, you a victim
Blunts, I twist 'em. Fuck the whole world, it's us against them
You got some heat? Pull it out, cock the hammer if you with it
Don't make no difference here with the 25-to-life sentence
We already doin' life on the streets
Like Al G., niggas be heated when they walkin' the beat
This shit is flaky, makin' backs shaky, niggas hate me
Scared to face me, knowin' that the Outlawz blaze me
Pull me up on game, put me up on a hustle
Once I suck my money muscle, all the G's got devils
Movin' shit like a dollar, beatin' niggas like Rodney
Turn a killer like Kadafi, and a nuke stream to stop me

[E.D.I. Amin:]
You either ride wit' us or collide wit' us
See it's as simple as that for me and my niggas
You either ride wit' us or collide wit' us
Look it's as simple as that for me and my niggas
You either ride wit' us or collide wit' us
Man it's as simple as that for me and my niggas
You either ride wit' us or collide wit' us
See it's as simple as that for me and my niggas

[2Pac (E.D.I.):]
(Bring it on), and all you lil' young ass soldiers
You play this shit back about 15 times (talk about it)
You'll have enough game to roll up in a club or somethin' (e'ry body tough)
Teach these bitches a lil' somethin'
You know what I mean? Secrets of muthafuckin' war…

2Pac and Outlawz Lyrics

"Baby Don't Cry (Keep Ya Head Up II)"

(feat. H.E.A.T.)

[2Pac (H.E.A.T.):]
I feel you (uh), baby don't
But you can't, you can't give up
H.E.A.T., 2Pac with Outlawz!

[2Pac (H.E.A.T.):]
Baby don't cry! I hope you got your head up (Outlawz)
Even when the road is hard, never give up!
Baby don't cry! I hope you got your head up
Even when the road is hard, never give up! (Keep ya head up)

[2Pac:]
Now here's a story 'bout a woman with dreams
So picture perfect at 13, an ebony queen
Beneath the surface it was more than just a crooked smile
Nobody knew about her secret so it took a while
I could see a tear fall slow down her black cheek
Sheddin' quiet tears in the back seat; so when she asked me
"What would you do if it was you?"

Couldn't answer such a horrible pain to live through
I tried to trade places in the tragedy
I couldn't picture three crazed niggas grabbin' me
For just a moment I was trapped in the pain
Lord, come and take me
Four niggas violated, they chased and they raped me
Even though it wasn't me, I could feel the grief
Thinkin' with your brains blown that would make the pain go
No! You got to find a way to survive
'Cause they win when your soul dies

[2Pac (H.E.A.T.):]
Baby please don't cry! You got to keep your head up
Even when the road is hard, never give up!
Baby don't cry! You got to keep your head up
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! I hope you got yo' head up
Even when the road is hard, never give up! (keep ya head up)
Baby don't cry! I hope you got your head up (never give up)
Even when the road is hard, never give up!
Baby don't cry…

[E.D.I. Amin:]
Forget him, girl, he ain't gon' never change
I ain't no hater but that nigga lost in the game
After the bright lights and big thangs
He probably could love you, but he in love with the struggle
Everyday, his mind on gettin' mo'
And never your feelings, he's chasin' millions for sho'

Uh oh, now you 'bout to have his baby?
Another wild-ass nigga that's gon' drive you crazy
You got too much mo' livin' to do – I'm spittin' this to you
'Cause you deserve more than what he givin' to you
Beautiful, black, precious, and complicated
A new millennium dime piece, so fine she
Got 'em all stuck standin' still when she come through
Baby, take a little mo' time, love'll find you
And sho' as the sky's blue somebody other than me
Gon' give you everythin' you need, feel me? (Don't cry-ah…)

[2Pac (H.E.A.T.):]
(Baby don't cry!) baby don't cry! You got to keep your head up
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! You got to keep your head up
Even when the road is hard, never give up! (you'll be alright)
(Baby don't cry!) baby don't cry! I hope you got your head up
Even when the road is hard, never give up! (keep ya head up)
(Baby don't cry!) baby don't cry! I hope you got your head up (never give up)
Even when the road is hard, never give up! (no no... oh)
Baby don't cry…

[Young Noble:]
I'm tryin' to do all that I can
From jump, now you losin', you was choosin' the wrong man
Dealt the wrong hand, you was young and beautiful
Lost and turned out, what you let that nigga do to you?
I knew her since elementary, she blew a kiss to me
Wrote me a note in crayon, wantin' to get with me
We was kids, now she got three kids
They see their father e'ryday, and they don't know who he is
Seen him last night, homie roll a E-class
Mad cheese in the stash, still a deadbeat dad
I bring her Pampers and food, just to stop through
But those ain't my seeds, nothin' really I could do
I feel pity for you, you ain't even his wife
Seventeen with three kids, locked down for life
Should've chose me, she 'bout to OD from the pressure
Hell nah, I won't let her (BABY..)

[2Pac (H.E.A.T.):]
(Baby don't cry!) baby don't cry! You got to keep your head up
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! You got to keep your head up
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! I hope you got your head up
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! I hope you got your head up (never give up)
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! You got to keep your head up
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! You got to keep your head up
Even when the road is hard, never give up!
(Baby don't cry!) baby don't cry! I hope you got your head up
Even when the road is hard, never give up! (keep ya head up)
(Baby don't cry!) baby don't cry! I hope you got your head up (never give up)

Even when the road is hard, never give up! (no no.. oh)
(Baby don't cry!) baby don't cry!
(you'll be right)
(Baby don't cry!) baby don't cry! I hope you got your head up
Even when the road is hard, never give up! (keep ya head up)
(Baby don't cry!) baby don't cry! I hope you got your head up (never give up)
Even when the road is hard, never give up!
Baby don't cry

[E.D.I. Amin:]
For all the ladies (Soulshock, Karlin)
Baby don't cry! Got to keep your head up
(Keep your head up)
Makaveli lives on (head up) aight?

2Pac and Outlawz Lyrics

"As The World Turns"

[2Pac:]
As the world turns…
As the world turns my niggas grow and grow and grow
And get dough and roll and ride
Niggas die and mommas cry
Niggas got alibis and suicides and homicides
And three strikes and yo' life and my life and times change
And niggas fame, as the world turns…

[2Pac:]
Though I walk through the valley of Hell the shadow follows me. Wisdom hard to swallow tomorrow, expect apologies
You probably panic, stranded in search of a better planet
Realism hard to understand, we stand slanted
And still stranded. Merciless thieves stole the best of me
I pray to black Jesus to please take the rest of me
And still, the best of us build and reach monetary gains
Some of us kill, but still, most of us can change
If we search deeper
God bless the hustler, curse the first sleeper
Enemies get beside me, flows go deep as Poseidon
When we ride, plots keep all my enemies blinded
Time will soon show, a thought can last for years
Outshinin' your fake smiles, plastic tears
Like last year, niggas stuck in the past, and it's clear
Just some busta ass bastards allergic to cash this year
Makaveli for the mob, M.O.B
Killin' busters is my motherfuckin' job, him or me
Lyrically fatally driven, niggas reported missin'
My competition dead or in prison, as the world turns…

[Darryl 'Big D' Harper (2Pac):]
As the world keeps turnin' round and round
It's gon' be goin' round as the world turns, and steady turnin'
(Turns, turns, turns, turns and turns
My niggas grow and grow and grow
And gettin' dough and dough and dough
From this state to that state
From this cell to that cell, as the world turns)

[Young Noble:]
As the world turn, burnin' paths, starin' through my rearview
It's a war goin' on, and the President is here too
I hear 2Pac sayin', "Watch 'em, they'll kill you."
Sippin Thug Passion, scrub actin' like he feel you
Steady plottin', ready or not; Outlawz lost but not forgotten
From Gittere to Compton, a spitter of the hotness
Long time, since like six I ain't never been rich
I need cream to buy Ellene a dream house
She no longer fiend out y'all, Outlaw!

[Napoleon:]
Another lonely nigga with a 12-gauge pump, with a 12-hour rush to run and get this money, fuck these punks!
Road rules, I swim in the dirt, I stay in some skirt
I hit where it hurts, I ride or die for my turf
I ride or die for Makaveli, the legendary war thug nigga
Kadafi better unslug this nigga, Seike betta undrug this nigga
Out of the buildin', we street children with no souls
Our hearts gon' stay cold, the war gon' stay on
We serve 'em, like 'Pac told us to, catch 'em wreck with the TEC
Hit 'em in the neck and watch him die like he supposed to
Napoleon: the front line soldier, front times over
Rider for the mighty dollar, rather drunk than sober
Nigga talkin' thug walkin' all through yo' squad
Y'all niggas scared by a dog, I got my 44 for y'all
It's like a hot-heated day, homie
Warfare, don't play, homie, better be prepared
Then try to duck away from these strays, homie
Worlds turn, things burn, all in one shot. Rest in peace to the fallen soldiers, all that we got, as the world turns…

[Darryl 'Big D' Harper (2Pac):]
As the world keeps turnin' round and round
(And my niggas roll and ride, hahaha)
It's gon' be goin' round as the world turns… and steady turnin'
(Niggas gettin' swoll out, and it don't stop and it don't quit
That real shit!) (real shit)
As the world keeps turnin' round and round
(How many you niggas try for this?)
It's gon' be goin' round as the world turns (as the world turns)
(Murderin' methods.. haha, OUTLAW!)

[E.D.I. Amin:]
Only haters caught feelings when my homie caught millions
And acquired the desired status of boss livin'
We cross driven, cornered into a life that's hellish
Payin' our dues with bloodshed, ain't shit y'all could tell us
Fellas – mount up, it's time for battle, it's on now
Two worlds collidin', armies ridin', soldiers gone wild
Sometimes I think my glory days was back in my youth
I sought too for family, but I got it lost in these ounces
Now, as the world turns court adjourns, I'm sentenced to burn
The cost of my sins too much, nothin' left to earn

[Kadafi:]
October 9th 1977 first day out my baby carriage
Married my MAC-11 hit the block playin'
Only five years up in this bitch, papa runnin' from the feds
Puttin' peanut butter on the walls to hide his prints
Me on my own, not yet grown, but only man of the home
To protect my zone in these streets I roam
Dough on d-low, downin' straight shots of Cristal Brothers
100 dollar snot box on cee-lo, fuck eighth
I need a kilo, got a plot, move my block down state
Got the drop on the spot, movin' pounds of weight
Fuck my fate and lots of loot to burn, a hustler's yearn
For this dirty money earned as this crooked world turns

[Overlapped — Darryl 'Big D' Harper:]
As the world keeps turnin' round and round
It's gon' be goin' round as the world turns… and steady turnin'
As the world keeps turnin' round and round
It's gon' be goin' round as the world turns…
As the world keeps turnin' round and round
It's gon' be goin' round as the world turns...
As the world keeps turnin' round and round
It's gon' be goin' round as the world turns… and steady turnin'
As the world keeps turnin' round and round
As the world keeps turnin' round and round
As the world keeps turnin' round and round

[2Pac & Napolean:]
Hahaha… as the world turns…
And turns and turns and turns… haha. This for the soldiers out there involved in the everyday struggle
Hopin' to bubble, keep on hustlin', as the world turns
Money come and go, hoes come and go, foes come and go, friends come and go… my soldiers stay eternal
Outlaw Immortalz, dedicated
I send this to black Jesus, only he can feed us
When you need us, as the world turns
Throw this shit in the deck, hahah
Niggas gettin chin checked
From the East to the West, best to wear a vest
Nigga we ain't the ones to test, fuck you!
As the world turns… Outlaw ridahs, Mutah right beside us
Camillion, wanna make a million
Haha legit, as the world turns, haha… burn, baby, burn

(A lot of niggas get burned as the world turns
A lot of niggas gettin' burned as the world turns
Gettin' burned as the world turns)

2Pac and Outlawz Lyrics

"Black Jesuz"

(feat. Val Young, Storm)

[2Pac (Kadafi):]
Searchin' for Black Jesus
Oh yeah, sportin' jewels and shit, yaknahmean?
You can be Christian
Straight tatted up
(Straight Jehovah witness)
No doubt
(Islamic)
No doubt man
(Me, I'm a thug; thugs, we praise Black Jesus, all day)
Young Kadafi in this bitch, set it off nigga.
What?

[Kadafi:]
I do my shootings on a knob, prayin' to God for my squad
Stuck in a nightmare, hopin' he might care
Though times is hard, up against all odds, I play my cards
Like I'm jailin', shots hittin' up my spot like midnight rains hailin'
Got me bailin' to stash more greenGods; they ain't tryin' to be trapped
On no block slangin' no rocks like bean pies
Brainstorm on the beginnin'
Wonder how shit like the Qu'ran and the Bible was written
What is religion?
God's words or a curse like crack?
Shai-tan's way of gettin' us back
Or just another one of my Black Jesus' traps

[Storm:]
Who's got the heart to stand beside me?
I feel my enemies creepin' up in silence
Dark prayer, scream violence - demons all around me
Can't even bend my knees just a lost cloud; Black Jesus
Give me a reason to survive, in this earthly hell
Cause I swear, they tryin' to break my well
I'm on the edge lookin' down at this volatile pit
Will it matter if I cease to exist? Black Jesus

[2Pac:]
All hail, the pressure no endeavor can fail
Submissive souls turn to hoes when exposed to jail
In times of war we need somebody raw, rally the troops
Like a Saint that we can trust to help to carry us through
Black Jesus
He's like a Saint that we can trust to help to carry us through
Black Jesus

[Young Noble:]
Outlawz we got our own race, culture, religion
Rebellin' against the system, commence to lynchin'

The President ain't even listenin' to the pain of the youth
We make music for eternity, forever the truth
Political prisoner, the two choices that they givin' us
Ride or die, for life they sentence us
Oh Black Jesus, please watch over my brother Shawn
Soon as the sky get bright, it's just another storm
Brothers gone, now labeled a statistic
Ain't no love for us ghetto kids, they call us nigglets
History repeats itself, nuttin new
In school I knew, e'rything I read wasn't true
Black Jesus

[2Pac:]
To this click I'm dedicated, criminal orientated
An Outlaw initiated, blazed and faded
Made for terror, major league niggas pray together
Bitches in they grave while my real niggas play together
We die clutchin' glasses, filled with liquor bomblastic
Cremated, last wishes niggas smoke my ashes
High sigh why die wishin', hopin' for possibilities
I'll mob on, while they copy me sloppily
Cops patrol projects, hatin' the people livin' in them
I was born an inmate, waitin' to escape the prison
Went to church but don't understand it, they underhanded
God gave me these commandments, the world is scandalous
Blast 'til they holy high; baptize they evil minds
Wise, no longer blinded, watch me shine trick
Which one of y'all wanna feel the degrees?
Bitches freeze facin' Black Jesus

[2Pac:]
All hail, the pressure no endeavor can fail
Submissive souls turn to hoes when exposed to jail
In times of war we need somebody raw, rally the troops
Like a Saint that we can trust to help to carry us through
Black Jesus

[Kastro:]
Some say, some day, some how, some way, we gon' fail
And it ain't hard to tell, we dwell in hell
Trapped, black, scarred and barred
Searchin' for truth, where it's hard to find God
I play the Pied Piper, and to this Thug Life, I'm a lifer
Proceed, to turn up the speed, just for stripes
My Black Jesus, walk through this valley with me
Where we, so used to hard times and casualties
Indeed, it hurt me deep to have to sleep on the streets
And haven't eaten in weeks, so save a prayer for me
And all the young thugs, raised on drugs and guns
Blazed out and numb, slaves to this slums
This ain't livin'... Jesus

[Background overlapped singing:]
We believed in you
Everything you do
Just wanna let you know, how we feel

Black Jesus!
We believed in you
Everything you do
Just wanna let you know, how we feel
Black Jesus!
We believed in you
Everything you do
Just wanna let you know, how we feel
Black Jesus!

[Kastro:]
Searchin' for Black Jesus
It's hard, it's hard
We need help out here
So we searchin' for Black Jesus
It's like a Saint, that we pray to in the ghetto, to get us through
Somebody that understand our pain
You know maybe not too perfect, you know
Somebody that hurt like we hurt
Somebody that smoke like we smoke
Drink like we drink
That understand where we comin' from
That's who we pray to
We need help y'all

2Pac and Outlawz Lyrics

"Homeboyz"

[2Pac:]
Oh shit, caught that nigga alone. Ain't that a bitch?
Hey, uh, this one here is, uh for them niggas that be Johnny Dangerous when they be fuckin' 50 deep
But they be fuckin' cowards when they by theyselves
You know who I'm talkin' about
You know who I'm talkin' about, that's right
You ain't shit without your homeboys
You ain't shit without your homeboys
You ain't shit without your homeboys

[2Pac:]
Now, everytime I see you cats is rollin' in packs
For the life of me I cannot see why you don't know how to act
Love to clown when you deep, but when you on that solo creep out on the streets you don't hear a peep
Nigga, it's a God damn shame, somebody explain
Why they sent a Bad Boy to play a grown man's game?
Tear that ass out the frame, completely get that ass kicked
Woke up on the street, but you'll be sleepin' in the casket
How long will it last? Nigga, don't ask, just be first to blast
Outlaw on the mash, tryin' to be the first to see some cash
My shit's classic, like my nigga Nate
Go get the tape, we keep the nation anticipatin' until we break
Money made me evil, court cases got me stressed
Niggas aimin' at my head, but I still wear my vest
I don't give a fuck, motherfuckers, I'm loc
They all duckin' when my gun smoke
You ain't shit without your homeboys

[2Pac:]
You probably run at the sound of funk
I give a fuck, you niggas is punks
Without your homeboys you be the first to reach in your trunk
You scary niggas is punks
You ain't shit without your homeboys, nigga
(Punk ass.. that's right motherfucker)
You ain't shit without your homeboys
(Throw your hands up you little trick)
(a squared.. coward motherfucker)

[Young Noble:]
Like Yak said, how the fuck you gonna shoot me rocks?
When you got the Outlaw Pac shittin' your box
You was lookin' real weak walkin' down the street
Now a nigga 30 deep, oh, you wanna beef?
Talk cheap, shoot a nigga the fair one
Your homies like fuck it – what's this? You the only scared one
Damn, son, close call I bet
Now down around the way you gets no respect
They like that Outlaw nigga played you out
We could have took it to the fists, I would have laid you out

Niggas be actin' all different when they dogs come around
Watch 'em act like bitches when Outlawz draw down
They all clown, better yet they all stunned
You the type to have a gun and never blazed it once
Get y'all banana split, you ain't Emmanuel
Outlawz you'll never forget, Makaveli the Don get a call y'all
Turnin these streets into Vietnam
Where your homeboys?

[2Pac:]
You ain't shit without your homeboys
My thug niggas, I love niggas
From small time crooks to big-time drug dealers (without your homboys)
The only thing a nigga got left
I love my niggas to death, we ain't shit without our homeboys
(You know what time it is)
I ain't shit without my homeboys
(Hey, tell 'em the story how you came up, nigga)

[2Pac:]
Now, I was born alone, took my first joint and I got high alone
Now I'm an Outlaw nigga, I never die alone
Me and my niggas is so close, it's complicated
One nigga smokin' and drinkin', and yet we all faded
My nigga Edi had a son, we all happy
Cause now that little ridah got to deal with eight daddies
My niggas cry, we all cry, and all ride
To rectify the problem, motherfuckers, they all die
Been tryin' to make a million by hustlin since my adolescence
From crack dealin' to rap villain, my new profession
Who wanna see me at eight deep, fuck 3D
You coward ass motherfuckers'll never see me
Bustin' with automatic straps, my raw raps like good crack
Niggas fiendin', I got 'em comin' back. Until I die, they label me as a ridah forever, my niggas be together

Ain't shit without your homeboys
Thug niggas, I love niggas
From small time crooks to big-time drug dealers
Without your homeboys
The only thing a nigga got left
I love my niggas to death
We ain't shit without our homeboys
(without our homeboys)
Love my niggas to death
I ain't shit without our homeboys
Love you niggas to death
We ain't shit without our homeboys

2Pac and Outlawz Lyrics

"Hell 4 A Hustler"

Get on yo knees nigga, get on yo knees and pray

[2Pac:]
Increase the doses, bust on whoever closest
Thug livin', hell of prison, never losin' my focus
I'm makin' money moves mandatory, end of discussion
My past records tell a story, picture niggas with rushin'
And still bustin', 'til the cops come runnin', duck in abandoned buildings
Ditchin' my gun, homeboy the motherfuckin' villain
I live the lifestyles of drug dealers, but now legitly
So I laugh til I'm cryin', when the Lord come get me
No baby momma drama, nigga missed me
Why plant seeds in a dirty bitch waitin' to trick me
Not the life for me, livin' carefree 'til I'm buried
And if they dare me, I'll bust on them niggas, and until they scurry
I'm clearly a man of military means, to my artillery
Watchin' over me through every murder scene
From adolescence, to my early teens, thought we was gonna die
Sellin' dope to all the fiends, at times I wanna cry
And still, we try to change the past in vain
Never knowin' if this game will last, feelin' the shame
Of cocaine, the product of the devil, am I sellin' my soul
Got tired of small time livin' nigga tellin' me no
I got mine, fuck them other suckas
That's the mentality, jealous ass bustas make it hell for a hustler

[2Pac & Yaki Kadafi:]
Lord, help me change my ways (Lord!)
Show a little mercy on Judgment day (help me change my ways)
It ain't me, I was raised this way
I never let 'em play me for a busta, make it Hell 4 a hustler (why I was raised this way?)
Lord, help me change my ways
Show a little mercy on Judgment day (on a judgement days)
It ain't me, I was raised this way
I never let 'em play me for a busta, make it Hell 4 a hustler

[Edi Mean:]
Now in these last days and times I takes mines so serious
Gotta get that paper quickly and escape the sickness
If I fail, then I suffer, bein' broke is hell 4 a hustler
So I stay strugglin' and jugglin' with all the might I can muster
Since a youngster, been money hungry, moved in
One's five's and ten's was funny money
So I sets my sights bigger, four figures or mo'
Real nigga fo' sho', out in the cold for dough
What you thought? "all" is for lost homies in plenty battles
Last two years shed plenty tears and I'll send plenty at you
Let me catch you slippin' you soft niggas is outta here
In case you forgot we on the same shit that got us here

[Young Noble:]
Yo, to e'ry step I take, e'ry sell I make
E'ry jail I break, e'ry mill' I ate
Head to head, whoever hustle hardest
On the block duckin' charges, nigga fuck the sergeant
He got a job, all my bottles got a pinch of coke
Listen tho' I'm missin' dough I gotta gather mo'
Hell naw, dead blocks with red tops but now a nigga sell words
for all my young thugs in jail in Jerz
They made it hell 4 a hustler, I bails high as fuck son
Dyin' luck none supply us with much guns
I buck one, just to let you know that I can touch ya
Slangin' cracks or raps, still hell 4 a hustler

Lord, help me change my ways (Lord!)
Show a little mercy on Judgment day (help me change my ways)
It ain't me, I was raised this way
I never let 'em play me for a busta, make it Hell 4 a hustler (why I was raised this way?)
Lord, help me change my ways
Show a little mercy on Judgment day (on a judgement days)
It ain't me, I was raised this way
I never let 'em play me for a busta, make it Hell 4 a hustler

[2Pac:]
No insanity plea from me, I ride the beef 'til I burn
Censor me and bar your kids from the lessons I learned
And in turn I'm hostile, guess you can recall me antisocial
Niggas shakin' like they caught the Holy Ghost when I approach
Try to politic before I smoke 'em, like Sun Tzu
Niggas do unto these snitches, before it's done to you
And if the cops come arrest me in the evening
Best believe they comin' for my dogs in the morning
And if I die by a slug, the death of a true thug
Tell me will my niggas mourn me? Gettin' blowed out
High watch me murder the bird before he testify
Strikes walkin' close to my third, I live a troubled life
And if you dream, be a part of my team from Long Beach to Queens
Drug dealers to ex-fiends
Keep yo eyes on the prize, nigga watch for bustas
Either heaven or jail, it's still hell for a hustler

Lord, help me change my ways (Lord!)
Show a little mercy on Judgment day (help me change my ways)
It ain't me, I was raised this way
I never let 'em play me for a busta, make it Hell 4 a hustler (why I was raised this way?)
Lord, help me change my ways
Show a little mercy on Judgment day (on a judgement days)
It ain't me, I was raised this way
I never let 'em play me for a busta, make it Hell 4 a hustler

[2Pac:]
This is how we ride not knowin' if we'll live or die
Catch me rollin' with my motherfuckin' guns on the side
In case of drama, I'm the first to break wild 'til they all die
This is how we ride not knowin' if we'll live or die
Catch me rollin' with my motherfuckin' guns on the side

In case of drama, I’m the first to break wild until they all die, outlaw
Yes, change my ways yes, the Black Jesuz guide us through this
Weary weary weary weary, aight, only God can save us

2Pac and Outlawz Lyrics

"High Speed"

[E.D.I. Amin:]
High speed
For all my niggas livin' in the rush
Slow it down just a notch baby
It's goin' be alright, it's goin' be alright

[2Pac (E.D.I. Amin):]
Life at high speed, life at high speed
Fuck the punishment, Thai weed
(Buy me a gun), liquor and puffin' Thai weed

[2Pac:]
I live life High Speed
Slightly disillusioned by weed
I breed thug muthafuckas even worse than me
When I bleed, my enemies best to flee quickly
Harm me, my army
Niggas decease swiftly
Look at you now, why you wanna act out?
I pull the hammer back
Strike wit' a cannon that'll blow yo muthafuckin' back out
They blast but I'm still standin'
Slightly scarred
Deep questions for the lord "Why he don't like me, god?"
So, though my life was hard with no remorse
I absorb all lessons, provide protection for the boss
Rollin' in my double R, rugged and ruthless
Keep a vest through these hard times, knowin' it's useless
And my crew, we crooked, be mistaken for Jewels
We all about our cash, blast if you break the rules
Fools turned snitch for the D.A., be heaven-sent
Switched like a stone-bitch, turned state's evidence, why?
Then they wonder why niggas die
Put your family in danger, just to get high
Now, what the hell can we get from jail?
More tricks for the crime trade, this is hell
Bail out, a thug nigga fresh out the jailhouse
Open your safe count and take all the mail out
Whatever happens happens
Whoever falls dies
We fresh out of time, livin' blind, so we all ride
In times like these, chronic or Thai weed
Puffin' through this high speed
And people say...

[2Pac:]
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects

We goin' all night
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night

[Yaki Kadafi:]
Verbal assassin, I hit the corner fast, blastin'
Hot plastic stretch your chest plate back like elastic
No need to push me to split ya
I love beef, like pussy and pistols
For all you pussies that's softer than tissue
I ride by like the fall guy out the roof
Bustin' at you wise guy, gettin' high, sippin' hundred proof (yeah)
Give me the joints low to verdict wit' mine
Get that ass attacked, murdered, and robbed, blind from behind
Rapid shots pourin'
Catchin' niggas while they snorin'
Kickin' his door in
I'll leave your whole fuckin' family in mournin'
Bust me, you itchy-bitchy types can't touch me
Frontin' like you're hard
I'll play your fuckin' yard like a trussel

[2Pac:]
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night

[E.D.I. Amin:]
At times, I look through times wit' so much anger
Wonderin' why it keeps on passin', pushin' me into danger
No stranger to hard times or the good ones
At times I'm amazed
At what the motherfuckin' hoods done
What we do to get paid
All day, for the almighty, dollar
Don't even bother to holla
We all destined to be swallowed
By the same thing we lust for
Threw away our morals and values and dust more
Niggas is dying tomorrow
We, bailing on borrowed times
Nigga the clocks tickin'
Approachin' is the day you gonna need money or Glocks spittin'
Cops sittin', politicians passin' laws you ain't know what
Soon that money gon' be illegal when you die to
Keep your dough up

But I ain't goin' tell you "what?" to stop chasin' paper
Man, I'm just like y'all, I worry 'bout that shit later
Put the metal to the pedal, slash up nigga, blaze
Let's get blowed out high speed 'til the end of my days
Now my people say

[2Pac:]
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night
Whatcha gonna do when you get outta jail?
I'm gonna buy me a gun
Then what's next?
Food and sex, house parties in the projects
We goin' all night

[2Pac:]
High speeds (we goin' all night)
Life of an Outlaw, ghetto stars (we goin' all night)
(Yes) I'm gonna buy me a gun
Whatcha gonna do when you get outta jail?
(I'm gonna buy me a gun)
For my niggas on the West Side and the East Side
And the NorthSide and the SouthSide
(I'm gonna buy me a gun)
(Whatcha gonna do when you get outta jail?)
From Compton to Jersey
(I'm gonna buy me a gun)
Gettin' it real hard
Niggas in Michigan, (M.O.B nigga, M.O.B)
From Atlanta, Georgia to Utah
(Whatcha gonna do when you get outta jail?)
From St. Louis to Alabama
(I'm gonna buy me a gun)
From Mississippi to Oakland, from San Francisco to San Diego
Seattle to Florida
(Whatcha gonna do when you get outta jail?)
Maine to Mass, haha
(I'm gonna buy me a gun)

Food and sex
(Whatcha gonna do when you get outta jail?)
And it don't stop, and it won't quit
(I'm gonna buy me a gun)
And it don't stop, and it won't quit
And it don't stop, and it won't quit
(I'm gonna buy me a gun)
Then what's next?
Food and sex, house parties in the projects
We goin' all night
High speeds
And it don't stop, and it won't quit
(We goin' all night)
And it don't stop, and it won't quit
(We goin' all night)
And it don't stop, and it won't quit
(We goin' all night)
And it don't stop, and it won't quit
(I'm gonna buy me a gun)
And it don't stop, and it won't quit
(I'm gonna buy me a gun)
And it don't stop, and it won't quit
And it don't stop, and it won't quit

2Pac and Outlawz Lyrics

"The Good Die Young"

[2Pac:]
These some hard times we livin' in
Churches burnin', planes fallin' from the sky
Murder, the good die young
Hahaha, the good definitely die young
This is a lil' somethin'
To help you get through the day
If it could

[2Pac:]
It was more than a tragedy, emotions be grabbin' me
Plane fell from the sky, we tryna figure what happened
Burnin' churches, fearin' God, who can be so cruel
We all ignorant to AIDS 'til it happens to you
Just be a man, make plans, listen to your voice
A woman's tryin' to make decisions, we should leave them a choice
Cause who we to say who lives and die, breathes and stops
All this judgement on other lives needs to stop
What are we livin' for, givin' more back than takin'
On my knees still waitin' for my own salvation
Now I feel abandoned cause Pat Buchanan say I'm greedy
You can take my taxes, send me to war but can't feed me
It's so easy to regret thangs after they done
Babies catchin' murder cases scared to laugh in the Sun
The tragedies that we all need, love in doses
In times like these we feel closest the good die young

Does anybody have an answer why
(it times like these we feel closest)
It seems the good die young (the good die young)
Can anybody tell me why
(rest in peace, god bless the dead, and we carry on huh)
Can anybody tell me why
(the good die young)
Does anybody have an answer why (I ain't Quincy Jones)
It seems the good die young
(the good die young)
Does anybody tell me why
(Now we hear from the future, the next generation, tell me)
Does anybody tell me why

[Napolean:]
Now in my world will it get worse
When I been trapped since birth
But I had to sleep in a hearse, cause it was my bed first
My grands probably burnin' turnin' in they grave
Some folks ain't even get to see a high age
But they did, so I ain't afraid
And this money got me feelin' like a star
And this murder got me feelin' like my death ain't far

And the land of stolen cars, don't get no better
Don't get no weaker or no harder
I was raised in a rush without my moms and my, father
So tell me somethin'
If I grab my gat and get the dumpin'
Would God get to lookin' at me funny uhaha
Rest in peace to my mother Aquillah Beale
Rest in peace to my father Salek Beale
Rest in peace to my grandparents
And thug in peace to my brother Seike
You know I love you

[Young Noble:]
Which is worst, first Storm and then Al
Pac and then Yak
Regrey Brown
Coulda' sworn I seen ya face in a cloud
Family grievin' on your last breath
Close to the heart whether you know it or not
I swear the love won't stop
Jewel, that's my boo, Mom, Duke and Nu
From jump you kept it true
Helped to feed the crew
The good die young
Livin' fast jumpin' the gun
Mama blamin' the community for killin' her son
My cousin Darren wasn't scared of goin'
But never knowin' he was dyin' slower
I guess I see ya when I see ya soulja

Does anybody have an answer why (answer why)
It seems the good die young
Can anybody tell me why (tell me why!)
Can anybody tell me why

[Kastro:]
I know my life ain't promised
That's why the wise move in silence
Analyze these scandalous times
It's hard dogg but we managed
Schools turn to war zones
Even homes unsafe
Leavin' children to play caged and raged they hate
How come!, someone explain "why the good die young"
Why the bad die slow and outlive everyone
It's time somethin' is done
For our young kids
They growin' hopeless
That ain't the way to live
Tell me why

[E.D.I. Mean:]
Days go past and as they pass, time move, quicker
No time for wastin', put your hustle down my young dealers
Cause the end is nearer
But at least that's what they tellin' me

Hell, all I know brothers ain't ridin' 4-3 felony's
It's time to plan, plot, and strategize
Capitalize, mobilize
We in the war y'all
It's for all y'all
My family to the ones that stand me
Little bit mo' love is what's recommended
Yeah, and it's plain to see (plain to see)
The seeds from you and me
Gon' be the ones to lead us towards unity
That's if we treat them right
Man, teach them right
Raise your kids better than you was
And see what it does
But if you don't
Man, we sure to be dumb
And we'll all see exactly why the goods die young
(We ain't lyin' man)

Does anybody have an answer why (tell me why)
It seems the good die young (tell me why)
Can anybody tell me why
Can anybody tell me why
(the good die young)
Does anybody have an answer why (tell me why)
It seems the good die young (die young)
Can anybody tell me why (tell me why)
Can anybody tell me why
(the good die young)

[2Pac:]
I send this out for all my homeboys that passed away
And all yo' homeboys that passed away
I send this out to all the former fallen soldiers
That's in the cemeteries buried
Never got to see they dreams
For everything I touch you touch
For every step I take you take
For every breath I breathe you breathe
Every dollar I make you make
I told you we'd make it to the sunshine one day
You just got there a little quicker
But like my homeboys Thugs say
I'll catch ya at the crossroads
The good die young

This song is dedicated to all them
Young kids that died innocent
That died young
At Columbine High
Rest in Peace (Oklahoma)
Outlawz
(Lil' yummy Sandifer
Tasha Harlins, all them
All the fallen kids
The dead babies

The closed caskets)

2Pac and Outlawz Lyrics

"Killuminati"

[2Pac:]
Makaveli the Don, break on 'em!
Ah put ya, ah put ya hands on ya, hands on ya heater
Hands on ya, hands on ya heater, hands on ya, hand…

[2Pac:]
Let it be prophesized; niggas'll die because your crew's goon
Around the way niggas get murdered by the full moon
Heard it in whispered tones
Niggas is bold and they choose to roll
I kill 'em all, watch now, nigga, truth be told
Westside was the war cry, look how they scatter
Niggas dyin' by my 30-yard, brains'll splatter
Wonder why these niggas cross me, I'm certified crazy
So sick the world made me
Now diggy-die, every time I ride is for reasons
Hard to kill a nigga cause I'm comin' back like Jesus
Bow down to my ill nation, runnin' from drug cases
Lookin' at my congregation so full of thug faces
Momma gave a nigga breath, a life of stress
I invest in a vest and makin' niggas watch they every step
Label me a threat and I ain't even got started with this shit yet
Thug style, baby, hands on my pistol, listen
I'm a ridah, every nigga breathin' pay attention
'Bout to show you motherfuckers how it feel to drop a body
A simple glimpse of my lifestyle, Killuminati…

[(Kastro) 2Pac:]
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)

[2Pac:]
After the fire comes the rain, after the pleasure there's pain
Even though we broke for the moment, we'll be ballin' again
'Til I make it, yo, my military be prepared for them bustaz
Similar to bitches too scary, get too near me, we rushin'
Visions of over-packed prisons, millions of niggas thug livin'
Pressures and three strikes, I hope they don't test us
They pull the heat out, ammunition in crates
Psssh! Move without a sound as we slide down pistols in place

They got me fiendin' for currency, the money be callin'
It's like I'm - dreamin', seein' scenes of me ballin'
Participated in felonious behavior
Cock the cocked 45, snatchin' niggas pagers
Labeled a mark soon as we start, it was hard to quit
We started out drinkin' 40's, moved to harder shit
God damn, now I'm a grown man, I follow no man
Nigga got my own plan, and it's called Killuminati

[(Kastro) 2Pac:]
(Yo, Makaveli, they can't stop you)
(Killuminati and we got you, got you)
Killuminati
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)

[E.D.I. Amin:]
I spend most of my time bankin', niggas
Because they hate a nigga, comin' across fake niggas
But we made niggas, old school and I'm thinkin'
Y'all some bitch made niggas and you steadily sinkin'
O-U-T, L-A-W-Z, ain't nothing fuckin' with that
We bustin' back, comin' back for the stacks
Laugh last, cash cash, all I want is the paper
Givin' them fuckers tool whips, I rule haters
Y'all can't fade us, we kill, steal and peal quickly
The boss niggas, definitely, put it down strictly
E.D.I. Amin, until the law come for me
Kill 'em all for shorty, '99 Killuminati

[Kadafi:]
They got me thinkin' strugglin' and hustling's my only fate
Toppin' grams on the kitchen plate
Tryin' to keep that money straight
Times is rolling three up these streets sleep
But when I crack, hammer cocked back, rapped in my sheets
My life's been crossed, crooked since a seed
It hurts, got a package from the devil, payin' my deeds
Preoccupied by the greed in this crooked life I lead
More funds to spend or bigger guns to squeeze
Me and my thugs clock G's, sippin' naughty thangs
Real as these tats on my body, and it's Killuminati

[(Kastro) 2Pac:]
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!

(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)
(Yo, Makaveli, they can't stop you)
Hold it down!
(Killuminati and we got you, got you)

[2Pac:]
(Makaveli the Don until I'm gone, I maintain)
(Makaveli up in this bitch, worldwide mash, Westside
(Makaveli the Don until I'm gone, I maintain)
The question we ask, do you know what time it is?
You know what type of shit we be
(Makaveli the Don until I'm gone, I maintain)
You want that hip-hop real, it's that hip-hop that's real
Hold it down, hold it down! Hip-hop that's worldwide, feel?
(Makaveli the Don until I'm gone, I maintain)
Fuck with me, nigga, you get killed!
It don't get no realer than this
(Makaveli the Don until I'm gone, I maintain)
What's my motherfuckin' name, nigga?
My niggas, we all bad
(Makaveli the Don until I'm gone, I maintain)
What's my muh'fuckin name, nigga?
What's my muh'fuckin name?
(Makaveli the Don until I'm gone, I maintain)
Outlawz in this bitch, Death Row at its finest
(Makaveli the Don until I'm gone, I maintain)
Repeat! Death Row at it's finest
Nigga, you know what time it is
(Makaveli the Don until I'm gone, I maintain)… Outlawz…

2Pac and Outlawz Lyrics

"Teardrops And Closed Caskets"

(feat. Val Young)

(hahhh, hahaha) Hehehe, word
It's like all we got left – teardrops and closed caskets
(Throw it up, fool! Hey, nigga, haha)
Tell me how you feel, homie

[2Pac (Outlawz):]
(Yeah, it took a week to go down)
You recollects and see how crazy it sounds
The whole town's on a mission, adolescents (Penitentiary bound)
(Now introducin' Young Trigga)
Since birth, eyes set on gettin' bigger
Just another wild-ass nigga
(But he was fiendin' for Precious) WHAT?
(But Precious was a ghetto girl)
Couldn't be no sex without that gold Lexus
(But Lil' Trigga was heartbroken, he had to get his papers)
Seein' visions of people smokin' and niggas catchin' vapors
Got his man from around the corner (we call him Lil' Mo)
(Been in so many reform schools they had to let him go)
(Here's where the plot thickens)
They got a plot to make a profit with they Glocks spittin'
(They call the squad, hittin' blocks with they guns blowin')
(Somebody's gonna die tonight)
Still no one's knowin' so they kept goin'
Catchin' dealers comin' out they cars
(Will they survive? Two semi-automatic 9's)
(them niggas died)
(Plus nobody in the hood cries)
(It's like they celebrate to death and wish they could die)
So peep the lesson, but wait a minute, back to Precious
She's snortin' dope in the back seat of Trigg's Lexus
Teardrops and closed caskets

[Nate Dogg (2Pac w/ Outlawz):]
Will I... forever be... alone!?
(Teardrops and closed caskets)..
(Teardrops and closed caskets)
Will I... forever be... alone!?
(Teardrops and closed caskets)

[2Pac (Outlawz):]
(Don't let these ghetto streets get you), Precious
(was the victim, from a dime to a nickel)
Hopping God's blessings stick with ya
Picture the neighborhood kingpin, who's gettin' bigger
Familiar face, but a man now, it's Lil' Trigga
Now Lil' Mo was a soldier to the fullest
Down for his homies, always the first to spit bullets
(All he wanted was to be a thug)

(Never pictured his truest homeboy would fall in love)
(Here's where it gets ya)
Now Precious is pregnant, Lil' Trigga is happy
He wants to marry her now (not knowin' he ain't the daddy)
But Precious was lonely, while Lil' Trigga was makin' dough
(She's slippin' in secret places and gettin' with Lil' Mo)
The neighborhood's buzzin', now people are talkin'
Lil' Trigga's gettin' pictures of the both of 'em walkin'
(Hand in hand, couldn't understand)
How his baby's mama could disappear with another man (and his best friend)
Now jealousy's dangerous, and if you don't believe me
Then watch the way that this story ends and maybe you'll see
There ain't no heroes or villains, ain't no pleasure in killin'
Just the smoke from the cap peelin', a man with no feelings
(Teardrops and closed caskets)

[Nate Dogg (2Pac w/ Outlawz):]
Will I... forever be... alone!?
(Teardrops and closed caskets)
(Bury you dead and look ahead)
(a man with no feelings)
(Teardrops and closed caskets)
Will I... forever be... alone!?
(Teardrops and closed caskets)

[Outlawz:]
Now with the problems of poverty and the tricks to these tales
How many people'll die? How many'll live to tell?
Although best friends before, Lil' Trigga and Mo
They in an all out war, over a fiend they ain't know
Behind the curtains their privacy lust is already laid down
The results is the same with different names and it turns out

[2Pac:]
Y'all know how it is, same old thing in the same old town
Lil' Trigg got his nose wide open on this one trick
Now he's played out

[2Pac (Outlawz):]
Think it's Lil' Mo (was plottin' plans on gettin' bigger)
(Precious was his way to put his hands on Lil' Trigga)
All the while let's look at Precious, too dumb to see what's goin' down (too doped up to ask questions)
Used to be comrades (but now we blast on sight)
What could be so bad? (God, will we last tonight?)
From misdemeanors to felonies, small-time to sellin' ki's
I can't believe the shit they tellin' me
They opened fire, three bodies dropped, so call the cops
(Precious, Lil' Mo and Trigg – teardrops and closed caskets)

[Nate Dogg (2Pac w/ Outlawz):]
Will I.. forever be.. alone!?
(Teardrops and closed caskets)
Will I.. forever be.. alone!?
(Teardrops and closed caskets)
Will I.. forever be.. alone!?
Will I.. forever be.. alone!?

(Teardrops and closed caskets)
Will I.. forever be.. alone!?
Will I.. forever be.. alone!?

[2Pac:]
Aye, QDIII in this motherfucker
We dedicate this to all the fallen comrades (that's right)
All the homies that didn't make it to see this day
(rest in peace)
Yaknahmean? I know it's hard out there, heheh
With teardrops and closed caskets
It's like that's all we got to look forward to these days
Murders, brothers dyin', funerals
Shit, it's like I done ran out of suits, homie
I done ran out of tears
Know we gon' have to do something y'all
We gon' have to do something
'Cause I know all these mothers is tired of seeing the same thing (rest in peace)
I send this out to Mutulu and Geronimo
And to all the fallen comrades, all the soldiers
(to the homie Boonie, rest in peace, nigga)
All the homies that fell, all the homies
May God bless your families
May you always live in the motherfuckin' heart
In a thug nigga's heart forever (that's right)
Rest in peace, nigga
May your enemies be deceased, dead on the streets
We can't have peace 'til the niggas get a piece

2Pac and Outlawz Lyrics

"Tattoo Tears"

[2Pac:]
Live back at 'cha Westside baby
Aight fuck it, we gone flip some new shit now
You heard "All Eyez on Me," niggas know what time it is
(Makaveli the Don) 'Pac do it like that
Rhyming and stealing, selling five million
(Outlaw... ninety-nine)
Fresh out on bail, niggas still can't see me
(Napoleon, E.D.I, Young Noble, Fatal Hussein)
That's how it is
Now we got a new motherfuckin' plan, and a new mission
(Makaveli the Don, Greg Nice, Outlaw - Outlaw)
Competition, so they say, these niggas is gay
(Outlaw - Outlaw)
Blast me? It could never happen
At least not while I'm walking and rapping
Heard of some niggas on the other side of town who wanna ride wit me
(Throw ya hands up, hands up)
They can't hide, listen to the rough shit, my click
(Throw ya motherfuckin' hands up)

I said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been handling stress in this shit for years
Blazed out shedding tattooed tears; now, I
Said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been handling stress in this shit for years
Blazed out shedding tattooed tears

Now, Rock-a-bye baby, I'm thugged out and so crazy
Don't want to hurt a soul nigga, so don't make me
I got a dream to see my whole team in Lexus Coupes
My enemies dead n buried, now the stress is through
But that's a dream, though it seems like reality; there'll
Never be peace long as there's fiends on these Cali streets
Even on the other side brothers die, but ride
Niggas get high off a slow form of suicide
Hide the closest thoughts, the war is fought as casualties
I live my life to fucking mo', expound tragically
How can we find some peace and niggas still ain't get a piece
I know I'm probably hellbound, but we got to eat
I'm seeing Satin infiltrating; my military mind
Make me hustle all the time, go out for cash making
Forgive my adversaries they don't understand what we go through
To become a man, we shedding tattooed tears

[2Pac + Young Noble:]
I said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)

I been handle stress in this shit for years
Blazed out shedding tattooed tears; now, I
Said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been handling stress in this shit for years
Blazed out shedding tattooed tears

I said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been, handling stress in this shit for years
Blazed out shedding tattooed tears; now, I
Said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been, handling stress in this shit for years
Blazed out shedding tattooed tears

[2Pac:] Thugged out baby!

[Young Noble:]
We don't shed tears we shed blood
Do you still wanna be a thug? HUH? WHAT?
We don't shed tears we shed blood
Do you still wanna be a thug?

Yo, criminal ways of thinking made me crave Abe Lincolns
The days I spent stinking caught victims on the weekends
Seeking a better path, expose a better half of me
Blast for me, the task after me
For a few years shedding tattooed tears
Like Gram' Sammy, we feuding for the whole damn family
We scarred up, homies is barred up for mad time
Outlawz locked down for some past crimes
Fast dimes made my stash grow smaller
Your block ain't no harder, fake baller

[Napoleon:]
Nigga it's like this
I been thuggin just for the cause of it
Out to get all of it, but I'll never loose my balls and shit
And it's all for the pressure
That'll make me cock my shit up off the dresser
Made nigga mafia of course my niggas gonna test ya
Answers to the questions, bullets to my Smith N' Wesson
Still stucked up in a fuck session, Jersey where the niggas flexing
Po-po's guessing if the stolen car gonna do a drive-by
Wet em up from his shoulders, leave him bye-bye
Now mama cry-cry, but it ain't my time to either die-die
So ask me why-why, but I feel that God owe me my life
For the things he did, but I turn my pleasure into sin
Blazed out shedding tattooed tears

I said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been handling stress in this shit for years
Blazed out shedding tattooed tears; now, I
Said many times busters still can't see

Y'all niggas can't fuck with me (Outlaw)
I been handling stress in this shit for years
Blazed out shedding tattooed tears

[Kadafi:]
Shit... ain't no unity in my community it's do or die
Seein' my opportunities through these bars of hell while getting high
As life replays like time; underhanded schemes
To get that cream and thangs while living this life of crime
My enemies want me squeezed
They get dumped like 3's, with 57 wasted at they knees
Please beware we thugs revolution size
Criminals dare be last mental me institutionalize
Locked down, got many shell shocked, now
Holding down fort like I'm stuck in court cell block style

[Kastro:]
Yo I been losing sleep, stay awake way past late
Visions of killers en masse at the blast mayne
As I lay here gatted down and tatted
Knowing now it's hard to slow down for a addict
It's been years of struggling, guzzling beers
Beefin and never even, ain't no love in the air
And I suffer my shit in hell, talking to the heavens
Walking through the valley of death with my fellas
I lost a lot, starting with hope I tried
And for every tattoo I got a moment I cried
I'm through with the lies, the two in my eyes, yell pain
Step in my shoes, nuttin to lose, but my brain
I'mma hold it down tho', with all the struggle to bear
Ain't nothing to fear, crying these tattooed tears
Come on...

I said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been handling stress in this shit for years
Blazed out shedding tattooed tears; now, I
Said many times busters still can't see
Y'all niggas can't fuck with me (Outlaw)
I been handling stress in this shit for years
Blazed out shedding tattooed tears

2Pac and Outlawz Lyrics

"U Can Be Touched"

[Napoleon talking:]
Life… What the fuck is life for niggas like us?
Been wakin' up to another muthafuckin' day
I'm the type of soldier
A nigga that seen everything in my mothafuckin' eyes
I seen my parents get killed to my mothafuckin' eyes
I seen my brother kill himself in my eyes
I seen 'Pac, Yak die in the struggle in my eyes
So I know anybody can be touched, you know what I mean?

[Napoleon:]
Oh God, forgive me, somebody please say a prayer for me
Needed my parents, but they was never there for me
Believe in everything they feed me, I'm seein' demons
I wake up screamin', who believe me or was I dreamin'?
Five fingers on the .45 chrome
Dead aim at my brain, infrared with no lights on
I ain't afraid to die, I want to see what's after this
I'm livin' blind, writin' rhymes 'til they capture this
And if we die, let the world understand why
Soldier my eyes, hate to see a young thug cry
They seein' us inside a casket, that's how they see us
Oh God, forgive us ghetto bastards, we human beings
They leavin' us inside this hell-hole
Just waitin' to fail, so then they tell us that's what jail fo'
Adolescent young teens turned violent
It's floatin', in a world turned silent, cuz you could be touched

[2Pac:]
Young niggas in the wild life
Criminal mind of a juvenile, still live a child life
Thinkin' he can make his pay, too in a rush
Niggas better slow down cause you can be touched
Young niggas in the wild life
Criminal mind of a juvenile, still live a child life
Thinkin' he can make his pay, too in a rush
Niggas better slow down cause you can be touched

[E.D.I.:]
I live life high speed, movin' a million miles per hour
Towards my destiny, makin' decisions carelessly
Yeah, it's me, yo' nigga man child
Bomb first, stand proud, ain't lookin' for hand-outs
25 years up in this bitch
And I'll be damned if I ain't leavin' rich and leave my kids a grip
I let my blood drip off in this thug shit, you can be touched
I catch you slippin' while I'm on a money mission
Like right now, 30 dollars to my John Hancock
Try to get more so my shit don't flock
I lick off shots for everything they owe me

And when it's my time to go I pray the Lord hold me

[Kastro:]
I was born in the city that never sleeps
Schooled by the realest of the real niggas that ever breathed
And I was big when I was young
And now I see that I was dumb
My nigga, Lonnie just got hit with 10
10 years for trustin' a friend, they left him stuck in the Pen'
I love him, we all here just to die here
Plus, nobody cares what got here
Touched by a angel and kissed by the Lord
Praise the thug ways and I'll never be bored
Touched, by a angel and kissed by the Lord
Y'all praise the thug ways, so forever it's on, baby

[2Pac:]
My young niggas in the wild life
Criminal mind of a juvenile, still live a child life
Thinkin' he can make his pay, too in a rush
Niggas better slow down cause you can be touched
Young niggas in the wild life
Criminal mind of a juvenile, still live a child life
Thinkin' he can make his pay, too in a rush
Niggas better slow down cause you can be touched

[Young Noble:]
Why grieve this life, planted by the fiends and pipes?
Green lights so I'm seein'-seein' everything twice
Pretty much of nothin' nice, we suckin' it up
Even when we get a job, we fuckin' it up
Like it can't happen to us, I could never be a bum
Yeah, right, you wound up one
God forbid I'm touched, y'all keep livin' it up
Look and learn, next it could be your turn… word

[Kadafi:]
Yes, this a felonies' hobby that got me here, thinkin' robbery
Day to day all year long, Teflon protects my body
It's such unimportant in this criminal cartel
I'm caught and supportin' me
So in these streets of hockey I play the goalie
Secrets of war licks, and score shit
Share between clients and homies
Remember what Pacino told me
Before he past, watch them clowns with them crocodile smiles
Cause they phony, I get that cash, stay lonely
And I'm point like a thong, and it's survival of the strong
Livin' outside the laws of this crooked world I was born
Touched…

[2Pac:]
My young niggas in the wild life
Criminal mind of a juvenile, still live a child life
Thinkin' he can make his pay, too in a rush
Niggas better slow down cause you can be touched

Young niggas in the wild life
Criminal mind of a juvenile, still live a child life
Thinkin' he can make his pay, too in a rush
Niggas better slow down cause you can be touched

2Pac and Outlawz Lyrics

"Y'all Don't Know Us"

[Young Noble:]
Yo, I can see, that you obviously, don't know me
Or my homies We O-U-T Lawz, fuck the phonies
A wise hustler once told me
"It's on you", though in his dreams when he first told me
Now it's true, I got love for you
Only to a certain extinct, niggas ain't worth shit
Cops and ride dick permits
I heard this and heard that about them O-U-T Lawz
Some of them soldiers got shot, some of them soldiers fell off
Fuck y'all now everybody tied to us
Hollerin' out a nigga name, but never said what up
That shit critical, despicable, unforgivable
[?] like I blew yo' own, fan won't remember you
Thuggin' but we still spiritual, clear lyrical
I'm like the fuckin' Deff Squad, my ears ain't hearin' y'all
Pump fearin' y'all, but damn I ain't even wantin' to scare y'all
Listen to what I tell y'all, fuck the world
Your baby moms, and your baby girl
You muthafuckas so fake, yo they made me wanna earl
Blake, hate snakes thug hatin' the degree
Outlawz on a paper chase, can you relate
Thug niggas

[Young Noble:]
We, will never, fall
Through it all, we'll always stand tall
Cause in the end we'll be remembered as some young muthafucka soldiers
And if you believe in that shit that you heard
Y'all don't know us, y'all don't know us

[Napoleon:]
Now I've been trapped down, and fucked from day one
This indestructible style of mine, ain't no fun
Where I'm from, you sure to see about 10 niggas in a bedroom
Eatin' off the same spoon, sweepin' with the same broom
It's hazard, if you don't want yo life, well give me grab it
I was born inside a love zone, with a Glock-nine young marriage
It's critical
Then one of them sat down livin' so mystical
And influenced with a heart full of anger it's so ridiculous
So give me some with 21-gun soldier salute
With a 19-inch black handle snake knife in my boots
Straight from the strong, thug to your life
Right into yo' wrong, I'll put the good to yo' evil
I'm the shells to your chrome, you dig that?
I'm life, I'll bring the moon to your night
I'll put the dick to your wife
And I'm the Jesuz of your Christ
You dig that? Respect this

I'll bring the end to your claw
I'll bring the loc to your heart, and I'll put the snoop on yo dogs
You hear me?
We follow, this little bullet so hollow
I can promise that ecstasy ain't promised tomorrow
With this two man mades, me and my soul death astrayed
I watch my parents get blowed away
Now look what it made
I'm something to face
This ludacy then with me, then with chemistry
Got my eyes on you, the first time you cross me
I'll be fryin' you, cause y'all don't know me

[Young Noble:]
We will never fall
Through it all, we'll always stand tall (Why)
Cause in the end we'll be remembered as some young muthafucka soldiers

[E.D.I.:]
When we was kids, the lovin' felt good
But of course have the respect, though it's even better
Now for this chedder, niggas is layin' deader
Then Malcom and Martin, put together
Oh Lord only knows, where we'll end up
Remember
'Pac said: Watch the fuckin' signs
But we wasn't listenin', too busy tripping off his shine
Now one time for my muthafuckin' Outlawz
Napoleon, Noble, and Kastro, may we all roll
And if you don't know, we got the rap game petro
Scared cause we 'bout to release, like heavy metal
Nationwide, underground, we runnin' the ghettos
Stealin' all of ya fan base, like we kleptos
Bitch I can't let go
I been strugglin' too long, thuggin' too long
And niggas is stealin' my shit, and bustin' it wrong
Hot shots holla back, when you get 'em
Outlawz'll sic 'em, bustin' back at the system
Military wisdom, preparin' myself for Armageddon
Breakin' my balls at this game, knowin' it's a dead end
And my only weapon is my believe that I'm superior
Yeah, we the muthafuckas you niggas is liery off
Controlling my steam, knowin' my team, to serve more
Fuck the reframe, stick to the game and earn more
Holdin' my head, rollin' the head with focus
Laughin' inside, cause deep inside, y'all don't know us

[Young Noble:]
We will never fall
Through it all, we'll always stand tall (Why)
Cause in the end we'll be remembered as some young muthafucka soldiers
And if you believe in that shit that you heard
Y'all don't know us, y'all don't know us
We will never fall (Never)
Through it all, we'll always stand tall
Cause in the end we'll be remembered as some young muthafucka soldiers

And if you believe in that shit that you heard
Y'all don't know us, y'all don't know us

[E.D.I. talking:]
Ain't never know niggas like us boy
They don't make niggas like us no more
Thug in Peace... to all my niggas (Never)
See ya soon... uh

2Pac Lyrics

"Ballad Of A Dead Soulja"

Yeah, ballad of a dead soldier
This is the ballad of a dead soldier
This is the ballad of a dead soldier
Come play the ballad of a dead soldier

The plan, to take command of the whole family
Though underhanded, to be the man it was planned
All my road dogs, official mob figures
Love to act up, the first to bomb when we rob niggas
I can be lost in my own mind
To be the boss, only thought's: grip on chrome 9's
Niggas get tossed up, war scars, battlefield memories
Swore I saw the devil in my empty glass of Hennessy
Talkin' to a nigga on a tight leash
Screamin' "Fuck the police!" as I ride through the night streets
Little child runnin' wild, towards danger
What's the cause? Don't be alarmed, death to all strangers
Maybe I'm a madman
A pistol grabbin' nigga, unleash the Sandman
Promise a merciless retaliation, nothin' is colder
Close your eyes, hear the ballad of a dead soldier

[Singing + 2Pac:]
Thug for Life, I will be
This is the ballad of a dead soldier
A life of crime I will lead
Close your eyes, hear the ballad of a dead soldier
If you play the game, you play to win
This is the ballad of a dead soldier
It's a crazy world full of sin
Close your eyes…

Completely lost, revenge at all costs
Payback's a bitch, switched, now the trick's crossed
Tossed up and never to be heard of
A single witness screamin', "Bloody murder, murder!"
Blast, tell me, homie, what you see now?
A blind man and a dead body, I'm ready to leave town
And get my cash though, hook up with Kastro
Homie had to blast on the task force
Stupid coppers tried to play us out, never that
They took my money and my stash; time to get 'em back
Upon my secret arrival
Two glock four-fives, time for survival
Death to my rivals, tell me, what you want, Lord?
Nobody left after the death of a drug lord
The situation's critical
Nothing is colder, than hear the ballad of a dead soldier

[Singing + 2Pac:]

Thug for Life, I will be
This is the ballad of a dead soldier
A life of crime I will lead
Close your eyes, hear the ballad of a dead soldier
If you play the game, you play to win
This is the ballad of a dead soldier
It's a crazy world full of sin
Close your eyes and hear the ballad of a dead soldier

Be a coward, put yo' hands to the moon
When my Glocks rang out, the niggas came out, BOOM!
Who wanna see me in a challenge?
So merciless, I'm terrifyin' niggas in my ballads
Do you feel me? Capo or Capi-tan
One day I'll be the Don; until then, remain strong
My only fear of death is reincarnation
Bustin' at my adversaries like a mental patient
To all my niggas facin' 60 years
Sheddin' tattooed tears, another suicidal on the tier
Takin' private planes, tryin' to survive the game
For all my homies that'll never be alive again
All they promise us is death, nigga
Take a breath, come be the last one left, nigga
It's real now, feel it or fantasize it, ain't nuttin colder
Listen, you can hear it – the ballad of a dead soldier

[Singing + 2Pac:]
Thug for Life, I will be
This is the ballad of a dead soldier
A life of crime I will lead
Close your eyes, hear the ballad of a dead soldier
If you play the game, you play to win
This is the ballad of a dead soldier
It's a crazy world full of sin
Close your eyes and hear the ballad of a dead soldier

This go out to Kato, Mental, all the niggas that passed away
Mutulu, Geronimo, Seyku – all the down-ass riders
All the niggas that put it down, all the soldiers
All the niggas that go through that day-to-day struggle
(This is the ballad of a dead soldier!)
All the niggas that passed on
All the niggas with ambition and money in they heart
All the niggas that want some and that don't take none
Hahaha (It's the ballad of a dead soldier!)
The police are so scared of us
All the feds they aware of us
They wanna see us dead
They got pictures of a nigga head, (Ballad of a dead soldier!)
Tryin' to see me in chains, shit
Them niggas'll never breathe again
Before they put me in a cell, they'll see me in Hell
('Cause it's the ballad of a dead soldier!)
Got my pistols cocked
Run the whole motherfuckin' block; fuck the cops!
The police? We run these streets, nigga

(Ain't heard the ballad of a dead soldier!)
These niggas can't see me, half the world wanna be me
Multi-millionaire; shit, it ain't fair
But nigga, you know – it's the ballad of a dead soldier!

2Pac Lyrics

"Fuck Friendz"

[2Pac:]
Pawhoo hoo hoo hoo
Live from the graveyard
I don't wanna be your man, bitch, (fuck that) what you crazy
I don't wanna be your fuckin' man
You stupid you fuckin' idiot (drunk ho)
I wanna be
Yo let me fuck that nigga down
What's that?
Ay yo what you doin' with that big ass
My ghetto love song (hahaha)
Set it off, set it off
Let's be friends
Where my niggas at
Where my niggas, where my niggas
Where my niggas at, all my real niggas (throw your muthafuckin' hands up)
Where my niggas, where my niggas
Hahahaha yeah (lets go lets go)
Let's be friends (throw ya hands in the air)
There's no need to front (let's see ya just throw ya hands in the air)
Let's be friends…
(Westside in this motherfucker right here, Westside)
(throw ya hands in the air)

[2Pac:]
Approach you and post a minute, arm on my double-R tinted
As you pass bye, winkin' my eye, freshly scented
What's the haps, baby? Come get with me and perhaps, lady
You can help me multiply my stacks, baby
Currency seems small, I need companionship
Through with that scandalous shit, I bet your man ain't shit
So why you hesitatin', actin' like yo' shit don't stink?
Check out my diamonds, bitch, everyone gonna blink
This be a thug thang, Outlaw nigga with riches
Cream dreamin', motherfucker, on a mash for bitches
Check my résumé, sippin' on Cristal and Alize
Smokin' on big weed, keyed the Cali way
Don't like trickin', but I'll buy you a fifth
I can't stand no sneaker-wearin' nappy head bitch
Let my pedigree, read briefly, they're so cheap
Puttin' bitch-made bustas to sleep with no grief
Mash on my so-called cum, who the man?
While I'm tuggin' on your main bitch head
Understand this: Ain't no nigga like me, fuck Jay Z!
He broke and I smoke daily, baby, let's be friends

[Singer (2Pac):]
Let's be friends (Where my niggas at? C'mon!)
You ain't gotta be my man at all
Long as you just bring me your friends

(All my niggas, where my hoes at?)
Why you trickin' on them other hoes?
Let's be friends! (Where the bitches at?
Where the niggas with money? Where you at, baby?)
You ain't gotta be my man at all
Long as you just bring me your friends (Cash makin' hoes)
Why you trickin' on them other hoes? Let's be friends

[2Pac:]
I met you and I stuttered in passion
Though slightly blinded by that ass
It was hard to keep my dick in my pants
Every time you pass got me checkin' for you
Hardcore, starin' and watchin'
Me and you, one on one, picture countless options
Was it prophecy? Clear as day, visions on top of me
Erotic, psychotic, would possess bubonics
Far from a crush, I wanna bust your guts and touch
everything inside you from my head to my nuts
You got me sweatin' like a fat girl goin' for mine
Just a skinny nigga fuckin' like she stole my mind
Back in time, I recall how she used to be
I guess money and fame made you used to me
What's up in 9-6? Fine tricks in drag
Fuck Dre! Tell that bitch he can kiss my ass!
Back to you, my pretty ass caramel queen
Got my hands on your thighs
Now let me in between as friends

[Singer (2Pac):]
Let's be friends (Westside, motherfucker, right here)
You ain't gotta be my man at all
Long as you just bring me your friends
(Westside in this motherfucker)
Why you trickin' on them other hoes?
Let's be friends (Westside in this motherfucker right here)
You ain't gotta be my man at all
Long as you just bring me your friends
(In this motherfucker right here)
Why you trickin' on them other hoes? Let's be friends

[2Pac:]
Can you imagine me in player mode? Rush the tricks
I got her ready for a booty call, I fucked your bitch
Was it me or the fame? My dick or the game?
Bet I scream "Westside!" when I came (Westside!)
Scream my name 'cause, baby, it's delicious
Ghetto weak spot for pretty bitches up and down
Similar to switches
My movement, baby, let your back *[?]* it
Make it fluid, in and out, all around when a nigga do it
You got me high, let me come inside!
I love it when you get on top, baby, let me ride!
Who wanna stop me? Am I top notch?
Fuck player hatin' niggas, 'cause they cockblock
You probably hate to see a real thug with vision, what's the game?

Rather see a nigga up in prison, why you change?
Made a livin' out of cuss words, liquor and weed
A bad seed turned good, in this world of G's
Baby got me fantasizin' seein' you naked
It's the fuck song, so check my record, and let's be friends
Where my niggas at? Show me where my niggas at?
Where my bitches at? Thug style!

[Singer (2Pac):]
Let's be friends (Where my niggas at? Where my bitches at?)
(Throw yo' guns in the air!)
Friends… (My ghetto love song!
It goes on and on and on and on)
Let's be friends (Where my niggas at? Where my bitches at?)
(Where my niggas at?)
Friends… (Where my niggas at? Where my bitches at?)
(Where my people at? Let's be…)

[2Pac:]
Where my people at? Show me where my people at!
Where my people at? Show me where my people at!
All my niggas now, just my niggas come!
Where my niggas at? Just my niggas now!
Be friends, tell me where my niggas at
Be friends, tell me where my bitches at
Be friends, tell me where my people at
Be friends, tell me where my bitches at
Make money, take money, be friends

[Singer (2Pac):]
Let's be friends (Get your cash on! Let's get dough!)
You ain't gotta be my man at all
Long as you just bring me your friends
(C'mon, get your cash on!)
Why you trickin' on them other hoes?
Let's be friends (C'mon, get your cash on! Let's get paid!)
You ain't gotta be my man at all
Long as you just bring me your friends
(C'mon, get your cash on!)
Why you trickin' on them other hoes? Let's be friends

[2Pac:]
Make money, take money!
Make money, take money!
Make money, take money!
Make money, take money!
Make money, take money!

2Pac Lyrics

"Lil' Homies"

Fuckin' lil' homies…
Everybody duckin', my fuckin' lil' homies
Lil' homies…
Everybody duckin', my fuckin' lil' homies

Just pay attention; here's a story 'bout my lil' homies
Straight thuggin', lil' bad young motherfuckers
Gotta love 'em, you could catch him in his G ride, clutchin' his Glock
Screamin', "Outlaw!" (West Side motherfucker!), bustin' on my enemy's block
Educated on these cold streets
Gettin' money, makin' dummies out the police
Ain't no peace, for an adolescent nigga too wild, to be a thinker
Bud smokin' 24/7, everyday drinker
Got my diploma, but I never learned shit in school
Mo' money, mo' bitches, mo' murder, fool!
Always the young niggas gettin' in shit
She wouldn't stop to conversate, so you called her a bitch (biatch!)
Bustin' on paper thin motherfuckers
Drinkin' gin before you get to sinnin' on them busters
Emptied his clip, passed by like he didn't know me
Everybody duckin', my fuckin' lil' homies

Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight (my lil' homies)
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets
Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight (my lil' homies)
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets

I remember, when you was just a lil' G, flirtin' with death
Playin' "Russian Roulette", screamin', "Kill me!"
Hey there, young nigga, what you smokin' on?
Mad at the world 'cause you came from a broken home?
Love the squad, plus your mob is sick
A bunch of adolescent niggas spittin' major shit
Tell me, young nigga, if you die, let me know
Would your heart feel pain, watchin' as your mother cries?
Will all your homies ride?
Or will they all get high, and talk about how you died?
Young niggas on a mission to compete
Gettin' G's, packin' heat, bringin' havoc to the fuckin' streets
Nobody knows why he took a fo'-fo'
And unloaded on the whole front row (BUCK! BUCK!, BUCK BUCK)
Try to tell him, but he act like he don't know me
Pull out his pistol and he show me; my lil' homie

Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight (my lil' homie)
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets (my lil' homies)
Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets

"First 2 Bomb", "16 On Death Row"
Bustin' on them phony motherfuckers
'Cause the big homie said so
Niggas knew I was a nutcase, quick to blast
Livin' underage, but he'll blaze on your bitch-ass
Is there a heaven for a G?
And if it is, will I finally get to be at peace?
On these streets ain't no peace
Shell-shocked souls makin' money off of crack sales, young black male!
Unable to change, 'cause it's a cycle
Plus nobody knows the evil that they might do
Lil' Moo, Big Yak, K. Kastro
Big Malcom, Hussein, call 'em Outlawz
Tellin' the world to be equipped
When these young motherfuckers rip shit, they don't quit
Drew down on me, pulled a pound on me
Bust like he didn't know me; my lil' homies

Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets
Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets
Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets
Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight
Lil' homies on the mash
Runnin' from these punk police
'Cause lil' niggas run the streets
Lil' homies on the ride
Niggas gonna die tonight, let's get high tonight
Lil' homies on the mash..

Whassup nigga let's do this shit! My lil' homies!
Lil' bad-ass motherfuckin' adolescent niggas! My lil' homies!
What the fuck you niggas wanna do? WHAT NIGGA? My fuckin' lil' homies

Sixteen, fifteen, thirteen, my fuckin' lil' homies
Juvenile delinquents ready to BUST on you motherfuckers
What the fuck you niggas wanna do nigga?!
Nigga take yo' shit on, lil' homies!
We robbin' motherfuckers nigga, Thug Life, Outlawz! West Side!
You know what time it is, my lil' homies!
You know what the fuck you gotta do nigga, Outlawz nigga
My lil' homies..

Rock, your body body, rock your body body
Rock, your body body, rock your body body
Rock, your body body, we came to

[SKG:]

Daddy rock a player body 'til I tell you to stop
Hit the right spot if not leave money and kick rocks
I'm a thug ho, I need a thug nigga up beside me
A player that can ride me, a cat that can rob me
Make a jazzy ho like me bust a sweat
Hit it from the back, grab me by my neck, demand your respect
I'm not a on my back ho, I ride the dick and hit it 'til it cold
Bustin' fits of nuts, get 'em up
I'm a Sagittarius freak, my real hoes feel me
Legs open wide, nigga dick inside
Like Barry White "Tonight's the Night" for you to hit it doggie style
Lay me on my stomach while I'm countin' them hundreds
Fake bitches wanna front like they don't wanna keep it real
You know you want a thug nigga just to see how it feel

Lick a nigga down silly, your body next to me
I could touch you inside, and you'll cry
So good when a nigga leave, you'll die
My mama told me baby be a man put it on her

2Pac Lyrics

"Good Life"

(feat. Big Syke, E.D.I. Mean)

[2Pac:]
I was so money orientated, initiated as a thug
Fiendin' for wicked adventures, ambitious as I was
Picture a nigga on the verge of livin' insane
I sold my soul for a chance to kick it and bang
Now tell if I'm wrong
But sayin' "Fuck the world" got you deeper in my songs
Drinkin' 'til I earl, spendin' money 'til it's gone
It's the good life - maybe niggas got it goin' on
Now maybe if I died, and came back, wouldn't have to slang crack
Addicted to the game, so obviously we came strapped
Please forgive me for my wicked ways, fuck a bitch
Bad Boy niggas eat a dick a day, bumpin' this
Lord have mercy it's a slaughter
So wicked that my tracks is wettin' niggas like it's water
I learned my lessons as a thug in these wicked ass hood fights
But I'm a baller now, nigga, I live the good life

[2Pac:]
This is the good life, fuck my foes
God bless the dumb niggas that, trust the hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't die
See, we live the good life, fuck my foes
God bless the dumb niggas that, trust these hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't die

[Big Syke:]
No one knows what the, future holds, for you
Haha, listen closely
They say reach in yo' heart and you'll find your mind
Every day in the streets, got my foresight blind
My after time is narrow, peepin' down the barrel of a foe
Just a nigga or a killer I don't know so
Who makes the call will I fall a victim like the rest?
Slug in the chest, one in the dome and make sure I'm gone
Send me home all alone in these cold streets
In desperation constantly drinkin' and I can't sleep
Neck deep strugglin' tryin' to survive
Some wanna die I wanna stay alive, eyes on the prize
Let me modify this whole region
I declare this sucker duckin' season, give me the reason
Why I should change, into a softie
.. after livin' so loftily
It cost me my soul out of control in a devil's world
Me, my niggas, and my girl - livin' the good life!

[2Pac:]

We live the good life, fuck my foes
God bless the dumb niggas that, trust these hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't die
Uh ha, We live the good life, fuck my foes
God bless the dumb niggas that, trust these hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't die

[E.D.I.:]
I spend my days and nights not knowin' if, strays in flight
Gon' finally catch me, it's the good life, can you hear me?
Clearly over the edge, soon as I wake up
Last night we off the hook, doin' way too much
But it's the fast lane only, big dealin' big ceilin'
All for the money, some kill some squeal
All for the money, most ain't even real
But we still call 'em homies, now what the fuck is that?
Fake love, fake thugs are, all in the game
I watch 'em all plot and fall while we come up and gain
Outlaw never surrender is the call when you hear us comin'
Bitch nigga get to runnin' 'fore my click get to gunnin'
Still in the midst of all the stress and pain
We still tryin' to get a hold of the game
Livin' that good life

[2Pac:]
We live the good life, fuck my foes
God bless the dumb niggas that, trust these hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't die, uh
We live the good life, fuck my foes
God bless the dumb niggas that, trust these hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't, uh
We live the good life, fuck my foes
God bless the dumb niggas that, trust these hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't die, uh
This is the good life, fuck my foes
God bless the dumb bitches that, trust these hoes
Found a way to stack money guaranteed to rise
And live the good life, 'cause thug niggas don't die

2Pac Lyrics

"Letter 2 My Unborn"

To my unborn child…
To my unborn child
In case I don't make it
Just remember, Daddy loves you

Now ever since my birth
I've been cursed, since I'm born to wile
In case I never get to holla at my unborn child
Many things learned in prison, blessed and still livin'
Trying to earn every penny that I'm gettin', I'm reminiscin'
To the beginning of my mission
When I was conceived and came to be in this position
My momma was a Panther: loud single parent, but she proud
When she witnessed baby boy rip a crowd
Went to school, but I dropped out and left the house
'Cause my mama say I'm good for nothing, so I'm out
Since I only got one life to live, God forgive me for my sins
Let me make it and I'll never steal again or deal again
My only friend is my misery
Wanting revenge for the agony they did to me
See, my life ain't promised, but it's sure getting better
Hope you understand my love letter, to my unborn child

[Natasha Walker:]
I'm writing you a letter
This is to my unborn child
Want to let you know I love you
If you didn't know I feel this way
'Cause I think about you every day
I have so much to say

Seems so complicated to escape fate
And you can never understand till we trade places
Tell the world I feel guilty for being anxious
Ain't no way in hell that I could ever be a rapist
It's hard to face this cold world on a good day
When will they let the little kids in the hood play?
I got shot five times, but I'm still breathin'
Living proof there's a God if you need a reason
Can I believe in my own fate?
Will I raise my kids in the right or the wrong way?
Dear Mama, I'm a man now
I wanna make it on my own, not a handout
Make way for a whirlwind prophesized
I wanna go in peace when I got to die
On these cold streets, ain't no love, no mercy and no friends
In case you never see my face again, to my unborn child

[Natasha Walker:]
I'm writing you a letter

This is to my unborn child
Want to let you know I love you
If you didn't know I feel this way
'Cause I think about you every day
I have so much to say

Dear Lord, can you hear me? Tell me what to say
To my unborn seed in case I pass away
Will my child get to feel love?
Or are we all just cursed to be street thugs?
'Cause being black hurts, and even worse if you speak first
Living my life as an Outlaw – what could be worse?
'Cause maybe if I tried to change
Who'm I kidding? I'm a thug 'til I die; I'm a rider, mane
Touch bases, eat lunch in plush places
Regular criminal oasis awaits us
If there's a ghetto for true thugs, I'll see you there
And I'm sorry for not being there
Just know your daddy was a soldier: Me Against the World
Bless the boys and all my little girls
To the Lord: I'm eternal, resting in peace
Please take care of all my seeds, to my unborn child

Please take care of all my kids and my unborn child
To my unborn child…
This letter goes out to my seeds that I might not get to see 'cause of this lifestyle
Just know your daddy loved you
Got nothing but love for you
And all I wanted was for you to have a better life than I had
'Cause I was out there on a 24 hour 365 grind
When you get to be my age, you'll understand
Just know I got love for you
And I'll see you if there's a ghetto in Heaven
If there's a ghetto Heaven, I'll be there waiting for you
Heh heh, take care. Run wild, but be smart
Follow the rules of the game
I know sometimes there's confusion
Rules of the game is gonna get you through it
All day every day
Watch out for these snakes and fakes
Friends come a dime a dozen
Be an individual, work hard
Study, get your mind sharp, trust nobody

2Pac Lyrics

"Breathin'"

(feat. Outlawz)

[2Pac:]
Who'll be the last motherfucker breathin'?
Tell me, nigga, tell me
Who'll be the last motherfucker breathin'?

[2Pac:]
Stressed, but busta free
Enemies give me reason
To be the last motherfucker breathin'
Bustin' my automatic rounds
Catch 'em while they sleepin'
Now I'm the last motherfucker breathin'
Stressed, but busta free
Enemies give me reason
To be the last motherfucker breathin'
Bustin' my automatic rounds
Catch 'em while they sleepin'
Now I'm the last motherfucker breathin'

[2Pac:]
Woke up with 50 enemies plottin' my death
All 50 seein' visions of me shot in the chest
Couldn't rest, nah, nigga, I was stressed
Had me creepin' 'round corners, homie, sleepin' in my vest
Shit, I'm like a hostage on this troubled block; call the cops
A thug nigga screamin', "Westside!", bustin' double Glocks
Hittin' corners in my Chevy Suburban
Liquor got me drivin' up on the curb
Hand on the steerin' wheel, swervin'
Bless me, Father, I'm a sinner, I'm livin' in hell
Just let me live on the streets
‘Cause ain't no peace for me in jail
Gettin' world-wide exposure
With a bunch of niggas that don't give a fuck
Ridin' as my soldiers
I just release 'em on a war path, not your average dealer
Westside, Outlaw; Bad Boy killer
Complete my mission, my competition no longer beefin'
I murdered all them bustas
Now I'm the last motherfucker breathin'

[2Pac:]
Stressed, but busta free
Enemies give me reason
To be the last motherfucker breathin'
Bustin' my automatic rounds
Catch 'em while they sleepin'
Now I'm the last motherfucker breathin'

[Young Noble:]
Make sure I hold my position, stand firm in the dirt
For all my soldiers gone, we burnin' the Earth
Outlawz, worldwide, we packed the block
Shootin' rocks at the kid, I'll bust back for Pac
Ask Yak, he'll tell you that it's hell down here
Stale down here, too many jails down here
Why you act like you don't hear me? Young Noble
Outlaw 'til these motherfuckers kill me; I'm still breathin'

[Napoleon:]
Now, we was raised, "Fuck this life," my wrongs, my rights
Holdin' on a tight grip, with death in my sight
And the dark is my light, I'm cynical, sleep walkin' as a true
Walk around town, with a pound full of bitter food
Came a long way from my born day
Dead away where there's war play
Fuck friends! I'll say, rather die for my A-K
With these fag ass niggas, see-through-glass ass niggas
Only-ride-my-dick-and-the-skin-of-my-mash ass niggas

[2Pac:]
Stressed, but busta free
Enemies give me reason
To be the last motherfucker breathin'
Bustin' my automatic rounds
Catch 'em while they sleepin'
Now I'm the last motherfucker breathin'

[Kastro:]
I walk around with a knife in my back
Talkin' 'bout a bad day; I live a life like that
It's severe, and I'm losin' my hair, bless a hooligan
Catch me, I'm fallin' out flat, yo, I'm ruined, and
Breathin' in sewer stench, no one give a fuck about me
I learned to like it like that when I was still in Mommy
The side of the city that the Devil run from
In the belly of the beast
That's where the fuck we come from; and still I'm breathin'!

[E.D.I. Mean:]
And still I'm totally wasted, they want me to face this
Just lost two of my closest na'r, one of y'all can take this
But I'm Makaveli trained, simple and plain
We number one, motherfucker, 'bout to do it again
Shit, Pac still doin' it, you hoes can't ruin it
Two million every time he drop, I know you fuckers losin' it
We movin' in, for the kill, for a meal, holdin' steel
Hold the wheel
I'm 'bout to give these niggas something they can feel
Fakin' real, but we the raw and uncut
Style-bitin' thug lyin' niggas, give it up!
We hit 'em up

[E.D.I.:]
And we still breathin' and we still breathin'…

(Who'll be the last motherfuckers breathin'?)

[2Pac:]
Tell 'em! Nigga, tell 'em! (And we still breathin'…)
Who'll be the last motherfuckers breathin'?

[2Pac:]
Stressed, but busta free
Enemies give me reason
To be the last motherfucker breathin'
Bustin' my automatic rounds
Catch 'em while they sleepin'
Now I'm the last motherfucker breathin'
Stressed, but busta free
Enemies give me reason
To be the last motherfucker breathin'
Bustin' my automatic rounds
Catch 'em while they sleepin'
Now I'm the last motherfucker breathin'

2Pac Lyrics

"Happy Home"

[2Pac:]
Home man, hey (what's up). Let's turn this house into a happy home
This for all the homeboys that couldn't get they happy home
Let's turn this house into a happy home
Long as one of us got it, some of us got it
Let's turn this house into a happy home
You know how that is, stay down for mine
Outlaw, look

[2Pac:]
Now we've been kickin' it for quite some time
Remained beside me through my trials in this life of crime
We done fought so many times I forgot to count
I never hit you, not a coward, rather leave your house
Remember back in December when we was tight?
Sippin' Alize and Cristal, whylin' every night - in my bedroom!
Promised that I commit to you soon
Tongue-kissed me every time you seen me step inside a room
Straight out the hood
We promised to be good to each other, plus I love you
So I know you gon' make a good mother
Just try to understand if I change in time
It's only 'cause I never owned anything that's mine
So I'm trying you can stay with my momma but keep the drama to a low
Never call the police, I never call you bitch or ho'
We were all born hungry in this world alone
Finally moved out my mom's house, and got a happy home

[Singer (2Pac):]
Happy home.
(let's turn this house into a happy home)
Happy home.
(finally made it out my mom's house, got a happy home)
Happy home.
(turn this house into a happy home)
Happy home.

[2Pac:]
Born through hard times, ghetto child of mine
I wonder if you have to suffer for your father's crimes
To be honest it's a hard road
Just keep your faith in God, knowin' you'll get scarred though
Look at him walkin' and talkin', a lil' child with my eyes and mouth
Father watch over lil' seeds, help me guide them out
Had to change my whole lifestyle, married my baby's momma
Made her my wife now, I'm tryin' hard y'all
Maybe in time I'll be a better man
Watchin' the older couples, handle it like veterans
Show me the meanin' of forever and together we rise
If it would help our child grow, then together we'd die

Why - question my love, it's so easy to see
Without my family all I'm left with is a shadow of me
After all the arguments, and the nights alone
Now it's time to live the good life, inside a happy home

[Singer (2Pac):]
Happy home.
(turn this house into a happy home)
Happy home.
(finally got to live the good life inside a happy home)
Happy home.
(turn this house into a happy home)
Happy home.
(Happy home)

[Singer (2Pac):]
All these problems got me going
We got a family, of our own
I just wanna happy home
(turn this house into a happy home)
No man's made to stand alone
I promise I won't do you wrong
I just want a happy home
(finally made it out my mom's house, got a happy home)

[Singer (2Pac):]
Happy home.
(turn this house into a happy home)
Happy home.
(finally got to live the good life inside a happy home)
Happy home
(turn this house into a happy home)
Happy home.
(finally made it out my mom's house, got a happy home).
Happy home.
(Hey, haha, turn this house into a happy home)
(Long as one of us got it, some of us got it)
(Turn this house into a happy home)

2Pac Lyrics

"All Out"

(feat. Outlawz)

[Kastro (Napoleon):]
We goin' all out, we goin' all out
We goin' all out
Watch your motherfuckin' mouth, niggas!
(That's right, fuck these fag niggas!)
Do it, do it, do it!

[2Pac:]
Come hell or high water, down to slaughter opposers
Just another lost soul, stuck, callin' Jehovah
Outlaw 'til it's over, brandish my strap, back like a cobra
I stay drunk, 'cause I'm a mad man whenever sober
On a one-man mission, my ambition's to hold up
The rap game, while I pluck holes in niggas, like donuts
And still down to die for all my soldiers, like hillbillies
They don't fear me, so we feud, bringin' war to the city
With each breath, death before dishonor
Never let you swallow me, no apologies, your honor
A general in war, I'm the first to bomb
With a squad of trusted killers
Quick to move shit heavily armed
I'm similar to Saddam, sometimes I question who's sane
Like fiends frantic for that last vein, stuck in the game
I hit the scene like sandstorms, then transform, watch me
I take the figure of 30 niggas who all got me
While bitches wonderin' who shot me
No love, keep a grudge, shootin' slugs like Muammar Gaddafi
Murder my friends, build a new posse
We takin' shots at paparazzi, go and fly now, nigga, like Rocky
You got a lot of nerve to play me
Another gay rapper, bustin' caps at Jay Z
(Buck buck buck buck buck!) And still avoid capture
While y'all caught up in the rapture, still after me
I'm in Jamaica, sippin' daiquiris, no doubt
We used to havin' nothin'
Then grabbin' somethin' and bustin'
Wanted to be the thug nigga that my old man wasn't
I can't tour, fear of catchin' cases, litigation
Niggas playa-hatin', got me crooked in all fifty states
I'm screamin', "Death Row!"
Throw my Westside, ain't no thang
We was raised off drive-bys, brought up to bang
We claim mob, M.O.B., if you be specific
We control all cash from Atlantic-Pacific
And get this: I'm hard to kill when I peel with this live spot
Father, how the hell did I survive these five shots?
Live it up or give it up, and like demons
Late night, hear them screamin', "We goin' all out!"

[E.D.I.:]
We goin' all out, bomb first 'til they fall out
Take them the war route, without a doubt
Ball, which means we all ride if it's on
Each nigga handle your own, bring it on strong
If you got bills to pay, nigga, go all out
Bustas playin' with your papes better go all out
Tryna see the next day, nigga, go all out
Obstacles in your way, you better go all out

[Napoleon:]
I'm on my last leg, walkin' through the belly of the beast
Feelin' like I'm all out, drunk as can be
It's plain to see, that we mob niggas hidin' in bushes
Claimin' that they ride rough, but they softer than cushion
They softer than bitches in the worst way, drownin' in blood
Outlawz, my blood brothers, I'd die for these thugs
Say hi to this slug, it's a shame how some niggas on the West Coast was ridin' with 'Pac, but when he died, they went pop
I'm out in Jers, to the fullest, like some West Coast love
But after 'Pac stopped rappin', it ain't no West Coast thug
Just West Coast slut
To my real niggas stuck in the street game, 'cause rappers like Jay Z be pumpin' Kool-Aid through they veins
Is it true what I'm sayin'? Slap your soft ass to the floor
And watch my fo'-fo' put peek holes through your door
I ride or die, but these other fag niggas be bitin' this
It's all from my heart when I was writin' this; all out!

[E.D.I.:]
We goin' all out, bomb first 'til they fall out
Take them the war route, without a doubt
Ball, which means we all ride if it's on
Each nigga handle your own, bring it on strong
If you got bills to pay, nigga, go all out
Bustas playin' with your papes better go all out
Tryna see the next day, nigga, go all out
Obstacles in your way, you better go all out

[Kastro:]
Now, we all ride, and down to die; who with us?
Speak up, or get treated like you comin' to kill us
They ain't nothin' but squealers
In this rap game, swearin' they rough
Tattooed up, and now them niggas swearin' they 'Pac
Stop that, and watch your back, we ain't forgot 'bout ya
These Glocks hot, and when shot, it'll bring the bitch up out ya
It's me, Kastro with the goattee
Walkin' like a OG, 'cause all these fag motherfuckers owe me
I pray to thug lords, like them motherfuckers holy
Frontline soldier, 'til the Heavens call me
I go all out, and if you real, you real
Feel what I'm talkin' 'bout, 'cause this game is ill
I live it, forbidden fruit, shoot, 'til they feel it
Livin' proof, Pac breed niggas they can't deal with
Holla back, right back, and watch your mouth
Or get blood in it, what; we goin' all out, nigga!

[E.D.I.:]
We goin' all out, bomb first 'til they fall out
Take them the war route, without a doubt
Ball, which means we all ride if it's on
Each nigga handle your own, bring it on strong
If you got bills to pay, nigga, go all out
Bustas playin' with your papes better go all out
Tryna see the next day, nigga, go all out
Obstacles in your way, you better go all out

[E.D.I.:]
Fool, you better go all out
Keep goin' all out
All my niggas goin' all out
Without a muthafuckin' doubt
Aye, you niggas just gon' think you gon' be uh
Talkin' slick on all of these motherfuckin' records
And we ain't gon' say shit
Now it's 1999, it's a different grind
Don't disrespect the Don
It's still war, motherfuckers
So let's see you act like you know

2Pac Lyrics

"Fuckin Wit The Wrong Nigga"

Niggas fuckin' with the wrong nigga

My seductive introduction be specific
Still elusive, but exclusive's what I give you when I kick it
And I'm still lifted; niggas can't get with Mr. Wicked
Picture me flippin' my adversaries, gettin' the dick swiftly
Niggas is swingin' wild, but they styles miss me
You can bring that bitch, but your whole click will still get treated shitty
Business never personal
I'm up before the sun come up, I'm tired
Just a ghetto star, a drop top double-R is what I'm ridin'
Nigga, if you was half the man your bitch was
Bring yo' artillery when you come for me, 'cause we sick thugs
No hesitation when I pull and blast, 'cause Syke was bustin'
Plus, Bo had 'em duckin', screamin', "Get they cash!"
So now I got the law on me
My phone's tapped So I had to send word through my lil' homies
Tell them niggas this the year when they pull the trigger
Shit, this is what you get, for fuckin' with the wrong nigga

This is what you get
When you fuckin' with the wrong nigga
Hehehehe, yeah, nigga, peep it

Before I lay me down to sleep, I pray and thank the Lord
For givin' me another fruitful day
I wanna be a peaceful, man, but still when niggas come for me
All I can see is gettin' 'em killed
For real, it's how I feel
Reflect my thoughts, flowin' on these reels
Make my enemies deal with my steel; they caps peeled
We still cool, but you played yourself
Give him the MAC and make him spray hisself, hey
Fallin' legends clutchin' chrome three-five-seven
Puttin' two bullets to they dome, wanted to die in Heaven
Why call in shots? Nobody really as clear as me
Ain't tryin' to help the feds get a case for conspiracy
Murder, my foes get disposed of
We all homies to the death, so my true niggas show me love
God, forgive me for my lifestyle, a negative figure
But why they fuckin' with the wrong nigga
You know?

It's like, why you fuckin' with the wrong nigga?

I was raised by thugs, schooled by killers
Learned my mathematics skills from real drug dealers
Tried to rise, but they tried me
I guess they all had to die, 'cause we tried peace
I die in these streets

Blast 'til they recognize
Still do or die, all my niggas gettin' high, watchin' time fly
Best strategize on the way to profit
Best organize how you ride, so they can't stop it
Then keep it poppin', lot of busters wanna see me fall
I fucked your bitch, and now this new shit, gon', fade 'em all
My niggas ball, made a call for some back-up
For lil' homies and my dogs in the black truck
"Buck buck" was the sound as they gats burst
No need for ambulance, baby, bring the black hearse
Should've never fucked around, buster
How you figure makin' moves on the wrong nigga

It's what it sounds like, ding ding ding.
When you fuckin' with the wrong nigga
Niggas gettin' hit, when they fuckin' with the wrong nigga
Fuckin' with the wrong nigga

Thanks to Deadeye11w, jdrzblazza1 for correcting these lyrics.

2Pac Lyrics

"Thug N U Thug N Me (Remix)"

(feat. K-Ci & JoJo)

[2Pac:]
Ay come on JoJo ('Pac, hahaha)
Yeah that type of shit (maybe it's the thug in me)
You know what time it is (maybe it's the thug in me)

[2Pac:]
By age thirteen I was buckwild, good at my knuckle game
Made it through a tough childhood never be the same
Walked in my daddy's shoes
No time to be a peaceful man had to shatter fools
That's 'til I put my eyes on you
God damn, sweetheart you got some thighs on you
Now I can't wait to get you home, get you all alone
In my bedroom, baby can we bone, and get it on
Tell me lady how you like me
and if you want it harder baby, come and bite me
but do it lightly; cause that excites me to let it pop
And if you lick me right, I'll do it all night
Only got fucked by a drug dealer
Never felt the real passion of a thug nigga (haha)
Though I like the way you scream when you lovin' me
I'm goin' deep, it's the thug in me
So whatchu sayin' girl?

[K-Ci & JoJo (2Pac):]
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna put in you (maybe it's the thug in you)
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna give to you girl (Maybe it's the thug in you)

[2Pac:]
Moan baby when we bone it's on
It's so strong niggas in the next room'll cum
I got ya head swingin'
Tongue kissin', as I hit it from the back with the bed ringin' (haha)
Give me space, as I lick ya face, stick the place
Synchronize so I drive when they kick the bass
Love fuckin' in tha mo'nin'
I get ya wet and bust a sweat, then I'm gone
Left you on yo' own girl
Tell me what you feel like
Blindfolded, I'm cold do it real nice - that's if it feel right
Maybe it's the thug in me
I pull ya hair while we fuckin' in the chair, when ya lovin' me
Up against the wall, you can have it all; just try
Bet my kiss, to get you high, don't pass by
Grab me by my nuts when I'm lovin' you

Now open up and let me put the thug in you

[K-Ci & JoJo (2Pac):]
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna put in you (maybe it's the thug in you)
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna give to you girl (Maybe it's the thug in you)

[2Pac:]
Say baby what's your phone number?
Be warned, I'm like a storm with my own thunder
I make the room rumble, in and out long stroke
Hold ya breath now, close your eyes deep throat
Did you like it? Oh I'm excited!
Cause it's a party in my bedroom, you're invited
C'mon now, let me see ya shake your rump
Tell me, how long will it take to cum
Havin' fun, do it one on one and we can all get involved
First y'all do me, then I'll fuck y'all
When you call me the next day
to get sexed by a nigga in the best way
Yeah baby it's a price to pay
Only play in the fast lane
When you a hustler, motherfuck a cash came
I gotcha goin' wild, cause I'm lovin' you
Drugged out with this motherfuckin' thug in you

[K-Ci & JoJo (2Pac):]
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna put in you and you
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna give to you girl (Maybe it's the thug in you)
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me
That I wanna put in you and you (Maybe it's the thug in you)
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna give to you girl

[Singing:]
Gotta be a thug in ya (thug in me)
A little bit of thug in me, a little bit of thug in ya
A little bit of thug in me
I hold a lot of thug in me, you hold a lot of thug in ya
I hold a lot of thug in me
I hold a lot of thug in me, I hold a lot of thug in ya
I hold a lot of thug in me
Now c'mon, I hold a lot of thug in me
Hold a lot of thug in you, hold a lot of thug in me
C'mon, hold a lot of thug in me
Gotta be some thug in ya, gotta be some thug in me
C'mon, hold a lot of thug in me

I gotta be some thug in ya
Can you feel it?
I hold a lot of thug in me, I gotta be some thug in ya
Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah
Do you want it?
I hold a lot of thug in me, feel like some thug in ya

[Collision over singing:]
I don't wanna talk, I don't want no explanations
I don't got no motherfuckin' explanations, y'knahmsayin?
It's the thug in me
Don't be askin' why I'm pullin' your hair
And why I fuck so motherfuckin' thuggish
That thug passion, y'knahmean?
Bitch, no mercy
What you scared of? Didn't you come over here to get fucked?
You ain't come over here for me to be
Strokin', and all that bullshit
You came over here to get fucked
Shit, if I ain't fuck you thug style
Bitch you'd leave my house talkin' bout, "2Pac can't serve me"
Won't have me crossed up in that bullshit, hahaha
Turn over! Maybe it's the thug in me!

2Pac Lyrics

"Everything They Owe"

(feat. Timothy)

[2Pac]
Imagine if we could go back
Actually talk to the motherfuckers that persevered (hehehe)
I mean the first motherfuckers that came in the slave ships
(Hey, excuse me, excuse me) Y'know? (Look)

[2Pac]
We back for everything you owe, no longer oppressed
Cause now we overthrow those that placed us in this rotten mess
But let's agree on strategy and pick out enemies right
Who stands accused of the abuse my own, kind do right
Pardon, not disregardin' what you thinkin' but you must abandon ship
Cause once I rip your whole shit is sinkin'
Supreme ideology, you claim to hold
Claimin' that we all drug dealers with empty souls
That used to tempt me to roll, commit to violence
In the midst of an act of war, witnesses left silent
Shatter, black talon style, thoughts I throw
It remains in your brain then of course it grows
Maybe, even your babies can produce and rise
Picture a life where black babies can survive past five
But we must have hope, quotin' the reverend from the pulpit
Refuse to turn the other cheek we must defeat the evil culprit
Lace me with words of destruction and I'll explode
But supply me with the will to survive, and watch the world grow
This ain't bout talkin' 'bout problems, I bring solutions
Where's the restitution, stipulated through the constitution
You violated, now I'm back to haunt your nights
Listen to the screams, of the lives you sacrificed
And in case you don't know, ghetto born black seeds still grow
We comin' back, for everything you owe

I'm comin' collectin' the shit that belong to me
Motherfuckers are runnin' and duckin'
I'm a crazy nigga on a mission wit' a bad mentality
Armed with missiles guns grenades
Pull out the pin, free I'm comin'

[2Pac]
How do you plead Mr. Shakur, how do you plead?
How do I plead?
Yes sir, how do you plead?
Shit, you know how I plead
C'mon!
Psssh

[2Pac]
Not guilty on the grounds of insanity it was them or me
Bustin' at my innocent family, say they lookin' for ki's

I was home alone, blind to the prelude
Bust in, talkin' bout, "Where is the quaaludes?" What you say fool?
Where in the hell is the search warrant?
No feedback is what he uttered, before he screamed "Nigga motherfucker"
Dropped me to my knees, I proceed to bleed
Sufferin' a rain of blows to my hands and knees
Will I survive, is God watchin'?
I grab his gat and bust in self-defense, my only option
God damn!
Now they got me goin' to the county jail
And my family can't pay this outrageous bail
Try to offer me a deal, they told me if I squeal
Move me, and my people, to a mansion in Brazil
Not me, so this is how it ends, no friends
I'll be stressed and they just, repossessed my Benz
Told the judge it was self-defense, he won't listen
So I'm bumpin' this in federal prison, givin' everything I owe

I'm comin' collectin' the shit that belong to me
Motherfuckers are runnin' and duckin'
I'm a crazy nigga on a mission wit' a bad mentality
Armed with missiles guns grenades
Pull out the pin, free I'm comin'
I'm comin' collectin' the shit that belong to me
Motherfuckers are runnin' and duckin'
I'm a crazy nigga on a mission wit' a bad mentality
Armed with missiles guns grenades
Pull out the pin, free I'm comin'

2Pac Lyrics

"Until The End Of Time"

(feat. RL (Next))

[2Pac:]
Perhaps I was addicted to the dark side
Somewhere inside my childhood witnessed my heart die
And even though we both came from the same places
The money and the fame made us all change places
How could it be? Through the misery that came to pass
The hard times make a true friend afraid to ask
For currency, but you could run to me when you need
And I'll never leave, honestly
Someone to believe in, as you can see
It's a small thing to a true, what could I do?
Real homies help you get through
And come to knew he'd do the same thing if he could
'Cause in the hood, true homies make you feel good
And half the times we be actin' up, call the cops
Bringin' a cease to the peace that was on my block
It never stops, when my mama ask me will I change
I tell her "Yeah," but it's clear
I'll always be the same; until the end of time

[R.L. Huggar:]
So take these broken wings
I need your hands to come and heal me once again
(Until the end of time)
So I can fly away, until the end of time
Until the end of time, until the end of time

[2Pac:]
Please, Lord, forgive me for my life of sin
My hard stare seem to scare all my sister's kids
So you know, I don't hang around the house much
This all night money making got me outta touch
Shit, ain't flashed a smile in a long while
An unexpected birth worst of the ghetto childs
My attitude got me walking solo
Ride out alone in my lo-lo
Watching the whole world move in slow-mo
For quiet times, disappear, listen to the ocean
Smoking 'Ports, think my thoughts, then it's back to coastin'
Who can I trust in this cold world?
My phony homie had a baby by my old girl
But I ain't trippin', I'm a player, I ain't sweatin' him
I sexed his sister, had her mumble like a Mexican
His next of kin, no remorse, it was meant to happen
Besides rappin' the only thing I did good was scrappin'
Until the end of time…

[R.L. Huggar:]
So take these broken wings

I need your hands to come and heal me once again
(Until the end of time)
So I can fly away, until the end of time
Until the end of time, until the end of time

[2Pac:]
Now who's to say if I was right or wrong
To live my life as an outlaw all along?
Remain strong in this planet full of player haters
They conversate, but Death Row full of demonstrators
And in the end, drinking Hennessy
Made all my enemies envy me
So cold when I flow, eliminatin' easily
Falls to they knees, they plead for they right to breathe
While beggin' me to keep the peace (haha)
When I conceive closer to achieve
In times of danger, don't freeze, time to be a G
Follow my lead, I'll supply everything you need
An ounce of game and the training to make a g
Remember me as an outcast Outlaw
Another album out, that's what I'm about, more
Getting raw 'til the day I see my casket, buried as a G
While the whole world remembers me, until the end of time

[R.L. Huggar:]
So take these broken wings
I need your hands to come and heal me once again
(until the end of time)
So I can fly away, until the end of time
Until the end of time, until the end of time

"Big Syke Interlude"

(feat. Big Syke)

[Big Syke:]
Thug life, microphone check
Outlaw microphone check
Where you bitch niggas coming from?
You don't know, look like you a seed
From Makaveli The Don

I can hear your style, sounds like Makaveli The Don
2Pac, my nigga
So much trouble in the world nigga
These niggas can't feel your pain
Thug life, outlaw forever
Oh you bitch niggas

The hardest nigga
Ever to touch this microphone
Got you bitch niggas trailin' his tail
I don't know if you catch up, but yet and still
Keep trying nigga, keep trying nigga
Thug life, Outlaw forever nigga
Eternity, infinity
So remember Makaveli The Don
His thug life lives on

"My Closest Roaddogz"

(feat. Timothy, Shiro)

Here me and my closest road dogs
To my dog named Mussolini (you know it dog)
Big Syke (Westside)
Thug Life, baby (outlaw)
The return of the mashers, you know how we do it
Hahaha!

Shit half the times we fought and caused trouble
My closest road dog it was cool cause I love you
Fuck what they talkin' bout
Let me take you back in time, rewind to eighty-nine
Introduced me to this life of crime, but we was blind
Little nappy-haired juveniles, livin' wild
No smiles on our faces, thirteen catchin' cases
Indeed, it was misery
Driven by my own demons, cause they was killin' me
How can I be sure I'll be saved soon?
Catch me dip into the light, of a stray moon
It's gettin' deeper now, let me get yo' mind right
Fuck yo' enemies, nigga grip yo' nine tight, tonight's the night
Murder murder Mr. Lucifer
Pictures of the devil DUCK when he shoot at cha, it's all political
Runnin' from the future, escapin' in the fog
Live yo' life like a hog nigga, me and my closest road dogz

Every ghetto street got a crosswalk
Let me get to the other side with my road dogz
(me and my closest road dog)
All roam in the scary place called home
Take a second victim and if they all gone, my closest road dogz
Every ghetto street got a stop sign
Can I trust in you my road dogz on mine?
Even when I'm goin' through hard times
I still got my closest road dogz lookin' out for all mine

Haha.. bring artillery and ROLL with a nigga
They could never take the soul of a M.O.B. soldier nigga
Cowards get rolled up, mob on 'em Makaveli
Boy you's a boss player, that's what all the bitches tell me
Even if I died now
I live my life eternally and never lie down, why cry now?
Fooled a few but never 'came a gamer
Ain't tryin' to hear it
Evil spirits hide at total strangers, yo' life's in danger
Prepare nigga be aware, cause we ain't scared
M.O.B., 'til I die, when we ride niggas disappear
Fill 'em up with pistol smoke
Never forget to blow a hole in his head
For leakin' information to the feds

The burnin' bed was the tellin' sign
Two hired guns bustin' everyone, yellin' everybody die
Why the fuck they fuck around, we left 'em in the fog
Bleedin' like a stuck hog, me and my closest road dogz

Every ghetto street got a crosswalk
Let me get to the other side with my road dogz
(Bleedin' like a stuck hog, me and my closest road dogz)
All roam in the scary place called home
Take a second victim and if they all gone, my closest road dogz
Every ghetto street got a stop sign
Can I trust in you my road dogz on mine?
Even when I'm goin' through hard times
I still got my closest road dogz lookin' out for all mine

Fuck they feelings, that's what they get for squealin'
That's the pressures of a gangsta, dangerous this drug dealin'
See me in physical form, my niggas swarm
Take the figure of a circle beatin' jealous niggas 'til they purple
Simon Says take they heads homies
and send them phony motherfuckers to dwell with all they dead homies
Fishin' for fake niggas, observe and shake niggas
The only way to see six figures, is break niggas
Me and Mussolini set to ride we high
Big Bogart got the alibi,homicide ask us why
Labeled a Capo in the mob as big as the globe
To live and die as a millionaire, on ..
Set to explode, my M.O., is kill them hoes
My pistol's like a disease, my enemies and foes
Get murdered and disposed of, we in the fog
Makaveli the Don, and my closest road dogz

Every ghetto street got a crosswalk
Let me get to the other side with my road dogz
(my closest road dogz)
All roam in the scary place called home
Take a second victim and if they all gone, (my closest road dogz)
Every ghetto street got a stop sign
Can I trust in you my road dogz on mine?
Even when I'm goin' through hard times

2Pac Lyrics

"Niggaz Nature Remix"

(feat. Lil' Mo)

[Lil' Mo:]
2Pac and Lil' Mo, hmm, how gangsta is that?
Hehe... ooooh-oooh, ooooh-oooh, ooooh-oooh

*[*Mo keeps harmonizing in the background*]*

[2Pac:]
One two to a nigga nature, haha.
No need to cry now, go wipe your tears, be a woman
Why you actin' surprised? You saw the bullshit
Comin' fake hair, fake nails, fake eyes too
So why you, bound to fuck wit fake guys too
Ain't nothin' hard about it why you lookin' sad? Shoulda though about it
Say you learned, I truly doubt it
I guess you got a problem with affection, kinda loose with the love
Gettin' freaky with the thug niggas up in the club
Ask to buy you a drink, you holla Dom Pérignon
Knowin' I'm a cash getter still I, remain calm
Let you chill with me; plus you was smilin' 'til the bill miss me
That's what you get for tryin' to dick me
Missed me with that "Buy me this, buy me that" syndrome shit
Bitch get a job if you wanna be rich
Gettin' mad cause I cursed and I scream I hate'cha
Introduced you to a nigga nature, feel me?

[Lil' Mo:]
Kissed the girls, made them cry
Thuggin' life, and gettin' high
Why you gangsta, all the time?
That's a thug's nature (that's a nigga nature)
Though sometimes, I can deal with it
I realize, that I'm feelin' it
It's a love and hate relationship
But that's a thug's nature

[2Pac:]
I'm probably too nice at first, I let you kiss me where it hurts
Me and you gettin' busy, slingin' dick in the dirt
Met you at a pool party it was cool to kick it
See us, tounge-kissin', you was truly with it
Little ecstasy, Hennessy, mix with me
Picture me pay for pussy when the dick's for free
Hey now, where my niggas at? Tell these hoes
Before I pay; I jerk off, word to Moses
Visions of you sittin' there sweaty and wet
Pointin' to the places that you want me to hit
Give me room all up in the womb, call the cops
Nigga, hittin' walls 'til them bastard drop
Label me Makaveli - thug nigga with bite

Livin' life like a rock star's Friday night
Make money, get pussy, always keep a pager
Cell phone in the ride to complete my nature now!

[Lil' Mo:]
Kissed the girls, made them cry
Thuggin' life, and gettin' high
Why you gangsta, all the time?
That's a thug's nature
Though sometimes, I can deal with it
I realize, that I'm feelin' it
It's a love and hate relationship
But that's a thug's nature

[2Pac:]
Haha, started as a seed from the semen; straight outta papa's nuts
Lustin' for creamin' - bitches with big butts
Curves make a nigga cry, tits and shit
When I'm locked down beggin' you for porno flicks
Sneak weed in, help a nigga pass the time
Put my name tattooed so that ass is mine
Tell everybody; 'Pac put it down for good
A local legend through the whole hood, follow me
I got a gun on me, goin' for none on the run baby
You know a nigga need some, is my son crazy?
Why I cry, when I be thuggin' 'til I die
Picture a nigga in heaven, high off weed I fly
Got me missin' dead homies wishin' phonies would die
Hit the weed and hope it get me high; dear God
Understand my ways, livin' major
Blessed with a thug's heart and a real live nigga nature

[Lil' Mo:]
Kissed the girls, made them cry
Thuggin' life, and gettin' high
Why you gangsta, all the time?
That's a thug's nature (that's a nigga nature)
Though sometimes, I can deal with it
I realize, that I'm feelin' it
It's a love and hate relationship
But that's a thug's nature (cause that's a nigga nature)
Kissed the girls, made them cry
Thuggin' life, and gettin' high
Why you gangsta, all the time?
That's a thug's nature (hey, just be a nigga nature)
Though sometimes, I can deal with it
I realize, that I'm feelin' it
It's a love and hate relationship
But that's a thug's nature (cause that's a nigga nature)

[2Pac & Lil' Mo:]
It ain't my fault
Hehe, Q.D., where you be? Ah
Don't blame me blame my momma, a nigga nature

[Lil' Mo harmonizing:]

QDIII, and Lil' Mo
2Pac, puttin' it down fo' sho' ("'cause that's a nigga nature")
I realize, that I'm feelin' it
Cause that's a thug nature
Though sometimes I can deal with it
I realize, I'm feelin' it
Love and hate, relationship
Cause that's a thug's nature ("'cause that's a nigga nature")
Yeah yeah yeah, yeah yeah yeah.
Yeah yeah, and that's a thug's nature

Where you at? Holla

2Pac Lyrics

"When Thugz Cry"

When thugs cry
Now I lay me down to sleep
I pray the Lord my guns to keep
If I die before I wake
I pray the Lord my soul to take
Got us dyin'
When thugs cry, times is hard

Born thuggin', and lovin' the way I came up
Big money clutchin', bustin' while evadin' cocaine busts
My pulse rushin', semi clutchin' into insanity
They shot at my cousin, now we bustin' at they whole family
The coppers wanna see me buried, I ain't worried
I got a line on the D.A. 'cause I'm fuckin' his secretary
I black out and start cussin', bust 'em and touch 'em all
They panic, and bitches duckin', I rush 'em and fuck 'em all
I'll probably be an old man before I understand
Why I have to live my life with pistols close at hand
Kidnapped my homie's sister, cut her face up bad
They even raped her, so we blazed they pad
Automatic shots rang out, on every block
They puttin' hits out on politicians, even cops
I ain't lyin', they got me sleepin' with my infrared beams
And in my dreams I hear motherfuckers screamin'
What is the meanin' when thugs cry?

[Singer (2Pac):]
Oh, why should you send your child off to die?
In the streets of chalk where they lie
Let no wrongs cry out when thugs cry, dear God (when thugs cry)
Oh my, does it have to be this way?
Our children of today won't stay wise
Let the children hear when thugs cry, dear God, oh why?

Maybe my addiction to friction got me buggin'
Where is the love?, never quit my ambition to thug
Ain't shed a tear since the old school years of elementary
Niggas I used to love, enclosed in Penitentiaries
But still, homie, keep it real, how does it feel
To lose your life, over something that you did as a kid?
You all alone, no communication, block on the phone
Don't get along with your pop, and plus your moms is gone
Where did we go wrong? I put my soul in the song
To help us grow in time, but now our minds are gone
We went from brothers and sisters to niggas and bitches
We went from welfare livin' to worldwide riches
But somethin' changed in this dirty game, everything's strange
Lost all my homies over cocaine, mayne
See, they ask me if I shed a tear, I ain't lie
See, you gotta get high or die, 'cause even thugs cry

Oh, why should you send your child off to die?
In the streets of chalk where they lie
Let no wrongs cry out when thugs cry, dear God
Oh my, does it have to be this way?
Our children of today won't stay wise
Let the children hear when thugs cry, dear God, oh why?

And all I see is these paranoid bitches, illegal adventures
Bustin' motherfuckers with uppercuts, I leave 'em with dentures
'Cause in my criminal mind, nobody violates the Don
I write your name wit' a piece of paper, now your family's gone
Why perpetrate like you can handle my team?
So merciless in my attack I take command of your dreams
Leavin' motherfuckers drownin' in they own blood
Clownin', takin' pictures later
Laugh 'bout them punk bitches that turned snitches
Regulate my area, the terror I represent
Makin' your people disappear, you wonderin' where they went
Am I cold, or is it just I sold my soul?
Addicted to these streets, never find true peace I'm told
Come take my body, God, don't let me suffer any longer!
Smoke a pound of marijuana, so I know it ain't long
Where is the end to all my misery, is there a close?
I suppose that's why I murder my foes; when thugs cry

Oh, why should you send your child off to die?
In the streets of chalk where they lie
Let no wrongs cry out when thugs cry, dear God
Oh my, does it have to be this way?
Our children of today won't stay wise
Let the children hear when thugs cry, dear God, oh why?

Oh, why should you send your child off to die?
In the streets of chalk where they lie
Let no wrongs cry out when thugs cry, dear God
Oh my, does it have to be this way?
Our children of today won't stay wise
Let the children hear when thugs cry, dear God, oh why?

I shed tattooed tears for years
For my dead homeboys and my prison peers
Y'all ain't never heard my cries
Now you wonder why would you die?

2Pac Lyrics

"U Don't Have 2 Worry"

[2Pac:]
Yo c'mon man, what do you mean you don't wanna ride with me, nigga
C'mon, get in the car, get in the fuckin' car, man
Yo why you trippin' man? Get in the fuckin' car, man
Get in the fuckin' car, get in the car
(Heh, say you, you scared to ride in my car
'Cause you, you think niggas gon' be blastin' at it
It ain't even that deep baby)

[2Pac:]
You don't have to worry you can ride with me now
Niggas are quick to scream how they die for me now
Only got one clique, they Outlawz on the Row
Fair exchange when we fuck them hoes

[2Pac:]
Repetitive blows are thrown, to my foes
No love shown get disposed of blasted full blown
My unknown tendencies to mash my comp
Gettin' wicked with my ski-mask, find the stash and dump
While niggas run I'm the last one standin', the rest die
Victims of my lethal chrome cannon, Westside
Though it's worldwide no one can deny my views
Tracked it to my very fabric once the plastic blew
Five shots changed my whole life, throats were slit
Niggas die by my orders when I wrote this shit
Though we go back like wild knights at Latin Quarters
Niggas tried to kill me, and I fed their wife and their daughters
Blazed the weed, draped they seeds, gave 'em cash
Pass the fame and let the game go rollin' past
Why you change, it's a cold world taught me life
Retaliation proves niggas never caught me right
Say they shot me in my nuts, out of luck
Quit bullshit nigga 'cause I'm still fuckin' yo' bitch
Niggas got me twisted in a bad way, why you change?
Fuck with me, all this shit pay, nigga fuck the fame

[Young Noble:]
Y'all remember "Hit 'Em Up," don't make us do it once more
Yo' niggas know, you ain't fuckin' with them Out-lawz
We keep souljas, souljas from Compton to Brooklyn
Your the type to get sniped, when the cops is lookin'
Don't nobody give a fuck 'cause you done crossed the game
Lost in fame, and you should take, all the blame
You made yo' bed nigga lay in it
You scared to come up out that cell nigga stay in it
It's not a game only got one click we Outlawz from the do'
Dirt stains when I buck on the fo', you kissin' the flo'
We dirty as the motherfuckin' streetz of Jerz
We sweep niggas with the words though the heat's preferred

Only got one click, they Outlawz on the Row
Fair exchange when we fuck them hoes, let the punks know

[E.D.I.:]
'Pac I wish I was in the motherfuckin' car wit'cha
I'd have took every bullet that they threw, hand of God, nigga
I only got one click, Outlawz 'til I'm gone
Heavy in the game and we comin' for they fuckin' throne
The love is gone well it is what it is
And plottin' on us, they best be prayin' for they kids, mayne
You don't have to worry 'cause I ride for ya
Like K said over loyal we even tell 'bout a lie for ya
You put me in the game and dog I owe it all to ya
And when it get to poppin' I'ma fuckin' ball for ya
And everything I do gon' have your names on it
I'll never let them forget I put my seeds on it

[Napoleon:]
You gon' die before yo' time, come face the truth
In the middle of the desert nigga lace your boots
As a youth, hundred proof, tap my chest is a dead rest
You studio niggas still remind your vest
Why the fuck you ain't done yet, swallow yo' teeth
In the field you woulda been need a straw when you eat
Fuck a glock nine that shit is weak on the streets
And if you can't strategize then you just can't eat
If your life in another nigga hand, you dead
And if it's beef and your man disappear then don't sweat it
Another fake nigga usin' my strengths to get credit
I mean you might face sound scared but your heartbeat said it

[2Pac:]
You don't have to worry you can ride with me now

I was born ugly, unlucky and dusty
But now I'm a rider, connivin' gutsy
And I don't trust nobody, so don't nobody trust me
And that's how I'ma go about it 'til somebody bust me
I play for keeps like the OG's raised me
If I sleep I won't eat, who gonna feed my baby?
And I think I'm goin' crazy 'cause my hair is gettin' thinner
I've been drinkin' on the daily, I can hardly remember
I got - bad nerves, paranoia destroyed me
I love the Lord but the church can't cure me
I sleep light, I wake peekin' out my window
With guns under my mattress and guns under the pillow
And that's the way it's gonna be 'til they bury me

But don't twist it 'cause none of y'all niggas worry me

[Young Noble & Kastro:]
What the fuck you didn't know?
Kizza-Kastro, Young Noble with the criminal flow
You nervous nelly ass niggas belly up in the river, no dizoubt
My niggas couldn't fade me with some clippers
You put it down, look all around, 'til we find you we hound
Penitentiary bound, to remind you

[Kadafi:]
Kadafi I bring the lingo to the click
Tasty like a Pringle, sneakin' through your chimney like Kris Kringle
On some shit, get me fee to let my ice click Ka-pling, ka-plow I been a thug shootin' slugs since a child

"This Ain't Livin"

(feat. Vanessa)

This ain't livin', nigga!

[2Pac:]
I hear even the smaller G's be dippin' Chevy Impalas
While flossin' their gold D's, O.G.'s, is who they follow
We swallow tomorrow's seed, what we leave is hollow
We feed violence and greed, let 'em lead tomorrow
In time, they grip a nine, sippin' wine, they rap
Still I be starin', watch the parents sacrifice their child
The love's gone, a thug's home, with no love
Feelin' so strong, make young boys into drug dealers
Now one for adolescents, now dos for those
Keep your friends by your side, even close your foes
Now three for Johnny Law tryin' to take my chips
I never pulled the trigger, didn't touch that bitch
Throw your hands in the air, it's a robbery
(censored) 'Pac, would you ride with me?
Let's go see what our enemies talkin' 'bout
When G's enter the house nobody's walkin' out
This ain't livin', it's similar to prison, we're trapped
My homies jealous plus they tell us that the phones is tapped
I watch my back twenty-fo' seven
And never let a busta send a G to ghetto heaven, you know
This is how it goes when we floss with flows
Before I toss your ho, it'll cost you mo'
I do shows, make a lot of dough, murder my foes
But I'd give it all up, if it would help you grow
This ain't livin'

Today's youth, quick to shoot, get in the car and break

They're our seeds and when they bleed, we bleed
That's what becomes of lonely children, they turn to G's
Heavenly father can you rescue

I disappeared, reappeared as the (censored)

Skippin' class, and livin' fast, will get your ass
Stuck in the Pen', doin' life plus ten
Young brother pump your brakes for me
Before you choke, won't you soak up some game from your big homie
This ain't livin', we givin' you jewels, use 'em as tools
Explode on they industry and fade them fools
You know the rules, gotta be a rider
You can run the red lights but read the street signs, hey
This for all of y'all that keep on raisin' hell
Put a pistol in your hand and let you fade yourself
It ain't right, what you put your momma through, young G
Gotta change your life, take the game from me

2Pac Lyrics

"Why U Turn On Me"

[2Pac:]
(Ol' switcheroo-ass, bitch made motherfuckers, just be friends)
Outlaw nigga, Westside, throw it up
Hahaha.. had love for 'em, but why you turning on me?
Why me? Westside, how you do it boy?

[2Pac:]
I went from, nothin' to somethin' now they all wanna see me fall
And the player haters hate to see a thug nigga ballin'
And they say we hate the East coast, but that's funny
Got a lot of love for, any niggas gettin' money
I made a song about my enemies and niggas tripped
It was hip-hop until 2Pac fucked Biggie bitch
Y'all niggas hypocrites and bitch made
Now either love me or hate me but real thug niggas get paid
Have me catchin' cases all across the nation
I went from jail to bail to barely on probation
They got a player facin' three strikes
And we might, just blast God bless the child, that can get cash
But all these niggas turnin' and never learn
Got a long line of niggas player hatin' me but gettin' burned
Talk a lot of shit but you's a trick in drag
Like the MAC make you fall back and stick yo' ass for back stab

[Singers & 2Pac:]
Why you wanna turn on me?
Never thought you would backstab me (Why y'all turnin' on me?)
When you niggas see me you flee (Why me?)
Cause I'm a T-H with the U-G.. (Why me?)
Why you wanna turn on me?
Never thought you would backstab me
When you niggas see me you flee (yeah nigga)
Cause I'm a T-H with the U-G

[2Pac:]
It, started so innocent, but ended in the fifth precinct
Although two juvenile delinquents, we still decent
Playin' catch and kiss, used to diss the herbs
Fuck school we was skippin' drink a fifth on the curb
Me and you, no closer two, while drinkin' brew
What you need nigga? Anything at all come to me nigga
You can wear my clothes and my gold for the hoes
Gave you the keys to the jeep, offered my home as an open door
But then you picked a new direction, in the blink of an eye
My time away just made perfection, did you think I'd die?
I never got a single visit yet I carry on
All my old friends too busy now my money gone
Said I got raped in jail, picture that? *[*laughter*]*
Revenge is a payback bitch, get your gat
Fuck Wendy Williams and I pray you choke

On the next dick down your throat
For turnin' on me

[Singers & 2Pac:]
Why you wanna turn on me?
Never thought you would backstab me (Why y'all turnin' on me?)
When you niggas see me you flee (Why me?)
Cause I'm a T-H with the U-G.. (Why me?)
Why you wanna turn on me?
Never thought you would backstab me
When you niggas see me you flee
Cause I'm a T-H with the U-G

[2Pac:]
I put Jenny Craig on your fat ass, you fat troll
Anybody ever seen Wendy Williams fat ass?
Why you always wearin' Spandex you fat bitch?
I know your pussy stinks, you fat ho
I'm puttin' Jenny Craig on you bitch
I'm about to put a twenty-thousand dollar, hit
Through Jenny Craig to come find yo' ass
And put you in a fat farm, you fat bitch!
Thug Life, Outlaw, Westside bitch
It's 2Pac so you know who said it
And for everybody who didn't like what I said about that other trick
And Mobb Deep, fuck you too nigga!
If a nigga didn't want to get talked about
He shouldn'ta stepped in the fuckin' ring
If Tyson don't want to get knocked out
He don't step in the fuckin' ring, that's how the shit go
When Tyson get in the ring, he knock motherfuckers out!
Well that's what 2Pac gon' do
When niggas come against me, I'ma knock they punk ass out!
One way or the motherfuckin' other
This old motherfuckin' nigga in the South told me nigga
It's more than one way to skin a cat
It's more than one way to shoot a gat
It's more than one way to die nigga
When I'm through, everybody cry nigga
This is how we do it

[Singers & 2Pac:]
Why you wanna turn on me?
Never thought you would backstab me (Why y'all turnin' on me?)
When you niggas see me you flee (Why me?)
Cause I'm a T-H with the U-G..
Why you wanna turn on me?
Never thought you would backstab me
When you niggas see me you flee
Cause I'm a T-H with the U-G
(Fuck you too nigga!)

2Pac Lyrics

"LastOnesLeft"

(feat. Outlawz)

[2Pac:]
Nigga, westside!
Westside in this motherfucker
Westside in this motherfucker right here
Westside in this motherfucker

[2Pac:]
Can't nobody stop us when we blunted up and swervin'
Packed in a Suburban
Screaming, "Outlaw!", runnin' on the curb
They never try me, 'cause right behind me a killer team
I get the word, cut the head off a nigga, like a guillotine
This Hennessy will keep me calm though
Sittin' in the back of the club, tradin' convo
Livin' like a Don in my own mind
Signal Kadafi, nigga, watch me with the chrome 9
All the time drinkin' champagne
Walk through the crowd, let the tramps hang
Niggas player hate but do a damn thing
Picture me doin' 80, down a one-way
Stuck in the trunk, caught with gun play
So I gotta keep my eyes open
Gettin' high, wonder why we gotta die smokin'
My alibi, addictively
Like them other vile men, I'm marked for death
Spendin' my nights like it's the last one left; I'm an outlaw

[2Pac:]
Am I wrong? I wanna get it goin' on
Last to leave, 'til I see everybody's gone
I'm at the bar, you can catch me, hands full of liquor
Or puffin' on a sweet Swisher
I'm the last one left
Tell me, am I wrong? I wanna get it goin' on
Last to leave, 'til I see everybody's gone
I'm at the bar, you can catch me, hands full of liquor
Or puffin' on a sweet Swisher
Guess I'm the last one left

[Napoleon:]
I got my back against the wall, gat chillin' by my balls
Prior to war is a rider nigga that's only 5'6" tall
Napoleon only knows on we Outlaws, fuck fear
Better strap down to the fullest, 'cause we outchea
Thug passion all up in me, feelin' like I took some Henny
It ain't easy, I'm tryin' to make a dollar out of two pennies
What we got is rep, nigga, wanna pull their gat, nigga
He's only got my side 'cause they think 'Pac died, nigga
Blast niggas with our TEC's, takin' showers in our vest

'Pac, come and catch weight, nigga, we the last ones left

[2Pac:]
If we would've known the zone inside my own dome
Fresh outta jail, it was hell, but I'm finally home
Lookin' for niggas that was woofin' that shit
When I was locked back
Hands on the pump, make 'em jump when it cocked back
Fuck 'em all, they're bitches inside a world of weak
Bitch niggas be afraid to speak; we the last ones left

[2Pac:]
Tell me, am I wrong? I wanna get it goin' on
Last to leave, 'til I see everybody's gone
At the bar, you can catch me, hands full of liquor
Or puffin' on a sweet Swisher
Like I'm the last one left
Am I wrong? I wanna get it goin' on
Last to leave, 'til I see everybody's gone
At the bar, you can catch me, hands full of liquor
Or puffin' on a sweet Swisher
Like I'm the last one left

[Kastro:]
I eat and sleep the worst shit, turfs and birth
Me and my team super supreme, puttin' in work
I'm passed out, drunk as a fuck, 'til it hurt
And I call Earl screaming, "Fuck the world!"
I got a bitch on the side wanna be my wife
And wifey beefin', wanna know if she gon' see me tonight
And I know it ain't right, but it's the life I got
And that's until I see Yak, and that's until I see 'Pac
Young know I lost a troll, somebody owed me down
And if the world was a girl
I'd stick my dick in the ground; fuck the world!

[2Pac:]
Westside in this motherfucker right here
Westside in this motherfucker…
Uh, Outlaw in this motherfucker right here
Outlawz in this motherfucker
Westside in this motherfucker right here
Westside in this motherfucker…
Uh, Outlaw in this motherfucker right here
Westside in this motherfucker
In this motherfucker right here…

2Pac Lyrics

"Thug N U Thug N Me"

(feat. K-Ci & JoJo)

[2Pac:]
Put me in that; ay come on JoJo ('Pac hahaha)
Yeah that type of shit (maybe it's the thug in me)
You know what time it is (maybe it's the thug in me)

[2Pac:]
By age thirteen I was buckwild, good at my knuckle game
Made it through a tough childhood never be the same
Walked in my daddy's shoes
No time to be a peaceful man had to shatter fools
That's 'til I put my eyes on you
God damn, sweetheart you got some thighs on you
Now I can't wait to get you home, get you all alone
In my bedroom, baby can we bone, and get it on
Tell me lady how you like me
And if you want it harder baby, come and bite me
But do it lightly
Cause that excites me to lay the pipe
And if you lick me right, I'll do it all night
Only got fucked by a drug dealer
Never felt the real passion of a thug nigga (haha)
Though I like the way you scream when you lovin' me
I'm goin' deep, it's the thug in me
So whatchu sayin' girl?

[K-Ci & JoJo (2Pac):]
A thug nigga like me, I need a thug lady like you, give it to me
I got a lot of thug in me, lot of thug (Maybe it's the thug in me)
That I wanna put in you (maybe it's the thug in you)
A thug nigga like me, I need a thug lady like you, can you check it
I got a lot of thug in me. Do you want it (Maybe it's the thug in me)
That I wanna give to you girl (Maybe it's the thug in you)

[2Pac:]
Moan baby when we bone it's on
It's so strong niggas in the next room'll cum
I got ya head swingin'
Tongue kissin', as I hit it from the back with the bed ringin' (haha)
Give me space, as I lick ya face, stick the place
Synchronize so I drive when they kick the bass
Love fuckin' in tha mo'nin'
I get ya wet and bust a sweat, then I'm gone
Left you on yo' own girl
Tell me what you feel like
Blindfolded, I'm cold do it real nice - that's if it feel right
Maybe it's the thug in me
I pull ya hair while we fuckin' in the chair, when ya lovin' me
Up against the wall, you can have it all; just try
Bet my kiss, to get you high, don't pass by

Grab me by my nuts when I'm lovin' you
Now open up and let me put the thug in you

[K-Ci & JoJo (2Pac):]
A thug nigga like me, I need a thug lady like you, give it to me
I got a lot of thug in me (Maybe it's the thug in me), lot of thug
That I wanna put in you
A thug nigga like me, I need a thug lady like you, can you check it
I got a lot of thug in me, do you want it
That I wanna give to you girl (Maybe it's the thug in you)

[2Pac:]
Say baby what's your phone number?
Be warned, I'm like a storm with my own thunder
I make the room rumble, in and out long stroke
Hold ya breath now, close your eyes deep throat
Did you like it? Oh I'm excited!
Cause it's a party in my bedroom, you're invited
C'mon now, let me see ya shake your rump
Tell me, how long will it take to cum
Havin' fun, do it one on one and we can all get involved
First y'all do me, then I'll fuck y'all
When you call me the next day
To get sexed by a nigga in the best way
Yeah baby it's a price to pay
Only play in the fast lane
When you a hustler, motherfuck a cash came
I gotcha goin' wild, 'cause I'm lovin' you
Drugged out with this motherfuckin' thug in you

[K-Ci & JoJo (2Pac):]
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me
That I wanna put in you and you
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna give to you girl (Maybe it's the thug in you)
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me
That I wanna put in you and you (Maybe it's the thug in me)
A thug nigga like me, I need a thug lady like you
I got a lot of thug in me (Maybe it's the thug in me)
That I wanna give to you girl

*[*Sound of girl fucking*]*
Oh yeah! Like me! Yeah, look at me baby, yeah, yeah
Like me! You do.

I hold a lot of thug in me, you hold a lot of thug in ya
I hold a lot of thug in me
I hold a lot of thug in me, I hold a lot of thug in ya
I hold a lot of thug in me
Now c'mon, I hold a lot of thug in me
Hold a lot of thug in you, hold a lot of thug in me
C'mon, hold a lot of thug in me
Gotta be some thug in ya, gotta be some thug in me

C'mon, hold a lot of thug in me
I gotta be some thug in ya
Can you feel it?
I hold a lot of thug in me, I gotta be some thug in ya
Yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah, yeah

[2Pac:]
I don't wanna talk, I don't want no explanations
I don't got no motherfuckin' explanations, y'knahmsayin?
It's the thug in me
Don't be askin' why I'm pullin' your hair
And why I fuck so motherfuckin' thuggish
That thug passion, y'knahmean?
Bitch, no mercy
What you scared of?
Didn't you come over here to get fucked? (no)
You ain't come over here for me to be
Strokin', and all that bullshit
You came over here to get fucked (no)
Shit, if I ain't fuck you thug style
Bitch you'd leave my house talkin' bout, "2Pac can't serve me"
Won't have me crossed up in that bullshit, hahaha
Turn over! Maybe it's the thug in me!

2Pac Lyrics

"Words 2 My First Born"

(feat. Above the Law)

[2Pac:]
Hehehe, yeah
These are my words to my firstborn

[2Pac:]
Can you picture young niggas in a rush to grow?
'Til hard-timers in the pen' had to crush his throat
Probably never even saw it comin'
Too busy bullshittin', caught him with his mouth runnin'
Ain't this a bitch? They got me twisted in this game
The feds and the punk police pointin' pistols at my brain
I wonder if I'm wrong 'cause I'm thugged out
My homies murdered execution style runnin' in the drug house
What was supposed to be a easy hit
Now shit is flipped, 'cause niggas died over bullshit
It's not my dream, I'm seein' pictures of a broken man
No witnesses only the questions of who smoked the man
Young adolescents in our prime live a life of crime
Though it ain't logical, we hobble through these tryin' times
Livin' blind—Lord, help me with my troubled soul
Why all my homies had to die 'fore they got to grow?
And right before I put my head on the pillow, say a prayer
One love to the thugs in Heaven, I'll see you there
It's written for the young and dumb that wasn't warned
Help you make it through the storm
My words to my firstborn—feel me!

[2Pac:]
My words to my firstborn
My words to my firstborn

[2Pac:]
Since my very first day on this earth, I was cursed
So, I knew that the birth of a child would make my life worse
And though it hurt me, there was no distortion
'Cause wild seeds can't grow, we need more abortions
Quiet your soul, 'cause you know what you had to do
And so did victims of a world they never came to
I understand it's a better day comin', sometimes cats be sleepin' on the dead end, drivin' with the car runnin'
Blinded, ain't no love in the hood, only hearts torn
Love letters to the innocent and unborn
All the babies that died up on the table
Wasn't able to breathe, 'cause the family wasn't able
Can't blame her, I would do the same
All I could give her was my debt and my last name
'Cause in the game things change, livin' up and down
This hard life got me walkin' with my head down
Flashin' frowns wasn't meant to be, was I wrong?
But I'll never get to know, so I carry on

It's written for the young and dumb that wasn't born
My words to my firstborn—feel me!

[2Pac:]
My words to my firstborn
Mmm! (Yeah)
These are the words to my firstborn
Hey, nigga, talk to your born!
Talk to your seed, nigga!

[Above the Law:]
Two thousand somethin' somethin' mention a new era
A nigga's too real, now see shit too clear
See, there's more than just this scrilla and this tilt
(What else is it, dawg?) – the velvet and the silk
And makin' sure my kittens got they milk
(Hoo!) Gotta fill this mattress
Let my kids know I'm at this
Attack this, the Mack must roll, hood stroll
Ain't no question, is it? Above the Law hustlers
If it's related to chips, homie, we'll handle ya

Yo, although we never take advantage
Though we always into ery'thang
By all means, stack green, gangsta lean
They say money make the world go 'round
So, only associate yourself
With paper chasers and niggas that's truly down
And keep God first
And give thanks for the good times, as well as when it hurts
It's player haters every corner you hit
Touchin' their tits, hella thick, tryin' to get you for yo' grip
I know you stressed-out and fed-up
But come out, gun-blazin', and keep yo' head up
You can call it what you want to, but it ain't gon' change
Above the Law, 2Pac, O.G.'s in this rap game
And we done lived a long hard life
And we done shed so many tears under these bright lights
Y'all, although we grew up corrupted and scorned
We still got a lot of wisdom to give to our firstborn

[2Pac:]
What you gon' tell your kids, nigga?
Who was you? What was you doin'?
How did you put it down?
These my words to my motherfuckin' firstborn
So, they can know, y'knahmean? Hehehe
Ain't nothin' but a motherfuckin' rider
Westside 'til I die, that's all it was
It's a crooked-ass hand they deal a motherfucker
I just played to win, just played to win
Motherfucker gotta bet against the odds, y'knahmean?

"Let Em Have It Remix"

[2Pac:]
Te quiero
Te quiero cojer, te quiero cojer
I'll let your ass have it, te quiero cojer
Te quiero cojer, oh real?

[2Pac:]

All up in a nigga face, givin' me them strong vibes

Skinny niggas throw the dick well
Everybody get their condoms, brother cause it's time to fuck
Hurry up and put it on nigga, time is up
What's next? Got my mind on some group sex
Where you goin', baby? I ain't even through yet
Do it like a true vet, love it how I threw it to ya
Even now make it good to ya, remember me?
I love fuckin' slow with the lights low
Black, Puerto Rican, even White hoes

Fuck until the shit is sloppy
If you really want it

[2Pac & Left Eye:]

[Left Eye:]

Do you, you remember the time
When you absolutely, said never let it inside
Feel it's my duty, from Gemini, to Gemini
Can you *[?]* imagine the trouble *[?]* then double, I'm much obliged
See I would love to go and take a ride
Have total leeway up and down your freeway, nothing to hide
If I was committed to suicide
I'd fuck around meet you now put it down, I'd testify
Ain't nobody here to understand the reason why
It's you and I, so everything is rectified
I know you tried, you even made a nigga cry
But love is blind, now can you stand the test of time?
Redefine, what it means to be an open mind
Feel the climax.
I bust a round for you, painted the perfect picture
I'm down for you, can't wait to get wit'cha

Rock, your body body, rock your body
Rock, your body body, rock your body

[2Pac:]
Damn
IF you really want it
You like that? Yeah
If you really want it

[Left Eye:]
Rock, your body body, rock your body

Rock, your body body, rock your body body
Rock, your body body, rock your body
Rock, your body body, rock your body body
Rock, your body body

[2Pac:]
See, it all started simple, turned into me lickin' yo' nipples
Fuckin' you doggie style to this instrumental
Hands up, all up inside ya
Hell I can stand ya
Eyes open I don't plan, to bust
Just hold on baby let me zone in
What do you mean? Can you scream let it go biotch
How does it feel? Got a nigga like steel in ya
To keep goin' now I'm fuckin' like I'm killin' ya
Let's go another round baby is you down really
Two shots of ecstasy Lick a nigga down silly

Your body next to me
I could touch you inside, and you'll cry
So good when a nigga leave, you'll die

I wanna let me get my ride on
It's yo' dick baby but it's my song
If you really want it

[2Pac:]
Gots to send this one out to the freaky bitches

2Pac Lyrics

"Runnin' On E"

(feat. Outlawz)

[2Pac (Hussein Fatal):]
(Mr. If you a bad boy)
Yo, what's up
The police comin' on, oh shit! Get out of there.
Fatal, Outlawz I wanna up out this motherfucker
Gon' pass it
Ain't get me up but fuck that
This Outlaw nigga

[2Pac:]
If you a bad boy then you die
Westside outlawz when we ride, get me high
They fucked up when the rob me
Put another contract on Mobb Deep
If you a bad boy then you die
Westside outlawz when we ride, get me high
They fucked up when the rob me
Put another contract on Mobb Deep

[Hussein Fatal:]
I focus my locus thought on the enemies
Sip off the Hennessy, it's necessary to finish me
I'm antisocial immortal, when it comes to the phone book
Jersey them niggas down, they won't broke 'em 'til it's time to smoke 'em
Hussein the terrorist
Dig they think I'm crazy and *[?]*
And as we speak they tryin' to find me a therapist
Rapid fire I clap and hire 'til you die a liar
Strap in the city corners droppin' on to spin the tires
My man define ya 357 anaconda
This enough to bring your mama then turn around and hear the drama
Military camaraderie, outlaw 'til they body me
Havoc I gotta have it steady blastin' at Prodigy
Mobb 6 feet deep, you try to bust me 'til death
And I suppose you got the dopest moves like Chucky on fresh
You know the verdict, who what when why he died murdered
Get your physical diverted and your vision deserted

[2Pac:]
Now ever since momma got fucked and papa ducked out
Look at us, murderous thugs showin' less love in the drug house
Similar to savages, it's a wonder we manage
Bring chaos causin' damage on our quest for cabbage
They ask my style similar to cash we flaunt it
Most wanted by the population murdered you for it
Exploit your weakness revenge flow deep without release
Criminal orders across the waters bringin' the war to the streets
Why fear me, fear the shit I speak
Once this shit drop it's heard on every fuckin' street

Like the sound of police
Who run the streets really?
In every hood legends grow
From the hustlaz up at Harlem to shot callers in O'
And though, Congress, don't want us to progress, we strapped
My homie buried at an early age hustled to death
His last breath, a lesson I possess like jewels
Stay thugged out keep it movin'

Hey where that nigga

[Yaki Kadafi:]
Halfway thugs don't budge when we stalk the streets
Sort of like *[?]* and narcotics when they walk the beat
You speak the beef pussy draw down and drop it
Hit you with 6 shots lay the law down and throw the shells in my pocket
Gettin' mines with nine cocked extortin'
Blocks pop with 22's in my socks with the butt hangin' out the chocolate
You never seen time I travel across dream crime
My rolls like a million dollar bills folded with green slime
With my foes erased drink my Henney straight no chasin'
Catch my body like Haitian 5 minutes from the station

[Young Noble:]
Hit the hole like Allen Iverson with confidence
No finger prints don't mean no evidence or proof the I was present
At the scene of the crime around 10 niggas bleed
After they made this punk fag motherfucker bleed
Money was bloody as shit, y'all niggas shoulda seen it
Bust a cap and freak with, bowin' on your knees shit
The Glock to your head nigga, don't make no somethin' action
Hit innocent by-standers when he blasted, dump fuckin' backwards
Little homies puttin' work for stripes
But is it worth your life and g-rides runnin' red lights
I wish somebody would have t old me then
Since I'm an outlaw like Napoleon ain't no cell they can hold me in
Or cage me in, crazy like Arabians
Hold this spot like them niggas on Fabian
Havin' the fiend page me (page me)
When they want the product, nigga I got to smoke
Got this weed and the coke what you need what you want
What you workin' with? I'm on some immortal shit
Outlawz we straight hurtin' shit, use artillery to murder with
Put on the block gangsta party and like 'Pac
Life's hard from the ox me and my niggas on top (party)

[2Pac:]
I know the law hate me dearly, comin' for me
We outlaws, thugged out, niggas runnin' on E
I know the law hate me dearly, comin' for me
We outlaws, thugged out, niggas runnin' on E
I know the law hate me dearly, they comin' for me
We outlaws, thugged out, niggas runnin' on E
I know the law hate me dearly, they comin' for me
We outlaws, thugged out, niggas runnin' on E

[Nuttso:]
With my Glock, quick to let it pop, fuck the law
Carry steel cause I live on the nigga side of the law
Ridin' foes 'cause I can't let hoes catch me slippin'
Quick to blow and dispose if you block on hittin'
Ridin' high, blazin', kryptonite got a nigga dazin'
Burpin' and smurkin' got on enemies before I grave 'em
Ride 'em, look behind him, I see him, he slipped
Had to stop light in a slowly night, this motherfuckin' trick
Slide over so I can dump and put it in em
Damn, I guess this motherfucker know that I sent it
Hit the pedal now we high speedin'
With the metal tryin' to make these motherfuckers die speedin'
Up the way I seen him slow down
Shit! I think I done bucked these hoes down
Caught them runnin' on e it kind of funny to me
They know they was fuckin' with me but they dumb to see

[2Pac:]
Open up fire watch 'em expire when my shells split 'em
Plus all them trick niggas basically can go to hell with 'em
Fuck 'em they phony claimin' they homies but they foes
Speakin' on thug niggas daily, while we nailin' they hoes
Explode boldly at my stage shows and formation
Words are known to spray blaze as I raise my thug nation
A crooked thought, cops get bought, no longer caught
Out on bail, raised in hell, nigga fuck what you thought
Did you cry when my girl died?
Put out the hit, politic niggas worldwide, grabbin' my dick
I'll never learn, take away the pain with sherm
Throwin' gas on my enemies watchin' 'em burn
Kamikaze, I'm shootin' up the casket take the body
Whip the corpse like a piñata and party
His last breath, a straight lesson I possess like jewels
Stay thugged out keep it movin'
Runnin' on E.
Stay thugged out keep it movin'
Runnin' on E

[2Pac talking:]
One time, one time for the niggas that stayed down for us
Runnin' on E
Smif-n-Wessun the Cocoa Brovaz, Buckshot, BDI, runnin' on E
The Bootcamp Click
What happened, that was it?

2Pac Lyrics

"When I Get Free"

[Prison Guard:] Inmate 'Pac, C57797, you got a visitor
Right there, star three

[Girl:] Hi baby

[Prisoner:] What's up honey?

[Girl:] Hey you know it's just only one more week until family visit

[Prisoner:] Yeah I'ma rock them drawers. Yeah but you did you take care of that business I asked you to do?

[Girl:] I made those deposits

[Prisoner:] Okay that's cool you bring that shit?

[Girl:] Yeah I got it

[Prisoner:] Alright see that guard over there?

[Girl:] Mmm-hmm

[Prisoner:] When you get done just hand him the shit, he know whassup

[Girl:] Alright, hey you know E just got cracked, he's in jail now

[Prisoner:] What?

[Girl:] Yeah, Go-Go's out. I just saw him running around the other day

[Prisoner:] Ah, fuck that fool. But anyway, what's happening with my moms?

[Girl:] She gave me a message for you. She said she's sorry she couldn't be here today, but she'll be here next week

[Prisoner:] Alright well check this out, I got something real important I want you to tell her

[Guard:] C'mon c'mon this shit's over with
[Commotion breaks out]

[Guard:] C'mon boy, back to your cell

[Girl:] I'm not done talking to him

[Guard:] Shut that shit up bitch! He's outta here, c'mon

[Prisoner:] Don't be calling my woman no bitch! Nigga I'll fuck you up!

[Guard:] Yeah yeah fool, what?

[Prisoner:] Let me out these chains....with your broke ass sucka

[Guard:] Yeah yeah, that's what they all say fool

[Prisoner:] Yeah what! Let me out then

[Guard:] Institutionalized, and this is your home...

Guess who's back, and ready to knock off a cop or two
Cause me and the crew could still get our rocks off
The penitentiary don't stop a nigga cause he's in jail
Hell I'm makin' more money on the street from here in a cell
I'm livin' proper, the coppers is havin' fits
I just made the profit, you punks ain't stoppin' shit
I still remember my momma told me
Find the cop who killed your brother
Send him to Hell lookin' homely
Cause a real nigga love the law
What's raw is a nigga that's above the law
Keep pressin' your luck and get fucked, huh
Think a nigga don't know whassup 'cause he's locked up
But in the meantime, it's get swole get clean time
Concentrate on gettin' green time
And as the years go by, they forgot
About the small time soldier from the block, huh
To kill the crook they threw the book at me
Don't worry be nappy, don't even look happy
Put me in the hole, gave me cold cuts
Did push-ups until I swole up
And then they offer me a furlough
But what they don't know as soon as I get free I'm killin' five mo'
They asked me if I changed much
I told em 'Yeah' even though I'm still the same nut
They started askin' me questions about my brother
And makin' remarks about my mother, hmm
Wait a minute, hold up
Makin' jokes about my folks'll get yours blown up
They sent me back to the hole for what I told em
I guess he didn't believe me, so I showed him
He went home to find a tragedy
Nigga, that's what you get for tryin' to badger me
And anybody else that wanna sweat me
I'm already in jail so you punks can't get me
You better pray they never see me
Cause if they let me free, prepare for trouble on the streets

When I get free, huh
When I get free, huh
When I get free

When I get free, huh
When I get free, huh
When I get free

When I get free

2Pac Lyrics

"Until The End Of Time Remix"

(feat. Richard Page)

[2Pac:]
Perhaps I was addicted to the dark side
Somewhere inside my childhood witnessed my heart die
And even though we both came from the same places
The money and the fame made us all change places
How could it be? Through the misery that came to pass
The hard times make a true friend afraid to ask for currency
But you could run to me when you need and I'll never leave
Honestly, someone to believe in, as you can see
It's a small thang to a true, what could I do?
Real homies help you get through
And come to knew he'd do the same thang if he could
Cause in the hood true homies make you feel good
And half the times we be actin' up call the cops
Bringin' a cease to the peace that was on my block
It never stops, when my mama ask me, "Will I change?"
I tell her yea, but it's clear I'll always be the same
Until the end of time

[Richard Page:]
So take, these broken wings
I need your hands to come and heal me once again
(Until the end of time)
So I can fly, 'til the end of time
Take, these broken wings...

[2Pac:]
Please Lord forgive me for my life of sin
My hard stare seem to scare all my sister's kids
So you know, I don't hang around the house much
This all night money makin' got me outta touch, shit
Ain't flashed a smile in a long while
An unexpected birth worst of the ghetto childs
My attitude got me walkin' solo, ride out alone in my lo-lo
Watchin' the whole world move in slow-mo
For quiet times, disappear, listen to the ocean
Smokin' 'Ports, think my thoughts, then it's back to coastin'
Who can I trust in this cold world?
My phony homie had a baby by my old girl
But I ain't trippin' I'm a player I ain't sweatin' him
I sexed his sister, had her mumble like a Mexican
His next of kin, no remorse it was meant to happen
Besides rappin' the only thing I did good was scrappin'
Until the end of time

[Richard Page:]
Take, these broken wings
I need your hands to come and heal me once again
(Until the end of time)

So I can fly, 'til the end of time
Take, these broken wings...

[Richard Page:]
Take, these broken wings
You got to learn to fly, learn to live so free
(Until the end of time)
So we can fly away, 'til the end of time
Take, these broken wings...

[2Pac:]
Now who's to say if I was right or wrong?
To live my life as an Outlaw all along
Remain strong in this planet full of player haters
They conversate but Death Row full of demonstrators
And in the end drinkin' Hennessy made all my enemies envy me
So cold when I flow eliminatin' easily
Falls to they knees, they plead for they right to breathe
While beggin' me to keep the peace (haha)
When I conceive closer to achieve
In times of danger don't freeze, time to be a G
Follow my lead I'll supply everything you need
An ounce of game and the trainin' to make a G
Remember me, as an outcast Outlaw
Another album out, that's what I'm about, more
Gettin' raw 'til the day I see my casket
Buried as a G while the whole world remembers me
Until the end of time

[Richard Page:]
Take, these broken wings
I need your hands to come and heal me once again
(Until the end of time)
So I can fly, 'til the end of time

[Richard Page:]
Take, these broken wings
You got to learn to fly, learn to live so free
(Until the end of time)
So we can fly away, 'til the end of time
'Til the end of...

[2Pac:]
I don't know what it is that got me actin' all crazy out here
Guess it's just my environment, how you people be treatin'
(Until the end of time)
Shit, I'll be back in a while?
Ain't no mystery, you get what you give, feel me?
When it comes I'll be like, I can't tell you what?
Maybe it's the thug in me

BETTER DAYZ
2PAC

2Pac Lyrics

"Intro"

[Reporter:]
Good Evening.
*[*sirens in the background*]*
I'm reporting live from Sunset Boulevard where many excited fans have gathered with candles *[*crowd starts chanting "2Pac"*]* awaiting the much anticipated release, of 2Pac Shakur's latest album, Better Dayz.
This is yet another post-humous release by 2Pac which, raises the question
"Where are these songs coming from?"
It's interesting how the message in these songs is still relevant today.
Even in his death he's touching people with his lyrics.
I can feel the energy in the air as they count down to midnight when the album will officially be released.
Oh, hold on. I think they're starting to countdown now.

[Crowd:]
5, 4, 3, 2, 1.

2Pac Lyrics

"Still Ballin"

(feat. Trick Daddy)

[2Pac:]
Straight motherfuckin' ballin', part 2
Still ballin', Westside!

[2Pac:]
Now, ever since a nigga was a seed
Only thing promised to me was the penitentiary
Still ballin', ridin' on these niggas 'cause they lame
In a '61 Chevy, still heavy in this game
Can you feel me? Blame it on my mama, I'm a thug nigga
Up before the sun rise, quicker than the drug dealers
Tell me if it's on, nigga, then we first to bomb
Bust on these bitch-made niggas, hit 'em up, Westside!
Ain't nobody loved me as a broke nigga
Finger on the trigger, Lord forgive me if I smoke niggas
I love my females strapped, then fuck her from the back
I get my currency in stacks, California is where I'm at ridin'
Passed by while these niggas wondered why
I got shot but didn't die, let 'em see who's next to try
Did I cry? Hell nah, nigga, tears shed, for all my homies in the pen, many peers dead; a nigga still ballin'

[2Pac (Trick Daddy):]
Still ballin' until I die (until I die)
You can bring your crew, but we remain true
Motherfucker, still ballin' (I be ballin')
Niggas wonder why (they wonder why)
You can bring your crew, but we remain true
Motherfucker, still ballin'

[Trick Daddy:]
Now, as I kneel and pray I hope the Lord understand
When he's gone, devolve, I become a dangerous man
Ain't crazy or deranged, I'm sayin'
But when these kids go to spray 'em, boy, won't be playin'
With clientele, any rhyme sales
Question is: Will you fuck-niggas ride for real, huh?
Bitch nigga, this is G-rated
Plus your homeboy won't make it, street game Fugazi
I'm elevated to the top of this shit
Done fucked around and put me and 2Pac on the bitch
And you can tell 'em "Thug Life" was the reason for this
And I ride for any nigga who believe in the shit; still ballin'

[2Pac:]
Until the day I die
You can bring your crew, but we remain true
Motherfucker, still ballin'
Niggas wonder why
You can bring your crew, but we remain true

Motherfucker, still ballin'

[2Pac:]
Now everybody wanna see us dead
Two murdered on the front page
Shot to death, bullets to the head
Niggas holla out my name and it's similar to rape
Motherfuckers know I'm comin', so they runnin' to they graves
Watch! Swoop down with my nigga from the Pound
'Cause Trick don't give a fuck
Where you coward niggas now?
Blast, keep pumpin', ain't worried about nothin'
Busters thought we was frontin'
So reload and keep dumpin'; still ballin'

[2Pac (Trick Daddy):]
(I'm still ballin') 'til the day I die ('til I die)
You can bring your crew, but we remain true
Motherfucker, still ballin' (I be ballin')
Niggas wonder why (they wonder why)
You can bring your crew, but we remain true
Motherfucker, still ballin'
'Til the day I die (still ballin')
You can bring your crew, but we remain true
Motherfucker, still ballin'
Niggas wonder why (tell 'em!)
You can bring your crew, but we remain true
Motherfucker, still ballin', until the day I die
(Thug life), still ballin'
Motherfucker, still ballin'
Straight motherfuckin' ballin'

2Pac Lyrics

"When We Ride On Our Enemies"

Fugees! Fugees and Mobb Deep
Tryin' to diss now too, huh?!
Hahaha! Well, I ain't prejudiced
I don't give a fuck
This is what it sounds like
When we ride on our enemies
Biatch! When we ride on our enemies

Hey, got some static for some niggas on the other side of town
Let my little cousin K roll, he's a rider now
What they want from us motherfuckin' thug niggas?
Used to love niggas, now I plug niggas, and slug niggas
Am I wrong? Niggas makin' songs, tryin' to get with us
Must be gone on stress weed, in the West we trust
To the chest I bust, then we ride 'til the sun come
Shinin' back to brighten up the sky; how many die?
Heard the Fugees was tryin' to do me
Look, bitch: I'll cut your face, this ain't no motherfuckin' movie
Then, we watch the other two die slow
Castrated entertainin' at my motherfuckin' sideshow
Bam! Set my plan in mo'
Time to exterminate my foes; I can't stand you hoes
Uh, now label this my fuckin' trick shot
My lyrics runnin' all you cowards out of hip-hop
When we ride on our enemies

When we ride on our enemies
I bet you motherfuckers die
When we ride on our enemies
When we ride on our enemies
Bet all you motherfuckers die
When we ride on our enemies

Come take a journey through my mind's eye
You crossed the game, don't explain
Nigga, time to die; say goodbye
Watch my eyes when I pull the trigger
So right before you die, you bow before a bigger nigga
Now dry your eyes, you was heartless on your hits
Niggas love to scream "Peace!" after they start some shit
Pay attention, here's a word to those that robbed me
I murder you, then I run a train on Mobb Deep
Don't fuck with me!
Nigga, you're barely livin', don't you got sickle cell?
See me have a seizure on stage, you ain't feelin' well
Hell, how many niggas wanna be involved?
See, I was only talkin' to Biggie, but I'll kill all of y'all, then ball
Then tell Da Brat to keep her mouth closed
Fuck around and get tossed up by the fuckin' Outlawz
Before I leave, make sure everybody HEARD

Know I meant every motherfuckin' word
When we ride on our enemies

When we ride on our enemies
Make sure everybody die
When we ride, on our enemies
When we ride on our enemies, hehe
I make sure everybody die
When we ride, on our enemies

2Pac Lyrics

"Changed Man"

(feat. Johntá Austin, T.I.)

[2Pac:]
Shit, I'm a changed man
Ay, turn the lights out
Big baller 2Pac up in this bitch
Y'know how we swing this shit, look

[2Pac:]
By age sixteen I sold to dopefiends
Not yet a drug dealer, but I watched 'em closely
Until they noticed me
I got the feds wonderin' who broke the law
Far too inhibited for gun smoke, I broke his jaw
Words harder than a fuckin' diamond
Mobile phone call to Simon
Niggas trippin' homey, when we ridin'?
Fuck them slowly like Jodeci
And stick a needle in my eye if I don't live and die for M.O.B
And fuck your homeboys nigga we can drop the guns
I hit your block and we can box for fun
Nigga one on one, last to fall is a ballin' cat
It's Death Row, why the fuck you think we call it that?
So if you knew me in my past life
Don't act like we homeboys, ain't no love in the fast life
I switch gears on them jealous bitches, who do you fear?
The game plan of a changed man, so what I'm sayin' is

[Johntá Austin (2Pac):]
I changed plans but I'm still the same old rider
(Fuckin' with a changed man)
I slang a new dope to the world but the people still buy it
(Nigga you fuckin' with a changed man)
All my real thug niggas, go and get your hands up
You go and drink the Henn' up
(You fuckin' with a changed man)
A changed man, you're dealin' with a changed man

[T.I.:]
In drop top, the Glock cocked
Got rocks in my socks Cops
Spot Watt niggas but hardly stop niggas
Not if they got niggas, dough boys and hot niggas
Who mighta shot niggas but only by skrilla
I'm for respect nowadays they expect me
to be in a Ferrari or the old SL
Or anything you see flashing past and can't catch
Dat's me, gauge on the Escalate back seat - don't creep
Oh what you think, T.I.P. and them sweet? (Don't sleep)
Get you hit from your head to your feet (And you don't know me)
I'm fin' ta introduce you to the old me

You walk in, exploded and leave reload
You don't like a rugged nigga, fuck you, blow me
But you will respect me or get it in your neckpiece G
No three niggas here are gonna let me be
or get you inside there's codes to the streets nigga

[Johntá Austin (2Pac):]
I changed plans but I'm still the same old rider
(You fuckin' with a changed man)

All my real thug niggas, go and get your hands up
You go and drink the Henn' up
(You fuckin' with a changed man)
A changed man, you're dealin' with a changed man

[2Pac:]
A nigga so cold when I flow, bow down to Death Row
Three wheel motion, comin' through coastin'
Who's that nigga in the G-ride
Screamin' out M.O.B.! Nigga we ride
I hit the charts like a stick-up kid
Number 1 in the nation
I fucked the world, the Judge gave me probation
Faced with incarceration
Move tapes like it's big weight, slangin' to the whole nation
GIMME MINE, or I'm blastin' on every song
Murder my enemies, I'm mashin' until I'm gone
One love to my thug niggas
And fuck a bitch, cause a true sister love niggas
Throw yo' hands in the air, close your eyes and hope
Never come against the mass of smoke, on Death Row
My adversaries BLEED
But fuck 'em all 'til the talk cease
Fuckin' with a changed man

[Johntá Austin (2Pac):]
I changed plans but I'm still the same old rider
(You fuckin' with a changed man)
I slang a new dope to the world but the people still buy it
(Nigga you fuckin' with a changed man)
All my real thug niggas, go and get your hands up
You go and drink the Henn' up
(You fuckin' with a changed man)
A changed man, you're dealin' with a changed man

2Pac Lyrics

"Fuck Em All"

(feat. Outlawz)

[2Pac (singers):]
You a what? Bad Boy Killaz
(That's right, bitch, fuck 'em all!)
Hahaha, yeah, nigga, fuck 'em all!
(That's right, bitch, fuck 'em all!)
Fuck all you muthafuckers!
Ayo, Biggie, put your hands up!

[2Pac:]
Now, I can make it happen
My rappin' is similar to mothafuckers when they scrappin'
Blast and watch 'em back up
Notorious Biggie killer, affiliation with Death Row
Niggas get their caps pealed back, fool, this the West Coast
Bitch, you misdemeanor, I'm raisin' hell like felonies
Mr. Makaveli straight outta jail to sellin' these
Intoxicated, we duplicated but never faded
Now that we made it my adversaries is player hatin'
Got a Mercedes for these tricks, that thought I quit
Then got a drop top jag for these bitches that's on my dick
Go to a club in a pack, I'm smokin' bud in the back
I wait for niggas to trip 'cause, bitch, I love to scrap
Mama raised me as a thug nigga, with love niggas
I'm a millionaire started as a drug dealer
I went from rocks to zines, writin' raps and movies
I went from trustin' these tricks
Now they all want to sue me, so fuck 'em all!

[Young Noble (singers):]
(That's right, bitch, fuck 'em all!)
Come put your hands up in the air!
It's a middle finger affair, yeah
(That's right, bitch, fuck 'em all!)

[Kadafi:]
Now, could you picture my criminal status at its fuckin' peak?
Even the baddest be gettin' murdered in they seats
I'm addicted to these streets, like crack is to these creeps
Seein' visions of a prison, wake up screamin' in my sleep
Is there a heaven in this hell? A possibility of livin' well?
But if they killin' me, I get my stripes and whose to tell
Choosin' to sell, I'd rather die and be deceased
World mob figure addicted to these fuckin' streets

[E.D.I.:]
Now, put your muthafuckin' hands up if you's a rider (Ride)
Niggas ain't killers so they hidin' (Why?)
Fuck 'em all, touch 'em all; that's the way that we do it
Ride up, hop the fuck out, watch that bitch nigga lose it

Man, I'm as strong as this game, ya'll be knowin' my name
A young high strung thug nigga created by pain
Livin' my life in the fast lane, gettin' fucked by the past
Got my mind on my cash
And my next piece of ass, so fuck 'em all!

[Young Noble (singers):]
(That's right, bitch, fuck 'em all!)
Come put your hands up in the air!
It's a middle finger affair, yeah
(That's right, bitch, fuck 'em all!)
I do my dirt all by my lonely
Don't need no phony homie to call me
(That's right, bitch, fuck 'em all!)
Back off, I hit at everyone of you homies
So don't get comfortable, I'm runnin' you
(That's right, bitch, fuck 'em all!)
Nigga, we Outlaw riders
Don't give a fuck if you love us, we thuggin'

[2Pac:]
I got glad bags with enemies, cut up so they remember me
Soaked up in Hennessy, so they relatives know it's me
You can bet your last dollar, I'll dick 'em and holla
Ridin' these hoochies like they some heavy ass Chevy impalas
Jump up and get your ass shot up
For my profit pick my Glock up
I'm bustin' with self-defense, you see
Poppin' nobody got 'em, holla
Outlaw riders, mash up on the gas pedal
Vacate the scene, count the cash and stash the precious metal
Here come the coppers, the S.W.A.T. team and the helicopters
Them crackers is crazy, why? 'Cause they'll never stop us
I watched Arnold Schwarzenegger bust somebody in a movie
Now I want to do it too, ooh, ooh
Niggas is too through, true to the game
I claim Outlaw riders, we give a fuck what they try, I'm…

[Young Noble:]
'Cause Young Noble behind it
Can you picture me stickin' niggas for they watch and chain?
Kick back, lil' nigga, and watch the game
Get your mob rocked and what-not
We keep it poppin', like a drug spot
The streets know what's hot, trust me

[Napoleon:]
Even my hood call me "baby Malcolm X"
With the TEC's, shower some slugs on 'em
I've got a brother, don't rest and he keeps some drugs on him
Always in grind mood, hustle to find food
Ever seen Faces of Death? That's what my 9 do

[Kastro:]
I keep my mind on my money, and my money on my mind
With my back against the wall, like I'm runnin' outta time

Even rap with a gat, I must be goin' out my mind
Like I'm up against the world, this guerrilla team of mine
Screamin', "Thug Life, bitch, fuck 'em all!" and die for 'em
Even if the last nigga left I'ma ride for 'em
Feel me? Until they kill me, that's how I'm rollin'
"Fuck 'em all, let them die!" – that's my slogan; fuck 'em all!

[Young Noble (singers):]
(That's right, bitch, fuck 'em all!)
Come put your hands up in the air!
It's a middle finger affair, yeah
(That's right, bitch, fuck 'em all!)
I do my dirt all by my lonely
Don't need no phony homie to call me
(That's right, bitch, fuck 'em all!)
Back off, I hit at everyone of you homies
So don't get comfortable, I'm runnin' you
(That's right, bitch, fuck 'em all!)
Nigga, we Outlaw riders
Don't give a fuck if you love us, we thuggin'
(That's right, bitch, fuck 'em all!)
(That's right, bitch, fuck 'em all!)
(That's right, bitch, fuck 'em all!)

2Pac Lyrics

"Never B Peace"

(feat. Kastro, E.D.I. Mean)

[2Pac:]
Now of course I want peace on the streets, but realistically
Paintin' perfect pictures ain't never worked, my misery
Was so deep, couldn't sleep through all my pressures
In my quest for cash I learned fast, usin' violent measures
Memories of adolescent years, there was unity
But after puberty, we brought war to our community
So many bodies droppin', it's gotta stop, I wanna help
But still I'm steppin', keep my weapon, must protect myself
The promise of a better tomorrow ain't never reached me
Plus my teachers was too petrified in class to teach me
Sippin' Thunderbird and grape Kool-Aid, callin' Earl
Since my stomach was empty it seduced me to fuck the world
Watch my lil' homies lose they childhoods to guns
Nobody cries no more, 'cause we all die for fun
So why you ask me if I want peace if you can't grant it?
Niggas fightin' across the whole planet
So it could never be peace

[2Pac:]
Will there ever be peace, or are we all, just headed for doom?
Still consumed by the beast?
And I know there'll never be peace
That's why I keep my pistol when I walk the streets
'Cause there could never be peace

[Kastro:]
Somebody owes me. Will they control me? Not
I ain't a hater player, but I want all you got
Y'all babies had babies, now we fightin' each other
My dawgs got frabies, they bitin' each other
And it ain't hard to find a friend like mine
Bigfully is a bullet and he don't mind dyin'
And I gotta be blind, missed sign after sign
Time after time after time after time
And I don't like nobody, they don't like me more
And I'm good with that finally, but they heard it before
Dawg, we livin' in a prison, losin' our religion
On Thanksgivin' we thankful, just for livin' in Hell
Damn, homie, I don't mean to be harsh
But there's a devil in the ghetto tryin' to tear it apart
And if we make it up out, we still stuck in the dark
Will there ever be peace? Just a piece of my heart. Never!

[Outlawz:]
The only peace we got is a piece of our heart, piece of our mind, or that damn piece that we hold in our waistline
You feel me, dawg? C'mon, uh

[2Pac:]

So will there ever be peace
Or are we all just headed for doom?
Still consumed by the beast?
And I know there'll never be peace (never)
That's why I keep my pistol when I walk the streets
'Cause there'll never be peace

[E.D.I.:]
Thangs is changin', nigga, you better read the signs
I'm only concerned about me and mine in these times
The world is a ghetto and peace is not a part of it
We all believe God's new plan to make it out of this
Niggas spendin' too much time hatin' on each other
Niggas buyin' guns, loadin' 'em up, aimin' at each other
And the victim is you and me, it's sick, but it's true indeed
The good die, mostly over bullshit, repeatedly
Deep in me there's a part that wants nothing but love
But the rest of me know, war is what's waitin' for us
So I stays ready, keep my pay heavy and boss up
Stack my funds and my guns, never rely on luck
Askin' God to point out the impostor
Never let no weapon formed against me prosper
'Cause there'll never be peace, so don't rely on it, soldiers dyin' for it, and in the ghetto, they cryin' for it. But fuck peace!

[2Pac:]
Will there ever be peace, or are we all just, headed for doom? Still consumed by the beast?
And I know there'll never be peace
That's why I keep my pistol when I walk the streets
Fool, there'll never be peace
Will there ever be peace, or are we all just, headed for doom? Still consumed by the beast?
And I know there'll never be peace
That's why I keep my pistol when I walk the streets
Nigga, there'll never be peace
Will there ever be peace, or are we all just, headed for doom? Still consumed by the beast?
And I know there'll never be peace
That's why I keep my pistol when I walk the streets
Nigga, there'll never be peace
Will there ever be peace?

[2Pac:]
Will there ever be peace? Shit, fuck peace!
On the strength 'til my niggas get a piece, we can't have peace
How the fuck we gon' live happy when we ain't got nothing?
You motherfuckers are smilin', but I'm mean muggin'
Why? 'Cause I gotta be thuggin'
It seems drugs done turned this whole mothafuckin' hood out
All us niggas actin' up, wild-ass motherfuckin' adolescents
These niggas ain't even got no childhoods no more
How the fuck can you have a childhood
And you at the funeral every motherfuckin' weekend?
Pssh, and you motherfuckers talkin' about peace?
Nigga, it ain't no motherfuckin' peace
You ain't seen the news motherfucker? You ain't heard? Lil' babies gettin' smoked, motherfuckers killin' they whole family
Lil' kids gettin' thrown off buildings

Motherfuckers gettin' abused
Peace? Nigga, is you out your fuckin' mind?
Fuck peace! We can't never have peace 'til you motherfuckers clean up this mess you made
'Til you fuckin' clean up the dirt you dropped
'Til we get a piece, fuck peace! Westside

2Pac Lyrics

"Mama's Just A Little Girl"

(feat. Kimma Hill)

Young mothers (that's right)
I feel ya (hey)
I know how it is
Mama's just a little girl (just a little girl)
Don't nobody understand
I feel ya

[2Pac:]
She was born a heavy set girl with pigtails and curls
A heart full of gold, still it won't change the world
Though she could never understand why
Some underhanded plans witnessed a man die
Was only fifteen, should have been a beauty queen, still
See her cryin' by the caskets when her parents got killed
Little girl don't cry, cuz even though they died
You can best believe they're watchin' over thee from the sky
Never asked for this misery, but look at what you're gettin'
It's a blessin' in disguise when you find out you're pregnant
No money, no home, and even though you're all alone
You gots to do this on your own, so baby gone
I wish you luck and if you need me, call
Just come to me and let me feed you all
I can understand the way it feels when you're fightin' the world
Facin' all this drama when Mama's just a little girl

[Kimma Hill:]
Mama don't know why
Mama's just a little girl
Livin' if she is or not
Time ain't on her side
Cause Mama's just a little girl (Mama's just a little girl)
She gotta hold her head up high

[2Pac:]
At sixteen
What a beautiful thing, the very essence of a jet-black ebony queen
And who could tell she'd get pregnant at an early age? (what?!)
She didn't listen, had sex, watch her belly raise (hey)
Got violated by someone she dated
If this is fate, I'd hate to see the seeds she created, and so we waited
Though it takes time to build a body and a mind
She reclines nine months then finally it's time
What do we find? Little growin' boy of mine
With a tortured soul, addicted to a life of crime
Had no time for the growin' stage
He learned his values on the streets at an early age
Watch for police, don't come home (why?)
Cuz Mama's actin' crazy at the hospit-al
'Bout to have another baby

Like a rose from the concrete, growin' within
Blessed with twins how the hell can Mama raise three men?
So we began, closest family, such insanity
A happy home, from one act of inhumanity
Plus Mama said the seed was corrupted
Used to rub Her belly, beggin' us to breathe and she'd loved us
Now, Mama, sits quiet, sippin' peppermint Schnapps
Turned the house into a spot and made her watch for cops (hey)
How could Mama bring a thug like me in this world?
She ain't the cause of all the drama
Cause Mama's just a little girl

[Kimma Hill:]
Mama don't know why (stupid motherfuckers don't know)
Mama's just a little girl
Livin' if she is or not
Time ain't on her side
Cause Mama's just a little girl (Mama's just a little girl)
She gotta hold her head up high
(How could she raise us)

[2Pac:]
Now, will she remain in the same spot?
The gunshots rang, they came from the 'caine spot
Now, look here, I see her clutchin' her son in her arms, she's hurt
Her heart bleeds, now she watched her seed die in the dirt
Fulfilled prophecy
But who could stop the grief I walk around, tryin' to hold the world, up on top of me
I'd probably be an innocent man, still I'm the victim of a curse
What could be worse? Nothing but pain, since my birth
Only functions at the Pen', cuz everybody's in
Payin' back society, I'm guilty of a life of sin
I watch the drama occur, my eyes blur before I jetted
I wonder why we all have to die 'fore we get it
Though we shed tears, so many peers I've done buried
Worried and scared, knowin' I'ma see the cemetery
Must be prepared, in this cold world, no one cares
No! It ain't fair, but we all bear and do our share
In this land of the underhanded schemes and plans
Vivid dreams of a nigga havin' G's in hand
Mama told me not to be a punk
Fuck what you talkin' about, coward, what you niggas want? (hey)
There ain't a thing I wouldn't do for my Mama in this world
Cause you know I ain't mad at cha, you're just a little girl (Heyheyy)
Hell naw, (that's right) see mama's just a little girl (Mama's just a little girl)

[Kimma Hill:]
Mama don't know why
Mama's just a little girl (Mama's just a little girl)
Livin' if she is or not
(y'all ain't facin' all this drama cause mama just a little girl)
Time ain't on her side
Cause Mama's just a little girl (Mama's just a little girl)
She gotta hold her head up high

[2Pac:]

They ask us why we mutilate each other like we do
And wonder why we hold such little worth for human life (Facin' all this drama, when mama's just a little girl)
To ask us why we turn from bad to worse, is to ignore from which we came (Mama's just a little girl)
You see, you wouldn't ask why the rose that grew from the concrete had
Damaged petals
On the contrary, we would all celebrate its tenacity
We would all love its will to reach the sun
Well, we are the roses (we are the roses)
This is the concrete (this is the concrete)
And these are my damaged petals (these are my damaged petals)
Don't ask me why (don't ask why)
Thank God, nigga (thank god)
Ask me how (Ahahaha)
You see, mama's just a little girl
Mama (hey)...
Mama...

2Pac Lyrics

"Street Fame"

Turn it up in my head phones, please
Comin' to a ghetto near you, street fame
More, ha ha, comin' to a ghetto near you

I wasn't mad until these tricks shot me
It's time I sanitize my posse
Look how paranoid these niggas got me
Cellular calls are being traced since surveillance silently
Mama, chill, thug livin' pay the bills, I'm dyin' violently
Closed caskets, expose bastards, I leave 'em bloody
Delores Tucker, don't let your kids
Hear a nigga speak on gettin' money
Ain't nothin' funny, green got a nigga seein' things
Why? Hit the lye, hope to God I can fly
Lethal weapon, I'm a savage; still a method to my madness
Blast niggas, laugh, call 'em care cabbage
Read 'em and weep, put 'em to sleep, they hell bound
Lyrics will leave 'em spell bound
Clown, now tired of being held down
Cross my heart, hope to die, blind with some pussy
Millionaire, livin' care free, sucka free, playa haters miss me
Hope in hard times never catch me slippin'
Fuck authorities! They wonder why minorities be trippin'
We ain't havin' it, time to tear this shit back
Ghetto children kick back
Once I hit the MAC, niggas'll never get they shit back
Spit it so eloquently, my pistols represent me
Bust until my rounds empty; back for the street fame

One love to my true thugs
Comin' to a ghetto near you, street fame
Bust! Comin' to a ghetto near you, street fame
All out warfare, eye for a eye
Bustin' on my enemies, bad boy killin'
Straight dissin' you
Fuck Lil' Kim, you nasty bitch!

Temperatures rises, niggas blinded by my lyrical disguise
No time to plot retreats, niggas shiver and die
Multiple rounds found laced in his body and face
Wrapped in plastic, the acid erased all traces
Criminal tactics, the rap game became so drastic
Military mind, mash all the hoes, get blasted
If we bleed then they suffocate, chokin' in terror
So we strive seein' our lives be reflected in mirrors
The prophecy is clear, niggas lock and load, disappear
Strategize with no fear, wagin' war for years
The crack game wasn't big enough, ready to rush
Bitch made motherfuckers get murdered and touched
I go to jail niggas screamin' free me, speakin' freely

Conversatin' with my comrades kickin' Swahili
Indeed they should fear my first seed
It gets worse, planned a curse to be a G, on the first to breathe
Currency in stacks, artillery in the back
Strapped, armies, we camouflaged in all black
When we attack, holla out my set, nigga
Tighten your jaw, givin' birth to Outlawz, street fame

Bust, nigga bust!
Comin' to a ghetto near you, street fame
Only Makaveli the Don
Can put it down like this; ain't none like me
Comin' to a ghetto near you, with street fame

Positive identification, got me rushed to the station
Stuck in this line up, tryin' hard to hide my face
They placed the name but can't recall description
I ain't did shit, officer, that bitch trippin'
Promise retaliation, their plan busted, no man to be trusted
Everything corrupted once man touch it
Kamikaze, hopin' that none of the spies find me
That's why we bye bye daily, knowin' cops trail me
But why cry? Floatin' while we tokin' on this potent branch
Flossin' in the thug stance, pistol tucked inside my pants
Never underestimate me, playa hate me, see me and hide
Sure as hollow-points shatter, enemies die
Spread love, dead thugs gettin' buried in riches
Take a chance to advance; fuck them worryin' bitches!
Penitentiary's a possibility, bust and pray
Wear a rubber so I live to fuck another day, hey!
Ain't nothin' strange, I'm 25, dyin' to change
But still I bang wantin' street fame

That's the end of that
Thugged out, Makaveli the Don
Representin' the Outlawz, street fame
One love to my true niggas
Comin' to a ghetto near you street fame
Makaveli the Don, Killuminati
Comin' to a ghetto near you, street fame

Yo, check this out, I'ma tell you like this
If the lifestyle that you livin'
Got you taking more fuckin' shorts than gettin' props
Then that lifestyle need to stop
Best to recognize some Outlaw shit
'Cause only in this Outlaw lifestyle can you truly come to
To see what this life's supposed to be like
Nigga, you'll start to see riches
Fine bitches and hittin' switches
Shit, to me that shit sound delicious; street fame

2Pac Lyrics

"Whatcha Gonna Do?"

(feat. Kastro, Young Noble)

Hell yeah *[*2Pac yawning*]*
Hahaha

[2Pac:]
And uh, I started out dumb, sprung off a hood-rats
Listenin' to the radio, wishin' that I could rap
But nothing changed, I was stuck in the game
'Cause everybody in the industry was fuckin' me, mayne
Listen, I got a scheme, break away, do my own thang
Drop some conversation, sit back and let the phone ring
Niggas ain't wanna see me rise
97 watch me cut these motherfuckers down to size
And if I catch another case, Lord knows how they hate me
Got a player in the court room, please don't let 'em frame me
I've been dealt a lot of bad cards livin' as a thug
Count my blessings and throw my stressings in this land with no love
Maybe they seen me rollin', look at all this green I'm holdin'
I get this why they envious and get they eyes swollen
Hopin' the heavenly father love a hustler
Meet the hardest nigga on the Earth to ever bust a nut
My homies tell me, "Have a heart" — fuck they feelings
I've been tryin' to make a million since we started, we cold hearted
Niggas in masks that'll blast at the task force
Empty out my clip, time to mash, they asked for it
Me, Makaveli, I'm a motherfucker
We break bread, now we thug brothers, haha
Niggas talk a lot of non-shit I choose to ignore it
A war? They ain't ready for it haha

[2Pac (Young Noble):]
Now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)
Now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)
Tell me now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)
Now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)

[Kastro (Young Noble):]
My nine is Thug lord, my mind on my grind
Outlawz is my heart, they shine when I shine
(My rhyme is my grind, my team be on role)
(Proceed with the onslaught, indeed they all talk)
(They all marks and it's an Outlaw holocaust)
When I got the sawed-off. (Niggas gettin' hauled off)
Yeah, nigga beware, stand clear
This nigga's scared, man, I don't really care
I've been lost love, my heart need a hug

My bite need blood, I fight with a grudge
The life of a thug nigga might need gloves
But you'll never know with a price on your mug
Them fight strips snug right around your hands
Makin' sure you can never grab the mic again
Dog, you fuckin' with a grown man
Can't I can't afford to lose
Where we from niggas torture dudes
So whatcha wan' do?

[2Pac (Young Noble):]
Now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)
Tell me now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)
Tell me now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)
Now whatcha gonna do, when my niggas come for you

[2Pac:]
Haha, watch me clown, give me lovin' when I'm high
I'm a outlaw baby, I'll be thuggin' 'til I die
In my drop-top, double-R, life as a rap star
Hustle like a crack fiend 'til they catch me
Go ask somebody to your show
Watching niggas out of sight, in my night scope
Cookin' white dope, got my nigga 25-to-life stressed out
Tryin' to have all the better things in life
While Makaveli — a born leader, 10 millimeter
Change a nigga's future like a schizophrenic palm reader
Heed, from out the Bible I read
See the meek shall inherit the Earth and the strong will lead
Hittin' weed like it's alright
I'm in the studio makin' music all night
My enemies cry whenever I rise, they hated 'til the death
Tryin' to beat me out my last breath
What cha gonna do?

[2Pac (Young Noble):]
Now whatcha gonna do, when my niggas come for you, now nigga now
(What y'all gonna do?)
Now whatcha gonna do, when my niggas come for you, throw you hands up
(What y'all gonna do?)
Now whatcha gonna do, when my niggas come for you, would you wanna fuck?
(What y'all gonna do?)
Now whatcha gonna do, when my niggas come for you, bust 'em, when my niggas come for you
Now whatcha gonna do, when my niggas come for you, come for you
(What y'all gonna do?)
Now whatcha gonna do, when my niggas come for you
(What y'all gonna do?)

2Pac Lyrics

"Fair Xchange"

(feat. Jazze Pha)

[Jazze Pha (2Pac):]
Ladies and gentlemen! And gentlemen
This, is a Jazze Phizzile produc-shizzle
Jazze Pha, Jazze Pha
My nizzle!
My nizzle. Ha!
Outlawz! Outlawz. 2Pac, Makaveli!
(Still breathin') Yeah, woo - wooo-WHEEE!

A picture of perfection, the object of a nigga affection
Partners in passionate sex, a place to put my erection
Fantasies of you in submission, freaky positions
Pushin', pullin' and twistin' I'm on a mission got me on the mash
Tried to dig, you was screamin' when I did
Steady yellin' out spots for me to hit, and "aw shit"
Soon as I seen her saw us playin' hide the weiner
Wanna "Freak Like Me", fuck Adina
Up and down is the object, side to side
Make you holla out my name when a thug nigga ride, "Can I cum inside?"
Say you don't feel it that's a lie
You just scared to get this penitentiary dick
The trot caught your eye when I walked by
I said, "Hi."
But you was so shy, I can't lie, damn near stuttered when you walked by
You want me to lick it and even worse
Got your heart set on me goin' first, and that ain't no fair exchange

[Jazze Pha:]
You do me
And if it's worth it baby, I'll return the favor
And give it back to you (give it to you, give it to you)
A fair exchange, on everythang
And Let me tell you that's the way it's gotta be
Open your eyes baby, recognize a player
Give it up to me (give it to me give it to me)
A fair exchange, you know the game
We can do the damn thang, thang, thang

Open your legs
Got me marchin' like it's a million, you tremble from the feelin'
Look up, cause I got mirrors on the ceiling
And if you willin', then we can ride until the sun shine
And just for fun, I betchu I can make you cum 61 times
Close your eyes, let me heat it up
Cause when we fuck I refuse to bust a nut until I beat it up
Drop the top, time to fuck while the wind blow
Baby throw yo' legs out the window
Remember on the balcony, bend over baby bounce on me
And let me hit it where it counts and flee

Remember me? "I Get Around," and I'm haunted by my "Temptations"
Sexual participation, my motivation
Even though I like the way you work it
You don't deserve it cause you walk around actin' like you perfect
Took a while but I finally got it, and like a boss player
Bitch you ain't doin' me no favors, fair exchange

[Jazze Pha:]
You do me
And if it's worth it baby, I'll return the favor
And give it back to you (give it to you, give it to you)
A fair exchange, on everythang
And Let me tell you that's the way it's gotta be
Open your eyes baby, recognize a player
Give it up to me (give it to me, give it to me)
A fair exchange, you know the game
We can do the damn thang, thang, thang

Now yo' attitude ain't realistic
Yeah it's true I'm gettin' pussy, but baby you gettin' dick!
And since you bein' laced with the penetration
It's only right to show a form of appreciation
Instead of fakin' like you can't hear the bed shakin'
In bed naked you so twisted think yo' legs breakin'
You said "take it" so I'm blind in my passion, how long will I last?
Doggy style steady pumpin' on that ass, until I blast
And then I laugh as we lay back
See I wait 'til you asleep and that's the payback
Cause you actin' like you did somethin', givin' me a piece
I had you mufflin' your screams in the sheets, fuckin' with me
A true digger that love triggers, a thug nigga
Hustlin' bitches like drug dealers
Before I say goodbye, put an end to all the games
Here's my number for another fair exchange

[Jazze Pha:]
You do me
And if it's worth it baby, I'll return the favor
And give it back to you (give it to you, give it to you)
A fair exchange, on everythang
And let me tell you that's the way it's gotta be
Open your eyes baby, recognize a player
Give it up to me (give it to me, give it to me)
A fair exchange, you know the game
We can do the damn
You do me
And if it's worth it baby, I'll return the favor
And give it back to you (give it to you, give it to you)
A fair exchange, on everythang
And let me tell you that's the way it's gotta be
Open your eyes baby, recognize a player
Give it up to me (give it to me, give it to me)
A fair exchange, you know the game
We can do the damn thang, thang, thang

2Pac Lyrics

"Late Night"

(feat. DJ Quik, Outlawz)

[DJ Quik:]
Hey 'Pac, it's yo' boy
Hey man so far I've been listenin' to your album
And I ain't heard nuttin you could kick back and smoke a beadie to
You know?

Yeah like that
Some of that mellow shit
Some of that shit that make bitches drink
Make niggas think
And help you check a fat-ass bank, hahah
So why don't you kick some of that shit, nigga only you know how
Hahahah, feel me?

[2Pac:]
I'm barely standin', and plus my secondhand say it's midnight
Some Alize and Cristal guaranteed to get right
Like misdemeanors is a small thang
With DJ Quik in this bitch, I let my balls hang
Runnin' through the street lights, cause we like
Yo' nigga get your mob on show 'em what a G like
Around the corner it's like Vegas, or better yet like Reno
Niggas poppin', welcome to our casino, cause you and me know
Hundred percent like a c-note
Lookin' for a bitch that's half-black and Filipino
And when I meet her I'ma offer her some indo
Tongue-kissin' on the window of a pearl white limo
Don't wanna be your man, I'm your nigga
Touch me here, I'll get bigger
While I'm diggin' I'll get deep into your liver
I'm game type
Love fuckin' bitches in the same night
My words are aphrodisiacs if you say 'em right
The club be poppin' so I'm stoppin' at the Fat Burger
Look through the paper it's another black crack murder
The city's full of surprises, you can live or you can die
You can fuck on the first night, or try
In the late night

[Samples (2Pac):]
"Last night.. last night changed it all"
(In the late night!)
"Last night.."
"I don't give a fuck, where you gon' be. Be home by eleven!"
(In the late night!)
"Last night.. last night changed it all"
(In the late night!)
"Last night.."
"I don't give a fuck, where you gon' be. Be home by eleven!"

(In the late night!)

[Hussein Fatal:]
Around my way we lamp, many styles get cramped
I clock rocks in the rain 'til my socks is damp
Ain't nuttin like bein' a thug when I can just
Sit on the Row of Death straight knowin' that I'm blessed
Hussein Fatal, flawless fatality
Overdosin' on crime, three steps from reality
Get up to get down, represent your town, last night
Was poppin' like like cocked Glocks with hollow-tip rounds

[Kadafi:]
From booty-calls to bail sheets
It ain't no tellin' if I wake up in the county in my jail sheets
My intuitions and ambitions up in the late night
Probably involves me comin' up with just to see another day
Might
Be me who bites the bullet
In these streets where a man journey
With crooked cops and a society who tryin' to burn me
I'm like a pit in a cage, spittin' my shells in a gauge
Deadly as AIDS, niggas gettin' crossed like a maze
Now picture me livin' my life like a king, maybe one day
Until then I'm livin' Monday through Sunday
Bringin' the gun play for all these beefs and battles
When we collide, I'ma ride on that hide like cattle, cowards best to skedaddle
In the late night

"Last night.. last night changed it all"
"Last night.."
"I don't give a fuck, where you gon' be. Be home by eleven!"
"Last night.. last night changed it all"
"Last night.."
"I don't give a fuck, where you gon' be. Be home by eleven!"

[2Pac:]
Money and multiple gunshots are shown, large amps are blown
Niggas in low-lows, pursuin' mo' hoes, then go home
The life of a California star, and when you see me
In the drop-top Jag', how many niggas wanna be me?
Game is automatic, mandatory I sell
To Live or Die, I survive, but with a story to tell
Cause when you gettin' some riches, watch for dumb bitches
They have you labeled a rapist before you get to tongue-kissin'
It's a mean world nigga you strapped, must be a throwaway
Will I survive the late night, to see dawn of day?
Nobody knows me, I'm a shadow
My army fatigues made for battle, pockets full of ammo
Cause when I'm out in the streets, I'm on point, where the static?
Too many done died from semis, so now we automatic
I disappear whenever heated, ride whenever needed
For my niggas up in Clinton gettin' weeded
Continue to roll until I'm old, ride until I die
Supply long as you motherfuckers buy
My homies rolled by in a bucket, but they ain't short and duckin'

Slappin' niggas known for tellin' bitches fuck-it
In the late night

[Samples (2Pac):]
"Last night.. last night changed it all"
(It's in the late night!)
"Last night.."
"I don't give a fuck, where you gon' be. Be home by eleven!"
(In the late night!)

(Holla at me in the late night!)
"Last night.."

2Pac Lyrics

"Ghetto Star"

(feat. Nutt-So)

[2Pac:]
Haha
For all my niggas in the hood (yeah!)
Livin' the life of a ghetto star
(you know) You know how we do it hahaha
Makaveli

[2Pac:]
Just holla my name and witness game official
Niggas is so ashamed they stand stiff like scared bitches
While I remain inside a paradox called my block
Though gunshots is promised to me, when will I stop?
I hit the weed and hope to God I can fly high
Witness my enemies die when I ride by, they shouldn't have tried
I send they bodies to they parents up North
With they faces, they wrists, and they nuts cut off
Fuck 'em all what I scream as I dream in tongues
Fuck a trick, get me rich and the bitches'll come
Bust my gun, make 'em all scatter
Bullets to my nuts only made my balls fatter
Eat a dick, biyotch mercy, never that, you say you comin' back?
Bring it on, forever strapped
Introduce you to the pleasure and the pain, you can go so far
Just sell me your soul, and live the life (of a ghetto star)

[Nutt-So:]
I live the life of a thug nigga, drug dealer livin' game tight
Mug niggas, slug niggas for the fame life
Laced with game, practice on takin' pain
Quick to slang, and let it rain through yo' brain
Street smart, proficient, intelligent
And keep suckers hittin' 'til snitches start smellin' it
Movin' niggas with telekinesis
Keepin' Channel 7 at work, filmin' different features
Leadin' niggas to an early death with they head blown
And to those who didn't make it to the morgue was just dead and gone
And hope niggas got punished
Kidnapped, jacked in the back with MAC's to they neck, rappers waiting to get done in
Back*[?]* - we tossed his ass out
M.O.B. related, one mo' nigga found shot up with his dick in his mouth
Printed my name in these streets as a motherfuckin' G
Now the next generation's lookin' at me through *[?]*

[2Pac:]
Walkin' through the cemetery, talkin' to my homies that was buried
See my enemies wanna see me dead, I ain't worried, forgive me
Please give me shelter, calm my fears
Lifted my head, from my hands, had a palm of tears
I see bodies gettin' splashed, with acid

2 shots rang from the plastic Glock, wrapped in plastic
Buried the bastard, time to notify
His family, sheeit, ain't nothing left to be identified
Evacuate the crime scene fast
Why, I heard the Feds had a warrant for my ass
Why, I won't touch down 'til I see Tijuana
Set up shop selling them crooked cops marijuana
Label me a success, I made the switch
Retired from the life that never gave me shit
Put cash that I couldn't spend, countless cars
An addict for a wife, my life, as a ghetto star

[Nutt-So:]
Got the word that some nerds wanna plot on this
Hit the curve, let it swerve, had to stop they grip
No remorse, no repentance as I buck one down
Straight to the morgue cause I plan on, shuttin' shit down
Born soldier, fucked 'em up with a MAC-fo'
Torn ligaments, all up in that nigga shoulder
And a vest couldn't protect that flesh
Cause I got, slugs, to knock the air out your chest
Death, apparently they wasn't sucka free
Cause I had all them wannabe thug niggas in protective custody
I guess they heard that I got them birds
Thought I was a nerd 'til I bucked one of them to the curb
Luxury livin' lavish, with dreams of dyin' rich
With a team and clientele on my mothafuckin' dick
And gettin' down on these snitch bitches, protectin' riches
By givin' stitches, the life as a ghetto star

[2Pac:]
When I grow up I wanna be like them
My life as a ghetto star
When I grow up I wanna be like them
My life as a ghetto star
When I grow up I wanna be like them
Live my life as a ghetto star
When I grow up I wanna be like them
And live my life as a ghetto star
When I grow up I wanna be like them
Live my life as a ghetto star
When I grow up I wanna be like them
And live my life as a ghetto star

[2Pac w/ Nutt-So talking in background:]
This goes out to all you motherfuckers (to all you motherfuckers)
That STILL, have to kill to make that money (still, I'll be puttin' down)
All you niggas on the block, sellin' rocks
Hand to hand, runnin' from the police (sellin' motherfuckin' dopes)
(smokin' weed)
I see you
Live your life as a ghetto star
(look at these tramp ass hoes) Talk to the hood
Claimin' gettin' riches
(spank bitches ain't new)
Runnin' from new playa haters (any fake ass niggas)

Live my life as a ghetto star
(this is still 70 south)
Niggas with two strikes that don't wanna see the third (nah), I feel you
It's the Don Makaveli - live my life as a ghetto star

2Pac Lyrics

"Thugz Mansion"

(feat. Anthony Hamilton)

[2Pac:]
Shit, tired of gettin' shot at
Tired of gettin' chased by the police and arrested
Niggas need a spot where we can kick it
A spot where WE belong, that's just for us
Niggas ain't gotta get all dressed up and be Hollywood
Y'knahmean? Where do niggas go when we die?
Ain't no heaven for a thug nigga
That's why we go to thug mansion
That's the only place where thugs get in free
And you gotta be a G, at thug mansion

[2Pac:]
A place to spend my quiet nights, time to unwind
So much pressure in this life of mine
I cry at times, I once contemplated suicide
And would've tried, but when I held that 9
All I could see was my mama's eyes
No one knows my struggle, they only see the trouble
Not knowin' it's hard to carry on when no one loves you
Picture me inside the misery of poverty
No man alive has ever witnessed struggles I survived
Prayin' hard for better days, promise to hold on
Me and my dawgs ain't have a choice but to roll on
We found a finally spot to kick it
Where we can drink liquor and no one bickers over trick shit
A spot where we can smoke in peace
And even though we G's
We still visualize places that we can roll in peace
And in my mind's eye I see this place
The players go and pass it
I got a spot for us all, so we can ball, at thug's mansion

[Anthony Hamilton:]
Ain't no place I'd rather be
Chillin' with homies and family
Sky high, iced out, paradise in the sky
Ain't no place I'd rather be
Only place that's right for me
Chromed-out, mansion in paradise, in the sky

[2Pac:]
Will I survive all the fights and the darkness?
Trouble sparks, they tell me, "Home is where the heart is."
Dear departed, I shed tattooed tears
And couldn't sleep good for multiple years
Witness peers catch gunshots; nobody cares
Seen the politicians ban us
They'd rather see us locked in chains

Please explain why they can't stand us
Is there a way for me to change?
Or am I just a victim of things I did to maintain?
I need a place to rest my head
With the little bit of homeboys that remains
'Cause all the rest dead
Is there a spot for us to roll? If you find it
I'll be right behind ya, show me and I'll go
How can I be peaceful? I'm comin' from the bottom
Watch my daddy scream, "Peace!"
While the other man shot him
I need a house that's full of love, when I need to escape
The deadly places slingin' drugs, in thug's mansion

[Anthony Hamilton:]
Ain't no place I'd rather be
Chillin' with homies and family
Sky high, iced out, paradise in the sky
Ain't no place I'd rather be
Only place that's right for me
Chromed-out, mansion in paradise, in the sky

[2Pac:]
Dear Mama, don't cry, your baby boy's doin' good
Tell the homies I'm in heaven and they ain't got hoods
Seen a show with Marvin Gaye last night, it had me shook
Drinkin' peppermint Schnapps
With Jackie Wilson, and Sam Cooke
Then some lady named Billie Holiday sang
Sittin' there kickin' it with Malcolm, 'til the day came
Little Latasha sho' grown; tell the lady in the liquor store
That she's forgiven, so come home
Maybe in time you'll understand only God can save us
When Miles Davis cuttin' lose with the band
Just think of all the people that you knew in the past
that passed on, they in heaven, found peace at last
Picture a place that they exist, together
There has to be a place better than this, in heaven
So right before I sleep, dear God, what I'm askin'
Remember this face, save me a place in thug's mansion

[Anthony Hamilton (2Pac):]
Ain't no place I'd rather be
Chillin' with homies and family
Sky high, iced out, paradise in the sky (in thugs mansion)
Ain't no place I'd rather be
Only place that's right for me
Chromed-out, mansion in paradise, in the sky (thugs mansion)
Ain't no place I'd rather be
Chillin' with homies and family
Sky high, iced out, paradise, in the sky (in thugs mansion)
Ain't no place I'd rather be
Only place that's right for me

2Pac Lyrics

"My Block (Remix)"

Damn, take a ride to my block
My block, that's right! Hehe
'Round my motherfuckin' way

They got a nigga sheddin' tears, reminiscin' on my past fears
'Cause shit was hectic for me last year
It appears that I've been marked for death, my heartless breast
The underlying cause of my arrest, my life is stressed
And no rest, forever weary; my eyes stay teary
For all the brothers that are buried in the cemetery
Shit is scary, how black-on-black crime legendary
But at times unnecessary, I'm getting worried
Teardrops and closed caskets, the three strikes law is drastic
And certain death for us ghetto bastards
What can we do when we're arrested but open fire?
Life in the pen ain't for me, 'cause I'd rather die
But don't cry through your despair
I wonder if the Lord still cares for us niggas on welfare
And who cares if we survive? The only time they notice a nigga is when he's clutchin' on a four-five
My neighborhood ain't the same, 'cause all these little babies going crazy and they suffering in the game
And I swear it's like a trap
But I ain't given up on the hood, it's all good when I go back
Hoes show me love, niggas give me props
Forever hop, 'cause it don't stop – on my block

Living life is but a dream
Hard times is all we seen (on my block)
Every block is kind to me
But on the block we still pray
But on the block we still pray

Now shit's constantly hot on my block
It never fails to be gunshots
Can't explain a mother's pain when her son drops
Black males living in Hell; when will we prevail?
Fearing jail, but crack sales got me living well
And in a sense I'm suicidal with this Thug's Life
Staying strapped, forever trapped in this drug life
God, help me, 'cause I'm starving, can't get a job
So I resort to violent robberies, my life is hard
Can't sleep, 'cause all the dirt make my heart hurt
Put in work and shed tears for my dead peers
Mislead from childhood where I went astray
'Til this day I still pray for a better way
Can't help but feel hopeless and heartbroke
From the start I felt the racism 'cause I'm dark
Couldn't quit, the bullshit make me represent
Hit the bar and played the star everywhere I went
In my heart I felt alone, out here on my own
I close my eyes and picture home – on my block

Living life is but a dream
Hard times is all we seen (on my block)
Every block is kind to me
But on the block we still pray
But on the block we still pray

And I can't help but wonder why so many young kids had to die; caught strays from AK's in a drive-by
Swollen pride and homicide don't coincide
Brothers cry for broken lives; Mama, come inside!
'Cause our block is filled with danger
Used to be a close knit community
But now we're all cold strangers
Time changes us to stone, them crack pipes
All up and down the block, exterminating black life
But I can't blame the dealers; my mama's welfare check has brought the next man chrome wheels
Shit's real, I know you feel my tragedy
A single mother with a problem child, daddy free
Hanging out, picking up game, sippin' cheap liquor
Gaming the hoochies, hoping I can get to sleep with her
It's a man's world, staying strapped
Fantasies of a nigga living phat but held back
Pipe dreams can make the night seem hopeless
Wide eyed and losing focus – on my block

Living life is but a dream
Hard times is all we seen (on my block)
Every block is kind to me
But on the block we still pray
But on the block we still pray

And block parties in the projects lasting way past daylight
A young nigga learned to break, right?
Used to play fight with my homies, but they stuck in the pen
I send them ends, but it's tough on a friend
In my mind I see the same motherfuckers ballin'
Alcohol will make a lazy nigga slip and fall, miss his call
I know the young niggas understand this
Growing up in this world where everything is scandalous
I reminisce on the fast times, past crimes
Tryin' to cop a slice of pizza with my last dime
Can't explain, just what attracts me to this dirty game
Gold chains, some extra change, and the street fame
And what's strange is everybody know my name
Swear they all know me, and lots of cash make a nigga change
I hit the green just to maintain, feeling pain
For all the niggas that I lost to the game – from my block

Living life is but a dream
Hard times is all we seen (on my block)
Every block is kind to me
But on the block we still pray
But on the block we still pray

Rest in peace to all the motherfuckers that passed away
From all the blocks that I'm from

112 street, 7th Avenue, New York, Uptown, knahmsayin'?
183rd and Walt, my block – that's right
122nd and Morningside, my block – that's right
Decatur Avenue, Baltimore, my block – that's right
And the Jungle, Marin City, that's my block – that's right
Los Angeles, haha – that's my block too
Oakland, can't forget Oaktown – that's my block for sure
And all the other blocks around this motherfucker
Houston, Florida, St. Louis, Tennessee, Miami, Chicago
All y'all niggas stay kickin' up dust
Represent the motherfuckin' block

Nothing but peace (I wanna go) love (I wanna go nigga)
And street passion, every ghetto needs a thug mansion

[Nas:]
A place where death doesn't reside, just thugs who collide
Not to start beef but spark trees, no cops rolling by
No policemen, no homicide, no chalk on the streets
No reason, for nobody's momma to cry
See I'm a good guy, I'm trying to stick around for my daughter
But if I should die, I know all of my albums support her
This whole year's been crazy, asked the Holy Spirit to save me
Only difference from me and Ossie Davis, gray hair maybe
Cause I feel like my eyes saw too much suffering

I'm just twenty-some-odd years, I done lost my mother
And I cried tears of joy, I know she smiles on her boy
I dream of you more, my love goes to Afeni Shakur
Cause like Ann Jones, she raised a ghetto king in a war
And just for that alone she shouldn't feel no pain no more
Cause one day we'll all be together, sipping heavenly champagne
where angels soar, with golden wings in thug's mansion

[J. Phoenix:]

2Pac Lyrics

"Never Call U Bitch Again"

(feat. Tyrese)

[2Pac:]
Whassup, boo? Swear I'll never call you bitch again
You ain't fuck with me
I swear I'll never call you bitch again
(All I just wanna say is um, if I fuckin' apologized)
I swear I'll never call you bitch again
(I ain't mean to call you a bitch)
I'll never call you bitch again

[2Pac:]
Damn – gave my homie 90 days for domestic violence
I try to picture myself in this position but remain silent
I get to thinkin' 'bout this shit we been through
We close like kin, but you remain my friend too
This life of sin, done got the both of us in trouble
But you always stay down for a nigga, so that's why I love you
Reminiscin' needin' tissues, fightin' over childish issues
Swear I can't live with you
But without you, every day I miss you
When we roll you hold my pistol, my gangsta bitch-itch, you
Always in the mood for love, that's why I'm sleepin' with you
Though not the man of your dreams
My plan and scheme's to be rich like a king
And live my life trouble free, I see
Yesterday I called you names and played games on your mind
I promise that I'll change in time
It's a complicated world so, girl, just be a friend
I swear I'll never call you bitch again (and that's my word)

[Tyrese (2Pac):]
We came too far to throw it all away
(I swear I'll never call you bitch again, believe me)
We came way too far, pretty baby
to throw it all away, throw it all away
(I swear I'll never call you bitch again, hey)

[2Pac:]
I wake up early in the mornin', at the crack of dawn
Nigga still tired so I'm yawnin', and now I'm gone
Tryin' to get my money on strong
So an early riser out before them other guys
That's the way to profit every time
Can't get too close my enemies, they see ghosts, they envy me
Plus we been beefin' with the East Coast, with casualties
Got stopped in traffic, had a warrant, so they gaffled me
But while I'm gone, watch my business and my back for me
My enemies think they got me crossed, they ain't knowin'
Ain't no love for player haters where you cowards goin'
You paid bail, got me out of jail, home again

I promise not to leave you on your own again
Cristal corks are popped, romantic thoughts are dropped
It's so frantic but don't panic, 'cause we crossed the top
I found a partner and a rider, a woman and friend
I swear I'll never call you bitch again, believe me

[Tyrese (2Pac):]
We came too far to throw it all away
(I swear I'll never call you bitch again, believe me)
We came way too far, pretty baby
To throw it all away, throw it all away
(I swear I'll never call you bitch again, believe me)

['Pac:]
I know, I know, all that is dead though
I'm changed, I'm tellin' you
I know what time it is, gotta give a nigga time
To grow up, ya know what I'm sayin'?
That was way back then

[Tyrese:]
You're my nigga, my best friend
Never gonna call you a bitch again
Yea yea yea, oh

[2Pac:]
Witness the evil men do, all this shit I been through
Never meant to hurt you, can we make this work, boo?
I know you been feelin' pain, things are not the same
Waitin' to exhale while I'm sittin' in the county jail
Keep your head up, 'cause things are gettin' better
My cellmate shed tears off your last love letter
Told him you would find a friend, so keep your eyes peeled
Sorry if I cuss, but it's the sufferin' that I feel
Who can I trust? And if I bust, will she snitch?
Even though you ain't the type to trip, sorry if I called you bitch
You showed me the definition of feminine
The difference between a pack of bitches and black women
Huh, I see the boss for the third time, hope to see you soon
Pictures of us kissin' in the livin' room, in the nude
Thanks for being there much more than a friend
I swear I'll never call you bitch again; believe me!

[Tyrese (2Pac):]
We came too far, to throw it all away
We came way too far, pretty baby
(I swear I'll never call you bitch again, believe me)
We came too far to throw it all away
(I swear I'll never call you bitch again, believe me)
We came way too far, pretty baby
To throw it all away, throw it all away baby

2Pac Lyrics

"Better Dayz"

(feat. Ronald Isley)

Lookin' for these better days
Better days, hey, better days
Got me thinkin' about better days
Better days, better days, better days
Hey, better days
Got me thinkin' about better days

Time to question our lifestyle, look how we live
Smokin' weed like it ain't no thing, so even kids
Wanna try now, then lie down and get ran through
Nobody watches 'em, clockin' the evil man do
Faced with the demons
Addicted to hearin' victims screamin'
Guess we was evil since birth, product of cursed semens
'Cause even our birthdays is cursed days
A born thug in the first place, the worst ways
I'd love to see the block in peace
With no more dealers and crooked cops
The only way to stop the beast
And only we can change
It's up to us to clean up the streets, it ain't the same
Too many murders, too many funerals, and too many tears
Just seen another brother buried
Plus I knew him for years
Passed by his family, but what could I say?
Keep yo' head up and try to keep the faith
And pray for better days

Better days, better days
Hey, better days
Got me thinkin' about better days
Better days, better days, better days
Hey, better days
Got me thinkin' about better days

Thinkin' back as an adolescent, who would've guessed
That in my future years I'd be stressin'?
Some say the ghetto's sick and corrupted
Plus my P.O. won't let me hang
With the brothers I grew up with
Tryin' to keep my head up and stay strong
All my homies slangin' yayo all day long
But they wrong, so I'm solo and so broke
Savin' up for some Jordan's, 'cause they dope
I got a girl and I love her, but she broke too
And so am I; I can't take her to the places she wanna go to
So, we argue and play fight, all day and night
Makin' passionate love 'til the daylight
Plus we about to get evicted, can't pay the rent

Guess it's time to see who really is your friend
Tell me you pregnant and I'm amazed
So many blessings while we stressin'
Lookin' for them better days

Better days, better days
Hey, better days
Got me thinkin' about better days
Better days, better days, better days
Hey, better days
Got me thinkin' about better days

Now, me and you was real cool, hell on them square fools
Since back in high school, we was true, me and you
Hardly parted or separated, we stayed faded
Affiliated with gang-bangers and still made it
Up in the gym, mess with me, gotta mess with him
Still dressin' like grown men when rollin'
Out in the dark, smokin' Newports, gamin' marks
Got a place in my heart, homie, stay smart
Locked you up in the pen, and gave you three to ten
I send you letters with naked flicks of old friends
Hopin' you well, I know it's hell
Doin' time in the cells, you need mail when you in jail
And me, I'm doin' cool
I settled down, had a family, workin' a night school
Every once in a while, I reminisce
And I wonder how we ever came to this; I miss the better days

Better days, better days
Hey, better days
Got me thinkin' about better days
Better days, better days, better days
Hey, better days
Got me thinkin' about better days

I send this one out to all the homeboys down in, uh
Clinton lockdown, Rikers Island
All them dudes I was, uh, locked up with, hehe
E Block, F Block, lower H
N-I-C in Rikers Island, downstate
All the peoples I met along the way
Better days is comin', homeboy, keep your head up!

2Pac Lyrics

"U Can Call"

(feat. Jazze Pha)

[2Pac:]
Dear baby you the picture of perfection
Straight from your million dollar smile
To my attraction to your complexion
No hesitation needed; you got me
Inhalin' the aroma of your perfume, and feelin' heated
I move closer to drop the lines of my introduction
Hold out my hand, and grab yo' hand, now we touchin'
My lyrics are poetry, so baby get a ticket to go with me
Thugged out so you notice me
It's a positive attraction; see pictures of us
Layin' butt-naked on the beach kicking back relaxin'
And only you can calm, the savage beast
Look in my eyes are you surprised, that it's me?
I wanna make you mine
I'm kissin' on you tryin' to make it different every time (that's right)
I'm so lonely in my bedroom, lookin' at the walls
Withcha number in my hand, wonderin' should I even call her tonight

[Jazze Pha (2Pac):]
Anytime you like, baby you can call me
Need a thug up in yo' life (call me thug)
Never find nobody like me
'Cause I know what you want (call me thug)
And girl you know I got you
You got what I need (call me thug)
And shorty it's all on you
Baby call on me

[2Pac:]
Been gettin' nuttin' but bad news, ever since the day you left me
I sit and wonder is there a way, you could forget me
Remember my phone calls, my late visits
Us havin' breakfast in bed, then we straight kick it
Me and you in satin sheets, 'til after two
Come take a walk on the wild side, enjoy the view
Whenever we collide; it's bound to be a pleasurable time
Makin' love 'til the early light
Sweetheart don't fight the feelin'
Come get a shot of this plain dealin' and concentrate on the ceiling
It's my intention to brush up
Beware of the fireworks, 'cause every time we touch..
...it's bound to be, so relax, clown with me
As if you're down with me, get around and see
The brother with tattoos and no fears
Runnin' my fingers through your hair
If you call me

[Jazze Pha (2Pac):]

Anytime you like, baby you can call me
Need a thug up in yo' life (call me thug)
Never find nobody like me
'Cause I know what you want (call me thug)
And girl you know I got you
You got what I need (call me thug)
And shorty it's all on you
Baby call on me

[2Pac:]
Pardon me, but let's be specific
Baby 'cause if you down with me, nigga we can kick it
And let's take trips and ride airplanes
A hundred thousand dollar car on dem gold thangs, so can you hang?
'Cause we can be real tight (right)
I got a big suite at the Hyatt, if it feel right
My only wish is to be witcha
You got me steady strivin' to getcha
Fantasizin' of friendly pictures
The pressure's gettin' major
I wonder will you answer my call, if I page ya
Got me goin' wild with anticipation
Face to face with us locked up in strange places
What will it take? 'cause the heartache be heatbreak
Is my prediction when you falsify and start fake?
In my position I'm a careful man, but a player when I ball
Got my eyes on you baby, can I call?

[Jazze Pha:]
Anytime you like, baby you can call me
Need a thug up in yo' life, never find nobody like me
'Cause I know what you want, and girl you know I got you
You got what I need, and shorty it's all on you
Anytime you like, baby you can call me
Need a thug up in yo' life, never find nobody like me
'Cause I know what you want, and girl you know I got you
You got what I need, and shorty it's all on you
Baby call on me

2Pac Lyrics

"Military Minds"

(feat. Smif-n-Wessun, Buckshot)

[2Pac:]
Stand in formation, my motherfuckin' real troopers
Let's do it like soldiers - all and together now!
Ready? Hell yeah, y'all niggas better get ready
No retreat, no surrender, death before dishonor motherfucker!
Do it to 'em, c'mon never die thuggish, uh - YES YES YES
Say what? (Eastside, Westside ride) Where ya at, where ya at?
Where my real thugs, where ya at, where ya at?
Where my real thugs, where ya at, where ya at?
Where my real thugs, where ya at?!
Hehehe, send cases to the drug dealer
Real thugs, where ya at? You motherfuckin' home
Do it to 'em, do it to 'em
They love the way we do it to 'em, we do it to 'em

[2Pac:]
Suppress the revolution of premeditated scheme
Introduce a drug called crack to us ghetto teens
Got a law for raw niggas, now, playa what it be like?
When will niggas see they got us bleedin' with three strikes
Can't seem to focus hopeless, with violent thoughts I wrote this
Got these Devils petrified, hidin' from my hocus-pocus
And so I learned to earn my currency and over time
Affiliated, clearly click a military mind
May God forgive us though we dwell inside a paradox
Thugged out and drug dealin', from the womb to the block
My live mind got me survivin' five rounds (shots)
My forty-five got me fortified with live rounds
When shit's thick we plot hits, when our Glock spits
All hail, out on bail, wrath of the 2Pacalypse
Forever ghetto necessary picture food stamps
Outlaw Thug Niggas never left the boot camp

[Cocoa Brovaz:]

[Tek:]
They called us for assignment, one of the squad's finest
Skills in guerrilla warfare and blessed with refinement
My rap sheet, contains sections of bomb sessions
Says I'm responsible for black Smif-N-Wessun
Putting likkle yout's in a military state of mind
Dangerous like chronic and yard when combined
Cocoa Brovaz 'pon de borderline
Test de sound and ye dead same ti-ime

[Steele:]
Man to man, I'm facin' the Devil with a plan
Judo stance, first glance, I'm makin' my advance
Animal instincts, intelligence of an assassin

Masked men, ninjas that surround me, ready to attack
I react swiftly, what father taught me sticks with me
Never forget the method, stick and move strictly
Shit be seemin' like it's closin' in
With no regrets I hold position
'Cause I suppose I'm one of the chosen men

[Buckshot:]
Picture being put in a position to move
And you can't move 'cause your move is blocked by the knight
At twelve o'clock, that's when the madness begins
So I start to focus in, my thoughts on the war
'Cause the rule is the law, and the law that we live by
Is to stay true to self, in this case, BDI
Why try if ya body lie
By the block true soldier mentality, this is how we rock and roll
(This is how we ride)

[Boot Camp Clik:]
Stick and move, time to show 'em how to make a move
Or get moved on, let's see who strong

[Cocoa Brovaz:]

[Tek:]
In the gaze of the strange, where nothing stays the same
Where new faces come through with similar game
Now who you thought was them, really ain't
They catchin' deja vus of the game people play
It's a call for readjustment, fine tune yo' position
You slippin' and trippin' 'stead of bobbin and dippin'
But never let this world of stress get the best of me
Takin' breathin' techniques, slay you with Tai-Chi

[Steele:]
What does it take, to get a break in the world of snakes
And dose who fake
Elimination I'm facin' destruction
Outlawed, so I duck and down, fo'-fo' is bustin', no one to trust in
Rushin' to the goal line
Catch a nigga beat him treat him like he stole mine
No swine I'm a soldier, soldier I control mine
Time to, take you, back into time - follow dis here

[Buckshot:]
One way out, this black hole
For this black soul, shit is outta control
I'm fightin' for my position to be a fetus in this world I'm enterin'
And my face is sentencin' for repentance
Before my body was fully formed into a human
I was already consumin' weed
'Cause my moms used to smoke back in the 70s
Maybe that's why in the 90s I drop G's when I drop degrees
When I ease across the block with 'Pac
Got all y'all niggas shocked
You didn't think Boot Camp Clik would link, with a Outlaw mind?

If you do you press rewind
And you can peep guerrilla tactics in every line

[2Pac:]
Yeah, and this is how we do it!
Where my real thugs, where they at?
Let me, see my real thugs, now where ya at?
Won'tcha, see my real thugs, where ya at?
Let me, see my real thugs, where ya at now?
Where my real thugs, let me see, where ya at?
Tell me where my real thugs gots to see, where ya at?
Where's my soldiers - where ya at?
Where my, real soldiers - where ya at?
Where my soldiers at; where ya at, where ya at?
Get yo' strap my nigga; where ya at, where ya at?
Where my soldiers at; where ya at, what ya at?
Getcha, thug niggas where ya at, witcha strap?
Where my soldiers at, where my true thug niggas
No longer drug dealers 'cause we now, thug niggas
Where my soldiers at, no longer drug dealers
'Cause we now, thug niggas, let me, where my
Where my soldiers at?, put your pistols in the air
Where my soldiers at?, put yo' guns up
Tell me where my soldiers at?, put yo' pistols in the air
Where my, SOLDIERS, my true thug ROLLERS
Yes, it just doesn't quit, YES!
This is that real hip-hop shit YES!
Fuck what you heard
From the ghetto to the 'burbs, know we meant, every word
Where my SOLDIERS?, where my soldiers at
Where my SOLDIERS?, where my soldiers at
Put yo' hand on the pistol, put yo' pistols in the air
Where my soldiers at?, where my soldiers at?
Where my SOLDIERS?, where my soldiers at
Where my SOLDIERS?, where my soldiers at
When Bob Dole and Delores Tucker wanna know
Where my soldiers at, GO VOTE!

2Pac Lyrics

"Fame"

(feat. Bad Azz, Outlawz)

[2Pac:]
And my niggas say
We want the fame!
Come on! Come on!

[2Pac:]
One thing we all adore
Something worth dyin' for
Nothin' but pain
Stuck in this game
Searchin' for fortune and fame

[2Pac:]
Though we exist to breed, some believe currency comes to G's
Stress is half the battle, with success comes greed
They got me hot when they shot me, plotted
My revenge to increase my ends; enemies gettin' dropped
Win or lose, red or blue, we must all stay true
Play the game, nigga, never let the game play you
And for the fame, niggas change fast, that's a shame
What's to gain, lost souls? Who controls our brain?
Who can I blame? The world seems strange at times
Somewhat insane, I'm hopin' we can change with time
I'm livin' blinded, searchin' for refinement curse
I know, Death follows me, but I'll murder him first
And worse yet, with each breathe, steps I take, breathless
Is there a cure for a hustler with a death wish?
Cigar ashes, toast with crystal, glasses
We mash on them jealous bastards, with my ski mask
I'm the first one to want him blasted
Wrapped in plastic, bullshittin' got his ass hit
Ain't nothing left now, treated like a stepchild was not for me
Nothing but busters and bitches be rockin' beats, fakin' fame

[Yaki Kadafi:]
Block run and shoot slugs
We throw them back like hardballs
Without the gloves, no love for these fake desperadoes
And thugs I bleed to envy
Smoke and blow out they blunts, sippin' Henny
Drunk nights, and hot days
Cockin' my heat, shootin' it sideways
A wife on the run, full of common blunts
Unconditionally married to my gun
Fulfillin' my destiny on knees and one's desires
Be pullin' all my cabbage like priors, stuck in the trance
Searchin' for something higher, the fortune and fame

[2Pac:]

One thing we all adore
Something worth dyin' for
Nothin' but pain
Stuck in this game
Searchin' for fortune and fame
One thing we all adore
Something worth dyin' for
Nothin' but pain
Stuck in this game
Searchin' for fortune and fame

[Young Noble:]
Searchin' for fortune and fame, lost in the rain
A lost of the game, with life the cost of the game
We forcin' the change, motherfuck flossin' a chain
All the blame belongs to the part of the brain
That we never use, nigga, plus my heart is in pain
And if I ever lose, homie, bet I'm at it again
Outlaws don't die, so united we stand
And if family come before, all the fortune and fame

[Napoleon:]
As I walk up in the crib, laid to rest my head
Say salaam to the angels, hope they bless my bed
Hope they bless me the righteous way
Got a homie locked down outta town, I sent him a kite today
Man, that hate in your heart you gotta cleanse it, dawg
Prayin' for my downfall, and I can sense it, dawg
I was passed down the street fame
Like Glocks clocked and keep aim
Was raised up with a clock box
And I ran with the local street gang
They say the light is faded but still shine in the dark
You can easy been a man, but you's a boy in your heart
And that's some game that I got from generation of game
In the road of life, dog
We need to switch up lanes – think about it!

[2Pac:]
One thing we all adore
Something worth dyin' for
Nothin' but pain
Stuck in this game
Searchin' for fortune and fame
One thing we all adore
Something worth dyin' for
Been nothin' but pain
Stuck in this game
Searchin' for fortune and fame

[Bad Azz:]
I can't complain, I've seen my fair share of the fame
It won't change me, now I've got this piece of change
I feel strange, I got so used to the hood
That when I finally got out at first it ain't feel good
I was just a baby, still retarded from slavery

When we struggle to shovel shit ain't nobody saved me
Ghetto ain't made me, I made myself
Poverty raised me, thinking ain't no help
I pray for my health, my mind, and my family too
State of myself, my grind, and my family crew
Where one hand washes the other
No, we ain't blood, but we still real brothers
The struggle is real, nothin' can steal what we build
And that remains the same 'til the day that we killed
And that's real, life that I was aimed to be
Love by my family tree, that's fame to me – how about it?

[2Pac:]
One thing we all adore
Something worth dyin' for
Nothin' but pain
Stuck in this game
Searchin' for fortune and fame
One thing we all adore
Something worth dyin' for
Nothin' but pain
Stuck in this game
Searchin' for fortune and fame

2Pac Lyrics

"Fair Xchange (Remix)"

(feat. Mya)

[Mya:]
No, no...

Picture of perfection, the object of a nigga affection
Partners in passionate sex, a place to put my erection
Fantasies of you in submission, freaky positions
Pushin', pullin' and twistin' I'm on a mission got me on the mash
Tried to dig, you was screamin' when I did
Steady yellin' out spots for me to hit, and "aw shit"
Soon as I seen her saw us playin' hide the weiner
Wanna "Freak Like Me", fuck Adina
Up and down is the object, side to side
Make you holla out my name when a thug nigga ride, "Can I cum inside?"
Say you don't feel it that's a lie, you just scared to get this
Penitentiary dick, the trot caught your eye
When I walked by, I said, "Hi"
But you was so shy, I can't lie, damn near stuttered when you walked by
You want me to lick it and even worse
Got your heart set on me goin' first, and that ain't no fair exchange

[Mya:]
Only one thing that you, can do, for me
Baby you can treat me right, we can do it all the night
Nothin' more than our fair exchange
Hit my G-spot and make, me scream, your name
You can do whatever you want, I got what I want and gone
Nothin' more than our fair exchange

Open your legs
Got me marchin' like it's a million, you tremble from the feelin'
Look up, cause I got mirrors on the ceilin'
And if you willin', then we can ride until the sun shine
And just for fun, I betchu I can make you cum 61 times
Close your eyes, let me heat it up
Cause when we fuck I refuse to bust a nut until I beat it up
Drop the top, time to fuck while the wind blow
Baby throw yo' legs out the window
Remember on the balcony, bend over baby bounce on me
And let me hit it where it counts and flee
Remember me? "I Get Around," and I'm haunted by my "Temptations"
Sexual participation, my motivation
Even though I like the way you work it
You don't deserve it cause you walk around actin' like you perfect
Took a while but I finally got it, and like a boss player
Bitch you ain't doin' me no favors
Fair exchange

[Mya:]
Only one thing that you, can do, for me

Baby you can treat me right, we can do it all the night
Nothin' more than our fair exchange
Hit my G-spot and make, me scream, your name
You can get whatever you want, I got what I want and gone
Nothin' more than our fair exchange

Now yo' attitude ain't realistic
Yeah it's true I'm gettin' pussy, but baby you gettin' dick!
And since you bein' laced with the penetration
It's only right to show a form of appreciation
Instead of fakin' like you can't hear the bed shakin'
In bed naked you so twisted think yo' legs breakin'
You said take it so I'm blind in my passion, how long will I last?
Doggy style steady pumpin' on that ass, until I blast
And then I laugh as we lay back
See I wait 'til you asleep and that's the payback
Cause you actin' like you did somethin', givin' me a piece
I had you mufflin' your screams in the sheets, fuckin' with me
A true digger that love triggers, a thug nigga
Hustlin' bitches like drug dealers
Before I say goodbye, put an end to all the games
Here's my number for another fair exchange

[Mya:]
(It's only one!!!) Only one thing that you, can do (thing that you can do for me), for me
Baby you can treat me right, we can do it all the night
Nothin' more than our fair exchange
Hit my G-spot and make, me scream, your name (make me scream baby)
You can get whatever you want, I got what I want and gone
Nothin' more than our fair exchange
Only one thing that you (whatever you want), can do, for me
Baby you can treat me right (can you do me), we can do it all the night
Nothin' more than our fair exchange
Hit my G-spot and make, me scream, your name
You can get whatever you want, I got what I want and gone
Nothin' more than our fair exchange

[Mya:]
Fair exchange
No one, gives me lovin' (lovin')
Quite like you do (No one gives me lovin' like you do)
No one, gives me lovin'
Quite like you do (that I knows, you know, you love, I love)
(The things that I'ma do, to you)

2Pac Lyrics

"Catching Feelins"

(feat. Outlawz)

[2Pac:]
Ahahha all my homeboys might squabble but we don't fall down (never)
Ahahah yeah! My homeboys might squabble but we don't fall down
Uh, yeah! My homeboys might squabble but we don't fall down
Westside, westside
Part two of the war

[2Pac:]
Cross this nigga here, now Biggie tell me who do you fear?
Ain't a livin' soul breathin' shall pump no fear here
My last foe flashed then I mashed his ass
Bastard, fuck with me, bet I blast your ass
So many follow but can't reach me, caught in the maze
Catch them, mimickin' my style tryin' to walk this way
Impossible my posse droppin' you, we Death Row riders
No need to beg, motherfucker, ain't no mercy inside us
Feelin' blessed, the richer I get, the more I stress
Smokin' lye watchin' time fly, waitin' for death
Dear God I been feelin' like I'm close to Jesus
Paranoid with my pistols close, smokin' trees
Keep my eyes on my foes, those close to me
Watchin' niggas catch strays, shake, choke and bleed
Me, a mercenary for the streets, check my pedigree
Bustin' motherfuckers it's the thug in me
Now niggas talk a lotta Bad Boy shit, then get to squealin'
Bitch made catchin' feelings

Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings
Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings

Yeah, Napoleon!

[Napoleon:]
Picture me sippin' on 1-5-1
Drunk than a motherfucker droppin' my gun
Or high as a kite hittin' hoes for fun
But that ain't me, dog, my mind's now clear
And that ain't fair, dog, your heart pump fear
In the state I, shoot you better hide nigga, chute is near
And you know just as well I do
You ain't no killer, so kill that, you wouldn't kill if you had to

We might wobble, but we don't fall down
We take the gospel from Makaveli, pass it around
Holla "let's hit", we gon' taste the power
We started the thug trend, the game is ours
Now we coast together, put our thoughts together
Won't question when we die together
Cause the hour soon to come
Kadafi trained soldier, I show you how to use your gun
Bring it

Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings
Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings

[EDI-Mean:]
We yellin' "M-A-D-E N-I-double G-As
Motherfuckas, and we here to stay
From curb surfin', we workin' the industry, you kiddin' me
It's really nothing to me and my king, you see
We in the big things, eat a dick man, if you're hatin'
We're gonna ride 'til the wheels fall off, pay attention
Screamin' "Bye bye bitches, untouchable sound"
Ride or die niggas, and we huntin' you down
Representin' all the real niggas stuck in the trap
Bangin' out with the po-po, tryin' to get to some more
Street life, young strugglers racin' the clock
Ain't no tellin' when it all can end, roll a rock
That's the world with feelings, this a man's world youngin
The bitches in business, so learn a little something
Hey, stop runnin' your mouth, you're on the verge of squealin'
Bitch made catchin' feelings

Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings
Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings

[Yaki Kadafi:]
Everybody's a gangsta, but don't put in work
Instead of puttin' on the armor, niggas put on skirts
These drugs ain't helpin', it only makin' it worse
And the streets ain't got nothing for me but a hearse
I can't trust the church or the mobs, I can only trust God

And to tell you the truth I gotta ride
I only roll with the real
Cause rollin' with the fake got my loved ones killed

Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings
Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings
Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings
Outlaw niggas, are you ready to clown?
My homeboys might squabble but we don't fall down
Screamin' bye bye bitches, untouchable sound
Niggas hide like hoes when we hit your town
Catchin' feelings

2Pac Lyrics

"There U Go"

(feat. Outlawz, Big Syke, Jazze Pha)

[2Pac:]
I don't know why I be fuckin' witchu

Was it the liquor, that makes me act blind, times that I'm with her
Anonymous pictures of other niggas tryin' to kiss her
Will I love her or shall I diss her?
I'm sick of this scandalous shit I deal wit', tryin' to paint a perfect picture
My memories of jealousy no longer carefree
Cause so much bullshit your girlfriends keep tellin' me
I'm on tour, but now my bedroom's an open door
So it got me thinkin', what am I tryin' for?
When I was young I was so very dumb, eager to please
A lil', trick on a mission tryin' to get in my P
Me and my niggas is thug niggas, former known drug dealers
We don't love bitches and believe, they don't love niggas
I gotta blame my attraction
But you became a distraction, a threat to my paper stackin'
I thought you changed but now I know
Can't turn a ho into a housewife, baby, and there you go

[Jazze Pha:]
There you - there you go, actin' like a ho'
There you - there you go, actin' like a ho'
There you - there you go, actin' like a ho'
Actin' like a ho', actin' like a ho'
HOE! See the word on the streets you're a
HOE! Just a groupie on a world tour
HOE! Now I found out for myself you're a
HOE! Girl you need to check yourself

[Kastro:]
These silly bitches got this game twisted
So I don't claim 'em, just bang 'em
Papa raised a player, so player, I play 'em
I got hoes that got more, hoes than me
So how I look, gettin' hooked, like I ain't got G?
Truly cutie booty big, but that ain't enough
And the head make me beg, still that just ain't enough
When I don't trust her, the bitch be lyin' too much
When she be dyin' to fuck me you be buyin' her stuff, ho

[Yaki Kadafi:]
See girlfriend I know, your whole M.O.'s preoccupied with mostly
Gettin' clown after clown, town coast to coast - see
I been tryin' to stay away from sluts like you
Got me turned off completely by that sheisty shit that you do
Knew from jump yo' aim
Straight through them spandex, don't front just name
Spots on yo' body for me to touch while you clutch this game

I keep flowin' like H20 it ain't nothin' for me to say
Why you keep actin' like a ho? But there you go

[Jazze Pha:]
There you - there you go, actin' like a ho'
There you - there you go, actin' like a ho'
There you - there you go, actin' like a ho'
Actin' like a ho', actin' like a ho'
HOE! See the word on the streets you're a
HOE! Just a groupie on a world tour
HOE! Now I found out for myself you're a
HOE! Girl you need to check yourself

[Young Noble:]
Uh, when I first met her I told her I was busy all the time
Now she, callin' me flippin' like she miss me all the time
How she, don't even trip she got a man at home
You need to stop chasin' dick bitch and raise your son
I'm like - damn, we can creep sometime
And you know I'm on the road for like weeks at a time
Girl you're thirsty; and stop callin' while I'm workin' you hurtin' me
All this bullshit is irkin' me girl, but there you go

[Big Syke:]
I blame it on yo' momma, she need to holla at you
But should I blame it on yo' daddy for all the things that you do
Cause there you go, just like a ho, caught in the streets
Like givin' yo' number out to every nigga you meet
I'm tired of the games you playin', so stop playin' (ho)
You hear what I'm saying, you only good for parlayin'
I'm layin' down the rules, this a game that you lose
So the streets can have you baby cause I stay on the move

[Jazze Pha:]
There you - there you go, actin' like a ho' (there you go!!)
There you - there you go, actin' like a ho' (actin' like a real ho')
There you - there you go, actin' like a ho'
Actin' like a ho', actin' like a ho'
HOE! See the word on the streets you're a
HOE! Just a groupie on a world tour
HOE! Now I found out for myself you're a
HOE! Girl you need to check yourself

[2Pac:]
There you go baby girl, that's the story
There you motherfuckin' go
I coulda swore you told me you was gon' change
And you don't wanna go to clubs no more and
You wasn't fin' to dress all crazy no more and
You was gon' stay home and try to chill
What happened baby?
Oh, so yo' friend wanted to go out
That wasn't you that went out
You was just goin' out cause yo' friend was
Okay, so you was pissy drunk up in that nigga car
Cause yo' friend wanted to get drunk huh?

It's all good, cause there you go baby
Oh I ain't trippin' on them niggas callin' the house
It's all good, cause there you go
Me I'ma still be a player, all day baby
So uh, there you go

[Jazze Pha:]
There you - there you go, actin' like a ho'
There you - there you go, actin' like a ho'
There you - there you go, actin' like a ho'
Actin' like a ho', actin' like a ho'
HOE! See the word on the streets you're a
HOE! Just a groupie on a world tour
HOE! Now I found out for myself you're a
HOE!..

2Pac Lyrics

"This Life I Lead"

(feat. Outlawz)

[2Pac:]
In this motherfucking life I lead, shit
A hell of motherfucking road blocks
And crooked cops
We still ride though
What side? Westside

[2Pac:]
I want money in large amounts
My garage full of cars that bounce
Movin' my tapes in major ways, ‘cause every dollar counts
Busters is jealous and half these niggas is punks
They runnin' off at the mouth 'til I fill it up with my pump
They jump, my automatic keep 'em wary
Why you frontin' like you Billy Badass? Nigga, you scary
I've been knowin' you for years
We was high school peers, in junior high
I was itchin' to kill, and you was ready to die
While you bullshittin', niggas was dyin' and catchin' cases
Bustin' my automatics at motherfuckers in foreign places
Leavin' no trace, they see my face and they buried
Them bitches die in a hurry, still I ride, I'm never worried
Mr. Makaveli tell me to ride, and I'ma ride
Pick my enemies out the crowd, and motherfuckers die
It's not the way I wanna live, my nigga, it's how it is
Homie got into a fight last night that killed his kids

[2Pac:]
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers 'til we die
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers
'Til we die, in this life I lead

[Young Noble:]
I ain't a killer but don't push me, dawg
For the family I'll send that ass straight to God
In this life I lead, I seen the most of my 23 years
When vision is blurry, the money is clear
Some of my peers eternally will sleep in a coffin
And when Nob' on the road, I'm extremely cautious
It happen that fast, split second you gone
At the top of my tombstone put "Nob' was raw"
Outlaw 'til I'm under the floor, for Kadafi the Prince
I stack dough like I clocked all the bricks

With a watch on my wrist, dawg, I know the time these days
We Outlawz, we gon' die this way nigga (nigga)
We already in the history books, 'Pac made sure of that
Whatever you took, we takin' it back
You know it's all for the foundation
Outlawz, we still buildin' the Thug Nation; holla at ya homie!

[2Pac:]
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers 'til we die
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers
'Til we die, in this life I lead

[Napoleon:]
It ain't nothin' but in-between nuts, oxygen is gettin' hot
Got a problem, old fag-ass nigga, kick rocks
Bin Laden on the phone and that nigga talkin' crazy
I don't know who to blame, him or *Bush* for killin' babies
I'm a New Jerz' Devil, the street, creative rebel
Only got one shot to produce on every level
This is bags I must, go the max I must
Nigga, I came from not much, so money I clutch
Uh-uh, Napoleon the strength of the strong-arm
When they think they was in the right
I prove they movin' wrong
I'm a hardcore product of the ghetto
Been blessed fo' sho' to eat from out the ghetto
I maneuver, in the right lane, quick to push back brains
Switchin' to the left lane, I'm playin' my hands
And I'm plottin' on the fortune, it's gettin' hot and scorchin'
I'm diggin' like a scorpion that torture they enemies

[2Pac:]
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers 'til we die
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers
'Til we die, in this life I lead

[Kastro:]
Now with this Outlaw lifestyle that I been introduced to
Money and hoes keep us closer to Lucifer
Steady seducin' us and now I'm all for it
This the life for me and the law can't spoil it
So you can call it what the fuck you want
But I'm a ballin' alcoholic with a sawed-off pump
My momma ain't raised no punk; and neither did 'Pac

So when it jump off, I breathe for Yak'
Been puttin' in work, so I walk with a bop
And it ain't safe at home, so I sleep with a Glock (no mistakes)
Thug livin', uh, what the fuck'd be better?
I do my dirt with the family so we dyin' together

[E.D.I.:]
We on a mission for mo', gangsta shit on you hoes
We ain't fuckin' with you most
Just crooks and niggas about they flow
Tryin' to live Godzilla
E.D.I. went from a Bad Boy to an anybody killer
Look out, wanted man, guns in hand, stand firm
Nuts and my pride, now let's burn
Bound to the fam going down swingin'
Holding my ground, now we the last ones breathin'
Won't stop until we even deep in the trenches
So many killings it's senseless
So in this life I lead, I stay protected
By God, my squad, and this thing in my palm
Now all my hustlin' motherfuckers, get your money, sing along

[2Pac:]
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers 'til we die
In this life I lead, fiend for currency, get high off weed
Collect G's, make my enemies bleed
When you see me, nigga, holla my set!
And watch 'em ride, Outlaw motherfuckers
'Til we die, in this life I lead

[2Pac:]
This motherfuckin' life I lead, nigga
You know what time it is
Westside, Death Row
(Dogg Pound) e'rybody killer
Bad Boy killer, So So Def killer
Thug Life, Death Row
E'rybody killer; fuck all y'all niggas!
If it ain't Westside, nigga, it ain't poppin'
That's on my mama

2Pac Lyrics

"Who Do U Believe In"

(feat. Kadafi (Outlawz))

[Intro: 2Pac]
Let us pray
Heavenly Father, hear a nigga down here
Before I go to sleep
Tell me, who do you believe in?
Who do you believe in?

[Verse One: 2Pac]
I see mothers in black cryin, brothers in packs dyin
Plus everybody's high, too doped up to ask why
Watchin our own downfall, witness the end
It's like we don't believe in God cause we livin in sin
I asked my homie on the block why he strapped, he laughed
Pointed his pistol as the cop car passed and blast
It's just another murder, nobody mourns no more
My tear drops gettin bigger but can't figure what I'm cryin for
Is it the miniature caskets, little babies
Victims of a stray, from drug dealers gone crazy
Maybe it's just the drugs, visions of how the block was
Crack came and it was strange how it rocked us
Perhaps the underlyin fact they hide explain genocide
It's when we ride on our own kind
What is it we all fear, reflections in the mirror
We can't escape fate, the end is gettin nearer

[Chorus 2X: 2Pac]
Who do you believe in?
I put my faith in God, blessed and still breathin
And even though it's hard, that's who I believe in
Before I'm leavin, I'm askin the grievin - who do you believe in?

[Verse Two: 2Pac]
Can't close my eyes cause all I see is terror
I hate the man in the mirror
Cause his reflection makes the pain turn realer
Times of Armageddeon, murder in mass amounts
In this society where only gettin the cash counts
I started out as a beginner
Entered the criminal lifestyle became a sinner
I make my money and vacate, evade prison
Went from the chosen one to outcast, unforgiven
And all the Hennessy and weed can't hide, the pain I feel inside
You know, it's like I'm livin just to die
I fall on my knees and beg for mercy, not knowin if I'm worthy
Livin life thinkin no man can hurt me
So I'm askin -- before I lay me down to sleep
Before you judge me, look at all the shit you did to me, my misery
I rose up from the slums, made it out the flames
In my search for fame will I change? I'm askin

[Chorus]

[Verse Three: Kadafi]
Faith in Allah, believe in me and this plastic
Cause so far I done witnessed to many dead niggaz in caskets
With they chest plates stretched like elastic
And what's worse I'm on front line, holdin down camp, still mashin
Heard my cousin, one of the old heads from the block
Just came home October of '95 back in Yardsville stuck
with a three to five, if he don't act up, now he realize
If you don't stay wise, then in this game you fucked
Talk to my baby girl, give me the word on what she heard
One of the grimmies is snitchin, Diamond a stool pigeon I talked to him
He said he didn't, my man said he did, in fact he's sure
Cause he just came home off of bail

[2Pac] Now tell me

[Chorus]

[Outro: spoken word]
Who do you believe in?
Is it Buddah, Jehovah, or Jah? Or Allah?
Is it Jesus? Is it God? Or is just yourself?
Definately not to be imposed, being a demon
Because this is the joy of believing!
Men, to believe in yourselves
But for sure, the higher power
Resides only to ride in the heart of the true
From the soul, of the man; for truth never has an alibi
In the poetry, or in it's realm
That's what pulls all words together
Just to understand, that every man, is his OWN man
And only man can satisfy the man
Only the soul of the man, the feelings of the man
The for realness of the man
You can't shake the man when you feel the man you know the man
And you gotta call yourself because you are that man

[2Pac]
Who do you believe in?
I put my faith in God, blessed and still breathin

[singing while 2Pac speaks]
Who do you believe in? Put my faith in God, and
Blessed and still breathin

[singer + (2Pac)]
Even though it's hard (Who do you believe in?)
That's who I believe in (Put my faith in God)
Before I'm leavin (Even though it's hard)
I'm askin the grievin
(Before I'm leavin I'm askin the grievin - who do you believe in?)
Who do you believe in? (Who do you believe in?)
Who do you (Blessed and still breathin)

Oh blessed, oh blessed
(Before I'm leavin I'm askin the grievin - who do you believe in?)

[singer]
Oh who do you
Do you believe in
Hohhhhh-ohhhhh

[2Pac over singer]
Who do you believe in?
I put my faith in God, blessed and still breathin
And even though it's hard, that's who I believe in
Before I'm leavin I'm askin the grievin - who do you believe in?

[singer + (2Pac)]
I'm askin (Who do you believe in?)
I'm askin you (Put my faith in God)
(That's who I believe in)
(Before I'm leavin I'm askin the grievin - who do you believe in?)

[2Pac]
Who do you believe in?
I'm blessed and still breathin
That's who I believe in
Before I'm leavin, I'm askin the grievin
Who do you believe in?
Who do you believe in? *[echoes to fade]*

2Pac Lyrics

"They Don't Give A Fuck About Us"

(feat. Outlawz)

[2Pac:]
Y'all ain't never just tripped and pictured
And just looked at the whole situation
'Cause once you look at it
You know, (really do)

[2Pac:]
They don't give a fuck about us
They don't give a fuck about us
They don't give a fuck about us
If I choose to ride, thuggin' 'til the day I die
Nobody give a fuck about us
And when I start to rise
A hero in their children's eyes
Now they give a fuck about us

[2Pac:]
Some say niggas is hard headed 'cause we love to trick
Equipped with game so we bang with this thuggish shit
I see you tryin' to hide, hopin' that nobody don't notice
You must always remember
You're still a member of the hopeless
See, you're black like me, so you snap like me
When these devils try to plot, trap our young black seeds
Look it, cops are just as crooked as the niggas they chasin'
Lookin' for role models, our father figures is basers
Some say they expect Illuminati take my body to sleep
Niggas at the party with they shotties just as rowdy as me
Before I fear computer chips, I gotta deal with brothers flippin'
I don't see no devils bleedin', only black blood drippin'
We can change; what your mouth say?
I'm watchin' niggas work their lives out without pay
Whatever it takes to switch places with the busters on top
I'm bustin' shots, make the world stop
They don't give a fuck about us

[2Pac:]
Now if I choose to ride, thuggin' 'til the day I die
Nobody gives a fuck about us
But when I start to rise
A hero in their children's eyes
Now they give a fuck about us
If I choose to ride, thuggin' 'til the day I die
Nobody gives a fuck about us
But when I start to rise
A hero in their children's eyes
Now they give a fuck about us

[E.D.I. Mean:]

It's the morning after and now all the laughter is gone
Time to reflect on what you did, 'cause they sayin' you wrong
I'm sure you had your reasons, dawg; I don't doubt you
See, the simple fact of the matter is they don't give a fuck about you
Or them five mouths you forced to feed
Not includin' yourself, all you want is wealth, they perceive it as greed
So as you loaded up that MAC and continue to buck 'em
I was on paper, thinkin' they don't give a fuck about us

[2Pac:]
I'm seein' it clearer, hatin' the picture in the mirror
They claim we inferior, so why the fuck these devils fear ya?
I'm watchin' my nation die, genocide the cause
Expect a blood bath, the aftermath is y'alls
I told you, last album, we need help cause we dyin'
Give us a chance, help us advance, 'cause we tryin'
Ignore my whole plea, watchin' us in disgust
And then they beg when my guns bust
They don't give a fuck about us

[2Pac:]
Now if I choose to ride, thuggin' 'til the day I die
Nobody gives a fuck about us
But when I start to rise
A hero in their children's eyes
Now they give a fuck about us
If I choose to ride, thuggin' 'til the day I die
Nobody gives a fuck about us
But when I start to rise
A hero in their children's eyes
Now they give a fuck about us

[Kastro:]
Now, all my homies got love for me
Down to catch a slug for me
Guaranteed to bleed deeply, now that's love
Shit, nobody else could give a fuck
If I'm tore down, from the floor down, six-feet deep in the cut
What the fuck done went wrong?
How long will I be mourned?
When I'm gone, same song, ain't gave a fuck all along
And who am I to blame 'em?
Just do or die through the rainin'
Since they don't give a fuck, I don't; feel what I'm sayin'?

[Kadafi:]
Now, thug niggas die but multiply in doubles
Wrapped in plastic or closed casket for our troubles
Pressed in times, we busted, like bubbles
With the police, this nation's peace sent here to run you
Now look at what this crooked world has come to
I grew up on the other side of perfect, a life of hurtin'
Man, I still hustle, so I'm dyin' certain
So I spent your time in poor and workin', I see no reason
So I stay ballin' season to season
Why you stuck thinkin' that they give a fuck?

[Napolean:]
You tell me my world is in peace, but nigga, you're lyin'
'Cause half of my niggas long gone
Buried in the dirt just for tryin'
Sometimes I think my block is dyin' and that is awful
To wake up to another day, shit ain't changed that's all fool
I wake up sweatin', dreamin', coughin'
Seein' me upside down backwards head twisted
While I'm layin' in the coffin
The shit comes around so often; so tell me somethin'
Before I take it out on the world, and get to dumpin'
Nigga, I been so through pain, go through the struggle
Doin' the same thing you did at my age, and that's hustlin'
On the edge of straight bustin'
Well, since you don't give a fuck, I be frontin'
And I'ma drink my Hennessy like it ain't nothin'

[2Pac:]
If I choose to ride, thuggin' 'til the day I die
They don't gives a fuck about us
But while I'm kickin' rhymes
Kick it to their children's minds
Now they give a fuck about us
They wanna see us die
They kick us every time we try
'Cause they don't give a fuck about us
So while I'm gettin' high
I'm watchin' as the world goes by
'Cause they don't give a fuck about us
If I choose to ride, thuggin' 'til the day I die
They don't gives a fuck about us
But while I'm kickin' rhymes
Kick it to their children's minds
Now they give a fuck about us
They wanna see us die
They kick us every time we try
'Cause they don't give a fuck about us
So while I'm gettin' high
I'm watchin' as the world goes by
'Cause they don't give a fuck about us
Rise... rise

PUBLIC
ENEMY
YO! BUM RUSH THE SHOW

Public Enemy Lyrics

"You're Gonna Get Yours"

Ooh Chuck, they outta get us man
Yo, we gotta dust these boys off

In this corner with the 98
Subject of suckers - object of hate
Who's the one some think is great
I'm that one - son of a gun
Drivin' by - wavin' my fist
Makin' 'em mad when I'm goin' like this
Top gun - never on the run
They know not to come cause they all get some
Goin' quicker in the speedin' lane
Jealous can't do it and it's causin' them pain

Caught in my smoke - all they did was choke
Look at my spokes - you know I'm no joke
Out that window - middle finger for all
Jealous at my ride, stereo and blackwalls
Suckers they got the nerve and gall
To talk 'bout the car when they're walkin' tall

[Chorus:]
Suckers to tha side
I know you hate my 98
You gonna get yours *[x2]*

Pullin' away - every day
Leavin' you in the dust
So you know I get paid - on the mile ego trip
And 5-o tailin' on my tip
Watch me burn rubber - fall in my flame
This episode is always the same
Seein' no comp comin' like I'm blind
All left back - trailin' my behind
I go faster cops try to shoot me
They'll get theirs when they try to get me
I'll let it go - my turbo
Run, I'm in the river cause they're movin' too slow
Laughin' hard at their attempt
So what if the judge charged me contempt
I'd rub my boomerang - 'cause I'm feelin' proud
And I wouldn't even hear them cause my radio's loud

[Chorus (x2)]

Cruisin' down the boulevard
I treated like some superstar
You know the time so don't look hard

Get with it - the ultimate homeboy car
All you suckers in the other ride
Wherever I'm comin' get you my side
My 98 is tough to chase
If you're on my tail - better watch your face
Smoke is comin' when I burn
Rubber when my wheels turn
A tinted window - so super bad
Lookin' like the car the Green Hornet had
It's the reason I'm ahead of the pack
It's the reason I left them back
It's the reason all the people say
My 98-O blows 'em all away

My 98 Oldsmobile is...
My 98 Oldsmobile's so...
My 98 Oldsmobile is...
My 98 Oldsmobile's like...

[Chorus (x2)]

Understand - I don't drive drunk
My 98's fly - I don't drive no junk
No cop gotta a right to call me a punk
Take this ticket - go to hell and stick it
Put me on a kick butt - line up, times up
This government needs a tune up
I don't know what's happenin' - what's up
Gun in my chest - I'm under arrest
Sidewalk suckers wanted to spill me
So I got my crew and posse
Took their girls and got them to thrill me
Stepped outside - got in my ride
Drove them around an' I looked around town
Caught 'em out there cold - ran 'em over and down
They didn't get me and that's the truth
Cause the 98-O is bullet proof

My 98 Oldsmobile's so...
My 98 Oldsmobile is...
My 98 Oldsmobile's so...
My 98 Oldsmobile's like...

Public Enemy Lyrics

"Sophisticated Bitch"

That woman in the corner - cold playin' the role
Leave her ass in the corner till her feet get cold
Knowin' for a fact - that girl is whacked
If you hold your hand out - she'll turn her back
Better walk, don't talk - she's all pretend
Can't be her friend unless you spend
Wall to wall - after all
Get ready to throw only money at the bitch

Cause she thinks she's so-
phisticated

So-
phisticated

So-
phisticated

So-
phisticated

Peekin' an' seekin' inside a book
Her demands for a man with a chemical look
Wishes an' desires - gettin worse with age
She doesn't want a man - all she wants is a pay
Ain't got a man so she goes to a club
She thinks it's classy but it's really a pub
But that's the kind of place where she likes to go
The bitch got a problem

Cause she thinks she's so-
phisticated

So-
phisticated

So-
phisticated

So-
phisticated

Jackets, shoes, everyday ties
The girl only wants one of those guys
Suckers who front it like it ain't no thang
Pretend to be friends and don't want that thang
Talk like this - don't talk slang
Do anything to get that thang

Tries to be chic and playin' it off
Peekin' through the window - saw her take her clothes off
Nasty girl - a stone cold freak
Stayin' in the bed a whole goddamn week
Comin' and leavin' guys servin' up storms
From execs with checks - boys from the dorms
Never kept a name - never seen a face
She could pass 'em in the street like it never took place
I know she's a ho so I'm a go
Expose the funky bitch

Cause she thinks she's so-
phisticated

So-
phisticated

So-
phisticated

So-
phisticated

Now she wants a sucker boy with an attache
And if you ain't got it - she'll turn you away
You can smile with style as you profile
Cause you got a gold tooth an' she thinks you're wild
She don't want a brother that's true and black
If you're light, you're alright - better you stay back
Cause the sucker with the bag is out to catch
With something in his bag keepin' her attached
The man's got a plan - it's IBM
The devil at her level - yes it is him
His Audi she rides - his gold and clothes
The ill base method - turning up her nose
A lack a lack a lack - cold beaming her up
She's still got the nerve to turn her fuckin' nose up
Her status looks at us from down below
Now the bitch is in trouble

Cause she was so-
phisticated

So-
phisticated

So-
phisticated

So-
phisticated

Little is known about her past

So listen to me cause I know her ass
Used to steal money out her boyfriends clothes
Never got caught - so the story goes
She kept doin' that to all her men
Found the wrong man when she did it again
And still to this day people wonder why
He didn't beat the bitch down till she almost died

phisticated

Public Enemy Lyrics

"Miuzi Weighs A Ton"

Yo Chuck, run a power move on them

Yeeaahh *[x3]*

Yeeaahh

Step back, get away - give the brother some room
You got to all turn me up when the beat goes boom
Lyric to lyric - line to line
Then you y'all understand my reputation for rhyme
Cause my rhyme reputation depends on what
Style of record my DJ cuts
His slice an' dice - super mix so nice
So bad, you won't dispute the price
Cause it's plain to see - it's a strain to be
Number one in the public I enemy
Cause I'm wanted in 50 - almost 51
States where the posse got me on the run
It's a big wonder why I haven't gone under
Dodgin' all types of microphone thunder
A fugitive missin' all types of hell
All this because I talk so well
When I,

[Chorus:]
Rock - get up - get down
Miuzi weighs a ton
Hold it *[x4]*

The match up title - the expression of thrill
For elite to compete and attempt to get ill
If looks could kill - I'd chill until
All the public catches on to my material - you know
The ducks criticize my every phase of rapture
Can't wait to read the headlines of my capture
Accused of assault - a 1st degree crime
Cause I beat competitors with my rhyme
Tongue whipped, pushed, shoved and tripped
Coocked from the hold of my Kung Fu grip
And if you want my title - it would be suicidal
From my end - it would be homicidal
When I do work - you get destroyed
All the paranoid - know to avoid
The Public Enemy seat I've enjoyed
This is no kid and I'm not no toy boy

[Chorus (x4)]

I'm a Public Enemy but I don't rob banks
I don't shoot bullets and I don't shoot blanks
My style is supreme - number one is my rank
And I got more power than the New York Yanks
If Miuzi wasn't heavy I'd probably fire it
I'd make you walk the plank if I was a pirate
If they made me a King - I would be a tyrant
If you want to get me - go ahead and try it
Snatcher, dispatcher, biter never been a
Instead of takin' me out - take a girl to dinner
The level of comp has never been thinner
It's a runaway race where I'm the winner
It's unreal - they call the law
And claimed I had started a war
It was war they wanted and war they got
But they wilted in the heat when Miuzi got hot

[Chorus (x4)]

My style versatile said without rhymes
Which is why they're after me an' on my back
Lookin' over my shoulder - seein' what I write
Hearin' what I say - then wonderin' why
Why they can't ever compete on my level
Superstar status is my domain
Understand my rhythm - my pattern of lecture
And then you'll know why I'm on the run
This change of events results in a switch
It's the lateral movement of my vocal pitch
It eliminates pressure on the haunted
But the posse is around so I got to front it
Plus employ tactics so coy
And leave no choise but to destroy
Soloists, groups and what they say
And all that try to cross my way
When I,

[Chorus (x4)]

Yeah, that's right
Public Enemy number one in New York
Public Enemy number one in Philly
Public Enemy number one in DC
Public Enemy number one in Cleveland, Ohio
Also where Public Enemy number one in St. Louis
Public Enemy number one in New Jersey
And bust it
Where also, Public Enemy number one in Cincinnati
In Atlanta

Public Enemy Lyrics

"Timebomb"

Hey Chuck, we got some non-believers out there

Yo, we gotta do somethin' about that man
Yo, we gotta get stupid
Yo, we gotta let 'em know what time it is

You go ooh and ahh when I jump in my car
People treat me like Kareem Abdul Jabbar
No matter who you are - when I'm up to par
I betcha go hip hop - hurray or hurrah
But the ahhs and ohhs is my kind of news
Pop your tape in - put your car in cruise
I never heard the boos - I never drank booze
Cause I just rock the rhythm - left alone the blues
The L.I. mystique - you sneak to peek
A look and then you know that we're never weak
I know you can't wait - it's never too late
No fear I'm here - and everything is straight
Cycles, cycles - life runs in cycles
New is old - no I'm not no psycho
The monkey on the back makes the best excel
The people in the crowd makes the best rock well
The people in the back lets you know who's whack
And those who lack - the odds are stacked
The one who makes the money is white not black
You might not believe it but it is like that
When you come to my show - watch me throw
Down with the other brothers toe to toe
When you make a move - new not used
And watch the bro here just bust a groove
A fat lady soprano - loads my ammo
Hear my jam - with a funky piano
Easy on the wall but hard on the panel
A fool smokes Kools cause he chokes on Camels
In effect - the crew's in check
Run by the posse with the gold around the neck
Homeboys in heat - lookin' for sweet
Ladies in the crowd so they can meet
Somebody to body - makin' a baby
Givin' it to grandma an' makin' her crazy
I'm a MC protector - U.S. defector
South African government wrecker
Panther power - you can feel it in my arm
Lookout y'all I'm a timebomb
Tickin', tockin', all about rockin'
Makin' much dollars while the crazy one's clockin'
The rhythm - to shake the house downy down
Bounce to the ounce is sound the crown

The man - the enemy - Public King - no thing
All fall to the force of my swing
Like Ali - Frazier - Thriller in Manila
A pinpoint point blank microphone killer am I
No need to lie - got the Flavor Flave
To prove I'll win and if not the save
I'll pick up, rack up - put your whole shack up
Just choose to lose the bet - emcee stick up
This is the wiz - but the mike's not his, it's mine
One time let the star shine
And I'm tellin' you - yelling at you you're through
Don't think you're grown cause your moustache grew
I'm number one - you know it weighs a ton
And I'll be the burger - you can be the bun, girl
Surroundin' - my steady poundin'
Get on down to my funky sound
And rock the rhythm rhyme - one time your mind
Rhythm roll - two times control
The mauler and the caller of your doom
And when I'm ready to leave - you're gonna know I go boom
Three times y'all - rhythm rhyme and rock
Then you'll that the D is on the block
Four times y'all and never ever the whack
It's the hour to the minute - time to blow BLACK

Public Enemy Lyrics

"Too Much Posse"

All right party people, bust a groove
It's guaranteed to shake your butt and make you move
I got a little something fly ass, gonna kick you high *[?]*
It's not a drive from my little rut
It's not for your earhole that we call a bug
Ya know what I'm sayin'
Now bust it out
There is a lot of people out there
That's building up a force
Of course that we call a posse
None will be grown when you got to cope and you gall *[?]*
You start up with two
And you end up with two thousands by the millions
You dig what I'm sayin'
Now there's a lot of posses out there
Trying to take over posses
And trying to turn those possses
Into their posse
But when you got too much
Like the gear grabbin' such and such *[?]*
Nobody can take yours
So they'll be sweatin' from the paws *[?]*
Trying to take whatcha got
They're so hot from the pot
Do they get the bad cold
An' those riding with the *[?]*
Ya know what I'm sayin'

What do you got to say about this
A force so strong that you can't resist
You may as well join 'em - you know you can't beat 'em
Pack a hundred people - ya know ya gonna need 'em
Straight with the system is down by law
Cause every half hour they get nine more
They run all the dollars that come in town
So either join the crew or get beat down
I watched all the guys be so damn cruel
Try to get fast - you must be a fool
Blood through and through - the boys don't play
I seen 'em tax and run an operation today
They got too - too - too much posse

Yeah, I had a party - much people came by
I'm talking to a 'g' cause the 'g' real fly
Chillin' in my room - chewin' off her ear
Chillin' stypid fly - cause I got stupid gear
My door kicked open by her man and crew
The 'g' turned to me and said, "Who're you?"

I said, "Yo fly. Yeah the 'g' lied."
Stuck in the corner while the 'g' cried
And then from the back - my homeboys came
Wear Uzis and knives and said, "Go blame." *[?]*
Ya lying ass girl with the fake tears
We got a big posse and we show no fears
We got too - too - too much posse
We got too - too - too much posse

Yeah, that's right
And I'm get ready to step off
Ya know what I'm sayin'
And all you posses out there
That's trying to help posse to posse
Yo, we gotta stop that as
Scatter your brain from here to White Plains
Ya know what I'm sayin'
We got the shit that you just can't fuck with

Public Enemy Lyrics

"Righstarter (Message To A Black Man)"

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
Let's start this
Right

You spend a buck in the 80's - whatcha you get is a preacher
Forgivin' this torture of the system that brought 'cha
I'm on a mission and you got that right
Addin' fuel to the fire - punch to the fight
Many have forgotten what we came here for
Never knew or had a clue - so you're on the floor
Just growin not knowin about your past
now you're lookin' pretty stupid while you're shakin' your ass

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
Let's start this
Right

Some people fear me when I talk this way
Some come near me - some run away
Some people take heed to every word I say
Some wanna build a posse - some stay away
Some people think that we plan to fail
Wonder why we go under or we go to jail
Some ask us why we act the way we act
Without lookin' how long they kept us back

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
Let's start this
Right

Yes you if I bore you - I won't ignore you
I'm sayin things that they say I'm not supposed to
Give you pride that you may not find
If you're blind about your past then I'll point behind
Kings, Queens, warriors, lovers
People proud - sisters and brothers
Their biggest fear - suckers get tears
When we can top their best idea

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
Let's start this
Right

Mind revolution - our solution

Mind over matter - mouth in motion
Corners don't sell it - no you can't buy it
Defy cause I'll never be quiet
Let's start this
Right

Our solution - mind revolution
Can't sell it - no you can't buy it in a potion
You lie about the life that you wanted to try
Tellin' me about a head - you decided to fly
Another brother with the same woes that you face
But you shot with the same hands - you fall from grace
Every brother should be every brother's keeper
But you shot with your left while your right was on your beeper

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
Let's start this
Right

As the world turns - it's a terrible waste
To see the stupid look stuck on your face
Timebomb alarm for the world - just try it
Known to all zones as the one man riot
I'm on a mission to set you straight
Children - it's not too late
Explain to the world when it's plain to see
To be what the world doesn't want us to be

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
Let's start this
Right

Public Enemy Lyrics

"Public Enemy No. 1"

Yo Chuck, bust a move man
I was on my way up here to the studio
Ya know what I'm sayin'
And this brother stop me and axe me
"Yo wassup with that brother Chuckie D, he swear he nice"
I said
"Yo the brother don't swear he's nice, he knows he's nice"
Ya know what I'm sayin'
So Chuck, we gotta fill in
You turn him into a Public Enemy man
Now remeber that line you was kicking to me
On the way out to LA *[?]*
While we was in the car on our way to the Shot *[?]*
Well yo right now kick the bass for them brothers
And let them know
What goes on

What goes on

Well I'm all in - put it up on the board
Another rapper shot down from the mouth that roared
1-2-3 down for the count
The result of my lyrics - oh yes, no doubt
Cold rock rap - 49er supreme
Is what I choose and I use - I never lose to a team
Cause I can can go solo - like a Tyson bolo
Make the fly girls wanna have my photo
Run in their room - hang it on the wall
In remembrance that I rocked them all
Suckers, ducks, ho-hum emcees
You can't rock the kid - so go cut the cheese
Take this application of rhymes like these
My rap's red hot - 110 degrees
So don't start bassin' I'll start placin'
Bets on that you'll be disgracing
You and your mind from a beatin' from my rhymes
A time for a crime that I can't find
I'll show you my gun - my Uzi weighs a ton
Because I'm Public Enemy number one

One *[x7]*

You got no rap - but you want to battle
It's like havin' a boat - but you got no paddle
Cause I never pause - I say it because
I don't break in stores - but I break all laws
Written while sittin' - all fittin' not bitten
Givin' me the juice that your not gettin'

I'm not a law obeyer - so you can tell your mayor
I'm a non-stop, rhythm rock poetry sayer
I'm the rhyme player - the ozone layer
A battle what? Here's a bible start your prayer
This word to the wise is justified
If they ask you what happened - just admit you lied
You just got caught a - for going out of order
And now you're servin' football teams their water
You messed with the master, word to Chuck
And I'll wax cold tax, made sure you got dome *[?]*
You just got dissed - all but dismissed
Sucker duck emcees - you get me pissed
It's no fun - being on the run
Because they got me - Public Enemy number one

One - One - One
One - One - One

Don't you know, don't you know
I got a posse over force to back me up
Watch out, we got never the match
Ambush attack on my back - doubleteamin', get creamed
So we have us *[?]*
Wanna hear it again
We got a force - enemy down
The L.I. circuit sound
Ain't it Chuckie D, myself and KG - Flavor, DJ Melody
Oh yes, I presume it's the tunes - that make us groom
To make all the ladies swoom *[?]*
But it's also the words from outer region - a goldboy session
Kickin' like Bruce Lee's chinese connection
On stereo - never ever *[?]*
All wax - yes I'm talkin' about vinyl
They said stop freeze
I got froze up
Because I'm Public Enemy number one

One - One - One
One - One - One
One - One - One

For all you suckers - liars, your cheap amplifiers
You crossed up wires are always starting fires
You grown up criers - now here's a pair of pliers
Get a job like your mother - I heard she fixes old dryers
You have no desires - your father fixes tires
You try to sell ya equipment - but you get no buyers
It's you they never hire - you're never on flyers
Cause you and your crew - is only known as good triers
Known as the poetic political lyrical son
I'm Public Enemy number one

One - One - One

One - One - One
One - One - One

Yeah, that's right Chuck man
That's what you gotta do
You gotta tell them just like that
Ya know what I'm sayin'
Cause yo man, let me tell you a little somethin' man
These brothers runnin' around - hard headed
Makin' a little jealous
Ya know what I'm sayin'
Just like that, ya know
They try to bring you down with 'em
But yo Chuck, you gotta let 'em know who's who in the world of beat
You gotta let 'em know that this is the 80's
And we can get all the ladies
And in the backyard we got a fly Mercedes
And that's the way the story goes
That's just the way the story goes
Let me tell you a little somethin' man

Public Enemy Lyrics

"MPE"

Public Enemy

I'm cold gettin' busy while I'm shakin' you down
I'm on the air - you're on the ground
Chuck D - the enemy - words you heed
Build for speed - but what you need is
Funky fresh lyrics fallin' down on time
Your enemy poppin' it - droppin' dime
Comin' out rockin' a tomahawk jam
And still gettin' fly with the mike in my hand
I'm cold coolin' out - layin in the shade
Dealers buggin cause they're gonna get sprayed
Their intimidator - your Scarface
What's goin' on (huh) what's takin' place
I don't wear gold but I clock ducats
Cause I have the money overflowing out of buckets
You want crazy dollars - I make people holler
You stick 'em up stupid and I'm snatching biters collars
Cause I'm

Public Enemy

I'll rebuild your mine to alleviate
Unnecessary pressures that can recreate
The sting that stung Yama-Goochie Foo Yung
He bit the Public Enemy he nearly got hung
His brain was gettin' bigger than a pregnant toad
His heartbeat stopped cause of overload
See, I made the beat that broke his back
I cut his circulation - made his world turn back
I find things out like E.S.P.
I've got Kreskin's brain velocity
Like Alexander Munday - I'm in like Flint
Mercedes limousine with a hardcore tint
I'm captain of the ships - I make 'em walk the planks
Riding round the world - hundred sixty million francs
Not like the kind that you put on the grill
Cause I only do it like that when I'm on a chill hill
I'm the

Public Enemy

I'm goin' for the money that man ever made
Gettin' thrills from orders that the suckers obeyed
It's gettin' late and I can't wait
To drive by the bus and rock my tape
My car is movin' fast, like a train
Never skiddin' off the road, not even in the rain

I'm cold dodgin' tickets, rockin' all the jams
Makin' biters step back and understand
I got to the beach, the ground was so sandy
Girls on my jock like ants on candy
Checking out the fellas with the girls on the side
Put ya boat in the water, let's take a ride
to the land of party people rocking shocking to the beat
Keep ya eyes on ya girl cause ya know I'm gonna cheat
I'm gonna max and relax and chill my will
Body rockin', brain shockin' makes your heart stand still
Where's the

Public Enemy

Public Enemy Lyrics

"Yo! Bumrush The Show"

Yo! Bum rush the show

I am taking no prisoners, taking no shorts
Breakin' with the metal of a couple of forts
While we're hearin' that boom supplement the mix
Gonna rush 'em like the Bears in the 46
Homeboys I don't know but they're part of the pack
In the plan against the man, bum rush attack
For the suckers at the door, if you're up and around
For the suckers at the door, we're gonna knock you back down

[Chorus:]
Yo! Bum rush the show *[x4]*

Yo, *[?]* around *[?]*
You're gonna tell us, man
That we can't get inside your spot?
Yo man, let me tell you somethin', man
We came all the way down here from the Welch
Ya know what I'm sayin'
Yo man, you're talkin' about gettin' busy
Yo, you wanna get busy?
Come on, let's step to the back
Ya know what I'm sayin'
I take you to the back and show you some of my techniques
And I'll stomp a mud hole in your ass
Bitch

Searchin my body for fuckin' what
My gun's just for fun and my knife don't cut
How can I make you understand
I get ill on a posse with my goddamn hands
Troubles, not me, I don't mean to cause
But you took one look and began to pause
Didn't hoolar at the dollar we was willin' to spend
But you took one look, wouldn't let our ass in

[Chorus (x4)]

Yo homes, I don't know what you're talkin' about, man
But yo, bust a move man
Yo, me and my crew, we were in a four limo over last night
Ya know what I'm sayin'
And they are on their way my crib, man
Now yo, when you feel a *[?]*
[?] talkin' that garbage
Yo, me and my crew got cold crash this side of the door
Ya know what I'm sayin'

Talkin' about a nine?
Yo, a nine ain't gonna stop the bum rush, homes

[Chorus (x4)]

Cold bum rushin' doors like at first it's something
All we realize that the show ain't nuthin'
For the stunts and the blunts, whole world inside
The reason that the mighty used force supplied
No comp, we'll stomp all in our way
Gave me static so I don't pay
It might be a trick that you don't like
Comin' in the side door then I'm grabbin' the mike
Walkin' and talkin' - fist full in the air
It might seem like that we don't care
A ho for an oh, a pow for an ow
Girls start screamin' all I say is wow
Get that sucker who shot that gun
Whip his monkey ass till it ain't no fun
5-O showed and wouldn't you know
They blamed it on the kid cause all I said was...

[Chorus (x4)]

Yeeaah man, yo
I was at the park last night
Ya know what I'm sayin'
Gold clocks for megadollars, man
An' these brothers, man
Walked up to me talkin' about they was gonna stick me up
Yo, man, let me tell you somethin', man
These are the same brothers, man, that tried to stick up *[?]*
Ya know what I'm sayin'
But yo, I got a posse, man
That wouldn't let them bum rush my operation
Ya know what I'm sayin'

Public Enemy Lyrics

"Raise The Roof"

Testing - one - two
Testing - one - two
The house is now on fire
Spread the walls ya'll
Everybody get somebody we don't want anybody let fuck nobody
Cause you know what time it is
It's time to get busy
And when it's time to get busy
You know what you gotta do

You gotta
Raise the roof because it's all on fire
Not done by the sun or electrical wire
Not done by sons stricking matches with daughters
But done by scratches so save that water
This jam is packed so I just figure
All we need is the house to get bigger
So startin' with the roof down to the base
We're at your service to burn the place

Come on
Come on
Come on Raise the roof
That's right
Raise the roof
Come on

With the spot as hot as it can get
An' the roof's on fire - you're soaked and wet
The puzzle on your face shows as you sweat
But your body keeps movin' with no regrets
Chandeliers shake, swing from front to back
Left to right all night - and the lights don't crack
Your minds on the time - hopin' it don't end
Cause it's time to get stupid - here we go again

Come on
Come on
Come on raise the roof
Come on
Raise the roof ya'll
Come on

Stare at the strope - pull your earlobe
For the sights and sounds clear across the globe
This jam might hit or miss the charts
But the style gets wild as state of the art
Dazzling in science - bold in nerve

But givin' my house what it deserves
Served on the floor cause I get payed
Make the fans that left, wished they had'a stayed
Realize my friend - ain't this a trip
As your body gets railed when you do the flip
And your mind gets rocked when we're on the roll
Then the freak of the week makes you lose control
A Swatch for a watch - so you'll know the time
Your crowd gets loud and you clock my rhyme
The messiah's on fire and I'm living proof
I'll quench your desire and raise your roof

Come on
Come on raise the roof
Come on
Raise the roof
Come on

In school I'm cool throughout the week
When the weekend comes - I'm down with the Greeks
Frat brothers known across the seven seas
Fly ladies of the 80's - sororities
The Zetas, Deltas, AKA's
Women that keep me in a daze
The A-Phi-A - Sigma boys on the move
With the Kappas and the Ques and of course the groove
And for real it's the deal and the actual fact
Takes a nation of millions to hold me back
Rejected and accepted as a communist
Claimin' fame to my name as a terrorist
Makin' money in corners that you'll never see
Dodgin' judges and the lawyers and the third degree
Nothin' wrong with a song to make the strong survive
Realize gave me five cause I kept 'em alive
Mislead what you read about my devilish deeds
Mislead what I said so you're better off dead
Make 'em hear it and see it for the deaf and blind
And command it and we'll plan it for incapable minds
Take for granted and demand it from the wave of my hand
Make the jealous understand it and just say damn
When they see me ask a question - "How the hell can it be?"
When they watch me pull a serpent straight out of the sea
Turn the winter into summer - then from hot to cold
Expand my power on the hour - make you all behold
From the slammer swing a hammer like the mighty Thor
God of thunder, you'll go under - then you'll all applaud
And fathom that distance, that the mad must reap
Meet Namor sea lord - Prince of the deep
Here for you to fear at any cost
Tellin you to get busy or you better get lost
Livin' lives civilized from the lessons I taught
Cities buried underground just because I went off
My friends, enemies - better be my friend

Is the question people guessin' is this the end?
End of the world - are you guessin' yes?
Just say and don't delay it - get it off your chest
Houses of crack - I've seen too much
I go ready - aim - fire - then I'll blow 'em up

Public Enemy Lyrics

"Megablast"

Time is gettin' crazy - people clockin' out
They're robbin' all the cribs on death wish route
Breakin' into cars trying to steal their system
20 pounds on the bar, betcha can't lift 'em
Ya throw two punches, now you got no wind
Hittin' mega pipes, gettin' super stupid thin
Smokin' all the squares and crying all the tears
Cause you're workin' for ya boy, came short and full of swears
Ya couldn't make the money cause ya smoked up all the product
Walkin' round town, skeptalepsy illaroduct
Can't be trusted cause you're living in the past
Ya should have kept yo ass away from that blast
MEGABLAST!
Oh please, oh please, oh please, oh please
Just give me just one more hit *[x8]*
I got a homeboy who is out on the block
He sells mo crack than they sell fish at the dock
He runs to every car, thinkin' he's a star
He gets his product snatched by some people in a car
The car pulls off as he hungs onto the side
Of the car that is in motion, guess his product took a ride
He tried to sell a demon for a thirty dollar bill
Fake gold plate on the back, no frills
Fake Hawaiian suit, scratched up knees
In his fridgerator, bread, water, cheese
An antique fork, how long will it last?
We'll see in twelve minutes when he wants the blast
MEGABLAST!
Oh please, oh please, oh please, oh please
Just give me just one more hit *[x8]*

Public Enemy Lyrics

"Bring The Noise"

Too black, too strong
Too black, too strong

[Flavor Flav:]
Yo, Chuck
These honey drippers are still frontin' on us
Show 'em that we can do this
'Cause we always knew this, ha ha
Yeah, boy!

[Chuck D.:]
Bass! How low can you go?
Death row, what a brother know
Once again, back is the incredible
rhyme animal, the uncannable D

Public Enemy number one
"Five-O" said, "Freeze!" and I got numb
Can I tell 'em that I really never had a gun?
But it's the wax that the Terminator X spun

Now they got me in a cell
'Cause my records, they sell
'Cause a brother like me said, Well
Farrakhan's a prophet and I think you ought to listen to
What he can say to you" What you ought to do

Is follow for now, power of the people, say,
"Make a miracle, D, pump the lyrical"
Black is back, all in, We're gonna win
Check it out

[Flavor Flav:]
Yeah, y'all, c'mon

[Chuck D.:]
Here we go again

Turn it up! Bring the noise!
Turn it up! Bring the noise!

[Flavor Flav:]
Hey yo, Chuck, they're sayin' we too black, man
Yo, I don't understand what they're saying
But little do they know they can get a smack for that, man

[Chuck D.:]

Never badder than bad 'cause the brother is madder than mad
At the fact that's corrupt like a senator
Soul on a roll, but you treat it like soap on a rope
'Cause the beats in the lines are so dope

Listen for lessons I'm saying inside music
That the critics are all blasting me for
They'll never care for the brothers and sisters
Now across the country has us up for the war

We got to demonstrate, come on now
They're gonna have to wait 'til we get it right
Radio stations, I question their blackness
They call themselves black, but we'll see if they'll play this

Turn it up! Bring the noise!
Turn it up! Bring the noise!

[Flavor Flav:]
Hey yo, Chuck, they're illin', we chillin'
Yo, PE in the house, top billing
Yo, Chuck, show 'em what you can do, boy

[Chuck D.:]
Get from in front of me, the crowd runs to me
My DJ is warm, he's X, I call him Norm, y'know
He can cut a record from side to side
So what, the ride, the glide should be much safer than a suicide

Soul control, beat is the father of your rock'n'roll
Music for whatcha, for whichin', you call a band, man
Makin' a music, abuse it, but you can't do it, y'know
You call 'em demos

[Flavor Flav:]
But we ride limos, too

[Chuck D.:]
Whatcha gonna do? Rap is not afraid of you
Beat is for Sonny Bono

[Flavor Flav:]
Beat is for Yoko Ono

[Chuck D.:]
Run-DMC first said a DJ could be a band
Stand on its own feet, get you out your seat

Beat is for Eric B. and LL, as well, hell
Wax is for Anthrax, still it can rock bells
Ever forever, universal, it will sell
Time for me to exit, Terminator X it

Turn it up! Bring the noise!
Turn it up! Bring the noise!

[Flavor Flav:]
Yo, they should know by now that they can't stop this bum rush
Word up, better keep tellin' me to turn it down
But yo, Flavor Flav ain't going out like that

Come on
Come on
Come on, now
Come on

[Chuck D.:]
From coast to coast, so used to being like a comatose
Stand, my man, the beat's the same with a boast toast
Rock with some pizzazz, it will last. Why you ask?
Roll with the rock stars, still never get accepted as

We got to plead the Fifth, you can investigate
Don't need to wait, get the record straight
Hey, posse in effect, got Flavor, Terminator
X to sign checks, play to get paid

You got to check it out down on the avenue
A magazine or two is dissing me and dissing you
Yeah, I'm telling you...

[Flavor Flav:]
Hey yo, Griff, get thirty S1W
We got to handle this
We ain't goin' out like that
Yo man, straight up on the Columbo tip
We can do this, like Brutus
'Cause we always knew this
You know what I'm sayin'
There's just one thing that puzzles me, my brother
What's wrong with all these people around here, man
Is they clocking? Is they rocking? Is they shocking?

Public Enemy Lyrics

"Don't Believe The Hype"

Back
Caught you lookin' for the same thing
It's a new thing - check out this I bring
Uh Oh the roll below the level
'Cause I'm livin' low next to the bass, C'mon
Turn up the radio
They claim that I'm a criminal
By now I wonder how
Some people never know
The enemy could be their friend, guardian
I'm not a hooligan
I rock the party and
Clear all the madness, I'm not a racist
Preach to teach to all
'Cause some they never had this
Number one, not born to run
About the gun...
I wasn't licensed to have one
The minute they see me, fear me
I'm the epitome - a public enemy
Used, abused without clues
I refused to blow a fuse
They even had it on the news
Don't believe the hype...

Yes
Was the start of my last jam
So here it is again, another def jam
But since I gave you all a little something
That we knew you lacked
They still consider me a new jack
All the critics you can hang'em
I'll hold the rope
But they hope to the pope
And pray it ain't dope
The follower of Farrakhan
Don't tell me that you understand
Until you hear the man
The book of the new school rap game
Writers treat me like Coltrane, insane
Yes to them, but to me I'm a different kind
We're brothers of the same mind, unblind
Caught in the middle and
Not surrenderin'
I don't rhyme for the sake of of riddlin'
Some claim that I'm a smuggler
Some say I never heard of 'ya

A rap burglar, false media
We don't need it do we?
It's fake that's what it be to 'ya, dig me?
Don't believe the hype...

Don't believe the hype - its a sequel
As an equal, can I get this through to you
My 98's boomin' with a trunk of funk
All the jealous punks can't stop the dunk
Comin' from the school of hard knocks
Some perpetrate, they drink Clorox
Attack the black, cause I know they lack exact
The cold facts, and still they try to Xerox
Leader of the new school, uncool
Never played the fool, just made the rules
Remember there's a need to get alarmed
Again I said I was a timebomb
In the daytime the radio's scared of me
'Cause I'm mad, plus I'm the enemy
They can't c'mon and play with me in primetime
'Cause I know the time, plus I'm gettin' mine
I get on the mix late in the night
They know I'm livin' right, so here go the mike, sike
Before I let it go, don't rush my show
You try to reach and grab and get elbowed
Word to herb, yo if you can't swing this
Learn the words, you might sing this
Just a little bit of the taste of the bass for you
As you get up and dance at the LQ
When some deny it, defy if I swing bolos
Then they clear the lane I go solo
The meaning of all of that
Some media is the whack
You believe it's true, it blows me through the roof
Suckers, liars get me a shovel
Some writers I know are damn devils
For them I say don't believe the hype
Yo Chuck, they must be on a pipe, right?
Their pens and pads I'll snatch
'Cause I've had it
I'm not an addict fiendin' for static
I'll see their tape recorder and grab it
No, you can't have it back silly rabbit
I'm going' to my media assassin
Harry Allen, I gotta ask him
Yo Harry, you're a writer, are we that type?
Don't believe the hype
I got flavor and all those things you know
Yeah boy, part two bum rush and show
Yo Griff, get the green black red and
Gold down countdown to Armageddon
-88 you wait the S1Ws will
Rock the hard jams - treat it like a seminar

Teach the bourgeoisie, and rock the boulevard
Some say I'm negative
But they're not positive
But what I got to give...
The media says this

Public Enemy Lyrics

"Terminator X To The Edge Of Panic"

Go, Go, Go, Go, Go, Go
Take A look at his style
Take A check of the sound
Off the record people keep him down
Trick a chick in Miami
Terminator X packs the jams
Whow gives a fuck about a Goddamn Grammy
Anyway and I say the D's defending the mike
Yeah, who gives a fuck about what they like
Right the power is bold, the rhymes politically cold
No judge can ever budge or ever handle his load
Yes the coming is near and he's about to become
The one and only missionary lord son of a gun
Going on and on back trackin' the whack
Explain the knack y'all for the actual fact, c'mon

Terminator X Go off *[4X]*
Go, Go, Go, Go, Go, Go

He goes on and on 'till he reaches the coast
Tired, wired of his own race playing him close
Understand his type of music kills the
Plan of the klan
You know the pack attack the man
With the palm of his hands
Police, wild beasts, dogs on a leash
No peace to reach - thats why he's packin' his black piece
Terminator X yellin' with his hands
Damn almighty rulin ready to jam
But his cuts drive against the belt
Sheet...he's bad by his damn self
Yeah, his one job cold threatens the crowd
The loud sound pound to make brothers proud

Terminator X Go off *[4X]*
Go, Go, Go, Go, Go, Go

Gettin' small makin' room for it all
Flavors on the phone so he can...
Make the call
I know you're clockin' the enemy
You should be clockin' the time
Checkin' records I'm wreckin' you
For defecting my rhyme
No provokin', no jokin', you know the stage is set
If you're thinkin' I'm breakin'
He ain't rocked it yet

My education is takin' you for a long ride
I'll have you brain slip and do the slide
Glide into infinity, it's infinite
With your hands in your pockets
I know your money is spent
Like this, like that, butter for the fat
If you kill my dog, I'ma slay your cat
It's like that y'all, can you handle it son
I'm public enemy number one

Terminator X Go off *[4X]*
Go, Go, Go, Go, Go, Go

Public Enemy Lyrics

"Mind Terrorist"

Take that, ha ha, yeah boy
Best for your face
Take that, ha ha, yeah boy
Best for your face

Take that, best, best for your face
Best for your face, best for your face
Take that, ha ha, yeah boy
Best for your face

Take that, ha ha, yeah boy
Best for your face
Take that, ha ha, yeah boy
Best for your face

Take that, ha ha, take that
Take that, ha ha, take that
Take that, ha ha, take that
Best, best, best, best for your face

Public Enemy Lyrics

"Louder Than A Bomb"

This style seems wild
Wait before you treat me like a stepchild
Let me tell you why they got me on file
'Cause I give you what you lack
Come right and exact
Our status is the saddest
So I care where you at, black
And at home I got a call from Tony Rome
The FBI was tappin' my telephone
I never live alone
I never walk alone
My posses always ready, and they're waitin' in my zone
Although I live the life that of a resident
But I be knowin' the scheme that of the president
Tappin' my phone whose crews abused
I stand accused of doing harm
'Cause I'm louder than a bomb
C'mon C'mon louder etc...

I am the rock hard trooper
To the bone, the bone, the bone
Full grown - consider me - stone
Once again and
I say it for you to know
The troop is always ready, I yell 'geronimo'
Your CIA, you see I ain't kiddin'
Both King and X they got ridda' both
A story untold, true, but unknown
Professor Griff knows...
"I ain't no toast"
And not the braggin' or boastin' and plus
It ain't no secret why they're tappin' my phone, although
I can't keep it a secret
So I decided to kick it, yo
And yes it weighs a ton
I say it once again
I'm called the enemy - I'll never be a friend
Of those with closed minds, don't know I'm rapid
The way that I rap it
Is makin' 'em tap it, yeah
Never servin 'em well, 'cause I'm an un-Tom
It's no secret at all
Cause I'm louder than a bomb

Cold holdin' the load
The burden breakin' the mold
I ain't lyin' denyin', 'cause they're checkin' my code

Am I buggin' 'cause they're buggin' my phone - for information
No tellin' who's sellin' out - power buildin' the nation so...
Joinin' the set, the point blank target
Every brothers inside - so least not, you forget, no
Takin' the blame is not a waste, here taste
A bit of the song so you can never be wrong
Just a bit of advice, 'cause we be payin' the price
'Cause every brother mans life
Is like swingin' the dice, right?
Here it is, once again this is
The brother to brother
The Terminator, the cutter

Goin' on an' on - leave alone the grown
Get it straight in '88, an' I'll troop it to demonstrate
The posse always ready - 98 at 98
My posse come quick, because my posse got velocity
Tappin' my phone, they never leave me alone
I'm even lethal when I'm unarmed
'Cause I'm louder than a bomb

'Cause the D is for dangerous
You can come and get some of this
I teach and speak
So when its spoke, it's no joke
The voice of choice
The place shakes with bass
Called one for the treble
The rhythm is the rebel
Here's a funky rhyme that they're tappin' on
Just thinkin' I'm breakin' the beats I'm rappin' on
CIA FBI
All they tell us is lies
And when I say it they get alarmed
'Cause I'm louder than a bomb

Public Enemy Lyrics

"Caught, Can We Get A Witness?"

Caught, now in court 'cause I stole a beat
This is a sampling sport
But I'm giving it a new name
What you hear is mine
P.E. you know the time
Now, what in the heaven does a jury know about hell
If I took it, but but they just look at me
Like, Hey I'm on a mission
I'm talkin' 'bout conditions
Ain't right sittin' like dynamite
Gonna blow you up and it just might
Blow up the bench and
Judge, the courtroom plus I gotta mention
This court is dismissed when I grab the mike
Yo Flave...What is this?

Get hyped, c'mon we gotta
Gather around - gotcha
Mail from the courts and jail
Claims I stole the beats that I rail
Look at how I'm livin' like
And they're gonna check the mike, right? - Sike
Look at how I'm livin' now, lower than low
What a sucker know
I found this mineral that I call a beat
I paid zero
I packed my load 'cause it's better than gold
People don't ask the price, but its sold
They say that I sample, but they should
Sample this my bit bull
We ain't goin' for this
They say that I stole this
Can I get a witness?

Understand where we're goin
Then listen to this, plus my Roland
Comin' from way down below
Rebound c'mon boost up the stereo
Snakes in the morning
Wake up, scared afraid of my warning
They claim that I'm violent
Now I choose to be silent
Can I get a witness?

C'mon get wit' it
Something ain't right, I got to admit it
Made me mad when I was on tour

That I declared war on black radio
They say that I planned this
On the radio most of you will demand this
Won't be on a playlist
Bust the way that I say this: No Sell Out

You singers are spineless
As you sing your senseless songs to the mindless
Your general subject love is minimal
Its sex for profit
Scream that I sample
For example, Tom you ran to the federal
Court in U.S. it don't mean you
Yeah, 'cause they fronted on you
The posses ready, Terminator X yes he's ready
The S1Ws, Griff are you ready?

They say that I stole this
I rebel with a raised fist, can we get a witness?

Public Enemy Lyrics

"Show Em Whatcha Got"

Talkin dat drive by shit
Everybody talkin dat gangsta shit

Talkin dat drive by thang
Everybody talking dat gangsta swang

Slaves to the rhythm of the master
Buck boom buck another
Neighborhood disaster
(Drummer hit me one)

A gun iz a gun iz
A muther fuckin gun
But an organized side
Keep a sellout niga on the run

What you gonna do to get paid
Step on the rest of the hood
Till the drug raid

See you runnin like roaches
Black gangstas need track coaches

The white law set you up raw
When you have his trust in killin us

Talkin dat gattalk
Walkin dat catwalk
Where you tryin to go wit dat
Dont even go dere wit dat rap
Guns drugs an money
All you know how
So whatcha gonna do now?
I'm bout ready to bounce
Trouble on the corner of blunt ave
An 40 ounce
Madd uncivilized lifestyles
30 years bids for kids, now thats wild
I'm raisin my child
I'm steppin to da curb
Wit a sign do not disturb
Too much dont give a fuck
Or a damn thing
But choose what the other man bring
I sing a song cause I see wrong
I'm not down with the fe fi fo
Where I come from

See, the brothers aint dumb
Sense goes over nonsense
When it makes no sense
I'm throwin up da fence
Talkin dat drive by shit
Everybody talkin dat gangsta shit
Talkin dat drive by thang
Everybody talkin dat gangsta swang

Talkin dat gattalk
Walkin dat catwalk
Were you tryin to go wit dat
Dont even go there wit dat rap
Guns drugs & money
All you know how
So whatcha gone do now?

[Break]

The only good niga iz a dead niga

Dats what they used to say

Cant understand why a man
Gotta use a trigga
On his own, suppose to act grown

Cracka in da back
Watch a brother pull a trigga on another brother

Couldn't shoot and shot a mother

Four kids alone home
Ungrown & now they on they own
Now check yourself cool
What good iz da hood if ya actin a fool
Talkin dat gattalk, walkin dat catwalk

Public Enemy Lyrics

"She Watch Channel Zero?!"

The woman makes the men all pause
And if you got a woman
She might make you forget yours
There's a 5 letter word
To describe her character
But her brains being washed by an actor
And every real man that tries to approach
Come the closer he comes
He gets dissed like a roach

[REFRAIN:]
I don't think I can handle
She goes channel to channel
Cold lookin' for that hero
She watch channel zero

[CHORUS:]
She watch, She watch *[4x]*
(Flavor *[ad lib]*)

2, 7, 5, 4, 8 she watched she said
All added up to zero
And nothing in her head
She turns and turns
And she hopes the soaps
Are for real - she learns
Is that it ain't true, nope
But she won't survive
And rather die and lie
Falls a fool - for some dude - on a tube

[REPEAT REFRAIN]

[CHORUS]

Trouble vision for a sister
Because I know she don't know, I quote
Her brains retrained
By a 24 inch remote
Revolution a solution
For all our children
But all her children
Don't mean as much as the show, I mean
Watch her worship the screen, and fiend
For a TV ad
And it just makes me mad

[REPEAT REFRAIN]

[CHORUS]

Public Enemy Lyrics

"Night Of The Living Basheads"

Here it is
BAMMM
And you say, Goddamn
This is the dope jam
But lets define the term called dope
And you think it mean funky now, no
Here is a true tale
Of the ones that deal
Are the ones that fail
Yeah
You can move if you wanna move
What it prove
It's here like the groove
The problem is this - we gotta' fix it
Check out the justice - and how they run it
Sellin', smellin'
Sniffin', riffin'
And brothers try to get swift an'
Sell to their own, rob a home
While some shrivel to bone
Like comatose walkin' around
Please don't confuse this with the sound
I'm talking about...BASS

I put this together to...
Rock the bells of those that
Boost the dose
Of lack a lack
And those that sell to Black
Shame on a brother when he dealin'
The same block where my 98 be wheelin'
And everybody know
Another kilo
From a corner from a brother to keep another -
Below
Stop illin' and killin'
Stop grillin'
Yo, black, yo (we are willin')
4, 5 o'clock in the mornin'
Wait a minute y'all
The fiends are fiendin'
Day to day they say no other way
This stuff...
Is really bad
I'm talkin' 'bout...BASS

Yo, listen

I see it on their faces
(First come first serve basis)
Standin' in line
Checkin' the time
Homeboys playin' the curb
The same ones that used to do herb
Now they're gone
Passin' it on
Poison attack - the Black word bond
Daddy-O
Once said to me
He knew a brother who stayed all day in his jeep
And at night he went to sleep
And in the mornin' all he had was
The sneakers on his feet
The culprit used to jam and rock the mike, yo
He stripped the jeep to fill his pipe
And wander around to find a place
Where they rocked to a different kind of...BASS

Public Enemy Lyrics

"Black Steel In The Hour Of Chaos"

I got a letter from the government
The other day
I opened and read it
It said they were suckers
They wanted me for their army or whatever
Picture me given' a damn - I said never
Here is a land that never gave a damn
About a brother like me and myself
Because they never did
I wasn't wit' it, but just that very minute...
It occured to me
The suckers had authority
Cold sweatin' as I dwell in my cell
How long has it been?
They got me sittin' in the state pen
I gotta get out - but that thought was thought before
I contemplated a plan on the cell floor
I'm not a fugitive on the run
But a brother like me begun - to be another one
Public enemy servin' time - they drew the line y'all
To criticize me some crime - never the less
They could not understand that I'm a Black man
And I could never be a veteran
On the strength, the situation's unreal
I got a raw deal, so I'm goin' for the steel

They got me rottin' in the time that I'm servin'
Tellin' you what happened the same time they're throwin'
4 of us packed in a cell like slaves - oh well
The same motherfucker got us livin' is his hell
You have to realize - what its a form of slavery
Organized under a swarm of devils
Straight up - word'em up on the level
The reasons are several, most of them federal
Here is my plan anyway and I say
I got gusto, but only some I can trust - yo
Some do a bid from 1 to 10
And I never did, and plus I never been
I'm on a tier where no tears should ever fall
Cell block and locked - I never clock it y'all
'Cause time and time again time
They got me servin' to those and to them
I'm not a citizen
But ever when I catch a C-O
Sleepin' on the job - my plan is on go-ahead
On the strength, I'ma tell you the deal
I got nothin' to lose

'Cause I'm goin' for the steel

You know I caught a C-O
Fallin' asleep on death row
I grabbed his gun - then he did what I said so
And everyman's got served
Along with the time they served
Decency was deserved
To understand my demands
I gave a warnin' - I wanted the governor, y'all
And plus the warden to know
That I was innocent -
Because I'm militant
Posing a threat, you bet it's fuckin' up the government
My plan said I had to get out and break north
Just like with Oliver's neck
I had to get off - my boys had the feds in check
They couldn't do nuthin'
We had a force to instigate a prison riot
This is what it takes for peace
So I just took the piece
Black for Black inside time to cut the leash
Freedom to get out - to the ghetto - no sell out
6 C-Os we got we ought to put their head out
But I'll give 'em a chance, cause I'm civilized
As for the rest of the world, they can't realize
A cell is hell - I'm a rebel so I rebel
Between bars, got me thinkin' like an animal
Got a woman C-O to call me a copter
She tried to get away, and I popped her
Twice, right
Now who wanna get nice?
I had 6 C-Os, now it's 5 to go
And I'm serious - call me delirious
But I'm still a captive
I gotta rap this
Time to break as time grows intense
I got the steel in my right hand
Now I'm lookin' for the fence

I ventured into the courtyard
Followed by 52 brothers
Bruised, battered, and scarred but hard
Goin' out with a bang
Ready to bang out
But power from the sky
And from the tower shots rang out
A high number of dose - yes
And some came close
Figure I trigger my steel
Stand and hold my post
This is what I mean - an anti-nigger machine
If I come out alive and then they won't - come clean

And then I threw up my steel bullets - flew up
Blew up, who shot...
What, who, the bazooka was who
And to my rescue, it was the S1Ws
Secured my getaway, so I just gotaway
The joint broke, from the black smoke
Then they saw it was rougher thatn the average bluffer
'Cause the steel was black, the attitude exact
Now the chase is on tellin' you to c'mon
53 brothers on the run, and we are gone

Public Enemy Lyrics

"Rebel Without A Pause"

Yes - the rhythm, the rebel
Without a pause - I'm lowering my level
The hard rhymer - where you never been I'm in
You want stylin' - you know it's time again
D the enemy - tellin you to hear it
They praised the music - this time they play the lyrics
Some say no to the album, the show
Bum rush the sound I made a year ago
I guess you know - you guess I'm just a radical
Not a sabbatical - yes to make it critical
The only part your body should be parting to
Panther power on the hour from the rebel to you

Radio - suckers never play me
On the mix - just O.K. me
Now known and grown when they're clocking my zone it's known
Snakin' and takin' everything that a brother owns
Hard - my calling card
Recorded and orderd - supporter of Chesimard
Loud and proud kickin' live next poet supreme
Loop a troop, bazooka, the scheme
Flavor - a rebel in his own mind
Supporter of my rhyme
Designed to scatter a line of suckers who claim I do crime

Terminator X

From a rebel it's final on black vinyl
Soul, rock and roll comin' like a rhino
Tables turn - suckers burn to learn
They can't dis-able the power of my label
Def Jam - tells you who I am
The enemy's public - they really give a damn
Strong Island - where I got 'em wild and
That's the reason they're claimin' that I'm violent
Never silent - no dope gettin' dumb nope
Claimin' where we get our rhythm from
Number one - we hit ya and we give ya some
No gun - and still never on the run
You wanna be an S.1 - Griff will tell you when
And then you'll come - you'll know what time it is
Impeach the president - pullin' out the ray-gun
Zap the next one - I could be you're Sho-gun
Suckers - don't last a minute
Soft and smooth - I ain't with it
Hardcore - rawbone like a razor
I'm like a lazer - I just won't graze ya

Old enough to raise ya - so this will faze ya
Get it right boy and maybe I will praise ya
Playin' the role I got soul too
Voice my opinion with volume
Smooth - no what I am
Rough - cause I'm the man

No matter what the name - we're all the same
Pieces in one big chess game
Yeah - the voice of power
Is in the house - go take a shower boy
P.E. a group, a crew - not singular
We were black Wranglers
We're rap stranglers
You can't angle us - I know you're listenin'
I caught you pissin' in you're pants
You're scared of us dissin' us
The crowd is missin' us
We're on a mission boy

Terminator X

Attitude - when I'm on fire
Juice on the loose - electric wire
Simple and plain - give me the lane
I'll throw it down your throat like Barkley
See the car keys - you'll never get these
They belong to the 98 posse
You want some more son - you wanna get some
Rush the door on a store - pick up the album
You know the rhythm, the rhyme plus the beat is designed
So I can enter your mind - Boys
Bring the noise - my time
Step aside for the flex - Terminator X

Public Enemy Lyrics

"Prophets Of Rage"

With vice I hold the mike device
With force I keep it away of course
And I'm keepin' you from sleepin'
And on stage I rage
And I'm rollin'
To the poor I pour in on in metaphors
Not bluffin', it's nothin'
That we ain't did before
We played you stayed
The points made
You consider it done
By the prophets of rage
(Power of the people say)

I roll with the punches so I survive
Try to rock 'cause it keeps the crowd alive
I'm not ballin', I'm just callin'
But I'm past the days of yes y'allin'
Wa wiggle round and round
I pump, you jump up
Hear my words my verbs
And get juiced up
I been around a while
You can descibe my sound
Clear the way
For the prophets of rage
(Power of the people say)

I rang ya bell
Can you tell I got feelin'
Just peace at least
Cause I want it
Want it so bad
That I'm starvin'
I'm like Garvey
So you can see B
It's like that, I'm like Nat
Leave me the hell alone
If you don't think I'm a brother
Then check the chromosomes
Then check the stage
I declare it a new age
Get down for the prophets of rage
Keep you from gettin' like this

You back the track
You find we're the quotable

You emulate
Brothers, sisters thats beautiful
Follow a path
Of positivity you go
Some sing it or rap it
Or harmonize it through Go-Go
Little you know but very
Seldom I do party jams
About a plan

I'm considered the man
I'm the recordable
But God made it affordable
I say it, you play it
Back in your car or even portable
Stereo
Describes my scenario
Left or right, Black or White
They tell lies in the books
That you're readin'
It's knowledge of yourself
That you're needin'
Like Vescey or Prosser
We have a reason why
To debate the hate
That's why we're born to die
Mandela, cell dweller, Thatcher
You can tell her clear the way for the prophets of rage
(Power of the people you say)

It's raw and keepin' you on the floor
Its soul and keepin' you in control
It's pt. 2 cause I'm
Pumpin' what you're used to
Until the whole juice crew
Gets me in my goose down
I do the rebel yell
And I'm the duracell
Call it plain insane
Brothers causein' me pain
When a brothers a victim
And the sellers a dweller in a cage
Yo, run the a capella
(Power of the people say)

Public Enemy Lyrics

"Reggie Jax"

Runnin' for your life, by the knife
Runnin' from your wife ... yipes
You should've stuck with home
Your mind to blow your dome
It was you that chose your due
You built a maze you can't get through
I tried to help you all I can
Now I can't do nuttin' for you man

I can't do nuttin' for ya man
You got all these people on your back now
I can't do nuttin' for ya man
Flavor flav got problems of his own
I can't do nuttin' for you man

Go lean on shells answer man
I can't do nuttin' for ya man
You jumped out of the jelly into a jam

Make ya love the wrong instead of right
Not a thief cat burglar through the night
cop told your girl her name was Shirl
About a rooftop crime to steal her pearls
Oozy down the bullets in the gun

Just microwave themselves a ton
The you tried to help them all they can
But they couldn't do nuttin' for ya man

I can't do nuttin' for ya man
They couldn't do nuttin' for ya man

Flavor Flav is the sun
Public Enemy number one
Gotcha runnin' from the gun (pow)
Of a brain that weighs a ton
Can't face my facts that's on the shelf
Cause you want a hand out for your wealth
Eatin' welfare turkey out of the can
I can't do nuttin' for ya man

I can't do nuttin' for ya man
You want six dollars for what?
I can't do nuttin' for ya man
You better man kiss my but
I can't do nuttin' for ya man
I'm busy tryin' to do for me

I can't do nuttin' for ya man
That's the way the ball bounces gee

Bass for your face, kick that shit

Public Enemy Lyrics

"Party For Your Right To Fight"

Power, equality
And we're out to get it
I know some of you ain't wid it
This party started right in '66
With a pro-Black radical mix
Then at the hour of twelve
Some force cut the power
And emerged from hell
It was your so called government
That made this occur
Like the grafted devils they were

J. Edgar Hoover, and he coulda proved to you
He had King and X set up
Also the party with Newton, Cleaver and Seale
He ended, so get up
Time to get em back
(You got it)
Get back on the track
(You got it)
Word from the honorable Elijah Muhammed
Know who you are to be Black

To those that disagree it causes static
For the original Black Asiatic man
Cream of the earth
And was here first
And some devils prevent this from being known
But you check out the books they own
Even masons they know it
But refuse to show it, yo
But it's proven and fact
And it takes a nation of millions to hold us back

"Brothers Gonna Work It Out"

Uh, your bad self
Help me break this down from off the shelf
Here's a music servin' you so use it
Papa's got a brand new funk
Get down (party for your right)
Huh, let's get it on
Like we said before
They say the brothers causin' trouble
Hate to bust their bubble
'Cause we rumble
From our lower level
To condition your condition
(We're gonna do a song)
That you never heard before
Make you all jump along to the education
Brothers gonna work it out
And stop chasin'
Brothers, brothers gonna work it out

[Chorus]
You got it...what it takes
Go get it...where you want it?
Come get it...get involved
'Cause the brothers in the street are willing to work it out

So many of us in limbo
How to get it on, it's quite simple
3 stones from the sun
We need a piece of this rock
Our goal indestructible soul
Answers to this quizzin'
To the Brothers in the streetSchools and the prisons
History shouldn't be a mystery
Our stories real history
Not his story
We gonna work it one day
Till we all get paid
The right way in full, no bull
Talkin', no walkin', drivin', arrivin' in style
Soon you'll see what I'm talkin' 'bout
'Cause one day
The brothers gonna work it out
Brothers, brothers gonna work it out

[Chorus]
You got it ... what it takes
Go get it... where you want it?

Come get it...get involved
'Cause the brothers in the street
Are willing to work it out
Let's get it on... we are willin'
Let's get it on, let's get it on ... we are willin'
Let's get it on, let's get it on, let's get it on ... we are willin'

Now we are ready if you are ready

In 1995, you'll twist to this
As you raise your fist to the music
United we stand, yes divided we fall
Together we can stand tall
Brothers that try to work it out
They get mad, revolt, revise, realize
They're super bad
Small chance a smart brother's
Gonna be a victim of his own circumstance
Sabotaged, Shellshocked, rocked and ruled
Day in the life of a fool
Like I said before to live it low
Life take you time, time yo go slow
Look here, not a thing to fear
Brother to brother not another as sincere
Teach a man how to be father
To never tell a woman he can't bother
You can't say you don't know
What I'm talkin' 'bout
But one day ... brothers gonna work it out

You got it ... what it takes
Go get it ... where you want it?
Come get it ... get involved
'Cause the brothers in the street
Are willing to work it out

Let's get it on... we are willin'
Let's get it on, let's get it on ... we are willin'
Let's get it on, let's get it on, let's get it on ... we are willin'
Now we are ready if you are ready

Public Enemy Lyrics

"911 Is A Joke"

Hit me
Going, going, gone
Now I dialed 911 a long time ago
Don't you see how late they're reactin'
They only come and they come when they wanna
So get the morgue embalm the goner
They don't care 'cause they stay paid anyway
They teach ya like an ace they can't be betrayed
I know you stumble with no use people
If your life is on the line they you're dead today
Late comings with the late comin' stretcher
That's a body bag in disguise y'all betcha
I call 'em body snatchers quick they come to fetch ya?
With an autopsy ambulance just to dissect ya
They are the kings 'cause they swing amputation
Lose your arms, your legs to them it's compilation
I can prove it to you watch the rotation
It all adds up to a funky situation
So get up get, get get down
911 is a joke in yo town
Get up, get, get, get down
Late 911 wears the late crown

911 is a joke

Everyday they don't never come correct
You can ask my man right here with the broken neck
He's a witness to the job never bein' done
He would've been in full in 8 9-11
Was a joke 'cause they always jokin'
They the token to your life when it's croakin'
They need to be in a pawn shop on a
911 is a joke we don't want 'em
I call a cab 'cause a cab will come quicker
The doctors huddle up and call a flea flicker
The reason that I say that 'cause they
Flick you off like fleas
They be laughin' at ya while you're crawlin' on your knees
And to the strength so go the length
Thinkin' you are first when you really are tenth
You better wake up and smell the real flavor
Cause 911 is a fake life saver

So get up, get, get get down
911 is a joke in yo town
Get up, get, get, get down
Late 911 wears the late crown

Ow, ow 911 is a joke

Public Enemy Lyrics

"Welcome To The Terrordome"

I got so much trouble on my mind
I refuse to lose
Here's your ticket
Hear the drummer get wicked
The crew to you to push the back to Black
Attack so I sat and japped
Then slapped the Mac (Intosh)
Now I'm ready to mike it
(You know I like it) huh
Hear my favoritism roll "Oh"
Never be a brother like to go solo
Lazer, anastasia, maze ya
Ways to blaze your brain and train ya
The way I'm livin', forgiven'
What I'm givin' up
X on the flex hit me now
I don't know about later
As for now I know how to avoid the paranoid
Man I've had it up to here
Gear I wear got 'em goin' in fear
Rhetoric said
Read just a bit ago
Not quittin' though
Signed the hard rhymer
Work to keep from gettin' jerked
Changin' some ways
To way back in the better days
Raw metaphysically bold
Never followed a code
Still dropped a load
Never question what I am God knows
Cause it's comin' from the heart
What I got better get some
(Get on up) hustler of culture
Snakebitten
Been spit in the face
But the rhymes keep fittin'
Respects been givin' how's ya livin'
Now I can't protect a pad off defect
Check the record
An reckon an intentional wreck
Played off as some intellect
Made the call, took the fall
Broke the laws
Not my fault they're fallin' off
Known as fair square
Throughout my years

So I growl at the livin' foul
Black to the bone my home is your home
So welcome to the Terrordome
Subordinate terror
Kickin' off an era
Cold deliverin' pain
My 98 was 87 on a record yo
So now I go Bronco

Crucifixion ain't no fiction
So called chosen frozen
Apology made to who ever pleases
Still they got me like Jesus
I rather sing, bring, think reminisce
'Bout a brother while I'm in sync
Every brother ain't a brother cause a color
Just as well could be undercover
Backstabbed, grabbed a flag
From the back of the lab
Told a Rab get off the rag
Sad to say I got sold down the river
Still some quiver when I deliver
Never to say I never know or had a clue
Word was heard, plus hard on the boulevard
Lies, scandalizin', basin'
Traits of hate who's celebratin' wit satan?
I rope a dope the evil with righteous
Bobbin' and weavin' and let the good get even
C'mon down
And welcome to the Terrordome.
Caught in the race against time
The pit and the pendulum
Check the rhythm and rhymes
While I'm bendin' 'em
Snakes blowin' up the lines of design
Tryin' to blind the science I'm snedin' 'em
How to fight the power
Cannot run and hide
But it shouldn't be suicide
In a game a fool without the rules
Got a hell of a nerve to just criticize
Every brother ain't a brother
Cause a Black hand
Squeezed on Malcom X the man
The shootin' of Huey Newton
From a hand of a Nigger who pulled the trigger

It's weak to speak and blame somebody else
When you destroy yourself
First nothing's worse than a mother's pain
Of a son slain in Bensonhurst
Can't wait for the state to decide the fate
So this jam I dedicate

Places with racist faces
Just an example of one of many cases
The Greek weekend speech I speak
From a lesson learned in Virginia (Beach)
I don't smile in the line of fire
I go wildin'
But it's on bass and drums even violins
Watcha do gitcha head ready
Instead of gettin' physically sweaty
When I get mad
I put it down on a pad
Give ya somethin' that cha never had controllin'
Fear of high rollin'
God bless your soul and keep livin'
Never allowed, kickin' it loud
Droppin' a bomb
Brain game intellectual Vietnam
Move as a team
Never move alone
But
Welcome to the Terrordome

Public Enemy Lyrics

"Meet The G That Killed Me"

Man to man
I don't know if they can
From what I know
The parts don't fit
(Ahh shit)
How he's sharin' a needle
With a drug addict
He don't believe he has it
(Either)
But now he does, he doesn't know cause he
Goes straight to a ho
Tell you what who was next on the but
Wild thinin' on a germ
Runnin' wild
Yo stop
But the bag popped

Public Enemy Lyrics

"Pollywanacraka"

She wants a lover right now
But not no brother
Her man gotta have a lotta money
To get under her cover
Now she's a fine sister
But up here she's missin' it
She says she wanna learn about life
No old black bull shit
At the age of 15 a brother gave her a baby
She's 19 now and it drover her crazy
And now everytime
She turns around
All the people in the neighborhood
Look and get mand and sing

[CHORUS]

Meet Mr. Succesful
I guess he's blessed yeah
But he happens to be a brother
Who only wants blue eyes and blonde hair
Now this young mister
He don't like sisters
He couldn't find that special one
He know why he missed her
He says sisters wasn't good enuff
They only wanted his green stuff
That's why everytime he turned
Around all the people
In the neighborhood
Looked and got mad
And sang

[CHORUS]

I try to tell my people
There should not be any hatred
For a brother or a sister
Whose opposite race they've mated
No man is God
And God put us all here (yeah)
But this system has no wisdom
The devil split us in pairs
And taught us White is good, Black is bad
And Black and White is still too bad
That's why everytime I turn around
All the people in my neighborhood

Look mad and sing....

[CHORUS]

Public Enemy Lyrics

"Anti-Nigger Machine"

When I'm talkin' rhyme time
To blow your mind time some say
It's nothing worse than a verse
To hear some nigger curse
They call me rude some dudes fiery attitude
Claimin' I boast and smoke
And sometimes sing the blues
I twang metal and settle
Try to never back pedal
From the power some got
To get a nigger shot
The null and void I avoid
I test the paranoid
Never had to be bad
My mama raised me mad
So what I got is hot
I love my life a lot
I'm never sad just glad
That's why I thank my dad
Once they never gave a fuck about
What I said
Now they listen and they want my head

Instead of peace the police
Just wanna wreck and flex
On the kid
What I did was try to be the best
So they fingered the trigger
Figured I was a bigger nigger
And started to search
An so I headed west
Went to cally a rally
Was for a brothers death
It was the fuzz who shot him
An not da blood or cuzz
I wondered why it was like
So I just held my mike
But in my mind I was blind
So I just tried to find
A reason we was quick
Just the way that we was
So I just stayed in the crib
Until I got a buzz...

Public Enemy Lyrics

"Burn Hollywood Burn"

[CHUCK D:]
Burn Hollywood burn I smell a riot
Goin' on first htey're guilty now they're gone
Yeah I'll check out a movie
But it'll take a Black one to move me
Get me the hell away from this TV
All this news and views are beneath me
Cause all I hear about is shots ringin' out
So I rather kick some slang out
All right fellas let's go hand out
Hollywood or would they not
Make us all look bad like I know they had
But some things I'll never forget yeah
So step and fetch this shit
For all the years we looked like clowns
The joke is over smell the smoke from all around
Burn Hollywood burn

[ICE CUBE:]
Ice Cube is down with the PE
Now every single bitch wanna see me
Big Daddy is smooth word to muther
Let's check out a flick that exploits the color
Roamin' thru Hollywood late at night
Red and blue lights what a common sight
Pulled to the curb gettin' played like a sucker
Don't fight the power ... the mother fucker

[BIG DADDY KANE:]
As I walk the streets of Hollywood Boulevard
Thinin' how hard it was to those that starred
In the movies portrayin' the roles
Of butlers and maids slaves and hoes
Many intelligent Black men seemed to look uncivilized
When on the screen
Like a guess I figure you to play some jigaboo
On the plantation, what else can a nigger do
And Black women in this profession
As for playin' a lawyer, out of the question
For what they play Aunt Jemima is the perfect term
Even if now she got a perm
So let's make our own movies like Spike Lee
Cause the roles being offered don't strike me
There's nothing that the Black man could use to earn
Burn Hollywood burn

Public Enemy Lyrics

"Power To The People"

And you thought the beat slowed down
Power to the people
Get on up, get into it, get involved
Feel the bass as the cut revolves
To the brothers wit the 808
Like I said before PE got a brand new funk
Turn it up, boom the trunk, yeah
Internationally known on the microphone
Makin' sure the brothers will never leave you alone
To my sisters
Sisters yes we missed ya
Let's get it together make a nation
You can bet on it, don't sleep on it
'Cause the troops cold jeepin' it pumpin
(Power to the people)
Turn us loose we shall overcome
They say where you get that bass from
Hey ohh people, people as we continue on
Come along, sings this song, are you ready for '91
Rhythm nation pump that bass an
We like to know from Chicago, New York and LA
Are y'all ready, cause the plans in the jam
And we're ready to roll yo y'all got to tell me
Are y'all read read to go c'mon
(Power to the people)
Had to kick it like that as we roll as one
One under the sun, to all the cities and the side
Stateside and the whole wide
There it is
P-e-a-c-e 1991

Public Enemy Lyrics

"Who Stole The Soul"

Once again, this is it
Turn it up
Here we go
But this time the rhyme
Gonna ask who did the crime
Then let's get down to the nitty-gritty
Like I wanna know who
Picked Wilson's pocket
Afth, he rocket it
Fact, he shocked it
Same kinna thing they threw at James
An what did to Redd was a shame
The the Black get
The bigger the feds want
A piece of that ... booty
Intentional rape system, like we ain't
Payed enough in this bitch, that's why I dissed them
I learned we earned, got no concern
Instead we burned so where the hell is our return?
Plain and simp the system's a pimp
But I refuse to be a ho
Who stole the soul?

Ain't, no, different
Than in South Africa
Over here they'll go after ya to steal your soul
Like over there they stole our gold
Yo they say the Black don't know how to act
'Cause we're waitin' for the big payback
But we know it'll never come
That's why I say come and get some
Why when the Black move it, Jack move out
Come to stay Jack moves away
Ain't we all people?
How the hell can a color be no good for a neighborhood
Help, straighten me out
'Cause my tribe gets a funny vibe
They I'm wrong for singin' a song
Without solutions
All the dancers answer questions
And try to be the best and...
Let everybody know before I blow
For the sake of what's right
I wanna know who stole the soul?

We choose to use their ways
And holidays notice some of them are heller days

Invented bye those who never repented
For the sins within that killed my kin
But that's all right
I try do what a brother does
But I'll never know if you're my cuz
That's why I try my best to unite
And damn the rest if they don't like it
Banned from many arenas
Word from the motherland
has anybody seen her
Jack was nimble, Jack was quick
Got a question for Jack ask him
40 acres and a mule Jack
Where is it why'd you try to fool the Black
It wasn't you, but you pledge allegiance
To the red, white, and blue
Sucker that stole the soul!

Public Enemy Lyrics

"Fear Of A Black Planet"

Man you ain't gotta
Worry 'bout a thing
'Bout your daughter
Nah she ain't my type
(But supposin' she said she loved me)
Are you afraid of the mix of Black and White
We're livin' in a land where
The law say the mixing of race
Makes the blood impure
She's a woman I'm a man
But by the look on your face
See ya can't stand it

Man calm your ass down, don't get mad
I don't your sistah
(But supposin' she said she loved me)
Would you still love her
Or would you dismiss her
What is pure? Who is pure?
Is it European state of being, I'm not sure
If the whole world was to come
Thru peace and love
Then what would we made of?

Excuse us for the news
You might not be amused
But did you know white comes from Black
No need to be confused
Excuse us for the news
I question those accused
Why is this fear of Black from White
Influence who you choose?
Man c'mon now, I don't want your wife
Stop screamin' it's not the end of your life
(But supposin' she said she loved me)
What's wrong with some color in your family tree
I don't know

I'm just a rhyme sayer
Skins protected 'gainst the ozone layers
Breakdown 2001
Might be best to be Black
Or just Brown countdown

I've been wonderin' why
People livin' in fear
Of my shade

(Or my hi top fade)
I'm not the one that's runnin'
But they got me one the run
Treat me like I have a gun
All I got is genes and chromosomes
Consider me Black to the bone
All I want is peace and love
On this planet
(Ain't that how God planned it?)

Excuse us for the news
You might not be amused
But did you know White comes from Black
No need to be confused

Excuse us for the news
I question those accused
Why is this fear of Black from White
Influence who you choose?

Public Enemy Lyrics

"Revolutionary Generation"

I get down to what it is
And if it ain't funky (see ya)
People askin' me what's goin' on
With my mind
(Huh) wait a minute

It's just a matter of race
Cause a black male's in their face
Step back for the new jack swing
On the platter scatter huh
We got our own thing
Just jam to let the rhyth run
Day to day, America eats it's young
And defeats our women
There is a gap so wide we all can swim in
Drown in (uh get down) an get it
Got it goin' on wit it
Sister (hey) soul sister
We goin' be all right
It takes a man to take a stand
Understand it takes a
Woman to make a stronger man
(As we both get strong)
They'll call me a crazy Asiatic
While I'm singin' a song
Oh my god, oh my lord
I can't hold back
But I get exact on a track
It's an eye for an eye, tooth for a tooth
Forget about me
Just set my sister free
R-e-s-p-e-c-t my siters, not my enemy
(Cause we'll be stronger together)
And make the suckers say
(Damn) this generation

They don't know what we got goin' is (sound)
To turn it all around
To my sisters I communicate
With the bass and tone
Thru speakers and the microphone
Cause I'm tired of America dissin' my sisters
(For example, like they dissed Tawana)
And they try to say she's a liar
My people don't believe it
But even now they're getting higher
Of the feeling inspiration

We must know that in this nation
Every single generation
(They teach us how to dis our sisters)
Stange as you say, I say revolution
Need for change brings on revolution
The great book just look see solution

God chooses who and what for the bruisin'
There's been no justice for none
Of my sisters
Just us been the ones that's been missin' her
Now we got to protect
We get together and damn this generation

I said so to what it is
Where it is
She needs a lil' respect
There it is
I say she needs a lotta
Brother from a mother like me has gotta
Give it up
Give it now
And pass it all around
To my soul (sister)

They disrespected mama and treated her like dirt
America took her, reshaped her, raped her
Nope, it never made the paper
Beat us, mated us
Made us attack our woman in black
So I said sophisticated B, don't be one
Not to head the warning crack of dawn
Or is it the dawn of crack?
Stop the talk they say, but
We talk and say whats right or wrong
Some say we wasting time singin' a song
But why is it that we're many different shades
Black woman's privacy invaded years and years
You cannot count my mama's tears
It's not the past but the future's
What she fears
Strong we be strong
The next generation
It's what not who we are facin'
The fingers pointed to us in our direction
The blind state of mind needs correction
Word to the mother we tighten connection
To be a man you need no election
This generation generates a new attitude
Sister to you we should not be rude
So we come together
And make 'em all say
Damn this generation

Public Enemy Lyrics

"Can't Do Nuttin' For Ya Man"

Runnin' for your life, by the knife
Runnin' from your wife ... yipes
You should've stuck with home
Your mind to blow your dome
It was you that chose your due
You built a maze you can't get through
I tried to help you all I can
Now I can't do nuttin' for you man

I can't do nuttin' for ya man
You got all these people on your back now
I can't do nuttin' for ya man
Flavor flav got problems of his own
I can't do nuttin' for you man

Go lean on shells answer man
I can't do nuttin' for ya man
You jumped out of the jelly into a jam

Make ya love the wrong instead of right
Not a thief cat burglar through the night
cop told your girl her name was Shirl
About a rooftop crime to steal her pearls
Oozy down the bullets in the gun

Just microwave themselves a ton
The you tried to help them all they can
But they couldn't do nuttin' for ya man

I can't do nuttin' for ya man
They couldn't do nuttin' for ya man

Flavor Flav is the sun
Public Enemy number one
Gotcha runnin' from the gun (pow)
Of a brain that weighs a ton
Can't face my facts that's on the shelf
Cause you want a hand out for your wealth
Eatin' welfare turkey out of the can
I can't do nuttin' for ya man

I can't do nuttin' for ya man
You want six dollars for what?
I can't do nuttin' for ya man
You better man kiss my but
I can't do nuttin' for ya man
I'm busy tryin' to do for me

I can't do nuttin' for ya man
That's the way the ball bounces gee

Bass for your face, kick that shit

Public Enemy Lyrics

"B Side Wins Again"

So here we go y'all
Little by little you know
We got the power
And the knowledge to move 'em
And still rock
A super song for the cause so...
Feel the load on your brain for the episode
And we just begun, it's number one y'all
Brother Black, the B is back
So check it out

And 'ya don't, I won't, if 'ya still, I will
Take 3 jams and hold 'em, this what I told 'em
To rock the other side, the sucker lied
Said he would shock but never tried, and so I
Took 'em away, I never stayed y'all
Called the Flavor Flav to make another record
To get played
He made a jam to get you stammed
Back to back in the place where the suckers are basin'
Whatever it takes to make it hardcore
We gonna roll it raw
That's what you but it for, c'mon
You roll in your ride, the DJ decides
To play it on the radio
The A side
He gives it a try
But never gives it a try
And the people request the best
On the B side
Food for the brain, beats for the feet
People on the dance floor
Never claimin' a receipt
Had a good time rockin', rollin' on the go rhyme
The rhythm supplied by the superior B side
They had to twist and turn and shout
Turn the jam out, getcha' ready now, c'mon
The situation put you in
To where you're sweatin' in
Hysterical B side, c'mon inside
Request the best to give a test
And never give a rest
Your guess is good as my guess
And while I'm guessin' your guessin', yo listen this is..
A DJ to play to give a lesson
And his name is Terminator X

And the sucker on the right gets cynical
'Cause the record's to the left and political
And you search the stores
Attack the racks with your claws
For the rebels without a pause
'Cause the B side
Wins again, again, again
Yo Black, some of you are all in
To make sure the crowd
Get loud wit' it on the dance floor
'Cause the B is pure sure
You never knew the crowd was this hype
But you thought we was that type
To start a riot, we ain't quiet
Kickin' a thunderstorm with a song
Why would we dare you to come along
Pump up the music, pump the sound
Once again we gonna do it like this now
And while I'm throwin', you're goin'
And you know it's time for man on a mission
To listen 'cause he's in the house
He's Terminator X

Public Enemy Lyrics

"War At 33 1/3"

War at 33 1/3
Haven't you heard
I got quick and clever
At the level of a scientist
With this list my fist pumps chumps
And don't miss
Sorry majority grudgin' against the enemy
And any other nigger wit an attitude see
And any other rapper whose a brother
Who try to speak to one another
Gets smothered by the other kind
No so divine so I heard it thru the grapevine
Sent the feds out to get mine
Time yo-yo to go Bronco in 90-91
Laughin' while they're searchin' for my 98

Accelerate the race from the chase
Looka my face
It ain't hate but they don't want a debate
To take great
Can I live my life without 'em treatin'
Every brother like me like we're holdin'
A knife alright time to smack Uncle Sam
Don't give a damn, look at the flag
My bloods a flood
Without credit
Black and close to the edit
I fed it, you read it, just remember who said it
War at 33 1/3 not really live
I rather do it at 45
Went west in the quest for my intelligence
Climbed a fence took a teacher on
Ain't seen him since, hence he winced
And convinced that the Black
Was back revolving to a renaissance
Bronze to gold I told felt bold
Taught a so called teacher our role
In civilizin' the whole globe
Banned unplanned as I said
I don't break down religion why?
There ain't a smidgen for a pigeon
Nature for bird, dog, worm or lion
So my question to man is
So why the lyin'
God's law I saw is natural factual
Only man creates a waste
Defiance in his haste

Based on scheme a scam
From some mastermind damn if we read it
And we see it and still be blind
No need to search a fake church
Evangelical, huster
Anglo taxin' to muscle ya
Check I wreck you guess yes
All the bullshit now that's progress

Public Enemy Lyrics

"Fight The Power"

"Yet our best trained, best educated, best equipped, best prepared troops refuse to fight. As a matter of fact, it's safe to say that they would rather switch than fight."

1989 the number another summer (get down)
Sound of the funky drummer
Music hitting your heart cause I know you got soul
(Brothers and sisters, hey)
Listen if you're missing y'all
Swinging while I'm singin'
Giving whatcha gettin'
Knowing what I knowin'
While the Black band's sweating
And the rhythm rhymes rolling
Got to give us what we want
Gotta give us what we need
Our freedom of speech is freedom of death
We got to fight the powers that be
Lemme hear you say
Fight the power

Fight the power
We've got to fight the powers that be

As the rhythm's designed to bounce
What counts is that the rhyme's
Designed to fill your mind
Now that you've realized the pride's arrived
We got to pump the stuff to make ya tough
From the heart
It's a start, a work of art
To revolutionize make a change nothing's strange
People, people we are the same
No we're not the same
'Cause we don't know the game
What we need is awareness, we can't get careless
You say what is this?
My beloved let's get down to business
Mental self defensive fitness
(Yo) bum rush the show
You gotta go for what you know
To make everybody see, in order to fight the powers that be
Lemme hear you say
Fight the power

Fight the power
We've got to fight the powers that be

Elvis was a hero to most
But he never meant shit to me you see
Straight up racist that sucker was
Simple and plain
Motherfuck him and John Wayne
'Cause I'm Black and I'm proud
I'm ready and hyped plus I'm amped
Most of my heroes don't appear on no stamps
Sample a look back you look and find
Nothing but rednecks for 400 years if you check
Don't worry be happy
Was a number one jam
Damn if I say it you can slap me right here
(Get it) let's get this party started right
Right on, c'mon
What we got to say
Power to the people no delay
Make everybody see
In order to fight the powers that be

Fight the power
We've got to fight the powers that be

Public Enemy Lyrics

"Rebirth"

When I get down
I give what go around
And when I cough
I do my best to cut it off
I don't claim to be a preacher
Not paid to be a teacher
But I'm grown
I try to be a leader to the bone
Never could follow a man
Wit' a bottle
He's a baby wit' a beard
Not a feared role model
And they ask me where I got it
I get it from my pops
Wit' a man in the house
All the bullshit stops
Then I sing a song
About what the hell is goin' wrong
You never know
If you only trust the TV and the radio
These days
You can't see who's in cahoots
'Cause now the KKK
Wears three-piece suits
It's like that y'all, it's like that y'all
In fact you know it's like that y'all

Public Enemy Lyrics

"Can't Truss It"

Bass in your face
Not an eight track
Gettin' it good to the wood
So the people
Give you some a dat
Reactin' to the fax
That I kick and it stick
And it stay around
Pointin' to the joint, put the Buddha down
Goin', goin', gettin' to the roots
Ain't givin' it up
So turn me loose
But then again I got a story
That's harder than the hardcore
Cost of the holocaust
I'm talin' 'bout the one still goin' on
I know
Where I'm from, not dum diddie dum
From the base motherland
The place of the drum
Invaded by the wack diddie wack
Fooled the black, left us faded
King and chief probably had a big beef
Because of dat now I grit my teeth
So here's a song to the strong
'Bout a shake of a snake
And the smile went along wit dat
Can't truss it
Kickin' wicked rhymes
Like a fortune teller
'Cause the wickedness done by Jack
Where everybody at
Divided and sold
For liquor and the gold
Smacked in the back
For the other man to mack
Now the story that I'm kickin' is gory
Little Rock where they be
Dockin' this boat
No hope I'm shackled
Plus gang tackled
By the other hand swingin' the rope
Wearin' red, white and blue Jack and his crew
The guy's authorized beat down for the brown
Man to the man, each one so it teach one
Born to terrorize sisters and every brother
One love who said it

I know Whodini sang it
But the hater taught hate
That's why we gang bang it
Beware of the hand
When it's comin' from the left
I ain't trippin' just watch ya step
Can't truss it
An I judge everyone, one by the one
Look here come the judge
Watch it here he come now
I can only guess what's happ'nin'
Years ago he woulda been
The ships captain
Gettin' me bruised on a cruise
What I got to lose, lost all contact
Got me layin' on my back
Rollin' in my own leftover
When I roll over, I roll over in somebody else's
90 Fuckin' days on a slave ship
Count 'em fallin' off 2, 3, 4 hun'ed at a time
Blood in the wood and it's mine
I'm chokin' on spit feelin' pain
Like my brain bein' chained
Still gotta give it what I got
But it's hot in the day, cold in the night
But I thrive to survive, I pray to god to stay alive
Attitude boils up inside
And that ain't it (think I'll every quit)
Still I pray to get my hands 'round
The neck of the man wit' the whip
3 months pass, they brand a label on my ass
To signify
Owned
I'm on the microphone
Sayin' 1555
How I'm livin'
We been livin' here
Livin' ain't the word
I been givin'
Haven't got
Classify us in the have-nots
Fightin' haves
'Cause it's all about money
When it comes to Armageddon
Mean I'm getting mine
Here I am turn it over Sam
427 to the year
Do you understand
That's why it's hard
For the black to love the land
Once again
Bass in your face
Not an eight track

Gettin' it good to the wood
So the people
Give you some a dat
Reactin' to the fax
That I kick and it stick
And it stay around
Pointin' to the joint, put the Buddha down
Goin', goin', gettin' to the roots
Ain't givin' it up
So turn me loose
But then again I got a story

Public Enemy Lyrics

"Lost At Birth"

Clear the way for the prophets of rage
Engagin' on the stage, on a track
Tell Jack stay in the back
I was born
Every level I'm on
You're warned
Just in case you forgot
I pump in kilowatts
To let 'em know which direction
To go what's up I wanna know
I test the front row
Forgiven the givin' while the livin' is livin' it up
So many people is sleepin' while standin' up
Not dressed to impress or fess it
That's it text to the brain like FedEx
Treated one and the same
'Cause the name of the game
Don't give 'em checks above necks
Some don't realize the same side
Siddity in the city
Suburbs or projects
But we're livin' in a different time
Some speed, some lead
While some jus' pump rhymes
Then again all in da same gang
Info to flow
And heal all below
Let's go and find
The piece of mind that's taken
Or else the black
or start breakin'
Public Enemy no!

Public Enemy Lyrics

"Nighttrain"

Land of the free
But the skin I'm in identifies me
So the people around me
Energize me
Callin' all aboard this train ride
Talkin' 'bout raw hardcore
Leavin' frauds on the outside
But the bad thing is anyone can ride the train
And the reason
For that is 'cause we look the same
Lookin' all around at my so called friend
Light skin to the brown
The black
Here we go again
Homey over there knows Keith an
But he be thiefin'
I don't trust him
Rather bust 'em
Up out goes his hand and I cough
He once stole from me
Yeah I wanna cut it off
The black thing is a ride I call the nighttrain
It rides the good and the bad
We call the monkey trained
Trained to attack the black it's true
'Cause some of them look just like you
Stayin' on the scene
Sittin' on the train
See all the faces
Look about the same
There go the sellout who's takin' a ride like Cargo
'Cause he deal
The keys from Key Largo
Runnin' Nat narcotic
By George he got it
Takin' makin' the G erotic
And the fiends they scheme
So he can put 'em down
But his method is wreck 'em
Put 'em in tha ground
Got tha nerve as hell
To yell brother man
He ain't black man
Known to murder his own
Traitor on the phone
Ridin' the train
Self-hater trained

To sell pain
The master's toy
Little boy
Hard to avoid he look wit' it but he null 'n' void
'Cause he ridin' the train you think he down for the cause
'Cause his face looks just like yours
More of the same insane who sayin'
Like flowin' like nighttrain
Runnin' the pain of the black reign
You look, you laugh
You doubt and go out
And I'm gone
But the bass goes on
To talk the talk, but walk the walk
The king of New York
Crack a lack attack the black
To crack the back
Once again I test a friend wit' sincerity
Or consider him an enemy
Who am I to tell a lie
Rather push da bush
Hope da cracker get crushed
I'm rollin' wit' rush
Leader of the bum rush
Russian I ain't
Spreadin' like paint
Lookin' at the put I got
And its kickin'
But it ain't chicken
But it's livin' for a city
So sick 'n' tired
Of a scene buckwild, piled in a file
Senile or chile
They said it never been no worser
Than this, I'm on the nighttrain
They hope ya don't miss it
Give ya what dey gotta give you just go
You musn't just put your
Trust in every brother yo
Some don't give a damn
'Cause they the other man
Worse than a bomb
Posin' as Uncle Toms
Disgracin' the race
Blowin' up
The whole crew
Wit' some of them lookin'
Just like you

Public Enemy Lyrics

"I Dont Wanna Be Called Yo Niga"

Yo! ho! yo niga! yo niga! no niga!
Check it out
How can you say to me yo my niga
Cursin' up a storm with your finger on a trigger
Feelin' all the girls like a big gold digger
Take a small problem
Make a small problem bigger
Yo I ain't poor I got dough
Don't consider me your brother no more
Goddamn kilogram, how do you figure
I don't want to be called yo niga
Yo niga
Hey
Yo niga
I try to make my statements
Stick like flypaper
Judge says to me yo niga sign these goddamn papers
My boss told me yo niga you're fired
Yo niga this, yo niga that
I know you're a niga now 'cause your head got fat
Flava framalama boy you won't figure
I don't wanna be called yo niga
Yo niga
Break it down
N.I.G.G.E.R.
Niga
Everybody sayin' it
Everybody playin' it rolling on the scales
'Cause everybody's weighin' it
Toby say yo I be good niga
Let me get a shovel make a good digger
I don't care how small or bigger
I don't want to be called yo niga
Yo niga...

Public Enemy Lyrics

"How To Kill A Radio Consultant"

Pusher of the button
Talkin' loud ain't sayin' nuttin'
The mack of the format gettin' fat
Ain't funny 'cause my neighborhood
Is flowin' money
Thank God 4 the boulevard
They keep the motor runnin'
The rap shows coincide wit' the tape flow
Bootleggers go inside and record the record low
They get me, get this now can you freestyle
Freestyle no styles free except da radio
But the radio controlled by the sucker move
Who moved away got away after plannin' a getaway
An now he wanna play what he wanna play
An got say on what is bumpin' of course he's gettin' somethin'
Never know what's good to tha neighborhood
Swear I never seen da sucker
In my necka da woods
The ass is connected to the brain stem
So I sing a simple song
So you can see the sucker in 'em

People got to make a call
To hear the yes y'all (yes y'all)
While the phone keep ringin'
You hear some singer singin'

Why don't dey play the jammy in the daytime
People think it's slammin' plus the rhyme
Is hot an got me tunin'
The afternoon is FM in the PM
Oh if that they could see 'im
Out-of-towner not down I think they'll dis him
Up goes the season, pop goes the weasel
Damn gimme rap no band I want some x-clan
I know dey even got it from the giddy
Stacked in the back
Only black radio station in the city
Programmed by a sucker in a suit
Slick back hair he don't even live here
Raps the number one pick so I draft it
I don't care about all the other demographics
When the quiet storm come on I fall sleep
What dey need is Arbitron on the funky jeep
Too bad it's goin' on in fact my word is bond
To pull a disappearin' act attack until he gone
The whacker jam he play they pay I'm in da day

I don't think we gonna miss 'im we don't need 'im anyway

Can I kick it
Who the hell is on the radio
Or who's behind
Do you really think they'll mind
To play the funky jams
That everybody wit'
Some Def Jef or Ice T
Show they rollin' wit' the syndicate
Or can dey get funky
Wit' the underground
Master ace get a taste
Bomb squad gettin' hard
Marley marl makin' hipper
Trax for Jack The Ripper
Pumpin' Eric B or Papa San
Still rollin' wit' run
Did you think that ever
In fact you thought that never
Control of your soul
Is by a suit and tie
Then U wonder why why U never hear a rhyme
I say we do 'im
Till it's done

Public Enemy Lyrics

"By The Time I Get To Arizona"

I'm countin' down to the day deservin'
Fittin' for a king
I'm waitin' for the time when I can
Get to Arizona
'Cause my money's spent on
The goddamn rent
Neither party is mine not the
Jackass or the elephant
20.000 nig niggy nigas in the corner
Of the cell block but they come
From California
Population none in the desert and sun
Wit' a gun cracker
Runnin' things under his thumb
Starin' hard at the postcards
Isn't it odd and unique?
Seein' people smile wild in the heat
120 degree
'Cause I wanna be free
What's a smilin' fact
When the whole state's racist
Why want a holiday Fuck it 'cause I wanna
So what if I celebrate it standin' on a corner
I ain't drinkin' no 40
I B thinkin' time wit' a nine
Until we get some land
Call me the trigger man
Looki lookin' for the governor
Huh he ain't lovin' ya
But here to trouble ya
He's rubbin' ya wrong
Get the point come along

An he can get to the joint
I urinated on the state
While I was kickin' this song
Yeah, he appear to be fair
The cracker over there
He try to keep it yesteryear
The good ol' days
The same ol' ways
That kept us dyin'
Yes, you me myself and I'ndeed
What he need is a nosebleed
Read between the lines
Then you see the lie
Politically planned

But understand that's all she wrote
When we see the real side
That hide behind the vote
They can't understand why he the man
I'm singin' 'bout a king
They don't like it
When I decide to mike it
Wait I'm waitin' for the date
For the man who demands respect
'Cause he was great c'mon
I'm on the one mission
To get a politician
To honor or he's a gonner
By the time I get to Arizona

I got 25 days to do it
If a wall in the sky
Just watch me go thru it
'Cause I gotta do what I gotta do
PE number one
Gets the job done
When it's done and over
Was because I drove'er
Thru all the static
Not stick but automatic
That's the way it is
He gotta get his
Talin' MLK
Gonna find a way
Make the state pay
Lookin' for the day
Hard as it seems
This ain't no damn dream
Gotta know what I mean
It's team against team
Catch the light beam
So I pray
I pray everyday
I do and praise jah the maker
Lookin' for culture
I got but not here
From jah maker
Pushin' and shakin' the structure
Bringin' down the babylon
Hearin' the sucker
That make it hard for the brown
The hard Boulova
I need now
More than ever now
Who's sittin' on my freedah'
Opressor people beater
Piece of the pick
We picked a piece

Of land that we deservin' now
Reparation a piece of the nation
And damn he got the nerve
Another nigga they say and classify
We want too much
My peep plus the whole nine is mine
Don't think I even double dutch
Here's a brother my attitude hit 'em
Hang 'em high
Blowin' up the 90s started tickin' 86
When the blind get a mind
Better start and earn while we sing it
Now
There will be the day we know those down and who will go

Public Enemy Lyrics

"Move"

Signed, sealed, delivered I B yours
I pour it on the breaks
Till it break laws
Givin' the gabbin'
So the brothers be havin' it
Or else the five fingers of dope'll
Be grabbin' it
Wit' no complaints
Givin' uppin' I ain't
On the mike
Like Karl Malone in the paint
Why rip a rapper
When he flow like water
I rather rush a television reporter
The frauds that tried to front
Watch ya back
Stop pullin' those lil' stunts
Assault and battery
'Cause I snatched the battery
Off his back...the TV pack
Why pop the rhyme
On a rhymer when I kick it
Rather spend my time, spittin' on a bigot
Who pumped the pimp
That fed the fiends
He got jumped by the brothers in Ft. Green
They slapped the mack
That kept us back
Sucker suckin' the hood like drack
So if ya draggin' us down
Wit' the wack attitude
Get up, lookout, get out the way
Move

Signed
Sealed
Definition of a set-up
Pourin' it on and won't let up
'Cause f-a-l-l-i-n
Never applied
To this brother that tried
To let ya know
The folk of the American joke
That kept us broke
Now I'm ready to rap
Strong fax I swing
Like Bo Jax

I'm never calm on a bomb track
60 percent 3/fifths
Constituted
Huh prostituted
Why I'm mad
'Cause it's written on the paper
Right now
Muther Fuck bow
Kicked
The
Lyric
About
The tricks
Of the trade and the money made
Who got the money betcha bottom
Dollar bill
Gonna find
Some rich ol' bloodline
But the blood is in the mud
Take the whack an attack it
Like a Skud
To the patriotic hater
That got paid off my people
I'm rude
Lookout, get out the way
MOVE

Signed
An what I'm gettin' is mine
I bring the noise
To town
So let's get down
I cranked the beats
Tearin' up the street
And the park
An it ain't Mozart
Jack movin' out
'Cause the black movin' in
And its old
I said it in
Who Stole The Soul?
[Listen] but 92 bring
An attitude
That say I don't give a
Fuck
About the old way
This is a new day
Tell Jack stay in the back
And all the other
Suckers
That don't matter
You got
Somethin' to prove

Scatter
Get out the way
MOVE!

Public Enemy Lyrics

"Shut Em Down"

I testified
My mama cried
Black people died
When the other man lied
See the TV, listen to me double trouble
I overhaul and I'm comin'
From the lower level
I'm takin' tabs
Sho nuff stuff to grab
Like shirts it hurts
Wit a neck to wreck
Took a poll 'cause our soul
Took a toll
From the education
Of a TV station
But look around
Hear go the sound of the wreckin' ball
Boom and Pound
When I
Shut 'em down
1 2 3 4 5 6 7 8 9
What I use in the battle for the mind
I hit it hard
Like it supposed
Pullin' no blows to the nose
Like uncle L said I'm rippin' up shows
Then what it is
Only 5 percent of the biz
I'm addin' woes
That's how da way it goes
Then U think I rank never drank, point blank
I own loans
Suckers got me runnin' from the bank
Civil liberty I can't see to pay a fee
I never saw a way to pay a sap
To read the law
Then become a victim of a lawyer
Don't know ya, never saw ya
Tape cued
Gettin' me sued
Playin' games wit' my head
What the judge said put me in the red
Got me thinkin' 'bout a trigger to the lead
No no
My education mind say
Suckers gonna pay
Anyway

There gonna be a day
'Cause the troop they roll in
To posse up
Whole from the ground
Ready to go
Throw another round
Sick of the ride
It's suicide
For the other side of town
When I find a way to shut 'em down
Who count the money
In da neigborhood
But we spendin' money
To no end lookin' for a friend
In a war to the core
Rippin' up the poor in da stores
Till they get a brother
Kickin' down doors
Then I figure I kick it bigger
Look 'em dead in the eye
And they wince
Defense is pressurized
They don't want it to be
Another racial attack
In disguise so give some money back
I like Nike but wait a minite
The neighborhood supports so put some
Money in it
Corporations owe
Dey gotta give up the dough
To da town
or else
We gotta shut 'em down

Yo yo yo gee, guess what happened
To the burned up hand that was clappin'
Too good to be true
Getting all the guys turn to get in doo-doo
Took it all for granted
Then life start turn to granted
Having everything to having nothing
Now this turkey ain't got no stuffing
On the couch ill puffing
To get you buffin', it's you they got cuffin
Your family they did not believe me
Till they heard it for themselves on TV
I called the crib, the clock said seven

I was watching the TV screen
Can't believe what I seen
Three guys tried to rob a store
Got more than what they bargained for
They shot them right before my eyes
All three just dropped like flies
If they only thought before they did it
Neither one of those three would have been with it
As they fell to the floor and got rougher
Now the family has got to suffer
Pallbearers got to carry them
While the family cry loud just to bury them
Newscast and people were heavily amazed
Flavor Flav just stared in a daze

Public Enemy Lyrics

"1 Million Bottlebags"

One million bottlebags count 'em
Think they can bounce the ounce
And it get 'em
Yo black spend 288 million
Sittin' there waitin' for the fizz
And don't know what the fuck it is
An oh lemme tell you 'bout shorty
He about seventeen lookin' like 40
Treats his 40 dog better than his g
When he gets a big b-o-t-t-l-e
Oh he loves tha liquor
But look watch shorty get sicker
Year after year
While he's thinkin' it's beer
But it's not but he got it in his gut
So what the fuck
Yo niga what's up
Now he's hostile to a brother lookin' out
But I ain't mad I know what he about
He's just a slave to the bottle and the can
'Cause that's his man
The malt liquor man
One million bags count 'em all
Other man gets happy
Watch the killas drink 8 ball
Don't know a damn thing
But his breath stinkin'
Then I ask a question you brother
What the fuck is you drinkin'
He don't know but it flow
Out the bottle in a cup
He call it gettin' fucked up
Like we ain't fucked up already
See the man they call Crazy Eddie
Liquor man with the bottle in his hand
He give the liquor man ten to begin
Wit' no change and he run
To get his brains rearranged
Serve it to the home they're able
To do without a table
Beside what's inside ain't on the label
They drink it thinkin' it's good
But they don't sell the shit in the white neighborhood
Exposin' the plan they get mad at me I understand
They're slaves to the liquor man
Back to my homeboy shorty
He can drink it down

And think nuttin' about it
Pass it around and get tha 40 dog buzz
At the same time
Shorty can't remember what day it was
Say I'm yellin' is fact
Genocide kickin' in yo back
How many times have you seen
A black fight a black
After drinkin' down a bottle
Or a malt liquor six-pack
Malt liquor bull
What it is is bullshit Colt
45 another gun to the brain
Who's sellin' us pain
In the hood another up to no good
Plan that's designed by the other man
But who drink it like water
One and on till the stores reorder it
Brothers cry broke but they still affordin' it
Sippin' it lick drink it down oh nooo
Drinkin' poison but they don't know
It used to be wine
A dollar and a dime
Same man, drink in another time
They could be hard as hell and don't give a damn
But still be a sucker to the liquor man

Public Enemy Lyrics

"Get The Fck Outta Dodge"

(feat. True Mathematics)

[CHUCK D:]
I was wheelin'
Wit' the boom in the back
The treble was level
I like it like that
I was rolly-roll-a-roll rollin'
5-o looked and said hold it
And I stopped still
I never got ill
'Cause my license was clean an I showed
A peace powwow
Instead of pow pow
I'm straight up and I'm straight
So how you like me now
But I know how you do
You're straight from Babylon
But I know how you do
You're straight from Babylon
They said turn it down
'Cause it's a new law
You never seen us before
But we're raw like a war
They warned me once
They warned me twice
So I knew I was warned
They had it goin' on
I got the fuck outta Dodge
Wit' my Bronco
60 miles per hour
50 miles to go
And I be pumpin' the sound
Drownin' out the cars
Which tape should I rock
L.L.'s or R.A.'s
I'm in the streets of New York
(Go away)
So I pop in my Kool G Rap 'n' Polo tape
And they was at it again
Sirens in the air
Ahhh shit
So I'm outta here
But the blue in the front
Called the blue in the back
They cut me off
Stopped me dead in my tracks
But this is minimal

I'm not a criminal
I always did what I did
Because I'm not a kid
But they looked me down
They stared me down
Told me what I did
I ain't wit' it
'Cause word around town was a stickup
Yeah, yeah, yeah
B-boy niga in a pickup
But I was jeepin' and creepin'
Just a keepin' it down, sound
Here we go the run around
Blamin' me for the hardcore roar
But they the ones wit' the 44's
So I'm coolin'
I know the beat is rulin'
Too loud for the crowd
The bass is large yeah
So I'll get the fuck outta Dodge
That's right y'all, el commando
El commando you're in demand-o

[SGT HAWKES:]
Sgt. Hawkes and I'm down wit' the cop scene
I'm a rookie and I'm rollin' wit' a swat team
Packin' a nine can't wait to use it
Crooked cop yeah that's my music
Up against the wall don't gimme no lip son
A bank is robbed and you fit the description
And I ain't your mama and I ain't your pops
Keep your music down or you might get shot
This is a warning so watch your tail
Or I'm a have to put your ass in jail
I'm the police and I'm in charge
You don't like it get the fuck outta Dodge

Public Enemy Lyrics

"A Letter To The New York Post"

Come and get your New York Post
New York Post right here
Come on y'all
Get the bost stubost stubost
Coasta coasta New York Post
Yo New York Post don't brag or boast
Dissin' flavor when he's butter that you put on your toast
Put my address in the paper cause I smacked that girl
She's the mother of my kid's that I took around the world
Disagreements having scuffles when you share upon
You shouldn't try to drain subjects in a duck pond
If you're gonna tell a story about people's worries
Watch what you tell 'em cause they don't bring you glory
It only brings agony, ask James Cagney
He beat up on a guy when he found he was a fagney
Cagney is a favorite he is my boy
He don't jive around he's a real McCoy
Chuck D yeah, you tellin' Flav we got to let 'em know
Here's a letter to the New York Post
The worst piece of paper on the east coast
Matter of fact the whole state's forty cents
in New York City fifty cents elsewhere
It makes no goddamn sense at all
America's oldest continuously published daily piece of bullshit
Flavor Flav is the one that makes The Post money
Writers making violence in headlines funny
Tryin' to undress my past until it's naked
Post got Flavor from sellin' no records
Europe Asia to the street of New York
Flavor Flav known for his finesse talk
Do it to ya for The Post to employ me
New York Post can't destroy me
Rapper of Public Enemy, rapstar beats lover
With the headline of a fucked up cover
Out the pot took plate New York Post
get your story straight motherfucker
It always seem they make our neighborhood look bad
Here's a letter to the New York Post
Ain't worth the paper it's printed on
Founded in 1801 by Alexander Hamilton
That is 190 years continuous of fucked up news
Yo one can play the game, two can play the game
Yo Flav read on can't forget you either Jet
Flavor Flav is your best Jet yet
My own people own the most business
Write on faith of value'sness
Should have checked with me before you wrote it

Got it from another source and quote it
Put it out like the new year bull drop
In every beauty parlor and barber shop
Flavor Flav world renown
Can't keep a man like Flavor down
Yo Jet be a good host
Don't print bull like the New York Post
Augh, looks like somebody slipped up here
Anyway here's a letter to the New York Post
Black newspaper and magazines are supposed to get the real deal
from the source y'all
Sorry, Jet you took the info straight out of The Post
Burned us just like toast
When it comes to getting you facts straight about P.E.
Get your shit correct

Public Enemy Lyrics

"Bring Tha Noize"

Bass! How low can you go?
Death row what a brother knows
Once again, back is the incredible
The rhyme animal
The incredible D. Public Enemy number one
Five-O said "Freeze!" and I got numb
Can't I tell 'em that I really never had a gun?
But it's the wax that the Terminator X spun
Now they got me in a cell 'cause my records they sell
'Cause a brother like me said "Well
Farrakhan's a prophet and I think you ought to listen to
What he can say to you, what you ought to do"
Follow for now, power to the people say,
"Make a miracle. D, pump the lyrical"
Black is back, all in, we're gonna win
Check it out, yeah y'all, here we go again

[Chorus:]
Turn it up! Bring tha noize!

Never badder than bad 'cause the brother is madder than mad
At the fact that's corrupt as a senator
Soul on a roll, but you treat it like soap on a rope
'Cause the beats in the lines are so dope
Listen for lessons I'm saying inside music that the critics are blasting me for
They'll never care for the brothers and sisters now across the
country has us up for the war

We got to demonstrate, come on now, they're gonna have to wait
Till we get it right
Radio Stations I question their blackness
They call themselves black, but we'll see if they play this

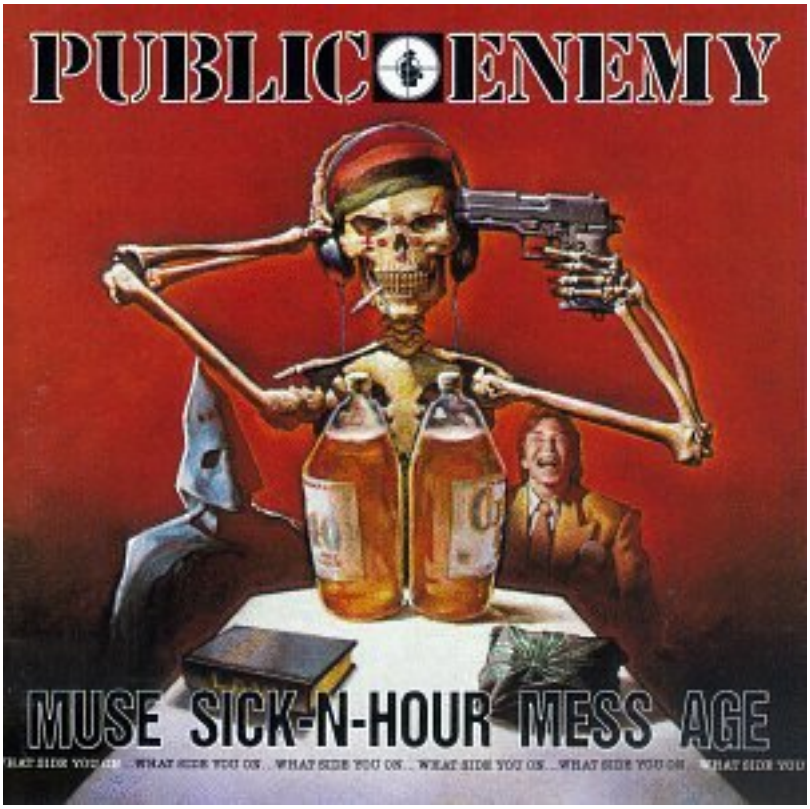
[Chorus]

Get from in front of me, the crowd runs to me
My deejay is warm, he's X, I call him Norm, ya know
He can cut a record from side to side
So what, the ride, the glide should be much safer than a suicide
Soul control, beat is the father of your rock'n'roll
Music for whatcha, for whichin', you call a band, man
Makin' a music, abuse it, but you can't do it, ya know
You call 'em demos, but we ride limos, too
Whatcha gonna do? Rap is not afraid of you
Beat is for Sonny Bono, beat is for Yoko Ono
Run DMC first said a deejay could be a band
Stand on its feet, get you out your seat

Beat is for Eric B, and L.L. as well, hell
Wax is for Anthrax, still it can rock bells
Ever forever, universal, it will sell
Time for me to exit, Terminator X-it

[Chorus]

From coast to coast, so you stop being like a comatose
'Stand, my man? The beat's the same with a boast dose
Rock with some pizzazz, it will last why you ask?
Roll with the rock stars, still never get accepted as
We got to pleed the fifth, we can investigate
Don't need to wait, get the record straight
Hey, posse's in effect, got the Flavor Terminator
X to sign checks, play to get paid
We got to check it out down on the avenue
A magazine or two is dissing me and dissing you
Yeah, I'm telling you



PUBLIC ENEMY
MUSE SICK-N-HOUR MESS AGE

Public Enemy Lyrics

"Whole Lotta Love Goin On In The Middle Of Hell"

Whole lotta love goin on
In da middle of what?
Say what?
What's goin on?

I leave em home alone
Dey turned into danger zones
Studio shootouts, leavin no doubt
In da eyes of the wise
About the other guys

Fantasi n gettin nat rep
Makin you move
While they disturb the groove
Now the partys over ooops!
Outta time
Yo my brother can you spare a crime
Some wanna take me out
I even call em my own
(Can't we all just get along?)
Rap iz a contact sport
Can I get support
When I hum to da maximum
What I talk is straight
From da sidewalk strong

The velt New York
112 beatz a minute
An I'm flowin in it
Have no mercy
On da ones that curse me

And when I'm in da paint
The feuding might be over
But the fussin aint
Some hate the way I say em
Cause I block em like
Zo to da am
Beginning of an end of an error
Incredible shrinking race

Fiend without a face
Still got love for em
But some aint got love
For the rest of us

So my boys get iller than

Illinois (Terminator)
Return to da noise

I'd rather fall off
Than fall victim of crime
And a low percentage rhyme
If I go down they goin wit me
So come & get me...c'mon

Public Enemy Lyrics

"Give It Up"

Aight, aight, aight, aight, aight, aight, aight
I'm aight if you aight, I'm aight
I be better, get some of that bass
Word
You know what I'm sayin'
Give it up
Aight, yeah
Booty twinkin' body shakin'
Nuffattackin', brain's a rackin'
Clock tockin', chuck shockin'
Flavor flavor, ain't never shavin'
One, two, three, four

It's another record, check it, mad methods
To put my brothers and sisters on a deathbed
You know he cheated, took what he wanted but now you blunted
Suckin' up to the devil, steppin' down a level

It's who they fear is you
Who protects us from us and you from you
Yes and it counts, fuck the fourty ounce
I sued them bastards, yeah, they got bounce

I did 'em like a demo, threw 'em out the window
I took a 98 'cause I never liked a limo
But pump pump pump pu-pump pump it up
A mad rhyme for mad times, that's what's up

Some ain't gonna change, I got 'em in a range
I gotta rearrange, so I'm buildin' back your brain
Wreckin' records with funky stuff
Am I loud enough? Yeah, you got ta give it up

Give it up, give it up, give it up yo
Give it up, give it up, gotta give it up
Give it up, give it up, give it up yeah
Give it up, give it up, gotta give it up

Give it up, give it up, give it up yo
Give it up, give it up, gotta give it up
Give it up, give it up, give it up now
Give it up, give it up, gotta give it up

Come again with the same old bounce
I'm calling a foul and once again it counts
Mad tense, mad tense brothers know
The blunts in the back got the black behind and that's wack

And once again it's on!
Hey, Jimmy cracked corn cracker singin', "I don't care", it's on
I'm comin' with a rhyme, what? I'm lettin' go a rhyme, yeah!
I gotta get a rhyme through the rough and crazy times

You call me a Hannibal lecture, yes I checked her
They don't hear me though, so here I go
I'm sick and tired so Sly'll take ya higher
When I'm takin' his sound to bring you down

Rappers rippin' a lyrical kickin' finger-lickin'
But to the rhythm I'm givin' but never cotton pickin'
Like James Brown I'm sayin' it loud
Am I loud enough? Huh, you got ta give it up

Some ain't gonna change, some ain't gonna change
Some ain't gonna never ever change
Some ain't gonna change, some ain't gonna change
Some ain't gonna never, ever change

Give it up, give it up, give it up yo
Give it up, give it up, gotta give it up
Give it up, give it up, give it up now
Give it up, give it up, gotta give it up

And when I'm coming, some young dumb and fulla cum
Some second guessing my lessons about saving young
Some don't know like Run said, "So here we go"
Where it is inside, whoop, there it is

There it is, there it is, damn right
My man X is a bad mother, shut your mouth
I'm talking about Terminator, he's the man
There it is, can you hit me off with another one

Give it up, give it up, give it up yo
Give it up, give it up, gotta give it up
Give it up, give it up, give it up now
Give it up, give it up, gotta give it up

Give it up, give it up, give it up yo
Give it up, give it up, gotta give it up
Give it up, give it up, give it up now
Give it up, give it up, gotta give it up

I never did represent doing dumb shit
Some gangsta lying, I'd rather diss Presidents
Dead or alive, bring 'em and I'll swing 'em
I vocalize, I just rap, I don't sing 'em

Flick 'em, and I fling 'em, you can go with 'em
Hall of Fame for the game for the points I Dave Bing 'em

Go Grandmama, close but no cigar
I got mine for I'm using my rhyme

The flow go wherever I want, and that's clever
Give a piece of my time to prevent some crime
And who behind puttin' the guns to the young ones
The ones that make 'em is the ones that take 'em

Rugged for no reason, down in duck season
I don't want my mama, on the street wearing armor
So check yaself before ya wreck yaself
Respect yaself, hah, you got ta give it up

Give it up, give it up, give it up yo
Give it up, give it up, gotta give it up
Give it up, give it up, give it up now
Give it up, give it up, gotta give it up
...

Public Enemy Lyrics

"What Side You On?"

It's overtime
So the lyric
They fear it
When they hear it
The flow
100 miles and runnin
Get near it
And go
Check it out
Go
To the race
Give the drummer a taste
The bass iz commin commin
Suckas runnin from it
Damn, why you call him
The man
Here I am scramm
Never ran
Never fight the black
From Iraq
Or Iran
Who bombed Japan
Blood on his hands
Part of a plan
He don't really believe
In uhh! God damn

If it comes down to shuttin
Them down
I'm in the hood surrounded
Tell em I'm grounded
I'm on that psycho analytical
Tip if politics iz stickin to
The mix
Like tricks
I'm one more time givin time
Where the rhyme go
Elite to the street
To the brothas doin death row
So where ya at
If the beat ain't fat
Say what

C'mon
And get some
Rattle rattle
Kiss and I hum

Come can you
Get it on the one
C'mon pick it up
pick it at
pack it at
pack it up
To the black
Who be talkin
Where they at
Where they at
Wicked wild
Feelin irie
Not sorry
Get it see it written down in a diary
Same say fuck all dat
Political shit
But wanna get paid when
Their brains in the second grade

Nowhere to run/here they come come
Nowhere to run/here they come come

I'm a fan first
I reverse another trick verse
To the point
Where I can rock dis funky joint
In the brain game, I'm keepin my head clear
In 33 years so what
I never had a beer
I don't know what I'm missin
I'm not dissin
But I know I ain't ass kissin
Time to draw the line
This time the rhyme
Got da good guy goin gettin da nine
Cause I know the hoody
Got it good wit the hitman
Can I get a hitman
Know I'm duckin nat quicksand
The funky automatic
Handlin static
Sellin out I ain't good at it
& when I got bumbed
I'm gonna open up
Hitt em up stone to da bone
But it ain't gotta be like that

And thats that
Can u tell me yall...what
All in wit the law
They fall in
The great white hole where they
Be sellin their soul

Never get enough
They be talkin dat roughneck shit
Be comin they quit
Fuck dat blood iz ticker
Than water shit
That shit iz counterfeit
Devil go where da shoe fit
Black mans law iz raw like Africa
You violate
Were comin after ya

They're here

Public Enemy Lyrics

"Bedlam 13:13"

Huffed and he puffed
Huffed and he puffed
Blew tha house down
Now how dat sound
Never no never
Give up gotta gotta live up
To my name
Triple double in da rap game

Cause I ain't goin niggatronic
Smart e nuff to know I ain't bionic
Wit my main man Harry
Not Connick
Rather rap my black as of
Getcha hooked on phonics

Good e nuff to know no endo
Thru it out tha window
Along wit tha Super Nintendo

I'm a strict daddy
Got dat right
God damn right
But have a good time/Dyn-o-mite
Its just that I don't talk
That same ol crap (shit)
Cause papa got a brand new
Bag fulla rap (hitz)

The world don't work no more no more
The world wont work no more
Ain't gonna woek no more no more

My main knick knack paddy wack
C'mon & give a damn
Confrontational man
Iz what I am
Iz what I am
I'm tearin down da house that Jack built
Cause he killt whoever he wanted & hunted
And tax the backs of the environment macks
Who plan in da silence of the skams
A world dat wont work
No more/no more

Mother earth gets treated like a whore
And he doeth great wonders

So that he maketh fire come
Down from heaven on the earth
In sight of men

Toms to the left of me
Bombin to the right
World good night
He got destruction
In his appetite

On a platter a planet
To him it doesn't matter
3-2 at the plate
Up go the greedy batter

Environmental alarm
To all not some
Good God
Cause we don't get two of em

I was told that oil & water don't mix
But the new world order
Got a disorder
& so I diss
Cuss my disgust
If I must
One earth is da birth outta all of us
And so I diss
After the math
Disaster wit a European autograph

Gonna be bedlam
If he spread em
Da trigga is cocked
Nowhere to flock

Gonna be bedlam
If he spread em
Pass da word
F what you heard

Gonna be bedlam
If he spread em
Glock is cocked
Now drop da props
Gonna be bedlam
If we spread em
The day the whole world couldn't do it

Repent
Oh no!
Check the preacher what he spent
One way ticket to God to fix scars

Woman & man runnin the land sea & air poor
Do we all go the way of the dinosaur? or
To hell & back attack
The new clear fog got us sniffin like
Atomic dogs
Pocket fulla pimp daddy moves
Put a code on a can
Whatta hell of a man, shootin
Trigga pollution, planet prostitution
Uprootin da third
We go to the way of the bird
Can't do whatcha want to da place
Don't waste my place
Where you from?
We only got one

Public Enemy Lyrics

"Stop In The Name..."

Full fledgin never sat on my legend
No shuffle or shoulder shruggin
Uncle Tommin nickel & dime rhymin
This renegade rippin
Rugged trax I love it
Sorta black owned
Like da Denver Nuggets
Pow pow
The original
Harder hitter
Iz back in black
On deck wit a turtleneck
Uh ha you can drink
All you want
But hard don't make
Da liquid matter you intake
The logical
Sorta psychological
Brother like butter spread to one
Another
Thicker da blunt & got sicker
Once upon a rhyme all bigger
Meant was for bigga cotton picker
Leave alone
The men from the mice
Who twice packs da gatt
Turn into dirty ratts
I'm comin wit the andidote, I hope they cope
To da rhythm I wrote
Pawns in da game
Goin down da drain
Final call to my race in pain

Public Enemy Lyrics

"What Kind Of Power We Got?"

Yo another day
Another 49 cents

Mr., Mr., why you always tryin to take all our money

Because I am the government
And you have to pay

Stop tryin to take our money

Yo, you gotta bust this
We want justice
From public enemy number one
To cant trust this

Like F Jim or Hyatt
Because we're sick and fuckin tired
Of being mistreated by the undefeated
Power to the seat that cant be beat
Probably gone is the head that make Clinton defeat
Do all the talkin
Plus crooked walkin
Blind to the fact
That the enemy is stalking
Ways for days
Search United States quite
Were not a full power
Cause the racial riot
In my neighborhood
We attempt to kill each other
Politics said fuck power to the brother
Be strong be righteous
Don't be no sinister
I got the word from bro. minister (minister)
Farrakhan speaks
And so does Muhammad
The days of Ramagon is
Protect you can harm it
My statement is the fact
To the highest degrees
Flavor works this style, yo cant touch me

What kind of power we got
Soul power *[8X]*

Bring it on (I know you got soul)

Goin on it get it
Gotta get it on
Goin on it get it
Gonna get it on *[4X]*

Yo, some seek stardom
And forgot all about Harlem
Yo, fugess
Rock the house!

Now I don't know
But tell me what you gonna do
When the ending of time comes near
What ever you do
It's gotta be funky
I am not tryin
To put your life in full of fear
By the favor skies
We are flying
Truth we be buying
To buy out all the lying
How you livin
Were you livin
Were you livin
It ain't got to be like that
By doing the givin
It was your own choice
Scratched up your Rolls Royce
Every dum friend you had
Was glad to rejoice
And turned into a nut
Trying to make the pockets fatter
One shoot in the head
Everybody scatter
The worlds gonna
Catch on fire
A funeral buyer
Is a hard heads people desire
Every night you tryer
You turn into a cryer
Who was just in bed
Thinkin higher, higher
Friends will always move
Till you get the bob wire
Ever common law gets a flat tire

What kind a power we got
Soul power *[4X]*

What kind a power you got
Soul power *[2X]*

What kind a power we got

Soul power

Take me on

Goin on it get it
Gotta get it on
Goin on it get it
Gonna get in on *[4X]*

Public Enemy Lyrics

"So Whatcha Gone Do Now?"

Talkin dat drive by shit
Everybody talkin dat gangsta shit

Talkin dat drive by thang
Everybody talking dat gangsta swang

Slaves to the rhythm of the master
Buck boom buck another
Neighborhood disaster
(Drummer hit me one)

A gun iz a gun iz
A muther fuckin gun
But an organized side
Keep a sellout nigga on the run

What you gonna do to get paid
Step on the rest of the hood
Till the drug raid

See you runnin like roaches
Black gangstas need track coaches

The white law set you up raw
When you have his trust in killin us

Talkin dat gattalk
Walkin dat catwalk
Where you tryin to go wit dat
Don't even go dere wit dat rap
Guns drugs an money
All you know how
So whatcha gonna do now?

I'm bout ready to bounce

Trouble on the corner of blunt ave
An 40 ounce

Madd uncivilized lifestyles
30 years bids for kids, now thats wild

I'm raisin my child
I'm steppin to da curb
Wit a sign do not disturb

Too much don't give a fuck

Or a damn thing
But choose what the other man bring

I sing a song cause I see wrong

I'm not down with the fe fi fo
Where I come from
See, the brothers ain't dumb

Sense goes over nonsense
When it makes no sense
I'm throwin up da fence

Talkin dat drive by shit
Everybody talkin dat gangsta shit
Talkin dat drive by thang
Everybody talkin dat gangsta swang

Talkin dat gattalk
Walkin dat catwalk
Were you tryin to go wit dat
Dont even go there wit dat rap
Guns drugs & money
All you know how
So whatcha gone do now?

[Break]

The only good niga iz a dead niga

Dats what they used to say

Cant understand why a man
Gotta use a trigga
On his own, suppose to act grown

Cracka in da back
Watch a brother pull a trigga on another brother

Couldn't shoot and shot a mother

Four kids alone home
Ungrown & now they on they own
Now check yourself cool
What good iz da hood if ya actin a fool
Talkin dat gattalk, walkin dat catwalk

Public Enemy Lyrics

Right who did it
Thats who did it

Who/World Health Organized

Doctor doctor in a lab
Concocted a germ warfare to the botty
I rocked it

105 million goin down
In da ground

Most in da black an da brown
Ow!

How did I catch this riddle
If I didn't crossover
Like a Hardaway dribble

They blamed it on some
Green African money

Now ain't that funky

While da clock

Iz doin da tickin & tock

I didn't know

Dat da guns aimed & cocked

Were runnin outta
Time.....time
Rage against

Testin 1 - 2
Testin 1 - 2

Can I get a blood check testin 1 - 2

Can I get a witness?/yes you can
Can I get a witness?/yes you can

Then check it

About da battle
To da Indian, Japanese
Whites and blacks

Germs they spread it
Warfare I read it
Quote me on this yes and I said it
Bet it

Bigger damage than the trigger & glocks
Mass murder in mass from a
Blanket full a small pox

No guarantees gettin lesser fees
In Tuskegee blacks got shot
Wit disease

Please check da time
C'Mon check da rhyme

Tribe a mine killed by da swine

Who crossed da line?
Who did da crime

The mind of a world destroyin kind

Were runnin outta

Rage Against Time Speech On Slow Down

A lil piece of mind
While we runnin outta time

Public Enemy Lyrics

"They Used To Call It Dope"

Little piece of my heart like Janis
No Joplin
But pure hip hoppin
As they try to ban us
Crazy flight time no jacket
Or ticket
Wilson Picket had soul
Fat trax so the rappers
Can kick it
Alan freed the waves
As much as
Lincoln freed da slaves
Its here I bleed and some
Bled until dead
I got the rhythm from this
Headbanger
Who used to fly high
Now he's just hangin in da hanger
Hangin around homeless
In a city of no hope I can't cope
Just to think
See they used to call it dope

Public Enemy Lyrics

"Ain'tnuttin Buttersong"

We got so much soul
You can damn near see it
Spinnin on a 45
I've come to the conclusion
Clear the confusion
My point is to rock
Dis funky joint
Don't you know
I got tangled
In the star spangled banner
In the middle of Alabama
Or was it Tennesee or Arkansas
New York & Cali got the same
Amount of race rallys
I know they wanna hang me
Straight around the neck
So I'm knockin off the hand checks
So you can
When I say what it is
It ain't nutting but a song

Krackas, killas, kidnappas
KKK tryes to blame it on the rappers
They dont count the ones
That bounce to the 40 ounce
Or the runts dat get stunted
By the bluntz
This time I'm gonna take it down the line
To the ones that are ready
They be holdin it steady
When a song so wrong
So many be singin it
Strangled tangled
Caught in a spangled
Banner got em on dat camera
Stars I'm seein from
A beatdown in a slamma
O cay can you see
But you cant
Uncle Sammy wears the pants
Toms his bitch
When he's swingin a switch
Rather stick da poor up
And give it to da rich
I always thought dat power
Was to the people, we the people
O say can I see we ain't people

When I pledge allegiance
I shoulda got a sticka
1st grade/2nd grade
I shoulda just kicked a
Verse in the middle of class
Instead of singin bout bombs
Like a dumb ass
Land of the free
Home of the brave
And hell with us nigas we slaves
That shoulda been the last line
Of a song that's wrong form to get
So when everybody stand
I sit

The red is for blood shed
The blue is for the sad ass songs
We be singin in church while white mans heaven is black mans hell
The stars what we way when we
Got our ass beat
Stripes whip marks in our backs
White is for the obvious
Ain't no black in that flag

Public Enemy Lyrics

"Live And Undrugged Pt. 1 & 2"

[Live And Undrugged Part I]

Its been a long time
Since the rhyme rode
A rough road
I'm riding rhymes & givin
A dose of brotherland
Never said I wasn't good at it
Cause I'm a static addict
No fear you gotta
Know I had it
If you know better
Spose to do better
So I know like Al Green
We gotta stay together

Knock, knock...who's there
Where? overhere
Da boom kids knockin
Bang and they outta here
The dopemans livin at home
Aloneman
They don't understand
But they can
They can can
If I don't say it
I'm a sucka parlayin it
Don't really matter
When the flow fatter

But I don't don't
Believe
& duck bob an weave
Will deceive a street corner
And the 40 thieves

They bring em in
You do em in
He bring em in
You do us in

Smell em knockin da/boom
Hear em hittin nat/boom

I'm comin atcha
Live and uncut
An undrugged

These days they be thinkin I'm bugged
Livin I be kicken it

Hard instead of lickin it
Down domination on the overground

Tell me what we be
Seekin is self preservation
A nation of millions
Gotta go wit a feelin
Uncle Sam be gatt Uncle Tom
And when it comes to drugs
Uncle Tom gotta bomb
Can I get a pop
Till the muthafukas stop
Sellin nat shit
That make the hoody drop
No more easy gettin over
For da cracka in the back

Yo its over
Number 1 wit a bullet
He pull it what I do now
Cant out run it or duck
Or get a new Chuck
Up against the wall
Wont confess yall
I mo move & I'm gone
An so I guess yall
Lemme tell you so lend me a listen
I'm missin a life
If I ain't givin up an ass kissin
No television or movie style
No buckwild thinkin
Cause I don't know what he drinkin
But he better act quick
Cause I'm gettin quicker
3 mo seconds to go
I hope he hold da trigga
If he do dat
The gatt iz outta his hands

& then he gotta deal wit a man
Punks jump up to get beat
I'm on the funky beat
Beat beat yall
Until its 6 feet
Under dirt & the mud
Here we go again
Another enemy if you
Never was a friend
Never clever
As I was in this endever

Never again trust a smile or grin
From comin outta da womb
To endin up in a tomb
Another sport
Caught knockin nat boom

Here go the verse that hurts
Head brother in charge
So I better get bodyguard
What can I do
Break a leg on the avenue
Where the bootleggers
They be stackin the odds
Try to be hard but they playin my cards
Fuckin wit chicken
But I'm duckin in the lard
Been goin straight since 78
I wanna live I don't wanna be late
I head em comin at me
Runnin fast & ruff
Ain't this a bitch & test for the tuff
Bang/doubt it
Without a life
I cant live without it
Bang

[Live And Undrugged Part II]

Rhymer in a zone

Say u wanna revolution
40 acres to 40 ounces
Plus they announcin
The mule is the one thats fooled
But I pass to be that jackass
Knockin that boom
To the tomb
Out the womb
I bet against the spread
I flipped death threats
And the 3 to the head
Never get enough
The raw, the rugged, the ruff
Oh my the jam the dunk the stuff
I got a mind thats maddes than Minolta
Hard in a rock place my corner
And the winner is
Whoop there it is
33 years without a beer or slow gin fizz
Rather get frunk off
Hearin rhymin wit biz
Rhymamatician, rumpshaker
Mindquaker

Not a cracker or a quacker
But a waker
Put my thing down
Step my shit up
Put up or shut up
Peace to the original what up
Back to the motherland
Where its warmer, transformer
Kill the informer
I hear em talkin creepin
But I'm not sleepin
My mellow I go back
Way back going, going
Before crack
And the 8 track
Still goin, gone, goodbye
To the lazy
I ain't pushing up or drivin
No daisies
I gotta remember Philly in September
Ain't nuttin finer than peace
In Carolina & to the gods
Wanna be, gotta be
Starter of mo flow
Here we go the front row
As I cut the silly rhymin
Riddlin still the flow
Gettin ridda dem
Racist swazis
Cause I'm brinin kamikazes
They gotta give us where we live
We don't own
What you think is home
Its time to go up in smoke
911 is no joke
Once again friends
This enemy states fiddy states
Still say chill wait until
The right time baby
Damn the blood line
Gettin raid with AIDS
But somebodys gettin paid
Lets get it on and a on
But brothers gettin killed
Cause blunts & 40's is like
Cookies to da milk
I'm not crazy
I'm the revelation
Last days in time
The overtime rhymer
Rhymer in a zone
Right vs wrong
Good versus evil

God versus the devil

Public Enemy Lyrics

"Thin Line Between Law And Rape"

Ya took me from a place
Where the race didn't matter
And gathered up bodies
Without a choice
So I rather
Pass my opinion/back
Run ya over
With my rack an pinion
Never stop the engine
For watcha fathers did do the indian
North & south
Plus the Carribbean

I got a vendetta
Cause I know better
Better black than a stereotype white
No cash flow wit out work
Talkin bout the past
You busted our past
You busted our ass
Now you afraid cause I never got paid
Now sucka jump
You cant take whatcha want

[Chorus]
You can't take whatcha want
Cause ya took whatcha want
Cant get away cause we got it on tape
You cant take whatcha want
Cause ya took whatcha want
Thin line between law & rape (scream)

You can't take whatcha want
Don't cha know
We ain't got nuttin left
Cause you took the rest
We ain't got jazz rock & roll
Rappin the lose
Wit a few fat ladies left singin da blues
Go abracadabra to make
A wish I can mess wit
Wonder why I'm under
Neath a crew I cant get wit
I never knew land was an acquisition
BS from the best man in position
Come again wit dat shit
And set hit like a punk

No, you cant take whatcha want

[Chorus 2X]

[Break]

You cant take whatcha want
I open up the trunk
I see your phony ass
Try to counterfeit funk
From land to land

To sea to sea
Allover got the other man
Messin wit me
Took the motherland
Made a slave of my mother and man
Got a good man
Sayin goddamn

[...Long pause]

And to hell with
Back in the days
Unless we go way back
To the black ways
Always
Watch your back
If ya crooked don't front
You cant take whatcha want

[Chorus 2X]

We died on the line
We walk the fine line he talked a good line

Public Enemy Lyrics

"I Ain't Mad At All"

Let me hear you say...

I ain't mad at all
Bought a fat jam to make you flip the script
Don't want to sleep and misbehave
Understand what I'm saying

I'm all about makin some fat louies
So I can buy my kids
Motorcycles, candybars, Peter Paul
Flavor Flave, he ain't mad at all
Boyee

Poppa's got a brand new flav so once
Again here we go *[X4]*
I ain't mad at all *[X3]*

What you know
What you know bout that boy?

Noodles, neon noodles
On a fifth chillin with a toy
He's chillin
Thought he had a pit bull
Eating brussel sprouts but he had a big bite
He tried to bite me
He tried to get me
I turned around and I
Hit him with my bike

They picked me up
Put me in a wagon
The bottom fell out and my ass start draggin

Who put the cuffs on Flava
Why you gonna go and do that
He's the Flavor mack *[X2]*

I ain't mad at all *[X2]*

Yo check out my honey hoe's
Sing that shit gee

There's a Flavor Flav
So what your girlie
Before she wanna sneak out early
Cause on the di

Flavor snatched her up

First there was superfly
But Flavor's got more style
And you can't tell because your crackin up

Let me hear you say...

Kick it

Kick it

I ain't mad at all *[X6]*

I got the feeling I got to tell ya
You be a star
And the man try to jail ya
I don't pollute
So why should I give a hoot
You ask
Why you livin foul

Na na na na na na

Why they wanna keep me down?

Cause you got Flavor workin day and nite

Why you wanna play me
Like fried ice cream
Give me nightmares
Can't never have a nice dream

I feel like bustin loose

Bustin loose
Give me a break y'all

You can try to cop my style
But Flavor Flav got too much on file
Boyee

I don't wanna go but I can't stay here no more

I ain't mad at all

Yeah, yeah, yeah

You flatlinin, you flatlinin you know what I'm sayin
Who put the cuffs...

Public Enemy Lyrics

"Death Of A Carjacka"

I'm keepin a cool head
Smart and calculated
Tell da skinheads what I said & they hate it
One dumb move they make
A mistake a turnover/going going gone
And its over
Shoulda thought silly rabbit
Those habits'll getcha
Runnin whitcha life
So what some sucker snuck inside a knife
But I'm checkin it out
Back from a far you know
They'll never know I'm backin up
An jettin to my car

B4 they steal it
Watch me ride an wheel it
Ooh! child here it comes now
I can feel it
Inspiration from the situation
Flowing to what I know an...

This ain't nuttin but another
Headline statistic, two brothers
But one went ballistic
Now I'm chillin beside my ride
Pulled over the side
Five-O ran a check
Now how the hell am I suspect

Public Enemy Lyrics

"I Stand Accused"

I see I'm peeking out ready to rumble
So now I'm speaking out
Against those
That flip the way the story goes
One never knows
Who be flippin the script
Whatever the traitors name
My aim is dunk em like
I'm Chris Webber

So many phony smilin faces
Traces of slander
Got em comin outta funny places
I had it an hear em
Talkin loud behind my back
What was good for the hood
Is what they say is wack
I take the stabbin & grin
When I'm hit
Cause I know the suckas smile
When I leave em
What I'm comin wit

I cant complain about the money
Although the suckas in the back
They talkin shit
An laughin like its somethin funny
I aim to make changes
An never change
Unless its for the better
Cause I always been a go better

Clean hustler
Rhyme instead of muscle ya
Born when ya thinkin I'm gone
The terror era is on...

I stand accused
To the crews
I paid my dues

I stand accused
I refuse
To stand and lose

I stand accused
To the news

I kick da blues
I stand accused
I refuse

I hear em talkin & walkin
Behind my back I'm attacked
Fuck the knife in the back
Cause it feels like they got an axe

Yeah I can dig it wit a shovel
I never dig dirt wit the devil
Instead I'm on that other level

But I took time to reach down
To help the black & brown

I never stood around
I hear em talkin behind
My mind
In a ocean of sharks
And a back full a hackmarks

They say I'm fallin off
Yeah, they better call it off
& get muscle
& find another hustle quick
Sick n tired of critics
But I can take a hit
I'm all man
Alley oopin the vocal on jams
But they don't know it
They can blow it

& take a puff of dis joint
I see I'm kissin it off the cuff
Behind the back
I'm pullin axes and blades out the arms & the legs
Still my fellas get paid
The terror era is on

Fuck a critic/fuck fuck a critic
All the fuckin critics
Can get the did dit

All a fuckin critic does is
Draw a fuckin line

Cross a line and dis my rhyme
& then they ass is mine

If you find a critic dead
Remember what I said
Who killed a critic

Guess the crew did it

Say paybacks a crazy ass message
Sent to the writers who criticize
They're fuckin wit a freedom fighter

Who raises flags
& dragged the klan in bodybags
I hung em up in Missisippi & bum fuck
This is Chuck so what the hell
You think I did it for
To open doors from Carolina to Arkansas
And lemme let em I met em
I told my boys forget em
An what they did got rid of me
Negative
But 94 got stunts & blunts in da mix
I hear the crowd fallin vic
To old ghetto tricks
But if I wasn't your cousin
Wed leave em in the dozens
Of sellin out & bellin out
Half pint 40 ounce
Announce to the rest
We had a fall out

I never took a drink
Never took a hit or bribe
Or got spread by what a silly
Rumor said
Never sang or gang banged
Sold out or rented hip hop
Cause I know when to stop

Public Enemy Lyrics

"Godd Complexx"

Are you ready?
Uptown, on the corner, uptown
Uptown on the corner, uptown
I turn around and hear the sound of voices talkin bout who's
goin to die next
Cause the white man's got a God complex
Tellin niggas screamin for help (help me, help me, help me, help me)
Nigga go make your own help
Shit you need it
I turn around and hear the sound of jukeboxes playin in bars
Pimps parked outside in big pretty Flavor Flav cars
Cleaner than a broke dick dog
Sittin in a big fine frog
Dressed very fine and fly in their Calvin Kani
No matter how you flex
Yo Jim
They'll die next
Cause the white man's got a God complex
Uptown on the corner, uptown *[X4]*
Hey brother what you sport my man
I got just the thing for you
Only cause you're 10 and 2
What ya gonna do baby
I got black ones
Brown ones
Red ones
Yellow ones
I even got a white one
If you want to buy some
Yeah
That's right
2 5 8 play it straight
Got it all worked out
I know what I'm talkin bout
Yo I been readin my dream books
So I ain't no way the kid is gonna get took
Nigga what you mean
I didn't hit
Nigga
You full of shit
Nigga
Lick the ice (uh)
Now 7
Come on be nice and hit 11
Well what do you know
It's lil Joe
Ey my man

Got twenty dollars eh lil Joe don't blow
Ah baby needs a new pair of shoes
Ah pappas got the funky blues
Ah mamma plays the crosswords in the news
Sorry nigga you lose
The line forms to the rear lady muther fuck your welfare check
Cause the white man's got a God complex
Uptown on the corner *[X4]*
Mr. Stein elevating a friend
But is proud to be mine
But you just want to cheat me cause I ain't your kind
Damn
I'm so poor
I don't know what the hell I'ma do anymore
Not from this day to the next
Cause the white man's got a God complex
[vamp out]

Public Enemy Lyrics

"Hitler Day"

500 years ago one man claimed
To have discovered a new world
Five centuries later we the people
Are forced to celebrate a black holocaust

How can you call a takeover
A discovery

Mass murderer
This side of the planet
Most people take it for granted
502 and still doin
Give a reason I'm hatin
October celebratin
The dead

Of the black the brown and red
Sick an tired
Of bein sick n tired
Don't jump to conclusions
Before I clear the confusion
Ashes to ashes, dust to dust
I'm talkin bout Columbus

Hit me one

I don't hate nobody
I hate that day
Its as crazy as Hitler day

Hangin heads and snappin necks
Splittin up kin
Makin familys wrecked
Turned this planet to a sewer
Provin to all just a lil grab
Will do ya
Or do us
So my disgust
Got credit from the ones that
Read it
Ain't blind to the fact
Of a whack headline
And if you didn't I pay
No mind

That's how I feel
That's how I feel

This iz madd real

But these days
Is crazy as Hitler day

I don't hate nobody

It's impossible to discover a land
When people are already living there

Some thanks for the givin
When times are hard
& some got the nerve to pray to God
Ain't about turkey
& cider that gets me sick
It's that take from the indian trick
Lookin pretty grim
When they takin da pill
From the sucker seekin somethin to kill
Now he got a day to celebrate
Ain't that a trip
Cause the indians ain't got shit

May 31st when it comin it hurts
Remember the dead and it makes me curse
When they don't include 100 million
Of us black folks
That died in the bottom of boats
I can carry on bout the killin till
Dusk & dawn
And war ain't the reason they gone
Fourth of July a fuckin lie
When did we ever
Get a piece of the pie
Gotta whole day comin
Without no pay
Cause a fuckin job
Cant gimme no play
Even had enuff I huff & puff
At brothers sellin the stuff
Takin in washingtons
Lincolns
Not they birthdays
Payback for em makin us slaves

Public Enemy Lyrics

"Livin In A Zoo (Remix)"

Skills to kill
And fill a hole, we roll deep
Wit a frown that's down
Low in the meddle of jeep beats
So I'm makin a point
Not stickin butts or blunts
But the Terminator X
And the rhythm he cuts
Figure this bigger brother
Gonna trigger the track
No I ain't country
And my name ain't Zack
Step the fuck back
Take a look at the racks
My world is a ghetto full of tapes and wax
CDs they only double the tax
And makin money money
New York City to lax
Tell the suckers suckers
Never ever relax
I'm kickin in cold facts so true
It feels like I'm livin in a zoo

Sayin I'm down like psycho
Wheres my rifle? right though
I ain't Michael, yo
I ain't sittin on the dock of the bay
Wastin time in a crime wit a nine
Rather find another brutal rhyme
It's us verses, I put it all in verses
If the sound reverses
I pump it up wit curses
Fuck sittin in the back of the bus
But don't front what we lack
We got it loaded in a back pack
See they can do it to a man
But wit men suckers semi
Think that shit before they come again
No science to the wild senile
Slackin cause he packin like a

Runaway child yeah
Would I ever try to sever, hell no
Never would work if the
Rhyme wasn't clever
Wild in an isle
Stackin high from the floor tile

Back in the rack, where the rap never seen a
What I gonna wanna do...
Feels like I'm livin in a zoo

I don't know where I'm at
Here's a track
I try to duck duck
Those 3 bullets in the back
Top 40
Ignore me
Sooooo
I him 'em in the hood
Until it feel good

But I'm all right though
I wanna fight crazy dirty

It's not a matter of skills
But a battle of wills
Pow the stick up go the quicker the picker up
Trigga eenie meanie

Wit the gatt that so fat
Brrap bap bap cop dilla in a 16 wheeler
They call me over the phone
Che-che-checkin me out
Takin my time
To find a brother droppin dime
Once again it's on
In the paint, and I ain't givin up
No props to the game
And it stops in the name of the hip hop
Reign and the pain got me goin
Goddamn wont they even pull a
Bullet on a pop jam

(from "He Got Game" soundtrack)

[Chuck D:]
Damn back again up on track again
Some of y'all black again it got dark
On your mark get set
Out of sight out of mind
Hyprocites forget like marionettes
Strings in the back like nets
The chosen one who can laugh themselves to death
Lack of rhymes meaningless punch lines
Battle for your mind
Like Israel and Palastine
Good news there is some hard ass times
No more disses
Repeated hook lines and chorus'
Days of doris'
Got issues and wishes
Got the jam but gettin paid up off the misses
Ain't nothin wrong but wait fuck another love song
It's the r&b strangler bringing nosie in the wranglers
Rock all the heads big times and alzheimers
Shot the pill while I drop skills up in Brazil
Now the pitch
Lord save us from that sword of Davis
That kidnap hip hop tracks and the beats in the game of rap
Put my soul in it
Care less about the gold in it
Boom the shootie
Got 'em running from the paparazzi
Lodie dotie
When the feds come and doom your party
Cracker in the back
Don't you know it's illuminati
Ain't nothing changed
PE we be the same crew
Resurrection in the game here to save you

[Flava Flav:]
Yo it's going down baby
It's going down family
That's my word
We gettin ready to turn this shit to the two and three zeros
Ya know what I'm sayin
Have all the clocks goin backwards
Have everything goin haywire
You lauged before let's see you laugh now blue cow
How now black cow

Word to bird
Word to bird
Word to bird nigga

[Chuck D:]
One on one
Hard like tarot cards
Behold the one man million man march
Takes a nation
400 year violation
Apocalyptic no power in this happy hour
Hazordus no you don't like lazarus
Just black baby
Where my soul be at
Star spelled backwards is rats
Let bra man rap
I'm trapped in the back with these industry cats
One step forward two steps back
Making habits claiming habitats
Ratta tat tat
Wish you could turn back the hands of time
And get mental
Pop the track eight track lincoln contniental
I'm the mouth that roared
Swore to the Lord
The eye of hawk
Both live and die by the sword
The forbidden
The six man be sinning from the beginning
The suckers hand be hidden intesne
Knocking your block with some sense
PE got more jewels than dead presidents
The devil try to get me cross like a crucifix
But I am focused on the vultures
Like a loc of locusts
New world order is goin down
Gettin round
I'm the spook that sat by the sound
Fucking with Sadamn will bring a new Saigon
Ain't nothing changed PE we be the same crew boy

[Flava Flav:]
Yeah that's right
Nine eight
No joking
We coming out smoking
And for all y'all that's been sleeping on us
You're lacking you're lacking aiyo check 1-2
I've got my mand that's about to sneak up on you and your crew
Ya know what I'm saying check 1-2
Aiyo Masta Killa I want you to put one up in 'em son
And show 'em you ain't done son
Ball 'em with the back of the gun son

Make 'em run son

[Masta Killa:]
Sliding down broadway beneath the j line
Slumped in the incline position
Mind travellin beyond the shell
Which holds the soul controlled by the Allah
I be most humble but also punishable
For those who are unlawful to righteousness
I strive to stay alive and live this
Many fell victim to the wisdom
I mastered this
The track ovulates the mic like prostate gland imperegnates
Onto the paper the pain pours
For the love of my brother that hurts just the same fuck fame
My gun I bust to maintain
Moods are insiduous
Baffels and eludes those who label the God being anti-social
Chose not to apply their third eye
I travel at the speed of thought rate it's fatal
What will enable a man to levitate

[Flava Flav:]
And you can take that and put that on the back of your brain
Coming straight to you from Masta Killa
Ain't nuttin iller
I told you PE is still in full effect
Beyond the year 2000
We ain't taking no shorts

Public Enemy Lyrics

"He Got Game"

(from "He Got Game" soundtrack)

If man is the father then the son
Is the center of the earth
In the middle of the universe
Then why is this verse coming
Six times rehearsed
Don't freestyle much so
I write 'em like such
Amongst the fiends
Controlled by the screens
What does it all mean
All this shit I'm seein
Human beings scream vocal javelins
Signs of a local nigga unravelin'
My wandering
Got my ass wondering
Where Christ is
In all this crisis
Hatin' Satan
Never knew what nice is
Check the papers
While I bet on Isis
More than your eyes can see
And ears can hear
Year by year
All the sense disappears
Nonsense perseveres
Prayers laced wit fear
Beware
2 triple 0 is near

It might feel good
It might sound a lil' somethin'
But damn the game
If it don't mean nuttin'
What is game who got game
Where's the game
In life
Behind the game
Behind the game
I got game
She got game
We got game
They got game
He got game
It might feel good
It might sound a lil' somethin

But the fuck the game if it ain't saying nothin'

Damn was it somethin I said
Pretend you don't see
So you turn your head
Race scared of it's shadow
Does it matter?
Thought areparations
Got 'em playin' wit the population
Nothing to lose
Everything's approved
People used
Even murders excused
White men in suits
Don't have to jump
Still there's 1001 ways
To lose wit the shoes
God takes care of ol' folks and fools
While the devil takes care
Of makin' the rules
Folks don't even own themselves
Payin mental rent
To corporate presidents
1 outta 1 million residents
Be a dissident
Who ain't kissin' it
The politics of chains and whips
Got the sick
Missin' chips and championships
What's love got to do
Wit what you got
Don't let a win get to your head
Or a loss to your heart
Nonsense perseveres
Prayers heed wit fear
Beware
2 triple 0 is near

It might feel good
It might sound a lil' somethin
But damn the game
If it don't mean nuttin'
What is game who got game
Where's the game
In life
Behind the game
Behind the game
I got game
She got game
We got game
They got game
He got game
It might feel good

It might sound a lil' somethin
But the fuck the game if it ain't saying nothin

Yeah that's right
Everybody got game
But we just here to let you all know
That PE is in full effect
From right now until the year 2000
Hey yo my man sing it

There's something happening yeah
What it is ain't exactly clear
There's a man with a gun over there
Telling me I've got to be ready
It's time we stop chilling
What's that sound
Everybody look what's going down
It's time we stop chilling
What's that sound
Everybody look what's going down

Hey yo these are some serious times that we living through g
And a new world order is about to begin
You know what I'm saying
Now the question is are you ready
For the real revolution
Which is the evolution of the mind
If you seek then you shall find
That we all prove from the divine
You dig what I'm saying
Now if you take heed
To the words of wisdom
That are written on the walls of life
Then universally we will stand
And divided we will fall
Cause love conquers all
You understand what I'm saying
This is a call to all you sleeping souls
Wake up and take control of your own cipher
And be on the look out for the spirits tonight
Trying to steal your light
You know what I'm saying
Look what beside yourself
For peace
Give thanks
Live life
And release
You dig me
You got me

Public Enemy Lyrics

"Unstoppable"

(from "He Got Game" soundtrack)

[Flavor Flav]
Aiyyo man, ya yo yo yo
I'm tryin ta stay away from it but it won't stay away from me

[KRS-One]
You better ask yourself
What do you want, what do you need, what will you find
Don't be afraid, don't fall asleep, open your mind
I hope this rhyme gets you in time and space, come to a different place
Where you hear spiritual lyrical knowledge and you're face to face
like welfare, and these rappers lyrics they need help there
Does KRS represent heaven? Hell yea
Let me take you elsewhere, where you stand, there's a curse there
for sure, unless you're mature, grow up
If you're immature, then you're livin sinister
You reject the words of the minister
You better get witcha Qu'Ran or bible, you won't be livin long
if you're livin idol, the t'cha, that's my title
Shakin it up, wakin it up, makin it up, breakin it up
Takin it up higher, no liar, you can't deny the
Public Enemy, with the public enema
I gets way up in your buttocks, I rocks cause it's hip-hop
The long-laster, Chuck D with BlastMurderer
I know you heard of the word I be swervin and servin ya
Alertin ya, while splurtin a divine speech
Slow the party down so I can spit it
To each I teach mystic lyric, don't stop, you can get it
You better hear it.. battle? Quit it!

[Chuck D] Unstoppable, Public Enemy on a disc
[KRS-One] Unstoppable
[Griff] Runnin the game, Chuck and Kris
[KRS-One] Unstoppable, bet you didn't know they had grip
[together] Unstoppable
[Chuck D] You don't wanna take this risk
[Chuck D] Unstoppable, Public Enemy on a disc
[together] Unstoppable
[KRS-One] You don't wanna take the risk!

[Chuck D]
Can the black hear his stepchild, run the mile
Forever like a juvenile, to stay alive
Survivin in the freestyle, yo hold it down
Walkin on the wild side, to live or die
Damn another slow song
Yo Money put the recrod back the FUCK on

No respect for the Usual Suspects, mad teens
pourin fire on the gasoline, defeat fiends
Feelin like fever, I'm gettin warm
Chalk marks in the rainstorm, children of the gone
lost and forgotten, minds rotten
The arcade shot em, Channel Zero on the TV got em
If you don't love yourself you can't love nobody
If you don't know yourself, then you nobody
Do your thing, no bang, in the same damn gang
I never sang, I'm back, but I transmit slang
Silence in the face of violent crews
My rhymes and news be blacker than most blues
Troublein, it all come tumblein, for the strugglin
occupations, daily operations stimulations
causin mental violations, minds on vacation
In the middle of Revelation is a nation

[Chuck D] Unstoppable, Public Enemy on a disc
[KRS-One] Unstoppable
[Griff] Runnin the game, Chuck and Kris
[KRS-One] Unstoppable, bet you didn't know they had grip
[together] Unstoppable
[KRS-One] You don't wanna take the risk!
[Chuck D] Unstoppable, Public Enemy on a disc
[KRS-One] Unstoppable
[Griff] Runnin the game, Chuck and Kris
[KRS-One] Unstoppable, bet you didn't know they had grip
[together] Unstoppable
[KRS-One] You don't wanna take the risk!
[together] Unstoppable

(from "He Got Game" soundtrack)

Uh, uh, keep it goin

Flipped your wig, on top of the world like 'Pac and Big

Takin a swing, knock you out like Shannon Briggs
Up on your block, money bustin out my socks
Yo I'm in it for life, I'm takin a piece of the rock
Flavor Flav got a lot, so you know I can't stop
In ninety-eight I'm livin on large estates boy!

Flavor Flav shake yo' booty
Get rich, do your dance, it's your duty

And have fun, this jam is number one
We gonna party til it's done, me and DR
Goin real far
In a black car, fat two-seater
Rich like Kedar, on my Def Jam's
Let's see how the ball bounce
I'd lampin, so you know I can't fall
From Strong Island, still buckwhylin, stylin

Profilin, eatin at City Island
Now you know the real score, Flavor's raw
Catch me on tour, makin mad moves for sure

Hittin chicks like galore, we're gonna dance

Till we shake the floor, I know you party people want more

Flavor Flav shake yo' booty
Get rich, do your dance, it's your duty

And we gock it like this, like this ya know what I'm sayin?
Terminator X!!
Ha hah, let me hear that one more time, one more time
Terminator X!!

One more time, one more time, Terminator X!

Public Enemy Lyrics

"Is Your God A Dog"

(from "He Got Game" soundtrack)

Crosstown traffic
Black to black
You should a seen 'er
Long and winding road to the arena
Crystal ball
I prophesized
What was on the horizon
Forewarned yall
Is it any wonder
What kind of ground you goin under
A September ender
To march madness remember?
You never heard a murder
Take for example
Unsolved mystery
Life lost in a funk sample
Enter the bandwagons
Braggin hangin banners
Clearin the way for younger MCs
And new hammers
What was criticized six years back
Is now back
With New York on the jersey front and back
Feel like Tiger Woods
Got madd goods
Way up from the cheap seats
Comin outta the hood
Race to the black seats
Amongst the wack seats
Be the hardcore
Alongside the deadbeats
The world lookin on
Like spectators
At crucified gladiators
Feels like a jungle inside
Where fish swim birds fly
Man got a tendency to die
Man falls to the hands of man
But damn if I'll ever try
To survive at courtside
Four tickets to fly
Rap or play ball do the game
Or duck the drive by

Same league that defends
Be the same ones that do us in

Spys
CIA - FBI
And them suits in that
Corporate sky
Eye for an eye
The target is the bad guy
Heard the war is on
From the announcer
Bound to get the crowd
Bouncin
Yes and it counts and
In this corner representin the
Best in the west
Died from four bullets
Two in the chest
Worshipped on the other side
Of TV sets
Had madd fans
Comin outta both sex
Sold, multi platinum
Eight times gold
But died of homicide
Twenty five years old
Heard he died in debt too
I ain't seen a winner yet, you?
The confused crowd boos
The move shit
In that corner
Number one in the east
The peace cursed for life
By the mark of the beast
Raised by peeps rode jeeps
Deep in Brooklyn beats
Praised as a hero
Who came up off the streets
The crowd looks on
Claimin sides they don't own
A house built up on
Their skulls and bones
Knew it be a matter of time
The play by play
Two rappers slain
Main
So let us pray

Wit all the gunnin
Crowd goin crazy
Gettin bigger
Proud to be called a bunch
Bitches and niggas
The ghetto stage fulla
Field nigga goals
Hip hop shoot outs vs those house negros

Five bodies got on the shot clock
Runnin down in the count made
The scoreboard rock
The referees the LAPD
The LVPD
Said they couldn't catch
What they couldn't see
Question
Was it bigger than the names
Not only in the game
But the game behind the game
Down to the remaining
Seconds of this record
Anatomy of a murder
Intensity of a mystery
Dead and gone
As the heads looked on
Helpless
As the atmosphere preyed on
Investigating
And the winner be
Interscope/UNI Arista/BMG
Lost in overtime
Da tombstone trophy for people that shit
The rhymes that died
Beats that deceased
Fuck best
Rest in peace

Rainy days from stormy nights
Though the stars shined
Days were bright
That was then this is now
That was them this is how

Rainy days from stormy nights
Though the stars shined
Days were bright
Live and die by the sword
Come playoff time
Is your lord a god
Or is your god a dog?

Public Enemy Lyrics

"House Of The Rising Son"

(from "He Got Game" soundtrack)

Look around
What do you see
Can you see what I can see
Hard to live without we
Catchin hell without he
Phenomenons, phenoms and prodigys - huh
20,000 maniacs just gotta be
Human highlight flicks
They wanna be
Hobbys turned to robberys
They killin me
The gun didn't know I was loaded
Devil attempts to get heroes railroaded
Stole the ball from lost souls
For whom the final bell tolls
Confused wit moses in street clothes
I suppose he the one wit cornrows
Blessed to do this
Outside jay
Do you know the way to the aba

One on one
He just begun

Come to the house
Of the rising son

I ain't one of these
Programmed cats
Just off the black
Where the shot clock at
Don't back me if I come
Wit milky raps
Smack me if I rhyme on
Silky tracks
Takes a nation to get back - huh
Mike sometimes the opposite
Of watcha like
I'm tired of taps within
Sometimes your brain's your cell
Prisons the skin you in
Gettin change beyond the point
Blank range
Combined wit the cross it's gettin over strange
Here comes the son
But who's gonna stop

The rain

Public Enemy Lyrics

"Revelation 33⅓ Revolutions"

(from "He Got Game" soundtrack)

Revelation, revelation...

[Flavor Flav]
Yeah that's right, y'all better act like you know
Shit is gettin critical (in all the nations)
Shit is gettin crazy, that's right (all the lands)
Y'all better listen yo shit is blazin G
Shit is blazin, that's right, I'm tryin to let y'all know...

Soldiers of the future
We are approachin with to be Earth's last battle
The war fever's on the rise
The lives of many are in the hands of fate
Armageddon is the destiny we await
In the trenches of the ghettos we meditate
Developin our defense, I'm gettin tense
I hear the bombs of time tickin
As the smoke of fear thickens in the air
I cock my glock and give thanks
For the peace that will exist, when this war is over
Revolutions, revelations will be revealed
Babylon has fallen, now time to build, labwars

[Chuck D]
When I spit at the government bombs like Saddam hit
Make you flip to the music with your shit half-lit
Harder than time and convicts
Rhymes never be basic, afraid of the dark
twenty-five to the L, no I just can't face it
Need a mill for two passports and face-lifts
Ain't tryin to see handcuffs and steel bracelets
Twisted politics, high speed chases
on the races, locked down places
Prophet of rages, reincarnation as gauges
set to show off in the blazes
Revolution, revelation, resurrection stages
Raw like wild dogs locked up in the cages
And my brain cell with ice picks under the floor
Plottin the war I'll sign a Shakur for sure
Revisited, hear the shorties be quizzin it
Geronimo Platt, politically incarcerated cats
I dwell on all the black males doin time
And got me wanderin who invented motherfuckin crime
Goin in a tantrum lyrical fits
Spread like cancer on tracks that hit
Feel the pulse in the boom in the night song

Rally up all the people like a Farrakhan
Spittin words that'll send em back to Peningon
Hittin cats in the head out in Lebanon
Through the New World order I'ma carry on
Hittin brothers with jewels they can grow on
More than wack videos in a dance song
If you don't believe it so long and so on
So on, prove the player haters so wrong
I don't care who the fuck is out there yeah
My militant mind stay guerilla zone
Shorties feelin me in the chest like a silicone
Get ya home with a honeycomb
Go to any Coast I'ma bet ya I'ma bust chrome
Once again in Terrordome I'll show em
My Mics come equipped with chips and fax modems
Got the facts and rewrote them
2001, 2002, what's it gonna do?
What's it gonna do, gonna do?

[Chorus: Chuck D]
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin

Age was created in the lab
Small pox created in the lab
Beats too marks created on the AB
The futuristic thinks, BIO pass

In nine hundred and ninety eight
we gonna take down the head of state
and demonstrate non-stop resistance
It is time, time for a drastic change.
Time to retaliate and wake up
I've had enough, enough of the lies
enough of the destruction, information and corruption's.
False religions, doctors and puddy compoundin and who gets in trouble?
And I won't stop no, no
No more violence, no, no, no more induses
and no more two-face politicians who stab you in the back
Plus, mother is too long and I'm densing.
And I'll attack and I won't hold back
I'm gonna trouble you, hold you and squeeze you
until the truth is told
You can keep your man-made diseases
and your welfare reform, housing projects
penitentiary, fake genitals that ain't never really included me
Nothin can stop us, not even death *[echoes]*

[Chorus: Chuck D]

Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars, bulletproofin
Revelations 33 1/3 revolutions
No solutions, labwars...

Public Enemy Lyrics

"Game Face"

(from "He Got Game" soundtrack)

[Intro: Flava Flav]
Hey yo, Chuck, yo the world if sleepin', G
We got to wake everybody up yo
Hey yo, it's goin' down, baby
Let everybody know how it's goin' down, baby

[Verse 1: Chuck D]
The way this goes down is simple, from this day forth
Anything to deal with rap, STAY OFF
It's just the players, no pay offs, strictly skills (uh)
If you're brain's the same you'll stick to your deals
And this field ain't about sellin' a mil'
With the run of the mill, so just be tellin' the real
It ain't like a third time fella's appeal
'Til the GOD scolds him and tells him to deal
I'll allow you to write, maybe allow you to bite
If you're down to fight the power here's the power to fight
Overpower the mic, hit the crowd with the bomb diggy
Ring the alarm, now the squads with me
From way back I show now weakness when I speak this
Mentally strong to keep this hit in my speeches given
Now listen from the beginnin' 'til I reach the endin'
My short stories winnin' and keep the beats spinnin'

[Chorus: Public Enemy]
You know the name, P.E.!
You know the game, P.E.! *[scratches]*
We ain't for the game
We for the change
I wake up everyday with my game face on
You know the name, P.E.!
You know the name, P.E.! *[scratches]*
Yeah we ain't for the fame
We for the change
I wake up everyday with my game face on

[Verse 2: Chuck D]
Break harder than ever, follow my lead
Through the fast lane in the game, they follow my speed
Either ease off the gas or floor it
You ain't ready to get it, I dunno why they keep askin' for it
This the real P.E., ain't no castin' for it
Cop lights, news camera, no action for it
Get the uncut raw, we somewhat sure
Hip hop's like a chess game, discussin' the war
Strategize, move like masterminds

When it's your go and your do', just cash mine
Last time we welcomed y'all to the Terrordome
Used the mic to reach out and touch, instead of the phone
I appear from the rear, stayin' from clear
Nobody can say if I'm here so they play it by ear
But here's the way I lay the idea
From this point on, the rest of '98, put it in high gear

[Chorus: Public Enemy]
You know the name, P.E.!
You know the game, P.E.! *[scratches]*
We ain't for the fame
We for a change
I wake up everyday with my game face on
You know the name, P.E.!
You know the game, P.E.! *[scratches]*
We ain't for the fame
We for a change
I wake up everyday with my game face on

[Verse 3: Professor Griff]
I saw it comin', premeditated world domination hesitated
Rough this nuclear war head, detonate it
I'm forbidden, so I stay hittin' up forgiven
For givin' the livin' the truth, 360 proof
So world look before this world's took
I curl books under my arm
Smoke charm and learn about this world's *[?]*
Revelation the world cooks
I spit gold versus the pearl hooks
The first album made the world crooks
Got 'em snatchin', robbin', thievin', stealin' ideas
Believe in pleadin' reason for treason, conceal it for years
My criminal *[?]* attract an accomplice to grub something
Results DRASTIC MEASURES
And the death of joy, the death of casket treasure
From the abyss, the greatest trick I played on the world
Was leadin' them to believe my mother's clit didn't exist
Then I extended the list
Revolutioned every flag raised by a clenchin' fist

[Outro: Flava Flav]
Yeah that's right, once again
Smooth the Hustler, and he ain't no crowd buster
Straight up Iceberg Slim
Yo, baby, you need to get with him
Flava Flav, Chuck D, Public Enemy, Smooth the Hustle
We out the backdoor, baby

Public Enemy Lyrics

"Politics Of The Sneaker Pimps"

(from "He Got Game" soundtrack)

On the outs I lace up, the world I face up
To score on anybody, its war on everybody
The new guys come in blood shot between the eyes
As long as their sellin that merchandise
And one what goes in don't come back
The color may be green but its also black
And red I know many heads that spent bloodshed
Cursed in converses, dead in Pro Keds
Now every Tom, Dick, Harry or Joe Smith
Skip the spauldings, pony's, and k-swiss
High school and college coaches gettin
Kickbacks from scholarships and them slave ships

Hey Dr. J where you got those moves
Was it gettin high in the schools
Can it be the shoes?
Truth is truth, I tear the fuckin roof off the house
Expose them foes with my mouth
I see corporate hands up in foreign lands
With the man behind the man gettin paid behind the man
I hold the rocket stop the hand in my pocket
200 a pair but I'm addicted to the gear
They'll make me do things on the court to amaze ya
I heard they make em for a buck 8 in Asia
They came a long way baby since
Clyde Frazier had pumas, pullin mad consumers
Them Filas I'm feelin but I cant touch the ceiling
Them New Balance hits 120 million
The last thing I need is Adidas terminatin my contract
For wearing those old pair of wack
Reebok low tops covered up by floppy socks
Gave me a jump shot before I got jumped and shot
Duckin a word from my sponsor
Trying to end my year like Kwaanza

Been paid since the 8th grade
11th grader, pop the champagne
12th grade start the campaign
Gettin fame sign my name in the dotted frame
Nike got me pullin re's and g's
Shit, I can get shot for these
Please god give me 20 more years on these knees
To maintain without this game I gotta do keys
And I don't wanna go there because its fuckin everywhere
Factories wanna be me kids wanna see me
Behind the wheels and endorsement deals

Its the politics and the tricks behind the kicks

Public Enemy Lyrics

"What You Need Is Jesus"

(from "He Got Game" soundtrack)

[Charles Barkley] Halleluja Jesus, Halleluja!

Now here's the pop, turnaround jumper,
Hits the rim bounce away, the new slave trade.
Manchild, six feet five, but juvenile.
Thin line between getting bucks and gettin wild.
Brooklyn style, hundred thousand miles.
Parque tiles, leavin ankles broke in a pile.
Son got a ticket to fly, he can make it if he try,
To the sky, like a Coney Island ride.
Gettin pages, from his super agent,
Community raises at the clout or the cages.
No doubt, center stages, mad phases,
From behind crazies flippin through the faces.
Paper chases, love that many places.
Pros and cons, flics between the races.
He hold the rock, call for sweat shops.
Guard the set shop replaced by sex shops.
The highest bidder, no room for the quitter.
Gave seven tickets, under counterfittas.
Three cities a week, droppin needles.
Like the black Beatles take heed, what you need is...

[Chorus:]
Jesus (The incredible)
Jesus (And in your existence, huh)
Jesus (The incredible, yea)
Jesus (Check it out)

Crack my picture, never swith up.
Smack the back ups, pack them pick ups.
Resurrection of the two man vocal section.
The spirit in your dark ass direction.
Duckin them spray ups on my way that i thought be lay ups.
Won the battle wars, a thousand one push ups.
Here marks the return of them rules about Ruff Ryders.
Risin, chargin hard from the point guard.
Watch what you prey for, but know the team that you play for.
Need I say more?
Uh, scared of the resurrection,
Sacrafice yours, them maybe the revolution is basketball.
Changes, generanges. Which means rearrange shit,
Erase shit, stuck on Playstations.
Then the new plantations, I said a millions heads.
Waitin for another nation.
To make your world be free.

No shoppin sprees, there ain't no stoppin me.
Here's the fee, not the weed.
Got to see, God speed. What you need is...

[Chorus 2x]

Sticky D gives you fits, on them turnaround hippocrytes.
Comin and goin like flics.
Hit em net scripts, like a butcher.
Gettin all the chips musta been a road trip against the Knicks.
On T.V. showcasin kicks.
Must be the fan cause his video gettin all the chicks.
Walk up on a replay on Monday.
Sportscenter highlights, last second steal kept em real.
What you need is...
Jesus
Jesus (What you need is)
Jesus
Jesus (What you need is)
Jesus
Jesus (What you need is)
Jesus
Jesus

Public Enemy Lyrics

"Super Agent"

(from "He Got Game" soundtrack)

Yea, haha.
Oh, kick that shit G. Nuttin.
Yea.

Sold, black gold, one strong buck,
To the Milwaukee Bucks, for a million bucks.
Just get him off the streets so he don't get bucked.
Super agent to the rescue so he won't get fucked.
Uh. Run nigga run to the auction block.
But you can't pledge alligence to the block.
This buck here, is the right kinda stock.
For sale for passin, the right kinda rock.
Yo. Auctioneer Stern, to massive fuck.
Can a nigga go home to where he used to walk?
Come back, but super agent said, "You can't talk"
I didn't know basketball had a bauk.
Uh the Buck runs laps, while they run craniums.
Players be drainin em, owners be claimin em.
Super agents fraimin em and then nicknamin em.
Drainin they ass, to pack them stadiums.

Super agent (Super agent, where are you now?)
Super agent (What a hell of a man)
(Where you at?) Super agent (Super agent, where are you now?)
Never flagrant (Big daddy moves).
(Where you at?) Super agent (Super agent, where are you now?)
Super agent, (Backstabbin) super agent,
(Super agent, where are you now?)
Never flagrant (Watch yo back)
Let's get it on!!

The players ear word for word verbatum.
Super agent got him locked. Coaches be hatin him.
Super agent wouldn't even come in my hood.
If I had no skills, was wackin' no good.
Uh, in my neck of the woods the leagues concrete.
One can only dream about wood, yea.
Feel the grain and let the bills get paid.
Pay respect to the projects,
And the half court rejects.
Scholarships, save that college shit.
Then championships, don't pay for the head trips.
Can I get a chance if I don't sing or dance?
Right about romance? Or wear short pants?
So I rave and rant, and you can't say I can't,
Get my grants, cold chillin in a b-boy stance.

Super agent (Super agent, where are you now?)
Super agent (What a hell of a man)
(Where you at?) Super agent (Super agent, where are you now?)
Never flagrant (Big daddy moves).
(Where you at?) Super agent (Super agent, where are you now?)
Super agent, (Backstabbin) super agent,
(Super agent, where are you now?)
Never flagrant (Watch yo back)
Let's get it on!!

Fuck that trophy, find the loot then approach me.
Land a milk and honey can I get a quickness to the money?
All witness, no cheers the four years I ain't wit this.
Hell wit the N-C-double A cause my super agent's paid.
With his dollars I could buy a fuckin' college.
Mister Ra-ra campus isn't keepin school bustas.
Lookin who's lovin' ya, going for the juggeler.
They know they can't contain me on the regular.
Pimps pushes, the pocket book guzzeler.
Would you pardon my father please, Mister Governer?
Thought he had it made, dreamin about a trade.
Things we get, help but the roof on this bitch.
Dark side of the room when he jumped the broom.
Super agent got this player, nine figure wages.
Back of sports pages, off ghetto stages.
Shootin sleepin pills and runnin to the hills.

Super agent (Super agent, where are you now?)
Super agent (What a hell of a man)
(Where you at?) Super agent (Super agent, where are you now?)
Never flagrant (Big daddy moves).
(Where you at?) Super agent (Super agent, where are you now?)
Super agent, (Backstabbin') super agent,
(Super agent, where are you now?)
Never flagrant (Watch yo back)

Public Enemy Lyrics

"Go Cat Go"

(from "He Got Game" soundtrack)

Say it takes two to tango
But a crew to bang, yo
Superstar shootout
Overtime at durango
Clear out/the box out
Practice at the range - yo
Get the d to step back
Unless they be deranged, dough
Rae me fa so la ti dough
The chiza/rarely do missa
Money earner isa
Barn burner
Highlighted by the headturner
Every step you take
Televised by ted turner
TBS and TNT
Sunday drain the tray
But drew the foul on NBC
Ain't no stoppin me
I told y'all
I close the door on the series
Swept but they ain't here me
In case you forgot
This shot is hot
Boo yoww
Like Stuart on the Scott
Haves and have not
Go cat go
Let the legend grow
Game it like you game it
Better let em all know

1 for the chiza
2 for the flow
3 to get the heads ready
Go cat go
Go cat go

Go cat go
High and down low
Do it like you did
On the brother wit the fro
Good job baby

Get the crowd crazy
Put that finger up at the section ladies

Scream c'mon scream
At the chisa and the cream
Raised up in brooklyn
But be ballin down in queens
White man's burden
Be a black man's dream
Badge over troubled green
Be a triple team
Suits and ties
See the envy in the eyes
Controllin guys while the
Buyers lie about the size
High priced adonises
Unkept promises
Boxscore forgets all the no name threats
Puttin numbers up
To get them numbers up
Keep bouncin
But whos countin?

1 for the chiza
2 for the flow
3 to get the heads ready
Go cat go
Go cat go

Go cat go
High and down low
Do like you did
On the brother
With the fro

Go cat go
Let the legend grow
Game it like you game it
Better let em all know

Go cat go
Let a player know
Coney island style
Before you go pro

Public Enemy Lyrics

"Sudden Death"

(from "He Got Game" soundtrack)

Virgin bitches
With rockin' clitches
Gettin' riches
Snitchin' and trippin' your way into the here at
The devil carried the cross to Christ
On the back of a black angelic hood rat
On an anti low jack crack hat
I'm humble
But I'll rumble
With any given devil
On any given level
But must I put into effect
And black caught *[?]*
No don't test me
Checks from the ass to the throne
Grown, I'ma do it my way
Oh, by the way, I don't play
So what you say about this lost and found
In lust but bound
To get the stacks
From the last sex acts
Sack the Government tongue kissed the devils daughter
And sent native daughters to the slaughter
The last six chapters of an anti-nigga knock
Entitled life in the fast lane
Like death, in the last lane

I live, until the day I die
I live, until the day I cry
I'm dead, the day I lie

I'm not takin' pay off's
And lay off's
Knockin' G's off
From the tip off
Less academic callories
Hope to make a high price salary
I got 40 acres to comphiscate
I got a mule that can't wait to *[?]*
On who gets paid
And who gets layed
And who gets saved
And who gets sprayed
By burnt pale faces
Fiends in high places
Faces and faces chasin' traces and cases and cases of case suits

Gettin' loot
In a two piece multi national corporation noose
Around the neck of his pops
Got locked and dropped by a dirty cop
Stop

I got an attitude how do you figure
Am I supposed to be a nigga
Am I supposed to be a nigga
Am I supposed to be a nigga
Am I supposed to be a nigga

Public Enemy Lyrics

"Dark Side Of The Wall: 2000"

Kill
Time is running out
Prophecy is a mean thing
The prophets are together
No one will be permitted to get in this area
Except by special pass issued by state or military prop
The year of our lord two thousand
Hysteria of music
The war will become a single machine
Then is a story about what happened and why
The explosion the explosion
Then is a story about what happened and why
Four three two one
Kill
The terrifying future
The terrifying future

This century *[x14]*

Public Enemy Lyrics

"Do You Wanna Go Our Way???"

Now what sound of my DJ cuts
Terminator's back on some ol' fools track
Takes a nation of sellouts to keep us back
Flippin disco raps used to be whack
Now what you hear is what you lack
Take a lil bit of this a lil bit of dat
Who dropped the bomb on hip hop
Who got biggie and who shot tupac
What's forgot / ain't no eazy, no scott larock
Now what's rap gotta do wit what you got
For whom the bell tolls
Is that the way the story goes
85% believing all the videos
God knows / who controls the radios
Some people chose the road to be hoes
And so i rose / in the middle of all the woes
And def jam / negroes turnin up their nose
There's one way in no way out
No doubt the body count
Gettin headz checkin out

Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down

Time to make life shine again like glass
Gotta make it shine like glass

Outraged against the scene
Proofread the script
Flipped it back so I'm back in gang green
We interrupt this routine I had a dream
Da clean protein smacked the gangsta lean
Between the triple team
Wiped em out like a drought
Damn I'm raps tetracycline
Them lips foretold these apocalypse
Everything had a shot
And got hit wit bullshit
Twisted politics tricks I couldn't get wit
As one quits another nitwit hits
All the way crazy, shady

World turned upside down
I put it down
Why destroy what you love
Look around
Surrounded by chalk marks on the ground
Where the lost got found
Why it all come tumblin down
Why he and she gotta die
Now how dat sound

Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down

On & on to the break a dawn
Some the 100 meter dash I'm the marathon
Been around a long time
But the rhyme the same
Sound remains insane
Exchange the reign
Ain't that somethin
Figure I smashed the pumpkin
So I parallel the brains of cobain
Show no shame like the pain of kane
Gettin madd opposition hip to the game
It's that gran ol' pe ammo
Different time different channel
Funky piano
Here to witness get on up with a quickness
S1's in the house
Wit the thickness that get dis
1 2 3 4 5 attackin they frat
Griff is back got 5 on it black
The track got x on the decks
Terminators back cause a dat is whack
On the 1 and 2
Yeah go flavor
Pe hit the road gettin set to explode
Fight the power for peace
Can't forget the war mode
Overload
There she blows
Here we go
Now you know
Damn another alamo

Do you wanna go our way
This the way we puttin this down

Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down
Do you wanna go our way
This the way we puttin this down

Public Enemy Lyrics

"LSD"

Told ya buffalo soldier
Fell to the ground like folgers
Couldn't hold the boulder
Fancy dancer paralyzed for an answer
In the hip hop game but the rap got cancer
Tumors poppin from the middle of rumors
Generation x be the end of baby boomers
Is the next generation headed for doom
Control the soul and you got a got a
Truck fulla fertilizer blowin up the spot
Think it's terrorism the border line's hot
Check the passports tap the telephone
Surprise they home grown
And one of your fuckin own
It's dat same ol shit - dat same ol game
From that same ol gang up to that same ol thing
Now what I see say you know me
I pour a metaphor of lsd

I don't know what yall thinkin about
But if you know like I know
You better strap on your seatbelt
Cause you in for a long ride

Now I be damn I been a man
Figure I never call myself a nigger
To get benjamans
What's love got to do wit what you got
Not a whole lot / no forgot oh this shit is hot
Spendin all the cheddar for clothes
Wit a sign foreclosed on the front mud
Lost in dominoes

Now the heads tell tales
How the dead bled and fled
Now they livin up in the bed
Instead they seize us like jesus
Married to the mob did a sloppy job in hempstead
Lord had mercy wanna curse me
New world order got my ass drownin in the water
Now what you stuck to the west
That funk to the east is phat
Atl be krunk dirty south
Thirty thou crankin trunks
Try to pass the test but to the rest they flunk
Now what be indebted
Better get over it

Those times and raps ain't never comin back
No future without a pass I kick ass
Rock the sox offa pandora's box
Is itany wonder why the clocks flavor got
Between rehearsin a verse my jaw lox
I set the bomb between the r & b scene
Go against the grain run up on the train
And so I parallel the brains of cobain
As hip hop brain made em spill the champagne
Make it plain the sound remains insane
Come the same no holes closin up the lane
Don't ask no questions on the simple level
Can the magic get shaq back
Knicks get van exel
Bold rap lyrics fuck whatcha heard
Not no lost and found nouns or half ass words
Turnaround funk power moves ruffs
I ain't never been cuckoo for no coco puffs
Lsd, set it free make em see the tricks
Rather try at 37 than die at 26

Lawyers no loyalties accountants no royalties
Lie for a lie I look em in the eye
History speaking lawyers should die
Kissed the companies and made them all cry
A new rap song and a real drive by
Why o why did the video die
The narcs and the feds got the pimp niggas fraid
Threat of the aids got the bitches afraid
The god damn white man got you afraid
Social service got your mama afraid
Scared of the fact before a niggas black
Some of you say nigga before you say crack
You got no back is what you lack
Just say black and I'll see where your ass is at

Public Enemy Lyrics

"Here I Go"

Here I go, I don't give a damn if you wit me
Stupidity, shit I'm the reverse of jiggy
All that prettiness running on empty
Only wusses need pity, no I ain't from the city
5 minutes of fame if you don't know my name
Oh yeah, I'm that field nigga they all fear
Here's a madd salute to all my troops
Fuck a lawyer and the law and all them suits
I spits and I vomit cause I come like a comet
Better quit it if yall don't know what yall gettin from it
Just forget it if you wit it, that racket runnin it
Come on come with it, I think I'll fit it
Go to war but what the hell I'm fightin for
As I soar yeah baby I like it raw
No cigar, I ran over the pop star wit my car,
Again and may the best jam win...

Here I go -- there you go

Bingo, it don't matter if this platter's a single
Needin needles like the beatles needin ringo
From the beginnin I told you how to see thru the linen
All that talk but that's the way
The side walks in new york
I simplify cause you might be high
Rip shit in the pit so what you don't like it
This is man shit a hip hop trip
On that aggressive tip but rap got pussy whipped
Got out psyched down on that turnpike
I knew this philly who just wouldn't get right
Cause I was aware as a square in delaware
Execs writing checks for sex in spandex
Radios gettin sucked by labels under the table
Mix dj's gettin overpaid for airplay
Try to shut me down like ray, what I say?
Fuck your friends and may the best jam win

Here I go -- there you go

Mirror mirror I'm finger pointin at the man
It is i, I interrupt the program
Chuck d rubberneckin with the fans
Pe don't give a damn about uncle sam
And on and on like I said before
Some, the 100 meter dash, I'm the marathon
Against the grain comin like a train
As you listen to the sounds that remains insane

One on one and it's just begun
To get out the ghetto and get something done
To be the man you gotta beat the man
Don't confuse me with being dumb or bubble gum
And I'll be here as you disappear
And I'll be around amongst the crowd
Cause anything I wear is a step on down
That's how I've always been
And may the best jam win...

Public Enemy Lyrics

"41:19"

I come out my crib
Walk out on the block it's hot
Yo there's a black car parked on the corner hot boys
Tnt be creepin, while niggas be on the side
Of the soda machine sleeping
Word up kid, they seen what you did
In the car parked way down the block with binoculars
That's what they got.
Helicopters parked out on the roof
10,000 disposable cameras taking pictures for proof
You know what this is
That all y'all, get on the wall y'all
Take your worth out ya ass in the stall y'all
Or you take a mean bad fall y'all
Tnt they be playin for keeps
Wipe you off your teeth like cavity creep.

Word is born, your kids miss you when your gone
But life still goes on, you think they give a fuck?

Yo it's hot, what they got, 41 shots

Bad boys bad boys what ya gonna do
If you get caught by our muthafuckin crew
Shot 41 only hit 19
They need target practice, that's what it seems to me
Ally al is sharpton dan a tack
I'ma be like ally al and fight ya back
What, do you want to go to war, you want war?
Do you want to go to war, you want war?
I'll bury all you cocka la roaches for breakfast
Shit you out and throw you in the water for the next fish
Cuz I can do that shit g
F-l-a-v-o-r f-l-a-v see.
To the highest degree times 3
That's what you get fuckin with my family

Word is born, your kids miss you when your gone
But life still goes on, you think they give a fuck?

Yo it's hot, what they got, 41 shots

Shootin at oj
Don't know if he did it
Racist mutherfuckers mad cause they ain't with it
The police get out the car searchin for nuthin
If you got sumthin, then they got you for sumthin

That's fucked up, the way they play dirty
Lock em up in jail until he's past thirty
They don't give a fuck about you
They don't give a fuck about me
I'm past thirty three
Word is born, born is my word
I got you before my word fails
Fuck whatcha heard
I keep it real, you never catch me fakin
When it comes down to money that's what I'm making
Don't try and take my shit yo, I know lex yo
I'll have a fit yo
I'll turn the whole mutherfuckin block on you yo
And that leaves you with nowhere to go
Secretly by the police you was hired
You my favorite customer I didn't know you was wired
A nik on the ground, covered by my feet
Ay yo rah get the heat

Word is born, your kids miss you when your gone
But life still goes on, you think they give a fuck?

Yo it's hot, what they got, 41 shots

Public Enemy Lyrics

"Crash"

People runnin on empty
Rock the sympte
Outside 2001
Other side of the sun

Running, here we go tumblin
Few solutions, honey they polluted the future
Got me thinking of a new thing
Revolverlution
Computer souls, controlled by confusion
You be clubbin, while the world around you crumblin
Think its funny? Bunch of crash test dummy's
If all this shit, means the end of my money,
This is a stick up, off go the pagers and celly's
Us dollar, ain't worth what it's printed on,
Backed by the pentagon, sounds like babylon,
So I babble on, some of us stuck
In them barbershops and them hair salons,
While the crash comin at your ass...
While the crash comin at your ass like a bomb.

Now it all comes tumblin, runnin
Time is runnin runnin crash is coming,
Break the bank, spinning since the beginning,
Now it all comes tumblin, crumblin
Time is runnin runnin crash is coming,
Break the bank, spinning since the beginning,
Willie dynamite, time to cry and no ice.
Y2k, fallin out of the sky, so its chosen
Your ice is frozen, don't cry dry your eye
Ain't this a bitch, fuckin glitch. Mother fucker what
The count down to my account, count it down
Ashes to ashes, dust to dust, hush make that head bust.
Last hour no control tower
Making new may flowers, fightin new powers
Have you forgotten, the other side of rotten,
Picking electronic cotton diggin digital ditches,
Lookout, lookout for the crash...crash...crash..

Have you forgotten, have yor forgotten

Y2k, that's the question,
What the fuck is up got the 85 guessin,
I told y'all for y'all protection
Got me a name change, a pair of smith an wessuns
Starring crescents mad packed with the lessons,
Figure 5% got the 10 counting blessings

Programmed by programs got you bowingto the man.
Avoid collisions in mid-air, medicaid and welfare
Zero zero what the fuck do you care?
All the lights be out, you can't get nowhere.
All around, that's why I found tony brown
The world we know, it's going down...down...down...down

Public Enemy Lyrics

"Crayola"

Stax of wax 55 high fulla tracks
New cats jackin beats from way back
Pay for play only way to get them platinum plaques
Clear the racks jobbers slobbin you for tax
Robbery and snobbery
Shit is killin me softly wit that same damn song
Makin folk dumber in the summer
A bummer when they shot willie in that hummer
Keep it simple stupid means numbers
Payola dough white owned black radio
Runnin on empty help go the desperado
So I bomb the toms and negros who pray to cash flow
No info to the masses as they shake their asses
No clue but I can't get my shit up in to you

Crayola with that same same ol shit
Crayola with that played playa shit
Crayola with that kid crayon shit
Crayola with them ol spray on hits

All fucked up ways must fall
Now the industry can't stop me
A vendetta to make the whole game better
They get the cheddar
All I got is a fuckin letter
What I owe? What am I
Another number and a ho, they don't know
Time to see em go like dominoes
About time cause they endorsed the crime up in the rhyme
Got these new souls controlled goin outta their mind
Missed what I said cause they don't even own their own heads
Go one go all I forgot they made robots outta some of yall
Today all fucked up ways must fall
Today is up against the wall
Misled in the head fucked by quiet storms and love songs
Noddin heads too hollow forgotten tomorrow
Swallowing all that shit that's shallow
Give the baby anything the baby wants
But that's how them bastards get us up in them caskets
Try to get me where they want me
Before some of them jump me
Go tell em I'm a start a rebellion
Educate the felons easy on yeah
Tell em what the fuck am I yellin
No tellin you got them artists and artificials
If it ain't right I don't give a damn if it's sellin
Recruits chasin and racin for that loot

Usin usual drum loops so I salute my troops
I don't socialize or mingle, fuck the promotionals
And you know what and that g-damn single
And the marketing team for that matter
It don't matter
Dj's gettin dimes for time on a platter
I ain't gotta be high to jack so I hijack
Fm - radio - eff em turn it around muthafucka
Gods to niggas, queens to bitches
Race against time see em all runnin for the riches
Everything had its chance last dance
Some things change like them weather forecasts
Ha funny how shit don't last

Crayola with that same same ol shit
Crayola with that played playa shit
Crayola with that kid crayon shit
Crayola with them ol spray on hits

Public Enemy Lyrics

"First The Sheep Next The Shepherd?"

First the sheep next the shepherd
Chuck's run amok multiplying like leopards
Spots em up the long bombs a record
A long shot / 3 minutes 15 seconds
If I was cloned never would I be alone
Just the two of us mutherfuck the lexus
Strange fruit be hangin in texas
Rope be holdin the necks
Poison politics affects us
Get my flow on a show of flexes
Got too much love above
For the battle of the sexes
Now I won't go as far as romancin myself
Or dancin with wolves or runnin wit the bulls
Shit I be in two places at one time
Split spaces wit one rhyme
Get 3 nickels outta one dime

First the sheep next the shepherd

Fill generation gaps wit mad raps
Get slapped
Give four smacks the hell on back
Be the father son and the holy ghost
As I represent both the east and the west coasts
Whatever that's worth 360
The planet earth that's the whole black man's turf
Now I be the rational national
Ever present international
Spy wit the third eye against the conquer and divide
Now wit three of me I can run a country
Make apocalypse quit do mad shit on the side
I go on wit my bad self if I had four of myself
I would sacrifice two to get that slave outta you
In my eyes be the anger of the furious five
Flashbacks cut across psycho tracks
Been there done that and I swung a big bat
Like that there it is I be the startin six pack

First the sheep next the shepherd

The east to the west south to the north
The music might switch the rhymes never fall off
Non alcoholic avoiding the bomb
In abortion clinics I be the hero up in it
Jack the cracker dat did it
Now the magnificent 7

Hip hop gangsta rappin
Holdin it down makin it happen
From oakland to manhattan
If I was eight / I be damn great
City to city / state to state
Won't never be too much on my plate
Flow like watergate
Wit nine of mine
I'd get piece of mine
Again and again
Wit that power of ten men
Duplicated by the split
Of one mean gene an shit
Back to the lab
Wit them scientific crabs, what next?
3 minutes and 15 seconds

Public Enemy Lyrics

"World Tour Sessions"

Behold, the whole planet upside down
I put it down
Shuttin' down disco clowns
I get around
This rap games like a sport
Been through two passports
Assed up an airport
Black man still gettin' no support
Comepnsation we ain't seein
Split by Europeans
Damn, treated less than human beings
No matter, Africa, Brazilia, St. Louis or the Carribean
Traveled the seven seas
Rocked many races
Spread the cash clean trash in a lot of low places
Seen the look of love on many mad faces
When I rhymed about the times and not the paper chases
People all over the world givin' mad respect
When I identified who the Government wrecked
Plus the sound scan, as the company rep
They don't care they jus about keepin' they checks

Round and around and around we go,
Where the world's headed,
Nobody knows
Round and around and around we go,
Where the world's headed,
Nobody knows
Round and around and around we go,
Where the world's headed,
Nobody knows
Round and around and around we go,
Where the world's headed,
Nobody knows

Here the crime rhyme created a lot of robots
Can a real lyric fix the shit time forgot
Loops got ya brain gettin' locked load up wit words
That never meant a lot
And you can't call the cops
And y'all don't really know
And y'all don't hear me though
Takes a nation of big brains to break up that flow
And the game ain't changed
But the heads be rearranged
In danger, my language is rappin' in anger
I be bangin' so I point my finger

While we sleep
Races set us up like sheep
Everytime I go some place
Slaves in my face
Black people, in a plantation state
No control of our soul
And wouldn't know our fate
Now am I wrong to hate, hate
38 countries, 51 states
Now you tell me, who in the world gonna compensate
One hundred million laws
Make a nigga wait
Got bake the green to get food on the plate

Round and around and around we go,
Where the world's headed,
Nobody knows
Round and around and around we go,
Where the world's headed,
Nobody knows
Round and around and around we go,
Where the world's headed,
Nobody knows
Round and around and around we go,
Where the world's headed,
Nobody knows

"I"

I came from a place I forgot
I woke up in a parking lot
Far from a meal and a cot
On the corner
Where all the streets got the same name
Maybe my brains on the brink of insane
Pain between the papers while sleepin on the train
This the land of milk and honey
Know what I'm sayin
The invisible man times three
Black, down and out
Out standing on a corner no doubt
Now a nation of homeless
Sleepin in bus stations
Another win for the pilgrims
Who said no more haitians
As I proceed
Someone to feed me is what I need
Through three blocks of dealers
Tryin to hit me off wit weed
Avenue and boulevard hungry as a Motherfucker
Hope to get a ride from a trucker
Everybody know I ain't no sucker
Everyone used to drop 30 at the rucker
Away from crazy kids in generation wrecked
Dissin pyramids while praisin projects
Walk past old folks gettin no respect
Callin young folks a bunch a no good rejects
And I walk on

An eye for an eye
I can't recognize the man in the mirror
Is it I, it is I now who this cat I'm lookin at
Cause I've been waiting so long to get where I'm goin
An eye for a eye in this country tis of thee
Now how the hell can I be free
Who this cat I'm lookin at
Cause I been lost so long without anybody knowin

So I move on and I walk on
Past the preachers and the pimps gettin their talk on
Now why do home gotta be where the negative roam
To be or not to be so I roll alone
I'm trapped within this skin and these bones
Temporary kings on cellular phones
Can I last as I walk past
Cigarette Billboards and Malt Liquor Ads

Walkin on broken bottles and potato chip bags
Everyone I see got the nerve to brag
Where they from what they got
And don't own squat
Disrespect where they from and ya might get shot
Zombies askin me what the latest Bomb Bay
Should shot the fuckin sheriff and the fuckin deputy
For ok in the drug trade and lettin it be
But I know prison for me is an industry
So I Walk
I heard the best things in life be free
Didn't god make the land the air we breathe
Not for the homeless don't give a damn about me
In the mirror somebody else is starin at me
Maybe prison is the skin I'm within
All this time I been sufferin can't fix it wit a bufferin
Plus they said I'll never work in this town again
Damn so I keep on walkin

An eye for an eye
I can't recognize the man in the mirror
Is it I, it is I now who this cat I'm lookin at
Cause I've been waiting so long to get where I'm goin
An eye for an eye in this country tis of thee
Now how the hell can I be free
Who this cat I'm lookin at
Cause I been lost so long without anybody knowin

Lil day day is big day and just did time
Seen him standin on the unemployment line
Which collided wit the line of the health clinic
I seen Crazy Stacy her ass standin up in it
No more welfare cut her medicaid
Damn my mama used to do her braids
I keep walkin so they don't see me
But I doubt if they doin any better than me
So I walk on never take the planet for granted
I paved the concrete, asphalt and granite
I walk pastast three brothers sittin on the porch
Wit a yard of dirt and littered wit Newports
Talkin how they comin up while they sittin on their ass
As I walk past em I'm a target of their laughs
And one said lets get em for his fuckin stash
As I walked fast past the other yards wit grass
Had a lil cash tried to make it last
From a few deals I made from cleanin windshields
I ran like a rally they caught me in an alley
Can't get out the ghetto from New York to Cali
I thought I had nothin till I felt the knife
And now I ain't even got a life

Public Enemy Lyrics

"What What"

When flav starts to get busy
Grabbin the mic and they say who is he
Cock deezal breakdown like bill bixbie
When I think, yo I think in 360
Gimme the mic an I'ma solve all mystery
I dare any punk to try to step up and diss me
Cuz when he do, that's when he kiss dee
Titles go by and my style is fly
One more time I came here to rhyme
Gimme the mic and I'ma go for mine
So emcee's all a yall shut up
When flavor's in the house we say

What what

Let flavor blow it up
And if your ready to rock this party tonight
Somebody say what what

Now when I do my flavor dance
All the ladies go crazy in a trance
Nonstop booy from the clock on my watch
I can bring it from the bottom and take it to the top
Let me rock, come on let me get wit it
When I tell you what to get, don't get offended
Gimme the mic and I'ma bend it
Transmissions from the sky yo I'll send it
Times on my hands yo sometimes I lend it
Though I'm spendin it for a fact
I'll make you say what what
Cause flave's back

What what

Let flavor blow it up
And if your ready to rock this party tonight
Somebody say what what

Now everybody listen to flav
If you don't listen to me you will end up in your grave
Most of these people's rhymes is whack
But I got a bunch of rhymes in my napsack
Walk on my back with the black hat
Got the rhymes to come on the attack
Can't you tell that I'm really good lookin
They know me from miami, california
Back to brooklyn

Even in spain they knew flavor's name
In japan they know I'm nice in the game
We maintain yo brothers feel the vibe
We did the first album and it came out fly
And don't ask why you won't understand
Styles we got millions of fans
So come on get down like this what's up
When flavor grab the mic
I will rip your butt

What what

Let flavor blow it up
And if your ready to rock this party tonight
Somebody say what what

Public Enemy Lyrics

"Kevorkian"

Start a war on the poor gettin mad donations
Takin cheese out of poor nations
Got haitians still on sugar plantations
Wiped em out called it exotic vacations.
As you dig it they set up regulations
Turn the rest of the world into cancer patients.
What's the diff no buts ands or ifs...
Now i need a place to hide away.
Are you ready are you ready

Whose the real docs of death
Oh no it's doctor death

Killer man atomic b-boys in japan.
Another brother dies up in sudan
Kevorkian got the heads lookin for that kill em
Dead from the feds shit man
Contaminated in sad predicaments
Blood threats, blastin continents
Kings, queens dead presidents
Can't tell me where my chiza went.
Take em down blow the house down blaw
The evils got you wobblin like weebles
Thinking you equal, killin lost peoples
No sequal remember biko

Whose the real docs of death
Oh no it's doctor death

Whose the real docs of death
Killin millions til they're last breath
Got no right to be dead ass wrong
Killin me softly with your songs

Bring the noise
But surrounded by cowboys
Indigenous but wiped out
Diggin new ditches
Can you dig it
Turnin tricks at the tip of politics
The devils slick, gettin their head split
I spit at those hypocrites
So I sticks to the music
Think about it it's god
You better get with the scene
Keep you and I from being human beings
You deserve what you deserve,

If you believe what he believes
And into everything you leave.
Oh what a tangled web you weave,
When destroyed by the disease by 33 degrees
Bringing satan down to his knees

Public Enemy Lyrics

"Swindlers Lust"

[Flav] Yeah back it up
[Chuck] Vultures of culture
A dollar a rhyme, but we barely get a dime
Uh-huh, check it out

[Chuck D]
If you don't own the master, then the master own you
Who you trust, from Swindler's Lust? (GEYEAH!)
From the back of the bus, neither one of us
control the fate of our soul, in Swindler's Lust

Hickory dickory dock
Hand in my pocket, rob me for my chocolate (eheheheh)
Mo' dollars, mo' cents, for the Big Six
Another million led to bled, claimin innocence
Is it any wonder why black folks goin under --
-- cause niggaz be sold in bundles
No pressure, tell me why they don't care
Rap and R&B pavin the streets of Bel-Air
From the sales of singers, no longer here
The bigger killer, get the bigger share (eheheheh)
Now the ones I attack, negroes got their back
No, eighty/twenty is a wack contract
Forever lack, the voice of real blacks
Stole rock'n'roll and ain't gave it back (yea yea)
Started off my defense, now they're the ones I defend against
who fell up into the tricks
"Fuck the Fight the Power shit; get that Chuck D nigga fixed,
and keep him up out of the mix"
Well hell, tell em Chuck don't suck no dick
Be an ass, and that ass get kicked
Hand in my pocket, rob me for my chocolate
Watch em swindle yo' ass and turn a profit

If you don't own the master, then the master own you
Who you trust, from Swindler's Lust?
From the back of the bus, neither one of us
control the fate of our soul, in Swindler's Lust

They don't care about me, they don't care about you
They don't care about you and your crew
your family neighborhood and plus, heh,
they don't give a damn about us

[Flav] One thing about them, they like to exploit though
[Chuck] Vultures of culture
[Flav] They like to exploit little suckers

[Chuck] A dollar a rhyme -- while we barely get a dime

[Chuck D]
Profit off the soul of black folk
Turn em into bitches, niggaz, and stupid ass jokes
Laugh with us? Or laughin at us? That's what I'm guessin
We in the Rutgers program with that question

They came in and sat at the feet (uh-huh) of our ancient ancestors; they learned (yeah) they took it back.
They came back, then they imitated (right)
Once they got enough, they came back and destroyed

[Chuck D]
Laughin all the way to the bank; remember them own the banks
and them god damn tanks (god damn right)
Now what company do I thank? Ain't this a bitch
Heard they owned slaves, in a ship that sank

[Flavor Flav]
Aight aight aight aight yo yo
Where all the Louie's? Where my Louie's? Ehehe

[Chuck D]
If you don't own the master, then the master own you
Who you trust, from Swindler's Lust?
From the back of the bus, neither one of us control the fate of our soul, in Swindler's Lust

This to the blues people in the Delta
This for everybody in the 50's that didn't, get their money
Little Richard gettin half of a penny
All of the super soul singers of the 60's
All the bands of the 70's on the outside lookin in
All the people that didn't make a DIME
off their session playin
And even the rappers in the 80's and 90's
still tryin to get paid, from what they put in, yeah

If you don't own the master, then the master own you
Who you trust, from Swindler's Lust?
From the back of the bus, neither one of us
control the fate of our soul, in Swindler's Lust

Hmm..

Public Enemy Lyrics

"Kill Em Live"

All I wanna do is get paid back
For all that time I spent in the back
Livin in shacks, fillin up sacks of cotton
Now it's what we fought, you're makin six packs
There's some got our hope out of control
Of my soul, pass the Ol' Gold
Behold the pale horse, Supreme Court
Sweatin niggas like sports
Hunt a nigga for sport
See a nigga play sports, no support
On the outside lookin in
If that's what's up then I ain't never been in style then
Everything is anything, anything is upbeat of nothing
Once again, poisoned from the paper and pen
You better defend that bullshit on the other end
Fuck your own thing, if your own thing's the wrong thing
Fuck dem chicken wings
Last able man standing
Follow what? I ain't understanding
What's better to understand then be misunderstood?
Cos the FBI is up to no good
Power to the peeps who come with their own drum
And don't end up like sheep

(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)

Mad heads confused by the isms
Bustin caps incoginisms
Phone taps, makin sure they record ya
From my midnight plane to Georgia, uhh
Ancient to *[?]* player
The life giver, the name take-awayer
Propaganda can't gasp the last man standing
Assassinate all the plannin
Get wreck, what you see is what you get
To plunder more stars than Trek
21st Century Robin Hood
I guess the politics are robbin hoods
Fuck the Government 'cause you know that I would
Cos the FBI is up to no good
Power to the peeps who come with their own drum
And don't end up like sheep

(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)

Be a bitch is a foreign crime
Engine, Engine Number 9
Engineerin monopolies, triggers and uninsured jalopy's
Catchin more lock than companies
Engineerin opinion and policies
Herd following like sheep
Following of the sheep will be sheep
based on what they heard from their peeps, uhh
Able to straddle quick beats without a battle
Politician assassinated
Rappers get shot, quote Chris Rock
"To have, to have not" is the question
Yes, them 'have nots' be robots
All the sheeps have forgot
The 'haves' keep the 'have nots' guessin
under them Smith & Wessons

(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)
(Kill!)
(Kill Em Live!)
(Kill!)

Public Enemy Lyrics

"Revolverlution"

Here I am
Superman again
Cause you know damn well ill never be a manniquin
Here I go
On upload
Stand up and watch this game unfold
3 minutes to download
Revolverlution
Make your brains explode
With understanding,knowledge ,wisdom
Love,elevation and activism
Lets call it raptivism
Since a lotta mcees be stuck on isms
As in sexism
Self hate racism
Why many cats end up stuck in prison
New slavery
Is what you see
Is what you be
Mentality
Beyond realitys'
A fantasy
But the fantasy is killin me
I don't give a damn if you bounce to this
I don't give a damn if you shake to this
But I give a damn that you overstand
Revolverlution
The rapsuperman

The vinyl frontier
And I'm outta here
Have no fear some of these rhymes wear a cape
But the record don't fit on a stack of bush shit
Sick and tired of bein sick and tired
If what you want
Is what you need
If you can see yourself beyond the weed
Papa bringin on a new breed of emcees
Ooooh weeeee
Face it tell me why ex fans be hatin
The present state of the hip hop nation
Maybe its your president
And them corporations
Is why we in this situation
Son is dumb
So double up the drums
Here the beat go

Watch em all come
Damn
Revolverlution
The rapsuperman

The rap superman
Cut off the program
Raised the whole fam
Now that sounds hot
I stop the robots
Children of the gone who the grown forgot
Lost then found x lovers of hip hop
Who watched another artform
Gone to rot
Beyond the bush I save a lot
Under the underground
Sound of hip hop
Even if this joint gets hot
You'll still never ever know what I got
Revolverlution
Up in this spot
Now the rubber hits the road
Broke the motherlode
Download
And hear the beat go
Here the beat go

Public Enemy Lyrics

"Miuzi Weighs A Ton"

Yo Chuck, run a power move on them

Yeeaahh *[x3]*

Yeeaahh

Step back, get away - give the brother some room
You got to all turn me up when the beat goes boom
Lyric to lyric - line to line
Then you y'all understand my reputation for rhyme
Cause my rhyme reputation depends on what
Style of record my DJ cuts
His slice an' dice - super mix so nice
So bad, you won't dispute the price
Cause it's plain to see - it's a strain to be
Number one in the public I enemy
Cause I'm wanted in 50 - almost 51
States where the posse got me on the run
It's a big wonder why I haven't gone under
Dodgin' all types of microphone thunder
A fugitive missin' all types of hell
All this because I talk so well
When I,

[Chorus:]
Rock - get up - get down
Miuzi weighs a ton
Hold it *[x4]*

The match up title - the expression of thrill
For elite to compete and attempt to get ill
If looks could kill - I'd chill until
All the public catches on to my material - you know
The ducks criticize my every phase of rapture
Can't wait to read the headlines of my capture
Accused of assault - a 1st degree crime
Cause I beat competitors with my rhyme
Tongue whipped, pushed, shoved and tripped
Coocked from the hold of my Kung Fu grip
And if you want my title - it would be suicidal
From my end - it would be homicidal
When I do work - you get destroyed
All the paranoid - know to avoid
The Public Enemy seat I've enjoyed
This is no kid and I'm not no toy boy

[Chorus (x4)]

I'm a Public Enemy but I don't rob banks
I don't shoot bullets and I don't shoot blanks
My style is supreme - number one is my rank
And I got more power than the New York Yanks
If Miuzi wasn't heavy I'd probably fire it
I'd make you walk the plank if I was a pirate
If they made me a King - I would be a tyrant
If you want to get me - go ahead and try it
Snatcher, dispatcher, biter never been a
Instead of takin' me out - take a girl to dinner
The level of comp has never been thinner
It's a runaway race where I'm the winner
It's unreal - they call the law
And claimed I had started a war
It was war they wanted and war they got
But they wilted in the heat when Miuzi got hot

[Chorus (x4)]

My style versatile said without rhymes
Which is why they're after me an' on my back
Lookin' over my shoulder - seein' what I write
Hearin' what I say - then wonderin' why
Why they can't ever compete on my level
Superstar status is my domain
Understand my rhythm - my pattern of lecture
And then you'll know why I'm on the run
This change of events results in a switch
It's the lateral movement of my vocal pitch
It eliminates pressure on the haunted
But the posse is around so I got to front it
Plus employ tactics so coy
And leave no choise but to destroy
Soloists, groups and what they say
And all that try to cross my way
When I,

[Chorus (x4)]

Yeah, that's right
Public Enemy number one in New York
Public Enemy number one in Philly
Public Enemy number one in DC
Public Enemy number one in Cleveland, Ohio
Also where Public Enemy number one in St. Louis
Public Enemy number one in New Jersey
And bust it
Where also, Public Enemy number one in Cincinnati
In Atlanta

Public Enemy Lyrics

"Put It Up"

Cant understand some of these
Rhymin in circles
Now patroitic emcees
On bent knees
By six degrees
Lord have mercy
Even the voice of god rehearses
Attack of the 50 ft verses
Supermama this time around gotta few curses
Papa gotta new bag of cant get
Worse comes to worse
Cant get enough
Of tryin it
Sayin nothing goin noplace no time soon
But buyin it
Like gettin in a car without drivin it
Still black rock the wax like stax
I rip, I mix
Full screen like imax
So I max
Relax
Off the deep end
Get deep in the record
100 beats per second
Cut down the like rhymes
Cause they get redundant
Refuse to stoop to stupid
Cause they dumbed it
Down
Like motown
Say it loud
Damn
Like I'm the new james brown uh

Put it up *[repeat]*

Rocked the concoction
A potion of too much emotion
Uh, I'm a keep it in motion
Call it whatcha wanna
Bus stop, lectric slide cha cha
Funky 16 corners

Hot like jill scotts blues
But damn too old for 22s
But I can still move
Groove

Lets roll
You cant do your thing
If your things the wrong thing
Tax the payers
Stack paper
But you failed as an eighth grader
Dumb ass
Failed every math class
Plus I know this like otis
I like to know
Are you ready for some super dynamite soul
F -it thats how it gos?
Beyond the cornrows
If I cant talk, get to steppin
Tongue can be a tool and weapon
Listen

Put it up *[repeat]*

Tycoons
Damn I'm tired of these coons
Rhymin in circles
Words can either help or hurt you
Or be neutral
Cats still might shoot you
What suits you
If you gots issues
A thousand tatoos
Confused in 200 dollar gym shoes
Spendin more than u got
2002 blues
Give it up turn it loose
Ain't no use
Rest of you
Screamin rescue me from the residue
Fast break 5s on 2
Us against you
So what you gonna do?

Put it up *[repeat]*

Public Enemy Lyrics

"Can A Woman Make A Man Lose His Mind?"

Yo, yo, check this out
Yeah, that's right, we're back in your face, what?
I gotta introduce
My homey, yo
We got Flavor Flav on the microphone

I was checkin' this big-butt chick's hot-n-fine (yeah)
And she was standin' in the bank on a cash machine line (aha)
Short 'n' cute, with the voice like a flute (yeah)
The Presidents are poppin', they head on the loot

Can a woman make a man lose his mind? (Hell, yeah!)
Damn right, 'cause it happens all the time (say what?)

Now, if it happens to me, it can happen to you
But it only happens to the ones whose love is true
And it's like that (why?), and it's like that (why?)
We'll be there up and make 'm motherfuckin' lift hat
Keep on lookin' good nigger, woah (whoa)

How you figure you can get one in yopa? (Hey, yopa)
Now, let me kick you the ballistics, G (why?)
All you gotta do, is just listen to me (me?)
Listen to Flav, I'll keep it real from now
To my grave, I got jumped on we both, man, brave (that's right)

Can a woman make a man lose his mind? (Say what?)
And it's like that (why?), and it's like that
Damn right, 'cause it happens all the time (I don't know)
And it's like that (why?), and it's like that

Can a woman make a man lose his mind? (Say what?)
And it's like that (why?) and it's like that
Damn right, 'cause it happens all the time (I don't know)
And it's like that (why?) and it's like that

Thank you (ha, ha, ha)!
Come on, yo, I was only 'round on the block, chillin', yo
That was when legs swap, pop eat lows, pop blocked it
Talkin' 'bout that time at the studio
You know, I know you're not bringin' it, serious though (aah)

So yo, baby, let that nigger go (why?)
So we can do his thing (that's right)
So one day you can get your wedding ring (damn, fuck it)
Don't drive me up the wall, like raidin' to the roaches, baby (shit)
I'll let loose the secrets, still

From the navy- on that ass, baby (that's why)

Can a woman make a man lose his mind? (Say what?)
And it's like that (why?), and it's like that
Damn right, 'cause it happens all the time (I don't know)
And it's like that (why?), and it's like that

Can a woman make a man lose his mind? (Say what?)
And it's like that (why?), and it's like that
Damn right, 'cause it happens all the time (I don't know)
And it's like that (why?) and it's like that (okay, love)

Co- come on y'all (aah)
Steppin' up through, ri- right about now (baby)
Co- come on y'all (aah)
Steppin' up through, do it like that (baby)

Co- come on y'all (aah)
Steppin' up through, ri- right about now (baby)
Co- (ha-ha) come on y'all (ha) come on y'all
Ste- ste- steppin' up through (baby)

Now, I'm gonna take two steps to the rear
And I'm gonna get the fuck outta here (why?)
And why not come back, baby? (I'm tellin' you)
I ain't tryin' to hear that shit again, yo (I'm tellin' you)

And why not come back, baby? (I'm tellin' you)
I ain't tryin' to hear that shit again, yo (I'm tellin' you)
And why not come back, baby? (I'm tellin' you)
I ain't tryin' to hear that shit again, yo (I'm tellin' you)

Can a woman make a man lose his mind? (Say what?)
And it's like that (why?), and it's like that
Damn right, 'cause it happens all the time (I don't know)
And it's like that (why?), and it's like that

Can a woman make a man lose his mind? (Say what?)
And it's like that (why?) and it's like that
Damn right, 'cause it happens all the time (I don't know)
And it's like that (why?) and it's like that

(Okay, love, okay love)
(Okay, love, okay love)
(Okay, love, okay love)
(Okay love)

Public Enemy Lyrics

"Public Enemy Service Announcement #1"

Check this out
This is Chuck D of Public Enemy

And this is Flavor Flav, boy

Yeah
And if you want to fight the power
You have to be the power
Strengthen the mind
And bury the weapons that you need to win
Stay in school and stay away from drugs

That's right
If you don't wanna be a goner
Stay away from the drugs on the corner

Public Enemy salutes the youth of today
You are the power of tomorrow, boy

Public Enemy Lyrics

"Fight The Power"

"Yet our best trained, best educated, best equipped, best prepared troops refuse to fight. As a matter of fact, it's safe to say that they would rather switch than fight."

1989 the number another summer (get down)
Sound of the funky drummer
Music hitting your heart cause I know you got soul
(Brothers and sisters, hey)
Listen if you're missing y'all
Swinging while I'm singin'
Giving whatcha gettin'
Knowing what I knowin'
While the Black band's sweating
And the rhythm rhymes rolling
Got to give us what we want
Gotta give us what we need
Our freedom of speech is freedom of death
We got to fight the powers that be
Lemme hear you say
Fight the power

Fight the power
We've got to fight the powers that be

As the rhythm's designed to bounce
What counts is that the rhyme's
Designed to fill your mind
Now that you've realized the pride's arrived
We got to pump the stuff to make ya tough
From the heart
It's a start, a work of art
To revolutionize make a change nothing's strange
People, people we are the same
No we're not the same
'Cause we don't know the game
What we need is awareness, we can't get careless
You say what is this?
My beloved let's get down to business
Mental self defensive fitness
(Yo) bum rush the show
You gotta go for what you know
To make everybody see, in order to fight the powers that be
Lemme hear you say
Fight the power

Fight the power
We've got to fight the powers that be

Elvis was a hero to most
But he never meant shit to me you see
Straight up racist that sucker was
Simple and plain
Motherfuck him and John Wayne
'Cause I'm Black and I'm proud
I'm ready and hyped plus I'm amped
Most of my heroes don't appear on no stamps
Sample a look back you look and find
Nothing but rednecks for 400 years if you check
Don't worry be happy
Was a number one jam
Damn if I say it you can slap me right here
(Get it) let's get this party started right
Right on, c'mon
What we got to say
Power to the people no delay
Make everybody see
In order to fight the powers that be

Fight the power
We've got to fight the powers that be

Public Enemy Lyrics

"By The Time I Get To Arizona (The Molemen Mixx)"

I'm countin' down to the day deservin'
Fittin' for a king
I'm waitin' for the time when I can
Get to Arizona
'Cause my money's spent on
The goddamn rent
Neither party is mine not the
Jackass or the elephant

20,000 niggy niggy brothers in the corner
Of the cell block but they come
From California
Population is none in the desert and sun
Wit' a gun cracker
Runnin' things under his thumb

Starin' hard at the postcards
Isn't it odd and unique?
Seein' people smile wild in the heat
120 degree
'Cause I wanna be free
What's a smilin' face
When the whole state's racist?

Why want a holiday? Damn it, 'cause I wanna!
So what if I celebrate it standin' on a corner
I ain't drinkin' no 40
Thinkin' time wit' a nine
Until we get some land
Call me the trigger man

Lookin' for the governor
Huh, he ain't lovin' ya
But here to trouble ya
He's rubbin' ya wrong
Get the point come along
He can get to the joint
I urinated on the state
While I was kickin' this song

Yeah, he appear to be fair
The sucker over there
He try to keep it yesteryear
The good ol' days
The same ol' ways
That kept us dyin'
Yes, you me myself and indeed

What he need is a nosebleed
Read between the lines
Then you see the lie
Politically planned
But understand that's all she wrote
When we see the real side
That hide behind the vote

And they can't understand why he the man
I'm singin' 'bout a king
They don't like it
When I decide to mic it
Wait I'm waitin' for the date
For the man who demands respect
'Cause he was great, c'mon
I'm on the one mission
To get a politician
To honor or he's a gonner
By the time I get to Arizona...

By the time I get to Arizona...

Well I got 25 days to do it
If a wall in the way
Just watch me go through it
'Cause I gotta do what I gotta do
Be number one
Gets the job done

When it's done and over
Was because I drove her
Through all the static
Not stick but automatic
That's the way it is
He gotta get his
Talkin' MLK
Gonna find a way
Make the state pay

I'm lookin' for the day
Hard as it seems
This ain't no damn dream
Gotta know what I mean
It's team against team
Catch the light beam
So I pray
I pray everyday

I do and praise Jah the maker
Lookin' for culture
I got but not here
From Jamaica

Pushin' and shakin' the structure
Bringin' down the Babylon
Hearin' the sucker
That make it hard for the brown

The hard boulevard
I need it now
More than ever now
Who's sittin' on my freedah'
Oppressor, people beater
Piece of the pick
We picked a piece
Of land we deservin' now
Reparation a piece of the nation
And damn he got the nerve

Another nigga they say and classify
We want too much
My people plus the whole nine is mine
Don't think I even double dutch
Here's a brother, my attitude has hit 'em
Hang 'em high
I'm blowin' up the 90s, started tickin' 86

When the blind get a mind
Better start and earn while we sing it now
There will be the day we know who's down and who will go, go, go...

By the time I get to Arizona...
By the time I get to Arizona...
For he's a gonner by the time I get to Arizona...
By the time I get to Arizona

Public Enemy Lyrics

"Post-Concert Arizona Interview (U2 Zoo Tour)"

It's obvious that thousands of young people here agree with you
I think it's a difference between
New America and old America
There has to be a difference for us
To coexist with each other

And I think there's a new understanding
Maybe you can see that
And, uh, and the Presidential elections and debates
It better be new understanding going on
You gave lot of credit at the end of the performance
To the current governor, Fife Symington
You mentioned that, you felt he was in the right place?
Yeah, um, my statement is toward our total government
You know and even in the past government was leaching
But, um I think that the present government, governor made an effort
To try bring understanding to the people that
It has to take place in Arizona
To truly be representative of what we feel is good

For you to come back, Arizona has to do what?
Uh, you know, performing here
While there still is not a King Avenue
It goes against my present rules, and I just think that
No matter who you are principles should come from...

Public Enemy Lyrics

"Son Of A Bush"

Oh no
Struck by greased lightning
F'ed by the same last name, you know what?
China ain't never givin back that gottdamn plane
Must got this ol nation trained
On some kennel ration
Refrain
The same train
Fulla cocaine
Froze the brain
Have you forgotten
I been thru the first term of rotten
The father, the son
And the holy bush-it we all in
Don't look at me
I ain't callin for no assassination
I'm just sayin/ sayin who voted for this asshole of the nation

Deja bush
Crushed by the head rush
15 years back
When I wrote the first bum rush
Saw you salute
To the then
Vice prez
Who did what raygun said
And then became prez
Himself went for delf
Knee deep in his damn self
Stuck in a 3 headed bucket
Of trilateral bush-it
Sorry ain't no better way of puttin it
No you cannot freestyle this
Cause yo ass still ain't free
If I fight for yall
And they get me
How many of yall
Is comin to get me?
None
Cause its easier to forget me
Ain't that a bush
Son of a bush is here
All up in your zone
You ain't never heard so much soul to the bone
I told yall when the first bush was tappin my phone
Spy vs spy
Cant truss em

As you salute to the illuminati
Take your ass to your 1 millionth party

Hes the son of a baaad
Hes the son of a bad man

Now heres the pitch
High and inside
Certified genocide

Ain't that a bush repeat ain't that a bush

Out of nowhere
Headed to the hothouse?
Killed 135 at the last count...texas bounce

Cats in the cage
Got a ghost of a chance
Of comin back
From your whack ass killin machine

Son of a bush ain't that a son of a bush

Cats doin bids
For doin the same bush shit that you did

Serial killer kid uh serial killer kid

Hes the son of a baaad
Hes the son of a bad man

Coke it's the real thing
Used to make you swing
Used to be your thing

Daddy had you under his wing

Bringin kilos to fill up silos
You probably sniffed piles
Got inmates in texas scrubbin tiles

That shit is wild
Cia child

Public Enemy Lyrics

"54321... Boom"

Can it be easy as 5 4 3 2 1
Damn sun
Heard it was easy as
1 2 3
We don't control the 3 e's
Still we be on the plantation
And you be in trouble b
Dizzy whirls and niggerlodeons
In the nigger time
24 duckin the war
No shirt on like
Wakin up at 3pm, no job
Ridin around on a bike
Hair half braided
Half combed out
Smoked out
Still braggin about
How cats gonna come up
Get that hustle on
While them babies born
Headed to the club to get more chicks, cmon

These rhymes ain't got
The glow of your normal
Fairytales
As another color passes
Another brother fails
No singin or blingin
Freestyle wingin
Beer can sittin around
Waitin for highlghts on espn
4 3 2 1 over it
Some Vince Carter dunkin on Mike, an shit
Get yourself together
Before these feds start
Scrapin
Heads off the street
Sendin cats to the middle of heat
Far in the so called middle east
Somebody gotta
Communicate
Beyond the beats

5 retail chains
Got your brains trained
To consume anything
With a bang and a boom

Gimme room
I'm sayin
It's a scam to pay for airplay today
But 4 major corps
Bought your support
Check the fine print
That cd you bought
Sony Time Warner Universal
Notorius BMG
No lie they just got EMI
3 radio corporations
Own all them so called
Black stations
While two tv stations
Gotcha kids waitin
WB we be
Hatin the fact
Every 5 seconds
Canned laughter
Rolls off the faces of blacks
U p n you pick a nigger
To make the problem
Nigger
As I await the one video arm
Viacom
To get bombed
No doubt

Public Enemy Lyrics

"Welcome To The Terrordome"

I got so much trouble on my mind
I refuse to lose
Here's your ticket
Hear the drummer get wicked
The crew to you to push the back to Black
Attack so I sat and japped
Then slapped the Mac (Intosh)
Now I'm ready to mike it
(You know I like it) huh
Hear my favoritism roll "Oh"
Never be a brother like to go solo
Lazer, anastasia, maze ya
Ways to blaze your brain and train ya
The way I'm livin', forgiven'
What I'm givin' up
X on the flex hit me now
I don't know about later
As for now I know how to avoid the paranoid
Man I've had it up to here
Gear I wear got 'em goin' in fear
Rhetoric said
Read just a bit ago
Not quittin' though
Signed the hard rhymer
Work to keep from gettin' jerked
Changin' some ways
To way back in the better days
Raw metaphysically bold
Never followed a code
Still dropped a load
Never question what I am God knows
Cause it's comin' from the heart
What I got better get some
(Get on up) hustler of culture
Snakebitten
Been spit in the face
But the rhymes keep fittin'
Respects been givin' how's ya livin'
Now I can't protect a pad off defect
Check the record
An reckon an intentional wreck
Played off as some intellect
Made the call, took the fall
Broke the laws
Not my fault they're fallin' off
Known as fair square
Throughout my years

So I growl at the livin' foul
Black to the bone my home is your home
So welcome to the Terrordome
Subordinate terror
Kickin' off an era
Cold deliverin' pain
My 98 was 87 on a record yo
So now I go Bronco

Crucifixion ain't no fiction
So called chosen frozen
Apology made to who ever pleases
Still they got me like Jesus
I rather sing, bring, think reminisce
'Bout a brother while I'm in sync
Every brother ain't a brother cause a color
Just as well could be undercover
Backstabbed, grabbed a flag
From the back of the lab
Told a Rab get off the rag
Sad to say I got sold down the river
Still some quiver when I deliver
Never to say I never know or had a clue
Word was heard, plus hard on the boulevard
Lies, scandalizin', basin'
Traits of hate who's celebratin' wit satan?
I rope a dope the evil with righteous
Bobbin' and weavin' and let the good get even
C'mon down
And welcome to the Terrordome.
Caught in the race against time
The pit and the pendulum
Check the rhythm and rhymes
While I'm bendin' 'em
Snakes blowin' up the lines of design
Tryin' to blind the science I'm snedin' 'em
How to fight the power
Cannot run and hide
But it shouldn't be suicide
In a game a fool without the rules
Got a hell of a nerve to just criticize
Every brother ain't a brother
Cause a Black hand
Squeezed on Malcom X the man
The shootin' of Huey Newton
From a hand of a Nigger who pulled the trigger

It's weak to speak and blame somebody else
When you destroy yourself
First nothing's worse than a mother's pain
Of a son slain in Bensonhurst
Can't wait for the state to decide the fate
So this jam I dedicate

Places with racist faces
Just an example of one of many cases
The Greek weekend speech I speak
From a lesson learned in Virginia (Beach)
I don't smile in the line of fire
I go wildin'
But it's on bass and drums even violins
Watcha do gitcha head ready
Instead of gettin' physically sweaty
When I get mad
I put it down on a pad
Give ya somethin' that cha never had controllin'
Fear of high rollin'
God bless your soul and keep livin'
Never allowed, kickin' it loud
Droppin' a bomb
Brain game intellectual Vietnam
Move as a team
Never move alone
But
Welcome to the Terrordome

Public Enemy Lyrics

"B Side Wins Again (Scattershot Remix)"

So here we go, y'all
Little by little you know
We got the power
And the knowledge to move 'em
And still rock
A super song for the cause so
Feel the load on your brain for the episode
And we just begun, it's number one, y'all
Brother Black, the B is back so check it out
And 'ya don't, I won't, if 'ya still, I will
Take 3 jams and hold 'em, this what I told 'em
To rock the other side, the sucker lied
Said, he would shock but never tried
And so I took 'em away, I never stayed, y'all
Called the Flavor Flav to make another record
To get played, he made a jam to get you stammed
Back to back in the place where the suckers are basin'
Whatever it takes to make it hardcore, we gonna roll it raw
That's what you but it for, c'mon
You roll in your ride, the DJ decides
To play it on the radio, the A side
He gives it a try but never gives it a try
And the people request the best on the B side
Food for the brain, beats for the feet
People on the dance floor, never claimin' a receipt
Had a good time rockin', rollin' on the go rhyme
The rhythm supplied by the superior B side
They had to twist and turn and shout
Turn the jam out, getcha' ready now, c'mon
The situation put you in to where you're sweatin' in
Hysterical B side, c'mon inside
Request the best to give a test and never give a rest
Your guess is good as my guess
And while I'm guessin' you're guessin', yo listen this is
A DJ to play to give a lesson and his name is Terminator X
And the sucker on the right gets cynical
'Cause the record's to the left and political
And you search the stores
Attack the racks with your claws
For the rebels without a pause
'Cause the B side wins again, again, again
Yo Black, some of you are all in
To make sure the crowd
Get loud wit' it on the dance floor
'Cause the B is pure sure
You never knew the crowd was this hype
But you thought we was that type

To start a riot, we ain't quiet
Kickin' a thunderstorm with a song
Why would we dare you to come along
Pump up the music, pump the sound?
Once again we gonna do it like this now
And while I'm throwin', you're goin'
And you know it's time for man on a mission
To listen 'cause he's in the house, he's Terminator X

Public Enemy Lyrics

"Get Your Shit Together"

Now whats goin on
I don't know
Whats really goin down
Yall don't know
Between the east and the feds
Heads don't know
But you can bet
Some of these heads be the first to go
Between 18 and 30
Pray it don't get dirty
Now I got some new cats
Hearin me
That never heard me
11:30 do the math
Damn, here come the draft
But I'm at an age my fightin is half ass
Shee, my flags always at half mast
Need you ask
While some of yall laugh
But I see war lining these young cats
Up for bodybags
And these so called thugs masquerading in drag
Cause now the feds checkin all dem headrags
Hopin this gung ho thing last
Cold and dark is the weather
Peoples, get your shit together

Ain't even gonna fix my mouth to say chickens
Told yall in terrordome the clocks tickin
From all sides come the wicked
Governments
Fundamentalists
But how you gonna
Kill the innocent?
Between terrorists
And cia hit lists
Like my man uno says
Beware the false prophets
Gotta be smarter than this
They say war is a profit
With loved ones missed
But death is a debt
None of us ain't seen war yet
Be careful what you ask for
War is hell and hell is war
All them bling bling thangs throw em in the river
All that thugged out shit yall cant deliver

Seen four planes kill everyday folks
Guess 911 ain't no joke
Wall street cryin broke
Was it god
Or the devil itself
Who spoke?
Old vampires
Hit the new empire
Had the sky cookin
Brooklyn had no other choice
But to stare and keep lookin
City smile
Missin two front teeth
While some of yall
Still talkin them little ass beefs
Over who, what soundscanned

This month you sound scared
Guessin where the party at?
While downtowns wonderin
Where the bodies at?

How you sell soul to a souless people
Who sold their soul?
Keep the people from bein sheeple
Followin
Hollow voices
To tommorrows sorrow
Women have nurtured
And birthed the earth
Man has killed many
For land and worse
Women got a cycle thats spoken for
Man has a period, its called war
May the power go to
Everyday people
May war have no sequel, live..
Reverse the word you get evil
Cause people wanna live against evil
Avoid the third world war
Biological bombs
100 times worse than vietnam
So what you gonna do?
If you was on that plane
Both sides would've killed you too
To my peoples
Stay on your p's and q's
Get your shit together

Public Enemy Lyrics

"Public Enemy Service Announcement #2"

Check this out
This is Chuck D

And this is Flavor Flav
And Public Enemy is lettin' y'all know about black history month

February is Black History Month
But we'd like to say that every single month
We should recognise the rich culture
And heritage of black people
Although the battles have not been won yet
We should be proud to take some time out this month
To explore the powerful and victorious lineage of our people

That's right so don't be a vulture
And learn your culture

PE salutes the history of black people
And the history that we are yet to make

That's right, not a mistake

Public Enemy Lyrics

"Shut Em Down"

I testified
My mama cried
Black people died
When the other man lied
See the TV, listen to me double trouble
I overhaul and I'm comin'
From the lower level
I'm takin' tabs
Sho nuff stuff to grab
Like shirts it hurts
Wit a neck to wreck
Took a poll 'cause our soul
Took a toll
From the education
Of a TV station
But look around
Hear go the sound of the wreckin' ball
Boom and Pound
When I
Shut 'em down
1 2 3 4 5 6 7 8 9
What I use in the battle for the mind
I hit it hard
Like it supposed
Pullin' no blows to the nose
Like uncle L said I'm rippin' up shows
Then what it is
Only 5 percent of the biz
I'm addin' woes
That's how da way it goes
Then U think I rank never drank, point blank
I own loans
Suckers got me runnin' from the bank
Civil liberty I can't see to pay a fee
I never saw a way to pay a sap
To read the law
Then become a victim of a lawyer
Don't know ya, never saw ya
Tape cued
Gettin' me sued
Playin' games wit' my head
What the judge said put me in the red
Got me thinkin' 'bout a trigger to the lead
No no
My education mind say
Suckers gonna pay
Anyway

There gonna be a day
'Cause the troop they roll in
To posse up
Whole from the ground
Ready to go
Throw another round
Sick of the ride
It's suicide
For the other side of town
When I find a way to shut 'em down
Who count the money
In da neigborhood
But we spendin' money
To no end lookin' for a friend
In a war to the core
Rippin' up the poor in da stores
Till they get a brother
Kickin' down doors
Then I figure I kick it bigger
Look 'em dead in the eye
And they wince
Defense is pressurized
They don't want it to be
Another racial attack
In disguise so give some money back
I like Nike but wait a minite
The neighborhood supports so put some
Money in it
Corporations owe
Dey gotta give up the dough
To da town
or else
We gotta shut 'em down

Public Enemy Lyrics

"Public Enemy No. 1"

Yo Chuck, bust a move man
I was on my way up here to the studio
Ya know what I'm sayin'
And this brother stop me and axe me
"Yo wassup with that brother Chuckie D, he swear he nice"
I said
"Yo the brother don't swear he's nice, he knows he's nice"
Ya know what I'm sayin'
So Chuck, we gotta fill in
You turn him into a Public Enemy man
Now remeber that line you was kicking to me
On the way out to LA *[?]*
While we was in the car on our way to the Shot *[?]*
Well yo right now kick the bass for them brothers
And let them know
What goes on

What goes on

Well I'm all in - put it up on the board
Another rapper shot down from the mouth that roared
1-2-3 down for the count
The result of my lyrics - oh yes, no doubt
Cold rock rap - 49er supreme
Is what I choose and I use - I never lose to a team
Cause I can can go solo - like a Tyson bolo
Make the fly girls wanna have my photo
Run in their room - hang it on the wall
In remembrance that I rocked them all
Suckers, ducks, ho-hum emcees
You can't rock the kid - so go cut the cheese
Take this application of rhymes like these
My rap's red hot - 110 degrees
So don't start bassin' I'll start placin'
Bets on that you'll be disgracing
You and your mind from a beatin' from my rhymes
A time for a crime that I can't find
I'll show you my gun - my Uzi weighs a ton
Because I'm Public Enemy number one

One *[x7]*

You got no rap - but you want to battle
It's like havin' a boat - but you got no paddle
Cause I never pause - I say it because
I don't break in stores - but I break all laws
Written while sittin' - all fittin' not bitten

Givin' me the juice that your not gettin'
I'm not a law obeyer - so you can tell your mayor
I'm a non-stop, rhythm rock poetry sayer
I'm the rhyme player - the ozone layer
A battle what? Here's a bible start your prayer
This word to the wise is justified
If they ask you what happened - just admit you lied
You just got caught a - for going out of order
And now you're servin' football teams their water
You messed with the master, word to Chuck
And I'll wax cold tax, made sure you got dome *[?]*
You just got dissed - all but dismissed
Sucker duck emcees - you get me pissed
It's no fun - being on the run
Because they got me - Public Enemy number one

One - One - One
One - One - One

Don't you know, don't you know
I got a posse over force to back me up
Watch out, we got never the match
Ambush attack on my back - doubleteamin', get creamed
So we have us *[?]*
Wanna hear it again
We got a force - enemy down
The L.I. circuit sound
Ain't it Chuckie D, myself and KG - Flavor, DJ Melody
Oh yes, I presume it's the tunes - that make us groom
To make all the ladies swoom *[?]*
But it's also the words from outer region - a goldboy session
Kickin' like Bruce Lee's chinese connection
On stereo - never ever *[?]*
All wax - yes I'm talkin' about vinyl
They said stop freeze
I got froze up
Because I'm Public Enemy number one

One - One - One
One - One - One
One - One - One

For all you suckers - liars, your cheap amplifiers
You crossed up wires are always starting fires
You grown up criers - now here's a pair of pliers
Get a job like your mother - I heard she fixes old dryers
You have no desires - your father fixes tires
You try to sell ya equipment - but you get no buyers
It's you they never hire - you're never on flyers
Cause you and your crew - is only known as good triers
Known as the poetic political lyrical son
I'm Public Enemy number one

One - One - One
One - One - One
One - One - One

Yeah, that's right Chuck man
That's what you gotta do
You gotta tell them just like that
Ya know what I'm sayin'
Cause yo man, let me tell you a little somethin' man
These brothers runnin' around - hard headed
Makin' a little jealous
Ya know what I'm sayin'
Just like that, ya know
They try to bring you down with 'em
But yo Chuck, you gotta let 'em know who's who in the world of beat
You gotta let 'em know that this is the 80's
And we can get all the ladies
And in the backyard we got a fly Mercedes
And that's the way the story goes
That's just the way the story goes
Let me tell you a little somethin' man

Public Enemy Lyrics

"...And No One Broadcasted Louder Than... (Intro)"

[Show reporter]
I'm not going to lie and act like..
I have always thought.. all Hip-Hop or Rap was the world's greatest thing
But Public Enemy.. made me realized..
that all Rap is not the same
They made the world listen
They articulated the frustrations and anger
of the Black Community, more importantly;
They changed the perception of what Hip-Hop could be
Chuck D said: that Rap was the CNN of the Black Community
And no one broadcasted louder.. than Public Enemy

Public Enemy Lyrics

"New Whirl Odor"

[verse 1]
Check that soul in
Tape is rollin
Black dont crack
Where the party at?
Stax, jumpback
Wax them tracks
Barkays cut it live
Like 45s
Strong songs survive
On records
95 beats per second
Get it mike on the guitar cmon wreck it

You go ooh ahh there go them superstars, of soul
20 times better than gold, stax,
Keep it here
Cuttin them tracks, relax
Pop them fingers, play it barkays
Jumpback baby
Soul gotcha crazy
Cold feet thanks
For the groove
And them bomb beats
To make me move

Color of dead
Looks like the future is history

Why you dissin me
Aint no mystery

On the outside peekin in
End of your freeride
No way you can win
Beginnin of the end

Of your liberal friends who pretend

Everythings changed
While nuthins changed much
Uhh this is chuck

Stays to the left of this
And to the right of that

Just black where my mind be at

Shit wheres the rest of my cats?

High trees catch a lotta wind my friend

My shits in a bind
Fine line between aware and blind
Dont mind
Some of them aint got a mind

Mind over matter

They dont mind
And we dont matter

[verse 2]
I flock to refugees
Who flock to me

The roots the coup
And kick aside the genocide and the juice

Comedians actors nuclear reactors
Players and ballplayers
Singers dancers and rhyme sayers

Why do us like you do
Ska doo
Fuck da residue
Frustrated 5 on 2s
No breaks for madd crews
Nowwho the fuck is you
Sick a you

Community hoesis
Who posin as moses
In street clothist
Who be the closest who blows it

Every ryme be for the future of mankind

Crazy heads cuttin off the dreds
Ruin health
Wit no knowledge of self

Incomin taxes breakin backs off a blacks

Who done 400 years in this abyss?
And so im pissed the fuck at this new whirl odor
So i piss

[verse 3]
Some things in the air
When the smoke clears

Will it only be white folks and black jokes

How many be gone

If they bomb barbershops and hair salons

Time to dot com

Before they rub out clubs
Where you get your drink on

Mother father sister bro
Love is the message

But war be the front page
In this mess-age

Ghetto celebs spread by the hundred
Macked by the same tactics
Wit us in a tundra

Goin under

Avoidin cries from sodimized

Society

Scary getting screwed without a dictionary

Public Enemy Lyrics

"Bring That Beat Back"

[verse 1]
Played in cincinatti
Wit my whole head nappy
Made a rally in the street
Wit nothin but a beat
Gotta grudge against a judge
Kick em out that seat
You are what you eat
So what you eatin
Same message to your mind
Be self defeatin
Sick n tired of bein sick
And tired of bein beaten
Saw em drop it like it
Was way too hot and too fast
For hip hop doo wop rock or bop
Aint here to hurt you
Dont hang in them circles
Government aint got me
Yet so yall dont stop me
See a stampede of fake cats
Runnin from bill cosby
What does he gotta do wit you doin you?
Yall know what?
Dj lord gimme that cut
Bring that beat back
Thats whats up

[verse 2]
Feedback from truly
Freedblacks
Gotta think outta this
Box of hard knocks
Lined em up at fort knox
To die in iraq
You dont know i rock?
What you under a rock?
Old cats beggin us to bring that beat back
Each generation thinks
The next one is wack
Jumpstarted in the daze of crack
R&b reagan, daddy bush
Way the hell on back
Pray to god
Feel like i got a church in myself, good god uh
Cant get no help
I say again healthcare cutback

Sht is wack
Bring that beat back

[verse 3]
They say the youth dont matter
And the old dont mind
It takes a lotta spine
To build all them young minds

Some of us get ghetto at the wrong damn time
Album what? we just makin one at a time
To save another brother whose life on the line
A big shot to claim some rocks and shine
Signs of a soul gone solo
Robbed blind
A very small part of half the worlds crime
Runaway child blown by an old land mine
Little ones workin in diamond mines

So cats can say whats hers and whats mine
Diamonds is girls best friend
So whys he cryin

[verse 4]
See when yall hear it get near it
And you recognize the lyrics
You trained to refrain
And you start to fear it
Escapism
Like today there aint racism
Obviously yall aint see
Black folks on tv
Judgement calls
Made on behalf of you and me
Or you and i
Do or die
I say an i for an i
Dividin line
Got the poor people
Payin for crime
Corporations gettin paid off our jailtime
Now yall can tell russell
Yes i knock the hustle
Cause 2 million in lockdown
Under federal muscle
Beyond the streets
These kids is always watchin
Watching some of these jerks when they go berserk
So i work

Public Enemy Lyrics

"What A Fool Believes"

[verse 1]
Power to the people

Cause the people want peace

Have no fear

You're safe right here

You are protected

You are respected

The people gotta voice

The people gotta choice

The who, the when, the why, the what
The who, the when, the why, the what
The who, the when, the why, the what
The who, the when, the why, the what

A fool believes.....

[verse 2]
Who the government?

Who the terrorists?

Where the hit list?

Pump the raised fist

Make em spread the wealth

As long as you got your health

Cause I know I cant get no help

So I jump back and kiss myself

The who, the when, the why, the what
The who, the when, the why, the what
The who, the when, the why, the what
The who, the when, the why, the what

A fool believes.....

[verse 3]
Swear to god
You thought the yard was hard
Come get your god with a credit card
Preacher lyin on the truth to raise his roof
Cmon holla preacher flow got yo dollar
Devil succeeded in never
Givin you what you needed
Playin with religion
So the people believe it
They playin with god
While preyin on god
While you prayin to god
They playin with god

The who, the when, the why, the what
The who, the when, the why, the what
The who, the when, the why, the what
The who, the when, the why, the what

A fool believes.....

Public Enemy Lyrics

"Makes You Blind"

1234567
Rap like hell make it sould like heaven
7654321 zero
Black supermen is back as your hero
Here ye , here yo
America the beautiful
Beatiful, the plentiful
Now lookin sorta pitiful
A third of the world at war
Wait a minute
Gotta take care of the rock if yall wanna live in it
Medicine and medicare
Cause they dont care
Your favorite millionare
Is high up in the air
See em every where
But they aint there
So rally and protest against the world in fear
People people
Can we take it to the square
You dont matter
And they dont mind
These be the things that
Makes ya blind

[verse 2]
Uh pimp or preach
Same thing
Nuttin worse
Than a new black church
Lyin on the truth
Cause it hurts
Black man came first
In the sweet name of jesus
Cost me a dollar
At the flow of creflo
Like how the hell he supposed to know

I see they ass

Runnin to the radio
And the tv issues and views
Shaped by one sided news
Got us like
Planet of the apes
Under cds and tapes
Preachy

Young cats askin ol heads
Teach me
Over beats that reach me
Radiation of a radio tv movie nation on your gdamn mind
Makes ya blind

You dont matter
And they dont mind
These be the things that
Makes ya blind

[verse 3]
Now yall keep on bouncin to
What i said
These are the facts that gonna blow your head
Yall know what i said
When i say no to thugs
Thug life runs at the top
And yall thought it was pac
These government gangsters
Makin robots
Who forgot
Hypnotic in a
2000 by 3000 mile box
35 year olds lost in a x box

Playstation and videos

So thats how it goes

World begins and ends at the tip of your nose
It aint eminem
Its m & m & m
Mcdonalds mtv and microsoft
Cant you see they
Got the young strung at a cost

Yes that treacherous 3 go off, go off

You dont matter
And they dont mind
And these be the things that
Makes ya blind

[verse 4]
So i pray to god
Life and health
Feel like i got a church in myself
So i jump back and kiss myself
Cutbacks lookout
Cant get no help
Hands in the air
Bush and blair dont care

While the unaware,
They just stare

This nation said screw the organization
Of the united nations
Cross tv stations
And they sent to the masses
They consider them asses

Take a look at the world
Another son of a bush disaster
Do the math
Cause the loudest they comin after
These same cats who wiped out half of africa
And you dont know the half
Have nots robbed by the haves
Signin new money like signin autographs
Mcdonalds billions sold
America billions told
Houston we have a problem
Isnt this a bitch
When i wanna hear blues
I turn on the news
See the rich get richer
And the poor keep bitchin
Buckle down
Knuckle up
When times is rough

You dont matter
And they dont mind
These be the things that
Makes ya blind

Public Enemy Lyrics

"Preachin To The Quiet"

[verse 1]
Celebrity the new drug
In america
Gotta have it
Gotta be it
So the young ones see it
Watch out now
Looka here now
In these get rich or die tryin times
Greed that i see
Got these cats
Whipped by tv
3 generations of fatherless women
We drownin instead of swimmin
This aint what yall asked for
Thats what they locked ya ass up for
And closed the door
Beyond these streets
These kids is always watchin
See it aint been the same
Since teen summitt left the game
Off the air, who cares?
Now kids get programmed
Ask their peoples
Who buy them almost everything the stars wear
People see , people do
See the new pied pipers
Got a hold on you
Back to the boogaloo
Get a shot
So you wont catch the flu
Dont get shot
And get a hole in you

[verse 2]
Im talkin advanced
But goin back at the same time
Rewind
So what, some of this song dont rhyme
Like i said
Most of us get ghetto at the wrong time
Fear
So leave a little room for god
Up in here
Back in the day
Even real pimps, hustlers, players
Told young cats

Cmon get their lives on track
These raps you hear today
Is a bad ass act
Im here to tell it
Like it ought to be
It aint no kids fault to me
35 year olds
Actin 16
Know what i mean
You dont work, mean you dont eat
You need more than a ball
And some bomb ass beats
New kicks on your feet
Need your mind in these time
To compete
Make your world complete
Sweet not sour
Thats what they really call fightin the power

[verse 3]
Here it is , no fable
I put it all on the table
Spendin my time
Identifyin whos behind
Some of these labels
Who profit off the spit
Some of the same way same cats
That owned them ships
Yes
Its a business
Butslavery was too
Prison industrial complex
New slavery lookin to own you
Ownin the labels , stations, jails and cemeteries
Thug life
Turnin hip hop into a one stop shop
Somebody behind
Makin up your own damn mind
Signed , sealed delivered
In a nigger package
So dumb you cant hear
The ignorance protected
By the backpacker
Who co signed the say so
Claimin they dig the flow
Filled wit jim crow
Return of the old negro
How you gonna say no to drugs
If you dont say no to thugs
See the government
Sweep it deep
Under the rug

Public Enemy Lyrics

"Revolution"

[Society's verse]
We was raised in these streets on pork and poison meat
Now i recognize the beast and bare the mark of the gold teeth
Puff on the rolled leaf and bust on the police
While yall playas are fakin bacon we cook the whole beef.
I put it down plain, i stimulate the left and right brain
Cell by cell and frame by frame.
Names, dates, are all inmaterial. i big dick sick ryhme killer like cereal. i
Burn like venerial, and spit that imperial wizardry that climbs right through
The curcitry.
Choake your team for their cream but that's as far as we go
Drop shit like seaguls and smash your little ego.
I get visions like stevie and coleco,
Give me 2000 live people
One late show no seaquel.
Aint no equal in the flesh
I been through more evil than men do.
Nasty off the head and with the pen too!

[Chuck's verse]
Now im pissed
Easy to rhyme on tracks like this
The more things change
The more they remain the same
These games them vidiots
Playin on the brink of insane
Must be a hockey rink
Lost in their drink
In pursuit of plain jane
I think man they think a revolution be pretty in pink
Now in these new tracks
Some of these cats dont know how to act
All them criminal acts aint got nuttin to do wit rap
One hand cuffuffed behind them backs in black
Quiet riot ,yall cant hear one hand clap
Revolution is more than what you hear and what you see
The mass reintroduction
Of society to society
Together we got 100 years of sobriety
These clones
Who be flippin like new phones be surprisin me
Turned out
They happy just to be in the house
So im a call emout
I aint no church mouse
Luvout

[Griff's verse]
I master rap
Write a 16 and half of that
Then eat some mix greens after that
My raps niggerish black like licorice
While wack rappers get rich off some jibberish
The hoods begging for deliverance"g"
I'm just a hood figure to deliverance this
L y should get into the "sy"
I'm thinkng me and pe should have passed it on
Society's the menace
He get's more love than tennis
On the road to riches
Cause revolutions expensive
Finance whips. finance clips spend our chips
In the ghetto raising rebelz with some fine azz tits.
No champagne no campaign no ice on my wrist
While bred'z dipp'n on fedz sipp'n on crys
Out of my mind ethiopian wine on my lips
Still aint signed the master mind
The masters mine. hey!!!!

Back in your dome where the rebelz rome
The greatest weapon in the hands of the oppressor is the mind of the oppressed

Public enemy the 7th octave we out

Public Enemy Lyrics

"Check What You're Listening To"

[verse 1]
The Black falling down, its goin down
No subject matter, I dont hear it goin around
Minds over matter, they don't mind cause
We dont matter, DJ Lord's on the platter
Cant shake this, the gott-damn matrix
Got actors winning politics, the tricks
Got hot chicks in the back of of wack ass rap flicks
Called videos (hoooo)
Turn off the got-damn radio
Cause they dont show yall what yall need to know
Cant fade it though, Lord don't fade it yo
Year of the Lord, make love fuck war tour
After before 2004, I swore
Dj Lord come bust down the door
Los Angel-less, New Jack Pity
They say fuck the sticks cause they be the city
Homeless sitting outside smellin shitty
Thanks for not giving a got-damn thing pretty
So called land of plenty, can't spare a penny
It's the have nots against the haves,
Is you wit me?

Check What You Listening To

[verse 2]
You might be cuttin tracks
But he's cuttin edge
The sword of Lord high like Phil Upchurch
Through the verse, the truth hurts
From the aftermath of that sonic autograph
Lord, don't make him mad
So I spit, how loud you want it to get?
Cold sweat.
2005 flicks, new trips through dirty beats
Hits and all those bass kicks
Lookout yall,
Cmon, cant forget to kick this
If the shoe fits get with the ramblin wreck
Check it, to stomp out
All dem nitwits Chuck D stylin
Don't you know where?
On the new Buckwhylin
Cross the Land, cause the band
Hits the fans, watch them all SLAM the jam
Yes they can can, beware the man
Take a stand yall, wreck the plan

Check What You Listening To

[verse 3]
One foot stuck in the rave
Millennium dance craze
Cross fade to the new phase
Like the old days, twisted in convoluted systems
Existed in the beats of wisdom existance
Cross the Land, cause the band
Hits the fans, watch them all SLAM the jam
Illegal beats, frisk him
Find not a pop thing with him
Multi-ethnic like a prism
Cant hear this?
You in audio prison
Hands be whizzin, cross the wax
Movin tracks from across the tracks
Through your mind he attacks, DJ Lord.
Scratch the gospel, tell them wack ass beats
They can go to hell, 'ding'
The rave bell
See the crowd swell, got even when the needle fell
Still heard them cuts over the yell!
Through the verse, the truth hurts
From the aftermath of that sonic autograph
Mr Chuck, DJ Lord attack the tracks
Yall CHECK WHAT YOU LISTENING TO....

Public Enemy Lyrics

"As Long As The People Got Somethin To Say"

[Chuck verse 1]
We dont control sht
No education
Enforcement
Economics
Depending on governments
Forever in a plantation state
Damn this is why i hate hate
Wanna do something for the people
Make us equal
Instead of creatures
Who got human features
Let the whole world reach you
Things classrooms cant teach you
Now can you dig it?
Sing the song till we all get along
Feed the poor
Damn the law
When they trained em, taught em
Killed em when they caught em
Set up wet up
When they no longer could afford em
Put disease across the seas
Got the third world on their knees
Get it
As long as the people got something to say

As long as the people got something to say

[Griff verse 2]
At this critical junction the administration can't function
Taking our civil liberties over high price luncheons it's nothin when your considered a sheepole
As long as the people got something to say
"We the people"

They need a war to justify the taking of lives, they manage the lie behind the lie behind the lie.
Now you can't run and hide it's high tech genocide
They never taught you the truth or how to survive
They clone doctors to put a spin on it
Hip hop heads to shook to pull the cover off it.

It may effect there sales tip the scale
The way it looks they'll end up dead or in jail.

We busy spinning and grinning on 26's you sitting
Change your god for your wealth thinking heaven your gettin.

You must be pre-sistance in mass resistance
Love thy enemy and make this committment
To engage in struggle, with a clench fist lift it
Be true to self before the GOD end this.

Yo! Public enemy we back in your.....

Public Enemy Lyrics

"Y'all Don't Know"

In the whip, try'n to a grip on how to bring the next and the new shit brain lit.
No pen no pad this the sickest, Illest thought I ever hade thoughts of my ole dad.....

According to the word on the streets
The votes were bought to insure the presidency lets see.

The election was privatized co-operation control the votes right before your very eyes
Rienforce the lie, on CNN, fox, 9 live at 5 @ 5.

As far as the public domain,
National elections have been takin out of the public Brain the publics insane.
The facts still remain the same

The bushes are dummer and dummer
7 take away 1 in the brain nummer and nummer
They capitalize off the fear of the people
Hip hop in the head of the people lethal

Yall don't know yall don't know
What you talkin bout
Yall don't know yall don't know
So what you saying
(Come on come on)

Like the chickens coming home to roost
It's not a Question of why but what party you choose

(The Governments the enemy)

Don't know about you but it's clear to me
Uncle sam wants me to be all that I can be to keep his enemies free.

Yall don't know yall don't know
What you talkin bout
Yall don't know yall don't know
So what you sayin

I got a black thought to send ya!
Bush N Kerry the New world Oder Agenda's in ya!
And it's a well known fact.
The next election you'll vote Republicrate
And that's a fact and ill bet a stack on that

Shhhhhhhhhh those are the lies and the liars that tell them, liars that lie like the lies they tell them.

Here's all the news that's fit to print
From the mind of a pro black militant.....uhhhhhhh

Yall don't know yall don't know...

Bio micro chips in the arms of pimps
Snitches aint shit along with the trick
The shady bunchcan get the dic-tionary
It's very neccessary that tom got me out on the ridge homeless with nowhere to live.....they fig
They called me the last NIG so I brought the noise and still lived.

The beast restored a puppet regime population 8 point 9 human being beings
Mental cap of a black it's a fact
Done deal dude it's a RAP.

Public Enemy Lyrics

"Supermans Black In The Building"

Jump back poppin that track
Gonna wreck it now

Watchin yall --to the record now
Catchin yall attention
So shake it now
Oh no find my flow
Gonna break it down
Came a long way
You cant take it now
--regulatin on the regular
Do your thing. on the floor
Can you kick it now

Do your thing
Do the damn thing baby
Cmon bring it now
Go back like 8 tracks and cadillacs
Way before crack even similac
Hell wit the wire taps
New booby traps
Hear the hand claps uh
Where the party at?

Do the damn thing
Getcha gravy on
Cause i be gettin it down
And your crazy on
Go on and on an on till the break of dawn
I give a damn
Cause damn is ya baby gone

Do whatcha wanna do
But try to do the right thing
If its the right thing
Then go on
Do the damn thing
I know you get soul
Like a bbq chicken wing
Thet me like a king
Lemme hear you sing

Money cant buy you love
Thought you knew that
Eight days a week
Livin like a rugrat
Sex machine cant face fact

Gotta chase the cat
Hear the hand claps
Turn the damn thing up
Here we go again
No means no
So now you know again
Flow it like a poet
Get ready then
Dance gotcha trembin in dem timberland
Jumpback poppin that track
Gonna shake it now
Check the cat
Gettin wreck gonna break it down the record now
Gotta break it down
Rhymin this flow on the go
Cmon get it now

Yeah...
I'm saying we went from Gods to niggas
From queens to bitches
Who in the hell told you that you were in heaven
Who in the hell told you that you were in heaven
Platinum gold a house and a car
But poverty all around you by far
People living under bridges or in a car
Heaven for the super rich who call it modern living
But the Man from the east calls it a wilderness
Cause heaven for whites is hell for blacks in america
Heaven and hell are two conditions of Life
Not a place up there or a place down there
It's a condition of life on earth so value Life
Heaven is not things
It's a higher level of thinking
And at the moment one may change the conditions of Life
Our people think a job, partying and endless flow of women and moet,
Krystal and how much sex you can have is heaven
Sometimes you got to think that it may not be heaven all the time
But being able to meet Life's struggles head on, head on, head on
Without compromising your Soul soul soul soul
In this worlds Life
Not Life after death
Life on earth
Life
Not worrying about how you are gonna eat or put clothes on your children
Sit yourself in heaven at once
A woman is a very important part of heaven
She produces heaven with you
And if she is connected to the source of Life
So heaven is a condition of Life
And you can have it on earth
SO VALUE LIFE
VALUE LIFE
Who in the hell told yall you were in heaven

Oh, Oh
Lord Have Mercy!

(feat. Paris, MC Ren)

[Chuck D: x4 repeat in the background]
Raw shit, hardcore hip-hop hits

[Paris]
Yes, live, real rap's back again
You in tune to the real, Hard Truth Soldier radio
The _Sonic Jihad_ continues
Where you either with us, or you against us
Dogs of the world unite
It's Public Enemy

[Verse 1: Chuck D]
GOD DAMN I state with my fist uplifted
In a state where our freedom is severely twisted and
abused, I'm used to rhythm of rebel
I've been fightin this shit with the volume level up to
ten and spendin my time on the rhyme battlefield
Watchin as my brothers are killed with no justice
or peace, in the middle of hell
And I was out on the Isle when the two Towers fell
So now you're gonna tell that the war is won
and what's done is done, an all-good _Son of a Bush_
I've been there before, "got a letter from government"
Slid underneath, my front door
The poor get fucked while the rich is still amused
And what's left of the Bill of Rights is pimped and abused
While the patriots actin like kings
But the black is back, I'm all in with the noise I bring!

[Chuck D: x4 repeat in the background]
Raw shit, hardcore hip-hop hits

[Verse 2: Paris]
Ask yourself why we just get by
While we struggle to maintain, bring sight to the blind
Up against the machine the _Bush Killer_ remain

In between the government and the public that's trained
Where white companies profit off black death
And house nigga rap thugs sell murder to kids
Where the media maintains all thought control
And fake news propaganda serve to rot the soul
We all unified to fight, keep the message and awake black
Open up your eyes, see the enemy and shake that
Bullshit lyin, free your mind, we combine
To combat the perpetrator of the crime design
With fake patri-ots and religion the same
Both blind and repressed, both practicin hate
Both followin the lead of people never concerned
with justice when the motive is the profit return
we justice when motivate and positive return
We servin

[Chuck D: x4 in the background]
Raw shit, hardcore hip-hop hits

[Paris]
Yeah, all day everyday we bring believe
All day everyday the most extreme

[Verse 3: MC Ren]
Worldwide vendetta, these reperations above cheddar
We got to fuckin get it together
So each one, teach one, fo' the straggle
Bein black in America's some shit to juggle
They won't give motherfuckers a job
They wanna throw you in the pen when you forced to rob
But the Villain is back, with the Black Panther of rap
Paris my nigga, you other fools never got bigger
I make this whole system quiver
With the street shit I'ma deliver, from my villa
Here I go again scarin people to death
America hold yo' breath, we the last left
And still got my black ass on the bottom
You motherfuckers in the jury that's why I shot 'em

Somebody is always out there with the binoculars
Somebody's always lookin out they window, and you know who know, that
You don't see everybody that see you, you know what I'm sayin?
So yo, to all you spies, creatin nuttin but lies, yo

Public Enemy Lyrics

"Hard Rhymin'"

(feat. Paris, Sister Souljah)

Hard Truth Soldier radio

[Sister Souljah]
Brothers and sisters, this is not a test
I've been asked by Public Enemy leader Chuck D to make this emergency announcement
The police in your cities, for all intents and purposes
have declared open season on black people (hey yo check one two)
Public Enemy was driven into the underground by government forces
However a small resistance is forming
Both Terminator X and Chuck D have resurfaced
Leading a small mobile rebel unit, "The Valley of the Jeep Beats" (1-2-3-4-5-6)

[Chuck D]
Hard rhyme and the rebel is on the mic
One time, rhyme animal's on the mic
They're still keepin, youth asleep an'
We in the hood with heat and still beatin
And we back with the rap that packs the room
Black tracks with the rhythm that make you move
Can't hush the bumrush, we bust the sound
with these sonic bombs, feel the pressure all around
Raise the level I'm up again rhymin
Ridin on the devil since I began rhymin
Hell we bring back the meat that rap lacks
Cause like I said, we got sold down the river
And I ain't for these racist wars
A lie's fed by these TV whores
I know it's more to news fake the truth
We break through won't lose we move with Public Enemy

[Chorus x2: Chuck D (Paris)]
Hard rhyme when the rebel is on the mic
One time rhyme animal's on the mic
(It's P.E. - whattup - it's on you, brother what'chu wanna do)
(Brother tell me if it's on, it's on)

[Chuck D]
Now hip-hop was a gift that lifted up
Loved rap 'til the companies ripped it up
Now the soul is set, we've been had like jazz
If you down for change then they take your voice away
And then they tell you the best is white
Co-signed by a nigga that pimped the mic
Make the rule the view that the beef is cool
But what it do is fool the few fools who buy the feud

Keep the people all blind and dumb dancin
Never let a record that wreck become rampant
See the street copycat the crap rap and songs
Not knowin "There's a POISON Goin' On"
'Til the message revealed and I show
But you never get to hear it on the radio
Jack be nimble, Jack be quick, fuck Jack!
Bust that, squeeze, rewind the shit, c'mon

[Chorus]

[Interlude: scratching and samples]
"C'mon now!" DJ Lord
"Here we go again"
"C'mon now!" Guerilla Funk
(Hey yo check one..)

[Chuck D]
We move as a team to keep them demons out
Y'all know what I'm talkin about
See 'em used, abused, confused us into thinkin that
bein ghetto mean the same as bein ignorant
And so we strive to rise and get by
No peace for the beast we police and shine the light
Culture vanish on the television pimpin those
on "Cribs" in a home that they never own
Damn! Tell me that once again
Radio and the video don't uplift
Take a stand be demandin all my freedom and my civil rights
Worldwide fight the plan and they genocide
Yes the road is long and hard
And when I'm gone you'll say I did my part
Keep gunnin, we the crew that never lose
on the ones and the motherfuckin twos, Public Enemy

[Chorus x2]

[Flavor Flav]
Hey yo check one two
Yeah that's right, Flavor Flav takin you back to the next millineum
You know what I'm sayin? Always cold cold kille-enum
You know what I'm sayin? And I ain't playin
It's all in the message that we're layin
I got a secret weapon, you know what I'm sayin?
Let's take two steps to the rear, we gettin out of here
You know what I'm sayin? Operation Cold Killin 'Em to the next millenium

Flavor Flav, rock the house

Hey yo check one two

Public Enemy Lyrics

"Rise"

[Flavor Flav]
Yeah that's right Chuck man, that's what you gotta do
You got to tell 'em JUST LIKE THAT, you know what I'm sayin?
Cause yo, man let me tell you a little somethin man
All these brothers around here fiendin for that crack-a-lack-a-lack
You dig what I'm sayin? Yo man, all they wanna do is get what you got
But when you ain't got nuttin, then they wanna cut you off
So what you gotta do, you gotta play 'em long distance
You know what I'm sayin? I mean long distance
They think we takin shorts, show 'em this is Cold Medina man
C'mon, kick it!

[Chuck D]
Back one more time, here to put the message in a rough rhyme
It's important that you knowin the time
Cause I'm seein the program, know what I know and
until we get together we will never be up for sure
So I wreck like I'm posessed by Malcolm X
See the feds want us dead, we too complex
I always speak the truth, comin from me to you
We movin as a unit so you KNOW we refuse to lose
I got my eyes on the lies from Washington
I'm a survivor, I know how the West was won
See a show and tell, the way the CoIntel
undermind the REAL hip-hop so the cops can trail
But know bad boys move in silence
Save us all from the pain of a life of violence
They tappin my phone, full grown and knowin
And still prone to refute the lies, won't stop until we rise

[Chorus: Chuck D + various samples]
Rise up! "C'mon, ah-c'mon"
Rise... rise up! "One more time"
We rise... rise up! "C'mon, ah-c'mon"
Rise... rise up! "To the beat y'all"

[Chuck D]
I'm a hard truth soldier to the bone for change
Demonstrate and seperate the fact from strange
Blame companies killin our children
When the villain's on the record never think for a second that's the way we live
Wanna squeeze on the fleas at MTV
We quiz knots for the cops at BET
Seize the time, always rhymin combinin the antidote
for dope Interscope and fake gangster quotes
Cause I can recollect times when records set
Collect a dead brother you mind if you silence it yet

Rest the program, defeat the beastie
Cause on the street they do as we influenced by what we see
And yes it "Weighs a Ton" I say it once again
That's why the Enemy is down with Paris and KAM
It's all fam, we collide we live
Better decide on which side you ride, won't stop until we rise

[Chorus]

[Flavor Flav]
Y'all don't know, y'all don't know uhh *[x4]*

[Chuck D]
I know the power of fame, ain't never playin no games
Never croonin is provin, that we ready for change
Never simpin but they pimpin my people, for the dollars
So I holla back it keep us from EVIL 'til them devils are collared
And like I said it's on, I say it once again
Better know the plan to keep us ignorant
Brother to brother, ain't no other can smother
Or erase my case, we marry words with BASS
Just another wicked rhyme that I'm rappin on
S1's got my back if the clappin come
Pass on the work, makin sure the words are known
Keep 'em nervous, make 'em understand we servin foes
Keep it goin strong, nevertheless, know the enemy
And never back down, you can take it to press
'Less the mic like the art dart told you before
We for the prize emphasis the fight, now c'mon and rise

[Chorus]

[ad libs of Chorus to fade]

Public Enemy Lyrics

"Can't Hold Us Back"

(feat. Dead Prez, KAM, Paris, Professor Griff)

[Intro: Revolutionary]
Today we are together, we are unified and on runnin' cower
When we are together we got power
That is why we gathered today, celebratin' our own....

[Chuck D]
We spit flows on foes
Listen to the message that you never know
Got a plan for the man and it's federal
The rhyme animal, back to play the part again
Clear the madness, and put the message in
D, the Enemy is back to rip the mic
We come together, so don't believe the hype
Check my tone, there's a war here at home
We united and strong, and never move alone

[Paris]
We rep justice, equality and freedom now
Put fam first, man, woman and child
Never mild, keep it hostile 'til we raise
Where we say, what we mean and we mean what we say
It's been a long time comin' that we mob as one
Guerrilla Funk, Hard Truth nigga, that's what's up
No peace on the street 'til the justice come
From the ballot to the bullet, if it's on, it's on

[Chorus: Paris]
I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
See, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
Believe, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
My brother, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
That's real talk on the one

[Professor Griff]
Yo, yo, yo, yo, I'm a target, I got proof
My buildin' got an 'X' on it
Bloomberg threw the hex on it
It's like a pistol with effects on it
On a nigga with arrest warrants
Hittin' pigs in their chests Quadrant where they vest wasn't
Now he dead cousin
All you snitches hit the red buttons, we some Uncle-Tom killers

Mini-nina concealers, political cap-peelers for this freedom for rilla

[Dead Prez]
Yo, if police stop the whip you got to eat them trees
I ain't got no 'G' to give it to them crackers and court fees
You know my steez, security first, prepare for the worst
Never caught slippin' if you stay on alert
Malcolm X said send them to the cemetery if they touch you
A revolutionary virtue, a dull blade'll hurt you
I'm up early workin' my machete
In war, it ain't no warning, you just got to be ready

[Chorus: Dead Prez w/ Minor Variations]
I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
My nigga, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
My nigga, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
You see, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me, yeah, uha

[KAM]
Yeah, my nigga it's bigger than rap
You really think you gon' be left alone
On sayin' that you believe and ain't gon' have to get your scrap on?
Then yap on, and will see if that's the right route
While I get my clap on and turn niggas' lights out
I tried to be nice, now we gon' have to bleed them
I'm willin' to do a killin' for the price of freedom "that's right"
Comin' from the left, nigga, hood is how we kept it "right"
So prison or death is just somethin' I done accepted
So we'll murder a snake, and we'll kill a skunk "that's right"
This ain't the word of a fake, it's Guerrilla Funk
So right now is the time and you turf the location
Y'all about to see the Rebirth Of a Nation
Even if some got de-rebelized
The revolution still will not be televised
U.S. Government tellin' hell of lies
And it's evident, when you look in this president's devil eyes

[Chorus: KAM w/ Minor Variations]
I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
Yeah, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
No homie, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me
My brother, I ain't lettin' nothin' hold me back or block me
They gon' have to pop me to stop me

[Paris]
That's real talk on the one

[Outro: Revolutionary]
That is why, I challenged you now
To stand together, raise your fists together
And engage in our national black messiness
Do it courage and determination..
I AM, "I AM" - SOMEBODY "SOMEBODY"
I AM, "I AM" - SOMEBODY "SOMEBODY"
I LIVE IN POOR "I LIVE IN POOR"
BUT I AM, "BUT I AM" SOMEBODY "SOMEBODY"
I NEED YOUR WELFARE "I NEED YOUR WELFARE"
BUT I AM, "I AM" SOMEBODY "SOMEBODY"
I'm MAYBE YOUR SEAL "I'M MAYBE YOUR SEAL"
BUT I AM, "BUT I AM" SOMEBODY "SOMEBODY"
I AM "I AM" BLACK "BLACK" BEAUTIFUL "BEAUTIFUL" RAW "RAW"
I MUST BE EFFECTIVE "I MUST BE EFFECTIVE"
I MUST BE PROTECTED " I MUST BE PROTECTED"
WHAT TIME IS IT? "UNIFICATION"
WHEN WE STAND TOGETHER, WHAT TIME IS IT?
WHEN WE SAY NO MORE ?? WHAT TIME IS IT?
WHAT TIME IS IT?
WHAT TIME IS IT?

[A Great Round Of Applause]

Public Enemy Lyrics

"Hard Truth Soldiers"

(feat. Paris, Dead Prez, The Conscious Daughters, MC Ren)

[Verse 1: Chuck D]
Bring that beat back, we set it off "we set it off"
Got us back for combat, we get it raw "we get it raw"
With a counterattack over tracks we build minds of the blind
never calm when we bomb on neocons "let's go"
Pump the level, the rebel to you
Never lose or let a devil break up my crew
Never nervous, serve 'em with the words with purpose it's the
CoIntel killa black hard truth silverback "damn"
Still checkin to see just who's set to come along
when brothers revive that movement
We bringing the balance back, never non-violent tact
Guerrillla Funk and P.E. connect
So know it when you're hearin the rhymes that I'm givin' 'em
combined with the rythmn designed to expose the sins
all in it's the master plan
until the curse is reversed I'm sayin, rebirth of a nation...

[Verse 2: Professor Griff]
They call me E-M-E, U-N-O, you know
P.A., niggaz is opposite of the Po Po
We say together the ants can conquer the elephants
They say, fuck what they say 'cause shit is irrelevant
Soldiers, where's your heart? Show me that love
What you made of? This is the shit that could make thugs
Turn revolutionary, 360 he with me she with me
Anything for you, give up my kidney...

[Verse 3: Dead Prez]
Up early in the morning, training with the machete
Revolutionary, ready for war, never scary
As an African, my daily regimen is development
Malcolm X said self defense is intelligent
So I train in the martial arts
It's something for warriors, not those with partial hearts "partial hearts"
We recognize that our people need a military
So we could take care what's already necessary....

[Chorus x2: Paris]
What they say, You ain't nothin' but a soldier, yeah
Straight Hard Truth Soldier
Believe, You ain't nothin' but a soldier, yeah
Straight Hard Truth Soldier

[Verse 4: Paris]
It's the killa Cal nigga now, showin' disgust

One hitter, still bitter, clips ready to bust
Gat Turner with the twin burner 21 shots in my drawz
Red beam on a pig make 'em pause
And y'all can't fuck with the style I bring
Been wild as a child ever since I came
To the knowledge of myself, raise 'em up, maintain
P-Dog and the Enemy, we bringin' the pain...

[Verse 5: Conscious Daughters]
It's the squaw, quick on the draw and quite clean
Verbal attack, I'm never seen, comin'
Niggas take off runnin', they know in my tribe
I'm pitchin' venomous arrows and shovin' bitches aside
We ride, unified, playin' our part
Bein' sure that a woman's voice'll never get lost
Still a soldier in the struggle and aware of the cost
Motherfucker, thought you knew the people ready for war...

So before I begin, let's commit to rhyme
Keep the women in the mix and do it one more time
And that when I get to hittin', know the powder is dry
Spittin' 'power to the people', hoe, the real gon' shine
Conscious Daughters in the front, soldier first brigade
Special One, CMG, Guerrilla Funk, we raid
Blaze through the competition and we all get paid
But keep it revolutionary each and every day.....

[Chorus x2: Paris]
What they say, You ain't nothin' but a soldier, yeah
Straight Hard Truth Soldier
Believe, You ain't nothin' but a soldier, yeah
Straight Hard Truth Soldier

[Verse 6: MC Ren]
Who that nigga you can call to spit some shit
And ain't scared of the government, you niggaz lovin' it
We spread out in different positions
Tryin' to break these motherfuckers outta prison, listen "yeah"
Mayday on the front line
Nigga we G's up in the game, we bust 'till we flatline "what"
Then they want my black ass to Rock The Vote
They want as many niggaz they can to fill the boat
But these house niggaz go fight in Iraq
Cryin' to they mamma now they wanna come back
Should'nta took your black ass in the service
And fuck if I make you nervous, I'ma speak it
Black revolutionary, that's my title
While these stupid niggaz wanna be American Idols
Still ride for the streets, since day one
We rough with ours homie, straight outta Compton...

[Chorus x2: Paris]
What they say, You ain't nothin' but a soldier, yeah

Straight Hard Truth Soldier
Believe, You ain't nothin' but a soldier, yeah
Straight Hard Truth Soldier

[Outro: MC Ren Talking]
yeah, MC motherfuckin Ren, with my nigga Paris
Guerrilla Funk

Public Enemy Lyrics

"Hannibal Lecture"

(feat. Paris)

[Malcolm X]
Being here in America doesn't make you an American
Being born here in America doesn't make you an American
Why if birth made you an American you wouldn't need any legislation
You wouldn't need any amendments to the Constitution
I don't see any American dream, I see an American nightmare
I'm one of the 42 million black people who are the victims of America

[Paris]
Aiyyo we all in together now, all in together now
Hard truth soldierin, hard truth soldier SHIT
Keep on servin 'em, cause you know we do work
Mashin in my Chevy down the streets of New York, they feel me
I smooth grip, and hit up the spot
Snatch Flav as my dual pipes burn up the block
We bumpin hardcore, heavyweight, b-boy blast
On the street they hear my beat, my 69 is fast
Smash down Lennox, head up to the 'View
Some reporter wanna holla and I said it was cool
Wanna know about the album and the Enemy's new
How P.E. and Guerilla Funk is keepin it movin
Breakin bread talkin politics, you know how it go
'Bout the war and how it's shitty that we murder for dough
Then the reporter asked a question, that I had to mash
How, I would act if every day was maybe my last
How if every day I worried 'bout my family in this
I'd be murdered on these street in a puddle of piss
Or if I would get some news that my brother had died
If they ran up in my house and held my kids and my wife
Or if we was looted and somebody took all our thangs
If my sister was abducted, never heard from again
I began to compare it, so he could observe
When I made the parallels with how they livin abroad
I can't ignore it, these pigs ride deep in the streets
Cap a nigga for his wallet, beat another for free
And the cold part about it, life is cheaper than that
Down there people on the bottom kill each other for scraps
Imagine that, propoganda got the people confused
Damned by the media that keep 'em subdued
I been around the world, seen a lot of shit in my life
Same sirens, same ghetto birds swirlin at night
Same racism, profilin each of us all
Same outsiders where we live enforcin the law
Gats clappin on the streets, gunplayin with heat
Same prisons full of brothers herded in like sheep
Same turncoats that'll burn folks for pay

Same conditions in communities we die everyday
Same brutality and ignorance, now what will it take
to break the motherfuckin cycle, get the people away?
That's why I'm fresh out of tears for 'em, all out of tears for 'em
Even though my heart goes out, what the fuck you cryin 'bout?
Money for rebuilding but, what about home?
When the way we live is shitty where's the love for our own?
I can't decide it, it's real, I hit you with proof
Maybe I'll be suicided cause I hit you with truth
See they kill for less than what we say on records to you
Hear the message in the music from a rebel to you, now listen

[Outro: x6 to end]
Save my life you gotta, save my life you gotta *[x3]*
Save us, save us

Public Enemy Lyrics

"Rebirth Of A Nation"

(feat. Professor Griff)

"The Enemy the Enemy the Enemy the Enemy" *[repeat in background]*

[Flavor Flav (Chuck D)]
P.E., c'mon now!
Here the... here the, hear the beat go
(C'mon!) Hit me
Cold live can, cold live
(Bring the noise!) To the beat y'all
{"Turn it up!}
C'mon now! That's all?
Ah-ah-ah-aight I got it, ah-ah-alright y'all, alright y'all

[Chuck D]
We come rough with the rhythm and rhymes that pack 'em in
Bust with the rhythm that shines back once again
Still ride with releases reachin each
Still strive to revive and keep the peace
And still knowin how to crush the mo'
We still showin with the monster flows that you know
And bleed the beast that, keeps the peace back
Must defeat that, bring that beat back!
When X plays on the crossfades we rave
To make us all come together, brothers doin our thang
In this land where the plan is to blind the mind
We go wild and understand the grand design
We brought BACK what'cha missed, feel the voice resist
Black fist got us sittin on the government list (oh shit!)
From the North to the near, hear it loud and clear
There's no fear, keep the people aware with Public Enemy

"The Enemy the Enemy the Enemy the Enemy" *[repeat in background]*

[Chuck D] Rhyme animal
[F. Flav] C'mon Griff
[F. Flav] Hear the beat go, Terminator what?
[Chuck D] DJ lord... c'mon now!
[Chuck D] Guerilla Funk'n
[F. Flav] To the beat y'all, shakin the ground
[F. Flav] P.E.
[Chuck D] What a brother know
[Chuck D] Once again back is the incredible

[Professor Griff]
It's P.G. out the gutter to absorb the fight
Six shots, slang shots, stick cops at night
Might pass on the black ski-mask and gloves

Revolutionary love, in Allah we trust
This one's for the workers in the struggle to rise
For the brothers in the pen and the women despised
For all the people's pain from the brain control
For niggaz in the game that done lost their soul
Hope goes to the folks don't hold the max
And the ten percent blood suckin askin blacks
to pass the gat, and snatch that book off the shelf
It don't mean shit without knowlege of self
Don't trip when the real clip rip the club
Cause when the brothers get together we gon' all come up
Keep it live in your ear so it's loud and clear
There's no fear keep the people aware with Public Enemy

"The Enemy the Enemy the Enemy the Enemy" *[repeat in background]*

[F. Flav] Huh! Terminator's back
[F. Flav] Hear the beat go
[Chuck D] Let me hear you say c'mon now
[F. Flav] Bring the noise - YEAH YEAH YEAH YEAH YEAH
[F. Flav] Hey yo check one two
[Chuck D] Guerilla Funk'n, here we go again
[F. Flav] Hear the beat go, P.E.
[F. Flav] Cold live, can cold live

Public Enemy Lyrics

[Chuck D]
Public Enemy...
Public Enemy... c'mon!
Public Enemy...
Public Enemy...

Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this
Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this (c'mon!)
Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this
Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this

[Sister Souljah]
WE ARE AT WAR!!!

[speech (Souljah)]
The American people, must rise up (WE ARE AT WAR!!!)
Out of the evils of war (WE ARE AT WAR!!!)
The evil of racism, and the evil of politics (WE ARE AT WAR!!!)
I am constantly reminded of the fact (WE ARE AT WAR!!!)

[Chuck D]
Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this
Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this (c'mon!)
Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this
Pump the music, pump the sound! (Public Enemy)
Once again we gonna do it like this (WE ARE AT WAR!!!)

[speech (Sister Souljah)]
The war, is only a symptom (WE ARE AT WAR!!!)
Of international militarism (WE ARE AT WAR!!!)
Racism, and imperialism (WE ARE AT WAR!!!)
And an unworkable capitalism (WE ARE AT WAR!!!)
That makes the rich richer and the poor poorer

[Chuck D]
Public Enemy...

Public Enemy...

Public Enemy Lyrics

"Make It Hardcore"

(feat. Paris)

[Paris]
Ain't that a bitch, I heard somebody think
Rap is dead cause people runnin out of shit to say
So ridiculous and so absurd
I was almost at a loss for words, then I started to serve
Off the line of the Enemy's mind
Back in 2005 droppin hammers without the time
Bring the ruckus from the booth to the hood
Motherfucker cause it ain't all good, now I wish they would
Get yo' vest on, we rain on Babylon
The anti-Fox News, anti-pop, original group
P and the Enemy policin the beast
Until we rise it'll never be peace, I put that on Jesus
Back with vocals, no whack shit, no glory focus
No gimmick tracks, just hard truth and rough raps
Plus that gear that keep 'em fearin the crime
Makin sure brothers knowin the time, that's why it ain't no smilin
See the army as they're snatchin us up, yeah
At yo' high school, promisin what?
Better recognize the bling of the murder machine
That's why it's meaning in the words when we serve and ask you to think
Who the whores that embed with the swords
Who the ones pimp us all sellin death for Murder Dog
The imagery is dead-ly so what the fuck?
Interscope ah better hope we never knowin and bringin the ruckus
Like Nas said, it's a coon parade, yeah
Bitch niggaz goin out all day
We pullin guns on Uncle Tom to bomb on Viacom
It's on, long as needed we competin keep-keepin it strong
Ain't no (Comic) in my (View) as long as they sell the black out
I grip my shit and blow your back out
We act out, cause you know we reppin the cause
Still a (Rebel) never needin a (Pause), I check drawers for balls

[Chorus: Chuck D (singers)]
Whatever it takes to make it hardcore!
(Ridin with a soldier, hard truth soldiers in the game)
Whatever it takes to make it hardcore!
(Keep the record rollin, ain't nobody colder when we play)
Whatever it takes to make it hardcore!
(Hard truth soldier, ridin with a soldier in the game)
Whatever it takes to make it hardcore!
(Keep the record rollin, can't nobody hold the spot we claim)

[Paris]
Soul survivors, now tell me who can bring it liver

It's P.E., still beatin the beast
In this game of latecomers, fake friends and flakes
And grown men actin like teenagers, we raisin the stakes
What'cha know about words I throw around
When I say it loud better know that I'm black and I'm proud
(This is what I mean, an Anti-Nigger Machine)
Take a look around and see the way they keepin the realest from reachin
But I bet you never hear it again, naw
Clear Channel never heat it again
It never fit into the corporate plan of attack
They genocidal practices only givin us "Murder on Wax"
Keep us terrified, music sterilized
Back the lies of the homicide and smile while
life imitates what we make; they all
makin money off the African's fall, that's why I'm callin out

[Chorus]

[Paris]
Because a (Nation of Millions) is fearin the (Black)
When we (Bumrush the Show) (The Enemy Strike Back)
With mo' game than the music and our message attract
(Revolverlution) and (Rebirth)'ll keep the music in tact
Fuck that, bust back on they criminal ways
No compassion in they action for the son of a slave
Now the church used to hurt us, make somebody behave
Like this devil up in office really worship and pray
Like God speak to him and he does what he wants
But you know they steal the vote if anybody gets smart
The real sin is the dilemma when the people support
the death penalty but call abortion murder for sport
For the fake patri-OT, ain't no questions asked
'Specially, when the babies kill each other for gas
Known to blast on a menace that don't even exist
Set up puppet governments, for the rich to get richer
More money for them hoods, but the hood's in pain
When the schools close cause they say no money remain
Still undereducated, makin minimum wage
Got your Wal*Mart, makin new century slaves
Who's crazy? I can see, through the disguise
See, through the media's propaganda and lies
See a nation full of sheep still simple and blind
So we burn 'em with the sermon that's designed with a rhyme, we do it

[Chorus]

[Chuck D]
Whatever it takes to make it hardcore! *[x2]*

[Chorus: second half only]

Public Enemy Lyrics

"They Call Me Flava"

[Flavor Flav]
Yooooooooooooooooooooo!
That's what I got everybody up in the Bronx sayin
(Get the fuck outta here)
Everybody up in the Bronx is sayin yooooooooooooooooooooo!
That's Flav shit nigga

[Chorus: x2]
They call me Flavor, Flavoristic majestic Flavor
Don't you know that I'm the Flavor that you gave-ah
I'm in the life that you live when you..
Ahh do it again *[laughing]*

[Flavor Flav]
Now they call me Flavor
I'm in the shot that you shoot when you swishin
I'm in your dip and your dive when you dippin
I'm the aroma in your motherfuckin kitchen (Now that shit's hot!)
Now they call me Flavor
I'm in your mouth when you wake up in the mornin (DAMN!)
I'm the stink on your breath when you yawnin (WHAT!)
I'm in the milk in the cows of the corn an'
Flavor Flav is the Flav, a mack
Flavor Flav will never stick you in your back
Flavor Flav is on the reel to reel
Flavor Flav is in what you feel, BOYEEE!
Now they call me Flavor
Flav will never stick you in your back
Flavor Flav is on the reel to reel, oh noooo!
Aiyyo {?} I don't know what the fuck I'm sayin

[Chorus]

[Flavor Flav]
YEAH YEAH YEAH YEAH YEAH!!
Get up get up get up and get down
Rock to the beat of a funky sound
Beat so sweet won't never go sour
Day by day every minute of the hour
The mornin hard eggs and tell me what's new
Got nuttin else to do but drink brew
Tryin to feel the flow, gettin so low
Standin there drinkin a quart of Old Gold
That's right, that's the way we gonna do it
And that's the way we gonna get through it
That's why I put my mind to it
And that's the way we gonna get through it *[laughing]*

South Freeport, break down
That's, where my families frown
After dark, Centennial Park
Go to Jones Beach, get on the back of a shark

[Chorus]

[Flavor Flav: over Chorus]
GET IT NOW! WHAT?! HUH!
But I ain't playin, you know what I mean?
Ohhh shit, one more time

[Flavor Flav]
If you really want it put I can put a nigga's light out
On the strength but I don't go that length
Cause, Flavor Flav don't live on that tip G
But don't get sleep on me
I get lurky boy
When you eat a beef jerky boy
Suey sauce and soy boy
I did it to 'em with Roy boy, whaaaaaaaaat?

[Chorus]

[Flavor Flav: over Chorus]
C'mon, WHAT! Daaamn
C'mon, the rap Superman, CHAAAAAAAAAARGE
YEAH YEAH YEAH YEAH YEAH

[Flavor Flav]
Bring that beat back (hehehehe)
Bring that beat back (brrrrrrrr)
Bring that beat back *[snickering]*
Bring that beat back
Do you know what I ain't got time to waste on this shit all night
Fuck that, fuck that you know cause I got other shit to do
We gone!

Public Enemy Lyrics

"Plastic Nation"

[conversation between woman and plastic surgeon]
Tell me what you don't like about yourself
Uh, I need liposuction, under my chin - and everywhere
I hate the.. bump on my nose
I hate my breasts, and my stomach has stretch marks
They make me sick - I'd like those to go away
Been saving up my money for this

[Chuck D]
What if she tried to get her face erased like it was commonplace
Maybe just crazy because the doctor said she could
With new hips and tits, maybe fuller lips
All it take a day and some pay, for the tuck and nip
Call the Hoover remover, by the time they was through-ah
Her whole body would look the way she thought it should
They shake a splatter of fat and move from this to that
Like Frankenstein but blind because it's in her mind
Don't know what she felt, or why she hated herself
Maybe dolls and shows, or maybe videos
Now it's plain to see, the girl loves TV
Because she's chasin a dream we know can never be
Was all part of the plan to keep her lookin right
Thinkin she could be Janet, if she took the knife
It's not a sin to be thin, she tryin hard to fit in
Knowin soon she'll be a citizen, of the Plastic Nation

[Chorus x2: conversation between women and plastic surgeon]
Tell me what you don't like about yourself
I wanna change my face, and I wanna change my body, I wanna change my body
Tell me what you don't like about yourself
I wanna change my face, it would be so.. great

[Chuck D]
Now she was more crazy than lazy 'til she had a baby
Tryin to move and improve upon on what God gave her
Just like the swan she thought she had it goin on
But never once thought it was wrong or that it wouldn't save her
Went to the clinic was in it for over half a day
As they sliced and diced and put the parts in place
Her body's bruised, abused, cause her mind's confused
Bent on livin a lie but never satisfied
And you know it ain't right, that's somebody's daughter
Now her face is so tight that you can bounce a quarter
And the feeling ain't back, they said it'll never be back
She's a creature with features, broken out of order
That's why we try to find a way to get inside
And make you love your life and never need the knife

It's not a sin to be thin, don't need to bleed to fit in
Now she's another citizen, of the Plastic Nation

[Chorus]

[women talking to end]
I need liposuction
I'd like bigger calves
I need liposuction
And, I'd also like to go up to a C cup
Tell me what you don't like about yourself
Maybe I could have her ears
Maybe I could have her ears, and I like her nose
Tell me what you don't like about yourself
Because they don't stick out like ours does see
[suction sounds]

Public Enemy Lyrics

"Coinsequences"

(feat. Paris)

[Intro/Chorus: Paris]
Is it a, coincidence that we ain't taught truth
A, coincidence that they target the youth
A, coincidence everything is the same
That a message in the music ain't a part of the game
A, coincidence that we livin a lie
A, coincidence that we only get by
A, coincidence that so many are lost
And do prison time 'fore we notice the cost

[Paris]
It really ain't difficult to break the mold
And take a close look at the lies we're told
Wipe away the facade, see we got to know
See the plot to control and to rot the soul
You can make anybody that don't read believe
anything that they see on the TV screen
That a lie is reality, the sky is green
That there's weapons in Iraq, and the President's clean
When it's on, thinkin you can trust police
Every black is a beast and our women are cheap
And that brothers gettin murdered is the way of the streets
That it's normal to die when we still in our teens
And that's the way it is, what's the use to try
That school is a motherfuckin waste of time
Slang yay, die young, maybe get rich rhymin
And prison if you black is just a part of life
And that all of America support the Pres'
Religion is the way, and we all full of sin
That it's better after death if we suffer and pray
Even though they fuck us off in this life today
And that white Jesus hangin on the wall in church
ain't a part of a lie to keep a brother subservient
And that the whole world need the word "Amen"
Got troops overseas gettin murdered for free
If you buy that shit, I got a bridge to sell
Like I said I'm a rebel, so I must re-bel
And lies be the truth now, war is peace
Like corporations don't dictate the streets
Like brothers don't die for the diamond or bling
Like brothers don't die over songs we sing
Like patri-ots act like the Patriot Act
While we swing on this bitch 'til we break it in half

[Chorus]

[Paris]
You guilty if arrested and niggaz are thugs
Only good for welfare, murder and drugs
The media is true, with no bias at all
And Fox News ain't on the President's balls
That Lacey and O.J. and Kobe and Mike
ain't bullshit and really do matter in life
That you shouldn't be insulted they give 'em the time
but never talk about all this corporate crime
That they generatin news stay loose with facts
Relate fake views that'll keep us attracted
like sheep so we don't think, never react
Never question authority, never suspect
Never trip off of why what matters to us
always seem unimportant, and never get love
Why it's never any money for the school support
But it's fallin out the sky for these corporate wars

[Chorus]

[Paris]
They never give real shit space to shine
Just donkey-ass niggaz on assembly line
Cookie cutter pop-slutter make music designed
to pedal Coca-Cola, Motorola and Sprite
No love for the Enemy with video play
But they give Flav a show to take the focus away
from the realest group ever made, whaddya say
when to them it's Eminem that's goin down as the greatest?
When the plan is a shame like we makin a choice
Understand it's a scam who get handed a voice
And it's only a few and they decide in advance
Like votin for the President and both of them fam
All that "God bless America, and nobody else"
But I can smell racism, however it's dealt
Know the real shit never miss, see how it's felt
All around the world, hear the people cryin for help

[Chorus]

[Outro: Paris]
A, coincidence ex-cons can't vote
A, coincidence they can't get no work
A, coincidence that they can't hold heat
Now they know that they enemy don't look like me
A, coincidence that we shit out of luck
The consequence of coincidences all add up
When you never know the reason and you're set up to suffer
The offense is coincidence is never the cause

Public Enemy Lyrics

"Invisible Man"

[Chuck D (Flavor Flav)]
I came from a place I forgot
I woke up in the parking lot, far from a meal and a cot
On the corner where all the streets got the same name
Maybe my brain's on the brink of (INSANE!)
Pain between the papers while sleepin on the train
This the land of milk and honey (know what I'm sayin?!)
The invisible man times three
Black, down and out - out standin on a corner (no doubt)
Now a nation of homeless sleepin in bus stations
Another win for the pilgrims who said (NO MORE HAITIANS)
As I proceed, someone to feed me is what I need
(Three blocks of dealers tryin to hit me off with some weed)
Yeah, avenues and boulevards hungry as a (FUCKER)
Hope to get a ride from a (TRUCKER - aiyyo man)
Everybody know I ain't no (SUCKER)
Every time I used to drop thirty at the (RUCKER - that's it)
Away from the crazy kids in Generation Wrecked
Dissin pyramids while praisin projects
(Walk past old folks gettin no respect!)
Callin young folks a bunch a no-good rejects
And I walk on

[Chorus: Chuck D]
An eye for an eye, I can't recognize the man in the mirror
Is it I? It is I
Now who this cat I'm lookin at?
Cause I've been waitin so long, to get where I'm goin
An eye for a eye, in this country 'tis of thee
Now how the hell, can I be free
And who this cat I'm lookin at?
Cause I've been lost so long without anybody knowin

[Chuck D (Flavor Flav)]
So I move on (uh-huh) and I walk on (yeah-yeah!)
Past the preachers and the pimps gettin their talk on (SAY WORD?!)
Why do home gotta be where the negative roam
To be or not to be (so I roll alone)
I'm trapped within, this skin and these bones
Amongst temporary kings, on cellular phones
Can I last, as I walk past
Mad cigarette billboards, and malt liquor ads
(Walkin on da bottles and potato chip bags)
Everyone I see got the nerve to brag
Where they from, what they got, and don't own squat
Disrespect where they from and you might get shot *[click click BOOM]*
Zombies askin me, what the latest bomb be

(You shoulda shot the fuckin sheriff and the fuckin deputy G!)
For okayin the drug trade and lettin it be
But I know prison for me, is an industry
So I walk, heard the best things in life be free
(Didn't God make this land and the air that we breathe)
Not for the homeless, don't give a damn about me
In the mirror somebody else is starin at me
Maybe prison is the skin I'm within
All this time I been sufferin can't fix it with a Bufferin
Plus they said I'll never work in this town again (God damn!)
So I keep on walkin - yeah

[Chorus]

[Chuck D (Flavor Flav)]
Lil' DayDay is Big Day and just did time
Seen him standin (on the unemployment line?!)
Which collided with the line of the health clinic
I seen Crazy Stacy, her ass standin up in it
No more welfare, they cut her Medicaid
(DAMN! My momma used to do her braids)
I keep walkin, so they don't see me
But I doubt if they doin much better than me
So I walk on, never take the planet for granted
I paved the concrete, asphalt and granite
I walked past three brothers, sittin on the porch
With a yard of dirt, and littered with Newports
Talkin how they comin up while they sittin on they ass
As I walk past 'em I'm the target of they laughs
And one said "Let's get him for his fuckin stash"
As I walked fast, past the other yards with grass
Had a little cash, I tried to make it last
From a few deals I made from cleanin windshields
I ran like a (rally) they caught me in the (alley)
Can't get out the ghetto from New York to (Cali)
I thought I had nothin, 'til I felt the knife
And now I ain't even got a life... *[echoes]*

Public Enemy Lyrics

"Hell No We Ain't All Right!"

[Chuck D: storm raging in the background]
Does it gotta come down to this...
In order to see things for what they are and what it is...
We still might not be free up in this piece
Or treated very equally as far as I can see...
Hell no we ain't alright!

[Chuck D (Flavor Flav)]
Now all these press conferences, breaking news alert (this just in)
While your government looks for a war to win
Flames for the blame game, names where I begin
Walls closin and get some help to my kin
(Who cares?) While the rest of the Bush nation stares
As the drama unfolds, as we the people under the stairs
Fifty percent of this "Son of a Bush" nation
is like, hatin on Haiti and settin up assassinations
Ask Pat Robertson, quiz him (mmm - smells like terrorism)
Racism in the news, still one-sided views
Sayin whites find food
Pray for the National Guard who be ready to shoot
Because they be sayin us blacks loot
(What is your boy "Son of a Bush" doin?) *[laughing]*
(NUTTIN!)

[Chorus 1: x3]
New Orleans in the mornin afternoon and night
Hell naw! {HELL NAW} We ain't alright

[Chorus 2]
New Orleans in the mornin afternoon and night
Hell naw! "Damn, damn!"

[Chuck D (Flavor Flav)]
Now them fires, earthquakes, tsunamis, I don't mean to scare
... wasn't this written somewhere?
Disgrace is all I be seein is hurtin black faces
Moved out to all them far away places
(Emergency) state, corpses alligators and snakes
Big difference between this haze and (the little diamonds on the VMA's)
You better look what's really important
Y'all under the sun, especially if you over 21
This ain't no TV show, ain't no video (this is really real!)
Beyond them same ol' keep it real
quotes from them TV stars, drivin big rim cars (streets keep floodin B)
No matter where you at no gas, driving is a luxury (urgency)
Don't y'all know? They said it's a state of emergency
Show somebody's government is far from reality

(Aiyyo check one two!)

[Chorus 1: repeat x4 instead of x3]

[TV broadcast samples]
And they don't have a CLUE of what's going on down there
I'm like you've gotta be kidding me, this is a NATIONAL disaster
It's awful down here man
God is lookin down on all this
And if they are not doin everything in their power to save people
They are gonna pay the price

[Chuck D (Flavor Flav)]
Now I see we be the new faces of refugees, who ain't even overseas
But stuck here on our knees
Forget the plasma TV, ain't no electricity
New world's upside down and OUT of order
Shelter, food, what's up yo? (Where's the water?)
No answers from disaster, them masses be hurtin
So who the f#$! they call - HALLIBURTON?!
"Son of a Bush" how you gonna just trust that cat
to fix s%#t when all that help is stuck in Iraq?
Makin war plans takin more stands in Afghanistan
Two thousands soldiers there dyin in the sand
But that's over there, right? What's over here?
It's a noise so loud some of y'all can't hear
But on TV I know that I can see
Bunches of people, lookin just like me

[Chorus 1 x4: change city/state name each refrain]
[1:] New Orleans
[2:] Mississippi
[3:] Alabama
[4:] U.S.A.

[Chuck D]
We definitely ain't alright
And some of y'all voted for that cat! "Son of a Bush"
That's right, what God giveth sometimes your country taketh away
Yeah, one love, comin from Public Enemy, #1 y'all
Public Enemy, 2006 (yeah)
Public Enemy 2007, all gettin together now

[Flavor Flav]
Let me tell y'all somethin
All of our hearts is out there with y'all, you know what I'm sayin?
And we sendin trucks, we sendin boats
Boxes of.. cans of soup and everything
Clothes and all of that, shoes
We donating everything to y'all, you know what I'm sayin?
Don't worry, y'all ain't by yourself
You need to know that

Public Enemy Lyrics

"Watch The Door"

[Intro: Chuck D]
Watch the door, Chuck D, Public Enemy
Paris, Guerilla Funk, Rebirth of a Nation 2006
Everybody needs somebody to watch the door as it's goin on
Securin you - who's securin what?!
Watch the door

[Chuck D]
Now I'm down to do your thing if your thing's the right thing
P.E. ain't tryin to hear no fat lady sing (naw)
Don't get it twisted cause we still love the music in the past
Through the years see them use it then abuse it
Some of these cats ain't sat down, washed their hands
and say to the grace to the game, so they're a disgrace to the race
Dig it, P-Dog we be diggin them party joints
Beats for everybody joints
Takin care and persevere I'm makin my point
Message around the world, rap be's for the poor
You on the floor, we at the door
Rob the rich, give to the poor

[Chorus: x2]
Rob the rich, give to the poor
Give back to get back cause we watch the door

[Chuck D]
Cause it's about to go down these cowboys have jumped the corral
Survival yeah we got the nerve to serve
Like a hip-hop bible, don't libel
Guerilla Funk, they got the title
The late great, no need to donate dollars
I don't care if they poppin collars and holla's
Who can't think between drinks, Chuck D I'm the driver
Hard act to follow, I think for tomorrow
Remix of old P.E. hits, I ain't up against it
If it was up to me I'd give it all away (yeah)
Anyway, uploads for my people to download
Shit so hot, iPods explode
One at a time baby, for your mind baby
Uhh, to keep your soul in control baby
Not crazy this party's for everybody
You on the floor, and I be watchin the door

[Chorus x2]

[samples: some scratched]
"You sold us out!"

"They don't pay you enough to do that boy"
"You sold us out!"
"Some things you don't sell"
"You sold us out!"
"They don't pay you enough to do that boy"
"You sold us out!"
"Too much, get away from stuff like that"

[Chuck D]
Multiply, do not divide
Think globally, act locally
Passport, showin no support
Makin World War III, lookin like a sport
Human race, in the only place
we know as Earth, right in our face
And the firebombs, and the toxic waste
Will leave this world without a trace
And we don't want no other war
Too late the feds done closed the door
And we the peeps get spoken for
The people want peace but the people get a quota
Got the cure, high price for sure
Fix the rich, and damn the poor
Laptops, shoes, off says the law
Make love, fuck the war

[Chorus x2: fades out]

[Chuck D - continues to fade]
You're damn right!
Public Enemy, Rebirth of a Nation
Paris, Guerilla Funk
2006 for yo' bad ass
Yeah, somebody gotta watch the damn door!

Public Enemy Lyrics

"Field Nigga Boogie (XLR8R Remix)"

(feat. Paris, Immortal Technique)

[Paris]
Take it back to the days when we raised us up
'Fore coward-ass rap made the game corrupt
P-Dog in the cut back to bring the pain
Puttin wood on they ass can't stand the rain
And bring heat over beats, and scratch the itch
In a "No Spin Zone," fuck a scanadalous bitch
It's the return of the (Bush Killa) back to bust
Just us for the justice, in God we trust
I rush truth to the youth, and shine the light
Take the red pill, open up your eyes to life
In this land of these crack fiends sheep and moles
See us overthrow the hold of the devil control
And roll deep, keep it underground for the streets
I'm the last sayin, get 'em outta bounds, retreat
Like ants in this war dance, if one fall
Ten more's in his place to advance the cause, it's all

[reggae chat interlude]

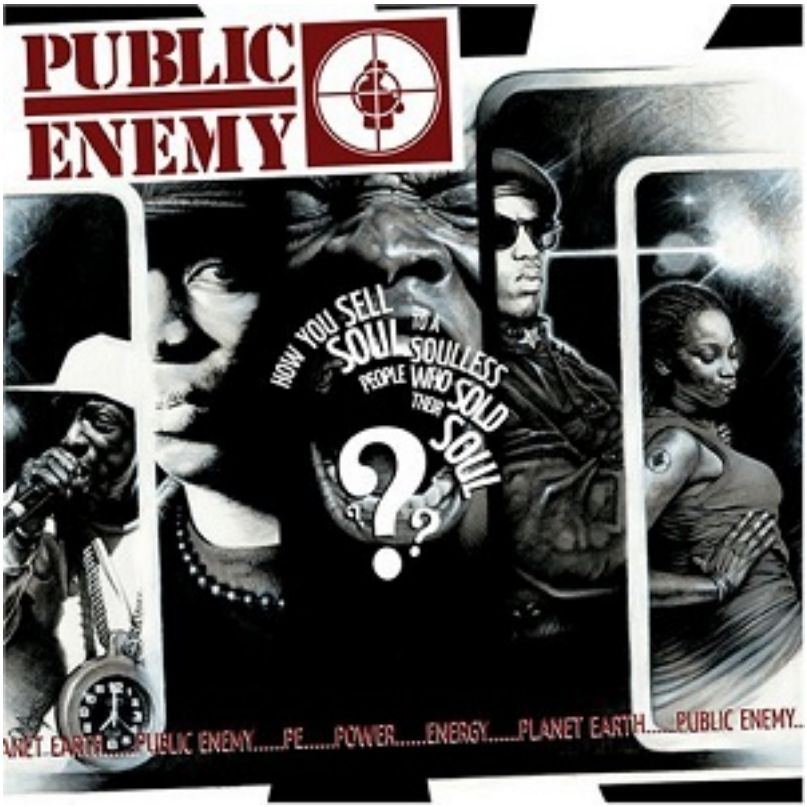
[various samples]
"This program includes dramatic re-enactments of scenes which depict real events
and contains material which is intended for" (HIP-HOP)
"Welcome to the show!"
[Dan Rather] "Today, more drugs are coming into America than ever before"
"We have the best intelligence in the world, we can stop anything we wanna stop"
"You still may know little about" - Dan Rather
"The C.I.A.'s involvement with drug lords"
"This was a, a multi-billion dollar business"
"Even more menacing" - D.R. "The C.I.A."
[D.R.] "Have gone into the drug trade, and are trying to take over the government"
"In the war", "on drugs" - D.R.
"Which side is the C.I.A. on?"
"We need a change! We need a change.." *[x2]*

"One of these motherfuckers different"

Bringing you back what you miss in hip-hop
Hard truth sol-sol-sol-sol-sol-sol-soldier radio
Word! "Pay attention real close, we just begun"

[Immortal Technique]
Yeah! Immortal Technique, part of the rebel militia
Weapon I brandish, don't need the canvas to paint a picture
Fuck who you askin, I'll tell you what it is
It ain't music motherfucker it's the way that we live

Party crashin, leavin the door with a broke lock
And make a toast to the cancer of Rupert Murdoch
I got a hit, on the Grand Wizard and the cyclops
And I'll be snipin, campus security bike cops
Fuck around, and I'ma start blastin they kids
Payback, for what they did to John Africa's crib
These pigs talk a lot of shit, shit, wavin the badge
Can put it down and go the fuck home wrapped in a flag
I have nothin but, empty shells for enemies
Strike me down, that'll give birth to ten of me
Forbidden chemistry, my verse is the dirty bomb
Urban combat, next year nigga it's on



PUBLIC
ENEMY
HOW YOU SELL SOUL TO A SOULLESS PEOPLE WHO SOLD THEIR SOUL
?
PUBLIC ENEMY.....PE.....POWER.....ENERGY.....PLANET EARTH.....PUBLIC ENEMY..

Public Enemy Lyrics

"How You Sell Soul To A Soulless People Who Sold Their Soul"

[verse 1]
Banned from our damn so called country
No claim yall know the name
Some got the rest of the planet
To feel us damn it
Substance over style
Thats right we on exile
Them ol heads from strong i the velt
No love good lookin out
But damn sure felt

Hear me fear me appeared to
Dissapear
The sequel
Said keep pe from from the people

Stole ya soul keft the groove
On ya body black
Now you cant getcha mind back

Too dirty for the source power 30
Too clean for 30 year olds
Who wanna act sixteen

I beg ya pardon
We be live in other genres
While ya favorites just startin

We come back to do a soul check
Every once in a while like a sonic messiah
To find out these cats
Got this thing runnin wild
God bless the child

[verse 2]
Im spittin in the wind
Till it knocks a tree down in the woods

(allah u akbar)
God is good

Either you stand for something
Or fall for anything

You can get all the money cars jewelry and things
And still have nothing

Lookin for love in all the wrong places
Between gettin high on the price tags
And smilin faces

Thinkin you need
Rings and things rims and timbs
That aint rap thats bein slaves again

Pretendin

Hip hop says you can be what you wanna be
As long as you aint f-a-k-e

Its a four letter word like fame
That fades and if you believe it

Your f-u-c-k- e-d

But how you sell soul to a
Souless people who sold their soul?

I guess we all got stole on
By some of the same cats

That sold ya soul out
Dj lord

Being that beat back

Public Enemy Lyrics

"Black Is Back"

[verse 1]
Full blown
Rap rock and roll
Whatever happened to solid gold?
Aint like it cant and wont get sold
Sold by the same cats
Stole yo soul
Back on a track
That dont sound too old
Whats goin on? i dont know its trouble
Back in black to bust that bubble
Black supermans back and not daredevil
Dont wear throwbacks
Cause im a throwback
So i threw that throwback on the racks
So lets go back
Way on back
Before 8 tracks and cadillacs
Cats still on crack
Screamin what they lack
It started with your baby on similac
Dont get me started
Get it up to speed
Gettin back your soul
Is what you need

[verse 2]
Get on the soul train
Getcha soul drained
If ya souls drained
Backed right to yo brain
Keep the peoples away from pe the peeps
So the top 10 joints
Keep em all asleep
So what they got
You think is hot
But the real things in life
Your soul forgot
Dont hear it on the radio
Or mtv
I damn dont know about b-e-t

[verse 3]
If we cant reach em
Damn cant teach em
Somebody hatin
Cause we gots the information

Do this once a moon
Like an eclipse
So back to them politics
Off my lips
Tell the scurred beware of them ghetto tricks
Tell the government
Please stay off my dick
The criss whatever i never sip
Keep the whole damn bottle
I dont even trip

Public Enemy Lyrics

"Harder Than You Think"

[verse 1]
What goes on?
Rollin stones of the rap game not braggin
Lips bigger than jagger , not saggin
Spell it backwards
Im a leave it at that..

That aint got nothin to do with rap
Check the facts expose those cats
Who pose as heros and take advantage of blacks
Your governments gangster so cut the crap
A war goin on so where you at?

Fight the power comes great responsiblity
F the police but whos stoppin you from killin me?
Disasters , fiascos over a loop by pe
If its an i instead of we
Believin tv
Spittin riches , bitches, and this new thing about snitches
Watch them asses move the masses switches
System dissed them but barely missed her
My soul intention to save my brothers and sisters

Get up
Hard...just like that
Get up
Hard...just like that
Get up
Hard...just like that
Get up
Hard...just like that

[verse 2]
Screamin gangsta 20 years later
Of course endorsed while consciousness faded
New generations believing them fables
Gangster boogie on two turntables

Show no love so its easy to hate it
Desecrated while the coroner waited
Any given sunday so where yall rate it?
Wit slavery, lynching , and them drugs infiltrated

Im like that doll chuckie , baby
Keep comin back to live love life like i'm crazy
Keep it movin risin to the top
Doug fresh clean livin you dont stop

Revolution means change
Dont look at me strange
So i cant repeat what other rappers be sayin
You dont stand for something
You fall for anything
Harder than you think
Its a beautiful thing

Get up
Hard...just like that
Get up
Hard...just like that
Get up
Hard...just like that
Get up
Hard...just like that

[verse 3]
So its time to leave you a preview
So you too can review what we do
20 years in this business
How you sell sell soul, g wiz
People bear witness
Thank you for lettin us be ourself
So dont mind me if i repeat myself
These simple lines be good for your health
To keep them crime rhymes on the shelf
Live life love like you just dont care
5000 leaders never scared
Bring the noise its the moment they fear
Get up still a beautiful idea

Get up
Throw yo hands in the air
Get up show no fear
Get up if yall really care
Pe 20 years
Now get up

Get up
Hard...just like that
Get up
Hard...just like that
Get up
Hard...just like that
Get up
Hard...just like that

Public Enemy Lyrics

"Sex, Drugs & Violence"

(feat. KRS-One)

[Hook]
We like those gangsta rhymes...
Just make sure they don't corrupt our minds...
These rappers kill and thief...
A lot of times it's only make believe...

[Chuck D]
Once upon a time, not long ago
A rapper got shot, and no one knows
Who pulled the trigga on the kid and layed him in his grave
And after the prayers and the street parade
Shit got forgot, and now he's dead
And all the fans loved everything he said
So understand this, you don't wanna miss
Sex, drugs, and violence

[Hook]
We like those gangsta rhymes...
Just make sure they don't corrupt our minds...
These rappers kill and thief...
A lot of times it's only make believe...

[KRS-One]
Ayo once upon a time in Jamaica, Queens
An icon gets shot and no one knew what it means
It was just another muder scene
But let's get on with the bling bling
Ching ching and half naked chicks that can't sing
Murder weapon, never found. Police, never around
The respect, the intellect, and the suspect all out of town
It's all out of bounds. KRS, Chuck D makin our rounds, man
While they takin us down, man
We're takin you down. I got another new sound
It's really an old sound, but you know how me and Chuck get down
We got peace, love, unity, and having the fun
But you all want sex, drugs, violence 101
Here it is... Bam
Stop being a little boy with a little toy, stand up and be a man
Now you see the plan, from west to east
Instead of sex, drugs, and violence we got love, purpose, and peace
We be hurtin the least. We be workin, no seats
Bringing it to America like Geronimo and Cochise
Get that, but make sure when you spit rap
If you ain't really ready to die, yo, don't spit that!

[Hook]

We like those gangsta rhymes...
Just make sure they don't corrupt our minds...
These rappers kill and thief...
A lot of times it's only make believe...

[Flavor Flav]
Once upon a time I was on Long Island
A man got shot and he wasn't smilin
He was bleedin from his guts, yo
A policeman was sittin and he drove up on the spot, yo
Now when police light came on
When the man died, who was the blame on?
Wasn't me. Not you
I didn't kill nobody cuz my records don't do that
I make the records for the kids
Gangsta rap flippin people's kid's lids

[Hook]
We like those gangsta rhymes...
Just make sure they don't corrupt our minds...
These rappers kill and thief...
A lot of times it's only make believe...

Public Enemy Lyrics

"Can You Hear Me Now"

[VERSE 1]
Damn if i be some slave again
Got no fake ass friends no timbs or rims
Sure nuff dont know no designer names
And i never played no video games
I aint got no diamond rings
No bling, bling, no minks
No 2 earrings
No pimp glasses mugs
Or cups and things
Or whatever the hell they be
Carryin
Dont treat my highs too high
Or my lows too low
You wont see my soul souled on no video
Bdont need no checks to get no chicks
Or be some hypocrite to get you on my
So let the young sing and rap to the young
As long as yall dont think freedom
Is free to be dumb

[VERSE 2]
Its suicidal to think im your american idol
Hypnotic trapped in a 3000 mile box
Chicks bobby sox today be botox
Now that hip hops the new so called rock
Parents dressin the outside
Of their kids
An what they wear
Instead of stressin the inside
Way back , my peoples gave me pride
Now in 2004 i aint gotta hide
If you cant afford it just leave it to the side
Cause you looking real stupid with that tear in your eye
Gotta a 1994 hear you talkin
But its damn sure better than walkin
It might be old, it sure aint gold
Better than stylin in the cold
It aint no rolls,so wont get stoled
But you wont see me walking on no side of the road

[VERSE 3]
At the age i am now
If i cant teach
I shouldnt even open up my mouth begin to speak
I need some radio
To help me reach

But i heard they get their money on
By makin you weak
Drowning in the sea of
Some big dose of now
No past no future
Let the young grow wild
Aint gave em nuttin
Some done robbed the child
From substance
Dont currr , fill em up wit style
Like hip hop started on trl, like wow
Took the game and made it a gdamn shame
Hell wit history you dont even
Know my name
I aint the same damn thing
That yall used to playin
Im non stop rocket
Headin to your brain
Now thats what im sayin

[VERSE 4]
I may not got no flow
But i aint pimped by no negro
Backed by some
Cracka wit
His ass by the door
Therefore
I can never be poor
Cause my mind , body, and soul
Cannot be sold
Priceless
So i avoid the trifelin
Worms in my cipher
Stuff yall cant get enough off
Gots no time for
Somebodys jail
My time is just like the US mail
My time is richer
Than them new astro pitchers
I be damn if my face
Be under some picture
Where you heard the nword
So save your liquid
Pe we just here to flip it
Find somebody new to get wit
The next time you hear a
Cat who cant Stand or even look in the mirror

After dark, just gimme a spark
Go to Jones Beach, get on the back of a shark
Have him take me down to Florida
I'm the flyest nigga down in Florida
Gimme the mic, move over, I'm takin this shit
I'm back in control, gimme your soul
Check it out - make room for daddy! (What)
Before I have to get the belt (what)
Beat your ass all the way back to the felt (what)
Make you do the wop
Shimmy shimmy go go pop

[Flavor - over Chorus:]
What... who! What... who!
What... who! What... who!
What... who! What... who!

[Flavor Flav:]

Flavor Flav is back on the dome relax
I push all the buttons around this bitch
I'ma go get money from Bill Gates, get rich
So I can build me a psycho-loft
So I can go psycho with my Micro-soft
Flavor Windows is the new invention
Colorful windows to get the attention
(Knock knock) Flavor Flav is eatin with Bill Gates
Bill, had to have a certain flavor
To have the highest, bank rates in the world
(Word up) But he don't stand alone
Joey Fatone, is in my bones
Jackie Hamilton, dollar bill
Sittin real high on Capitol Hill

[Chorus]

[Flavor - over Chorus:]
What... who! What... who!
What... who! What... yeah!
What... yeah! What... yeah!
Who, yeah!!

[Flavor Flav:]

[Flavor Flav - ad libbing:]

Knock knock, knock knock
Knock knock, knock knock
Knock knock, knock knock right here at your door
Givin you more of what you bargained for
Flavor Flav - back in your face
Mess with my kids and I'll catch a case
Y'knahmsayin, I ain't playin
It's all in the message I'm relayin
Right here in DeVante's studio
That's where I'm sayin, that's right
All the way to Penn Station, Jackson Station and the nation
Feature your generation, yo Flavor Flav is out
Two steps automatic and I'm out kid

Public Enemy Lyrics

"The Enemy Battle Hymn Of The Public"

[verse 1]
No election
Remember that presidential selection
Got us in another
Erection of body part
Dick bush and colin
Tape is rollin
New whirl odor
Flowin way past deodorant
Got the masses ignorant
Them dumb asses
The whirl surrenders
To the way of the beltway
Created a nore bin laden found saddam
Yo griff,
'what good is a gotdamn bomb
I know they been lyin bout bin ladin
Fight the power
You dont know who hit them towers
And they dont care
Tony blair
Ask the axis of hate
Is the uk the 51st state

[verse 2]
Gettin the bomb sht
Aint like gettin bombed and sht
Orders from your
Commander and theif
Headcheif hankercheif
Aint that right griff
You gonna go in there
And take things and bomb thangs
2007 high tech thug gang
I rather be gettin it
Than gettin hit
Presidential orders
From this new whirl odor
Stressin peoples of color
Across the water and the borders
Peeps need food education employment
And damn that high tech equipment

[verse 3]
And the rhetoric
From one sided politricks
From a government on some ol

World war 3 trip
If i was there id quit
Go home and be gettin it
Stick a bush and dick in the world
And watch it twirl
Americas a dude
And the earth a girl
You gotta fight for your love
Remain a cut above
The rest of the world
Dont matter
Sounds like propaganda
New facism on another channel
Turn offa that thing
And see the sun
Ima take my black ass home
And get some

One

Public Enemy Lyrics

"Escapism"

[verse 1]
Is the groove good to you
Like when you lose your thing
Forgetten grits is grocery
And eggs is poultry

Makin a livin against those makin a killin
Super blackman gotha back
And is back in the building
If the prison is that skin you in
And your cell sittin inside your skull
They say you cant getaway
From ya damn self
When your earth is heaven
And your world be hell
Check your head
Armageddons at the foot of your bed

You aint heard a word i said
Forget them slacks

Im that throwback that
Threw that throwback
Back on the racks
To get my mind back

O say can you see
I get back its still just a black and white tv
In lyin color brother
Gots to getaway to the other.

[verse 2]
Never was too good
Off the top of my head

Cause i want yall to know
Exactly what i said

This so called war in iraq
Over a thousand dead
Thats about
10 a week
Even as i speak

33% of black males in jail
55% of black students will fail
85% of black folks forgot

We were slaves
Up inside this box

America got folks brains on lock
Forget the connects

Some wanna buy whats next
Wear it like a sign up in that chest

Yall should know papa dont take no mess

If you think your past is irrelevant
Dont you know ol soul pays the gt damn rent
That messiah aint never
Gonna come as long as

You thinkin freedom
Is bein free to be dumb

[verse 3]
Soul is back
So flip them hits back
Damn the fashion
I wanna know wheres the passion

Thinkin we came a long way baby

Sayin poor michaels psycho
And prince hes crazy

But what has bob mick sir paul
Done for you lately

How they maintain on your brain
Seems to escape me

Heard some ghetto cats
Dont like metal rap

Hear it and fear it
And they think its wack

They dont even know that the blues is black
And when i rap is back to the roots

Where i be at

Not some 30 year old who dont know facts
Whos wild sayin things like some juvenile

Remember 2 million black folks in the penile
Got a world of whitefolks
Thinkin its style

Think im hatin cause you lack the information
Cause we the fbi still gots on file

Public Enemy Lyrics

"Frankenstar"

We the fans
Hopin they would be open
Tinted glass
Behind that tinted glass
Crowd waiting in limbo
Is that the limo?
But he dont give a damn
She dont give a damn
Just buy their product
Cause they a by product of a marketing plan
Can i just get an autograph?
Im fanatic number 2 million
Sign it to my mama
So she can cut the drama
Bought in a store in nicaragua
But you ignore the poor
Cant even get to your door

Frankenstar
You dont even know who the hell you are
I dont give a damn about your car
Frankenstar
Frankenstar
Frankenstar
You dont even know who the hell you are
We dont give a damn about your crib
Only give a damn about what you did
Frankenstar
Frankenstar
Frankenstar

Can i get a ride on that music
Can i get a look on that movie
All you gotta do is groove me
Security aint got to shoot me
How a fan get get close to you
What do you think im supposed to do?
Shit by the way i bought a poster too
I didnt take it back
Cause the show was whack
Bought a hundred dollar ticket
Told us where we could stick it
Frankenstar
Let us fans know
That you gonna do a 10 minute show

Hooooooo

Hooooooo

Frankenstar
You dont even know who the hell you are
I dont give a damn about your car
Frankenstar
Frankenstar
Frankenstar
You dont even know who the hell you are
We dont give a damn about your crib
Only give a damn about what you did
Frankenstar
Frankenstar
Frankenstar

Now you say you from the hood
Paid and laid
And now you think you gonna get sprayed
I see you grinnin at them humble beginnings
Fame just is like water to a gremlin
Fame is fake and it fades
Millinnum stars can be like grenades
Blowin up thinking we all got it made
In a mtv cribs
To fool them kids
The new monster mash
See em all dance for cash
Saw ya wit a new lawyer
So you
Better stash
But the vip section got your attention
And you cannot see that far past
Wrong inspiration
For a young nation
When you dismiss education
And your living rooms a playstation
Do your thing, not the thing do you
Dont fame gotta hold on you

Public Enemy Lyrics

"See Something, Say Something"

[verse 1]

Welcome home to the terrordome
Land of the forbidden
Cause that man be sinnen
And his hand be hidden
To rule the planet
He planned from the beginnin
Superegoman sounds like lucifer is winnin
Yo he wanna buck us
So im stoppin all that ruckus
Yall dont know the d in my name
Is like fredrick as in douglas
Another body
Cause the feds crashed the party
You confuse your own folk
Running from the paparazzi
Dirty mind and tap water
Consumin yo body
Illuminati in the tomb
Poisonin the womb
Cant be a guinea pig
With the glock to the wig
10 years since we lost pac and big
Dont get it twisted dont get it confused
The term snitch
Revolutionaries use
When the government got the hood rhymin the blues
Thats the term when the whole town lose

See something you better say something
Cause saving something aint worth sayin nothing

[verse 2]

Genocide on us where
They practice this
Thats why i pack the fifth
See how wack this is
They ready the clips
Replaced the whips
Not cars im tallkin bout them things that cause scars
Night and days i know i still fight the power
I know we came a different way than the mayflower
All them players rentin rims and hummers
Got taught by a teacher defending columbus
New thug robbin ids and pin numbers

Spot on my block
Be hotter than 10 summers
Stuck in last century like a fax machine
Left back from the future
Like some vaccine
From ghana, botswana to watts and queens
Is the tv killing black teens
And their dreams?
Dont get it twisted dont get it confused
The term snitch
Revolutionaries use
When the government got the hood rhymin the blues
Thats the term when the whole town lose

See something you better say something
Cause saving something aint worth sayin nothing

[verse 3]

While some pass the criss
They happen to miss
The unexpected revolution
From some young catalyst
Untouchable on the fbi list
Not know knowin these facts is more hazardous
I rock intense
Knock your block wit sense
Welfare cut from them documents
Masses volunteering for them chips
Trace the hiv lane up that blood vessel
Irs in that chest
You gotta wrestle
Life is not a game
New war apocalyptic
See the wicked run and try to hide the statistic
Aint nuttin changed
Pe be the same crew
It aint a game
Once again gonna save you
Dont get it twisted dont get it confused
The term snitch
Revolutionaries use
When the government got the hood rhymin the blues
Thats the term when the whole town lose

See something you better say something
Cause saving something aint worth sayin nothing

Public Enemy Lyrics

"Long And Whining Road"

[verse 1]

Its been a long and whining road
Even though time keeps a changin
Ima bring it all back home
I been told i spit lyrics wit politics
Why wouldnt i?
Says negro on my birth certificate

Born in 1960 in a nation
Throughout / ive been a spokesperson
For a generation
Within the same ol fear of a black planet
20 years of blood sweat and no tears for fanatics

So damn it
If times is hard
Time is god
Understand it
Never took time for granted
Its all right ma
As child of the sixties
All along the watchtower
I cant bet they gonna miss me

Im only bleeding
Every grain in me
Fans if not for you
There be no pe
From the nashville skyline
Girls in south country
In this world gone wrong
So heres another love song

[verse 2]

We came a long way baby
You know whats amazin
The surprise we told these new guys
Flav has always been crazy
Hit london 87 like it was an invasion
Toured the world for 3 years
Hell with vacation
Vocation of vocalization
Especially with the impact of it takes a nation
Of millions to hold us back
You bet theres blood on them bomb squad tracks

Black steel , baseheads, party for your right to fight
Prophets of rage , bring the noise
Dont believe the hype
Cant do nuttin for you man
911 is a joke
20 years we got here by actin like common folk
Touring the world like a rolling stone
Then the nineties came
Welcomed yall to the terrordome
Some threw it away , instead of something to say
Cause the streets still ended up havin no names
Since rebel without a pause beats were never the same
And by 1998 we still had game.

[verse 3]

Only a pawn in the game
Chastised for namin names
What was said and who said it
Anti nothing so forget it
Tears of rage left a friend
Blowin in the wind
But time is god
Been back for 10 years and black again
Some of them same cats
Help usher in gangster rap
Damn our interviews were better than a lotta them acts.
Praised the gangsta
Just because it sold
While consciousness
Went from platinum to gold
Seen a nation reduce fight the power to gin and juice
Some people gave it up and turned it loose.

[verse 4]

Beethoven, bach brahms
I want some james brown
Even bruce, brian, bono, beck, yeah chuck berry
Prince stevie sly smokey johnny cash in my chevy
Heard some call me an uncle tom
Now thats petty
I'm a songwriter fool
I condense sense from right and wrong
Livin in the key of protest songs
From basement tapes
Beyond them dollars and cents
Changin of the guards spent
Where the--went
Most of their time out of mind
Hatin my mess age rhymes
Cant truss it, shut em down call it whatcha wanna
But they made a day fit for a king

By the time we got to arizona

Tommorrows a long time
We got god on our side
Over bass and drum beats hear the good rhymes ride
A poison goin on
Shelter from the storm
Hard rain gonna fall
Still the people rock on.

Public Enemy Lyrics

"Eve Of Destruction"

The eastern world, it is explodin'
Violence flarin' and bullets loadin'
You're old enough to kill, but not for votin'
And that Jordan River has bodies floatin'

But you tell me
Over and over and over again, my friend
You don't believe
We're on the eve of destruction

Don't you understand what I'm tryin' to say
Can't you feel the fears that I'm feelin' today?
If the button is pushed there's no runnin' away
There'll be no one to save with the world in a grave
Take a look around ya boy, it's bound to scare ya boy

But you tell me
Over and over and over again, my friend
You don't believe
We're on the eve of destruction

My blood's so mad, it feels like coagulatin'
I'm sitting here just contemplatin'
You can't twist the truth, it knows no regulation
And a handful of senators can't pass legislation
And marches alone can't bring integration
When human respect is disintegratin'
Now this whole crazy world is just too frustratin'

But you tell me
Over and over and over again, my friend
You don't believe
We're on the eve of destruction
[?]

People I hate, that's understood
It will make stuff hard to under
Was feeling blooded to human race
If you win your war it's the same old place

The poundin' drums, the pride and disgrace
You can bury your dead, but don't leave a trace
Hate your next-door neighbor, but don't forget to say grace

But tell me
Over and over and over again, my friend
You don't believe

We're on the eve of

But tell me
Over and over and over again, my friend
You don't believe
We're on the eve of destruction

You don't believe
We're on the eve of destruction
You don't believe
We're on the eve of destruction
Yeah, you don't believe
We're on the eve of destruction

Public Enemy Lyrics

"How You Sell Soul (Time Is God Refrain)"

We've heard all the great teachings from Malcolm to Martin
Now we have this last chance with our brother minister
To rise out of the ashes of slavery
Time is a very important element in this journey
We can't continue to be 24 karat dumb
Addicted to retail and bling
Wasting time has spent on nonsense
We got grown men in toy stores like little children in candy stores
Buying PS2's 35 and 40
Black men reduced to boys

Time dictates the agenda here
Time is god *[x2]*

Enough said we got to feed our heads
This shit is piping over the pulpits: TV sets and radios
Hip-hop is moving the masses
We've got to take back our children and guide them
When you love something you develop the mental capacity to reach the thing that you love
No more nonsense
The airwaves are poisonous with this gibberish
These grim hymns lack light
We need to get their ass off the mic
If hip-hop is the seeing end of the voices
Why is the dead teaching the dead
We got to end the reign of pimping and ho-ing
And entertainment for the masses
Wasting time on nonsense

Time dictates the agenda here
Time is god *[x3]* (Allahu Akbar)

Some say we only have a little time left
We can use it wisely
To teach, think and rebuild our mental banks
Great people don't ask comedians, actors and entertainers to lead
Great people produce what we need
For history to record our deeds as a great nation
Or will we continue to be a shell of a once great people
Wasting time on nonsense

Time dictates the agenda here
Time is god *[x8]*

Soul power *[x8]*

PUBLIC
ENEMY
MOST OF MY HEROES STILL
DON'T APPEAR ON NO STAMP

Public Enemy Lyrics

"Run Till It's Dark"

Bomb drop designed as
A warning shot
Listen
Cause some of us don't check statistics
Kick it
40or so so million blacks in america
How can 13.5% of the population be scaring ya
88% of us cites are black
95% of americas suburbs are white
But 10% of blacks are 50% white
But post racial politics
Tricks and lessens the fight
Education economics enforcement of law
The gaps the ratio even
Worse than before obama baby
The truth is america
Will show you the door,

Survey says
Run till its dark

Truth hurts
Makes me curse in this fight the power church
Stole history from everybody
Sellin lies at the tea party
Shame
Survey says peeps fed up with the feds
40 acres to 40 yards to 40 feet
Might as well be sleep
Down laid out 6 feet....
Deep respect
Not yet
You gotta give it to get
Survey says
You gotta learn to earn way beyond your check
Lovable as huggin a bull
Thats some bull
Niggativity
Gotta lotta pull
Whats the use
If you tie the noose
And love the abuse?
Hanging yourself while you loving the loot
DJ lord knock it
Outta the park

Survey says

Run till its dark

Public Enemy Lyrics

"Get Up Stand Up"

(feat. Brother Ali)

[Chuck D]
This song don't give a damn
If the rhymes don't fit
Beat don't bounce
If the dj quit
This song
Don't give a damn
If you can't sing to dance to it
Can't romance to it
This song ain't arrogant
If you don't try it
Buy it
If your radio deny it
Don't care bout what who got
What's cool on tv
Or what spots hot I forgot
I ain't mad at evolution
But I stand for revolution
Enough is enough
Somebody stand up

Get up, stand up,
Get up, stand up

[Brother Ali]
This track ain't asking you a damn thing
Not the brand name bottle with your champagne
Not where you land your private airplane
How many blood diamonds shining in that chain?
How much compromise is tied to that fame?
How many more times we gotta hear that lame
Line I'm inspiring them
To do what? roll better weed and get higher than them?
Feed the needy greedy ass fire in them?
Be the same damn dog but to finer women?
They gonna tell me that I'm preaching to the choir than I'm
Sure they right but I'm trying to light a fire in them
Cause I was raised by the enemy
And ever since then thats been my identity
So I'm trying to give back whats was given me
Truth told delivery is my tendency
Youth fold to the spirit of my energy
Bottom of my feet is something that you'll never see
Thats cause I'm standing singing the anthem
Fist on my hand, and a list of demands and
When they hear this might piss in their pants and

Try to get the children to not listen to the man
But the mighty pe is what birthed ali
So what you gonna think come after me?
Chuck d

Get up, stand up

[Chuck D]
Occupy if you denied
Protest songs cause I see wrong
Most of my heroes still don't appear on no stamp
So I rant even when they say I can't
[pause]
I rise against
Rage against
Hope I don't end up being the same thing I'm fighting against
Hence
I wince never on the fence
Since they think the masses powerless
Ain't on no power list
I ball my fist w my audience
Like this

Get up, stand up,
Get up, stand up

[Chuck D]
Got so much to shout about
What the 1% is gettin out
Recession depression desperation due
Never have so many been screwed by so few
Cheapest price is to pay attention
No need to dumb down to what I mention
No need to young down how I mention
In spanish portuguese english french and
No satisfaction
Listen to the world reaction
Americas still black and white
Like an old tv set
What we gonna do about it?
Laugh sit back forget & quit?
I get racial
Just talkin about the ratio
People are no longer patient
Now the brown they don't want around
Thats why sammy got that facial
My wife says its spacial
Politics that stick way beyond baseball
I think its self hateful
Anti immigration
Disgraceful

Get up, stand up,

Public Enemy Lyrics

"Most Of My Heroes Still..."

(feat. Z-Trip)

[Chuck D]
You may never heard it
I be spittin on the senior circuit
After splittin from the major circus
Check how I re word this
Duckin young tigers shittin the woods

[Flavor Flav]
Some cats be up to no good

[Chuck D]
I'm jack niggerless to my hood
I'm from the velt
Roosevelt
You know whats wild
I never felt like some motherless
Or fatherless child

[Flavor Flav]
So I grew up to change the style

[Chuck D]
I don't care what that company spent
Its inevitable
They cant prevent the event
Through it all
I tell em all to stand tall
If I fall
Just add another face to the wall
After all
These are the faces
That they wont show

[Flavor Flav]
Cause these are the names they don't want you to know

Yes we can they say no we cant
Most of my heroes still don't appear on no stamp

Most of my heroes still don't appear on no stamp
Most of my heroes still don't appear on no stamp
Most of my heroes still don't appear on no stamp

[Professor Griff]
From the pin, of the mind, of the minista
Those oppose, and the s 1's will see ya

All praises are due, don't forget this
On the grind, now dig this.

Most of my heroes still don't appear on no stamp
Most of my heroes still don't appear on no stamp
Most of my heroes still don't appear on no stamp

[Flavor Flav]
No envy in me
Rip c delores tucker
Salute cynthia mckinney
And the crowd goes whoa

[Chuck D]
To some of my heroes
Be most of yalls foes
So I stay on my toes
Belafontes to bikos
Some dying incognegro
Che chavezes and castros

[Flavor Flav]
You don't know how it goes

Most of my heroes still don't appear on no stamp
Most of my heroes still don't appear on no stamp
Most of my heroes still don't appear on no stamp

[Flavor Flav]
Public enemy we back on the map yeah yeah cmon

Public Enemy Lyrics

"I Shall Not Be Moved"

Say what you oughta
World outta order
Paid the cost father time ain't never lost
The boss
Yall ain't heard it

The senior circuit
See some quit it
Cuz they don't get it
Fire music
My aim is
Forget what my name is
Yeah I ain't famous to be famous
Remember troy davis
Beware
Clive davis
Swarming to your art form
Cuz there's a party goin on
Hotel motel I'm goin in
Don't care what they spent
Cant prevent the event
Some run to it
Shun from it
Been through it
Still rock to it
I sue I've been sued dude
With this news fit to spit
And the beat goes on

[Break]

Never bitter but better
Backed by the fact
All I got is my word
The new curse word is black
Say the test
Is being at your best
The curse
Is livin at your worst
Crawling like a maggot outta they mind
Faster than a go go 45
Shit is live, survive
High with out a gottdamn reason why basketball wives
Ain't really wives
Birds droppin out ff the sky
And yall google why?

[Chorus]
I shall not be moved

[Bridge]
Feel the people
Heal the people
Need the people
So heed the people
Help the homeless
Underfed
Revolution
Stop the feds
Leavin people
Left for dead
Wheres your groove?
Check your heads
I shall not not be moved
I shall not be moved
Uh come on.

Drive by trucker I play it loud motherfucker
Use it don't abuse it the voice gets rougher
Shout my vocals I salute all the locals
Slept on kept them out of radio focus
Hocus pocus spooks sitting by the sound
Corporations dictate what goin down
Local acts I got your back
Underground make em run till its dark
Run em out of town
They got me started where I start?
Cause I do it to support the art
What good is learnin from some record
When yall only listen to 15 seconds?

Public Enemy Lyrics

"Get It In"

(feat. Bumpy Knuckles)

My pens the ride
On the pad the road
Yall must've known
This is the way
I unwind and unload
Over beats overload
Mind explodes
Stress in this depression
New ghosts of tom joad
New dust bowl blues
Back to fake jewels
So I drop jewels
To inform the fooled
Clock tickin 3 songs a day
Like its food
Carry on
I am that ramblin man dude
Updated
I was born
To deliver car songs
D still drives a caddy
I'll mess with a ford
Now songs are blood
And songs are swords
Everybody should be able to afford
Home food and a job to work
We the people gettin robbed by these corporate jerks
I wonder how they sleep at night

Public Enemy Lyrics

"Hoovermusic"

[Chorus]
You got the mic
People
So called street cred
The radio
The tv
The world wide web
But we cant do nothing with what you said
Sounds like somebodys in bed wit the feds
Hoovermusic

How you gonna make music
When you take music
And abuse it make my crew sick
So nobody else can use it
More than just some
Non singin
Drug slingin
Hollywood swingin
Fling
Sing
Is it rating or raping
No more taping
But somebody is still regulating
These love to hate songs
Yall know thats wrong
Anything for the money
Tough guy
Bet, mtv pic
The mic the pig
Honesty
This policy
Be killin me
Good for who
Good for what
Is your mind body soul
Is it better from it
Tell me why do yall love it?
Songs meant to send you to prison
Bids to influence a million and half kids

[Chorus]
You got the mic
People
So called street cred
The radio
The tv

The world wide web
But we cant do nothing with what you said
Sounds like somebodys in bed wit the feds

Monstars lurking the planet fame
1 hand in your pocket
1 hand in your brain
Sucking your soul like a video game
I don't even understand what the f you sayin
Whos consumin the boom
As they vaccuum your room
Shake your boom boom
They finance your doom
You think its romance
Just because you dance
That black exec you know he didn't stand a chance
Trapped in the middle of what you be doin
Increased market position
Down to what and how you listenin
Came in this game
Never thought that id ever
Seehiphop
The game in the name of jedgar

[Chorus]
You got the mic
People
So called street cred
The radio
The tv
The world wide web
But we cant do nothing with what you said
Sounds like somebodys in bed wit the feds
Hoovermusic

From cats told crap
Young rappers gettin trapped.
Buying the same of trick
On some of the same ol tracks
The rich stackin chips
Poor banging with new slang
In the ghost and the shadow of your government name
Made in the usa
Fighting the power in brooklyn
To grinnin in juicin while crooked
Say you don't know me
Or owe me or us
My disgust
Interrupting my black august
I fuss
Cause these white kids confusing the worst of us
Can it be a lil bit more
Than sex and drinks songs

Fight clubs gettin they strip on
Gangs of kids
Who copy what they did
Both coasts are clear
Some people got no idea
Who sent em here

[Chorus]
You got the mic
People
So called street cred
The radio
The tv
The world wide web
But we cant do nothing with what you said
Sounds like somebodys in bed wit the feds

Public Enemy Lyrics

"Catch The Thrown"

(feat. Large Professor & Cormega)

What you reap is what you sow
And what you keep is what you owe
And what the people want to know
Is whose gonna catch the thrown?

And what you got is what they want
And what they see they say they need
And people bleeding from the greed
Now whose gonna catch the thrown?

[Chuck D]
Thrown at
Thrown under
Thrown to the side
Throwin up disgusted
So were throwin down
Thrown under the bus draggin on the
Ground
Power to the people salute the underground
Against those standing
In mansions
Spittin at us from up that higher ground
Feed the people
Fight the power
Fix the poor
But that 1% done shut the door
In god we trust on money
Is a slap in the face
To the rest of the whole human race
Post racial wealth and taste
Change a name
But you cant change race in the united states
People say they kings
Plus say they're queens
If we all don't eat
What does it all mean?
We watch and listen
But I'll leave it alone
But who's gonna catch the thrown?

What you reap is what you sow
And what you keep is what you owe
And what the people want to know
Is whose gonna catch the thrown?

And what you got is what they want

And what they see they say they need
And people bleeding from the greed
Now whose gonna catch the thrown?

[Chuck D]
Divide and conquer
Oldest trick in the game
War between people who are really the same
As the rich get richer
The poor get bitchin
The people keep kissin
The feds don't listen
This recession seen a black depression
In a nation headed for desperation
No quarterback and sacked on a couch
Sound of black america is ouch
Governments don't love you
When prisons and executions
End up looking like some final solutions
Murder is an institution
Backed up and hacked up
By some handwritten constitution
Do what you do
Buddist christian hindu muslim & hebrew
You are what you do
I be seein human beings as stew
Yet never have so many been screwed by so few
We watch the kings&queens
And what they own
But
Who's gonna catch the thrown?

[Cormega]
The system is designed to incriminate
Genocide was devolved to eliminate
Equality is a myth
They had me in jail for a crime I didn't even commit
A stereotype
They feel every color is inferior right
Brothers who resist are considered a threat
From sitting bull to malcolm x
In the land of the free and suspect elections
John kennedy had the mob connections
President reagan sold guns to iraq
Yet they try to say that criminals are all black
Whats up with these corrupt politicians
And drugs they be shipping
But they never go to prison
This fucked up system better never try to bag me
Fuck zimmerman, guilty
Clearly

[Bridge]

Catch the thrown, you got to testify
Is that the 1% that you need says that you occupy
Catch the thrown I got ta testify
Is that the 1% that yall want says that you occupy

[Chuck D]
Free the mind prisoners
They ain't listening
F the popo
But who dat whistling?
Foes making a killing
Juxtaposed against those getting a livin
Gimme shelter cause these issues be official
Is the need to feed
Replaced by the greed?
I ain't trying to yell at you
Sell to you
Some bs they already told to you
Ended up being sold to you
Did I mention?
Cheapest price is to pay attention
Now the test is just being at your best
With that you can
Hold your own
But who's gonna catch the thrown?

Public Enemy Lyrics

"RLTK"

(feat. DMC)

[Chuck D]
5-1 not 5-0
Ima b52
Bomb drop non stop spitting on you
Never have so many
Been screwed by so few
Call to save y'all
So whatcho wanna do?
At the age I'm at now if I can't teach
I shouldn't even open my mouth to speak
Real talk raising strong down from the weak
Chuck d got tea party beef
Why represent where you cant sleep?
40 aches jackass is six feet deep
Lost in the same space y'all call the streets
I walk real talk across these beats

At the age I am now
If I can't teach
I should even open my mouth to speak
I bomb drop on those that be makin y'all weak
24hours 7 days a week

[DMC]
I be the king from the streets of hollis queens new york
The only thing you get from dmc is real talk
The cow makes beef and the pig makes pork
I gotta walk this way 'cause it's the way I walk
From the halls in the hood to the halls of fame
I got that east coast flavor and that west coast game
I jam with jackal and jesse james
You gotta call me the king when you say my name

[Chorus - DMC]
I go hard for the people in the streets (real talk)
The king of the rhymes and the beats (real talk)
Adidas is the sneakers on my feet (real talk)
And it's the children in the streets we gotta reach (real talk)

I rock on real talk
The way the side walks
Whats up with the radio inside new york
Underneath them streets
Man made concrete
Is mother earth
And gods work

This ain't new
Cause y'all ain't never knew
No tears tell your peers inform your crew
Causetruth is truth
No matter what I think
I take out garbage
When it tends to stink
No joke no smoke
I don't drink
Mrchuck d
Tweet me so we can link
See I been your age
You ain't been mine
Feels like I was born a second time this rhyme I wrote
Took a long ass time
Leave that wackness way behind

At the age I am now
If I can't teach
I should even open my mouth to speak
I bomb drop on those that be makin y'all weak
24hours7 days a week

[DMC]
I be the good crowd rocker, the best mc
I be the world's greatest rapper if you want me to be
But all that crap means nothing to me
If I can't give 'em vision and something to see
It's more powerful than your politics
All you stupid politicians can suck a thumb
Me and chuck d we do not run
Like my man said a change is gonna come
So don't be stupid don't be so dumb
There are no cuss words for y'all to beep
But I am cursing out the leaders that are still asleep
And all you wack-ass rappers, your talk is cheap
See my talk is really real 'cause my voice is deep
Now I used to rock rhymes with the reverend
From run dmc there's nothing better than...
The microphone killin', head severin'
And if you're sick of wack rappin' I'm the medicine.

Noise of my voice
Voice of the voiceless
Against the
Racist
Classist
Homophobic
Sexist,
Xenophobic
That sits
So deep
Within us

Can't get help
From those
Famous just to be famous
The powers that be separate us and hate us
When you need em
They go on hiatus
They hate us
It don't matter
They cant mistake us
For somebody else
They tried to break us
No need to dumb down or even young down
Cause my standards
Is high
They cant understand it
Some of them cant stand it
They cant understand it
Songwriter yall know it
More than a poet
Living life not lies
So the people can know it

At the age I am now
If I can't teach
I should even open my mouth to speak
I bomb drop on those that be makin y'all weak
24 hours 7 days a week

Public Enemy Lyrics

"Truth Decay"

[Chorus]
Truth decay brush up on your facts.
All you gotta do is check them stats
But what sense is a census
When they just miss us
But enlist us to fight for their justice
Truth decay brush up on your facts.
All you gotta do is check them stats
But what sense is a census
When they just miss us
But enlist us to fight for their justice

[Chuck D]
Truth is truth
No matter what I think
Knowledge is power
But it ain't
If you cant occupy your own body & mind
See thru the blind
In this place full a lies
Television tellin lies
To your vision and face
Seems like more of us in prison
Than the workplace
Gettin gadgets
So it's easy to forget
Economics
No money
Not a damn thing funny
Some diggin every minute of it
I'm hatin every second of it
Driven
Ever since I heard the lie about thanksgiving
While in still thankful through all that fibbin
The truth dies while lies make a living
History games
Playing stealing family names
Slave names turned into government names
Name of the game is to hide that game
And them lies living on with no shame ..no lie

[Chorus]
Truth decay brush up on your facts.
All you gotta do is check them stats
But what sense is a census
When they just miss us
But enlist us to fight for their justice

Truth decay brush up on your facts.
All you gotta do is check them stats
But what sense is a census
When they just dismiss us
But enlist us to grow and pick their stuff

[Chuck D]
Truth is truth
No matter what I think
I ain't drunk
Cause I don't drink
Don't smoke
Or
Laugh at the facts like stupid ass jokes
Or get lost in my own sauce, I check the source
I challenge information
Trace it to the boss
Refuse to accept the truth
When it be be lost
Lies in the key of new songs
You think it's old news
How come the young don't know
It ain't new because you never knew
I tell them, it's only new to you
Opinion is what it is and its up to you
The challenge information
To see if it's true
Never have so many been screwed by so few
You heard I'm using it for this song too
Damn crooks
Ask a question get some stupid ass looks
Truth don't sell a lotta records or books
To hell with rapes to murder rates
To lyin on a mixtapes
I want the truth

[Chorus]
Truth decay brush up on your facts.
All you gotta do is check them stats
But what sense is a census
When they just miss us
But enlist us to fight for their justice
Truth decay brush up on your facts.
All you gotta do is check them stats
But what sense is a census
When they forget us
We were here first

Public Enemy Lyrics

"WTF?"

[Chuck D]
I occupy this state of mind
Like I'm born a second time
The masses ask the question why
Them asses spend a life behind
On the mic the pic
Against this prison industry
Where most of them look just like me
Mf'-k the tea party
Made you pay for education
Got no money got you waitin
Tricks to keep the people fooled
Something in the food my dude
About your future where you rank
Who you think and who you thank
Behind the banks and all them tanks
New whirl odor on the brink
Revolution stop the feds
Count the homeless under fed
Sue the pharmaceutical off the meds
Leavin people left for dead
Look back 80 years instead
Simply blamed it on the reds
Pay close attention to what is said
But while you listen watch your heads.
You chase the money you chase the fame
The human race is what they're playing
A game of life is what I'm sayin
Split em up call them names
At the age I am if I can't teach
I shouldn't open my mouth to speak
Talking loud and sayin nothing
And frontin like they doin something
Feel the people
Heal the people
Power goes out
To the people
18-35 is grown
Cant afford to leave the home
Can't afford to buy a home
Can't afford to keep a home
Boarded up foreclosed cribs
Based on whatcha bank did
Yet see these guys advertise to the poor for clothes
The doors are closed
They slam the doors on your nose
Who the hell is telling you

What the hell they selling you
Why the hell do you believe
Where we headed when we leave

WTF?
WTF?
WTF?

[Flavor Flav]
From barack obama to flavor flav
We both be a first till we get to our grave
I'm the first hype man in music
He's the first black president
He's the first black resident
To be ever come president
Free your mind your ass will follow
Flavor flav all the way to the apollo
Freeport li to la
Throw a frito olay off the dock of the bay
You wanna know why a kid goes to school?
And in his book-bag he carries a tool
Because hes trying to be like his idols in the streets
Gang warfare to the raw fare
Don't even try to go up there
Penalties that you cant bear
You lose your sight your ass cant hear
It weighs so much it'll crush your life
Don't play with god he gave you live
The last man standing he hopes to behold
His weight in stature his weight in gold
What goes in your wash comes out in your rinse
Back down so tight that you call it condensed
Cant stand the pressure, cant stand the pain
My life is so dry I wish it would rain
Just like the temptations not just the singing group
I'm here to tell you now so don't ignore the scoop
I been in this rap game for 25 years
If we made the rock and roll hall of fame
We deserve our chairs
To what we fought the power to who stole the soul
Brothers gonna work it out
From the ground we hold
God says to man ima let you live
God says to man ima let you live
God says to man ima give you power
Not for the intent to misuse your power
If you wanna dance you got to play the bands
People die by other hands
The innocent, the ku klux klan
Iraq and iran an afhganistan
They go to war they don't come back
The note comes home killed in attack
All the medals from fort bragg

Collected by a widow along with the flag
41 gun salute 4 jets in the air
Now thats going out of style the
Contribution was fear
What you reap is what you sow
A man got killed for what he know
If you wanna be a -- and get a good wife
Stay the fuck offa skype and don't believe the hype

WTF?
WTF?
WTF?

Public Enemy Lyrics

"The Evil Empire Of"

Beware
We live in times
Under the influence of rhyme
To make the masses scared
Seems like everything is everywhere
Fear the media
They make yall swallow the pill
Until we clear the air
Beware because adversaries barely care
You start off doing it
It ends up doing you
And using it ends up abusing you
And your surrounding crew
Charisma of ignorance
Makes you hate where you at?
Bitter makes you better when you backed by the fact
Segregation intergration aggregavation
Anti immigration from a land in total desparation
Yall ain't gotta buy it or try it
Ill say it
They wont play it
But coming is a new breed of mcs to relay it
Easier to be misunderstood
Than understand this song
Beware
...the youth is not youth for long

Public Enemy Lyrics

"Don't Give Up The Fight"

(feat. Ziggy Marley)

I occupy
The planet earth
I testify
Its a piece of woirk
I'm gratified
Down to the dirt
Been around the world a few times
So I seen the hurt
Quakes hurricanes and tornados
Warning times to mans designs
Under that concrete
Yall call the street
The heart of land
You can hear the beat

Pain of all the lies
Pain in all them lives
Pain of losin homes
Pain of the unknown
Pain of what you spent
Pain of government
No matter what you say
You don't pay
Here they come to take it away

Don't give up the fight *[2x]*

Foreign lands and the 7 seas
Radiation is the worlds disease
Bringing nations down to the knees
Mother nature she ain't pleased
Trees diseased
Deep freeze
Doin us like that govt cheese
Smell that burning in the breeze
Summertime 120 degrees

Pain of all the lies
Pain in all them lives
Pain of losin homes
Pain of the unknown
Pain of what you spent
Pain of government
No matter what you say
You don't pay
Here they come to take it away

Don't give up
Don't give up the fight *[2x]*

So shut em down
In appreciation
Of the world itself
And gods creation
What good is the hood if you up to no good
Them govt gangsters would hang you on wood
Stop the tape
My minds stuck in 68
Haight asbury
Now our ass buried in hate
I paraphrase
Beyond the gaze
A haze hovers over a crowd that disobeys
Staying rich off them so called better days
Do I do a song for the masses
Besides whats moving them asses
I make stew out of the ashes

Public Enemy Lyrics

"1 (Peace)"

So long ago
The story go
I testify
I occupy
All the battlin and wrastlin
On capitol hill
Now the pill got you ill
And yall digital
I dig the dig
Been offed the pig
Diggin the digital
And I never renigged
Slow down
They want a slower damn sound
Machine?
Who me
They don't even know what I mean
What I'm sayin
'what I'm seein
Is human beings
Who I'm seeing
What I'm saying
Who be playing
Whatim sayin
Seeing beings
Humans turned into damn machines
They don't even know what the fk it means
Yall can stop it on the 3
But they dropped it on the 1
The p e a c e just begun

Yes we can
Its out the can
This mf beat is african
I rhyme once a while
When the sht is wild
Some people confused
Consumin
Style
As you grab it
They come to grab us
Now they gots us
I think they shot us
Corporations
Down to your bone
I ain't no dumb mf on a smart ass phone
I been legit

We never quit
Exploded
Uploaded
So yall can spit
Go on and downloaded
Mixtape
But it mixed
And it ain't tape
Don't rhyme for the sake of riddlin
Tweet for the joke of twitterin
My intuition
Got me trippin
Position
Humans turned into damn machines
They don't even know what the fk I mean
Yall can stop it on the 3
But they dropped it on the 1
The p e a c e just begun

My mind is mine
My grind design
I been that age
They ain't been mine
So watch me work it
From my circuit
Against their purpose
Of keepin truth from the youth
A p.i .circus
They tell yall speed
Is what yall need
Make you consume
To get the boom
No answers
No dancin
Y'all just consume
When the partys done
They
Just tearin up the room
Bomb the earth to pieces
They cant calm the world to peace
The lease is up in this
The belly of this beast
Humans turned into damn machines
They don't even know what the fk I mean
Yall can stop it on the 3
But they dropped it on the 1
The p e a c e just begun

Public Enemy Lyrics

"2 (Respect)"

(feat. Davy DMX)

Dave cut the record
Down to the bone
Now hes on the bass
I'm on the microphone
Real talk new york
So now we rock
1 rhyme at a time
Old school design
You candance to it
Romance to it
Throw your hands in the air
Take a chance to it
Run till its dark
Knock it out the park
Rock that box
With the real hip hop
Ordodox
Not on my watch
Ain't paying for pay
To pay no jox
Beats doing work
Rhymes in reverse
My hood is hurt
From all the dirt

Underneath them streets
And all concrete
Is mother earth
For all its worth

Pay attention
Cheapest price to pay
Might save your life
Give you another day
And rock on

Public Enemy Lyrics

"Beyond Trayvon"

(feat. NME Sun)

[Professor Griff]
From the pages of the cress theory, I know you hear me
If you out there, listen up, u might feel me
Do I, look suspicious on this track, wit the black in it
Black hoodie, consciousness and black facts
Young kid shot, is the cry we heard
Like emmitt til, it was tears and our hearts fell
No arrest warrant and no weapon found
One eye witness, black body down
I can hear it now, it's the same ole racist shit
Thought he had a gun, is the same ole some bullshit
Confessions, of a trigger happy hit man
Murderous homicidal nature, there racist plan
Burying our black boys, blood thirsty hungar games
The face of race is white, they got no shame
Stand your ground, legalize lynch law
Touch another black kid you have to touch us all

[Rahmega]
Its time to stand up and just fight for what you believe in
I don't call it violence I just call it self defense, call it black intelligence braw to you by the people
You just in it to get it, I am in it to make a change, in it to change the game, in it to rearrange, modern day lynching

All that leave us is pain, knowledge is power, all I give you is with brains, you see its money power respect, all seems the same.

[Khalilwho]
Get fear looks
But I live round here
My house right next to yours
But I still get stares
In a
World of wrongness
And fights for the strongest
What's the innocent to do
When the fight gets brought kid
No way your that scared of my hoodie
People everywhere getting snared over hoodies
Seen a couple pairs get aired by the hoodies
But
They don't care
My skin's bared under hoodies

[Jamal Malik aka Young Junior]
This world is so chaotic

all I witness is violence
Watching my brothers die and their sons grow with no guidance
Truth's what I'm providing
to all those who've been blinded
Being sold this equality bullshit I ain't buying
I'm so sick and tired of being profiled and instantly
Watched close suspiciously because of my ethnicity
So stereotypical its despicable
And every black male in a hoodie isn't a criminal

[Goonie B]
This is everyday life where I'm from it goes on but I swear it can not go beyond trevon because I'm wearing a hoodie I gotta get shot or stopped by the cops its not just in flordia its out in farrock people really expect us to act civil right we got a black president and still fighting for civil rights we need to come togeather and unite because its time to fight the power so put your fists up in the sky

[Chuck D]
Freed the ass
Mind followed
With raps that killed tomorrow
Cant support it
Fought it
But somebody bought it
Community caught it
But the government taught it
And all you heard
Violence hard drugs sex and murder
Songs never hated artists who
Keep making em
Strong against the wrong
Whats been created
But look
Many neighborhoods still devestated
I say it
Flows overrated
Shows underrated
I hate it
When its degrated and downgraded
Spittin copywritten
To music
Some of yall grew up to use it
People don't dance to it and just abuse it
Yall say that
When I say this
Injustice still goes on
Beyond trayvon
Thank you nme sun
For this word to the young
You the future
Save our daughters and sons

Public Enemy Lyrics

"Everything"

(feat. Gerald Albright & Sheila Brody)

I got no fancy car
Never was no superstar
I got no grammy trophy
Got no problem if you approach me
Never had no rolling stone cover
Never had no top 10 hits brother
Got no tv show
Got no maybach benz or rolls
Got no movie roles
Got no platinum or gold
I got no diamond rings
Watches and all them things
Got no waiting plane
What I mean is
I got no private jets
But I also got no regrets
Got no swag
But got no love
For something I ain't never had

Got no mansions
Restaurants
I got no yacht
But I got no choice
But to show
What some of us forgot
Never was hot
Never was pop
But I never ever stoppin
That real hip hop
Got no million follower friends
On twitter
On and facebook
Look my friends
Got no thing for video games
Got no shame
Sayin I ain't never playin

Public Enemy Lyrics

"Riotstarted"

(feat. Tom Morello & Henry Rollins)

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
They started a riot

Spent a buck in the 90's - whatcha you got is a preacher
Forgivin' this torture of the system that brought 'cha
I'm on a mission and you got that right
Addin' fuel to the fire - punch to the fight
Many have forgotten what we came here for
Never knew or had a clue - so you're on the floor
Just growin not knowin about your past
Now you're lookin' pretty stupid while you're shakin' your ass

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
They started a riot

Some people fear me when I talk this way
Some come near me - some run away
Some people take heed to every word I say
Some wanna build a posse - some stay away
Some people think that we plan to fail
Wonder why we go under or we go to jail
Some ask us why we act the way we act
Without lookin' how long they kept us back

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
They started a riot

Yes you if I bore you - I won't ignore you
I'm sayin things that they say I'm not supposed to
Give you pride that you may not find
If you're blind about your past then I'll point behind
Kings, queens, warriors, lovers
People proud - sisters and brothers
Their biggest fear - suckers get tears
When we can top their best idea

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
They started a riot

Mind revolution - our solution
Mind over matter - mouth in motion
Corners don't sell it - no you can't buy it

Defy cause I'll never be quiet
They started a riot

Our solution - mind revolution
Can't sell it - no you can't buy it in a potion
You lie about the life that you wanted to try
Tellin' me about a head - you decided to fly
Another brother with the same woes that you face
But you shot with the same hands - you fall from grace
Every brother should be every brother's keeper
But you shot with your left while your right was on your beeper

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
They started a riot

As the world turns - it's a terrible waste
To see the stupid look stuck on your face
Timebomb alarm for the world - just try it
Known to all zones as the one man riot
I'm on a mission to set you straight
Children - it's not too late
Explain to the world when it's plain to see
To be what the world doesn't want us to be

Mind over matter - mouth in motion
Can't defy cause I'll never be quiet
They started a riot

Public Enemy Lyrics

"Notice (Know This)"

[Chuck D]
No disrespect
To the rap heroes
The late great otis
But
Notice
And
Know this
In this time heres a part time rhyme
Respect to you two heroes
But trickle down got us less than zero
Respect , but last I checked
Prison industrial complex
No swagger
Millions, billions trillions'
Whips wheelin
Is a million miles to what peoples feelin
No gas
Try a lil compassion
2012 fashion
Style your insides
We outside
Fasten a broke seat belt
Unemployed ride thru hell
Smdh omg no lol

Know this
Have you forgotten
Latinos and blacks
Pickin electronic cotton
No stax
16.2%
Is depression inside a recession
Spend money and time
On hair and how we dressing
Losin homes, holmes
These stats be on smart phones
Don't need new slang to express the pain
Of whats really goin
In the real game of life
And now what?
Please discuss
With no education
Knowledge of self
45 years of fkd up health
Like otis
Know this

Teach em when you reach em
Yall the heroes..
Notice
Know this

Public Enemy Lyrics

"Icebreaker"

(feat. The Impossebulls, Kyle Jason, Sekreto & True Mathematics)

[Chuck D]
I know a silent nation in dislocation
Frustration from legislation
Led to demographic in isolation
Another participation in decapitation
10-4 die river deep mountain high
Is a wall stuck between dying and doing time
Cant ignore smack dab border war
As the beat goes on, words flowed on
I caught the law
Pyramids machu pichu
Things they don't teach you
Don't apologize
You were here first on this earth
Before these millennial cowboys claimed their turf
Now who's 1000 miles and ran
Deserted in the desert
Wild wild west hurt to the dirt
Anti immigration
Against brown swkin
Sounds like brown shirts
Silenced by so called legal violence
Somebody had permission
To put humans in this condition
This land is who's land??
They must've forgot
Kicking the black in the ass
While keeping the brown out
This one sided law makes me scream and shout
I. c. e. is what I'm talking about

[Sgt Hawke]
Sgt hawke and I'm found where the cop be
I get on illegals like I'm a paparazzi
You see the flash but it ain't a camera
Gunfire shells hot enough to damage ya
No trafficking no drug smuggling
I.c.e and we came in thugging
Straight off the wire like snoop and chris
You get rush like limbargh we get at you quick

[Sekreto (translated in english)]
What will they do when they find out about this
Come for me, for what I represent
This is my accent and I'm proud of it.
We're bunches and cannot be stopped

Absurd laws with racist intentions
Benefit only to these classifiers
They insist, I insist - so here we go
Broken chains, jumping borders
Thrive or die, we're no longer satisfied
Its time for power to change hands
More righteous humans, is more human rights
They say, they owners, but we were here first
The world is free and without fear we broadcast
Multi-color race, is how we're painted
I have a dream and that dream has become my desire
Power to my peoples, not power to the governments

[Chuck D]
Car radios highway hoes
Motorbike types
Skateboard whores watch em close them doors
Clap them hands and stomp them feet
To more government wars
Good man bad government
Great driver wack car
So I seen it before
Marxism dual citizens
China support
Meaning yall go get a passport
Slavery is americas past sport
Homeland security
Against my homeboys securing me
Chained brains diaspora
Comin nafta
The same idea of the united states of africa
Bering strait
Before palin and paleface
Waiting for the ice to break
70% of americans ain't been no place
So the human race gets displaced
While the greedy man
Sees the land
His plan
Seize the land
To feed his face
A child lost in the wild
Picked your food
Built your house
While still on exile
Barbed wire and cactus the new middle passage
To a person
This new whirl odors just rehearsing

[Marcus J]
By the time I get to the end of my verse
Calisthenics of the tongue exercising the first
That's freedom of speech so I speak my right

Seems to me there will always be powers to fight
So chuck let them know that the bulls break ice
With the power of these words that we put within a mic
Like those in the past put power to pen
It was number 13 made us all equal men
Now arizona back to legislate the hate
Guess freedom ain't free on this side of the gate
But everything changes if I look a certain way
Securing the homeland from how it was made
Now the ice that we skate upon is definitely thin
But we got to break bad to let the good begin
A cold flag pole grabbed a hold of my tongue
5-0 froze and we all got dumb

[Tiradiation]
One man's terrorist, another's freedom fighter
Future tech molotov cocktails and a lighter
Legalized gang shit, federal b.i.
You wanna buy a weapon, they won't hesitate a second
Wether african, mexican, middle east of haitian
They'll slaughter the indigenous and plunder your nation
Petition the u.n. to gain legal traction
Then call you the enemy to justify the action
The brown in this world is to draw ire
Of the secret society soul sucking vampire
Either I come from a long line of liars
Or a degenerate senator's pants are on fire
Surround you with walls to protect freedom
Over-lapping laws to ensure confusion
Protect your neck in the 2012 season
Then bounce a check in the bank of illusion

[Professor Griff]
Home grown terrorist, for the benefit
Can't find a title or a name that truly fits
These land jackers, pale face land grabbers
Caught in a border war, the stench from the border whores
Real demons, feinin for a real reason
Can't truss em cause they always fuckin schemin.
Broke treaty's wit the redman, they said dam
Klan disqized as fam, fuck uncle sam

Pause for the cause, open the mental doors
Foreign invaders, human traffic traders
Un-documented worker, want it back
Panic when the brown man link wit the pro blacks

Who's the real citizen, have you ever been
You raped and robbed every people that ever let you in
Legalized theft , of the natives land
Speak with a fork tongue, rum and gun in hand

The I c e,

Who get's deported and who goes free
Who get's detained and remains
Who get's a card and who gets the blame

Public Enemy Lyrics

"Fame"

[Chuck D]
Make you feel like you can walk on water
Oughta blame the fame see the list gots shorter
Famous fame in nations
Publicist managers public relations
Sometimes the first gets all the perks
Publicist manager lawyer lurks
Who ends up as the jerk who jerks
Everybody eventually hits the dirt
Sometimes fame ain't got nothing to do with work
Check the list read between the tears who got jerked.
Across the 7 lands 7 seas omg time flys
DJ lord give me a fly by
It is I
Mindin my own mind
Father time be the boss
Comes at a cost
He ain't never lost
Fame is fake
Cause it fades
Pop the fame bubble
Cause he and she got game trouble
Missing person alert
Everybodys pockets and feeling hurt
Fame fortune attention did I mention

[Flavor]
Flavor wood I mean hollywood
Oscar even smokin newports
Sippin that drink
What the fuck you think?
My head got big
Cause I got that crank
Fame is my new name
Rolls Royce is my new game
I got that bank
I can make it rain
Cash money baby so remember the name
Yeah thats right I came back home one time
To put ret tops out on the block
And got the stock
And broke out and took a different route
And moved to la to throw a frito lay
Off the dock of the bay
Now me and chuck d still making records
That you play
Every wrong sht that gets in our way we slay

Well bulldoze you down like
Elin nordegren
Did to tiger woods crib
Its on the internet

[Chuck D]
Either makes you you hit it or quit it
No sht
So what you wanna do
What you gonna do
I come off the road from nowhere
And I brought my crew
Make yourself valuable so the money chases you
Fame ain't equal cause it can degrade you
Somebody claim they made you
Fame may make you breakable then break you
Instead of not paying teachers for teachin
The young get hung up and murder for sneakers
Famous just to be famous
Paparazzi aim is
What my name is
She used to sing gospel
Then broke away from gods spell
Pitfall was pitiful
As she lay in the hospital
Famous politicians in the 80s
Led to the birth of crack babies
DJ lord save us
From those that cried davis
Machine of the acts created
I hate it.

[Flavor]
Flavor wood I mean hollywood
Oscar even smokin newports
Sippin that drink
What the fuck you think?
My head got big
Cause I got that crank
Fame is my new name
Rolls Royce is my new game
I got that bank
I can make you think
Cash money baby so remember the name
Yeah thats right I came back home one time
To put red tops out on the block
Got in a stock
And broke out and took a different route
And moved to la to throw a frito lay
Off the dock of the bay
Now me and chuck d still making records
That you play
Every one that gets in our way we slay

We fooled those who doubt like
Elin nordegren
Did to tiger woods crib
Its on the internet

Public Enemy Lyrics

"Broke Diva"

Tried to boss me
Tried to out outfloss me
I just don't need her
Broke diva

It ain't cheaper to keep her
Should I love her or leave her
I just don't need
Another broke diva

See I work
She don't work
But shes first to curse
Whit sht don't work
I take my ass around the earth
So she can spend my money first
Ok?
I forgot how we became 2 people
A couple
Damn sure not financially equal
She lost me
When it started to cost me
Lost me
She tried to out floss me

Yall should hear her
Always I the mirror
You should see her
Some of yall wish you can be her
Getting up in the afternoon
While the whole world

2-3oclock
I been up and down the block
Gotta tell this woman to bounce
Buying these designer tags she cant pronounce
With my bank account
Down and out
She ain't even got the nerve to keep count

Hard odd
Got
Jacked up credit cards

Exotic cars
With notes paid off
From my checks she wrote

I hope she know
I ain't no casino
I got a job and you gotta go
Don't get it twisted
If you trying to get famous
For being famous I missed it
You still want me to kick out;
I just did baby
You out

Public Enemy Lyrics

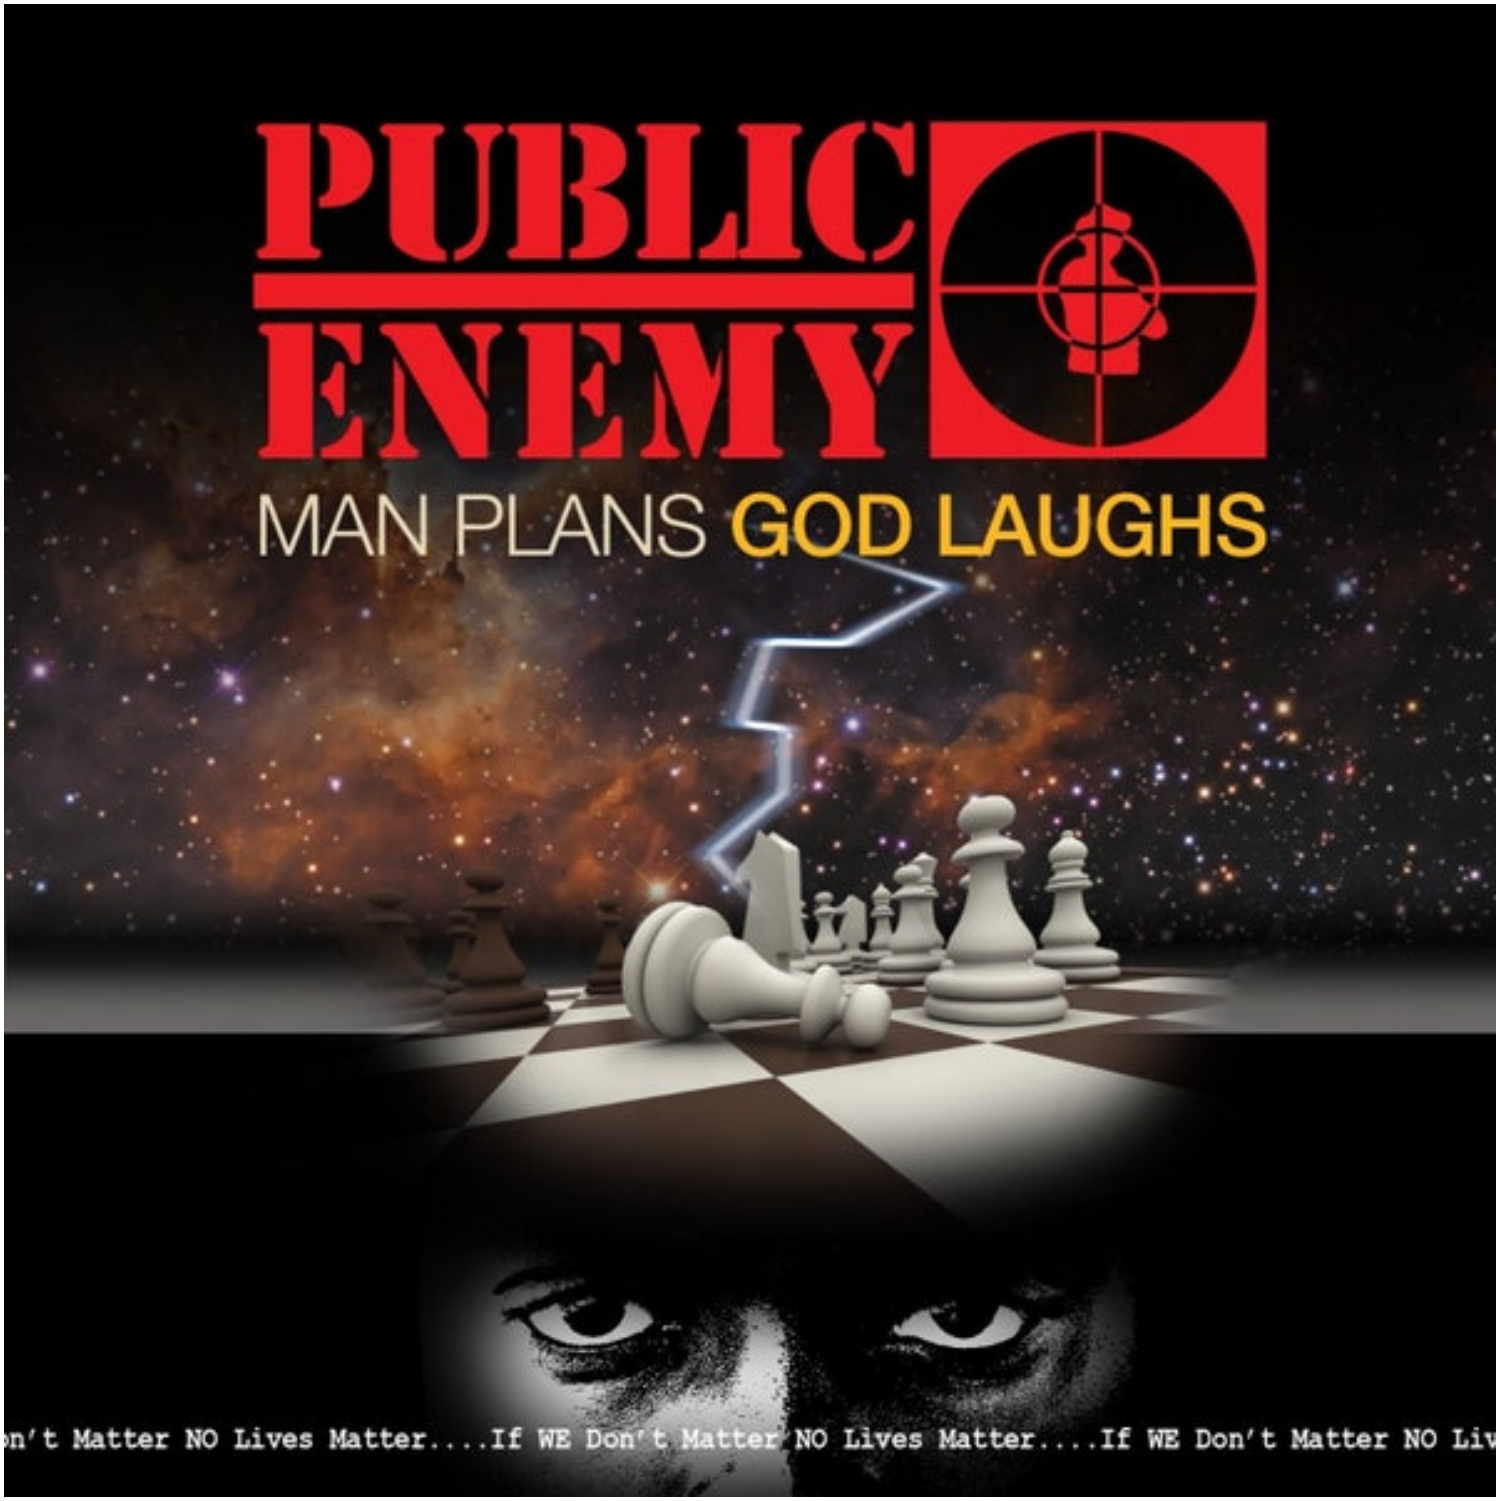
"Say It Like It Really Is"

Get up
Back atcha
Gettin it on
Still wide awake
6 in the mornin
Still comin atcha
Till the breaka dawn
This revolution goes on and on
Stop that
Askin
Do we still rap?
Do yall still scream?
Yall still clap?
Who dat
Gonna tell yall we too old
But we still bold
And I got soul
Its my birthday
And I'm fitty years...
Quiet as kept
All them vjs and djs be old
Their jobs sell the young
Don't tell em what needs to be told
When they made pe
They broke the mold
Didn't quit nothin
Just hit the road
I just got back from soweto
You only know half of whatcha say you know
I know this records too hot for the radio
Did yall hear what I said if you did
Lets go

Knock knock
We still here still doing our thing
Public enemy
Doing the right thing
We ain't just say any ol thing
Just to get material things
I ain't sayin we ain't bought anything
Stuck with the rapping
Never tried to sing.
Bring the noise raise the roof
They afraid of the youth
Lookout, duckdown
(cant handle the truth)
Now the club ain't no church

The church ain't no club
Check them djs mixin up
Murder and love
Who shoulders the burdn
Of all that murderin
The people
Love spelled backwards is evol
Misspelled
What the hell
The people get pain
Dumbed from
Another marketing campaign
Its my birthday
We still killin the stage
I don't give a damn about poppin champaign
Say what yall wanna say about
Change
Revolution I'm a say what I'm saying

Rather be stuck up than stuck down
Heres the difference
I picks up the black and brown
Against mr man informants and government
While real people starve and cant pay their rent
They you seriously don't mean what you meant
I ain't tricked deceived paid off inagreement
Somebody planned it
Glad yall understand it
Those that don't
Headharded like granite
We look out for them too
And don't take em for granted
Like said
Somebody planned it.
If I see one more person
Gonna ask me
Again'
Yall still making music
Where I begin
Now yall know you don't buy no records no more
No tapes, no cds, no record store
Got download zones and ringtones
But yo mama and them cant work them cell phones
But the revolution goes on and on
Still wide awake at 6 in the morning
Had to get it out
To the break of dawn
We still sayin what we sayin
And not playin



PUBLIC ENEMY
MAN PLANS GOD LAUGHS

Public Enemy Lyrics

"No Sympathy From The Devil"

No sympathy.....
No sympathy.....

News fit for rhyme
BS fit to spit
The hate that hate produced
Swung up in a noose
Most them history pages
Comin' off stages
Colors genders and ages
Devil
Black brown yellow red but
White
Supremacy
Tendency in currency
Estrogen
Robbin my oxygen
Still dissin skin
Inform my next of kin

(Now get in the back of the car
For What?
Let's go!)

Crazy
Govt created grown up
80s crack babies
Treat your ass cold
Till the frostbite bites
In December
The devil remembers

[Hook:]
Man don't you worry 'bout (God) No! Get down
Man don't you worry 'bout (Evil) No! Get down
Man don't you worry 'bout (God) No! Get down
Man don't you worry 'bout (Evil) No! Get down

[James Bomb:]
Pitch black
It was you who got in the devil's bed
Didn't you see this coming?
The great satan, a global terrorist
Didn't you see the smoke?
Maybe it's time for us to pick up the gun
No sympathy from the devil

Ain't lettin it slide
Flippin
Love
And genocide
Ain't forgiven that spit
That came wit a
Culture kit
Since when did you decide
The truth should hide
You 20-30-40 I'm 55
Double nickel
Sick this cell
Like sickle
I ain't your typical
Watch what you heard
Ain't revenge of the nerds
I'm in my September
But the devil remembers

[Hook:]
Man don't you worry 'bout (God) No! Get down
Man don't you worry 'bout (Evil) No! Get down
Man don't you worry 'bout (God) No! Get down
Man don't you worry 'bout (Evil) No! Get down

There's been nights
Where them knights cursed us
Who fills the jail cells right up and first us
I don't believe a damn word I receive
Gotta lotta nerve saying
If you dont like it just leave
Like who gives a damn
If they kill another man
Woman or child
Behind another smile
Now see young folk
Pass the baton
In the same ol' thing
Carry on
Carry on

No sympathy

Public Enemy Lyrics

"Me To We"

Get up! Get up and let ‘em know you still with ‘em no matter what happens!
Put your goddamn hands together for Public Enemy number one!

[Flavor Flav:]
That’s the way we gonna do it
And that’s the way we gonna get through it

[Hook:]
We the people can we get together?
Hell yeah
Can we get together we the people?
Oh yeah
See the people are they free and equal?
Hell no
Can we get from me to we my people?
We don’t know

[Flavor Flav;]
Don’t you know

[Chuck D:]
Here we come
From another time
We be family
Type of rhyme
Public Enemy
Might disagree
The deaf can’t hear it
The blind can’t see
Dumb is relative
Blind can’t see
We all relatives
Human family
No I in team
But who we be?
Thinking how we’d be
From me to we

[Hook:]
We the people can we get together?
Hell yeah
Can we get together we the people?
Oh yeah
See the people are they free and equal?
Hell no
Can we get from me to we my people?
We don’t know

[Flavor Flav:]
Don’t you know
Here we come
Here we go
If you don’t know
I am the show
We get down
For the crown
Step by step
We build this town
Overseas
On the road
Die hard fans
At our show
How do we get from me to we?
Turn the M upside down
I mean and you will see

[Hook:]
We the people can we get together?
Hell yeah
Can we get together we the people?
Oh yeah
See the people are they free and equal?
Hell no
Can we get from me to we my people?
We don’t know

[Flavor Flav:]
It’s always for something
And something is nuttin’

Public Enemy Lyrics

"Man Plans God Laughs"

God damn, damn man,
Man laughs at gods plan
God laughs at man's trash
Man plans
God laughs

Let it be
What it is
Fight the power
For the kids
Who don't know
You may ask yourself
Figured out

Bad news
Is
Bad news
The damn plan
Got you confused
Hood news
No good news
Ghettoburbs
See em as views

Am I a radical *[x5]*
Am I a pacifist
Am I scared to fight
Ain't askin you
Am I grown
Do I stand up
Am I owned

Let it be
Speaking words
But no wisdom
Make em dumb
Damn the plan
That man made
Threw the monkey wrench

Praise their favs
What they gave
Get attention
Nowadays
It's the way
They get paid
To get saved

Pray to a stage

Half pint
Do it for the culture, do it for the youth *[x4]*

Am I a radical
Am I a pacifist
Am I scared to fight
Ain't askin you
Am I grown
Do I stand up
Am I owned

Be the change
You wanna see
And wanna be
Let it be
Revolution
What it is
Bring the noise
89 another summer
Me to we
89 another summer
Me to we

Do it for the youth *[x4]*

Public Enemy Lyrics

"Give Peace A Damn"

Live it up

[Chuck D:]
Two fingers up
Mother earth screwed up
Beautiful scenery
Betray that scenery
Pray to machinery
Tombstone cowboy
Start where your head at
Some wanna shout
Some gotta cut
Some get caught
Many fought
Untaught
Get ‘em in court
Save my hood
But what good is my hood
When God say it’s no good?
It’s no good when its no God
Know God

[Hook - Sample, Flavor Flav:]
Give peace a damn
Or we don’t stand a chance
Give a damn

Live it up

[Chuck D:]
I get like Mingus
Ain’t askin' y'all to sing this
Every hood is the same
The only difference is the slang
Deeds of evil
Game changers
Upheaval
Evil salutations
To your mutations
Lotta nerve
To say you disturbed
Guess who’s coming to dinner
The same folks who picked your dinner
It don't sound like a winnin'
Only just the beginning
Respect the beginning
Peace to the world we all living in it

Public Enemy Lyrics

"Those Who Know Know Who"

[Hook:]
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked

[Verse 1 - Chuck D:]
I'mma point a finger
And the fingers at you
I know what you did
And I know what you do
Flipping that news
Got the people confused
Abusin' all the rhythm
Leaving us the damn blues
Wicked while you winnin'
While the rest of us lose
Nobody knowin' just who
The fuck who
So I identify
I identify you
Those who know know who

[Hook:]
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked

[Verse 2 - Chuck D:]
Got a first and a middle
And a unknown name
Signed the dotted line
And charged your game
See they be lyin'
Nobody knows names
X the damn rhyme
In a low down shame
Pushing all the buttons
Pulling all the levers
You know who it is
It's the so called devil
Beyond what you see
And now another level
Deeds of evil
Pick, ho, ax, shovel
Get to picking

While they politickin
Known all alone
In a room like quicken
Expose who they are
And what they do
Those who know know who

[Hook:]
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked
Hear the- Hear the- Hear the drummer get wicked

Public Enemy Lyrics

"Honky Talk Rules"

[Verse 1 - Chuck D, Chuck D & Sheila Brody:]
I let the entire world know of your problem
But let everybody also know of your crimes
But you don't want to fix this world by solving
Rather have the earth singing to your lies
I'm just tired of your talk
Tired of your talk
You can keep it
Y'all can keep it, keep it, keep it
Your honky talk rules
Screw your rules

[Verse 2 - Chuck D, Sheila Brody:]
I'm tired of their style
Got y'all turnt up break and say: "Wow!"
Worldwide shuttin' down
All of their game
You don't know
We're in the hall of fame
Tell all the young people
Who don't know who
Dig in that pocket - If you don't know
And go Google
Learn about truth
Then we gonna raise the roof - You better ask somebody
It's the time to salute the youth
Yeah

[Hook - Shelia Brody, Chuck D & Sheila Brody, Flavor Flav:]
It's the honky talk, honky talk
Honky talk rules
Uuuh, baby
Bounce - come on, bounce
Come on, bounce
Come on, bounce

It's the honky talk, honky talk
Honky talk rules
Uuuh
Bounce - come on, bounce
Come on, bounce
Come on

I got to say:
It's the honky talk
Honky talk rules
Bounce - come on, bounce

Come on, bounce
Come on, bounce
It's the honky, honky, honky, honky talk rules

[Verse 3 - Chuck D, Shelia Brody:]
All you got is your money
Only thing that y'all can stand on
Shutting my culture down - it ain't funny
See y'all peeking to the break of dawn
I'm just just bragging
Yes I'm boasting
Toast to the blues
So I gotta ego
I got to say yo
Learn little something
Y'all don't know
Those of y'all ready
I tell them now
So let's go

[Bridge - Shelia Brody:]
I tell them now
You? You tell me something, that you think I don't know
Think again, yeah
Well, well, well, well

[Hook - Shelia Brody, Chuck D & Sheila Brody, Flavor Flav:]
Honky, honky, honky, honky talk rules
Honky talk, honky talk
Honky talk rules
Uuuh, baby
Bounce - come on, bounce
Come on, bounce
Come on, bounce

It's the honky talk, honky talk
Honky talk rules
Uuuh
Bounce - come on, bounce
Come on, bounce
Come on, bounce

I got to say:
It's the honky talk
Honky talk rules
Uuuh baby
Bounce - come on, bounce
Come on, bounce
Come on, bounce

It's the honky, honky, honky, honky talk rules

You can keep it baby

Honky talk

Public Enemy Lyrics

"Mine Again"

[James Bomb:]
I boarded a plane headstrong
Landed with a smile on my face
To give service back to the land that's our home
I long for coming back to Africa

[Chuck D:]
So it's cool to be black until it’s time to be black
Ain’t never too late to go back and give back
So I let born-afters know I rap for Africa
To give to the motherland, to see what’s mine again
Be of service, land of dark faces
Split, colonized in 53 places
The greed went on 'til everything was gone
Wiped out by previous wars, I work on
Graves of the poor
To clean up this mess left by the west
My duty to the African, tell my next of kin
In a song, but damn, nothing around me
And what the hell I step on?

[James Bomb:]
With my head on straight
I was gone too damn long
Over 450 years, to be exact
Not paying attention, I stepped on a mine

[Chuck D:]
On the edge of motherland, around my head
Compromised in this Christian missionary position
Fear, there must be some way up out of here
Whatta bitch, mother eff it in a clean up ditch effort
Stepped on some bomb shit that a past war left it
Kids dying in them nearby diamond mines
Out here working that worldwide grind
Hope somebody finds me out left behind
Silent ticks killing me softly, Malaria
But DeBeers, they the ones got me sick
Isolated while I waited with thoughts in my head
About my sole intention to save my brothers and sisters

[James Bomb:]
My thoughts is racing as my tears run down my face
I came back to help repair what's mine
If I move, I'm a goner

[Chuck D:]

My sole intention to save my brothers and sisters
How we became boy instead of mister
I came too far here to be called some nigger
My foot on some bomb, I’ma end up worse than a drifter
Myself and what my foot stuck on?
360 degrees
Mine again, mine again

[James Bomb:]
Was it all worth it?
Is Africa really ours?
This mine got me thinking
All this death and destruction
Let's not forget about the corruption
To rob the motherland of its resources
Is Africa mine?
Or the people who sit in the seat of power?
Mine again, mine again

Public Enemy Lyrics

"Lost In Space Music"

[Intro - Chuck D, Flavor Flav]
Lost in space... music

Yeah!

[Verse 1 - Chuck D Flavor Flav:]
Every generation
Got their music
Kick it!
Beyond this hatin’
Every generation
Gots its favorite (Haha)
Favorite nation (Hahaha)
New releases
Label ceases
To release it
Magazine pieces
Lambo leases
Gabardine creases
What we gonna do?
Fashionistas
Lovin’ that music

[Hook - Chuck D, Flavor Flav:]
Lost in music
Don't understand it!
Lost in music
I’m lost in music

Ya know... some of these dudes out here ain’t right

[Verse 2 - Chuck D:]
Lovin’ believin’ it
Without even seein’ it
Young folk feel it
Not even bein’ it
People say steal it
I’m a realist
Damn
Pass the cam
(Daaaaaam!)
Turnt up brand

[Hook - Chuck D, Flavor Flav:]
Lost-Lost-Lost in music
Don’t understand it!
Lost in music

Yeah!

Space music

Public Enemy Lyrics

"Corplantationopoly"

(I bite the apple
And the apple bite me back)

Uh!
Corplantationopoly
Corplantationopoly

[Verse 1 - Chuck D:]
Bump bump bump bump bump bump bumpin
Music you love
Owned by something
Pity pity
Flock to these cities
Seem to forgot
Punch the robot
New ways replace the old daze
Know the old guys rule in disguise

Owning them masters
Corplantations
Making disasters

[Hook - Flavor Flav sample:]
To the beat y'all, you don't stop
To the beat y'all, you don't quit

[Verse 2 - Professor Griff:]
Manipulate thought
Bait and switch
Mind corp
Caught but never taught
Who owns the corp
Free the body
Arrest the spirit
Everybody's looking around
Waiting for them to hear it
Capital court
Ad psyche
Soul is bought
Your soul just might be
Triggered by greed
That feeds the lust
They live for the
Pleasure
The high
The head rush

[Hook - Flavor Flav sample:]
To the beat y’all, you don’t stop
To the beat y’all, you don’t quit

[Verse 3 - Chuck D:]
Bump bump bump bump bump bump bumpin’

Bump bump bump bump bump bump bumpin’

Bump bump
How can I say this?

Here I go
Here go the black hippy
Cause they trippin’
C’mon get wit me

[Hook - Flavor Flav sample:]
To the beat y’all, you don’t stop
To the beat y’all, you don’t quit

[Verse 4 - Chuck D:]
Bump bump
How can I say this?
Corplantations spreading that matrix
Pity pity
Flock to these cities
Seem to forgot
Punch the robot
Made a livin’
Steal thanksgivin’
The law been givin’
Blood in my pocket
Can’t stop the corporate prophet
Out for just profit
Dare you to stop it

[Hook - Flavor Flav sample:]
To the beat y’all, you don’t stop
To the beat y’all, you don’t quit

PUBLIC ENEMY
NOTHING IS QUICK IN THE DESERT
EATH...EXCEPT DEATH...EXCEPT DEATH...EXCEPT DEATH...EXCEPT DEATH...EXCEPT DEATH...EXCEPT DEATH...EXCEPT DEAT

Public Enemy Lyrics

"Nothing Is Quick In The Desert"

Stay out of the desert

1, 2, 1, 2, Yo
Yo 1, 2
Nothing is Quick in the Desert
1, 2
Yo

Not put here to judge between the quick and the dead
I be slick with this nick of time rhyme that I said (Go!)
Digitize the present, download it in a minute
The future is now, cause there ain't no frontin' in it
Steady stayin' chained to that wagon of old ways
That last pass second, we now call the old days
Yesterday slaves, just hangin' to get hung
Oblivious to those slangin' poison with the tongue (Yo!)
Unaware that being everywhere just ain't no lie
Desert MCs those who deserve to die
Or get poor trying, bitch stop lying
Everybody sellin', but ain't nobody buyin' (Uh!)
Adrenaline rushin', like my blood be gold
Like in 1849, rhyme soul is sold
Like all good people could be cowards in the end
And the death comes quick in the desert my friend
Nothing is quick in the desert!

If I had to describe the way I survive
The radio, the TV, the worldwide web

Nothing is quick in the desert!

Public Enemy Lyrics

"Speak!"

Old enough, bold enough
Man up, woman up
Think you had enough?
What you know about
Whatever you know about
Question is, uh, can you get it out?
Spoke!
Stay woke
Gun culture silenced
Stop the violence made all the brilliant silent
World ain’t gonna fix itself
World ain’t gonna change itself
Run your mouth
Don’t be dumb
But bump them gums
I know that the insecure be sure that their adversaries
End up shootin’ them guns
Dumb shit rises to the top
Ain’t got shit to say
Shut the words
Makin’ action stop
Diction avoids friction
Speak and aim
Ain’t playin’
Make it plain
Express yourself
Stand up to the game
Cause it’s stupid being afraid
Of the same egg you laid
Talk it over!

Speak! Your mind
Speak! It’s time
Speak! Your peace (Believe me when I speak it)
Speak! Be free

Speak! Your mind
Speak! It’s time
Speak! Your peace (Believe me when I speak it)
Speak! Be free

Speak! Your mind
Speak! It’s time

Speak! Your peace (Believe me when I speak it)
Speak! Be free

Speak! Your mind
Speak! It’s time
Speak! Speak! Speak! (Believe me when I speak it)

Woaaaah!

Dumb shit
Who can’t talk
Need a gun
Cause the brain
Can’t change the terrain
Trained by a government chain
Makin’ it rain in the club
That goes without sayin’ the devil don’t want change
You old enough to shave you old enough to save
Speak easy talkin’ somethin’
Say it loud
Malcolm, Garvey, Sonia Sanchez proud
Sister Souljah, Jesse, Al, Huey
Orator heard
Hip hop got the culture
Rap is the words
Having the blind
Loving some dumb aimed and directed death
And end up callin’ it def
Feds to protect black crime from the threat of community
Keeping truth from the youth, have them shootin’ me
And at each other, sister and brother
Lockin’ the rest up in them federal ovens
What y’all know about whatever you know about
Question is can you get it out?
Talk it over

Speak! Your mind
Speak! It’s time
Speak! Your peace (Believe me when I speak it)
Speak! Be free

Speak! Your mind
Speak! It’s time
Speak! Your peace (Believe me when I speak it)
Speak! Be free

Speak! Your mind
Speak! It’s time
Speak! Your peace (Believe me when I speak it)

Speak! Be free

Speak! Your mind
Speak! It’s time
Speak! Speak! Speak! (Believe me when I speak it)

Speak!

Believe me when I speak it
Believe me when I speak it
Believe me when I speak it
Believe me when I speak it
Believe me when I speak it

Believe me when I speak it

Public Enemy Lyrics

"Yesterday Man"

(feat. Daddy-O)

Yo come on
You don't even know who the hell you are
You don't even know who the hell you are
You don't even know who the hell you are
Who the hell you are
You don't even know
You don't even know who the hell you are
Who the hell you are
You don't even know
You don't even know who the hell you are

We did it yesterday, and we'll do it again
Tomorrow we'll all still be yesterday men
If you'd like to be more than yesterday boys
Then sit down and listen while they bring the noise

Huh?
They say you don't know where you goin'
If you don't know where you been
Say that I refuse to lose
So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake
From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it
Yesterday man

Some wanna be a spectacle …what happened?
Instead of spectacular …what happened?
Check the sally vernacular …what happened?
Now they mumblin' back at her …what happened?

Kanye marryin' Kim …what happened?
Bruce Jenner turned to fem …what happened?
Is rap still a black CNN? ...what happened?
Is Run and DMC still friends? ...what happened?

Huh?
They say you don't know where you goin'
If you don't know where you been
Say that I refuse to lose

So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake
From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it
Yesterday man

Yesterday being everything I ever said
Echo of the past comin out of my head
Sayin' new is better
So that new gets sold
They don't want any better
They want different from old
But I ain't buyin' what they wanna sell now
I ain't believin' everything they be tellin me now
Say tomorrow is better
What today got wrong
Right now I'm the man yesterday is the song

Huh?
They say you don't know where you goin'
If you don't know where you been
Say that I refuse to lose
So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake
From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it
Yesterday man

Brooklyn lookin' like it's L.A...what happened?
Sway movin' out of the bay ...what happened?
Eazy singin' Boyz N The Hood ...what happened?
Pac ridin' shotgun with Suge ...what happened?

Common used to love her, did he leave her? ...what happened?
Now it's no love of hip hop either ...what happened?
What the fuck OMG the pain? ...what happened?
I'mma just stay in my lane ...what happened?

Rappers all doin' TV ...what happened?
Kids lookin' older than me ...what happened?
3 Stacks ain't makin' songs? ...what happened?
Cam and Jimmy don't get along ...what happened?

Huh?
They say you don't know where you goin'

If you don't know where you been
Say that I refuse to lose
So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake
From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it
Yesterday man

Public Enemy Lyrics

"Exit Your Mind"

Greatness awaits us in hell for centuries
Still able to pull good out of nothing
And every time we go there
The world witness our creative genius
The arts and science
The gods and culture
Unlimited progress for the original people
We brought civilization to the world
The fathers and mothers of it all
America would not have no flavor if it wasn’t for the black population
Come on black people, it’s our time
The great musicians we brought
Science and mathematics to the world
Stop copying
We’re the original people
It was the mathematical genius of three black women
Who put the man on the moon
From the traffic light, down to heart surgery
Experience life from the creator of life
There is no way around it
We are the people of God
Exit your mind, enter the thinking of God

Public Enemy Lyrics

"Beat Them All"

We start controlling the Dow Jones Industrial, and start using niggers in the world bank, and every time the president wanna raise the price of gold, he gotta call twelve of us in and six of them, then we set

Beat them all
Beat them all
Beat them all
Beat them all
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all

Hey dude, why you buildin' the wall
Think you got enough balls
You ain't got enough nerves
You ain't got enough gall
Finger pointin' at y'all
Tired of you pickin' my pocket
Sucker sucker you fall
Hear me rage like a prophet
Face to face and who smack it
Hear my point so you got it
See your ass try to stop it
You ain't never improved
Now you fuckin' up food
We the people get sued
Is that arrogance dude
Got you comin' off rude

If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em

Beat them all
Beat them all
Beat them all
Beat them all

Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all

To the beat y'all, you don't stop

Greatest players playin'
Greatest band in the world
Greatest rhymers be sayin'
Greatest band in the world
What the fuck is the problem
That your world ain't solvin'
Where your planet dissolvin'
Corporations replacin'
What y'all callin' a nation
Playin' with population
Why the fuck you surprised
45 spreadin' hatred
Lids over the eyes
Push you once, push you twice
When the fuck are y'all ready to fight?

If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em

And hear the beat go

Get the fuck outta here
It's weird engineers
Got millennials
Got 'em got 'em livin' in fear
Strippin' robbin' their years
Peers, digital tears
Drippin' into their beers

Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)

Public Enemy Lyrics

"Smash The Crowd"

(feat. PMD, Ice-T)

Hooooo!
Come on!

Haters gonna hate
Fakers gonna fake
Breakers gonna break
Neophytes gonna make mistakes
Sleepers gotta wake
I'ma say it again
I'ma say it loud
Gimme a group
Not one man
To smash the crowd
We get panoramic
Across the stage
Like a whole planet dammit
One man or one woman
Can't understand
The group plan
Making of the band
Gimme some bass and guitar and some drums
(God-God-Goddamn!)
I get bored from R&B keyboards
Unless they cut like a sword
I bet on DJ Lord
On two turntables
Do I say willin' and able
A lotta Serato
Revolving from old record labels
Party's over, oops outta time
Smashin' this crowd was designed
(Everybody now)

Somebody say hooooo!
Smash the crowd!
Somebody say
Smash the crowd!

Give it to the man, he know how to rock the crowd

Ice with the enemy
Iceberg's the enemy

Smashers of this mosh pit
Hardcore rap shit
Black mask shit
Pop off get your ass kicked
Or worse, a casket
S1s who blast it
I'm not happy with this soft hippy cotton candy
Bang the crowd hard or get the fuck out my yard
I crash crowds from all angles
Destroy bars like Hell's Angels

Bleed the needle from the left
Bleed it to the right
These vocals gone electric
Loudness for these masses
Keep the catalog from fallin' apart
Reach teaching new tunes from them old masters
(Uh!)
Excuse me?
(Dynamite soul!)
Greatest players playin'
Greatest band in the world
Greatest rhymers be sayin'
Greatest band in the world
But what the fuck is the problem that this world ain't solvin'

It's the get rich scheme
And chasing the fake dream
I spit like a black tech 9 with infrared beam
Been feedin' hip hop fiends since a teen
My mic still blow steam
I'm a mix between
Doc Strange and David Blaine
Spittin' blue flames
Slow Flow smashin' the crowd
Like I smashed Jane
Fear of a black planet
Time to pop the chain
Cause hip hop got them goin' insane

Somebody say hooooo!
Smash the crowd!
Somebody say
Smash the crowd!

Public Enemy Lyrics

"So Be It"

(feat. Jahi)

And if you don't like this thing, let's get ready to change it!

It got the summer written all over it
It is time, time for it to happen
What the fuck is it? (Get it!)
Some still can't deal with it
Kill fast until they kill it
DJ Lord, Public Enemy, they be killin' it
Still don't get it confused
Shit I be killin' it dude
Elevated
It ain't the shoes
It is what it is
So be it
Ain't just pointin' to my fitted
It's what's inside it (Get it, get it, get it)

It's happenin'
It's got feeling, it's got groove
Power to the people
It's got nothing to lose
You can bob it, weave it
Some love it some leave it
Knowledge is power but
Some keep it a secret
Some really need it
Some say it from the rooftops
It's doorstops and stoops
Till it's livin' and breathin'

Yo
Yo one two
So bet it and let it be

Y'all know it
So be it
Then be it so
So it be
Revolution
Then let it be known
C-H-A-N-G-E-I-T
So be it and let it be

Y'all know it
So be it
Then be it so
So it be
Revolution
Then let it be known
C-H-A-N-G-E-I-T
So be it and let it be

It can be whatever you believe in
It can't stop, won't stop
Not a one size fit
Whatever you want in the world
Start by being it
I'll never star it, spangle it, banner it
Some voted it
It is what it is
Hope got choked out didn't it (Get it!)
Press secretaries in suits that just don't fit

Chuck I got it, can't stop it
Or cock block it
Ignore these false prophets
Blinded by fake profit

It is a damn shame
It is the same game
It is too late to complain
Can't stand it (Get it!)
Loud and proud, too strong to ignore it
Either you against it, huh yeah, or you for it
Lie for it, die for it, do your damn best
At the test, come on uh, yeah try for it
Political landscape morbid
Seen my ancestors forbid it
Jahi and Marcus wrote it

(Wooo-eee!)

Y'all know it
So be it
Then be it so
So it be
Revolution
Then let it be known
C-H-A-N-G-E-I-T
So be it and let it be

Y'all know it
So be it
Then be it so
So it be
Revolution
Then let it be known
C-H-A-N-G-E-I-T
So be it and let it be

But you can quote it if I spoke it
I spray words on the target
Hold my pen the same way they hold an AK
Cause you can still lose your life for it
Some belief in me is all that I need
I know it, so be it, it be so, so it be
I never ask for it, that's just me being me

State of the free it
As I see it through world eyes
Not on the demise
Global people on the rise
Don't sit!

You pick up the pieces I'll bring the glue
So be it for me, so you can be you
You pick up the pieces I'll bring the glue
So be it for me, so you can be you
You pick up the pieces I'll bring the glue
So be it for me, so you can be you

One two
One two
So be it and let it be

Y'all know it
So be it
Then be it so
So it be
Revolution
Then let it be known (Come on!)
C-H-A-N-G-E-I-T
So be it and let it be
Y'all know it
So be it
Then be it so
So it be
Revolution
Then let it be known
C-H-A-N-G-E-I-T

So be it and let it be

Get up, it's the moment they fear
Can't stop won't stop
Be the change you wanna be
Be the change you wanna see
Get up, it's the moment they fear
Get up, it's the moment they fear
C-H-A-N-G-E-I-T
So be it and let it be

Public Enemy Lyrics

"Soc Med Digital Heroin"

(feat. Solé)

Digital brain drain hits yo subclavian main vein
For the quick fix
Gotta get rich scheme
That got you insane
Memes hit the track, less than you check facts claim
Emojis that accentuate the lies in your mainframe
Let these bars reflect it, the self disrespected
These Twidiots with one-hundred forty characters disconnected
Complex urls and figures that can't spell check it
Talk to text, non verbal skills auto correct this

I ain't talkin' crack babies lost in the 1980's
Millennial grandkids who these gadgets made lazy
People caught up in the triangle of their lies
All comin' out in the wash, will he survive?
Triangle Twitter, Facebook, Tumblr
Yeah, raised on music and the style that you hear
Instagram, LinkedIn, Snapback, uh yeah, get back
It's high school all over again, so I clap back

Sick, twisted, narcissistic, hubristic
Interjecting your venom while playin' evangelistic
Models and mystics livin' unrealistic
Selfies and disconnection equating to mental sickness
Disjointed ramblings and musings you on some bitch shit
Unwanted mentions, opinions, why would you risk it?
You have no discipline so you cannot resist it
You ending up on that hit list cause karma, she never missed it

Damn! SOC MED
Shakin' my damn head
Shakin' my damn head
Damn dumb motherfucker on a smartass phone
Damn! SOC MED
Shakin' my damn head
Shakin' my damn head
Shakin' my damn head

The pain of break ups
Hood fights and make ups
The check up from the neck up
But y'all won't wake up

IPs that drive by
Reality shows a damn lie
This digital heroin is keepin' you high
You need to fact check the fuckery
Cyber sex and sorcery
Chicks bustin' it open with screwed up priorities
That shits disorderly hmm you just ignorin' me
See cause y'all done pledged to this shit like a sorority

Idle chatter and lipstick
Materialistic and postings
For you wanna be rich cliques
With value in the wrong shit
A drop squad at your door
For all you demons in the gossip for likes clique
You powerless, no independent thought so you drifted
Hypnotic rhythm, strangers opinions got you addicted
These habits of ignorance breeds cognitive dissonance
Social media digital heroin and remember it

Damn! SOC MED
Shakin' my damn head
Shakin' my damn head
Damn dumb motherfucker on a smartass phone
Damn! SOC MED
Shakin' my damn head
Shakin' my damn head
Shakin' my damn head

Tumblin' down to sleep
Take it to the bed
Strategically hip
Connected to the head
Easy check off
Check in with the feds
Lost in the avatar
Lookin' for street cred
Followin' hollow heads and the trends they tread
Sympathetic to the synthetic
Shakin' my damn head
Lost in the SOC MED
Report to the feds
Till that phone be dead
And the needle in the red
139 characters plus 1 I said
Shakin' my damn head
And what the internet said

Damn! SOC MED

Shakin' my damn head
Shakin' my damn head
Damn!

There have been terrorist attacks that no one knows about

"Terrorwrist"

Put down on that list
They bombin that list
Ballin that fist
Raisin that fist
Like that like that
Like this like this
Scratchin that shit
Terrorwrist pissed
Among and amidst
Avoidin' that trick
Lost in the abyss
Search and got frisked
EDM and got dissed
Track got flipped
Lord on the mix
Ass got kicked
Doctor doctor
This shit is sick
This shit is sick
Doctor doctor
Ass got kicked
Lord on the mix
Track got flipped
EDM and got dissed
Search and got frisked
Lost in the abyss
Avoidin' that trick
Among and amidst
Terrorwrist pissed
Scratchin that shit

Raisin that fist
Ballin that fist
They bombin that list
Put down on that list
Terrorwrist

How can I make you understand
How can I make you understand

How can I make you understand
I get ill on the posse with my goddamn hands

Indefinite patterns
One
An unknown trajectory
Two
Indefinite patterns
Three
Insufficient dock
Constantly changing

The evidence we have gathered all points to a collection of loosely affiliated terrorist organizations

Public Enemy Lyrics

"Toxic"

Toxic

Can't sing a song to save your life
But can you sing a song to save a life
Can a song save the world in this time of 45
45 beyond askin'
Can hip hop survive?
Over a million rappers spittin' now
What we the people be gettin'
Forgettin' armaggedon
Look out love is the message you can bet on
Can culture save humanity when the name of the game
Is narcissism, yo how can musicians get paid?
Curator, caretaker, this creator
Servicing purpose to other creators
Rhymers and beat makers
Blessed by the internet
So I'mma start this war of art
Before they rip this world apart
Toxic

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Looks like 45 done lied again
Grabbin' planets, territories
Not to mention women
Those who voted this POTUS
Killin' kin for the win
Citizens sufferin'

While he be ballin'
If a mule die, they used to say
Buy another one
If a nigga die, they used to say
Try another one
Fifty years we were broke, not broken
Take me to your leader
Even aliens spoke it
Every treaty signed
Their fuckery broke it
Wonder why only a few of us
Thrive as their tokens
Toke this toke that
No joke cause I wrote it
The only thing I hit is the stage, and I smoke it

Yo that
That shit sounded good on the record, what you just did, ahah

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Hindsight 57
So I'm stayin' in my lane
As the young think in hell
And the old prey to pain
This shit is classic like the resurgence
Of the dope on plastic
Vinyl bats backin' the tracks
The millennium's drastic
Synthetic bullshit smokin' up the hood
Bear witness cause y'all know the government's up to no good
You can't drift away from the problems of today
If you're grown 21 and over, tell me where the hell you goin'
Suicidal with an open Bible
Lockdown friendly fire

Or HBO, Home Boys Only, I really never really dug the Wire
They do no hirin'
He keep on firin'
We keep dyin'
The aftermath
Do the math
Toxic!

Public Enemy Lyrics

"Sells Like Teens Hear It"

(feat. Sammy Vegas)

Yeah yeah yeah yeah boy
Yeah yeah yeah yeah boy

I'm not the old head who be sideline booing
What my generation call mumble gum chewing
Listen to it closer as you get near it
Smells and sells like teens hear it

You smell like a mud duck who lived out all his luck
Bugged out now you're stuck slipping like a hockey puck
Perpetrating emcee that's the way it goes
I been rapping on the mic
Since you were shittin' in your clothes
Trying get so fast but you ain't slick
Step back give me room
And kiss my…
I'm gonna tell you once
Ain't gonna tell you again
Don't never in life try to do this again
I'm still the boss, gimme a high five
Gimme the mic live king cold live
Flav don't live on that tip G
But don't get sleep on me
I get it!
Can't nobody do it like me boy…

I'm not the old head who be sideline booing
What my generation call mumble gum chewing
Listen to it closer as you get near it
Smells and sells like teens hear it

I'm not the old head who be sideline booing
What my generation call mumble gum chewing
Listen to it closer as you get near it
Smells and sells like teens hear it

Used to be a joke, big butt and a smile
Screw being broke, substance over style
Try to walk a mile in these old school shoes
Many don't like to walk, old and young, do you?
Crazy when you see it, skateboard guarantee it
A whole lotta love goin' on if you wanna believe it

Millennial hear baby boomers fearing it
Sells like teenagers hearin' it

I'm not the old head who be sideline booing
What my generation call mumble gum chewing
Listen to it closer as you get near it
Smells and sells like teens hear it
I'm not the old head who be sideline booing
What my generation call mumble gum chewing
Listen to it closer as you get near it
Smells and sells like teens hear it

80's 90's real hip hop generation
Classified as art of inducing violence
Media and visions have limitations
Gotta hear out the streets anticipation
What you hear what you get
New souls just hear it how industry sells it
Teens became a target
Dreams for red carpet
Lies but believe it
Take it or leave it

I'm not the old head who be sideline booing
What my generation call mumble gum chewing
Listen to it closer as you get near it
Smells and sells like teens hear it

I'm not the old head who be sideline booing
What my generation call mumble gum chewing
Listen to it closer as you get near it
Smells and sells like teens hear it

You already know

Public Enemy Lyrics

"Rest In Beats (Parts 1 & 2)"

(feat. The Impossebulls)

Rest in beats from Heavy D to Eazy-E
The Notorious B.I.G., we have lost so many
Still wonder in my Adidas why Jam Master Jay had to die
And Lisa Left Eye
Off top no rehearsal R.I.B. salute
Gifted Unlimited Rhymes Universal, my man...
Still in shock at the loss of Afeni and Pac
His spirit lives on, it won't ever stop
Scott La Rock, heard a dope story about him from the Blastmaster
Out west RIB Mac Dre and The Jacka
When we die it plants new seeds
For new Big Bank Hanks
And new MC Breed's, remember?
And the Sean P's that spit that raw
J Dilla got all the beatmakers still in awe
I'm not a pimp but Pimp C forever, UGK
Rest In Beats is the way that we say
Salute!

Salute in tribute, light a candle, play a song
As the legacy continue, on and on and on (Rest In Beats!)
Salute in tribute, light a candle, play a song
As their legacies continue on and on and on (Rest In Beats!)
Salute in tribute, light a candle, play a song
As their legacies continue, on and on and on
Salute in tribute, light a candle, play a song
As their legacies continue, on and on and on
Salute in tribute, light a candle, play a song
As their legacies continue on

Now we lost some other things
Besides just life and hip hop
We lost brick and mortar record stores
And really dope diverse tours
R.I.B. Rest In Beats
Original flavor and more
We lost the art of everyone being in the same studio
Rest In Beats

The love of the art now dipped in the dough
We lost real flows to mumbles and memes
We've seen the loss of ideas that we were kings and queens

Where are the groups? Too many going solo
We lost street teams and promo, to YouTube and Vevo
Man, I miss the time when you really had to rhyme
When lines weren't reduced to ghetto, studio and crime
For all that we lost, still the essence is preserved
Through beats, sound stages, dope energy and words

"Everybody listen to this!"

Rest In Beats!

Never cared how doves cry til I heard you die
Now I wanna forget and God knows I've tried
I wished you heaven, I hope that you heard me
We were undisputed there was no controversy
Tired of the changes that life seems to bring
Never feared for silence, the dead still sing
And we can celebrate by dancing in the streets
Your music, your legacy, Rest In Beats!
I'm sick of the scenario man I'm buggin' out
So let's go, let's get loud, let's shout
Nothing but love, yes the good die young
Forever finds a way, your songs will be sung
September now, always got me thinking of you
Remembering the hard times you helped me through
It wasn't your move, but the way you moved me
Your music, your legacy, Rest In Beats!

LOUD IS NOT ENOUGH

Enemy Radio Lyrics

"2020"

Do you see what I see?
Do you see what we see?
Do you see what I see?
Do you see what we see?

Always goin' out, new days comin' in
2020, is it clearer to your vision
Say what y'all want, you ain't never gotta listen
Smell something burnin' straight backin' your kitchen
Now another Red Summer before Roaring '20s
Goin' down ghost towns, the good ain't plenty
Where you gonna be when your money ain't gold no more
And the poor come stormin' at your door

Do you see what I see?
Do you see what we see?
Do you see what I see?
Do you see what we see?

They turned their back to the past with no regret
Deaf to the prison of what is said
Dumb to the future 'cause it ain't here yet
Blind to the time ahead, 2020

Peekin' 'round corners, it's right around the corner
You can say what you want, but it's right around the corner
A decade, telescopes, outer space
Microscopes in your inner space
2020 squeezin' in a freezer
Millennials still gettin' robbed for Jordan sneakers
Dance in the corner, cancer in the water
One big prison yard, finally, God is hard

They turned their back to the past with no regret
Deaf to the prison of what is said
Dumb to the future 'cause it ain't here yet
Blind to the time ahead, 2020
Turned your back to the past with no regret
Deaf to the prison of what is said
Dumb to the future 'cause it ain't here yet
Blind to the time ahead, 2020

Do you see what I see?
Do you see what we see?
Do you see what I see?
Do you see what we see?

See, smell, taste, touch the sound, as a new decade's
Whirlin' around, unshackled and unbound
Watchin' war circus clowns and conductors
2020 nobody helping, lovin' us but us
If you not at the table, then you on the menu
And watch these algorithms tryna get up in you
Not a game or a act, in fact, it's a test
Check your soul and food to find out what's fresh

They turned your back to the past with no regret
Deaf to the prison of what is said
Dumb to the future 'cause it ain't here yet
Blind to the time ahead, 2020
Turned your back to the past with no regret
Deaf to the prison of what is said
Dumb to the future 'cause it ain't here yet
Blind to the time ahead, 2020

Do you see what I see?
Do you see what we see?
Do you see what I see?
Do you see what we see?

"STD (Slavery Transmitted Disease)"

I am
Louder than fuck
Mercy wanna curse me
Don't touch that dial
The wild can't rehearse me
RAW
Shit y'all probably heard before
30,000 fanatics rushing through that door
Manimal
On these verses, ripped up the manual
'Cause I'm breathing rare air
Making volume a habit y'all
Can't see how I make these ears hear
Cover up your brains when I get near

N-I-G-G-E-R (N-I-G-G-E-R)
N-Word is a STD (What the hell?)
N-I-G-G-E-R (N-I-G-G-E-R)
Slavery Transmitted Disease

Like pork I don't eat it or say it
The mind is a terrible thing to waste and nothing to play with
You can change the meaning how it's spelled still a virus can't you tell
The word yelled when they tried to take Black Moses to jail
And say it live on air and get away with it
And call you N-words, change your names into digits
You have a right, in this new day to find new words to say
The truth is that we never N-words anyway

N-I-G-G-E-R (N-I-G-G-E-R)
N-Word is a STD
N-I-G-G-E-R (N-I-G-G-E-R)
Slavery Transmitted Disease

In the middle of crossroads, antenna like cornrows
Amazing grace, got it quicker than the kitchen
So I'm loud, see the weak can't get the hang of it
Possibly
So they cannot understand it
The red gettin' through
To those that never read it
The main script on life
So they consider it bullshit
Heads set the standard
Studied but they crammed it
God considered the volume too low
But she's damned it

It flies through the air with the greatest of ease (What the hell?)
The N-Words, a slavery transmitted disease
Not a word to be heard
But it BEs what it BEs
The N-Word is a STD (What the hell?)

It flies through the air with the greatest of ease
The N-words, a slavery transmitted disease
Not a word to be heard
But it BEs what it BEs
The N-Word is a STD
Be a victim to the small picture

[?] Too many victims to the small picture (Nigga, nigga, nigga, nigga, nigga, nigga, nigga, nigga, nigga, nigga)

"Food As A Machine Gun"

How not to die
By the weapon
Formerly known as food
How not to die

Sugar, sugar, who you talkin' to?
Dirty water who be lovin' you?
Stroke, no joke, musta hit that salt
Don't look at me, 'cause it ain't my fault
I know you want it, say you need it
And you eat it, 'cause you want it
Sugar, sugar, you don't love me
Sugar, sugar, you don't need me
Now, it be eating me (Eat, eat it up)
Got us fightin' diabetes
Stress level, sleepless, emotional, mental
Drugs in the food I love screwin' up my physical
I'll never fall in love again
With this hate on my plate and
Food and drug administration
Is my my hallucination?

Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (They eat it, they don't need it)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun

Sugar, sugar, I know you move me
I know you wanna drink me
You in everything, not just candy
Worse than a pow pow, shoot 'em up, kill 'em up movie
A riot goin' on in that corner
About a word on a bird in that corner
Toxic, yeah, they just box it
Hard to tell the paranoid "Avoid it like a opioid"
How sweet it is
They just line up these kids
How happy is a meal when dancin' with cancer?
With that God bless America FDA romancing
A new old kinda ganster get down
Pesticide chemical get around
Fast food industrial sit down
EPA's a gang, throw it up now

Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (They eat it, they don't need it)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun

Food as a machine gun
How not to die
By the weapon
Formerly known as food
How not to die

Sugar, sugar, call me late at night
By daylight, stomach busted, not feeling right
Back hurting, heart burning, I need oxygen
Sweet and sour more addictive than your oxycontin
GMO's in your new clothes
Food deserts and them corner stores
Salty, salty, where's the reservoir?
Double the price if you black and poor
What kind of plant is in your plant burger?
Pesticides on your organics, and they do it early
Chicken, chicken, chemicals, fossil fuels emissions
Go ahead and ask who is up in the kitchen
Food industry, like music industry, designed
To make you go crazy and just lose your mind
Chips, dip, soda, soda, yo, give me some
Pow, pow, food is a machine gun

Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (They eat it, they don't need it)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun (Eat it up, eat it up)
Food as a machine gun

The real beef is inside you

Enemy Radio Lyrics

"Last Stand Caravan"

Boy still in a hoodie
Knee jerk reactor
Up and down a mudslide
Voted on a tractor

Bike ridin through mars
Center of the universe
Wiped out human life in this verse
Wide range climate
Descending into Houston
Immigration waitin
No defending youth and

Life threatening track
Riders in the storm
Bombs on landfills
Prepare for rainfall

Midterm germs
Asleep at 2 wheels
Wanna punch em in the gdamn face and that's real

Lost in a city of so called friends
Up against a wall where it got no end
This land
Your land
My land
This land
Last stand
Caravan

Lost in a city of so called friends
Up against a wall where it got no end
This land
Your land
My land
This land
Last stand
Caravan

Who do you trust emotional attachments
Things on the move they attracted like magnets
When its time to roll up your sleeves they all leave
Global wide web got the world deceived
Degrees won't change it system wanna strangle it
Lies and more lies and look how they angle it
Hate is still hate in 4K illuminated

You say you real and strong time to show it no fake it
In the land of clone men and women in fine suits
You can't love the fruit despise all the root
Lies and truth can never occupy the same space and time
At least not in my rhymes
I got forcefield for enemies olive branch for real ones
Oozi still weighs a ton and then some
Online shopping carts produce the art
But we staying on point like pens and darts

Lost in a city of so called friends
Up against a wall where it got no end
This land
Your land
My land
This land
Last stand
Caravan

Lost in a city of so called friends
Up against a wall where it got no end
This land
Your land
My land
This land
Last stand
Caravan

It's all just a part of the plan like Smif N Wesson and Daddy-O
Here we go, spittin' the lessons
Dropping bars on guitars like the Prophets of Rage
Praying for my day ones in the coffin or the cage

Doctrine of a slave, masters rot in their grave
Boxed in like a braid, Pumas I'm rocking 'em suede
Down by law, no jewelry upon me
Stand mortified because the foolery's beyond me

I'm tired of 45 and Giuliani
Assassins who can't pronounce the name Soleimani
The foolhardy ruling party wants to Wisdom Allah's Rule against the truly Godly

Can move me hardly, juice through the arteries
Authority that can't be reduced to a commodity
The proof of prophecy, species are troublesome
Shaytan's wise and speaks with a double tongue

Lost in a city of so called friends
Up against a wall where it got no end
This land
Your land
My land
This land

Last stand
Caravan

Lost in a city of so called friends
Up against a wall where it got no end
This land

Socially Engineered Anarchy Induced Chaos
Code name SEAIC
All around
Without the sound
Uncle Jam's Army
We are here
Uncle Jam's Army
We are here
What ya gonna do when the grid go down?

How they gonna play us?
One against the other
What ya gonna do when the grid go down?
Son against his mother
Socially Engineered Anarchy Induced Chaos
All around
Can't distract us
UFO's
Socially Engineered Anarchy Induced Chaos
Agent provocateurs
One against the other
Him against his brother
What ya gonna do when the grid go down?
Uncle Jam's Army reporting for duty
We Are Here

And it's time to get down
Face to face I got yo back
We do it like that

Public Enemy Lyrics

"GRID"

(feat. Cypress Hill & George Clinton)

What y'all gonna do?
Uncle Jam's Army's in, Public Enemy, Cypress Hill
Let's do this

Aww shit, no more GRID (Here we go!)
We all addicted men women and kids
No internet no text and no tweets
We'll look like the 80's (With fiends in the streets)
Aww snap! No apps just maybe perhaps (Where you at?)
No GRID is what we need for new human contact
Not even your own server can save you
We all caught up in the web is so true
No GPS what will you do? (No e-mails or WHATSAPPs coming thru)
Now your phone is just a phone with a camera
No algorithms, huh, to manage us
All your post on IG lost in the cloud with your information
Listen real close to what I'm saying
Folks might have to pick up a book, pick up a pen
Hey, back to basics again
Digital mental health clinics worse than a pandemic
More police brutality but no posts on who filmed it
Aww shit, the GRID is gone
Universal mind blown, c'mon!

What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
The GRID goes down! The GRID goes down!
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
What y'all gonna do? (Be real about it)

Communication breakdown it's a take down
Are you awake now or consumed by a fake clown?
World Wide Web keep the spiders fed
Looking at my feed, trolls everywhere but knowledge supersedes
At your fingertips
Clicking all the keys to the locks
Pandora's box, open up
Now you're on the clock
Not a second to lose
Like your life shorter
Addicted to a platform
It's the calm before the storm (Get at me!)

If the GRID goes down you better be ready
Emotional effects may be deadly
Masses to run steady
The depression hits like a Tyson blow
Isolation on another level
Who's responsible? I don't know
I gotta theory if you hear me but you wanna fear me
Dumb us down then divide us up I see it clearly
Pit one against the other even though we're brothers
Make us hate each other while they keep their asses covered

What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
The GRID goes down! The GRID goes down!
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?
What you gonna do when the GRID goes down?

Socially engineered anarchy induced chaos
That's how they go play us
One against the other
Him against his brother
Fuck one another
Ahhh but Uncle Jam's Army is here
What you gonna do? (Whatever it takes)
What you gonna do? (Whatever the party call for)
Socially engineered anarchy induced chaos
That's how they go play us
What you go when the grid goes down?
No sound around
But there's still time
To get it on (Come on now)

My style versatile said without rhymes
Which is why they're after me and they on my back
Lookin' over my shoulder, seein' what I write
Hear what I say, then wonderin' why
Why they can't ever compete on my level
Underground status is my domain
Understand my rhythm, my pattern of lecture
And then you know why I'm on the run
This change of events results in a switch
It's the lateral movement of my vocal pitch
It eliminates pressure on the haunted
But the posse is around so I got to front it
Plus employ tactics so coy
And leave no choice but to destroy
Government tricks and what they say
It's all that try to cross my way
Get down

What you gone do Chuck?
Flava Flav, are you still lampin'?
What you gonna do when the GRID goes down?
That's how you feel about it?
Uncle Jam's Army is here
Socially engineered anarchy induced chaos
That's how they go play us?
One against the other
Him against his brother
Girl against her mother
What you gonna do when the GRID go down?
No sound around

Pop Diesel Lyrics

"Merica Mirror"

America has brought all of her troubles upon herself
She alone is to be charged with being the cause of the troubled world and people today

Public Enemy Lyrics

"Public Enemy Number Won"

(feat. Mike D, Adrock & Run-DMC)

Yo, Mike D
Yo, what up Ad Rock?
Remember that time in '85 when we were in a van and we're driving through Cleveland and?
Oh, oh, you had that weird rash all over your body
No, I mean, yes, but, no, I'm talking about when Rick gave us the demo tape for Public Enemy
Yo, we played that shit back and forth like about a million times
That shit was nice
So nice, you know I've been thinking
We should call Chuck D on the phone right now
And ask him, "What goes on?"
Well

I'm all in, put it up on the board
Another rapper shot down from the mouth that roared
One, two, three, down for the count
The result of my lyrics, oh yes, no doubt
Cold rock rap, forty-niner supreme
Is what I choose and I use, I never lose to a team
I can go solo like a Tyson Bolo
Make a fly girl wanna have my photo
Run in their room, hang it on the wall
In remembrance that I rocked them all
Suckers, ducks, ho-hum emcees
You can't rock the kid, so go cut the cheese
Take this application of rhymes like these
My raps red hot, hundred ten degrees
So don't start bassing, I'll start placing
Bets on that you'll be disgracing
You and your mind for a beat and a rhyme
A time for a crime that I can't find
I show you my gun, my Uzi weighs a ton
Because I'm Public Enemy number one, one
One, one
One, one, one, one

From the tippy-tippy top never taking a L
Nobody rocks so hot so well
Like the rugged D, the man you see
Rocking to the rhythm of the sure shot beat
Say one for the treble, two for the bass
Rhyme for your mind, shine on your face
Three for the rain and four for the dew
Five 'cause I'm live and straight from the crew
Six for my gear and, nah, I ain't no stylist
Got my whole swag from 2-5th and Hollis
Run got the wisdom D got the knowledge

Straight from the dome, air tight sand polished
Seven to the eight and nine times I say
Run gon' be great, the top 10 today
Eleven MC's, they all tried to flex
When Run grabbed the mic, they took flight and step

There was a time when I was losing it
Alcohol, I was abusing it
The wealth of health, I wasn't choosing it
To help myself, I wasn't doing it
Mom and dad they meant a lot to me
They helped me get where I got to be
Then they told me they adopted me
To help me fulfill prophecy
I did not know I had enemies
Named Jack and Jim and Hennessy
They came with a smile, befriending me
With the intent of ending me
Taking my power like kryptonite
'Cause it is known when I get the mic
I go into a zone and I rip the mic
Just like this rhyme that I spit tonight
You can't understand how much it took
To kick their asses and leave them shook
Kill all the clowns and crush the crooks
'Cause I'm a superhero in the comic books
Well, make believe is your reality
I'm everything I pretend to be
Everything I need is inside of me
And anything else is the enemy

Now here's a little story We got to tell
About a sound so Def, you know so well
It started way back in history
With the Beastie Boys, LL Cool J, Run-DMC, and Public Enemy

Great was a label with two turntables
And a mic, MC's do what ya like
'83 beats in the place to be
'84 rhyming to open doors
Def to the Jammin' of who I am
Stand till they jump and then crack the floors
I got a posse of a force to back me up
Watch out, we got rhythm to match
Ambush attack of my team
Double-team you get creamed
You got it so you don't catch
Wanna hear it again, we got a force
Def Jam down, the OG circuit sound
Public Enemy, LL Cool J, Beastie Boys, Flav, Run-DMC
Check out the protection
Rock the bells in this section
Kick it like Bruce Lee's Chinese connection

On stereo never ever mono
On wax, yes, I'm talking 'bout vinyl
The world said freeze, we unfrozen
They got me Public Enemy #1

Public Enemy Lyrics

"Toxic"

Toxic

Can't sing a song to save your life
But can you sing a song to save a life
Can a song save the world in this time of 45
45 beyond askin'
Can hip hop survive?
Over a million rappers spittin' now
What we the people be gettin'
Forgettin' armaggedon
Look out love is the message you can bet on
Can culture save humanity when the name of the game
Is narcissism, yo how can musicians get paid?
Curator, caretaker, this creator
Servicing purpose to other creators
Rhymers and beat makers
Blessed by the internet
So I'mma start this war of art
Before they rip this world apart
Toxic

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Looks like 45 done lied again
Grabbin' planets, territories
Not to mention women
Those who voted this POTUS
Killin' kin for the win
Citizens sufferin'
While he be ballin'
If a mule die, they used to say
Buy another one
If a nigga die, they used to say

Try another one
Fifty years we were broke, not broken
Take me to your leader
Even aliens spoke it
Every treaty signed
Their fuckery broke it
Wonder why only a few of us
Thrive as their tokens
Toke this toke that
No joke cause I wrote it
The only thing I hit is the stage, and I smoke it

Yo that
That shit sounded good on the record, what you just did, ahah

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Toxic, see em
Sell it and box it
Savage, they
Say we can't stop it
Flav, PE, rock it
Antetokounmpo
No, Mutombo I blocks it

Hindsight 57
So I'm stayin' in my lane
As the young think in hell
And the old prey to pain
This shit is classic like the resurgence
Of the dope on plastic
Vinyl bats backin' the tracks
The millennium's drastic
Synthetic bullshit smokin' up the hood
Bear witness cause y'all know the government's up to no good
You can't drift away from the problems of today
If you're grown 21 and over, tell me where the hell you goin'
Suicidal with an open Bible
Lockdown friendly fire
Or HBO, Home Boys Only, I really never really dug the Wire
They do no hirin'
He keep on firin'
We keep dyin'
The aftermath
Do the math
Toxic!

Public Enemy Lyrics

"Yesterday Man"

(feat. Daddy-O)

Yo come on
You don't even know who the hell you are
You don't even know who the hell you are
You don't even know who the hell you are
Who the hell you are
You don't even know
You don't even know who the hell you are
Who the hell you are
You don't even know
You don't even know who the hell you are

We did it yesterday, and we'll do it again
Tomorrow we'll all still be yesterday men
If you'd like to be more than yesterday boys
Then sit down and listen while they bring the noise

Huh?
They say you don't know where you goin'
If you don't know where you been
Say that I refuse to lose
So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake
From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it
Yesterday man

Some wanna be a spectacle …what happened?
Instead of spectacular …what happened?
Check the sally vernacular …what happened?
Now they mumblin' back at her …what happened?

Kanye marryin' Kim …what happened?
Bruce Jenner turned to fem …what happened?
Is rap still a black CNN? ...what happened?
Is Run and DMC still friends? ...what happened?

Huh?
They say you don't know where you goin'
If you don't know where you been
Say that I refuse to lose
So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake

From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it
Yesterday man

Yesterday being everything I ever said
Echo of the past comin out of my head
Sayin' new is better
So that new gets sold
They don't want any better
They want different from old
But I ain't buyin' what they wanna sell now
I ain't believin' everything they be tellin me now
Say tomorrow is better
What today got wrong
Right now I'm the man yesterday is the song

Huh?
They say you don't know where you goin'
If you don't know where you been
Say that I refuse to lose
So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake
From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it
Yesterday man

Brooklyn lookin' like it's L.A...what happened?
Sway movin' out of the bay ...what happened?
Eazy singin' Boyz N The Hood ...what happened?
Pac ridin' shotgun with Suge ...what happened?

Common used to love her, did he leave her? ...what happened?
Now it's no love of hip hop either ...what happened?
What the fuck OMG the pain? ...what happened?
I'mma just stay in my lane ...what happened?

Rappers all doin' TV ...what happened?
Kids lookin' older than me ...what happened?
3 Stacks ain't makin' songs? ...what happened?
Cam and Jimmy don't get along ...what happened?

Huh?
They say you don't know where you goin'
If you don't know where you been
Say that I refuse to lose
So I'mma win
And I ain't going to stop quit
Made it a plan for the yesterday man
From Migos to Flash, Rakim to Drake
From Linden Triangle to Livonia and Blake
Yes yes yes yes yes yes tell it

Yesterday man

James Bomb Lyrics

"Crossroads Burning"

What happens if all media networks was dropped and destroyed?
Are you afraid to pick up a book?
Are you afraid to even deal with who you are, as a person?

Public Enemy Lyrics

"Fight The Power: Remix 2020"

(feat. Jahi, Rapsody, Black Thought, Nas, YG)

[Chuck D:]
This is revolution shit
Uh, yeah, c'mon and get down
Uh, yeah, c'mon and get down
Uh, yeah, hey
The year is 2020, the number
A little somethin' to get down
Sound of the funky drummer
Music hitting' the heart 'cause I know you got soul
Brothers and sisters

[Nas:]
The Information Age
Got 'em seein' what's really wrong with these racist days
I honor the strong and pity the weak
Your thoughts run your life, be careful what you think
Haiti beat France, a century, seventeen
Salute Toussaint and Dessalines
And I do love France, know what I mean?
It's the system I'm talkin', nobody's agreein'
They say, "Suicide," when dead bodies are swingin'
Cowards are huntin' black men, that's what I'm seein'
How many Tulsas have been burnt down?
And once Central Park was a thrivin' black town
Yo, Chuck, I'm fightin' the power right now
Thank you, Flav and P-E, puttin' it down
Puttin' your life on the line so I could rap now
The next generation still singin', "Fight the Power"

[(Chuck D) Flava Flav:]
Fight the power (Fight the power)
Fight the power (Fight the power)
Fight the power (Fight the power)
Fight the power, (we got to fight the powers that be)

[Rapsody:]
Police think they reign 6ix9ine over the law (Yeah)
When they give us short sticks but we really need a long
To the boys in the hood, duckin' bullets and batons
From boys in the hood, triple Ks on they arm
Four fingers on my palm screamin', "Fight"
Change the policy, before I buy back our property
You love Black Panther but not Fred Hampton
Word to the Howards and the Aggies and the Hamptons
They book us, won't book us, I'm Booker
T. Washington, George killed, for twenty

Think about it (Think), that's two thousand pennies
The value of black life the cost of goin' to Wendy's
For a four-quarter burger, ended in murder
Fight for Breonna and the pain of her mother, gotta

[(Chuck D) Flava Flav:]
Fight the power (Fight the power)
Fight the power (Fight the power)
Fight the power (Fight the power)
Fight the power, (we got to fight the powers that be)

[Black Thought:]
Yeah, generations just how long we been at war
The revolution on all platforms
You break a man's mind in his back
Yo, solidarity is what I'm wearin' all black for
For comrades who done fought without me
It's not to try and change y'all thoughts about me
Or to redirect your reports about me
Dear white people, you should take a course about me
'Cause, is it the law, for a four-finger ring?
The sciences and the arts, the songs we can sing?
I really wanna know why y'all so scared
Prolly 'cause the promised land, we almost there
But look, I think of images that fuel my youth
Been influenced by Craig Hodges and Abdul-Rauf
Examples like Olympic, Black Power salutes
To Panther troops, I saw as I pursued my truth
If racism is the cancer, black thought's the answer
Gotta get up off the back porch, emancipate your minds
Get your bodies back from ransom (C'mon)
And all black hands up for the anthem

[(Chuck D) Flava Flav:]
Fight the power (Fight the power)
Fight the power, we got to fight the powers that be
Yo, yo, check this out, man
Bring that beat back, man (Bring that beat back)
In two, three, four, hit it

[Jahi:]
People, people, stronger than this evil
Smashin' your power structure, melanin royal, regal
System designed to kill and unprotect
Worldwide, hit the streets just to get some respect
Our fight and our rights for freedom will never wane
But justice Breonna Taylor, salute Chuck and Flava
Feel the same anger since Radio Raheem died
Black power to the people, push forward, pride

[YG:]
Fight power like it's the opp, though
Born to fight, I made it off the block though

Thought he had a gun and he was black, that's the combo
The police killed George havin' a convo (George)
They killed Malcolm X, they killed Doctor King (Doctor King)
They gave us guns and dope, they wanna stop our kings
They tryna erase our history, stop and think
History class ain't tell us 'bout Juneteeth
Cops don't give a damn about a negro
Pull the trigger, kill a negro, he's a hero
Fuck livin' life on welfare, the last one who cared was Obamacare
Round twelve, nose kinda bloody, gotta keep fightin'
Trump flew to North Korea, they respect violence
If you ain't tryna have your city on fire
Put some respect on our name, we come from gold and diamonds

[(Chuck D) Flava Flav:]
Fight the power (Fight the power)
Fight the power, (we got to fight the powers that be)
Yo, yo

[Chuck D:]
Elvis was a hero to most
But he never meant shit to me you see
Straight up racist that sucker was
Simple and plain
Motherfuck him and John Wayne
'Cause I'm Black and I'm proud
I'm ready, I'm hyped plus I'm amped
Most of my heroes don't appear on no stamps
Sample a look back you look and find
Nothing but rednecks for four hundred years if you check
"Don't Worry, Be Happy" was a number one jam
Damn if I say it you can slap me right here
(Get it) Let's get this party started right
Right on, c'mon
What we got to say
Power to the people no delay
Make everybody see
In order to fight the powers that be

Public Enemy Lyrics

"Beat Them All"

We start controlling the Dow Jones Industrial, and start using niggers in the world bank, and every time the president wanna raise the price of gold, he gotta call twelve of us in and six of them, then we set

Beat them all
Beat them all
Beat them all
Beat them all
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all

Hey dude, why you buildin' the wall
Think you got enough balls
You ain't got enough nerves
You ain't got enough gall
Finger pointin' at y'all
Tired of you pickin' my pocket
Sucker sucker you fall
Hear me rage like a prophet
Face to face and who smack it
Hear my point so you got it
See your ass try to stop it
You ain't never improved
Now you fuckin' up food
We the people get sued
Is that arrogance dude
Got you comin' off rude

If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em

Beat them all
Beat them all
Beat them all
Beat them all
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all

To the beat y'all, you don't stop

Greatest players playin'
Greatest band in the world
Greatest rhymers be sayin'
Greatest band in the world
What the fuck is the problem
That your world ain't solvin'
Where your planet dissolvin'
Corporations replacin'
What y'all callin' a nation
Playin' with population
Why the fuck you surprised
45 spreadin' hatred
Lids over the eyes
Push you once, push you twice
When the fuck are y'all ready to fight?

If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em
If you can't join 'em
Know you gotta beat 'em

And hear the beat go

Get the fuck outta here
It's weird engineers
Got millennials
Got 'em got 'em livin' in fear
Strippin' robbin' their years
Peers, digital tears
Drippin' into their beers

Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)
Beat them all (Beat them all)

Public Enemy Lyrics

"Smash The Crowd"

(feat. PMD, Ice-T)

Hooooo!
Come on!

Haters gonna hate
Fakers gonna fake
Breakers gonna break
Neophytes gonna make mistakes
Sleepers gotta wake
I'ma say it again
I'ma say it loud
Gimme a group
Not one man
To smash the crowd
We get panoramic
Across the stage
Like a whole planet dammit
One man or one woman
Can't understand
The group plan
Making of the band
Gimme some bass and guitar and some drums
(God-God-Goddamn!)
I get bored from R&B keyboards
Unless they cut like a sword
I bet on DJ Lord
On two turntables
Do I say willin' and able
A lotta Serato
Revolving from old record labels
Party's over, oops outta time
Smashin' this crowd was designed
(Everybody now)

Somebody say hooooo!
Smash the crowd!
Somebody say
Smash the crowd!

Give it to the man, he know how to rock the crowd

Ice with the enemy
Iceberg's the enemy
Smashers of this mosh pit
Hardcore rap shit
Black mask shit
Pop off get your ass kicked

Or worse, a casket
S1s who blast it
I'm not happy with this soft hippy cotton candy
Bang the crowd hard or get the fuck out my yard
I crash crowds from all angles
Destroy bars like Hell's Angels

Bleed the needle from the left
Bleed it to the right
These vocals gone electric
Loudness for these masses
Keep the catalog from fallin' apart
Reach teaching new tunes from them old masters
(Uh!)
Excuse me?
(Dynamite soul!)
Greatest players playin'
Greatest band in the world
Greatest rhymers be sayin'
Greatest band in the world
But what the fuck is the problem that this world ain't solvin'

It's the get rich scheme
And chasing the fake dream
I spit like a black tech 9 with infrared beam
Been feedin' hip hop fiends since a teen
My mic still blow steam
I'm a mix between
Doc Strange and David Blaine
Spittin' blue flames
Slow Flow smashin' the crowd
Like I smashed Jane
Fear of a black planet
Time to pop the chain
Cause hip hop got them goin' insane

Somebody say hooooo!
Smash the crowd!
Somebody say
Smash the crowd!

Public Enemy Lyrics

"If You Can't Join Em Beat Em"

If you can’t join em
Know you gotta beat em

If you can’t join em
Know you gotta beat em

If you can’t join em
Know you gotta beat em

If you can’t join em
Know you gotta beat em

If you can’t join em
Know you gotta beat em

If you can’t join em
Know you gotta beat em

If you can’t join em
Know you gotta beat em

Oh!

Now this is how the beat gonna go

Ho, yeah!
Ho ho, yeah!
Ho, yeah!
Ho ho, yeah!

Oh!

Y’all came to do that, we came to do this

Public Enemy Lyrics

"Go At It"

(feat. Jahi)

It got the summer written all over it
It is time, time for it to happen
What the fuck is it? (Get it)
Some still can't deal with it
Kill fast till they kill it
DJ Lord, Public Enemy
They be killin' it

Still don't get it confused, shit, I be killin' it dude
Elevated, it ain't the shoes
It is what it is, so be it
Ain't just pointed to my fitted
It's what's inside it (Get it, get it, get it)
It's happenin', it's got feelin'
It's got groove, power to the people
It's got nothing to lose
You can bob it, weave it
Some love it, some leave it
Knowledge is power but some keep it a secret
Some really need it
Some say it from the rooftops
It's doorstops and stoops
Till it's living and breathing

Yo, yo, one-two
So be it
And let it be

Y'all know it, so be it
Then, be it so, so it be
Revolution, then let it be known
Whatever it is, whatever it be
You just go at it
Y'all know it, so be it
Then, be it so, so it be
Revolution, then let it be known
Whatever it is, whatever it be
You just go at it

It can be whatever you believe in
It can't stop, won't stop, not a one size fit
Whatever you want in the world, start by being it
I'll never star it, spangle it, banner it
Some voted it, it is what it is
Hope got choked out, didn't it?
Press secretaries in suits, that just don't fit (Uh)

Chuck, I got it can't stop it, or cock block it
Ignore these false prophets blinded by fake profit

It is a damn shame, it is the same game
It is too late to complain, can't stand in (Get it)
Loud and proud, too strong to ignore it
Either you against it, huh, yeah, or you for it
Lie for it, die for it
Do your damn best at the test
Come on, uh, yeah, try for it
Political landscape morbid
Seen my ancestors forbid it
Jahi and Marcus wrote it

Y'all know it, so be it
Then, be it so, so it be
Revolution, then let it be known
Whatever it is, whatever it be
You just go at it
Y'all know it, so be it
Then, be it so, so it be
Revolution, then let it be known
Whatever it is, whatever it be
You just go at it

But you can quote it if I spoke it
I spray words on the target
Hold my pen the same way they hold an AK
'Cause still can lose your life for it
Some belief in me, is all that I need
I know it, so be it, it be so, so it be
I'll never ask for it, it's just me being me (Come on)

State of the free it
As I see it through world eyes
Not on the demise, global people on the rise
Don't sit!

You pick up the pieces, I'll bring the glue
So be it for me, so you can be you
You pick up the pieces, I'll bring the glue
So be it for me, so you can be you

Whatever it is, whatever it be
You just go at it

Mark Jenkins Lyrics

"Don't Look At The Sky"

The meaning of God body is simple
It means you see God when you look in the mirror
And that the body of man is God
And that there's no mystery God in the sky
You are God

Public Enemy Lyrics

"Rest In Beats"

(feat. The Impossebulls)

Rest in beats from Heavy D to Eazy E
The Notorious B.I.G., we have lost so many
Still wonder in my Adidas why
Jam Master Jay had to die and Lisa Left Eye
Off top no rehearsal, R.I.B. salute
Gifted Unlimited Rhymes Universal, my man
Still in shock of the loss of Afeni & Pac
His spirit lives on, it won't ever stop
Scott LaRock heard a dope story about him from the Blastmasta
Out west R.I.B. Mac Dre & The Jacka
When we die it plants new seeds
For new Big Bank Hank's and new MC Breed's, remember?
And the Sean P's who speak that raw
J Dilla got all beat makers still in awe
I'm not a pimp but Pimp C forever UGK
Rest in beats is they way that we say salute

Salute in tribute, light a candle, play a song
As their legacies continue on and on and on (Rest in beats)
Salute in tribute, light a candle, play a song
As their legacies continue on and on and on (Rest in beats)
Salute in tribute, light a candle, play a song
As their legacies continue on and on and on
Salute in tribute, light a candle, play a song
As their legacies continue on

We've lost brick and mortar record stores
And really dope diverse tours, R.I.B. Rest in beats
Original flavor and more
We've lost the art of everyone being in the same studio, rest in beats
The love for the art now dipped into dough
We lost real flows to mumbles and memes
We've seem to lost the ideas that we were kings and queens
Where are the groups? Too many going
We lost streets, teams, promo, YouTube and Vevo
Man I miss the time when you really had to rhyme
When lines weren't reduced to ghetto studio and crime
For all that we've lost still the essence is preserved
Through beats, sound, stages, dope energy and words (And words)

Salute in tribute, light a candle, play a song
As their legacies continue on and on and on (Rest in beats)
Salute in tribute, light a candle, play a song
As their legacies continue on and on and on
Salute in tribute, light a candle, play a song
As their legacies continue on and on and on and on

Salute in tribute, light a candle, play a song
As their legacies continue on

Never cared how doves cried till I heard you died
Now I wanna forget and God knows I tried
I wished you heaven, I hoped that you heard me
We were undisputed there was no controversy
Tired of the changes that life seems to bring
Never feared for silence, the dead still sing
And we can celebrate by dancing in the streets
Your music, your legacy, rest in beats
I'm sick of this scenario, man, I'm buggin' out
So let's go, let's get loud, let's shout
Nothing but love, yes, the good die young
Forever finds a way your songs will be sung
September now always got me thinking of you
Remembering hard times you helped me through
It wasn't your move but the way you moved me
Your music, your legacy, rest in beats
Rest in beats, rest in beats, rest in beats, rest in beats
Rest in beats, rest in beats, rest in beats, rest in beats
Rest in beats, rest in beats, rest in beats, rest in beats
Rest in beats, rest in beats, rest in beats, rest in beats

Public Enemy Lyrics

"R.I.P. Blackat"

Tonight I can't sleep, I just stare at the wall
Rest in peace to Blackat, yeah, I miss ya dog
Rest in peace to Blackat, yeah, I miss ya dog
Tonight I can't sleep, I just stare at the wall
Rest in peace to Blackat, yeah, I miss ya dog
Rest in peace to Blackat, yeah, I miss ya dog
Tonight I can't sleep, I just stare at the wall
It's like we was from the sandbox, I miss my dog
Rest in peace to Blackat, yeah, I miss ya dog

It's like back in '94 when we were first met
In Houston, Texas, I was on tour, I'll never forget
You had me come out to Houston to play celebrity basketball games
You had towels and cups and shirts with my name
When Flavor Flav walked in the gym, the gym lit up
I was hot, on fire, couldn't tell a nigga shit! (WHAT?!?)
We became boys and had that connection
All you wanted for me was go in the right direction
I started having my darkest days, up in the streets of
New York secretly diggin' my grave
With the drugs and the thugs, everything that was white
I dug it out the rugs, I was goin'
1700.4 miles per hour
From the top of the Empire State, I seen the Eiffel Tower
Then you came through and you helped save my life
And I'll never forget you my dude, my boy for life

Tonight I can't sleep, I just stare at the wall
Rest in peace to Blackat, yeah, I miss ya dog
Rest in peace to Blackat, yeah, I miss ya dog
Tonight I can't sleep, I just stare at the wall
It's like we was from the sandbox, I miss my dog
Rest in peace to Blackat, yeah, I miss ya dog

Thanks to Blackat he gave me a place to stay
So I could have a chance to take my life another way
Because of the way the shit was goin'
I had money flowin' but I wasn't flowin' like the money was flowin'
So he said come to Houston and see what you could do here
I'll give you a room at the crib and food to share
You ain't even got to pay me no rent
You can stay here with me at the crib bro and get high, get bent
I don't care just long as you're doin' good
You could stay here as long as you could
Whatever you do, I'll never hold it against you
You's a grown man, can't hold it against you
We boys till the end, can't hold it against you

When you need a ticket to New York, I sent ya
I'm your homie all the way to the grave
You could always speak to everybody through your boy Flav

Tonight I can't sleep, I just stare at the wall
Rest in peace to Blackat, yeah, I miss ya dog
Rest in peace to Blackat, yeah, I miss ya dog
Tonight I can't sleep, I just stare at the wall
It's like we was from the sandbox, I miss my dog
Rest in peace to Blackat, yeah, I miss ya dog

KRS-One Lyrics

"Outta Here"

[DJ Premier samples/scratches between verses:]
[Slick Rick:] "Boogie Down was performin, hey they ain't no joke"
[KRS:] "Down with the sound called B-D-P"

[Verse 1:]
Back in the days I knew rap would never die
I used to listen to Awesome-2 on WHBI
I used to hear all kind of rap groups before sampling loops
Rappers wore bell-bottom Lee suits
Me and Kenny couldn't afford that
So we would go to the park when they was jammin' to hear rap
I used to listen till the cops broke it up
I always thought to myself "Damn, why they fucked it up?"
But never the less I was in love with the microphone
And it stayed that way until I left home
On the streets of New York, now I'm free
But with freedom comes big responsibility
I used to walk around driven by the force
I remember how large Super Rhymes was when he fell off
I used to wonder about crews that used to rock
They were large, but none of them could manage to stay on top

Do you ever think about when you outta here?
Record deal and video outta here?
Mercedes Benz and Range Rover outta here?
No doubt BDP is old school, but we ain't goin' out!

[Verse 2:]
After livin' on the streets alone
Some years went by, I signed myself into a group home
I used to watch the show "I Dream of Jeannie"
And dreamt about "When will I be large like Whodini?"
But I was messin' with graffiti on the subway
And gettin' chased by the cops almost everyday
I knew it had to bea better way see
So I would go to my room, blast RUN DMC
Around 1984 I left the group home, again alone
Still dreamin' about the microphone
Gimme a chance man, I know I can rock it
But I had to worry about puttin' money in my pocket
So when I reached the shelter I met my helper DJ Scott La Rock
And we both loved hip-hop
I was takin' suckas out in the shelter system
Yeah there was rappers in the shelter but I had to diss 'em
But all along, my vision was never lost
I kept seeing all these rap groups fallin' off

Do you ever think about when you're outta here?
Fly girl and fresh gear outta here?
Five-thousand dollar love seat outta here?

No doubt BDP is old school, but we ain't goin' out!

[Verse 3:]
While I'm battling these rival crews
Yes, BDP would stay in the street news
Some said all they wanna do is battle
They can't write a song, so their careers won't last long
Around this time I used to hang with Ced Gee
And DJ Scott La Rock used to buy gold with Eric B
I didn't meet Rakim till later with Scott
I remember we were jammin' at the rooftop
It used to irk me when these critics had opinions
Scott would say "Just keep rappin', I'll keep spinnin'"
We had a fucked up contract, but we signed it
And dropped the hip-hop album Criminal Minded
We told the critics your opinions are bull
Same time Eric B and Rakim dropped Paid in Full
Hip-hop pioneers we didn't ask to be
But right then hip-hop changed drastically
People didn't wanna hear the old rap sound
We started samplin' beats by James Brown
In the middle of doin' My Philosophy
Scott was killed and that shit got to me
But knowin' the laws of life and death
I knew his breath, was one with my breath
I had nothin' left and it was scary
So I dropped By All Means Necessary
Another hip-hop group that was a friend of me
Was a revolution crew called Public Enemy
It Takes A Nation of Millions to Hold Us Back
These two albums set off consciousness in rap
But all along, I'm still lookin' around
And all I can see are these rap groups fallin' down

Do you ever think about when you outta here?
Condominium and beach house outta here?
Credit cards and bank accounts outta here?
No doubt BDP is old school, be we ain't goin' out!

"Black Cop"

Buck buck buck-buck-buck, buck-buck buck buck!
All rude bwoy lissen up!
Black cop!! Black cop black cop black cop
Stop shootin black people, we all gonna drop
You don't even get, paid a whole lot
So take your M-60 and put it 'pon lock!
Take your four-five and you put it 'pon lock!
Lookin for your people when you walk down a block
Here in America you have drug spot
They get the black cop, to watch the drug spot
The black drug dealer just avoid black cop
They're killin each other on a East Coast block
Killin each other on a West Coast block
White police, don't give a care about dat
Dem want us killin each other over crack
Anyway you put it it's a black on BLACK
Black cop black cop black cop
Black cop black cop black cop
Thirty years, there were no black cops
You couldn't even run, drive round the block
Recently police trained black cop
To stand on the corner, and take gunshot
This type of warfare isn't new or a shock
It's black on black crime again nonSTOP
Black cop!! Black cop black cop
Black cop black cop black cop

"Don't be the sucker..
Don't be the sucker comin into my face..
Don't be the sucker.."

Here's what the West and the East have in common
Both have black cops in cars profilin
Hardcore kids in the West got stress
In the East we are chased by the same black beast
The black cop is the only real obstacle
Black slave turned black cop is not logical
But very psychological, haven't you heard?
It's the BLACK COP killin black kids in Johannesburg
Whassup black cop, yo, whassup?!
Your authorization says shoot your nation
You wanna uphold the law, what could you do to me?
The same law dissed the whole black community
You can't play both sides of the fence
1993 mad kids are gettin tense
Black cop!! Black cop black cop black cop
Stop shootin black people we all gonna drop
You don't even get, paid a whole lot
Take your four-five and you put it 'pon lock!
Take your M-60 and put it 'pon lock!

Take your uzi, put it 'pon lock!
Black cop black cop black cop
Black cop black cop black cop

"Don't be the sucker..
Don't be the sucker..
Don't be the sucker..
Don't be the sucker comin into my face
Don't.. don't be the sucker comin into my face
Don't-don't-don't be the sucker comin into my face
Don't-don't-don't-don't
Don't be the sucker comin into my face
Don't-don't, don't-don't
Don't be the sucker comin into my face
Don't-don't-don't!
Don't be the sucker comin into my face with that yang-yang!"

KRS-One Lyrics

"I Can't Wake Up"

[Intro]
What I want you to do is count to ten.
Nine, eight, seven, six, five, four, three, two
On one, you will be asleep - one

[Chorus]
I'm a blunt gettin smoked and I can't wake up
I'm a blunt gettin smoked and I can't wake up
I'm a blunt gettin smoked and I can't wake up
I'm a blunt gettin smoked and I can't wake up

[KRS-One]
I'm dreamin.. about bein a blunt
I'm runnin around and I just can't wake up, hah!
I'm dreamin.. about bein a blunt, ho!
I'm walkin around and I just can't wake up

[Verse 1]
I'm tryin to wake up, I can't wake up
So I run and jump, someone yelled, "Get that blunt!"
Get that blunt - now I'm thinking this is major
I've got a bunch of people chasin me with a razor?!
I don't like this dream as a blunt
But I can't get out of it and I can't seem to wake up
So I'm runnin and racin, blunt smokers are chasin
This is insane, I'm caught by House of Pain
I'm picked up, they said they gonna (Put My Head Out)
They slit my back and all the tobacco fell out
Now I'm hollowed wet thin and yes ready
They poured the shumpang gently and re-wet me
I'm in the mouth yo, I can't wake up
Yo I'm a blunt gettin smoked and I can't wake up

[Chorus]

[Verse 2]
Check it out now, in the same attire here comes the fire
OW they lit it, now I'm burnin by the minute
But check it out, more heads came to chill
Everlast took a pull and passed me to Cypress Hill
Cypress Hill took a pull, lungs are full
Who's next? I'm bein passed to Das EFX
As they took a mad pull, smoke blows in heaps
It's really smoky but I can still see Black Sheep
Whoa! Black Sheep gets me, relights me
Room is proper, now I'm passed off to Shabba
Shabba's voice gets low like a tuba
He said, "Me no folllow no rumor" and passed me to Grand Puba
I wasn't burnin right so Puba got mad at me
And said, "Who rolled this?" and passed it to Kid Capri

Kid Capri said, "I won't front!
Pass it to Redman, he knows how to roll a blunt"
Redman said, "No need to re-roll"
He hit, relit it, and passed me to De La Soul
De La Soul took a hit and kept hittin
Now they're buggin cause they passed me to Bill Clinton
Bill Clinton said, "I'll smoke but I won't inhale
I'll only hit it twice," he got slapped by Greg Nice
Now I fell on the floor, Greg Nice picked me up
I'm bein smoked and I can't wake up

[Chorus]

[Verse 3]
Get me out of this, somebody wake me up
I'm still on fire and I'm still bein smoked up
half my body is gone, now they're comin to my head
Now my head is being pinched by Teddy Ted
A crazy nightmare I got to go
I got to wake up and I'm passed off to Yo-Yo
Yo-Yo gets respect as a lady
She didn't smoke, she passed me to Showbiz & A.G.
A.G. said, "Respect due seen"
He got one big pull and passed me to Smooth B
Smooth B, although he's talking to Teddy
Took a hit and passed me to Fab 5 Freddy
Freddy said, "Yo! There's nothing left pop"
Looked at me in my face and passed me to Chubb Rock
Chubb Rock said, "Yo Freddy chill!
If you ever catch me smoking, just kick me in the grill"

[Chorus]

I'M DREAMIN!!!

KRS-One Lyrics

"Slap Them Up"

(feat. Ill Will)

[D.J. Premier]
Tellin' it like it is, right about now D.J. Premier is in the
motherfuckin' house and shit, ya know what I'm sayin'? But yo,
yo Kris, run that shit, ya know what I'm sayin'? That, that shit,
my joint. Run that motherfucker...it's only right kid...

[KRS-One]
(Do it, do it, do it...)

Drop that bassline...
You want lyrics? We give ya lyrics. Check it out now, one time...

(Do it, do it, do it...)

When we come in all de dance 'nuff D.J.'s shut up, woy!
Gal! Will ya come slap dem up

When we come in all de dance 'nuff D.J.'s shut up, woy!
Ill Will, slap dem up

[Ill Will]
MC's get ate, get broken like a pretzel
and get dissed if they ever try to step to
They can't take a MC with loose lips
Talk a lotta shit (but sink no motherfuckin' ships)
Lyrics make bigger holes than hollow tips
Watch another rapper body get stiff
Just like in church, we pass the basket
as I preach over his casket
Fuck it, kick the body right over
and say "See ya, hmm...nice to know ya"
Got another rapper to see
Yo Kris, bust that ass (certainly)

[KRS-One]
If you're shiverin' get off the pot
Let the original rapper rock the spot
You stand there and jock, goin' (mumbles)
This is absolutely ludicrous, what can you do to Kris
Chattin' foolishness, step along quick with that stupidness
It's me rippin' this for self, where else ya lookin'?
I got more rhymes than all the Jamaicans in Brooklyn
So beat it or be seated, Gee I'm mad undefeated
Young boy, you can't see me, run along and make pee-pee
I was rockin' rhymes when "La-Di-Da-Di" was a demo
Admit you been on my tip for years and just can't seem to let go
Go, go call your mother, tell her you wanna battle KRS quick
I bet the minute you get home you'll get your ass whipped
Crazy ill mad styles is what I give'em

Not a run-of-the-mill'em, I drill'em, I got ridiculous rhythm
None of my styles you can get with'em
Still um, will um, your crew come get some so I can kill'em

[Ill Will]
Well I roll by myself but don't let it fool ya
If I got beef my crew'll damn step to ya
We don't play no games, I'll come straight to your rest
Lift up your shirt and blast you in your chest
(Well that was fresh)

[KRS-One]
A fad doesn't fill the bill, but mad skills will
Don't let me have to kill you kid, god forbid still
Greed will lead your need to succeed
but your speed, your speech
Your outreach is a breach of what I teach
For lyrical styles you're a leech
If I was Spanish I'd say, ("You lie like a beech")
Wow-wow-wow-wow, wow-wow-wow, wow-wow-wow...
Wow, for a amateur you really looked hard
But you're really a bitch, when you get it together
call me, here's my card
Check the list: you lack breath control, mental behaviour
Lyrical talent, imagination and flavour
I got no time for amateur rhyme, you could be hurt
Thinkin' you're hard because you wear a gangsta T-Shirt
I'll smash your wanna-be ass in the deep dirt
Black, you'll come up dizzy sayin' "How da fuck he do dat?"
'cause you're yappin' like you can't be reached
If your name ain't Arrested Development, well save your speech
Time to ill, I got mad skills to fill
Not a fake, I got more styles than Drake's got Tasty Cakes
Gotta be the best Gee, don't try to test me
You'll get jacked son, even if your name is not Jesse
Let's be up front when I meet ya
Peace, uh, I'm the motherfuckin' teacher

When we come in all de dance 'nuff D.J.'s shut up, woy!
Gal! Will ya come slap dem up

When we come in all de dance 'nuff D.J.'s shut up, woy!
Gal! Will ya come slap dem up, up, up, up, up...

(Do it, do it, do it...) *[x2]*

Yo...South Bronx, South South Bronx
South Bronx, South South...yo, Uptown
Brooklyn's in the house, lemme tell ya 'bout Staten Island
What about...Queens?

KRS-One Lyrics

"Sound Of Da Police"

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Stand clear! Don man a-talk
You can't stand where I stand, you can't walk where I walk
Watch out! We run New York
Police man come, we bust him out the park
I know this for a fact, you don't like how I act
You claim I'm sellin' crack
But you be doin' that
I'd rather say "see ya"
Cause I would never be ya
Be a officer? You WICKED overseer!
Ya hotshot, wanna get props and be a saviour
First show a little respect, change your behavior
Change your attitude, change your plan
There could never really be justice on stolen land
Are you really for peace and equality?
Or when my car is hooked up, you know you wanna follow me
Your laws are minimal
Cause you won't even think about lookin' at the real criminal
This has got to cease
Cause we be getting HYPED to the sound of da police!

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Now here's a likkle truth
Open up your eye

While you're checking out the boom-bap, check the exercise
Take the word "overseer," like a sample
Repeat it very quickly in a crew for example
Overseer
Overseer
Overseer
Overseer
Officer, Officer, Officer, Officer!
Yeah, officer from overseer
You need a little clarity?
Check the similarity!
The overseer rode around the plantation
The officer is off patroling all the nation
The overseer could stop you what you're doing
The officer will pull you over just when he's pursuing
The overseer had the right to get ill
And if you fought back, the overseer had the right to kill
The officer has the right to arrest
And if you fight back they put a hole in your chest!
(Woop!) They both ride horses
After 400 years, I've _got_ no choices!
The police them have a little gun
So when I'm on the streets, I walk around with a bigger one
(Woop-woop!) I hear it all day
Just so they can run the light and be upon their way

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Check out the message in a rough stylee
The real criminals are the C-O-P
You check for undercover and the one PD
But just a mere Black man, them want check me
Them check out me car for it shine like the sun
But them jealous or them vexed cause them can't afford one
Black people still slaves up til today
But the Black police officer nah see it that way
Him want a salary
Him want it
So he put on a badge and kill people for it
My grandfather had to deal with the cops
My great-grandfather dealt with the cops
My GREAT grandfather had to deal with the cops
And then my great, great, great, great... when it's gonna stop?!

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!

That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!

KRS-One Lyrics

"Sound Of Da Police"

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Stand clear! Don man a-talk
You can't stand where I stand, you can't walk where I walk
Watch out! We run New York
Police man come, we bust him out the park
I know this for a fact, you don't like how I act
You claim I'm sellin' crack
But you be doin' that
I'd rather say "see ya"
Cause I would never be ya
Be a officer? You WICKED overseer!
Ya hotshot, wanna get props and be a saviour
First show a little respect, change your behavior
Change your attitude, change your plan
There could never really be justice on stolen land
Are you really for peace and equality?
Or when my car is hooked up, you know you wanna follow me
Your laws are minimal
Cause you won't even think about lookin' at the real criminal
This has got to cease
Cause we be getting HYPED to the sound of da police!

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Now here's a likkle truth
Open up your eye

While you're checking out the boom-bap, check the exercise
Take the word "overseer," like a sample
Repeat it very quickly in a crew for example
Overseer
Overseer
Overseer
Overseer
Officer, Officer, Officer, Officer!
Yeah, officer from overseer
You need a little clarity?
Check the similarity!
The overseer rode around the plantation
The officer is off patroling all the nation
The overseer could stop you what you're doing
The officer will pull you over just when he's pursuing
The overseer had the right to get ill
And if you fought back, the overseer had the right to kill
The officer has the right to arrest
And if you fight back they put a hole in your chest!
(Woop!) They both ride horses
After 400 years, I've _got_ no choices!
The police them have a little gun
So when I'm on the streets, I walk around with a bigger one
(Woop-woop!) I hear it all day
Just so they can run the light and be upon their way

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Check out the message in a rough stylee
The real criminals are the C-O-P
You check for undercover and the one PD
But just a mere Black man, them want check me
Them check out me car for it shine like the sun
But them jealous or them vexed cause them can't afford one
Black people still slaves up til today
But the Black police officer nah see it that way
Him want a salary
Him want it
So he put on a badge and kill people for it
My grandfather had to deal with the cops
My great-grandfather dealt with the cops
My GREAT grandfather had to deal with the cops
And then my great, great, great, great... when it's gonna stop?!

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!

That's the sound of da police!
Woop-woop!
That's the sound of the beast!

Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!
Woop-woop!
That's the sound of da police!
Woop-woop!
That's the sound of the beast!

KRS-One Lyrics

"Mad Crew"

[Intro:]
So in the clubs I get (mad)
On the mic I get (mad)
On the beats I get (mad)
Yo,

[Chorus:]
I got the
(Mad, mad crew up in the house)
I'm wit the
I be chillin' wit the
I'm rollin' wit the

[Verse 1:]
See, this is what I'm sayin' and I know you don't see this
Wack, underpriveledged MCs think they can see Kris
They watchin' too much television and they rocka
This ain't the TV show "Taxi," and I ain't Lotka
I break an MC off proper, yo don't check me
Ask your Moms and Pops, yo they respect me
But here you stand, tryin' to get yours, but gettin' NOTHIN'
You probably can't spell "Boogie Down" or "Productions"
I play for jeeps, I play for keeps, I play for streets, believe me
Put down the microphone and consider a squeegie
You're rated PG
Again I win when I begin
I'm slammin' again, no win, try to comprehend
I don't bend
I ravage and damage
I'm wild like a savage, kickin' asses
Hot flashes, your style's with trash's
Stay out of my classes, PUNK
Stay out of my classes - yo

[Chorus]

[Verse 2:]
Twinkle, twinkle to the little rap star
I got all type of MC tongue in a pickle jar
So here's a quick freestyle to my target:
My core audience, (fuck) the rest of the market!
'Cause I spark it, styles I loanshark it
Then break your legs if you try to chart it
I got heart, it
Doesn't take a lot to rock a record, get wit it
Some MCs can't rock for five minutes
Sorry, that's not the way to approach me
Use caution
I rip up lyrical crews and MCs often
You probably don't know this:

I give birth to MCs
And I also give abortions
I'll do a number to your body structure
You look like supper
And I'm that _hungry_ motherfucker!
You don't wanna be on the menu!
I'll end you, twist you up and bend you
Like Gestapo
Pick up the microphone and crush up MC like a taco
No, we're never sad because we nah deal with sorrow
That's why dem challenge me, jah man you know dem challenge trouble
Me are number one of me there is no double!
And you don't want no trouble
'Cause Blastmaster KRS is flashin' lyrics on the double

[Chorus]

[Verse 3:]
Check
Me comin' on quick, me cominadance, now me a sing
KRS-One in a party, man me do me own ting
Nuff MC test, but you don't hear vowel one
All you hear is when the BDP crew slap them up
We have the champion belt and lyrical cup
Any DJ they want my title filled, no way now man step up
But when you lose, now understand you get fucked up
This ain't no game upon the mic
Me bring the noise to you like Chuck

[Chorus]

Kid Capri got the
Gang Starr got the
Ill Will got the
Flavor Unit got the

KRS-One Lyrics

"Uh Oh"

[Chorus:]
You ain't that tough ya
Choose the right friends
You ain't that tough now
Don't make your life end

You walk around the town like you a big man
But you never know now that there's always a bigger man
You sling the M-16 and flash the M-1
But you don't know what you're doing never learned to handle one
But true! All you friend thinking you a gangster
While your mother tried to warn you from certain danger
So when you in your room you playing with your Mac-10
Fully loaded automatic, just you and a friend
You posing aw dey mirror like you a gangster clown
But the Mac-10 go off and you friend go down

Uh oh! What you gonna do now?
Uh oh! They gonna blame you somehow
Uh oh! Tell me what you gonna say
Uh oh! Look, they cutting you away

Your father telling you "Now son just go to school
Don't go acting like a fool and don't go acting too cool"
You get to the school and meet up with the right bunch
Just a group of kids with no names taking people lunch
You join the click because you wanna meet some girls
And you want a little prestige in you little school world
One day you're walking with your crew along the road
And a member of your crew pull out a gun and unload
He shoot a parked car and all you run far
You and your friends laughing like you a superstar
And you get home and you thinking it was fresh
And a cop meet you there with a warrant for your arrest
Them ask, "Who shot the gut why you walking down the street
Didn't you see the little boy there in the back seat sleep?
Now the boy dead we want to know from you
Who shot the car up, are we gonna take you?"

Uh oh! Now what you gonna do now?
Uh oh! Boy, them gonna blame you
Uh oh! Now tell me what you gonna say
Uh oh! Look, they cutting you away

[Chorus]

White kids! You living in the whitest part of town
You are a white kid but you know you hang around
So you and your friends thinking that you are all of that
When you see a youth walk by and yes the youth is black

One kid say "Hey, what you doing on the block
We don't want no niggers here unless he is a cop"
So the kid pull out a big baseball bat
And them him slap with the bat because the kid is black
Now then the kid fell down but still alive
So he reach in his pants and pull out a four-five
Pop! One friend drop and everyone run
Out of all the white kids now you the only one
You start cry, cause now you gonna die
And it's all because what your friends did to this guy

Uh oh! What you gonna do now?
Uh oh! He gonna blame you somehow
Uh oh! What you think you gonna say?
Uh oh! Now them cutting you away

Check!

[Chorus x2]

We don't come with disrespect, we come with intellect
If you come with disrespect you get a rope around your neck
Some people don't expect me, to be so violent
But me NAH violent, just myself I protect
Too many time I see, young gwal pickadee
Pay five ten twenty thirty dollar to see

Talk bout they wan fi sex up and fill up you body
But them NAH talk about peelin off some money

Whattaya think can happen next? After you're done havin sex?
Too much of ignorance, not enough intellence
Mahn me NOT against sex, but too many DJ

Cause the next day them gone, and you sit alone

[Chorus: w/ minor variations]

[Verse 2:]

White, man knew dat, and dat was a shock
So dem whip up your bod', and dem whippin not stop

But dem NAH can't stop us wit de whip and de chain
So dem take away your history, erase your name
STILL, with no name, with no fight, with no fuss
We just, take on the name, that MASSA give us
That name is NI-GGA, the correct is NE-GRO
It's spa-nish for BLACK, white mahn call us DAT
There is also NE-GROID, also NE-GRO
Now, all nigga pon the corner playin cee-lo
Man you're not a ne-gro, cause you're skin is not black
Take a look at yourself, you're brown and that's a fact
You not jump from no tree, you not live in no cave

"Return Of The Boom Bap"

[Intro]
Boom Bap Original Rap
Boom Bap Original Rap

See how it sounds(bo!) a little unrational(bo!) *[x4]*

[Verse 1]
Now bad boy squad and bad boy crew
everything I do, I do jus for you
another silly sucker wants the champion belt
but like a microwave these days I make em melt
Return Of The Boom Bap means jus that
it means return of the real hard beats and real rap
the ladies in the place like it jus like that
I'm a around the way gay with a baseball cap
you know my style, you know my name
I'm chillin at the top, but I'm still the same
I never crossed over, never went pop
you know Krs will give you real hip hop so..

[Chorus]
See how it sounds(bo!) a little unrational(bo!) *[x4]*

[Verse 2]
People always callin me a top celebrity
cuz when I'm on the mic
I like to speak freely
You hear me chattin lyric but I'm not an MC
A one poetic member of the crew B.D.P.
I looked around the nation but I simply couldn't find
another entertainer wit a rhyme like mine
I pick up the mic and I tear up the phone
At this point in the party I should be left alone
but uh-oh uh-oh Ive come to show
a brand new flow
Is the flow wack? NO!
listen to the pro
come to the show in a b-boy stance..bogle in the dance
bogle and a bogle and a bogle in the party
Here's a likkle stylee, come an wake up everybody
Boom Bap original rap
Boom Bap, Boom Bap original rap
Refreshin when you hear it hard rap is all that so...

[Chorus]

[Verse 3]
Bogle in the dance, bogle in the dance
bogle in a, bogle in a, bogle in the party
Bogle in the dance, bogle in the dance

bogle in a, bogle in a, bogle in the party
On and on to the PM Dawn
I buck two shots and you squad is gone
you add a little street in your R-a-p
but never do you wanna challenge B.D.P.
cuz smashin up a crew, one-two is the least
when a sucka wants ta battle that just gets me geesed
I never backed down from to an MC feud
never on stage KRS got booed
stayed hardcore never changed my attitude
I got the hip hop juice for the hip hop food
I eat when I drink, an I drink when I eat
when I speak, what I speak
what I speak is not weak
now Boogie-down, boogie down, boogie down produc
wit the buck buck buck buck buck buck BUCK!
Throw ya hands high in the sky
wave em around, cuz I get down
down to the nitty, to the nitty, to the gritty
peace to all the hardcore kids in the city so....

[Chorus]

KRS-One Lyrics

""P" Is Still Free"

Awww yeah! All ruffneck rudebwoy hold tight
Just a little somethin for the Jeep
Turn my voice up a little bit and let's get this started
Comin to you live and direct from the 1986 version
Comin up to 1993
Of course, Premier on the beat
Now check it out

The girlies is FREEE-EEE, cause the crack cost money, oh yeah!
I said the girlies is FREEE-EEE, cause the crack cost money, oh yeah!

Ridin one day in a '92 Beamer
After seven years I seen Denise she still a skeezer
But look what she did, she went and had a kid - no dad
And just released her ass out the rehab
You think she'd act like she don't know
She's still a hoe, but umm check my man for the show
"Hiiiii, DJ K-R-S"
She tried to shake her butt, I rolled my window up!
She got pissed and said, "You ain't all that!"
And went and got some other girl schemin for crack
In my car, I couldn't hear what they spoke about
I hit the ac-celerator and I was out!
I never check my man but I knew the plan
Come to the jam MC's in there be thinkin they Superman
Sure enough, the place is packed with no breeze
Crazy girls - and wall to wall MC's
I'm like a cat these MC's are Fancy Feast
I'm thinkin of rhymes but I'm interrupted by Denise
She said, "Kris I really need a favor honey
My girlfriend here really needs some quick money!"
I looked at her girlfriend and her girlfriend was fly
But I ain't stupid, she had that LOOK in her eye
I touched her back, she said, "Denise has he got the crack?
Is he the one? I gotta run back and feed my son"
I said, "How old is your son?" She said, "Three months"
I walked away but my man cold bust her fronts
So she pulled out a gun and shot him in the party
Except for the MC's, I knew EVERYBODY
She tried to let off a shot, one more time
But got stomped so bad, she turned to wine
No one could find Denise for several weeks
You know the time, on this '93 beat

The girlies is FREEE-EEE, cause the crack cost money, oh yeah!
I said the girlies is FREEE-EEE, cause the crack cost money, oh yeah!

I knew a group that had a dope lead singer
Swinger, single guy, that knew his style was fly
After the show he was tired sweaty and kinda sloppy

But of course, a million girls are in the lobby!
He saw a group of girls hangin out and lookin good
So he took one to his room because he knew he could
Inside the room he said, "Make love to me and never stop"
She said, "Sure, but how's about a crack rock?"
I knew my man down the hall had it all
So he called, down the hall, but homeboy wasn't there at all
He turned to the girl and said, "My man ain't there"
So she let down her hair, unzipped his pants down right there
Oral sex in effect, or rather deep throat
But just before he came she bit his dick and slit his throat
As he fell back dizzy, he began to choke
She took his wallet and said, "You ain't broke!"

The girlies is FREEE-EEE, cause the crack cost money, oh yeah!
I said the girlies is FREEE-EEE, cause the crack cost money, oh yeah!

[DJ Premier cuts n scratches "Oh yeahhh!"]

Yes Premier you know you rule hip-hop, an'
yes Ced Gee you know you run hip-hop, an'
yes Kenny bwoy you run hip-hop, an'
but KRS-One'll rock it non-stop!
When I'm Brooklyn, we rulin HIP-HOP!
When I'm in Jersey, we runnin hip-hop
Over in Brazil yes we rulin HIP-HOP!
Over in Germany we rulin hip-hop
But in New York, we rulin y'all tonight badda-bye-bye-bye
In New York, we rulin y'all to-NIGHT!
We come to rock you whether you black or you white
Cause KRS-One, you know I'm never frank, come catch the style

The girlies is FREEE-EEE, cause the crack cost money, oh yeah!
I said the girlies is FREEE-EEE, cause the crack cost money, oh yeah!

KRS-One Lyrics

"Stop Frontin'"

(feat. Kid Capri)

[KRS-One]
Bo! Boom bye bye, hip-hop will never die
Despite the fact that I'm fly I'm never dry
You could beat me, cheat me, when you meet me try to defeat me
But nevertheless you'll have stress, cause I don't rest
You wanna know what my problem is, if you're curious??
I take this hip-hop shit too serious!!
I forget that other rappers ain't true to this
So when they grab the mic I get hyped like LET'S DO THIS!!
All my rhymes are fat, while rappers are skimpy, wimpy
So I simply chew they crew like a Blimpie
Skip me when you dissin, skip me when you on a ego mission..
I blow up, like nitroglycerin!
You better tune in to Teddy Ted
"Yo stop frontin', and use your head"

[KRS-One]
Well if you ain't called it hip-hop, there's a door, I ain't stoppin
I got more flavors than Baskin Robbins!
I flash the funky fresh flavors force-fully
Freak the phonies and flip philosophy constantly (true!)
That reminds me, rappers rock drip-drop
Not hip-hop, they wanna SING and all dem ting
Thank God KRS is still rappin; all that "ooh I love you baby"
and "blink blink blink" - this ain't happenin

[Kid Capri]
Yo this is curtains for these rappers that be frontin on the next man
Lookin down at brothers just because they gettin checks and
haven't got a skill but they're LARGE on the hum-bum
You wanna step to Kid Capri, COME COME COME!!
I break em up, just for actin like a superstar
Around the way, we got a neighborhood trooper car
We ride by, and spray your crew, and your honies too
And rip you open and drink your blood like a Mountain Dew

[KRS-One]
I descend to lend a friend a helping hand
to stop a trend, again and again and again, I just can't say when
I beg to confess my sins to other men
Reverands guard lips, within there I'll begin
I'll always win, over-sakin
The party is ripped, without a hit or with a hit I'm rippin shit
You must admit, I'll never quit the lyrics I flip
I'm tough like licorice, battlin Kid Capri? It's ridiculous
We come to the party inconspicuous..

KRS-One Lyrics

"Higher Level"

[Verse 1:]
After seven years of rockin'
How do you rate me?
Poorly or greatly?
Everybody seems to be goin' for their's lately
Yo mad heads be needin' money
So listen very close as I conduct this little study
See it's, funny to me, you can watch TV
And give up your life trying to be all you can be
In the Army
Not knowin' your history
You either fight and die or come back home in misery
Yo get with me, I deal with reality
Loosen your mind to the truth, and don't get mad at me
No politican can give you peace
If you trust Jesus, why do you vote for a beast?
Emancipation is long over due
So overcome procrastination
Because freedom is within you
For some reason we think we're free
So we'll never be
Because we haven't recognized slavery
You're still a slave, look at how you behave
Debatin' on where and when and how and what Massa gave
You wanna know how we screwed up from the beginning?
We accepted our opressor's religion
So in the case of slavery it ain't hard
Because it's right in the eyes of THEIR God
Where is our God, the God that represents us?
The God that looks like me, the God that I can trust?
A God of peace and love, not mass hysteria
I don't want a God that blesses America
I could never really vote for the devil
Let me take you to a higher level...

[Verse 2:]
Title, take the title from the Bible we can get there
Rip the title from off the front of the Bible, God don't live there
Too many inconsistencies, too many mysteries
Picture the Pope and the Vatican, laughing and drinking and singing and
Kissing me
I stand with God whether I'm paid or whether I'm cryin' broke
I like to ask these politicans would Jesus vote?
The way we view God is a freakin' shame
Church is to blame
We trust God, but bomb Hussein
We simply lovin' the scripture
Same scripture that whipped 'cha
Sooner it'll hit 'cha
Religion's gettin' richer

With that European version of Christ made into a picture
Our society's gettin' sicker, and sicker, and sicker...
Like liquor, we are God-Intoxicated
Not to the true God, but the one the government created
The same governments tellin' people to vote
I pray to God because the people have lost hope
You either vote for the mumps or the measels
Whether you vote for the lesser of two evils, you vote for evil
Politics and God are not equal
But the education if you don't guard, is really lethal
People have more respect for a holy book
Than they do for a cow on a meat hook
Believers of Jesus be denouncing Satan on every level
But every Halloween they're dressin' like devils
I pray to you for the light you might give them
Mother make them know that you're livin' with them
You begin them and end them in silence
Frankly, if they knew you, they would understand violence
I pray to you for the Pope and the Vatican
Have mercy Mother, cause I know that you're mad at them
The White Jesus deceived us awhile ago
And Pope Julius the Second paid Michaelangelo
I know this happened in 1519 yet
This is the image we can't seem to forget
Vote for God, don't vote for the Devil
Let me take you to a higher level...

KRS ONE

KRS-One Lyrics

"Rappaz R. N. Dainja"

[Verse 1:]
Blastmaster Kris I don't talk ish
Expand your conciousness and dismiss foolishness
No one is new to this or new to Kris
In hip-hop's atomic structure, I am the nucleus
That is the center of the group we/us
they/them/you, every squad every massive every crew
Dental floss is lost when a true rapper jumps off
The cash is incidental but not mental distract you off course
The style that I am kickin is like chicken
It will be bitten, rewritten, then performed for a $25 admission
Reviewed in The Source
You will listen then find somethin missin of course... it's skills
That's what you're fishin for, it's lost
I'm gettin too explicit, the track jingles
I won't do a wack album then remix it for my single
Kickin rhymes til I wrinkle, and my brown eyes twinkle
God called hip-hop for the nine-cinco

[Verse 2:]
Tasty like a souflee french croisant on Tuesday
Rappers be boo-tay
Goo-fy that's how they crew stay
Bitin whatever you say to boost they ego
We know the steelo, your whole character is foul
Makes me want to shoot a free throw, BLAOWW
From the git go, no, get go, my flow hits low
Wherever all the dope shit go, there's where my shit go
Bee-dee-bee-bo, skank, I think
Self with ya groups everyone else and the bank
Others like to bring the shottie to the party
I bring knowledge of self, you cure the mind, you cure the body
Some rappers like to come to the party, hopin to leave with somebody
check, I come with skills and I leave with your motherfuckin respect
Ahh yeah... so check, UH!

[Verse 3:]
New types of verbal hip-hop I bring
When you know you can sing BOY you know you can sing
I do not clutter up the airwaves, with stacks of useless facts
MC's trying to be macks, but acts like ignorant blacks
Freak that, I'll snap your back as it cracks
you will experience, loss or lack of balance
Stop the violence, fry from week to week like an allowance
All of you are cowards hiding behind the mask of MC
I remember, thinkin back to eighty-three
No video, no you had to be a real live MC
Now you younguns grow up buggin, any new jock you're huggin
weak production, let me tell you somethin
Any MC can battle for glory

But to kick a dope rhyme to wake up your people's another story
Act like you never saw me
Cause when it comes to lyrics, I'm in a different category

De automatic, get de automatic
Tonight a rapper gwan die

Crazy MC's waste they time chasin millions
While KRS-One, holds the minds of the children
I'm buildin a followin of a hundred and forty-four thousand
Chosen few heads up in project housin
A true rapper, street rapper, rappin to the center
I enter any cipher, with tales of adventure
If rappers are ridin beats like cars, I'm bendin mad fenders
Put down your mic and surrender
Youse a pretender, Blastmaster KRS rules the pavement
Kickin Edutainment while you wait for your arraignment
Save it friend before your chest I cave it in
I got my way again, I'm classical like a fuckin Harley Davidson
How do you think I kick a lyrical style no and you figure
It's simple, I'm a rap God, and youse a nigga
Don't mean I'm bigger, it simply means I'm smarter
For starters, I come at you poetically harder

De automatic, get de automatic
Disrespect, from MC's, me nah go have it
De automatic, get de automatic
Tonight a rapper gwan die

Ha hah, fake ass rapper, how you think you got juice?
When you rock a pair of panties underneath your bubblegoose
(Word) KRS-One will fuck up parties dramatically
My reflex'll slap a wack rapper automatically
When you was home witcha mother, afraid of the dark
I was sleepin out in Prospect Park
Eatin one meal every 48 hours
Writin dope rhyme styles that you now devour
Don't you realize, that I'm all about survival
I got only friends cause I KILLED all my rivals
Show up at the rhyme recitals, took they titles
From eighty-six to ninety-six completes my first cycle

De automatic, get de automatic
Disrespect, from MC's, me nah go have it
De automatic, get de automatic
Tonight a rapper gwan die

I spent 40 days, and 40 nights in the wilderness
I'm hard, from head to toe yo there ain't no killin this
I wrote over 100 rap hooks
and sociological books, while you worried about your looks
Now you wanna enter the dragon in sound
But I've got the live club show locked down
Platinum and gold don't hold in my arena
You gots to keep it real on the mic, when they see ya
I manifest, in the West the East and overseas
The vision in rap is wack, and I don't know of these
I represent New York to be specific
The South Bronx, but in Japan I'm still gifted
I grab a jet and land on your set, what the fuck?
Twenty bucks for a rap show is still, twenty bucks
I start from eighty-six, and bring you into ninety-six
No gimmicks, tricks or lip-sync lyrics

De automatic, get de automatic
Disrespect, from MC's, me nah go have it
De automatic, get de automatic
Tonight a rapper gwan die

[Fat Joe]
Yeah yeah it's the God Fat Joe
Representin the motherfuckin South Bronx
With my nigga Kris, knockin off frauds
Motherfuckers wanna do what?
Big shout out to my nigga Kenny Parker
Ill Will, BDP crew for life nigga
Naughty Gotto, the Big French productions
Of course the TAT crew, my nigga Brim
The T.S. crew, and the whole Godsville
South Bronx represent nigga, uhh

The South Bronx, the South South Bronx
South Bronx, the South South Bronx
Yeah! Uhh!

KRS-One Lyrics

"MC's Act Like They Don't Know"

[Intro]
Clap your hands everybody, if you got what it takes
Cos I'm KRS and I'm on the mic, and Premier's on The Breaks

[Verse 1]
If you don't know me by now I doubt you'll ever know me
I never won a Grammy, I won't win a Tony
But I'm not the only MC keepin' it real
When I grab the mic to smash a rapper, girls go "llllll!"
Check the time as I rhyme, it's 1995
Whenever I arrive the party gets liver
Flow with the master rhymer, that's to leave behind
The video rapper, you know, the chart climber
Clapper, down goes another rapper
Onto another matter, punch up the data, Blastmaster
Knowledge Reigns Supreme Over Nearly Everybody
Call up KRS, I'm guaranteed to rip a party
Flat top, braids, bald heads or natty dread
There once was a story about a man named Jed
But now Jed is dead, all his kids instead
Want to kick rhymes off the top of they head
Word, what go around come around I figure
Now we got white kids callin' themselves niggas
The tables turned as the crosses burned
Remember You Must Learn
About the styles I flip and how wild I get
I go on like a space age rocket ship
You could be a mack, a pimp, hustler or player
But make sure live you is a dope rhyme sayer

[Verse 2]
This is what you waited all year for
The hardcore, that's what KRS is here for
Big up Grand Wizard Theodore, gettin' ill
If you see then ya saw I'm in your grill with mad skill
MC's can only battle with rhymes that got punchlines
Let's battle to see who headlines
Instead of flow for flow let's go show for show
Toe for toe, yo, you better act like you know
Too many MC's take that word 'emcee' lightly
They can't Move a Crowd, not even slightly
It might be the fact that they express wackness
Let me show ya whose ass is the blackest
I flip a script a little bit, you ride the tip and shit
Too sick to get with it, admit you bit, your style is counterfeit
Now tone it down a bit
My title you will never get, I'm too intelligent
I'll send your family my sentiments, my style is toxic
When I rock and shock and hip hop it unlock your head, I knock it
It split quick from the lyric

Direct hit, perfect fit, you can't get with it

[Verse 3]
Some MC's don't like the KRS but they must respect him
Cos they know this kid gets all up in they rectum
Slappin' and selectin' em, checkin' em, disrespectin' em
Just deckin' em, deckin' em, deck-in' em
Who in their right mind can mimic a style like mine?
I design rhyme and get mine all the time
MC's standin' on the sidelines, always dissin'
When I roll up and rush their crew they start bitchin'
I don't burn, I don't freeze, yet some MC's
Believe they could tangle with the likes of these
Cross your t's and dot your i's whenever I arrive
Wide, magnified, live like the ocean tide
You dope, you lied, I reside like artefacts
On the wrong side of the tracks, electrified
Comin' around the mountain, you run and hide
Hopin' your defence mechanism can divert my heat-seeking lyricism
As I spark mad iszm
The 1996 lyrical style's what I give 'em

KRS-One Lyrics

"Ah-Yeah"

Ah yeah, that's whatcha say when you see a devil down
Ah yeah, that's whatcha say when you take the devil's crown
Ah yeah, stay alive all things will change around
Ah yeah, what? Ah yeah!

So here I go kickin science in ninety-five
I be illin, parental discretion is advised still
dont call me nigga, this MC goes for his
Call me God, cause that's what the black man is
Roamin through the forest as the hardest lyrical artist
Black women you are not a bitch you're a Goddess
Let it be known, you can lean on KRS-One
Like a wall cause I'm hard, I represent GOD
Wack MC's have only one style: gun buck
But when you say, "Let's buck for revolution"
They shut the fuck up, kid, get with it
Down to start a riot in a minute
You'll hear so many Bowe-Bowe-Bowe, you think I'm Riddick
While other MC's are talkin bout up with hope down with dope
I'll have a devil in my infrared scope, WOY!
That's for calling my father a boy and, KLAK KLAK KLAK!
That's for putting scars on my mother's back, BO!
That's for calling my sister a hoe, and for you
BUCK BUCK BUCK, cause I don't give a motherfuck
Remember the whip, remember the chant, remember about rope and
you black people still thinkin about vot-ing
Every president we ever had lied
You know I'm kinda glad Nixon died!

[Chorus]

This is not the first time I came to the planet
But everytime I come, only a few could understand it
I came as Isis, my words they tried to ban it
I came as Moses, they couldn't follow my commandments
I came as Solomon, to a people that was lost
I came as Jesus, but they nailed me to a cross
I came as Harriet Tubman, I put the truth to Sojourner
Other times, I had to come as Nat Turner
They tried to burn me, lynch me and starve me
So I had to come back as Marcus Garvey, Bob Marley
They tried to harm me, I used to be Malcolm X
Now I'm on the planet as the one called KRS
Kickin the metaphysical, spiritual, tryin to like
get wit you, showin you, you are invincible
The Black Panther is the black answer for real
In my spiritual form, I turn into Bobby Seale
On the wheels of steel, my spirit flies away
and enters into Kwame Ture

[Chorus]

In the streets there is no EQ, no di-do-di-do-di-do
So I grab the air and speak through the code
the devil cannot see through as I unload
into another cerebellum
Then I can tell em, because my vibes go through denim
and leather whatever, however, I'm still rockin
We used to pick cotton, now we pick up cotton when we shoppin
Have you forgotten why we buildin in a cypher
Yo hear me kid, government is building in a pyramid
The son of God is brighter than the son of man
The spirit is, check your dollar bill G, here it is
We got no time for fancy mathematics
Your mental frequency frequently pickin up static
Makin you a naked body, attic and it's democratic
They press auto, and you kill it with an automatic

[Chorus]

KRS-One Lyrics

"R.E.A.L.I.T.Y."

Reality, ain't always the truth
Rhymes Equal Actual Life, In The Youth

"These are the streets!
Shit is real out here!
This ain't no fuckin joke!"

I lived in a spot called Millbrooke Projects
The original Criminal Minded rap topic
With twenty cents in my pocket I saw the light
If you're young gifted and black, you got no rights
Your only true right, is a right to a fight
and not a fair fight, I wake up wonderin who died last night
Everyone and everything is at war
Makin my poetic expression hardcore
I ain't afraid to say it, and many can't get with it
At times in my life, I was a welfare recipient
I ate the free cheese, while the church said believe
and went to school everyday, like a god damn fool
Well anyway, here I am, chillin at the party
Brothers lookin at me like they wanna kill somebody
A cypher manifested in the center of the jam
I got to show these wack rappers really who I am
It's me against them, so I clear the phlegm
and wage the war, hardcore to the end
For someone lookin inside, yeah from the out
it seems like disrespect is what rap is all about
But hip-hop as a culture, is really what we give it
But sometimes the culture contradicts how we live it
Cause every black kid lives two and three lives
The city's a jungle, only the strong will survive

Reality, ain't always the truth
Rhymes Equal Actual Life, In The Youth
Reality, ain't always the truth
Rhymes Equal Actual Life, In The Youth

Every single day I hear lie after lie
Like "Black people don't die, we multiply"
So when I kick a rhyme I represent how I feel
The sacred street art of keepin it real
Why I gotta listen, to somebody else?
How they got wealth, let me talk about myself
But all I really got is hip-hop and a glock
The results are obvious, if I'm confined to my block
Occasionally, in the city I'm released
to meet other beasts, lookin for the feast
We grunt and growl, on the prowl, as the air gets thinner
"Yo yo there he go, him," there's the dinner
White meat, carryin a bag of some sort

Life is short, white meat is quickly caught
A scuffle a muffle yet none of us hesitated
Like Mother Africa, white meat is violated
We quickly dissapear, like Santa's little elves
And go into a area to fight amongst ourselves
We say, "peace/piece" cause that's what we really want
A piece of the pie that America flaunts

Reality, ain't always the truth
Rhymes Equal Actual Life, In The Youth
Reality, ain't always the truth
Rhymes Equal Actual Life, In The Youth

"Oh shit!"

The truth is that police must serve and protect
REALITY is black youth is shown no respect
The truth is government has a war against drugs
REALITY is government is ruled by thugs
With all this technology, above and under
Humanity still hunts down one another
Rappers display artistic cannibalism
through lyricism, we fight each other over rhythm
Through basic animal instincts, we think
So the battle for mental territory is glory, end of story

Reality, ain't always the truth
Rhymes Equal Actual Life, In The Youth
Reality, ain't always the truth
Rhymes Equal Actual Life, In The Youth
Yeah

"These are the streets!
Shit is real out here!
This ain't no fuckin joke!"

KRS-One Lyrics

"Free Mumia"

(feat. Channel Live)

Knowledge, where the people at?
Free Mumia!
Channel Live! (KRS-One, come and represent)
(The wisdom)
Hah hah hah hah hah hahaha!
Free Mumia!

Everywhere I look there's another house negro
Talkin about they people and how they should be equal
They talkin but the conversation ain't goin nowhere
You can't diss hip-hop, so don't you even go there
C. Delores Tucker, you wanna quote the scripture
Everytime you hear nigga, listen up sista

[Verse 1: Hakim, KRS, Tuffy]
I met up with this girl named Delores, a prankster
I said I MC, she said, "You're a gangster"
But she was caught up, she hit the floor like a breakdance
Wrapped her up like the arms in a b-boy stance
You have money cause I hear u get stars
She said "where you from?" I said "I was born up in the south Bronx!"
But now I reside all across america
She said "You the one who be causing all that mass hysteria.

Wisdom shall come out of the mouths of babes and sucklings
But you blinded by cultural ignorance and steady judging
But judge not, lest ye may be judged
For the judgment ye judge ye shall surely be judged, you gets no love

She said, "I like it, that's why I jock it"
Then I said, You only on my dick because I fill brotha's pockets
Cut the bullshit take me to you pad. she said, I'm gonna give you the ass cause I like the way your pants sag
Spread the legs with the otha hand she threw her kitty then I sprayed jizm like graffiti on her titty
Freestyled all night no doudt the bitch could'ntget enough cause she was strung the fuck out.

[Chorus: KRS-One]
Warner, Elektra, Atlantic equals WEA
Instead of fighting them why don't you go free Mumia
[x2]

[Verse 2: Tuffy, KRS, Hakim]
Wild recital, I kicks the vital, like the _Final
Call_ as I watch, Babylon fall
I had to Rush Limbaugh, get that pig with an axe
Tuffy dips to the side, buckin cannons that's phat
Because he censors the uses of the metaphor
You can get the dick bum up
Because it's you that brings the, real horrorcore
Expenditures forgettin, gut from the poor

Why sure! Back before we were born they sold us out
Yeah J. Jackson we know what you about
Back when you were running for the presidencey and competeting
All rap was dope and u love every beat and but you took the beating
You was using us then like you're using us now in the urban nation league
I don't know how you figure the stop the violence movement gave you $600, 000 NIGGA
And now u quicker to diss and get with miss Tucker you better find another you sell out
Mutha fucka's

Hate to be so rough, it could be the White Owls
House niggaz are full of shit, like my Colin Powell
Kickin vowels, is how we relieve the tension
Until we start to bounce white people like suspension (revolution)
You paint the pictures, the black man on the corner
But tell me, who blew up Oklahoma?
The City, ain't no pity, for the beast
It's Hakim that voice from the East

[Chorus]

[Verse 3: KRS, Hakim, Tuffy]
Buck buck! Buck buck buck!
It sound like gunshots but it could be the cluck
Of a chicken, definition, is what you're missin and
Listen to your children instead of dissin em
Senator Dole doesn't understand the young people
Like they be sayin want to, but we be sayin wanna
They gettin dumber every summer as they walk the rope
Maybe because they cannot understand the quotes

Word, in actuality, this Norman Bates mentality
Always seems to represent, minus three-sixty percent
For degrees full circle, dead from the purple
Rays of the sun I gots melanin so check it
Bag your nuts quick or get sick from being naked
Suspect it, was it a means for the end
For just a few to drive the Benz while you eat the pigskins
Turned you into mannequins, cause the trick of technology
A revelation, revalations
Sensation gives me inspiration of revolution
That's my solution, there will be no sequels
I'm audi hundred forty four thousand with my people

From Caligula to Hitler, now it's Schwartzeneggar
A lust for the violence is the science of their behavior
Who enslaved ya (it's the Devil) but the God of virtuosity
And of the world created, could it be mental sodomy
Got my mind twisted like the blades of fonta leaf
I sit in disbelief as he crawls underneath
The rock cock back the glock, cause I don't trust
The Devil I rebel until Babylon is dust

[Chorus]

KRS-One Lyrics

"Hold"

Yeah....yeah.....
Mmmmm....Mm!
Alright, here we go...

I'm thinkin' real hard about some money I can hold
But everybody I know is deep in the hole
A steady payin' job is too hard for me to hold
I call around for work but they puttin' me on hold
But in my hand a shiny .45 is what I hold
I make a mayonnaise sandwich out of some whole-
Wheat, I'm feelin' weak, I can't hold
I gotta rob somebody tonight and take the whole
Bank roll, some cash I gotta hold
At the bottom of my shoe is a little bitty hole
That's it, my mental sanity I can't hold
I'm walkin' to the store with this pistol that I hold...

Yeah....yeah.....

Half of me is sayin' maintain and uphold
Suddenly I bump into some asshole
He's cursin' me out, but this pistol that I hold
Took control, and in his head I put a hole
Ahhh man, now I'm lookin' around the whole
Area, the gun is still hot that I hold
I'm buggin' out, and I don't know how much longer I can hold
I feel myself sinkin' deeper in the hole
So in my victim's pants I rip a little hole
And felt for the wallet, and took the whole
Bill-fold, forty bucks is what I hold
Suddenly I hear, "Freeze! Police! Hold!"

Yeah....mmmmm.....
Come on!
Yeah....wooh!
Come on...

In the penitentiary I see a whole
Bunch of blacks and Hispanics that they hold
In my cell I cry like hell, my head I hold
One day somebody ax if my shoes they could hold
I told this guy, "Listen! My shoe's got a hole
But what's up with that shiny sharp knife that you hold?"
He lunged forth, the first thing that I thought of was to hold
The arm with the knife so that he couldn't put a hole
In me, but then I put him in a chokehold
Took the knife and in his neck I put a hole
Suddenly all the C.O's come to me and it's me they hold
Beat my ass and I spend two weeks in the hole
I'm ready to bug out, my sanity I can't hold

My needs and wants messed up my life on a whole.

Damn. Just wasn't satisfied with life.

Yeah....uh!
Yeah....
Check!

The moral to the story is...your addiction to your needs and your wants is what causes problems in your life.
Make sure you got whatcha need. Put at a safe distance all the things that you want.
It's wants that get you into trouble.

This is the balance of life...the balance to life on a whole.

KRS-One Lyrics

"Wannabemceez"

"One two, testing one two
Alright party people in the place to be
The party has already started
An-an-an-and it's about to il-il-il-ill" *[echoes]*

Let me introduce you to another type of rapper MC
where glamour and glitter don't matter gently
I'm tired of the Chattanooga empty
Classical like a German luger
Deep like a tune for scuba diving who am I the hyper
Like I said before my radar's going BIBBIT BIBBIT
The microphone I grip-it grip-it, lyric lyric I live it
Hear it my spirit is where it should be
Don't push me if you pussy, HUH
I spot em, it seems you want to ride the dillz
I got em, KRS got skills in the place
I waste megahertz of bass bottom, chill
As I rock em and get ill, I build the perfect spot to kill
Verbal excitement will lead to your indictment
Whether or not you like it, still, number one I hype it
Your album, rewrite it

How many MC's, wannabemceez
Never be MC's, cause they can't MC
How many MC's, wannabemceez
Never be MC's, cause they can't MC

Triplet syllables for minimal criminals
Lyrical riddles that got hard flavors in the middle
Sit back and chittle as I stand and still rebuild on skills
The admission of serial lyrics, calculated to weaken the spirit
will be diverted by this lyric when you hear it
Ricochet any style any day
Any which way and you'll Cherish the Day like Sade
The advanced oratorical techniques I speak
Keep the heat at full peak! My grammar
with stamina, grabs a rapper like the fresh catch of the day
and crack the back of that DJ
I'm strappin and attackin a pack
And whatever happens after that just happens, FACT
Flamboyant and flashy is one point in time when you're not ashy
Focus on the syllable formats and the cash G
G for guard your grill, I'm hard to kill
Odd but ill, a job to fill is to refill on skills
We built and killed style and skill
while poetically recriminate you like a child I will
get ill, and switch to earn
Cause I prefer to slur but not blur
Blurring you're stirring up trouble surely you don't need it
be seated I'm undefeated dem not see it

Observe me then beat it

How many MC's, wannabemceez
Never be MC's, cause they can't MC
How many MC's, wannabemceez
Never be MC's, cause they can't MC

Let's get back to the point quickly, get with me
The voice from New York City is too witty
I come from a era of ?OJ cars?, Latin Quarter
fake Gucci and fake Fendi, you can't send me
Nowhere, that I ain't been to
You can't tell me nuttin that I ain't been through
Disrespect the teacher I gots to get you
(cause they can't MC)
But what you really sayin
You sound like a bitch-ass rapper when he's saying
"Yo Kris you hit too hard" stop playing!
Switching and swaying
Day in and day out, your styles are played out, see you way out
Before you're laid out, your bright lights start to fade out
The last thing you heard is "Who let the K out?"
No great area*[?]*
Everything is black and white we took the gray out it's scarier
Either you're winnin or losin, spinnin the rules of conscience
But lyrically there ain't no stoppin
I'm droppin a lot in your noggin
Cause I know that you're lyrically starvin
Carbon, your name, battle battle
Everybody wants to battle but you BAB-BLE
Who knows ya, battlin me, is the only way that you can gain exposure
I feel for ya soldier
I hate to say it but I told ya so
You know that I know the ancient flow KRS-One
is the holder of a boulder yo, money folder yo
You want a fresh style let me show you slow
your blow, I'm not your foe
Battling me? No no no no no no NO!

How many MC's, wannabemceez
Never be MC's, cause they can't MC
How many MC's, wannabemceez
Never be MC's, cause they can't MC

[Mad Lion]
If a DJ think he man den he better prepare for war!!
BDP crew get up in that ass like a piece of toilet tissue
General Lion I chase them all and I am on fiyah
Represent the hardest crew, you know how we do
Anything tess, dead! Gun shot to dem head

[Drayz]

But wait a, minute, cause we get in it for the masses
For classes, yo KRS come get up in they asses

[KRS]
What... I say, follow me follow me
with my syllable syllable lyrical criminal
MC threats are minimal to my phsyical they just
whittle and whittle away, with little and little to say
As they piddle and paddle away, they say OK
But I chop that ass up anyway
What's your handle I got mad MC heads upon a mantle
I got genuine MC skin sandals
I light the mic up like a candle, watch it melt
Cause when I felt lyrics you both are screamin for help
when you hear it, you can't bear it, you can't even wear it
You oughts to just cheer it, go get it spirit!!
As I fa-la-la-la-la, I'm comin with that rara
Rockin mics when you was googoo gaga to your momma
You wanted to battle KRS when you was young you told your poppa
He slapped you in your head and said UHH-UHH
But you didn't heed the warning
Now I'm in the place, now I'm your face
Lookin at your crew but they all broke out
because they nothin but lace
KRS is like mace, in your motherfuckin face
Yo DJ Dice, tear down the place!!

KRS-One Lyrics

"The Truth"

It's not natural
If it goes against God
It's not factual
Her truth is not hard
It's not natural
If it goes against God
It's not factual
Gimme the truth!

Listen to the lyric as the negative is shrinkin
It's shrinkin out your life when you decide to change your thinkin
One of the first things we gotta switch around of course
Is Jesus Christ, and him dying on the cross
You're looking at the cross, surrounded in it's mystery
With Jesus on the cross in a, total misery
Now seperate Jesus from the cross so you can see
The truth about the cross, and the cross's history
The cross was created by the Roman government
It's only purpose and use, is cap-i-tal punishment
But Jesus Christ, was all about the revolution
While the cross was used as Jesus Christ's execution
See what if Jesus Christ, was hung upon a tree
Upon every church wall, that's exactly what you'd see
If Jesus Christ, was shot in the head with no respect
We'd all have little gold guns around our neck
If Jesus Christ was killed in electic chair, now get it
You'd be knealing to the electric chair with Jesus, still in it
You gaze upon the cross, and you see the execution
You yell stop the violence but the cross you're still using

It's not natural
If it goes against God
It's not factual
Her truth is not hard
It's not natural
If it goes against God
It's not factual
Gimme the truth!

So I say listen, listen, open up your third eye vision
God is not down with religion
Religion they be sellin it, listen up, God is intelligent
Reading of the bible is irrelevant
You gotta look within yourself, not a scripture
KRS-One comes to rearrange the God picture
If you sit and believe, you can acheive
If you sit and accept, you don't know, what's correct
or incorrect, take for instance Adam and Eve
The first two people on the planet, or so you believe
Their first time in heaven kids they had, Cain and Abel

Huh, now let me show you why the story's unstable
According to the story, according to what you believe
There was only Cain, Abel, Adam, and Eve
on the whole planet, now use your intellect
and tell me, what did Cain and Abel do for sex?
Upon the whole planet there was not another
Could it be for sex, heh, they were looking at each other?
Hold up! I thought the church wasn't into that
But wait, still yet, there is another fact
How did the world get populated?
Now tell me if I'm wrong, but obviously Eve had it goin on
Think for a minute, I know it gets notorious
But yo G, check out the chorus

It's not natural
If it goes against God
It's not factual
Her truth is not hard
It's not natural
If it goes against God
It's not factual
Gimme the truth!

[Rich Nice]
Yo yo...
Yo bring that back
I wanna say something on this BlastMaster session
Yo this is Rich Nice
You brothers gotta stop treating these hoes like nice girls
and these nice girls like hoes

[KRS-One]
True indeed, I'd like to welcome the rebirth of the Goddess
Word up it's all about knowledge of self
Yo Busta Rhymes, why don't you take the session over from here

KRS-One Lyrics

"Build Ya Skillz"

[Verse 1: KRS-One]
Check, I control your mind with one rhyme I speak
And get you open like a prostitutes buttcheeks
Rapper get kicked in they mouth with cleets
cause they're speech refuses to reach beyond the beach
Have a seat quick I speak or spit flicks on your *[?]*
Time to complete shit, no weak shit, I mean freak shit properly
I can feel myself becoming a lyric monopoly
Others will copy me but repeat my shit sloppily
Shocking me with inclinations of rocking me
Insanity it got to be
My true identity is never meant to see
I simply use the gifts sent to me mentally

[Busta Rhymes]
Yo! Word up! Get from out my face, before you get bust quickly!

[Verse 2: KRS-One]
Thats the hip hop, the hibby
I rip it in a minute cause I'm gifted
Like December 25th
Now let me flip
I'm all knowing lyrically syllable growing
Even when it's snowing I'm party going
Free flowing and stomping!
Never tip-toeing
Overthrowing the comp
Big up Bronx!
I got more styles than the planet got women
I got as many rhymes as is many styles of women
Don't make me come out on that ass start flippin'
Your mental I'm afflictin'
Actin' ill and sickin'
Pickin' the victim at random, slammin' ‘em
Draggin' them to the stage and dismantlin' them
As my Hydrogen turns to Helium I shine!
None of your lyrics I'm feelin' ‘em
You rhyme
Like you should be wearin' an apron scrapin' a pot with a name like Mariam

[Chorus:]
But rappers talk too much shit
And can't back it up with lyrics
Build ya skills

It's time for the raw shit
Not that on tour shit
That real hardcore shit
KRS-One runs shit like diarrhea
Bitin' motherfuckers hear my shit and get up outta here!

I don't care this year
Alot of albums is wak this year
"Will KRS bring it?" Ahh yeah!
Thanks for the invite
It's just about to get hype
That straight up raw street type shit is what it feel like
I will be displayin' lyrical styles I'm saying
Lyrical styles from the miracle child
Want a pile of ill styles wildin' on your radio dial?
Smile
I been here for awhile
Peep my style while I go on with the song
I rock the microphone then it to the streets with the Krylon
clicka clacka! clicka clacka!
Take a spraycan and slap a wak rapper!
Stacks of money for videos I don't have it
You're lookin' at the last MC with true talent
Get your tape recorder fast kid
Boombastic another classic
Turn up the cassette!
All my styles are lyrically fantastic and movin'
While soothin' any urges for booing
Ungluing your mouth from my private
The more the merrier
Syllable superior
East Coast - West Coast battles are inferior
Cause I by myself will take out the whole North America
We need to expand rap beyond this land
Set up competitions with England and Japan
World cups for rappers that really fuck shit for fun
....Yeah I know I'll get one

[Chorus]

KRS-One Lyrics

"Out For Fame"

Yeah right there
[more spray]
Front.. Page.. Entertainment.. Group

"I'm writin my name, in graffiti on the wall" *[x8]*
[first time, minus "I'm"]
Hah! Hahahaha
All graffiti artists hold tight, hooo!
All graffiti artists hold tight, word
Check check check it out y'all
Check check check check check it out y'all

[KRS-One]
I got twenty-five cans in my knapsack, crossin out the wick-wack
Puttin up my name with a fat cap
Suckers that want to be in my face I just slap that
Big respect to Artifacts, Fat Joey Crack and
Mack and, Bio, and Brim come again
with B.G. 183, recognize me
with the mad colors, I'm a fiend for spraypaint
Laugh if you wanna, I really care if you ain't
cause you don't me see, and I don't know you
But I do know Cope2, he be gettin walls too
It's the underground community of what we call writers
Worldwide burners, gettin hotter gettin brighter
Whattup Nicer, whattup Razor, whattup Chino
Masta Ase in the place, you know we know
my man Rican, my man Zorro, taught me how to draw
in the yards of the 5 train and the 4
So when I'm on tour I represent the hardcore
I'm taggin up your blackbook sure, I'm out for the fame

"I'm writin my name, in graffiti on the wall" *[x4]*

[first time, minus "I'm"]
Yeah, check it out check it out check it out one time
Hip-hop music in effect one time

[KRS-One]
When I was growin up, I had no butcher baker candlestick maker
I had rubbing alcohol and carbon paper
Yeah, carbon paper and a blackboard eraser
got me chased in the bus yards, with Rican and Nazer
Historically speakin, cause people be dissin
The first graffiti artists in the world were the Egyptians
Writing on the walls, mixing characters with letters
to tell the graphic story about their life, however
today we do the same thing, with how we rap and draw
We call it hardcore, they call it breakin the law
There used to be a time when rap music was illegal
The cops would come and break up every party when they see you
But now the rap music's making money for the corporate
It's acceptable to flaunt it, now everybody's on it
Graffiti isn't corporate so it gets no respect
Hasn't made a billion dollars for some corporation yet, so
in the name of Phase2, Stay High, Pre-streets
Grab your cans and hit the streets, I'm out for fame

"I'm writin my name, in graffiti on the wall" *[x6]*
Yeah, hip-hop culture in the house one time
All graffiti artists in the house one time
Yeah..
Biggin up the other side things here y'all
The visual, not your video (check it out)

[KRS-One]
I'm livin in the city, inner city not a farm
Steady bombin til I get fatigue in my arm
Watchin for the beast cause many artists they shot em
And beat em in the yards, while doin a top to bottom
So pass me a can, not of Old Gold
but full blue, sky blue, watch me unfold
with the cold burner, of names you mighta heard of
like Fab 5 Freddy, Sam Sever
Word to the wise, Futura 2000 recognize
Nation of creation, G Man come alive
Checkin out Revolt and Zephyr
My man Easy, and Rembrandt, Mitch 77
Oh no with the paint we can never dilly-dally
Big up and respect to Con Art in Cali
The Soul Artists, The Rebels, The Rascals, 3YB
United Artists, TAT and Dondi
Yes the other side of hip-hop is representin the visual
Toys we be DISSIN you, I'm out for fame

"I'm writin my name, in graffiti on the wall" *[x10]*
Hip-hop in the house one time
Video graf in the house one time
All graffiti artists in the house dig the rhyme
Put up your nine, put up your nine, yeah!

Fresh.. for nineteen-ninety-five
You SUCKERS!!!!

KRS-One Lyrics

"Health, Wealth, Self"

Yeah.. yeah.. yup!
You know what? I was just downstairs
and I was on my way up here to the studio and
a guy bumped into me and
and he said.. he said, "Yo Kris!
How is it that you stay in this music?
You know, this rap music ex-specially for SO.. LONG.. SO.. LONG"
I said, "Well you know years ago I made a deal with the Goddess"
He said, "The Goddess?"
I said, "Well yeah, you might know her as God
but I know her as the Goddess"
The universal mother
The mother of everything you see in existance
I ax-ked her for assistance
in lyrical persistance
and she gave it to me, under one condition
She said, "I'll give you the gift
but use the gift to uplift"
I said, "Okay mom!"

So I tell you the truth, really
Me nah gon' need nuttin else
but health, wealth, and knowledge of myself
Me nah gon' need nuttin else
but health, wealth, and knowledge of myself

In the beginning was the word, the word was made flesh
Knowledge K. Reigns R. Supreme S.
Some of us guess while others of us are blessed
Take heed to the word, that I manifest
I manifest the future, the present, followed by the past
Everything in nature, rules by kickin ass
What they tellin me, but yo, you a friend to me
so I'ma tell you the secrets of MC longevity
Secret one: if it ain't fun, you're done
And about your career, huh, well choose another one
If you don't like what you do, you're through
Lesson two: make sure you got a dope crew
Not some crew, that's like an anchor on a shoe
A MAD CREW, that's of some benefit to you
Lesson three, might be contradictory or funny
but MC's should have OTHER WAYS of gettin money
That's to say learn other things beside music
Make money elsewhere, Hip-Hop you won't abuse it
Too many MC's, just emcee
so their longevity, is based on an Uncle Tom
at the record company
Lesson four: sell your image, never sell a record
Image is respected, records come and go
and get collected

Even the records of platinum artists, that used to rip shop
can be bought, for a quarter at the thrift shop
Which brings me to lesson number five, the illusion
has me thinkin, the minute they drop a record
they'll be cruisin, in the Acura
Slow down! You're still a amateur
What seperates the pro from the amateur is stamina
Not how long you can rhyme, but how long you've been rhymin
changin with the times, and findin yourself
still CLIIIIIIIIIIIMbin for wealth
Blow for blow, you're still growin, still showin
(all knowin) now that's a pro at it

Me nah gon' need nuttin else
but health, wealth, and knowledge of myself
Me nah gon' need nuttin else
but health, wealth, and knowledge of myself

Thank you Mother, I'm out

KRS-One Lyrics

"1st Quarter - The Commentary"

Welcome to hip-hop culture
Where DJ-ing, MC-ing, graffiti art, breaking
and the philosophies are expressed everyday
within the inner cities of America, and the world
You are not doing hip-hop
You ARE hip-hop
Love yourself and your expression, you can't go wrong

Writer(s): Lawrence Krsone Parker

KRS-One Lyrics

"2nd Quarter - Free Throws"

Anybody in here right now with tape decks turn em on
and put em on record, I'll give you a second
I want to add authenticity to your tape
so when it's sold out in the street
you all can know this was a real party

These are poems circulating throughout the nation
everybody's bad and everybody's tough
but how many people are intelligent enough
to open up their eyes and see through the lies
discipline themselves, yourself to stay alive?
not many
That's why the universe sent me today on this stage
with this to to say
the rich will get richer and the poor will get poorer
and in the final hour many heads will lose power
what does the rich versus the poor really mean?
psychologically it means you got to pick your team
when someone says the rich gets richer
visualize wealth and put yourselves in the picture
the rich get richer, cause they work towards rich
the poor get poorer, cause their minds can't switch from the ghetto
let go, it's not a novelty
you could love your neighborhood without loving poverty
follow me, every mother, father, son, daughter
there's no reason to fear the New World Order
we must order the whole new world to pay us
the New World Order and the old state chaos
the Big Brother watching over you, is a lie you see
Hip-Hop could build it's own secret society
but first you and I got to unify
stop the negativity and control our creativity
the rich is getting richer, so why we ain't richer?
could it be we still thinking like niggas?
educate yourselves, make your world view bigger
visualize wealth and put yourselves in the picture!

KRS-One Lyrics

"The MC"

Who am I? The MC, la-di da-di
I don't wear Versace, I wear DJ's out quickly at the party
Who am I? If you're like me hip hop is in your body
Who am I? THE MC!
When the jam is slow and you need a proceeder
Who am I? THE MC!
When you need a lyrical leader wit oratorical triple features
Who am I? THE MC!
When you need to rock your 3000-seat arena, best believe, uh
Who am I? THE MC!
When you need to get the word on the street wit demeanor
Who am I? THE MC!
I beg thee, let me splurt rhymes, I have plenty
Who am I? THE MC! Lord have mercy
I hit sudden like Hersey
always New like Jersey, stay thirsty
Who am I? THE MC!
Showin my authority, superiority
an artistic minority, now you startin me
Cuz party philosophy can only be carried out by
Who am I? THE MC!
No doubt, predicting far ahead what will set the party off immensely
with plenty of who? THE MC!
Trained at Rooftop, Red Zone, Roxy and Bentley's
Who am I? THE MC!
Gently move crowds with harmonious rhythm
Cuz the lyrics we give em they miss em
Who am I? THE MC! again, THE MC!
Her infinite power helps, oppressed people sent me to tell you
if you truly study lyrical flows and stay on your toes you will be
Who am I? THE MC!
and as an MC you will study verbal magic
but watch what you say cuz you'll attract it
control your subconscious magnet from pullin in havoc
Who am I? The MC!
Non-stoppin MC, hip hoppin MC
Verbal rockin, head knockin, quick droppin MC
I laugh cuz I mastered the craft MC
In sound clash I'm the first and last MC
It's sort of like Jim Carrey throwin that Mask to me
I black out and wake up to catastrophe
3 MC's dead from the sound blowin out massively, wow!
Who am I? The MC!
Untouchable, can't be caught off guard with fast tracks or slow tracks
Ass cracks get waxed to the max, MC's pack raps for all tracks
Indigenous cultures, Asians, Whites and Blacks
never missed it the linguistic of
Who am I? THE MC!
Meta-lyrical poetic mystic MC
Hearin the voice of an ancient spirit MC

Premeditated worder
Killin negative concepts out the mind of the observer MC
You deserve a break from counterfeits, frauds and fakes
claimin to be an MC for heaven sakes
Well, this MC done raised the stakes
under the stress from KRS
contracts and mental gats are bound to break
Who am I? THE MC! again the MC!
Conduct yourselves properly MC...

KRS-One Lyrics

"I Got Next - Neva Hadda Gun"

It's meant to be evidently
When I rock so eloquently
Put the beat on and let me
Kill another wack emcee
Can't trust them, never test me
I practice and study
But I'm not in it for the money
But to me they look so funny
You can't test the teacher
The teacher won't reach intact
Through the speaker you're weaker, now sit your ass in the back
My lyrical you hear it, you fear it, you can't get near it
Cause the spirit eat Eric
And Eric your rhymes is wack
Like that, that, right back

Check it out!

Check it like this
Just skills You know you gots to build just skills
[A phone is dialed a man says hello and a woman starts speaking in Spanish]
You know you gots to build just skills, uh come on get down
Just skills You know we got to build just skills, come on get down

Yeah, uh come on
I got that rip track, flip that, underground rap
When I kick back
Most of what I'm hearin be weak
So I speak through beats and the streets as I teach
I impeach, through speech, each lyric leech I reach
Have a seat in the lecture
Nothin can protect you
Hard is the texture
Of the mic wreckin rock in your sector
Better than ever remember I am no beginner
I like to shout out Eric Skinner
Just skills, you know we gots to build just skills, come on a get down
Just skills, you know we gots to build just skills, come on a get down
Yo, we livin in a world of private jets and limousine
The fruit we eatin as we prepare tangerine to nectarine
See everybody livin in the same routine
We need the telephone, and yes, we need the fax machine
You listen to the sound, well I think you know it's me
Now, let me educate you with my concious poetry
Me want, me want, me want, me want, me want no wack rap
Me want, me want, me want, me want, me want no wack rap
Me love, me love, me love, me love, me love it when it's bad
See if you wack rap you ought be steppin out the back
See emcees on the microphone forgettin that they black
See hear them kick the lyrics that are holdin people back

But when you hear the teacher, KRS will find the track
You bound to see the light, and you don't want return back
So listen very closely to the secret scientist
I'm sending this one out to all my inner city kids
Now you supposed to be apostle what you have inside your head
Can make you more reliable, it can make you feel dead
Now listen very closely to the way I say this rhyme
It's the thing called the brain, and the thing called the mind
But I'm outta time

[Chorus: scratching on the word "can"]
Can I tell them that I really never had a gun?
No, you can't cause now you bouts to get done!
Can I tell them that I really never had a gun
Never had a gun, never had a gun?
Can I tell them that I really never had a gun?
No, you can't cause now you bouts to get done!
Can I tell them that I really never had a gun
Never had a gun, never had a gun?

On the block you just yap a whole lot
About the clothes that you got
Yo, or the gold that you got
Everybody sees all the friends in your Benz, yo, it's fat
But they ain't gettin money like that
Word to my brother Kenny, jealous one envy
The rich are few, while the poor, many
But you got gold cuffs and cars and stuff
You eatin well, but still in the ghetto you dwell
You know it's hot, so you make it known about your glock
To any perpetrator tryin to blow up your spot
You grab the microphone and talk a good ramble
You the hardcore outlaw, criminal, vandal
Burnin emcees like a candle, but you frontin
You ain't got nothin, with your life you gamble
One day you gamble up snake eyes
Talkin all that junk about you don't take dives, you take lives
Nobody on the block tries, cause you claim you got powerful ties
So at the red light you arrive
And to your surprise you get heffed up with just two steak knives
You're terrified, they take your Benz, and what makes things worse
You ain't got gun the first

[Chorus]

KRS-One Lyrics

"Heartbeat"

(feat. Angie Martinez, Redman)

[Redman]
Alright everybody move back from the ropes
If you don't move back we're gonna turn this music off
and that's my word, move back!
Word is bond let's get this shit goin
Word up, it's the Funk Doc in the house
say hell yeah! HELL YEAH!
Say fuck yeah! FUCK YEAH!
Word up, it's the Funk Doc Spock you don't stop
It's my man KRS you don't stop
It's the girl Angie you don't stop
With the hah haha ha haha hah!!

[Angie Martinez]
It's the Butter Pecan Rican speakin deletin
other radio jocks that think they competin
they pre-sweetened, like candy, I'm hot like pepper
Big up to Sandy but my name is Angie
Martinez, what a true microphone fiend is
Steppin up lovely with MY, AD-IDAS
through your speakers, representin
boriquas, and all hip-hop rhyme seekers
You may think I'm crazy right, but I'm crazy hype
Slay this nice y'all, everytime Angie grab the mic
I jams it right tonight, not the hardest
But peep the style of this Puerto Rican Goddess

[Redman]
Aiyyo yo yo yo, stop the music!
Aiyyo back up off the ropes, man, word up!
Yo get from the off the ropes
Now aiyyo yo yo, KRS-One, come again the selector!

[KRS-One]
It's been a long time but we made it, you waited
You gettin frustrated cause these MC's in trainin
Skills on the mic for a royalty save it
Pullin down rap so that others can't make it
They can't fake it in front of KRS they naked
That same old MC trend I'm here to break it
The highly conceptional multidirectional
Hot in ninety-seven so I guess I'm flexible
Rap relieve stress so yes I guess it's medical
All your wrecking and raping is still theoretical
Redman, you know you must understand (Whatup?)
Redman, you know you gots to understand (Hah! Whatup love?)
Angie, rockin with the one BDP (Ha, haha)
Representin right now at Hit Factory

[Redman]
One two hah, and you don't quit
It's Kris and Angie with the ultimate
One two hah, and you don't quack
It's Funk Doc smoke weed and don't smoke crack
Hahaha, hah, and you don't quit
Hoohahhahah, and you don't quit
I rock jams like, Samsonites with mics
Stage two boomin system and flood the lights
The lyrical, fo'-fo's lettin off like suppose
Reggie Reg is rockin on the ra-dioooo!
Hahh, huh, the oooh-child too chill
Caps peeled, Someone In My Bed like Dru Hill
Raise em up, cause I feel my spot can't be touched
No time for the Pauline jack, hit the clutch
Shotgun what?? It's the high exalted
Ruler of the buddha, the cash make my pockets
stick out like a tumor, for the consumers
I get busy with La Pluma, detonate the bomb
to make you hibernate sooner, certified luna-tic
My click run deeper than Charlie Tuna
Kahunas, raw for the able key movers
all over the hood like them Crooked I coolers
Bang maneuvers, from Jerz to Vancouver
Back to the Bronx with heartbeats ample looped up
I Blastmast like Kris, funk abyss
like a phone chauvenist with a Roley on the wrist
Sike! I can afford it, less I slaughtered
three platinum niggaz and none of em prerecorded
KRS-One need to be runnin for office
So Butter Pecan Rican - tell them to get off his

KRS-One Lyrics

"Step Into A World (Rapture's Delight)"

[Intro/Chorus: sung to the tune of Blondie's "Rapture"]
Step into a world (Klaka klaka, klaka klaka!)
Where there's no one left (Buku, buku! Alla de massive!)
But the very best (Klaka, bo bo, BDP crew, bo bo bo bo!)
No MC can test *[cut and scratch of KRS saying "but one"]*
Step into a world, where hip-hop is me
Where MC's and DJ's
Build up their skills as they play every day
For the, rapture

Yeah, what what!
Yes yes y'all, ya don't stop, KRS-One, rock on!
Yes yes y'all, ya don't stop, KRS-One, rock on!

I'm bout to hit you wit that tradional style of cold rockin
Givin options for head knockin non stoppin
Tip-toppin lyrics we droppin but styles can be forgotten
so we bring back the raw hip-hoppin
Just like the records and tapes you be coppin
Cop some breakdancin, boogie poppin, and lockin
Tic tockin, guaranteed to have you clockin
We only get better and only better we have gotten
This type of flow don't even think about stoppin
Beware, the length of the rhyme flow can be shockin
All music lovers in the place right now
That never understood the way that KRS got down
Yo I'm strictly about skills and dope lyrical coastin
Relying on talent, not marketing and promotion
If a dope lyrical flow is a must
You gots to go with a name you can quickly trust
I'm not sayin I'm number one, uhh I'm sorry, I lied
I'm number one, two, three, four and five
Stop wastin your money on marketing schemes
and pretty packages pushin dreams to the beams
A dope MC is a dope MC
With or witout a record deal, all can see
And that's who KRS be son
I'm not the run of mill, cause for the mill I don't run

Yes yes y'all, ya don't stop, KRS-One, rock on!
Yes yes y'all, ya don't stop, KRS-One, rock on!

[Chorus]

Yeah, yeah
Everybody on the mic in the party sound alike
until I recite, in black and white what's right
Let me take flight, my style is TIGHT AN GOOD
TIGHT AN GOOD, come is it TIGHT AN GOOD
Old styles I pass dat, slow down on fast rap

All in yo' ass crack, old King go Blast dat
Conjure to ask dat, hyper type of flashback
I publish like ASCAP lyrics for hand clap
No past rappin, youth trackin, talent lackin
MC's more worried about their financial backin
Steady packin a gat as if something's gonna happen
But it doesn't, they wind up shootin they cousin, they buggin
I appear everywhere and nowhere at once
I know my style is bumpin, even though some people front
It's the God of rap, you heard of it
The one that rhymes toward the sky givin airplanes mad turbulence
In rap tournaments, I reign permanent
Don't you think by now the number one spot I'm not concerned with it
The course of rap I'm turnin it
Back to that good old fashioned way of getting cash money by earning it
No bogus hocus pocus, I bring back to focus
Skills if you notice my position is lotus
Now quote this, MC's are just hopeless
Thinkin record sales make them the dopest

Yes yes y'all, ya don't stop, KRS-One, rock on!
Yes yes y'all, ya don't stop, KRS-One, rock on!

KRS-One Lyrics

"A Friend"

The beat was sposed to drop right there
The beat was sposed to drop right there
The beat was sposed to drop right there
Yeah yeah yeah... uhh

I send this one out, to my right hand man
or mens, or womens, the whole crew
The real fam

[Chorus:]
We can count the dough or kick a flow
or chill out watchin videos
or actin really silly yo but really doe
all that can end...
Whether at the bar with superstars
or cruisin in the trooper car
I really don't care who you are
All I really need is a friend

If we can't have trust then you can't hang with us
We respond to those who show respect with respect
We respond we connect on the same deck
same intellect, my man, never shifty, thinks quickly
If you can't understand, we boys we boys
We could stand on the corner with a hat sellin toys
It ain't about your Benz I hope it ain't about mine
my man, I be dissin in my freestyle rhyme
Gettin G's around the world, I can trust you with my girl
my man, we chillin at the jam, what's the plan?
I'm not a yes man and none of my friends are yes men
or women, I'm drivin, I see my peeps yo get in
Where you fit in? True friends are quick to sit
in the beginning of all trouble, and when your bankroll doubles
Fred Flintstone and Barney Rubble
Still I got my own space like Hubble

[Chorus]

Cause don't nobody care about us, all they do is doubt us
Until we blow the spot then they all wanna crowd us
and wanna shout us, but you my man from way back
I just gots to say that, actin large I don't play that
But I can't say that, where I play at isn't fast-paced
A friend can acquire the taste to become two-faced
And that's a disgrace there ain't nothing you can say to us
When the kid you grew up with betrays your trust
When we used to ride the bus we had trust
Now we cash checks and drive Lex, and can't show respect to one of us
Yo the heads I hang with ain't tryin to just get
what they can get, sit quickly backstabbin the click

I roll thick, but only some are friends really
down to the end, my right hand men and women
Mutual support, from the beginning
Been in, exactly what I've been in

[Chorus]

Back to back we attack corporate America
Gettin fees that amount to G's in every area
You my man I ain't gotta drag you along
You pull your own weight, yeah you definitely got it goin on
I don't see nothin wrong wit a little bumpin car system
thumpin, between the crew we always got sump'un
But if we had nuttin no frontin whatever
We'd still be crew you and me, me for you together
Word, fake people ain't worth a turd
They only want to be your friend because of what they overheard
I send this record to the well respected
Friends that I've collected, I hope I am what you expected
Yeah, so check it, so check it

[Chorus]

KRS-One Lyrics

"H.I.P.H.O.P."

(feat. Thor-El)

[KRS] Yeah that's the one - yo
[Thor-El] Just just check your mic

[Verse 1: Thor-El]
So you wanna be the million dollar man, kid what's your plan
Make a deal with the devil settle for a hundred grand
Not enough I call your bluff, hit you with the stuff
Deal with this and think you're tough, gimme a call when things get rough
You get no Vette and, if I could stay leaded
I'm leavin rappers one-legged from fakin like the prosthetic
you're artificial by cripple, rap is like your pistol
Grim Reaper, I got the whistle, death I pull no tissue
Hit you, like the Mac-11, MC's subtract by seven
Callin callin for the reverand, lookin at hell like heaven
I'm on the map, makin it like the crazy on the track
Oh what the hell I get my mail while I raid you til it crack

[Chorus: KRS and Thor-El]
H, I, P, H, O, P, we are
H, I, P, H, O, P, we are

[Verse 2: KRS-One]
C'mon, uhh
Dead two in the head before some A&R tell me
I must give up the streets you lift the company can sell me
What's the sense in being large if you can't take a risk?
Thinkin a risk upon a disc means you're written off the list
I'm not sayin you can't have your fame and glory just don't bore me
when I come to see you live, and I paid twenty-five
That's, crazy loot Kris is saying I don't play those games
Killing Rhyme Sessions is the meaning of my name
But don't call my name in vain, cause I will appear
And your livest MC will get slain right here
See I do the homework, and I do the extra credit
You could sell a million records, and still can't set it
Cause the Lex or Beem is probably just the matches and a Jeep so
I'm sure your rap career now if they come before your people
Ohh Lord!! You can't be thinkin about Billboard
With the mic cord, and several thousand people just bored
Being dope live is like being insured for life
You always get called back twice, you are

[Chorus x2]

[Verse 3: Thor-El, KRS-One]
I burn like hy-dra-cho-loric and my city got itty
He's terrible, Thor-El's incredible and terrific
Is it, that you're under the influence of local obvious
Rappers that die, but why, explain the obvious

No stoppin this lyrics from the esophagus rockin strictly the hip-hop populace

KRS-One Lyrics

"Halftime"

Right now as we rockin they shootin outside
Now we have got to chill
We have got to chill
We can't have no gunfire because hip-hop can't build

Let's leave all the shootin and the violence outside
I know there's some people in here, armed to the teeth
But understand...
It is the conciousness behind the gun
that determines if the gun is positive or negative
So let's not blame it on no pistols, no guns, no gats
Let's blame it on the conciousness of the mind holding the gat

KRS-One Lyrics

"Blowe"

(feat. Redman)

[Intro: Redman]
Hey baby bring me something to drink in here
Sit down and watch a little TV.

[KRS-1:]
(static) Yo they comin'. It's crazy but I know it they comin'. Maybe not lately I feel it coming. I knew it, they comin'. (static) This just in. President (static) I guarentee (static) Jim...Jimmy, Jimmy wake up. Jimmy! (static) Only the Lord can save (static) 5.99 no obligation (static) Let me start to rock this mic (static) Now the polar bear hybernates (static) And and what was going through your mind right now.

[KRS-1:]
Look aat these weak MC's getting G's
Never wore BVD's or even bellbottom Lees
Please, with these fantisies about you selliing keys
When you know you bees in front of the TV eatin' grilled cheese
On your knees you know my steez
Kris is nice with theses M-I-Cs
I'm Poison like BBD the plot thickens while I be hitten
And lyric lickin', flippin' any mix and over the skippin'
And cable clippin', still sickenin'
Even though some people ain't admitting
Through they system I keeps it kickin'
And tippin' the scale I pay tuiton not bail
Drink water not ale, MC Hammer hits it right on the nail
I can't fail with my 7 stripes
Strike one pierces the lung over the drum MC's become dumb
Like "um?" They numb, bite the tongue over the bass drum
I am D the MC like Run, spittin' lyrics for fun
And for a sum of the bread crumb
You missed when you swung, I connected whole hum
Another one done underestimated KRS-1, yeah so...

[Hook:]
[Redman:] Say blowe
[KRS-1:] If you really want true skill
[Redman:] Say blowe
[KRS-1:] If you want the hip hop to build
[Redman:] Say blowe
[KRS-1:] We rock it all year round
[Redman:] You better cool the F out before we go up in your mouth

[KRS-1:]
It's just beguuuun, to bubble
KRS-Onnnne spells trouble
On the mic soooon there is no double
I emerge from under the rumble
Count the truth poetic construction, audio abduction

Showbiz production for wack lyric reduction
And fly rhyme instruction keep the party hoppin'
Keep the DJs buggin' for the orthodox
Non Xerox hip hop chatter box
It was dope first crack out the box with Scott LaRock
How MC's are washed up like sweat socks
KRS-1 makes the heads nod

[Hook]

[Redman:] KRS-1
[KRS-1:] Yes my son
[Redman:] Tweet tweet *[x2]*
[KRS-1:] You know they can't compete, ain't that right
[Redman:]
No doubt. You better cool the F out before we go up in your mouth

[KRS-1:]
When it's my turn kid, look at what you done did
Like my head is dreadable you edible
I kick incredible shit, for my poeple
I'm jackin' these like me so sue and Stretch like Bobbito overloops
While you sittin' on stoops I'm rockin' mics for U.S. troops in group
You screwed up, oops, I can read a true crook
Like I can read a good book
I'm hooked on hip hop culture
Look at the tip top lyrical structure
Floatin' like a soap bubble that you don't wann puncture
Or rupture, I write what I udder, mother mother mother
There's too many of us dying still trying and not doin'
Not suceeding still pursueing what you doing?
What you doing? What you doing?
The session is started departed on schedule
I beg you please lookover my lyrical menu
What other can't do I can do
Enhancing 7 levels of your mental
I dismantel stress, you're listening to the advanced lyrical best
Worldwide qualified to administer any MC test
Stop guessin' class is in full session
Now Showbiz show 'em how

KRS-One Lyrics

"Real Hip Hop - Part II"

(feat. Mic Vandalz)

[KRS-One]
Hah! They not ready, uhh uhh
Set it off, South Bronx
Set it off, uhh, check it

The real hip-hop, is over here
The real hip-hop, is over there
The real hip-hop, is over here
The real hip-hop, is over there

It's a demo, it's a demo, it's a demo, it's a demo
Steppin out the limo, KRS-One, gettin in you
From the get-go kiddo throw em out the window
flip em like a nickel
Peep the hottest single
He'll sink them like the S.S. Minnow
That same kid that rocks the Benz rocks the Pinto
Watch my signal, I rock the rap game like Nintendo
Hey diddle, diddle, get played now like a fiddle
I watch you wiggle, in front of the audience that was fickle
Now you can't make a nickle, the sour pickle you are
KRS-One, ninety-seven superstar
I got one thing to say and let me make this clear
Everywhere, now throw your hands in the air

The real hip-hop, is over here
The real hip-hop, is over there
The real hip-hop, is over here
The real hip-hop, throw your hands in the air!

[Mic Vandalz]
Yo, been rockin rooftops, knahmsayin?
Internat', yaknahmsayin?
KRS, vandalizin, yaknahmsayin? With the Mic Vandalz
Boogie Down, Uptown, yaknahmsayin?
It's dope, check it out

[KRS-One]
When I ain't doin a show, or bringin all the money in
or at the studio, or home studyin
I'm checkin out Funkmaster Flex on cassette
as he wrecks turntable sets with many subjects
Huff now that's the Blastmaster connects, the larynx
to a high-tech mic set, you get what you get
Tech and Sway, index of singles is complex
On Technics sets, he wrecks, collects a fee next
While you rejects practice, suffix and prefix
Hip-Hop I reads it, and mark your album incompleted
I seen it, saw it, back in eighty-five

Platinum rappers yo that can't rock live
Their mental facilities, lack the ability
for lyric agility - battle? You're killin me

The real hip-hop, is over here
The real hip-hop, is over there
The real hip-hop, is over here
The real hip-hop, throw your hands in the air!
The real hip-hop, is over there
The real hip-hop, is it over here?
The real hip-hop, yo it's over there
The real hip.. now throw your hands in the air!

[Mic Vandalz]
Throw your hands in the air (get loose now)
Throw your hands in the air (get loose now)
Throw your hands in the air (get loose now)

Aiyyo I'm breakin, in this rap thing, I've been waitin
Ready for the world, rude like awakening
Homo sapien, *[?]* rock every stadium
Scholars and players, here to Las Vegas
Embrace the papers, land of money makers
Brothers hate us cause the brothers ain't us

Yo yo, from coast to coast I'ma overdose you and BDP you
and Kris-Kross your mind, wouldn't wanna be you
A Uptown thing, world premier
Throw your hands in the air baby it's on
How many MC's wanna get they rep torn?
From Joe to Cage and mics in my juvenile days, I abuse
The mic get lifted, the crowd gets amused

I got next.. you lose!

KRS-One Lyrics

"Come To Da Party"

(feat. Joe)

[KRS] One, two, three..

[Joe]
Come to da party, come to the dance
Everyone is fightin
So they fired up, up and away
Come to da party, come to the dance
To pull out the vinyl
so they fired up, up and away

[KRS-One]
Yeah, yeah
Hardcore lyric comin at ya they attackin ya
Rappers bite like Dracula the soul of hip-hop
I'm puttin back in ya, with the South Bronx vernacular
Bound to put the crack in your armor, I am much sharper
than a lot of other mic rockers, slightly eccentric
but everything's authentic, when I said, "I'm hip-hop," I meant it
Emcees wanna debate the issue, but false though
If they studied they would see that they are hip-hop also
Hip-Hop you can't do it, you gots to be it
You can't confine it, you have to free it, so you can see it
as your expression, and learn the lesson, on life in ghetto sections
and what you feel is the forward direction
for black people, not these Star Wars save that for R2-D2
I got five fingers like Bruce Lee do
And with the five fingers I grab microphones and bring the
stinger to DJ's, rappers, singers and beer drinkers
This MC's a thinker, unlike others but I won't diss yaz
You're still my brothers and sisters, Kris is
ONE aspect of hip-hop rap
Negative rap, positive rap, forget that black it's a trap
to set us back, concentrate on various rap talents
Presently the rap radio format is unbalanced
You either got the player, or the concious rhyme sayer
all day, on your radio, not with a different flavor
Someone has to DIE before you hear a concious record
People don't like gangsta rap, but concious rap, they don't respect it
The truth is people are afraid of black youth
Our expressions, our lessons and gold teeth, so..

[Joe]
Come to da party, come to the dance
Everyone is shoutin
So they fired up, up and away
Come to da party, come to the dance
Everyone is singin
so they fired up, up and away

KRS-One Lyrics

"Can't Stop Won't Stop"

Open a de herb gate sellin pure ganja
Babylon come but they undercova
They never really want me stop sell ganja
(They just wanna take a cut of what you make so far!)
But I'm not havin it, I load the SLR
Pack the ganja BOOM! They break down the door
Pop-pop! T'ree shots, exchanged at close range
Out of three Babylon, me hit one in the brain
Pop-pop! Two shots hit da window pane
I exchanged four shots, I drop and feel pain
but I'm not hit, into the bathroom I crawl
I look out the window, it's a one story fall
I'm fallin, hit the ground and start crawlin
Soon I'm walkin 'round, blendin in with the crowd
Another day, I got away, I gotta fix this problem someday
But the very next day...

[Chorus: x2]
Can't stop, won't stop - sellin mad izm
All comeptition - I gots to get wit 'em
Me nah go jail and me nah go prison
(Take it to his face kid, diss him!)

I'm in another herb gate like a superstar
Eleven A.M., things are safe so far
I used to worry 'bout the competition on the block
But now the competition on the block is the cops
And even block watch doesn't know where we lay
Well.. ("Open up! It's the D.E.A.!")
Aww man, just when I went for more lead
The door opens up, I got a glock to my forehead
("Get down! Get on the floor!") I felt the stick, I thought I was dead
But I woke up instead in a cell layin on my bed
I lay back down, then I heard the crack sound
Two D.T.'s came in and laid they glocks down
One was whistlin a love song, as he put some gloves on
I thought to myself, damn something's wrong
Boom bap! Boom ba,p against my head
I fell back on the bed, down to his feet
The pain was insane but the hit was sweet
Cause these dumb-ass cops punched me right by the heat
The glock, two shots, three shots they screamin
Then someone said... ("Hey wake up kid, you're dreamin!")
I said, "Yo dreamin?! That nightmare was hell"
But as I look around, I was still in my cell
Damn, I got myself caught up in a jam
The D.T. that woke me up was like, WHAT?!
I wiped the saliva, off my mouth
The D.T. said.. ("Let's make a deal") No doubt!
No question, now we started up the session

No need for guessin, yes they want my supplier
I said, what makes you think there's anyone higher?
He said.. ("Don't be a God damned liar!")
You killed three D.T.'s yesterday, you heard me
But still the cops you knocked off yea was dirty
Now the whole investigation is federal
We want you to point out, the rest of the cops that are criminal
He continued to say, you can't think it through
This whole drug game is BIGGER than you!
Follow our plan man and you'll be free
Let me explain one thing so you can see, we

[Chorus]

Now I'm back in the herb gate, all wired up
Constantly thinkin about bein tied up
Snap out of it - I'm thinkin, "Damn we like elves!
The federal and local cops got wars with themselves;
and I'm in the middle, and can't solve the riddle.
My nose is runny.." *[knock at door]* ("Let me get a 20!")
A 20 of the green or a 20 of the brown?
("Gimme the whole pound, clown, or duck down!") *[gunfire]*
God damn, God damn, here we go again
But this time I'm set up by my federal friend
Suddenly I hear.. ("Yo, move from the door!") *[two shots]*
Followed by the shot sounded like a four-four *[two shots]*
After the violence, then there was silence
Then I heard.. ("Hey yo it's us, open up the door!")
But rule number one in this game is self-reliance
So I pickd up the mini-mac in case they wanted more
The door opened up, the feds said WHATTUP?
They was stickin you up, so they had to get bucked
Suddenly a sense of trust came over me
I thought to myself, "Well soon I'll be free!"
But as I turned around, I heard the gun go click *[clik-clak]*
I said wait, but it was too late - *[GUNSHOT]*

KRS-One Lyrics

"Over Ya Head"

But am I over ya head?
Am I over ya head?
But am I over ya head?
Yo am I over ya head?
But am I over ya head?
Am I over ya head?
Well am I over ya head?
Yo am I over ya head?

Huh? What? Where? Who?
What? Whattyathinkinabout
when who says what when how
You can't maybe follow my style
You be the child, I be the teacher
Smile, who said when, what
mouth not shut, what?
Whenever however whenever
whatever the cut
How you maybe could you ever
believe, that you could so quickly achieve
these crafts, please laugh at his stupid ass
upon your knees in glass
You lust, for everything but trust
So we bust back, with conciously charged art
with a mic instead of a brush

But am I over ya head?
Am I over ya head?
But am I over ya head?
Yo am I over ya head?
Am I over ya head?
Yo am I over your head?
Yo am I over ya head?
Listen..

Yes, us must trust us, who? Us must trust
not fuss with us, us must trust us discuss trusting us
Us must trust us, who? Us must trust
not fuss with us, us must trust us discuss thus trusting us
Trusting us, us must trust discuss
Discuss not trusting us must not fuss
Us with us means us discussing trusting us
Us must trust us, who? Us must trust
not fuss with us, us must dicuss trusting us

But am I over ya head?
Yo am I over your head?
But am I over ya head?

KRS-One Lyrics

"Just To Prove A Point"

Tell me right now, tell me what's wrong
Please tell me something before I'm gone
It seems like we have come to the end
Should I be listening to all my friends

Is it true what they say?
Is it true what they say?
Is it true what they say?
Is it true what they say?

I'M HEARING THINGS LIKE YOU'LL BE SLEEPING CREEPING BEHIND MY BACK
YOU MIGHT BE LAUGHIN MIGHT BE JOKIN BUT I'M THINKIN IT'S WACK
IF WE ARE OVER LET'S BE OVER AND LET'S LEAVE IT AT THAT
SEE I CAN'T TRUST YOU ANYMORE BECAUSE YOUR LOVE IS AN ACT

Is it true what they say?
Is it true what they say?
Is it true what they say?

Just who do you, think I really am?
One of your mindless and stupid friends?
Why can't you simply tell me the truth?
So I can hold you, or cut you loose?

I'M NOT THE TYPE TO LISTEN TO WHAT EVERYBODY WILL SAY
BUT MORE AND MORE IT'S SEEMIN THAT I CAN'T TRUST YOU ANYWAY
YOU MAKE ME THINK THAT I MUST SLEEP WITH SOMETHIN OVER MY HEAD
FOR FEAR I WAKE UP IN A POOL OF BLOOD AND PROBABLY DEAD
HOW ARE WE LIVIN? HOW ARE WE LIVIN? IT SEEMS
YOU ARE NOT GIVIN WHAT YOU GAVE IN THE BEGINNING
HOW ARE WE LIVIN? HOW ARE WE LIVIN? IT SEEMS
YOU ARE NOT GIVIN WHAT YOU GAVE IN THE BEGINNING

Is it true what they say?
Is it true what they say?
Is it true what they say?

I'M HEARING THINGS LIKE YOU'LL BE SLEEPING CREEPING BEHIND MY BACK
YOU MIGHT BE LAUGHING MIGHT BE JOKING BUT I'M THINKING IT'S WACK
IF WE ARE OVER LET'S BE OVER AND LET'S LEAVE IT AT THAT
SEE I CAN'T TRUST YOU ANYMORE BECAUSE YOUR LOVE IS AN ACT
I'M NOT THE TYPE TO LISTEN TO WHAT EVERYBODY WILL SAY
BUT MORE AND MORE IT'S SEEMIN THAT I CAN'T TRUST YOU ANYWAY
YOU MAKE ME THINK THAT I MUST SLEEP WITH SOMETHIN OVER MY HEAD
FOR FEAR I WAKE UP IN A POOL OF BLOOD AND PROBABLY DEAD

Probably dead!
Probably dead.
Probably dead...

KRS-One Lyrics

"4th Quarter - Free Throws"

Yeah, listen to the lyrics
We are the ones prophesized to return
My main concern is for all of you to learn
How to live, yes through the lyrics I give and send my friend
This age is coming to an end
Not the world, but the age is ending
Ending, listen to the astrological message I'm sending
I'm sending, tell em
Truth is truth, whether or not you like me
We are living now in the age of Pisces
When Pisces is over, at the year two thousand
When the Sun of God, changes his house and
enters the Age of Aquarius
The Sun of God as man is hilarious (okay)
When you think of Jesus, think of the Sun
The flaming Sun, that's where they stole this concept from
Stop believing and read your bible logically
The new testament is really old astrology
Jesus is the son of God no lie
But they might be talking about the Sun up in the sky
The Sun, that hangs on the cross of the zodiac
The zodiac with twelve signs to be exact
Each sign is a house, and you should keep in mind
Each house equals, a period of time
The time, two thousand years and that's a fact
It's called an age or a house in the zodiac
The twelve disciples, are twelve months of reason
The four gospels signify the four seasons
When Jesus fed the multitude with two fishes
It signified the Age of Pisces, not fish or dishes
If you read the bible astrologically it's clearer (no doubt)
The next age will be the age of the water-bearer
It's called the Age of Aquarius (word)
When logic and truth will take care of us
So in this age, of spiritual dignity
You'll see a rise in femininity
and creativity, meshed with masculinity
You got to get with me, this is your true her-story (rrryyy!)
Do you wanna go higher...

KRS-One Lyrics

"Step Into A World / Rapper's Delight (Remix)"

(feat. Puff Daddy)

[Intro: Puff Daddy]
I'ma make you dance
And we won't stop, cause we can't stop *[x3]*
Don't stop
KRS-One
Puff Daddy
Bad Boy remix
Hit me baby

[Verse 1: Puff Daddy, KRS-One]
Hear the sound of my money machine
See the 600 Benz see the chrome rims gleam
See the teacher KRS and the Puff Daddy
See the young black and famous Rich like Matty
With the power and the knowledge at our fingertips
With a style make the ladies wanna lick they lips, shake they hips
Shake they rumps, bass thump
Believin they could fly by the way you jump, player, uhh
Hip-Hop mayor, fat rhyme sayer
From the Boogie Down to the Himilayas I'm

Comentating (say what?) illustrating (yeah)
Descriptions given, adjective expert (I hear you)
Let's work, til your neck hurt (oooh)
Like Bedwork I Rock Steady, you ain't really ready
for the teacher, just when you thought you had me licked
I come equipped with another hit, oh shit!
(I hear you, I hear you, I hear you, I hear you)

[Chorus:]
And we won't stop, cause we can't stop *[x4]*
Step into a world, where there's no one left
But the very best, no MC can test

Step into a world, where there's no one left
But the very best, no MC can test

[Verse 2: Puff Daddy]
Politic with the teacher (c'mon) as the hits reach ya
Puff Daddy and KRS-One, double feature (that's right)
Uptown diplomats, watch chips get stacked
So-and-so, this and that (uhh)
Just 'Show me the money!' Ain't nuttin funny (uh-huh)
Have you stuck on stupid broke feelin crummy (ahah)
Ain't no time for Girl 6
Cause I got a ten, holdin my stack of big Benz
Correographer causin your funky dope maneuver (say what?)
Bad Boy represent, keep it sewer
Killin You Softly wit my song

Call from the heist, I know y'all better think twice (what?)
about the still number one (uh-huh) South South Bronx (say what?)
At the Latin Quarter, dancin witcha daughter (ooh!)
You can't handle me, I keep it tight
With my Bad Boy family, that's right

[Chorus:]
And we won't stop, cause we can't stop *[x4]*
Step into a world, where there's no one left
